The forward-looking statements in this press release, including those containing words like "will," "believes," "expect," "anticipate," "could," "plan," and "estimate," and those in Mr. Langhammer's remarks involve risks and uncertainties. Factors that could cause actual results to differ materially from those forward-looking statements include the following:

  - (viii) changes in global or local economic conditions that could affect consumer purchasing, the financial strength of our customers, the cost and availability of capital, which the Company may need for new equipment, facilities or acquisitions and the assumptions underlying our critical accounting estimates;
  - (ix) shipment delays, depletion of inventory and increased production costs resulting from disruptions of operations at any of the facilities which, due to consolidations in the Company's manufacturing operations, now manufacture nearly all of the Company's supply of a particular type of product (i.e., focus factories);
