A Direct Stock Purchase Plan for Disney Common Stock

The Walt Disney Company, or Disney, is pleased to offer The Walt Disney Company Investment Plan, or the Plan, a direct stock purchase plan designed to provide investors with a convenient method to purchase shares of Disney common stock and to reinvest cash dividends in the purchase of additional shares.

Key features of the Plan are summarized below:

If you do not currently own any shares of Disney common stock, you may join the Plan by completing an enrollment form and either making an initial cash investment of at least \$175 or authorizing monthly deductions of at least \$50 from a qualified bank account for the purchase of Disney common stock.

If you currently own at least one share of Disney common stock, registered in your name, you may participate in the Plan simply by completing and returning an enrollment form. If you own one or more shares but they are currently held by a bank or broker in its name (that is, in “street name”), you will need to instruct your agent to

- transfer at least one Disney share to an account registered in your name via the Direct Registration System (DRS). In order to do so, you must provide your broker with the Broadridge Corporate Issuer Solutions, Inc. DTCC Transfer Agent FAST number: 7824. Once the process is completed, you will receive a transaction advice from the transfer agent. Upon receipt of the DRS advice, you may request an enrollment package.

Once you have enrolled, you may make additional investments of \$50 or more by check or through one or more automatic deductions from a qualified bank account.

All cash dividends will be reinvested automatically in additional shares of Disney common stock, whether shares are held in book-entry or certificate form

As a participant, you may (but are not required to) deposit any Disney common stock certificates you hold with the administrator of the Plan for safekeeping. However, Disney common stock certificates must be deposited with the Plan in order to sell certificated shares through the Plan.

You may sell all or any portion of your Disney common stock through the Plan.

Participation in the Plan is subject to the payment of certain fees, including fees in connection with enrollment and the purchase and sale of shares.

Disney common stock is listed on the New York Stock Exchange under the symbol “DIS.” On May 9, 2016, the closing price of Disney common stock on the New York Stock Exchange was \$105.33 per share.

The Administrator acts as agent for Plan participants and keeps records, sends statements and performs other duties relating to the Plan. The Walt Disney Company reserves the right to designate a new administrator at any time.

Purchases and sales of Disney common stock under the Plan are made by an independent broker-dealer acting as purchasing agent for Plan participants. The Administrator has designated an independent broker-dealer to perform this function, but reserves the right to appoint a different or successor independent agent from time to time.

In addition, each participant will receive all communications sent to all other shareholders, such as annual reports and proxy statements or notices of availability of these documents.

ELIGIBILITY AND ENROLLMENT

6. How does a Disney shareholder become eligible to participate in the Plan?

If you are already a Disney shareholder with at least one share of common stock registered directly in your name, either in certificate form or held electronically via the Direct Registration System (DRS), you may enroll in the Plan simply by completing and returning the appropriate enrollment form with the appropriate fees.

7. I already own shares, but they are held by my bank or broker and registered in “street name.” How can I participate? If you currently own shares of Disney common stock that are held on your behalf by a bank or broker (that is, in “street name”), you will need to instruct your agent to transfer at least one of your Disney shares to a DRS account registered in your name. You can do this by requesting your broker to transfer your shares via DRS directly to the books of the Administrator, registered in your name. In order to do so, you must provide your broker with the Broadridge Corporate Issuer Solutions, Inc. DTCC Transfer Agent FAST number: 7824. Once the process is completed, you will receive a transaction advice showing the deposit of shares in DRS. Upon receipt of the DRS advice, you can ask the Administrator to send you an enrollment package.

Plan participants may send their share certificates to the Administrator for safekeeping, but doing so is not mandatory. However, in order to sell certificated shares through the Plan, it is necessary that the certificates be deposited with the Administrator. See Questions 21 and 24 below.

8. I’m not currently a shareholder. Can I participate in the Plan?

If you currently hold no shares of Disney common stock, you may enroll in the Plan by completing and returning an enrollment form for new investors and either making an initial investment of at least \$175 or authorizing automatic monthly deductions of at least \$50 from a qualified bank account.

Initial enrollments are processed on a weekly basis and all funds are subsequently invested on the schedule set forth in Question 17 below.

9. Are there fees associated with enrollment?

Yes. A one-time \$20 enrollment fee is payable with respect to each enrollment. If you are not making an initial cash investment because you already hold at least one share or because you have signed up for automatic monthly deductions of \$50, you will need to include a \$20 check, made payable to “Broadridge,” with your enrollment form. If your enrollment form is accompanied by an initial cash investment, the enrollment fee will be deducted from your initial investment, together with a \$7.00 investment fee. An investment fee will also be deducted from each subsequent investment, in the amount of \$7.00 in the case of investments by check, or \$1.00 in the case of automatic deductions. See Question 31 below.

10. Are there any restrictions on participation in the Plan by shareholders residing outside the United States?

Regulations in certain countries may limit or prohibit participation in services provided under this type of program. Accordingly, in the case of citizens or residents of a country other than the United States, its territories, and possessions, the Company may determine, in its sole discretion, not to allow participation because compliance with applicable regulations is not reasonably practicable.

OPTIONAL CASH INVESTMENTS

11. What are the minimum and maximum amounts for optional cash investments?

Additional investments may be made in amounts of at least \$50, subject to a maximum of \$250,000 during any calendar year, including your initial investment, if any.

12. How do I make an optional cash investment?

You may send a personal check or money order, payable in U.S. dollars to “Broadridge.” Cash and third-party checks are not allowed. Checks may be accompanied by the appropriate section of your account statement or an Optional Cash Investment coupon. Optional Cash Investment coupons can be obtained by accessing your account at www.disneyshareholder.com. If you do not have a coupon, write the account number in the memo portion of your check and include a note identifying your account.

Mail your optional payment to: Disney Shareholder Services

c/o Broadridge Corporate Issuer Solutions

P.O. Box 1342

Brentwood, NY 11717

You may also authorize a one-time, optional cash investment to be deducted from an account at a financial institution that is a member of the National Automated Clearing House Association. To do so, log into your portal profile via www.disneyshareholder.com and click “Plan Options”. You will be re-directed to a new screen which will allow you to set a one-time investment amount and input your banking information.

As an added security measure, Broadridge may apply a five business-day hold period to the initial association of banking account information to investor accounts as well as changes made to established direct deposit or direct debit

instructions. This hold period is a method of preventing unauthorized transactions. The optional investment will be made by the independent purchasing agent and will occur within (5) five business days after receiving funds. See Question 17.

13. Can I have monthly optional cash investments automatically deducted from my bank account?

Yes. You can authorize monthly automatic deductions from an account at a financial institution that is a member of the National Automated Clearing House Association. The minimum amount for monthly deductions is \$50.

To initiate this service, you must send a completed "The Walt Disney Company Plan Automatic Deduction Service" form to the Administrator; or, log into your portal profile via www.disneyshareholder.com and click "Plan Options". You will be re-directed to a new screen that will allow you to establish a recurring investment amount and input your banking information.

To change any aspect of the instruction, you must send a revised "The Walt Disney Company Plan Automatic Deduction Service" form to the Administrator or, log into your portal profile via www.disneyshareholder.com and click "Plan Options". You will be re-directed to a new screen which will allow you to edit your current recurring investment amount and/or banking information.

Initial set-up, changes and terminations to the monthly automatic deduction instructions will be made as soon as practicable.

As an added security measure, Broadridge may apply a five business-day hold period to the initial association of banking account information to investor accounts as well as changes made to established direct deposit or direct debit instructions. This hold period is a method of preventing unauthorized transactions. Once automatic deductions begin, funds will be deducted from your designated account on the 15th of each month, or the next business day if the 15th is not a business day. Funds will then be invested within five business days after the deduction has occurred.

To terminate the deductions, you must notify the Administrator in writing, or log into your portal profile via www.disneyshareholder.com and click "Plan Options" then click "Cancel Deductions".

14. Will I be charged fees for optional cash investments?

Yes. For any investment made by check, a fee of \$7.00 will be deducted prior to investment. A fee of \$1.00 per investment will be deducted prior to investment with respect to any investment made by automatic deduction. See Question 31 below

15. How are payments with "insufficient funds" handled?

If the Administrator does not receive credit for a cash payment because of insufficient funds or incorrect draft information, the requested purchase will be deemed void, and the Administrator will immediately remove from your account any shares already purchased upon the prior credit of such funds. The Administrator may also place a hold on the Plan account until an "insufficient funds" fee of \$50 is received from the participant, or may sell such shares to satisfy any uncollected amounts. If the net proceeds from the sale of shares are insufficient to satisfy the balance of the uncollected amounts, the Administrator may sell additional shares from your account as necessary to satisfy the uncollected balance.

PURCHASE OF COMMON STOCK

16. What is the source of Disney common stock purchased through the Plan?

Generally, share purchases will be made by the Plan's independent purchasing agent in the open market.

Share purchases in the open market may be made on any stock exchange where Disney common stock is traded or by negotiated transactions on such terms as the independent purchasing agent may reasonably determine. Neither Disney nor any participant will have any authority or power to control or influence the date, time or price at which shares may be purchased by the independent purchasing agent, the manner of effecting these purchases or the broker through which these purchases are made.

17. When will shares be purchased?

Initial and optional investment purchases will be made by the independent purchasing agent and will occur each Tuesday and Thursday or if that day is not a business day, the business day following. We refer to each date on which purchases are made as an "Investment Date". The Administrator must receive funds for initial and optional investments no later than three business days before an Investment Date for those investments to be invested in our common stock beginning on that Investment Date. Otherwise, the Administrator may hold those funds and invest them on the next Investment Date.

No interest will be paid on amounts held by the Administrator pending investment. The Administrator may commingle each participant's funds with those of other participants for the purpose of executing each purchase.

18. What is the price of shares purchased under the Plan?

Shares purchased by the independent purchasing agent in the open market on any Investment Date will be credited to a participant's account at the weighted average price incurred to purchase all shares acquired on that date, including brokerage commissions (which commission is currently \$.02 per share but is subject to change without notice).

DIVIDENDS

19. Must my dividends be reinvested automatically?

Yes. Cash dividends on all shares of Disney common stock held in your account, including shares in book entry and certificate form and fractional shares, will be reinvested automatically in additional shares of Disney common stock. No fees will be charged in connection with dividend reinvestments, although the purchase price will include the brokerage commission applicable to all open market purchases (which commission is currently \$.02 per share but is subject to change without notice). Payment of dividends on common stock is at the discretion of Disney's Board of Directors.

20. When will my dividends be reinvested and at what price?

The reinvestment of your dividends will be completed within five business days of the dividend payment date. The price of shares purchased by the independent purchasing agent with the dividend will be the weighted average price, including brokerage commissions, of all shares purchased with reinvested dividends.

SALE OF SHARES

21. How do I sell my Plan shares?

You may sell any number of shares held in your account by (i) contacting the Administrator by phone at (855) 553-4763 and giving verbal instruction, (ii) completing the appropriate section of your account statement, (iii) accessing your account at www.disneyshareholder.com and submitting the number of shares to sell, or (iv) preparing a written request and sending it to the Administrator by mail or by fax at (215) 553-5402. The Administrator will forward your request to the Plan's independent purchasing agent, and the agent will sell your shares, along with shares to be sold for other accounts, within five business days. Proceeds from the sale, less a sales fee of \$20 and a brokerage commission (which commission is currently \$.02 per share but is subject to change without notice), will be sent by check to you within five business days following the sale. All payments will be made by check and mailed to the participant on the settlement date. For faster delivery, checks can be sent on the settlement date by an overnight courier for an additional fee of \$35. Electronic delivery of funds by direct deposit is available on the settlement date for an additional fee of \$5. You may enroll in direct deposit by completing the direct deposit authorization form which can be located at www.disneyshareholder.com. A Direct Deposit for Sales Form is also available by contacting the Administrator and must accompany the sales request.

As an added security measure, Broadridge may apply a five business-day hold period to the initial association of banking account information to investor accounts as well as changes made to established direct deposit or direct debit instructions. This hold period is a method of preventing unauthorized transactions, should they arise.

Sale transactions occurring within this initial five-day hold period will still be processed but funds will be issued in check form and mailed to the address of record for the account. All future sale proceeds will be directly deposited according to the instructions provided. Please note that shares that you hold in certificate form must first be deposited into your Plan account before they can be sold. See Questions 23 and 24 below.

22. Is there a minimum number of shares that I must maintain in my account to keep it active?

Yes. You must maintain at least one share of Disney common stock in your Plan account. If your account balance falls below one share, the Administrator may terminate your participation in the Plan without written notice. Upon termination, your participation in the Plan will cease and your fractional share will be sold. A check for the value of the fractional share, less the \$20 sales fee will be mailed to the address of record. If you have a bank account on file, the funds will be deposited into your bank account.

If you are a new investor who has signed up for monthly deductions, your account will be exempt from this requirement until you accumulate one share in your account.

CUSTODIAL SERVICE

23. How does the custodial service (book-entry shares) work?

All shares of Disney common stock that are purchased through the Plan will be held by the Administrator and reflected in book-entry form in the participant's account on the records of the Administrator. A Plan participant who holds Disney common stock certificates may also, at any time, deposit those certificates for safekeeping with the Administrator, and the shares represented by the deposited certificates will be included in book-entry form in the participant's account. As noted under Question 19, above, all cash dividends will be reinvested in Disney stock whether shares are held in book-entry or certificate form.

24. How do I deposit my Disney stock certificates with the Administrator?

To deposit certificates into the Plan, you should send your certificates, by registered and insured mail (insured for 2% of the value of the shares), to the Administrator with written instructions to deposit the shares represented by the certificates in your Plan account. The certificates should not be endorsed and the assignment section should not be completed.

25. Are there any charges associated with this custodial service?

No. There is no cost to you either for having the Administrator hold the shares purchased for you through the Plan or for depositing with the Administrator the stock certificates you hold for the purpose of adding the shares to your book-entry share position, however the fee to enroll in the Plan will apply. See Question 9.

ISSUANCE OF STOCK CERTIFICATES

26. Will stock certificates be issued for shares acquired through the Plan?

No. Stock certificates will not be issued for shares in a Plan account. The Plan's book-entry custodial service eliminates the risk and cost of certificate loss, theft or destruction.

27. How do I request a stock certificate?

The Walt Disney Company discontinued issuing physical certificates in October 2013.

GIFTS AND TRANSFERS OF SHARES

28. Can I transfer shares that I hold in the Plan to someone else?

Yes. You may transfer ownership of some or all of your Plan shares by sending the Administrator a completed stock power transfer form. Signatures of all registered holders must be "Medallion Guaranteed" by a financial institution participating in the Medallion Guarantee program. The Medallion Guarantee program helps to establish that the individual signing is in fact the owner as indicated on the participant's account. Broadridge Corporate Issuer Solutions, Inc. is a Paperless Legal Transfer Agent. As transfer agent, Broadridge Corporate Issuer Solutions relies on the Medallion guaranteed signature of the shareholder or his/her agent to transfer stock. Supporting legal documentation (death certificates, trusts, powers of attorney, letters of testamentary/administration, etc.) must be reviewed and maintained by the guarantor institution. Legal documents that accompany a transfer request sent to the transfer agent will not be reviewed or returned. The Medallion signature guarantee stamp can be obtained at most major banks and brokerage firms.

Please note: there are fees associated with the transfer of shares. See Question 31 below.

29. Enrolling Newly Transferred Accounts

You may transfer shares to new or existing shareholders; however, a new Plan account will not be opened as a result of a transfer of less than one share. If you wish to open a new Plan account for the transferee, you must include written instructions to enroll the new account and include a \$20 check to cover the enrollment fee for each new account.

30. What about Gifts to Minors?

If you are transferring shares to a minor, you need to provide the name of the adult custodian who will be listed on the account. Once the minor has reached the age of majority, the custodian's name can be removed.

WITHDRAWAL FROM THE PLAN

32. How do I close my Plan account?

You may terminate your participation in the Plan either by calling (855) 553-4763 and giving verbal instruction or by sending written instructions to the Administrator. Written instructions can be mailed or faxed to (215) 553-5402.

Upon termination, your whole shares will be converted to book-entry form in DRS. The DRS advice will be sent to you together with a check for the value of any fractional share, less the \$20 sales fee. Alternatively, you can have all of the shares in your Plan account sold for you as described above in Question 21.

In addition, if you elect to have your shares sold, a brokerage commission (which commission is currently \$0.02 per share but is subject to change without notice) will be charged. The per-share commission will also apply to the sale of any fractional share. If you choose to have all whole shares converted to book-entry form in DRS and the fractional share amount, if any, does not cover the applicable fees, the Administrator may sell a full share to satisfy any uncollected balance.

Any shares converted to book-entry form in DRS upon termination will be issued in the name or names in which the account is registered, unless otherwise instructed. If the shares are to be issued in a name other than the name or names on your Plan account, you must include complete transfer instructions signed by all registered shareholders. The signature(s) on the instruction letter must be "Medallion Guaranteed" by a financial institution participating in the Medallion Guarantee program. See Question 28 above.

The Administrator will process notices of withdrawal and send proceeds to you as soon as practicable, without interest. If a notice of withdrawal is received on or after an ex-dividend date but before the related dividend payment date, the withdrawal will be processed as described above and a separate dividend check will be mailed as soon as practicable following the payment date. Thereafter, cash dividends will be paid out to the shareholder and not reinvested in Disney common stock.

If you are an active participant in the automatic deduction service and request that all of your shares be sold and your account be terminated, be aware that you may have a purchase pending that will result in more shares being placed in your account after the original sale request has been completed. If you elect to sell but do not request termination of your account, your shares will be sold and future reinvestments and any authorized deductions from your account at a financial institution will continue. The \$20 sales fee will be waived in this circumstance but the brokerage commission will still apply.

ADDITIONAL INFORMATION

33. How would a stock split or stock dividend affect my account?

Any shares resulting from a stock split or stock dividend paid on shares held in custody for you by the Administrator or held by you in certificate form will be credited to your book-entry position. If Disney makes a distribution on shares in a form other than cash or shares of Disney common stock, you will receive the distribution in kind.

34. How do I vote my Plan shares at shareholders' meetings?

As a Plan participant, you will be sent a proxy statement in connection with each meeting of Disney shareholders, together with a proxy card representing the shares held by the Administrator in your Plan account. You can vote by using the Internet or telephone or by signing, dating and returning the proxy card. Fractional shares will be aggregated and voted in accordance with the participants' directions. If the proxy card is not returned or if it is returned unsigned, the shares will not be voted.

35. Can the Plan be changed or discontinued?

Disney reserves the right to suspend, modify or terminate the Plan at any time. All participants will receive notice of any such suspension, modification or termination. Upon termination of the Plan by Disney, whole shares held in a participant's account under the Plan will be converted to book-entry form in DRS and a cash payment will be made for any fractional share.

LIMITATION OF LIABILITY

If you choose to participate in the plan, you should recognize that neither Disney nor the Administrator can assure you of a profit or protect you against a loss on the shares that you purchase under the plan.

Neither Disney nor the Administrator, in administering the Plan, will be liable for any act done in good faith or for any good faith omission to act, including without limitation any claim of liability arising out of failure to terminate a participant's account upon such participant's death, the price at which shares are purchased or sold for the participant's

account, the times when purchases or sales are made or fluctuations in the market value of Disney common stock. This limitation of liability will not constitute a waiver by any participant of his or her rights under the federal securities laws.

Although the Plan provides for the reinvestment of dividends, the declaration and payment of dividends will continue to be determined by Disney's Board of Directors in its discretion, depending upon future earnings, the financial condition of Disney and other factors. The amount and timing of dividends may be changed, or the payment of dividends terminated, at any time without notice.

U.S. FEDERAL INCOME TAXATION

The following is a discussion of the material U.S. federal income tax consequences to participants in the Plan. This discussion is based on current provisions of the Internal Revenue Code of 1986, as amended (the “Code”), Treasury regulations promulgated thereunder, and administrative and judicial interpretations thereof, all as in effect on the date hereof and all of which are subject to change, possibly on a retroactive basis. This discussion does not address estate or gift tax consequences or tax consequences arising under the federal alternative minimum tax, the Medicare tax on net investment income or any state, local or foreign law. Except as specifically set forth below, this discussion does not apply to Plan participants who are non-U.S. persons (including non-resident aliens) or non-U.S. corporations, partnerships or other entities.

Dividends

Cash dividends reinvested under the Plan will be taxable for U.S. federal income tax purposes as if received by a participant even though the participant has not actually received them in cash. Each participant will receive an annual statement from the Administrator indicating the amount of reinvested dividends reported to the U.S. Internal Revenue Service (IRS) as dividend income.

Gain or Loss

A participant will not realize gain or loss for U.S. federal income tax purposes upon a transfer of shares to the Plan or the withdrawal of whole shares from the Plan. Participants will, however, realize gain or loss upon the receipt of cash for fractional shares held in the Plan. Gain or loss will also be realized by the participant when shares are sold, either by the independent purchasing agent pursuant to the participant’s request or by the participant after withdrawal from the Plan. The amount of gain or loss will be the difference between the amount that the participant receives for the shares or fraction of a share sold and the participant’s tax basis for such shares or fraction of a share. The tax basis and holding period of shares acquired after January 1, 2012 that are sold in the participant’s account must be reported to the participant and the IRS on IRS Form 1099-B. The default method of determining cost basis is FIFO—First In, First Out. A participant should retain all transaction statements in order to determine the tax basis of the participant’s shares acquired through the Plan.

Withholding

Plan participants who are non-U.S. persons (including non-resident aliens) or who are non-U.S. corporations, partnerships or other entities generally are subject to a withholding tax on dividends paid on shares held in the Plan. The Administrator is required to withhold from dividends paid the appropriate amount determined in accordance with IRS regulations. Where applicable, this withholding tax may be reduced or eliminated by treaty between the United States and the country in which the participant resides. Dividends paid on shares in any Plan account, for any Plan participant (whether a U.S. or non-U.S. person), are subject to the “backup withholding” provisions of the Code, unless the Plan participant provides certain certifications. If any withholding is required with respect to a Plan participant, the amount of any dividends, net of the applicable withholding tax, will be credited to the participant’s Plan account for investment in additional shares of Disney common stock.

The foregoing discussion is a summary of the material tax consequences that may be relevant to a participant in the Plan, but does not reflect every possible outcome that could result from participation in the Plan. Each participant is urged to consult his or her own tax advisor regarding the tax consequences applicable to his or her particular situation before participating in the Plan or disposing of shares purchased under the Plan.

USE OF PROCEEDS

Share purchases will be made by the Plan’s independent purchasing agent in the open market and therefore there will be no proceeds to the Company from the purchase of shares pursuant to the Plan.

LEGAL MATTERS

The legality of the common stock covered hereby has been passed upon for Disney by Roger J. Patterson, Esq., Associate General Counsel and Assistant Secretary of Disney. Mr. Patterson owns shares of Disney common stock, both directly and as a participant in various stock and employee benefit plans, and he is eligible to participate in the Plan.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

The registrant's Restated Certificate of Incorporation and Amended and Restated Bylaws, as amended to date, provide that the registrant shall indemnify to the full extent authorized or permitted by law (as now or hereafter in effect) any person made, or threatened to be made, a defendant or witness to any action, suit or proceeding (whether civil or criminal or otherwise) by reason of the fact that he, his testator or intestate, is or was a director or officer of the registrant or by reason of the fact that such director or officer, at the request of the registrant, is or was serving any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise, in any capacity.

Under Section 145 of the Delaware General Corporation Law, a corporation may indemnify a director, officer, employee or agent of the corporation (or a person who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise) against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. In the case of an action brought by or in the right of a corporation, the corporation may indemnify a director, officer, employee or agent of the corporation (or a person who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise) against expenses (including attorneys' fees) actually and reasonably incurred by him if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent a court finds that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.

The registrant's Restated Certificate of Incorporation and Amended and Restated Bylaws further provide that (i) registrant may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of registrant or is serving at the request of registrant as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not registrant would have the power to indemnify him against such liability under the provisions of law, and (ii) registrant may create a trust fund, grant a security interest and/or use other means (including, without limitation, letters of credit, surety bonds and/or similar arrangements), as well as enter into contracts providing for indemnification to the full extent authorized or permitted by law and including as part thereof provisions with respect to any and all of the foregoing to ensure the payment of such amounts as may become necessary to effect indemnification as provided therein, or elsewhere. Registrant's Restated Certificate of Incorporation further provides that a director of the registrant shall not be liable to the registrant or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the Delaware General Corporation Law.

Registrant maintains an officer's and director's liability insurance policy insuring its officers and directors against certain liabilities and expenses incurred by them in their capacities as such, and insuring registrant under certain circumstances, in the event that indemnification payments are made to such officers and directors.

II-1

Registrant has also entered into indemnification agreements (the “Indemnification Agreements”) with certain of its directors and officers (individually, the “Indemnatee”). The Indemnification Agreements, among other things, provide for indemnification of the Indemnitees to the fullest extent permitted by law against any and all expenses, judgments, fines, penalties and amounts paid in settlement of any claim. The Indemnification Agreements provide for the prompt advancement of all expenses to the Indemnatee and for reimbursement to registrant if it is found that such Indemnatee is not entitled to such indemnification under applicable law. The Indemnification Agreements also provide that after a Change in Control (as defined in the Indemnification Agreements) of registrant which is not approved by the Board of Directors of registrant, all determinations regarding a right to indemnity and the right to advancement of expenses shall be made by independent legal counsel selected by the Indemnatee and approved by the Board of Directors. In addition, in the event of a Potential Change In Control (as defined in the Indemnification Agreements), the Indemnatee may require registrant to establish a trust for his or her benefit and to fund such trust in amounts reasonably anticipated or proposed to be paid to satisfy registrant’s indemnification obligations under the Indemnification Agreements.

The foregoing summaries are necessarily subject to the complete text of the statute, the registrant’s Restated Certificate of Incorporation and Amended and Restated Bylaws, and the agreements referred to above and are qualified in their entirety by reference thereto.

ITEM 17. UNDERTAKINGS.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or that is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

II-2

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's Annual Report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification of liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been

II-3

settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

II-4
