PROSPECTUS SUMMARY

Since 1995, substantially all of our resources and operations have directed towards the development of the omni-directional wheel and related components for forklift and other material handling applications. Many of the components, including the unique shaped wheels, motors, and frames, have been specially designed by us and specially manufactured. Four pilot models of the commercial omni-directional lift truck are currently operational.

We have commenced and are near completion of getting the parts together for our initial production run consisting of 10 units of our Sidewinder ATX-3000 Omni-Directional Lift Truck. Substantially all of the parts including frames, motors, controllers, and micro-processors have been ordered and received by us, and are partially assembled. The initial production run will be completed upon receipt of wheels and other components from suppliers which is expected in the third quarter of 2004. Unit assembly is undertaken by Crane and Machinery, Inc., (Schaeff Forklift) Bridgeview, Illinois under our specifications. UL and final ANSI testing is expected to be completed from 30 to 90 days from production completion. Following required testing, we expect to sell these units to select dealers in the United States. We have received orders for our initial run production run of 10 units.

We have incurred losses and experienced negative operating cash flow since our formation. For our fiscal years ended December 31, 2003 and 2002, we had a net loss of \$(2,363,695) and \$(640,616), respectively. We expect to continue to incur significant expenses. Our operating expenses have been and are expected to continue to outpace revenues and result in significant losses in the near term. We may never be able to reduce these losses, which will require us to seek additional debt or equity financing.

Our principal executive offices are located at 870B Central Avenue, Hammonton, NJ 08037 and our telephone number is (609) 567-7800. We are incorporated in the State of New Jersey.

RECENT DEVELOPMENTS

May 2004 Private Placement

Airtrax, Inc. ("AITX") and several accredited investors (collectively, the "Investors") entered into a Subscription Agreement whereby the Investors agreed to purchase an aggregate of 3,600,125 shares of common stock at a price of \$0.80 per share for an aggregate purchase price of \$2,855,100. In addition, the Investors received warrants, exercisable at \$1.25 per share, to purchase 50% of the shares issued.

In connection with Subscription Agreement, AITX and the Investors also entered into a Registration Rights Agreement. AITX is obligated to file a registration statement covering the above-referenced common stock and shares underlying the warrants within 30 days of closing. If the Registration Statement is not filed within the 30 day period, or declared effective within 105 days of the closing, AITX will pay a penalty of 1% of the offering proceeds for the first month and 2% of such amount per month thereafter in penalties until such default is cured, on a pro-rated daily basis.

The issuance of the shares and the warrants was exempt from registration requirements of the Securities Act of 1933 pursuant to Section 4(2) of such Securities Act and Regulation D promulgated thereunder based upon the representations of each of the Investors that it was an "accredited investor" (as defined under Rule 501 of Regulation D) and that it was purchasing such securities without a present view toward a distribution of the securities. In addition, there was no general advertisement conducted in connection with the sale of the securities.

RISK FACTORS

If you purchase shares of our common stock, you will take on a financial risk. In deciding whether to invest, you should consider carefully the following factors, the information contained in this prospectus and the other information to which we have referred you. If any of the following risks actually occur, our business, financial condition or results of operations could be materially adversely affected. In such case, the trading price of our common stock could decline, and you may lose all or part of your investment.

RISKS RELATED TO OUR FINANCIAL CONDITION AND BUSINESS

WE MAY NEVER BECOME PROFITABLE AND CONTINUE AS A GOING CONCERN BECAUSE WE HAVE

Edgar Filing: AIRTRAX INC - Form 424B3

HAD LOSSES SINCE OUR INCEPTION.

We may never become profitable and continue as a going concern because we have incurred losses and experienced negative operating cash flow since our formation. For our fiscal years ended December 31, 2003 and 2002, we had a net loss of \$(2,363,695) and \$(640,616), respectively. We expect to continue to incur significant expenses. Our operating expenses have been and are expected to continue to outpace revenues and result in significant losses in the near term. We may never be able to reduce these losses, which will require us to seek additional debt or equity financing. If such financing is available you may experience significant additional dilution.

OUR BUSINESS OPERATIONS WILL BE HARMED IF WE ARE UNABLE TO OBTAIN ADDITIONAL FUNDING.

Our business operations will be harmed if we are unable to obtain additional funding. We believe that our available short-term assets and investment income will be sufficient to meet our operating expenses and capital expenditures through the end of fiscal year 2004. We do not know if additional financing will be available when needed, or if it is available, if it will be available on acceptable terms. Insufficient funds may prevent us from implementing our business strategy or may require us to delay, scale back or eliminate certain opportunities for the provision of our technology and products. In addition to our own need of working capital, we also will need working capital to fund the operations of Filco GmbH. Filco has informed us that its working capital needs are approximately \$5,000,000 until it can achieve profitable operations, which includes approximately \$1,300,000 required under the Filco agreement. During the first five months of 2004, we have loaned \$900,000 to Filco. If we are unable to complete the terms of the Filco agreement and loan Filco the remaining amounts due thereunder, Filco may be unable to continue its operations and the repayment of amounts loaned to Filco by us may be jeopardized.

FINAL TESTING OF OUR PRODUCT COULD RESULT IN COMPONENT REFINEMENT OR REDESIGN, WHICH COULD DELAY THE COMMERCIAL INTRODUCTION OR CONTINUED SALE OF THE FORKLIFT.

We have developed pilot versions of our unique, omni-directional forklift. The commercial introduction of the product is subject, however, to additional testing and component refinement. Due to the unique performance attributes of the forklift, the forklift will undergo a series of unprecedented tests relating to these attributes. Although management has performed substantially all of these tests or is otherwise confident of the performance capabilities of the forklift, final testing has not been completed. In addition, our product must be sufficiently durable to withstand the day-to-day rigors of its anticipated work environment. As stated above, although we have conducted numerous tests, the product has not been subjected to the normal day-to-day usage typically required of forklifts. Therefore, it is conceivable that final testing, or durability issues after prolonged use, could result in component refinement or redesign, which could delay the commercial introduction or continued sale of the forklift.

THE PRICING POLICY FOR OUR FORKLIFTS MAY BE SUBJECT TO CHANGE, AND ACTUAL SALES OR OPERATING MARGINS MAY BE LESS THAN PROJECTED.

We are assessing present and projected component pricing in order to establish a pricing policy for the SIDEWINDER Lift Truck. We have not finalized our assessment as current prices for certain forklift components reflect special development charges which are expected to be reduced as order volume for such components increase and as manufacturing efficiencies improve. We intend to price our forklifts so as to maximize sales yet provide sufficient operating margins. Given the uniqueness of our product, we have not yet established final pricing sensitivity in the market. Consequently, the pricing policy for its forklifts may be subject to change, and actual sales or operating margins may be less than projected.

WE HAVE RECEIVED LIMITED INDICATIONS OF THE COMMERCIAL ACCEPTABILITY OF OUR OMNI-DIRECTIONAL FORKLIFT. ACCORDINGLY, WE CAN NOT PREDICT WHETHER OUR OMNI-DIRECTIONAL PRODUCTS CAN BE MARKETED AND SOLD IN A COMMERCIAL MANNER.

Our success will be dependent upon our ability to sell omni-directional products in quantities sufficient to yield profitable results. To date, we have received limited indications of the commercial acceptability of our omni-directional forklift. Accordingly, we can not predict whether the omni-directional product can be marketed and sold in a commercial manner.

RISKS RELATING TO OUR COMMON STOCK

THE MARKET PRICE OF OUR COMMON STOCK MAY DECLINE BECAUSE THERE ARE WARRANTS THAT MAY BE AVAILABLE FOR FUTURE SALE AND THE SALE OF THESE SHARES MAY DEPRESS THE MARKET PRICE.

The market price of our common stock may decline because there are a large number of warrants that may be available for future sale, and the sale of these shares may depress the market price. As of June 7, 2004, we had approximately 8,876,552 plus 3,600,125 (from this offering) shares of common stock issued and outstanding and 3,304,438 outstanding options and warrants to purchase up to 3,304,438 shares of common stock. All of the shares included in this prospectus may be sold without restriction. The sale of these shares may adversely affect the market price of our common stock.

OUR COMMON STOCK IS SUBJECT TO "PENNY STOCK" RULES.

The Securities and Exchange Commission has adopted Rule 15c-9 which establishes the definition of a "penny stock," for the purposes relevant to us, as any equity security that has a market price of less than \$5.00 per share or with an exercise price of less than \$5.00 per share, subject to certain exceptions. For any transaction involving a penny stock, unless exempt, the rules require:

- o that a broker or dealer approve a person's account for transactions in penny stocks; and
- o the broker or dealer receive from the investor a written agreement to the transaction, setting forth the identity and quantity of the penny stock to be purchased.

In order to approve a person's account for transactions in penny stocks, the broker or dealer must:

- o obtain financial information and investment experience objectives of the person; and
- o make a reasonable determination that the transactions in penny stocks are suitable for that person and the person has sufficient knowledge and experience in financial matters to be capable of evaluating the risks of transactions in penny stocks.

The broker or dealer must also deliver, prior to any transaction in a penny stock, a disclosure schedule prepared by the Commission relating to the penny stock market, which, in highlight form:

- o sets forth the basis on which the broker or dealer made the suitability determination; and
- o that the broker or dealer received a signed, written agreement from the investor prior to the transaction.

Edgar Filing: AIRTRAX INC - Form 424B3

We will not receive any proceeds from the sale of common stock by the selling stockholder. All of the net proceeds from the sale of our common stock will go to the selling stockholder. We will receive the proceeds from the exercise of warrants entitling the selling stockholders to purchase 2,160,063 shares from us at an exercise price of \$1.25 per share, 135,000 shares from us at an exercise price of \$1.00 per share, and 865,000 shares from us at an exercise price of \$2.50 per share. If all warrants held by the selling stockholders are exercised, we will receive - \$4,982,578 in proceeds.

We anticipate that any proceeds from the exercise of warrants by the selling stockholders will be used for general corporate purposes, which may include but are not limited to working capital, capital expenditures, acquisitions and the repayment or refinancing of our indebtedness. Pending the application of any proceeds from the exercise of warrants, if any, by the selling stockholders, we expect to invest the proceeds in short-term, interest-bearing instruments or other investment-grade securities.

The number and percentage of shares beneficially owned is determined in accordance with Rule 13d-3 of the Securities Exchange Act of 1934, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rule, beneficial ownership includes any shares as to which the selling stockholders has sole or shared voting power or investment power and also any shares which the selling stockholders has the right to acquire within 60 days. The actual number of shares of common stock issuable upon the conversion of the convertible preferred stock is subject to adjustment depending on, among other factors, the future market price of the common stock, and could be materially less or more than the number estimated in the table.

PLAN OF DISTRIBUTION

Each Selling Stockholder (the "Selling Stockholders") of the common stock ("Common Stock") of Airtrax, Inc., a New Jersey corporation (the "Company") and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of Common Stock on the American Stock Exchange or any other stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. A Selling Stockholder may use any one or more of the following methods when selling shares:

- o ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- o block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- o purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- o an exchange distribution in accordance with the rules of the applicable exchange;
- o privately negotiated transactions;
- o settlement of short sales;
- o broker-dealers may agree with the Selling Stockholders to sell a specified number of such shares at a stipulated price per share;
- o a combination of any such methods of sale; and
- o any other method permitted pursuant to applicable law.

The selling shareholders may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The Selling Stockholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved. One of the Selling Stockholders, First Montauk Securities Corp., is a registered broker dealer and NASD member firm. First Montauk served as placement agent in our recently completed private placement offering, and received, in addition to commissions, warrants to purchase an aggregate of 360,000 shares of our Common Stock with an exercise price of \$1.25 per share. The registration statement of which this Prospectus forms a part includes the shares underlying the warrants held by First Montauk. In addition, First Montauk has been retained as a financial consultant to Airtrax, for which it received cash compensation of \$30,000.

In connection with the sale of our common stock or interests therein, the Selling Stockholders may enter into hedging transactions with broker-dealers or

Edgar Filing: AIRTRAX INC - Form 424B3

other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The Selling Stockholders may also sell shares of our common stock short and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The Selling Stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such

10

broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Stockholders and any broker-dealers or agents that are involved in selling the shares may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each Selling Stockholder has informed the Company that it does not have any agreement or understanding, directly or indirectly, with any person to distribute the Common Stock, however, they may elect to sell their shares through First Montauk Securities Corp. as described below. As a broker dealer who is also a selling shareholder, First Montauk may be deemed an underwriter with respect to the shares it may sell pursuant to this Prospectus.

In order to comply with the securities laws of some states, the selling shareholders must sell the shares in those states only through registered or licensed brokers or dealers. In addition, in some states the Selling Stockholders must sell the shares only if we have registered or qualified those shares for sale in the applicable state or an exemption from the registration or qualification requirement is available and the selling shareholder complies with the exemption.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the shares. The Company has agreed to indemnify the Selling Stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

Because Selling Stockholders may be deemed to be "underwriters" within the meaning of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act. In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus. Each Selling Stockholder has advised us that they have not entered into any agreements, understandings or arrangements with any underwriter or broker-dealer regarding the sale of the resale shares. There is no underwriter or coordinating broker acting in connection with the proposed sale of the resale shares by the Selling Stockholders.

First Montauk Securities Corp. served as placement agent in connection with the private placement offering recently completed by us in which we raised \$2,880,100 in gross proceeds. First Montauk is a National Association of Securities Dealers, Inc. member brokerage firm. First Montauk received 360,000 warrants as compensation for its services as placement agent. The warrants have an exercise price of \$1.25 per share. The warrants expire on May 13, 2009. Pursuant to NASD Rule 2710(g)(1), the 360,000 shares of common stock issued or issuable upon conversion of placement agent warrants received by First Montauk are restricted from sale, transfer, assignment or hypothecation for a period of six months from the effective date of this Registration Statement except to

officers or partners (not directors) of First Montauk and members of the selling group and/or their officers or partners. Additionally, William Kurinsky, who is listed as a selling shareholder, is an officer of First Montauk Securities Corp. All securities (48,437 total shares and warrants) held by Mr. Kurinsky (or any other person who might be associated with First Montauk Securities and receives securities as a transferee in compliance with NASD Rule 2710) will be subject to the same resale, transfer and assignment restrictions as set forth in NASD Rule 2710(g)(1) for six months from the effective date of the Registration Statement.

First Montauk has indicated to us its willingness to act as selling agent on behalf of the selling shareholders named in the Prospectus under "Selling Stockholders" that purchased our privately placed securities. All shares sold, if any, on behalf of selling shareholders by First Montauk would be in transactions executed by First Montauk on an agency basis and commissions charged to its customers in connection with each transaction shall not exceed a maximum of 4.5% of the gross proceeds. First Montauk does not have an underwriting agreement with us and/or the selling shareholders and no selling shareholders are required to execute transactions through First Montauk. In the event that there are other broker dealer firms involved in the distribution of securities on behalf of selling shareholders, the maximum commission or discount to be received will not be greater than 8% of the sale of any securities which were registered pursuant to this prospectus under SEC Rule 415.

NASD Notice to Members 88-101 states that in the event a selling shareholder intends to sell any of the shares registered for resale in this Prospectus through a member of the NASD participating in a distribution of our securities, such member is responsible for insuring that a timely filing is first made with the Corporate Finance Department of the NASD and disclosing to the NASD the following:

11

- o it intends to take possession of the registered securities or to facilitate the transfer of such certificates;
- o the complete details of how the selling shareholders shares are and will be held, including location of the particular accounts;
- o whether the member firm or any direct or indirect affiliates thereof have entered into, will facilitate or otherwise participate in any type of payment transaction with the selling shareholders, including details regarding any such transactions; and
- o in the event any of the securities offered by the selling shareholders are sold, transferred, assigned or hypothecated by any selling shareholder in a transaction that directly or indirectly involves a member firm of the NASD or any affiliates thereof, that prior to or at the time of said transaction the member firm will timely file all relevant documents with respect to such transaction(s) with the Corporate Finance Department of the NASD for review.

No persons associated with us or the selling shareholders may participate in the distribution of the shares to be offered by selling shareholders unless they meet the safe harbor provisions of the SEC Rule 3a4-1 promulgated under the Securities Exchange Act of 1934 with respect to exemption from registration as a broker/dealer.

We agreed to keep this prospectus effective until the earlier of (i) the date on

which the shares may be resold by the Selling Stockholders without registration and without regard to any volume limitations by reason of Rule 144(e) under the Securities Act or any other rule of similar effect or (ii) all of the shares have been sold pursuant to the prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale shares may not simultaneously engage in market making activities with respect to our common stock for a period of two business days prior to the commencement of the distribution. In addition, the Selling Stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of shares of our common stock by the Selling Stockholders or any other person. We will make copies of this prospectus available to the Selling Stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale.

Any selling shareholder may from time to time pledge or grant a security interest in some or all of the shares of common stock or warrants owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933 amending the list of selling shareholders to include the pledgee, transferee or other successors in interest as selling shareholders under this prospectus.

The selling shareholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

At the time a selling shareholder makes a particular offer of shares we will, if required under applicable rules and regulations, distribute a Prospectus supplement that will set forth:

- o the number of shares that the Selling Holder is offering;
- o the terms of the offering, including the name of any underwriter, dealer or agent;
- o the purchase price paid by any underwriter;
- o any discount, commission and other underwriter compensation;
- o any discount, commission or concession allowed or reallocated or paid to any dealer; and
- o the proposed selling price to the public.

We will not receive any proceeds from sales of any shares by the selling shareholders.
