PROXY STATEMENT

The Board of Directors of Nationwide Health Properties, Inc. (the Company) is soliciting the enclosed proxy for use at our annual meeting of stockholders of Nationwide Health Properties, Inc. to be held on Thursday, May 29, 2003, beginning at 1:00 p.m., at the Conference Center, 610 Newport Center Drive, Newport Beach, California, and at any postponement or adjournment. This proxy statement and the accompanying Notice of Annual Meeting of Stockholders describe the purposes of the annual meeting. Distribution of these proxy solicitation materials is scheduled to begin on or about March 28, 2003 to all stockholders entitled to vote at the meeting.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the Company's annual meeting, stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of directors. In addition, the Company's management will report on the performance of the Company during 2002 and respond to questions from the stockholders.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, March 21, 2003, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

What constitutes a quorum?

Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form DEF 14A

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 49,172,216 shares of common stock of the Company were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company, either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation

Table of Contents

is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote for election of the nominated slate of directors (see page 4);

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve the election of the directors?

The affirmative vote of a majority of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked WITHHOLD AUTHORITY with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

Independent Public Accountants

Ernst & Young LLP (Ernst & Young) has been selected by the Company's Audit Committee to serve as the Company's independent public accountants for fiscal 2003. Ernst & Young has been the Company's independent public accountants since March 2002.

Representatives of Ernst & Young LLP will be present at the annual meeting to respond to appropriate questions and to make such statements as they may desire.

Arthur Andersen's reports on the Company's consolidated financial statements for each of the years ended 2001 and 2000 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended December 31, 2001 and 2000, and through March 13, 2002, there were no disagreements with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter in connection with its report on the Company's consolidated financial statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

The Audit Committee has concluded that the provision of professional non-audit services is compatible with maintaining Ernst & Young's independence.

Executive Compensation

Report of the Compensation Committee on Executive Compensation

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation for 2002.

What is the Company's philosophy of executive officer compensation?

The Company's compensation program for executives consists of three key elements:

- A base salary;
- A performance-based annual bonus; and
- Periodic grants of stock options and dividend equivalents.

The Compensation Committee believes that this three-part approach best serves the interests of the Company and its stockholders. It enables the Company to meet the requirements of the highly competitive environment in which the Company operates while ensuring that executive officers are compensated in a way that advances both the short- and long-term interests of stockholders. Under this approach, compensation for these officers involves a high proportion of pay that is at risk—namely, the annual bonus, stock options and dividend equivalents. The variable annual bonus permits individual performance to be recognized on an annual basis, and is based, in significant part, on an evaluation of the contribution made by the officer to the Company's performance. Stock options and dividend equivalents relate a significant portion of long-term remuneration directly to stock price appreciation realized by all of the Company's stockholders.

Since 1995, the Compensation Committee has retained the services of an executive compensation consulting firm (the Compensation Consultant) to assist the Committee in its assessment of the Company's compensation programs for its executive officers.

Base Salary. Base salaries for the Company's executive officers, as well as changes in such salaries, are based upon recommendations by the Chief Executive Officer, taking into account such factors as competitive industry salaries; a subjective assessment of the nature of the position; the contribution and experience of the officer; and the length of the officer's service. The Compensation Consultant reviews all salary recommendations with the Compensation Committee, which then approves or adjusts such recommendations.

Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form DEF 14A

Annual Bonus. Annual bonuses are based upon recommendations by the Chief Executive Officer, taking into consideration an evaluation of the performance of the Company as a whole together with a subjective evaluation of each executive officer. The Compensation Consultant reviews all bonus recommendations with the Compensation Committee, which then approves or adjusts such recommendations.

Stock Options and Dividend Equivalents. All of the executive officers participate in the Company's Stock Option and Restricted Stock Plan. That plan's primary purpose is to offer an incentive for long-term performance of the Company. The plan provides for awards of restricted stock, grants of stock options and stock appreciation rights and awards of dividend equivalents.

In 1996, at the recommendation of the Compensation Consultant, grants of stock options and awards of dividend equivalents related to stock options replaced awards of restricted stock. The stock options vest ratably

Table of Contents

over a three-year period and are exercisable at the market price of the Company's common stock on the date of grant. Dividend equivalents are paid in cash based upon a formula recommended by the Compensation Consultant.

Fifty percent of the dividend equivalent award depends upon the Company's performance measured by total return to stockholders (increase in stock price and dividends paid) over a three-to-five year period, compared to a peer group of healthcare real estate investment trusts as selected by the Compensation Committee after considering recommendations of the Compensation Consultant. The other 50% of the dividend equivalent award depends on performance standards of (1) growth percentage of funds from operations, (2) multiple of funds from operations, (3) dividend growth, (4) dividend yield, and (5) amount and quality of new investments, and each of these five factors is reviewed against the peer group; however, the determination as to whether this 50% test is met in whole or in part is based on the overall judgment of the Committee as to whether the Company's performance as measured by these performance standards merits satisfying this 50% of the dividend equivalents test. Dividend equivalents may be earned in their entirety or in part depending upon whether the criteria are fully met at the time of measurement. In 2002, the Compensation Consultant recommended and the Committee determined that: for stock options granted in 1997, the remaining 3.5% of the dividend equivalents had been earned, for stock options granted in 1998, the remaining 5% of the dividend equivalents had been earned, and for stock options granted in 1999, two-thirds of the dividend equivalents had been earned.

In January 2002, for executive officers, other than the Chief Executive Officer, stock option grants ranged from 12,500 to 17,500, and dividend equivalent awards also ranged from 12,500 to 17,500. The levels of such awards were based upon the recommendation of the Compensation Consultant. The awards are intended to provide incentives for the long-term performance of the Company.

How is the Company's Chief Executive Officer compensated?

The Compensation Committee set Mr. Andrews' salary for 2002 at its January 2002 meeting. Mr. Andrews' base salary increased \$14,000 to \$480,000 based upon the recommendation of the Compensation Consultant and in light of salaries being paid to other similarly situated Chief Executive Officers as determined based on the business experience of the members of the Compensation Committee and in recognition of the Company's performance in 2001 under his leadership.

Mr. Andrews was granted 50,000 stock options and awarded 50,000 dividend equivalents in January 2002. The purpose of this award was to provide a long-term incentive to Mr. Andrews as options vest ratably over three years and the dividend equivalents can be earned depending upon the Company's performance measured for a minimum of a three-year period up to a five-year period as described above. The award was based upon the recommendation of the Compensation Consultant and the subjective evaluation of Mr. Andrews' performance and that of the Company as a whole.

The Compensation Committee considered bonuses for 2002 at its January 2003 meeting, and determined, based on the overall performance of the Company in 2002, including the decline in market value of the Company's shares, not to award the Chief Executive Officer a bonus for 2002. The bonus opportunity for the Chief Executive Officer for 2003 was set at 60% of his base salary for 2003.

How is the Company Addressing Internal Revenue Code limits on deductibility of compensation?

The Compensation Committee has considered the anticipated tax treatment to the Company regarding the compensation and benefits paid to the executive officers of the Company in light of the enactment of Section 162(m) of the Internal Revenue Code of 1986, as amended. The basic

Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form DEF 14A

philosophy of the Compensation Committee is to strive to provide such executive officers with a compensation package which will preserve the deductibility of such payments for the Company. However, certain types of compensation payments and their deductibility depend upon the timing of an executive officer's vesting or exercise of previously granted rights. Moreover, interpretations of and changes in the tax laws and other factors beyond the Compensation

Committee's control may affect the deductibility of certain compensation payments. The Compensation Committee will consider various alternatives to preserve the deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with its other compensation objectives.

Employment Agreements

The Company has entered into employment agreements with R. Bruce Andrews, President and Chief Executive Officer, and Mark L. Desmond, Senior Vice President, pursuant to which Mr. Andrews received base compensation for 2002 of \$480,000, and Mr. Desmond received base compensation of \$231,000. Annual bonuses and annual grants of stock options with performance-based dividend equivalents, as well as annual increases in base compensation, are determined by the Company's Compensation Committee, subject to provisions of the employment agreements. Mr. Andrews' employment agreement provides for a three-year employment period and automatically renews on the first day of each month for a new three-year period, unless the Company gives Mr. Andrews notice that the agreement will not be further extended. Mr. Andrews' employment agreement provides for a final termination date not later than his 65th birthday. The employment agreement for Mr. Desmond provides for an employment period ending February 28, 2004, and automatically extends one year on each February 28th thereafter unless the Company or Mr. Desmond gives notice that the agreement will not be further extended.

In the event of a termination in Mr. Andrews' employment other than for cause, disability, death or by him for good reason, he is entitled to a severance payment equal to three times his highest annual base compensation and three times his average annual bonus over the last three years. Under such circumstances, any shares of restricted stock and options held by him that are not then vested will vest. The Company will provide Mr. Andrews with any performance-based dividend equivalents that would have been earned by Mr. Andrews during the three years following termination. Mr. Andrews will continue to be covered by the Company's health plan for a three-year period.

In the event of a termination of employment of Mr. Desmond, other than for cause, disability, death or within three years following a change of control, he is entitled to a severance payment equal to 150% of his highest annual base compensation and 150% of his average annual bonus over the last three years. In addition, shares of restricted stock and stock options held by him that are not then vested will vest. The Company will provide him with any performance-based dividend equivalents that would have been earned by him during the eighteen months following his termination. Mr. Desmond will continue to be covered by the Company's health plan for a period of 18 months following termination.

Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form DEF 14A

The Company has adopted an executive employment security policy. The policy provides generally that if, within three years following a change of control of the Company, the employment of any plan participant is terminated, except under defined circumstances, the participant is entitled to receive payments equal to the participant's highest compensation for a period of twelve to thirty-six months following termination, depending upon the participant's length of employment. These payments would be reduced by one-half of any compensation received from any new employment. Donald D. Bradley, Mark L. Desmond, John J. Sheehan, Jr. and Steven J. Insoft have been designated as plan participants.

(1) These amounts represent payment of dividend equivalents earned by named executive officers. See footnote 1 to the table under Option Grants During 2002 on page 13.

Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form DEF 14A

- (2) The Company provides the named executive officers with certain group health, medical and other non-cash benefits generally available to all salaried employees and not included in this column pursuant to SEC rules. The amounts shown in this column include the Company's matching contributions under the Company's deferred compensation account and the Company's contribution under the Company's 401(K) plan.
- (3) This amount is for the period from March 12, 2001 (commencement of Mr. Bradley's employment with the Company).

Table of Contents**Option Grants for 2002**

The following table sets forth information with respect to option grants to the named executive officers during fiscal 2002 and the potential realizable value of such option grants:

- The number of shares of common stock underlying options granted during the year;
- The percentage that such options represent of all options granted to employees during the year;
- The exercise price;
- The expiration date; and
- The hypothetical present value, as of the grant date, of the options under the option-pricing model discussed below.

The Company calculated the hypothetical value of the options as of their date of grant using the Black-Scholes option pricing model, as permitted by SEC rules, based upon a set of assumptions set forth in the footnote to the table. This model is only one method of valuing options, and the reader should not interpret the Company's use of the model as an endorsement of its accuracy. The actual value of the options may be significantly different, and the value actually realized, if any, will depend upon the excess of the market value of the common stock over the option exercise price at the time of the exercise.

OPTION GRANTS DURING 2002

Name	Number of Options Granted(1)	% of Total Options Granted to Employee in Fiscal Year	Exercise Price (\$/Share)(2)	Expiration Date	Hypothetical Value at Grant Date(3)
R. Bruce Andrews	50,000	35.9%	\$ 19.60	1/21/12	\$ 84,500
Mark L. Desmond	17,500	12.5%	\$ 19.60	1/21/12	29,575
Donald D. Bradley.	17,500	12.5%	\$ 19.60	1/21/12	29,575
John J. Sheehan, Jr.	12,500	8.9%	\$ 19.60	1/21/12	21,125
Steven J. Insoft	12,500	8.9%	\$ 19.60	1/21/12	21,125

- (1) Awards of dividend equivalents accompany the 2002 stock option grants on a one-for-one basis. Such dividend equivalents are payable in cash until such time as the corresponding stock option is exercised, based upon a formula approved by the Compensation Committee. Fifty percent of the dividend equivalent award depends upon the Company's performance measured by total return to stockholders (increase in stock price and dividends paid) over a three-to-five year period, compared to a peer group of healthcare real estate investment trusts as selected by the Compensation Committee after considering recommendations of the Compensation Consultant. The other 50% of the dividend equivalent award depends on performance standards of (1) growth percentage of funds from operations, (2) multiple of funds from operations, (3) dividend growth, (4) dividend yield, and (5) amount and quality of new investments, and each of these five factors is reviewed against the peer group; however, the determination as to whether this 50% test is met in whole or in part is based on an overall judgment of the Compensation Committee as to whether the Company's performance as measured by these performance standards merits satisfying this 50% of the dividend equivalents test.

Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form DEF 14A

- (2) The market prices on the dates of the grants were the same as the exercise prices.
- (3) Calculated using the Black Scholes option valuation methodology. In using this methodology, the Company utilized the following variables: risk free rate of return of 4.89%; .28835 three-year volatility factor; 9.39% dividend yield; and ten-year option term, which yields a Black Scholes value for such stock options of \$1.69 per share.

Table of Contents**Option Exercises and Values for 2002**

The table below sets forth the following information with respect to option exercises during fiscal 2002 by each of the named executive officers and the status of their options at December 31, 2002:

- The number of shares of common stock acquired upon exercise of options during 2002;
- The aggregate dollar value realized upon the exercise of such options;
- The total number of exercisable and non-exercisable stock options held at December 31, 2002;
- The aggregate dollar value of in-the-money exercisable options at December 31, 2002.

- (1) In accordance with SEC rules, the Company calculates the values by subtracting the exercise price from the fair market value of the underlying common stock. For purposes of this table, fair market value is deemed to be \$14.93, the closing common stock price reported from the New York Stock Exchange on December 31, 2002.
