## Note 1 - Basis Of Presentation and Results of Bankruptcy Proceedings

This report should be read in conjunction with the Company's Form 8-K filed with the Securities and Exchange Commission on November 25, 2002.

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q of Regulations S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all normal recurring adjustments considered necessary for a fair presentation have been included. Operating results for the period from November 22, 2002 (the effective date of the Bankruptcy Plan of Reorganization) through December 31, 2002 are not necessarily indicative of the results that may be expected for the fiscal year ending June 30, 2003.

On December 1, 1999, the Company filed a voluntary petition for relief under Chapter 11 (the "First Chapter 11 Proceeding") in the United States Bankruptcy Court, District of Nevada (the "Bankruptcy Court"), Case No. 99-19566RCJ. The Company acted as debtor in possession during the First Chapter 11 Proceeding. In part as a result of the objections of certain of the Company's secured creditors and the Bankruptcy Court's belief that the Company could not be successfully reorganized in view of such objections, the Bankruptcy Court dismissed the First Chapter 11 Proceeding on or about March 2, 2000.

On March 3, 2000, Randy Black was appointed by the District Court of Clark County, Nevada as receiver for the Company. On or about March 8, 2000, Black caused the casino to cease all meaningful operations and the casino was closed. The Company has not engaged in business operations since that date. Subsequently, Black acquired the first trust deed on the casino from the bank and he began foreclosure proceedings against the casino. On July 10, 2000, the Company again filed a voluntary petition for relief under Chapter 11 (the "Second Chapter 11 Proceeding") in the Bankruptcy Court, Case No. BK-S-00-15075-LBR. During the Second Chapter 11 Proceeding, the Company acted as debtor in possession. During the course of the Second Chapter 11 Proceeding, the Bankruptcy Court permitted Black to foreclose on the casino, which occurred on November 13, 2000.

In April, 2001, the Company and W/F Investment Corp. ("W/F") submitted to the Bankruptcy Court a plan of reorganization, which was amended from time to time (the "Plan of Reorganization").

On February 20, 2002, the Bankruptcy Court issued an order confirming the Plan of Reorganization.

5

On November 22, 2002 the Plan of Reorganization became effective. The Company issued 8,267,374 shares of common stock to holders of unsecured claims; 26,000 shares of common stock to holders of preferred stock; 686,040 shares of common stock to certain administrative claimants and to a previously secured claim, and 15,156,852 shares of common stock to the Plan Proponents. The 4,107,687 shares of Common Stock that were previously outstanding were retained by the holders of those shares. There are a total of 28,243,961 shares of common Stock outstanding after the issuance of shares under the Plan of Reorganization.

The Company does not currently have any operations.

### Note 2 - Going Concern and Summary of Significant Accounting Policies

#### Going Concern:

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company does not generate any revenue, and has a net capital deficiency. These factors among others may indicate that the Company will be unable to continue as a going concern for a reasonable period of time. The Company currently funds its disbursements by a line of credit from one of its Plan Proponents.

The financial statements do not include any adjustments relating to the recoverability of assets and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

The Company is no longer operating, and will attempt to locate a new business (operating company), and offer itself as a merger vehicle for a company that may desire to go public through a merger rather than through its own public stock offering.

6

#### Accounting for Reorganization:

The Company applied Financial Accounting Standards No. 5 ("Accounting for Debtors and Creditors for Troubled Debt Restructuring") for its emergence from Bankruptcy. The Company has also adopted the Fresh Start Reporting method.

#### Use of Estimates:

The preparation of a balance sheet in accordance with accounting principles generally accepted in the United States of America requires management to make estimates in preparing financial statements including the value of shares of common stock issued to the unsecured creditors in accordance with the Plan of Reorganization. Management uses its knowledge and expertise in making these estimates. Actual results could differ from those estimates.

#### Income Taxes:

The Company utilizes the liability method to account for income taxes. Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted rates and laws expected to apply when the differences are expected to reverse.

### Note 3 - Pre-Petition Tax Liabilities

Pre-petition tax liabilities consist of \$194,858 payable to the Nevada Department of Taxation and the Nevada Gaming Commission Pursuant to the Bankruptcy Code and stipulations entered into between the parties and the Company, the amounts will be paid in full, plus interest at 5%, in equal quarterly payments commencing January, 2004 and ending September, 2009, subject to reduction if certain conditions are met.

### Note 4- Long Term Credit Facility, Related Party

The credit facility consists of \$222,398 outstanding on a \$250,000 revolving line of credit issued to the Company by W/F Investment Corp, a shareholder of the Company and a proponent of the bankruptcy Plan of Reorganization. The line of credit was used to pay the Company's obligations through November 22, 2002,

## Edgar Filing: NEVSTAR GAMING & ENTERTAINMENT CORP - Form 10-Q

the Effective Date of the Plan of Reorganization, including the allowed administrative expenses, accounting, legal and related expenses. It has subsequently been used to pay the Company's general and administrative expenses. The line of credit bears interest at prime plus 2%, payable monthly. It is due no earlier than October 31, 2003 and no later than October 31, 2007.

### Note 5 - Fresh Start Accounting

In accordance with its Plan of Reorganization, The Company converted unsecured liabilities amounting to approximately \$14,000,000 into 8,267,374 shares of common stock. The Company also issued 686,048 shares of common stock for administrative claims totalling \$12,000 and 15,156,852 shares of common stock to the Plan Proponents. The shares issued were valued at \$0.01 per share, generating a gain on debt forgiveness of \$14,000,000. The amount of accumulated deficit prior to the reclassification in accordance with the Fresh Start Reporting method amounted to approximately \$15,000,000. Management estimated the fair value of the shares issued at par value, based on the fact that no cash flows are expected in the foreseeable future. The balance of the accumulated deficit after the adjustment required by Fresh Start Reporting represents the "Excess Reorganization Value", which was impaired due to the fact that the Company has no operations, and no cash flows are expected in the foreseeable future.

### Note 6- Income Taxes

The Company utilizes the liability method to account for income taxes. Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws expected to apply when the differences are expected to reverse.

At November 22, 2002, the Company had net operating loss carryforwards of approximately \$14 million for federal tax purposes, which expire from 2012 to 2015. Because of statutory ownership changes, the amount of net operating losses which may be utilized in future years may be subject to significant annual limitations. At November 22, 2002, total deferred tax assets, consisting principally of net operating loss carry forwards, amounted to approximately \$5 million. For financial reporting purposes, a valuation allowance has been recognized in an amount equal to such deferred tax assets due to the uncertainty surrounding their ultimate realization.

The effective tax rate differs from the U.S. Federal statutory rate principally due to the valuation allowance recognized due to the uncertainty surrounding the ultimate realization of deferred tax assets.
