PROXY STATEMENT

FOR THE 2007 ANNUAL MEETING OF STOCKHOLDERS

June 13, 2007

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We have sent you this proxy statement and the enclosed proxy card because the Board of Directors of CareGuide, Inc. (sometimes referred to as the Company or CareGuide) is soliciting your proxy to vote at the 2007 Annual Meeting of Stockholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

The Company intends to mail this proxy statement and accompanying proxy card on or about May 4, 2007 to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 30, 2007 will be entitled to vote at the annual meeting. On this record date, there were 67,538,976 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on April 30, 2007 your shares were registered directly in your name with CareGuide's transfer agent, Continental Stock Transfer & Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 30, 2007 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are four matters scheduled for a vote:

Election of seven (7) directors;

Approval of the Company's 2007 Equity Incentive Plan;

Approval of proposed amendment to the Company's Certificate of Incorporation to increase the authorized number of shares of common stock from 80,000,000 to 100,000,000 shares; and

3.

Edgar Filing: CAREGUIDE INC - Form DEF 14A

Ratification of McGladrey & Pullen LLP as independent auditors of the Company for its fiscal year ending December 31, 2007.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may Withhold your vote for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from CareGuide. Simply complete and mail the proxy card to ensure that your vote is counted. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 30, 2007.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of all seven nominees for director, For approval of the 2007 Equity Incentive Plan, For the amendment to the Company's Certificate of Incorporation and For the ratification of McGladrey & Pullen LLP as the Company's independent public accountants for the year ended December 31, 2007. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a timely written notice that you are revoking your proxy to CareGuide's Secretary at 4401 N.W. 124th Avenue, Coral Springs, FL 33065.

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by January 5, 2008, to the Company's corporate secretary, at 4401 N.W. 124th Avenue, Coral Springs, FL 33065. If you wish to submit a proposal that is not to be included in next year's proxy materials or nominate a director, you must do so by March 20, 2008.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Withhold and, with respect to proposals other than the election of directors, Against votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal except Proposal 3. For Proposal 3, broker non-votes will have the same effect as Against votes.

What are broker non-votes ?

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. Under the rules and interpretations of the New York Stock Exchange (NYSE), non-routine matters are generally those involving a contest or a matter that may substantially affect the rights or privileges of stockholders, such as mergers or stockholder proposals.

How many votes are needed to approve each proposal?

For the election of directors, the seven nominees receiving the most For votes (from the holders of votes of shares present in person or represented by proxy and entitled to vote on the election of directors) will be elected. Only votes For or Withheld will affect the outcome. To be approved, Proposal No. 2 must receive For votes from the holders of a majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect. To be approved, Proposal No. 3 must receive For votes from the holders of a majority of the outstanding shares either in person or by proxy. If you do not vote, or Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have the same effect as Against votes.

To be approved, Proposal No. 4 must receive For votes from the holders of a majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares are present at the meeting in person or represented by proxy. On the record date, there were 67,538,976 shares outstanding and entitled to vote.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in the Company's quarterly report on Form 10-Q for the second quarter of 2007.

PROPOSAL 1**ELECTION OF DIRECTORS**

Pacala and Lubin is currently a director of the Company and became directors of the Company in connection with the merger between the Company and CCS Consolidated, Inc. in January 2006. The seven nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the seven nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by CareGuide's management. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF EACH NAMED NOMINEE.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

INDEPENDENCE OF THE BOARD OF DIRECTORS

After review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, the Board has affirmatively determined that each of its directors are independent directors within the meaning of the listing standards of the NASDAQ Stock Market (NASDAQ). In making this determination, the Board found that none of these directors had a material or other disqualifying relationship with the Company.

In determining the independence of Dr. Waxman, Mr. Pacala and Mr. Lubin, the Board took into account the guarantees of the Company's obligations under its bank facility by the venture capital funds with which these directors are associated. In addition, with respect to Dr. Waxman, the Board took into account a potential success fee payment of up to \$500,000 worth of the Company's common stock to Psilos Group, an entity of which Dr. Waxman is a senior managing partner. This success fee arrangement was agreed to with Dr. Waxman as partial compensation to Dr. Waxman for his service to CCS Consolidated as interim chief executive officer of that company from April 1, 2004 to January 31, 2005.

As to Dr. Barber, the Board took into account a convertible promissory note in the principal amount of \$848,103 that was issued by the Company to Dr. Barber in connection with the acquisition of Haelan Corporation in December 2006. This promissory note was issued to Dr. Barber solely in his capacity as a shareholder of the acquired company.

The Board does not believe that any of these transactions would interfere with the identified directors' exercise of independent judgment in carrying out their responsibilities as directors of the Company.

MEETINGS OF THE BOARD OF DIRECTORS

During the year ended December 31, 2006, the Company changed its fiscal year end from March 31 to December 31. The Board of Directors met nine times during the period from April 1, 2006 to December 31, 2006. Each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served, held during the period for which he was a director or committee member.

INFORMATION REGARDING COMMITTEES OF THE BOARD OF DIRECTORS

The Board has three committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The following table provides membership and meeting information for the period from April 1, 2006 to December 31, 2006 for each of the Board committees:

Name	Audit	Compensation	Nominating and Corporate Governance
Mr. John Pappajohn	X	X	X
Dr. Derace L. Schaffer	X	X	X
Dr. Albert S. Waxman		X*	X*
Mr. Mark L. Pacala			X
Mr. Daniel C. Lubin	X		X
Mr. William C. Stapleton	X*		
Dr. Michael J. Barber			
Total meetings from April 1, 2006 to December 31, 2006	5	0	0
* Committee Chairperson			

Below is a description of each committee of the Board of Directors. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board of Directors has determined that each member of each committee meets the applicable NASDAQ rules and regulations regarding independence and that each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

Audit Committee

The Audit Committee of the Board of Directors was established by the Board in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 to oversee the Company's corporate accounting and financial reporting processes and audits of its financial statements. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's audit engagement team as required by law; review and approves or rejects transactions between the company and any related persons; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and meets to review the company's annual audited financial statements and quarterly financial statements with management and the independent auditor, including reviewing the Company's disclosures under Management's Discussion and

Analysis of Financial Condition and Results of Operations. The Audit Committee has authority to engage legal counsel or other experts or consultants, as it deems appropriate, to carry out its responsibilities.

During the last fiscal year that began on April 1, 2006, the Audit Committee consisted of John Pappajohn, Derace Schaffer and Daniel Lubin. William Stapleton joined the Board of Directors in August 2006 and was appointed as the chairman of the Audit Committee at that time. The Audit Committee met five times during the period from April 1, 2006 to December 31, 2006. The Audit Committee has adopted a written charter that is available to stockholders on the Company's website at <http://www.careguide.com>.

The Board of Directors reviews the NASDAQ listing standards definition of independence for Audit Committee members on an annual basis and has determined that all members of the Company's Audit Committee are independent (as independence is currently defined in Rule 4350(d)(2)(A)(i) and (ii) of the NASDAQ listing standards). Despite the fact that Mr. Pappajohn's beneficially owns in excess of 10% of the Company common stock, the Board has determined that Mr. Pappajohn is independent in that he does not have a current relationship with the Company that would interfere with the exercise of his independent judgment in carrying out the responsibilities of a director. The Board of Directors has also determined that Mr. Stapleton qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Board made a qualitative assessment of Mr. Stapleton's level of knowledge and experience based on a number of factors, including his formal education and experience as a certified public accountant and past service as chief financial officer of a number of private companies and chairman of the audit committee for a public reporting company.

Report of the Audit Committee of the Board of Directors (1)

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2006 with management of the Company. The Audit Committee has discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from the independent accountants required by the Independence Standards Board Standard No. 1, (*Independence Discussions with Audit Committees*), as adopted by the PCAOB in Rule 3600T and has discussed with the independent accountants the independent accountant's independence. Based on the foregoing, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's transition report on Form 10-KSB for the period from April 1, 2006 to December 31, 2006.

Mr. John Pappajohn

Dr. Derace L. Schaffer

Mr. Daniel C. Lubin

(1) The material in this Report of the Audit Committee is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Compensation Committee

The Compensation Committee is composed of three directors: Messrs. Waxman, Pappajohn and Schaffer. All members of the Company's Compensation Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the NASDAQ listing standards. The current Compensation Committee was constituted following the merger of the Company with CCS Consolidated, and the committee did not separately meeting during the period from April 1, 2006 to December 31, 2006. The Compensation Committee has adopted a written charter that is available to stockholders on the Company's website at <http://www.careguide.com>.

11.

Edgar Filing: CAREGUIDE INC - Form DEF 14A

The Compensation Committee of the Board of Directors is authorized to act on behalf of the Board to review, recommend for adoption and oversee the Company's compensation strategy, policies, plans and programs, including:

establishment of corporate and individual performance objectives relevant to the compensation of the Company's executive officers and other senior management and evaluation of performance in light of these stated objectives;

review and recommendation to the Board for approval of the compensation and other terms of employment or service, including severance and change-in-control arrangements, of the Company's Chief Executive Officer and the other executive officers; and

administration of the Company's equity compensation plans.

The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of the Company, as well as authority to obtain, at the expense of the Company, advice and assistance from internal and external legal, accounting or other advisors and consultants and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. In particular, the Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms. The committee did not engage an outside compensation consultant in 2006.

In the case of executive compensation, the executive's compensation has been fixed on an annual basis in the executive's employment agreement, where the bonus is within the discretion of the Board of Directors and any equity-based compensation occurs sporadically rather than on an annual basis. The compensation of the Company's chief executive officer was recommended and approved by the Company's board of directors at the time of the PATY Merger. The compensation of the Company's other officers are approved by the Board of Directors after recommendation of the chief executive officer, which recommendation may be approved or rejected in the Board's sole discretion.

In the case of director compensation, except for Mr. Stapleton and Dr. Barber, directors are not paid a retainer or compensated for attendance at Board or committee meetings. Each of Mr. Stapleton and Dr. Barber were issued a warrant to purchase 100,000 shares of the Company's common stock in connection with their service as a director of the Company, which warrants vest over four years of service. In addition, these directors currently receive an \$8,000 annual retainer, payable in quarterly installments, for their service as directors.

In other words, the Company believes that the structure of its executive and director compensation has been fairly simple. For this reason, it has been the view of the Board of Directors that, while it had a standing Compensation Committee during the fiscal year ended December 31, 2006, decisions with respect to the compensation of executives and directors of the Company were made or ratified by the full Board. In the event that the stockholders of the Company approve the 2007 Equity Incentive Plan referenced in this proxy statement, the Board may authorize the Compensation Committee to oversee the administration of that plan.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for identifying, reviewing and evaluating candidates to serve as directors of the Company (consistent with criteria approved by the Board), reviewing and evaluating incumbent directors, recommending to the Board for selection candidates for election to the Board of Directors, making recommendations to the Board regarding the membership of the committees of the Board, assessing the performance of the Board, and developing a set of corporate governance principles

Edgar Filing: CAREGUIDE INC - Form DEF 14A

for the Company. The Nominating and Corporate Governance Committee is composed of five directors: Messrs. Waxman, Pacala, Lubin, Pappajohn and Schaffer. These directors comprised the full Board of Directors of the Company upon the closing of the PATY Merger. All members of the Nominating and Corporate Governance Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the NASDAQ listing standards). The Nominating and Corporate Governance Committee did not separately meet during the period

12.

from April 1, 2006, as each of the Company's directors then in office participated in the consideration of Mr. Stapleton and Dr. Barber as director nominees. As part of the Company's acquisition of Haelan in December 2006, the Company committed to elect one of the former directors of Haelan to the Company's Board of Directors upon the closing of the transaction. The Board unanimously approved the selection of Dr. Barber as the Haelan director. The Nominating and Corporate Governance Committee has adopted a written charter that is available to stockholders on the Company's website at <http://www.careguide.com>.

Despite the constitution of a separate Nominating and Corporate Governance Committee, the Board is primarily responsible for selecting nominees for election as directors. The Company currently believes that the Board is able to fully consider and select appropriate nominees for election to the Board without delegating that responsibility to a committee of independent directors or adopting formal procedures. Candidates have traditionally been recommended to the Board by one of the sitting directors. Candidates recommended by stockholders will be evaluated in the same manner as candidates recommended by others, although the Board may prefer candidates of good repute who are personally known to directors.

The process followed by the Board to identify and evaluate candidates includes (a) meetings to evaluate biographical information and background material relating to candidates and (b) interviews of selected candidates by members of the Board. Recommendations by the Board of candidates for inclusion in the Board slate of director nominees are based upon criteria such as business experience and skills, distinction in their activities, judgment, integrity, the ability to commit sufficient time and attention to the Board's activities and the absence of potential conflicts with the Company's interests. The Board also considers any other relevant factors that it may from time to time deem appropriate, including the current composition of the Board, the need for Audit Committee expertise and the evaluation of all prospective nominees. However, the Board retains the right to modify these qualifications from time to time. In the case of new director candidates, the Board also determines whether the nominee is independent for NASDAQ purposes, which determination is based upon applicable NASDAQ listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Board generally uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Board meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Historically, the Company has not provided a formal process related to stockholder communications with the Board. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been excellent. Nevertheless, during the upcoming year the Board intends to give consideration to the adoption of a formal process for stockholder communications with the Board and, if adopted, publish it promptly and post it to the Company's website.

CODE OF ETHICS

In August 2006, the Company's Board of Directors adopted the CareGuide, Inc. Code of Business Conduct and Ethics that applies to all officers, directors and employees. The Code of Business Conduct and Ethics is available on our corporate website at <http://www.careguide.com>. If the Company makes any substantive amendments to the Code of Business Conduct and Ethics or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website.

PROPOSAL 2

APPROVAL OF 2007 EQUITY INCENTIVE PLAN

In March 2007 the Board of Directors of the Company (the Board) adopted the Company's 2007 Equity Incentive Plan (the Incentive Plan), subject to stockholder approval. There are 7,000,000 shares of common stock reserved for issuance under the Incentive Plan.

As of the date of mailing this proxy statement, no awards covering any shares of the Company's common stock have been granted under the Incentive Plan, nor have any proposed grants been determined. All shares remain available for future grant under the Incentive Plan.

Stockholders are requested in this Proposal 2 to approve the Incentive Plan. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the Incentive Plan. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved. In the event that Proposal 3 described in this proxy statement requesting approval of an increase in the number of authorized shares of our common stock under our Certificate of Incorporation should fail to gain the vote of a majority of the outstanding shares of the Company's common stock in favor of such proposal, this Proposal 2 will be withdrawn, and the Incentive Plan will not go into effect until such time as a sufficient number of authorized shares of our common stock are available under our Certificate of Incorporation. At that time, we would once again seek stockholder approval of the Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF PROPOSAL 2.

The essential features of the Incentive Plan are outlined below, and the full text of the proposed Incentive Plan are set forth in Appendix A to this proxy statement.

GENERAL

The Incentive Plan provides for the grant of incentive stock options, nonstatutory stock options, stock appreciation rights, stock bonuses and restricted stock purchase awards (collectively awards). Incentive stock options granted under the Incentive Plan are intended to qualify as incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code). Nonstatutory stock options granted under the Incentive Plan are not intended to qualify as incentive stock options under the Code. Stock appreciation rights granted under the Incentive Plan may be tandem rights, concurrent rights or independent rights. See Federal Income Tax Information for a discussion of the tax treatment of awards. To date, the Company has granted only stock options under the Plan.

PURPOSE

The Board adopted the Incentive Plan to provide a means by which employees, directors and consultants of the Company and its affiliates may be given an opportunity to purchase stock in the Company, to assist in retaining the services of such persons, to secure and retain the services of persons capable of filling such positions and to provide incentives for such persons to exert maximum efforts for the success of the Company and its affiliates. All of the approximately 200 employees, directors and consultants of the Company and its affiliates are eligible to participate in the Incentive Plan.

ADMINISTRATION

The Board administers the Incentive Plan. Subject to the provisions of the Incentive Plan, the Board has the power to construe and interpret the Incentive Plan and to determine the persons to whom and the dates on which

14.

Edgar Filing: CAREGUIDE INC - Form DEF 14A

awards will be granted, the number of shares of common stock to be subject to each award, the time or times during the term of each award within which all or a portion of such award may be exercised, the exercise price, the type of consideration and other terms of the award.

The Board has the power to delegate administration of the Incentive Plan to a committee composed of not fewer than two members of the Board. In the discretion of the Board, a committee may consist solely of two or more outside directors in accordance with Section 162(m) of the Code or solely of two or more non-employee directors in accordance with Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Board has delegated administration of the Incentive Plan to the Compensation Committee of the Board. As used herein with respect to the Incentive Plan, the Board refers to any committee the Board appoints as well as to the Board itself.

The regulations under Section 162(m) of the Code require that the directors who serve as members of the committee must be outside directors. The Incentive Plan provides that, in the Board's discretion, directors serving on the committee may be outside directors within the meaning of Section 162(m). This limitation would exclude from the committee directors who are (i) current employees of the Company or an affiliate, (ii) former employees of the Company or an affiliate receiving compensation for past services (other than benefits under a tax-qualified pension Incentive Plan), (iii) current and former officers of the Company or an affiliate, (iv) directors currently receiving direct or indirect remuneration from the Company or an affiliate in any capacity (other than as a director), and (v) any other person who is otherwise not considered an outside director for purposes of Section 162(m).

STOCK SUBJECT TO THE INCENTIVE PLAN

An aggregate of 7,000,000 shares of common stock is reserved for issuance under the Incentive Plan. If awards granted under the Incentive Plan expire or otherwise terminate without being exercised, the shares of common stock not acquired pursuant to such awards again become available for issuance under the Incentive Plan. If the Company reacquires unvested stock issued under the Incentive Plan, the reacquired stock will again become available for reissuance under the Incentive Plan.

ELIGIBILITY

Incentive stock options and stock appreciation rights appurtenant thereto may be granted under the Incentive Plan only to employees (including officers) of the Company and its affiliates. Employees (including officers), directors, and consultants of both the Company and its affiliates are eligible to receive all other types of awards under the Incentive Plan.

No option may be granted under the Incentive Plan to any person who, at the time of the grant, owns (or is deemed to own) stock possessing more than 10% of the total combined voting power of the Company or any affiliate of the Company, unless the exercise price is at least 110% of the fair market value of the stock subject to the option on the date of grant and the term of the option does not exceed five years from the date of grant. Likewise, no restricted stock award may be granted under the Incentive Plan to any such 10% stockholder unless the exercise price is at least 100% of the fair market value of the stock subject to the award. In addition, the aggregate fair market value, determined at the time of grant, of the shares of common stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year (under the Incentive Plan and all other such plans of the Company and its affiliates) may not exceed \$100,000.

No person may be granted awards under the Incentive Plan exercisable for more than 1,000,000 shares of common stock during any calendar year (the Section 162(m) Limitation).

TERMS OF OPTIONS

The following is a description of the permissible terms of options under the Incentive Plan. Individual option grants may be more restrictive as to any or all of the permissible terms described below.

Exercise Price; Payment. The exercise price of incentive stock options may not be less than 100% of the fair market value of the stock subject to the option on the date of the grant and, in some cases (see Eligibility

above), may not be less than 110% of such fair market value. The exercise price of nonstatutory options may not be less than 85% of the fair market value of the stock on the date of grant and, in some cases (see Eligibility above), may not be less than 110% of such fair market value. If options were granted to covered executives with exercise prices below fair market value, deductions for compensation attributable to the exercise of such options could be limited by Section 162(m) of the Code. See Federal Income Tax Information. As of April 26, 2007 the closing price of the Company's common stock as reported on the Over-the-Counter Bulletin Board was \$0.30 per share.

The exercise price of options granted under the Incentive Plan must be paid either in cash at the time the option is exercised or, at the discretion of the Board, (i) by delivery of other common stock of the Company, (ii) pursuant to a deferred payment arrangement or (iii) in any other form of legal consideration acceptable to the Board.

Option Exercise. Options granted under the Incentive Plan may become exercisable in cumulative increments (vest) as determined by the Board or the Compensation Committee, based upon a participant's employment by, or service as a director or consultant to, the Company or an affiliate (collectively, service). The Board has the power to accelerate the time during which an option may vest or be exercised. In addition, options granted under the Incentive Plan may permit exercise prior to vesting, but in such event the participant may be required to enter into an early exercise stock purchase agreement that allows the Company to repurchase unvested shares, generally at their exercise price, should the participant's service terminate before vesting. To the extent provided by the terms of an option, a participant may satisfy any federal, state or local tax withholding obligation relating to the exercise of such option by a cash payment upon exercise, by authorizing the Company to withhold a portion of the stock otherwise issuable to the participant, by delivering already-owned common stock of the Company or by a combination of these means.

Term. The maximum term of options under the Incentive Plan is 10 years, except that in certain cases (see Eligibility) the maximum term is five years. Options under the Incentive Plan generally terminate three months after termination of the participant's service unless (i) such termination is due to the participant's permanent and total disability (as defined in the Code), in which case the option may, but need not, provide that it may be exercised (to the extent the option was exercisable at the time of the termination of service) at any time within 12 months of such termination; (ii) the participant dies before the participant's service has terminated, or within three months after termination of such service, in which case the option may, but need not, provide that it may be exercised (to the extent the option was exercisable at the time of the participant's death) within 18 months of the participant's death by the person or persons to whom the rights to such option pass by will or by the laws of descent and distribution; or (iii) the option by its terms specifically provides otherwise. A participant may designate a beneficiary who may exercise the option following the participant's death. Individual option grants by their terms may provide for exercise within a longer period of time following termination of service.

The option term generally is not extended in the event that exercise of the option within these periods is prohibited. A participant's option agreement may provide, however, that if the exercise of the option following the termination of the participant's service would result in liability under Section 16(b) of the Exchange Act, then the option shall terminate on the earlier of (i) the expiration of the term of the option or (ii) the 10th day after the last date on which such exercise would result in such liability under Section 16(b). A participant's option agreement also may provide that if the exercise of the option following the termination of the participant's service would be prohibited because the issuance of stock would violate the registration requirements under the Securities Act of 1933, as amended (the Securities Act), then the option will terminate on the earlier of (i) the expiration of the term of the option or (ii) three months after the termination of the participant's service during which the exercise of the option would not be in violation of such registration requirements.

TERMS OF STOCK BONUSES AND PURCHASES OF RESTRICTED STOCK

Payment. The Board determines the purchase price under a restricted stock purchase agreement but the purchase price may not be less than 85% of the fair market value of the Company's common stock on the date of purchase, except that in certain cases (see Eligibility) the purchase price must be at least 100% of such fair market value. The Board may award stock bonuses in consideration of past services without a purchase payment.

The purchase price of stock acquired pursuant to a restricted stock purchase agreement under the Incentive Plan must be paid either in cash at the time of purchase or, at the discretion of the Board, (i) by delivery of other common stock of the Company, (ii) pursuant to a deferred payment arrangement or (iii) in any other form of legal consideration acceptable to the Board.

Vesting. Shares of stock sold or awarded under the Incentive Plan may, but need not be, subject to a repurchase option in favor of the Company in accordance with a vesting schedule as determined by the Board. The Board has the power to accelerate the vesting of stock acquired pursuant to a restricted stock purchase agreement under the Incentive Plan.

Restrictions on Transfer. Rights under a stock bonus or restricted stock bonus agreement may not be transferred except where such assignment is required by law or expressly authorized by the terms of the applicable stock bonus or restricted stock purchase agreement.

STOCK APPRECIATION RIGHTS

The Incentive Plan authorizes three types of stock appreciation rights.

Tandem Stock Appreciation Rights. Tandem stock appreciation rights are tied to an underlying option and require the participant to elect whether to exercise the underlying option or to surrender the option for an appreciation distribution equal to the fair market value of the vested shares purchasable under the surrendered option less the aggregate exercise price payable for such shares. Appreciation distributions payable upon exercise of tandem stock appreciation rights must be made in cash.

Concurrent Stock Appreciation Rights. Concurrent stock appreciation rights are tied to an underlying option and are exercised automatically at the same time the underlying option is exercised. The participant receives an appreciation distribution equal to the fair market value of the vested shares purchased under the option less the aggregate exercise price payable for such shares. Appreciation distributions payable upon exercise of concurrent stock appreciation rights must be made in cash.

Independent Stock Appreciation Rights. Independent stock appreciation rights are granted independently of any option and entitle the participant to receive upon exercise an appreciation distribution equal to the fair market value of that number of shares equal to the number of share equivalents in which the participant is vested under the independent stock appreciation rights less the fair market value of such number of shares of stock on the date of grant of the independent stock appreciation rights. Appreciation distributions payable upon exercise of independent stock appreciation rights may, at the Board's discretion, be made in cash, in shares of stock or a combination thereof.

RESTRICTIONS ON TRANSFER

The participant may not transfer an incentive stock option otherwise than by will or by the laws of descent and distribution. During the lifetime of the participant, only the participant may exercise an incentive stock option. The Board may grant nonstatutory stock options that are transferable to the extent provided in the stock option agreement in certain limited instances. Shares subject to repurchase by the Company under an early exercise stock purchase agreement may be subject to restrictions on transfer that the Board deems appropriate.

ADJUSTMENT PROVISIONS

Transactions not involving receipt of consideration by the Company, such as a merger, consolidation, reorganization, stock dividend, or stock split, may change the type(s), class(es) and number of shares of common stock subject to the Incentive Plan and outstanding awards. In that event, the Incentive Plan will be appropriately adjusted as to the type(s), class(es) and the maximum number of shares of common stock subject to the Incentive Plan and the Section 162(m) Limitation, and outstanding awards will be adjusted as to the type(s), class(es), number of shares and price per share of common stock subject to such awards.

17.

EFFECT OF CERTAIN CORPORATE TRANSACTIONS

In the event of (i) the sale, lease, license or other disposition of all or substantially all of the assets of the Company, (ii) the sale or other disposition of all or substantially all of the outstanding securities of the Company, or (iii) certain specified types of merger, consolidation or similar transactions (collectively, "corporate transaction"), any surviving or acquiring corporation may continue or assume awards outstanding under the Incentive Plan or may substitute similar awards. If any surviving or acquiring corporation does not assume such awards or to substitute similar awards, then with respect to awards held by participants whose service with the Company or an affiliate has not terminated as of the effective date of the corporate transaction, the vesting of such awards (and, if applicable, the time during which such awards may be exercised) will be accelerated in full and the awards will terminate if not exercised (if applicable) at or prior to such effective date.

The acceleration of an award in the event of a corporate transaction or a change in control event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control of the Company.

DURATION, AMENDMENT AND TERMINATION

The Board may suspend or terminate the Incentive Plan without stockholder approval or ratification at any time or from time to time. Unless sooner terminated, the Incentive Plan will terminate on the date prior to the tenth anniversary of the date of approval by the Company's stockholders.

The Board may also amend the Incentive Plan at any time or from time to time. However, no amendment will be effective unless approved by the stockholders of the Company within 12 months before or after its adoption by the Board if the amendment would (i) modify the requirements as to eligibility for participation (to the extent such modification requires stockholder approval in order for the Incentive Plan to satisfy Section 422 of the Code, if applicable, or Rule 16b-3 of the Exchange Act); (ii) increase the number of shares reserved for issuance upon exercise of awards; or (iii) change any other provision of the Incentive Plan in any other way if such modification requires stockholder approval in order to comply with Rule 16b-3 of the Exchange Act or satisfy the requirements of Section 422 of the Code or any securities exchange listing requirements. The Board may submit any other amendment to the Incentive Plan for stockholder approval, including, but not limited to, amendments intended to satisfy the requirements of Section 162(m) of the Code regarding the exclusion of performance-based compensation from the limitation on the deductibility of compensation paid to certain employees.

FEDERAL INCOME TAX INFORMATION

Incentive Stock Options. Incentive stock options under the Incentive Plan are intended to be eligible for the favorable federal income tax treatment accorded incentive stock options under the Code.

There generally are no federal income tax consequences to the participant or the Company by reason of the grant or exercise of an incentive stock option. However, the exercise of an incentive stock option may increase the participant's alternative minimum tax liability, if any.

If a participant holds stock acquired through exercise of an incentive stock option for more than two years from the date on which the option is granted and more than one year from the date on which the shares are transferred to the participant upon exercise of the option, any gain or loss on a disposition of such stock will be a long-term capital gain or loss if the participant held the stock for more than one year.

Generally, if the participant disposes of the stock before the expiration of either of these holding periods (a "disqualifying disposition"), then at the time of disposition the participant will realize taxable ordinary income equal to the lesser of (i) the excess of the stock's fair market value on the date of exercise over the exercise price, or (ii) the participant's actual gain, if any, on the purchase and sale. The participant's additional gain or any loss upon the disqualifying disposition will be a capital gain or loss, which will be long-term or short-term depending on whether the stock was held for more than one year.

18.

To the extent the participant recognizes ordinary income by reason of a disqualifying disposition, the Company will generally be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to a corresponding business expense deduction in the tax year in which the disqualifying disposition occurs.

Nonstatutory Stock Options, Restricted Stock Purchase Awards and Stock Bonuses. Nonstatutory stock options, restricted stock purchase awards and stock bonuses granted under the Incentive Plan generally have the following federal income tax consequences.

There are no tax consequences to the participant or the Company by reason of the grant. Upon acquisition of the stock, the participant normally will recognize taxable ordinary income equal to the excess, if any, of the stock's fair market value on the acquisition date over the purchase price. However, to the extent the stock is subject to certain types of vesting restrictions, the taxable event will be delayed until the vesting restrictions lapse unless the participant elects to be taxed on receipt of the stock. With respect to employees, the Company is generally required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, the Company will generally be entitled to a business expense deduction equal to the taxable ordinary income realized by the participant.

Upon disposition of the stock, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon acquisition (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year. Slightly different rules may apply to participants who acquire stock subject to certain repurchase options or who are subject to Section 16(b) of the Exchange Act.

Stock Appreciation Rights. No taxable income is realized upon the receipt of a stock appreciation right, but upon exercise of the stock appreciation right the fair market value of the shares (or cash in lieu of shares) received must be treated as compensation taxable as ordinary income to the participant in the year of such exercise. Generally, with respect to employees, the Company is required to withhold from the payment made on exercise of the stock appreciation right or from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, Section 162(m) of the Code and the satisfaction of a reporting obligation, the Company will be entitled to a business expense deduction equal to the taxable ordinary income recognized by the participant.

Potential Limitation on Company Deductions. Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation to such covered employee exceeds \$1 million. It is possible that compensation attributable to awards, when combined with all other types of compensation received by a covered employee from the Company, may cause this limitation to be exceeded in any particular year.

Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. In accordance with Treasury Regulations issued under Section 162(m), compensation attributable to stock options and stock appreciation rights will qualify as performance-based compensation if the award is granted by a compensation committee comprised solely of outside directors and either (i) the plan contains a per-employee limitation on the number of shares for which such awards may be granted during a specified period, the per-employee limitation is approved by the stockholders, and the exercise price of the award is no less than the fair market value of the stock on the date of grant, or (ii) the award is granted (or exercisable) only upon the achievement (as certified in writing by the compensation committee) of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, and the award is approved by stockholders.

Awards to purchase restricted stock and stock bonus awards will qualify as performance-based compensation under the Treasury Regulations only if (i) the award is granted by a compensation committee comprised solely of outside directors, (ii) the award is granted (or exercisable) only upon the achievement of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, (iii) the compensation committee certifies in writing prior to the granting (or exercisability) of the award

that the performance goal has been satisfied and (iv) prior to the granting (or exercisability) of the award, stockholders have approved the material terms of the award (including the class of employees eligible for such award, the business criteria on which the performance goal is based, and the maximum amount or formula used to calculate the amount payable upon attainment of the performance goal).

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table provides certain information with respect to all of the Company's equity compensation plans in effect as of December 31, 2006.

Equity Compensation Plan Information

	Number of securities to be issued upon the exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders	327,628	\$2.83	-
Equity compensation plans not approved by security holders (1)(2)	2,588,826	\$0.64	880,760 (1)
Total	2,916,454	\$0.89	880,760

(1) The information presented in this table includes options in the CCS Consolidated, Inc. 2005 Equity Incentive Plan (the "2005 Plan") assumed by the Company in connection with the PATY Merger. The material terms of the 2005 Plan are described in Note 15 to the Company's consolidated financial statements contained in the Company's transition report filed with the Securities and Exchange Commission on Form 10-KSB for the period from April 1, 2006 to December 31, 2006. The 2005 Plan permits an aggregate of 2,280,050 shares of the Company's common stock to be issued under the plan. Based on the exchange ratio in the PATY Merger, the options to purchase stock of CCS Consolidated that were assumed by the Company in connection with the PATY Merger were options to purchase up to 1,399,290 shares of the Company's common stock, each with an exercise price of \$0.2337 per share of the Company's common stock. No equity awards have been issued by the Company under the 2005 Plan after the date of the PATY Merger, and as a result, up to 880,760 shares of the Company's common stock remain available for issuance under the 2005 Plan.

(2) The information included in this table also includes warrants granted to certain of the Company's executive officers, directors and third-party service providers under individual compensation arrangements, which warrants entitle the holders to purchase up to 1,189,536 shares of the Company's common stock in the aggregate. Of these shares, 100,000 shares are subject to warrants issued to current executive officers of the Company, 475,000 shares are subject to warrants issued to former executive officers of the Company, 175,000 shares are subject to warrants issued to current directors of the Company, 87,500 shares are subject to warrants issued to former directors of the Company, 307,036 shares are subject to warrants issued to a placement agent and its affiliates in connection with a private placement of the Company's common stock in 2006, and 45,000 shares are subject to warrants issued to former consultants to the Company. In each case, these warrants were issued pursuant to individual compensation arrangements. On January 25, 2006, in connection with the PATY Merger, the executive officers and directors of the Company prior to the merger exchanged outstanding stock options for immediately exercisable warrants to purchase an aggregate of 737,500 shares of common stock at \$0.95 per share. These warrants are exercisable through January 25, 2009. In November 2006, the Company issued a warrant to William Stapleton in connection with his becoming a director of the Company in August 2006. This warrant vests over four years, so long as Mr. Stapleton continues to provide service to the Company, is exercisable through August 2016, and has an exercise price of \$0.76 per share.

PROPOSAL 3

APPROVAL OF INCREASE IN NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

The Board of Directors is requesting stockholder approval of an amendment to the Company's Certificate of Incorporation to increase the Company's authorized number of shares of common stock from 80,000,000 shares to 100,000,000 shares.

The additional common stock to be authorized by adoption of the amendment would have rights identical to the currently outstanding common stock of the Company. Adoption of the proposed amendment and issuance of the common stock would not affect the rights of the holders of currently outstanding common stock of the Company, except for effects incidental to increasing the number of shares of the Company's common stock outstanding, such as dilution of the earnings per share and voting rights of current holders of common stock. If the amendment is adopted, it will become effective upon filing of a Certificate of Amendment of the Company's Certificate of Incorporation with the Secretary of State of the State of Delaware.

In addition to the 67,538,976 shares of common stock outstanding on December 31, 2006, the Board has reserved approximately 1,700,000 shares for issuance upon exercise of options and rights granted under the Company's stock option plans, and up to approximately 1,200,000 shares of common stock which may be issued upon exercise of warrants currently held by directors and executive officers of the Company and certain service providers. In addition, if Proposal 2 described in this proxy statement relating to our 2007 Equity Incentive Plan is approved, we will have reserved an additional 7,000,000 shares for issuance under the Incentive Plan.

In addition, in December 2006, the Company acquired Haelan Corporation and issued promissory notes to the former securityholders of that company in the aggregate principal amount of \$6,500,000, which notes are convertible by their terms into shares of the Company's common stock (the Convertible Notes), based on the average closing price of the common stock on the OTC Bulletin Board, or any exchange on which the Company's common stock is then traded, for the 20 consecutive trading days ending on the date prior to conversion (the Average Trading Price). The Convertible Notes carry an interest rate of 5% per year, compounding annually, and mature on December 8, 2009 (which may be accelerated in the event of a sale transaction). Subject to the terms of the Convertible Notes, the conversion price may be as low as \$1.00 per share and as high as \$1.50 per share. Assuming that the Convertible Notes are held until maturity and are convertible at \$1.00 per share, the Company estimates that it would need to issue approximately 7,500,000 shares of common stock to satisfy its obligations under the Convertible Notes. Under its current Certificate of Incorporation, the Company has a sufficient number of shares authorized in order to issue the maximum number of shares issuable upon conversion of the Convertible Notes. In the event that this Proposal 3 should fail to gain a majority of votes in favor of such proposal, the Company would be required to limit additional issuances of shares beyond the conversion of the Convertible Notes. As described further under Proposal 2 above, the Company's proposal to reserve 7,000,000 shares of its common stock for issuance under the Incentive Plan would be withdrawn, as sufficient shares would not be available for both the conversion of the Convertible Notes as described in this paragraph and the issuance of 7,000,000 shares under the Incentive Plan. Furthermore, under the terms of the Convertible Notes, they may be repaid in cash. To the extent that sufficient shares of common stock are not then available under the Certificate of Incorporation for conversion of the Convertible Notes in full, the Company could also elect to repay all or a portion of the Convertible Notes in cash rather than by the issuance of shares.

In the event that the Average Trading Price upon conversion of the Convertible Notes is at least \$1.50 per share, the Convertible Notes are automatically convertible into shares of the Company's common stock at a conversion price of \$1.50 per share. In this event, the Company would be required to issue approximately 5,000,000 shares of common stock to satisfy its obligations. Under its current Certificate of Incorporation, the Company has a sufficient number of shares authorized in order to satisfy its obligations under this scenario. In the event that this Proposal 3 should fail to gain a majority of votes in favor of such proposal, the Company would be required to limit additional issuances of shares beyond the conversion of the Convertible Notes. As described further under Proposal 2 above, the Company's proposal to reserve 7,000,000 shares of its common stock for issuance under the Incentive Plan would be withdrawn, as sufficient shares would not be available for the conversion of the Convertible Notes as described in this paragraph as well as for the issuance of 7,000,000 shares under the Incentive Plan.

The merger agreement with the Haelan securityholders also contains an earn-out provision under which the Company may be required to pay additional consideration, up to \$3,000,000, in the event that Haelan's revenues during the year ending December 31, 2007 exceed specified amounts. The earn-out consideration is payable by the Company in cash, although the Company may elect to pay up to two-thirds of any amounts due under this provision by the issuance of shares of common stock, with such shares being valued by reference to the average closing price of the Company's common stock for the 20 consecutive trading days ending on the last trading day before December 31, 2007. Therefore, the Company may desire to issue up to \$2,000,000 worth of common stock pursuant to the merger agreement to satisfy this potential obligation. While the exact number of shares to be issued cannot be determined at this time, based on the closing price of the Company's common stock as reported on the Over-the-Counter Bulletin Board on April 26, 2007 of \$0.30 per share, the Company could issue up to an additional 6,666,667 shares as earn-out consideration. In the event that this Proposal 3 should fail to gain a majority of votes in favor of such proposal, the existing authorized shares may only provide a portion of the potential common stock permitted to be issued to satisfy the earn-out. To the extent that sufficient shares of common stock are not then available under the Certificate of Incorporation to satisfy the earn-out in full, the Company would be forced to pay at least the remaining unavailable portion of any such earn-out in cash.

Although, at present, the Board of Directors has no other definitive plans to issue the additional shares of common stock, it desires to have the shares available to provide additional flexibility to use its capital stock for business and financial purposes in the future. The additional shares may be used for various purposes without further stockholder approval. These purposes may include: raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies, expanding the Company's business or product lines through the acquisition of other businesses or products, and other purposes.

The affirmative vote of the holders of a majority of the outstanding shares of the common stock will be required to approve this amendment to the Company's Certificate of Incorporation. As a result, abstentions and broker non-votes will have the same effect as negative votes.

PROPOSAL 4**RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

The Board of Directors has selected McGladrey & Pullen LLP as the Company's independent auditors for the fiscal year ending December 31, 2007 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. McGladrey & Pullen LLP has audited the Company's financial statements since the closing of the merger of the Company with CCS Consolidated, Inc. in January 2006 (the PATY Merger). Because the PATY Merger was accounted for as a reverse merger, the historical financial statements of CCS Consolidated became the historical financial statements of the Company upon the closing of the PATY Merger. McGladrey & Pullen LLP audited the financial statements of CCS Consolidated from April 2005 to the date of the PATY Merger.

Representatives of McGladrey & Pullen LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of McGladrey & Pullen LLP as the Company's independent auditors. However, the Board is submitting the selection of McGladrey & Pullen LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board or the Audit Committee of the Board, in its discretion, may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of McGladrey & Pullen LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

In connection with the audit of the 2006 financial statements, the Company entered into an engagement agreement with McGladrey & Pullen LLP which sets forth the terms by which McGladrey & Pullen LLP will perform audit services for the Company. That agreement is subject to alternative dispute resolution procedures and an exclusion of punitive damages.

The following table represents aggregate fees billed to the Company for the fiscal years ended December 31, 2006 and March 31, 2006, by McGladrey & Pullen LLP, the Company's principal accountant, and RSM McGladrey Inc., an affiliate of the Company's principal accountant. All such fees described below were approved by the Audit Committee.

	Nine Months Ended	Year Ended
	December 31, 2006	March 31, 2006
Audit Fees	\$408,000	\$404,700
Audit-related Fees (1)	\$12,500	35,700
Tax Fees (2)	-	10,000
All Other Fees	-	-
Total Fees	\$420,500	\$450,400

- (1) Audit-related fees represent fees for miscellaneous services relating to advice on accounting issues.
- (2) Tax fees represent fees for services relating to the preparation and review of federal and state income tax returns.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by our independent auditor, McGladrey & Pullen LLP. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services, and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual explicit case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

The Audit Committee has determined that the rendering of the services other than audit services by McGladrey & Pullen LLP is compatible with maintaining the principal accountant's independence.

(6) Amounts in this column represent compensation expense incurred during the referenced periods related to stock options or warrants held by the named executive officers. These amounts were calculated in accordance with the provisions of SFAS No. 123(R) under the modified prospective method, using a Black-Scholes pricing model and assuming no forfeiture of the awards granted to the named executive officers. For additional information regarding assumptions made by the Company in valuing equity awards under SFAS No. 123(R), see Note 2 to the Company's consolidated financial statements for the period ended December 31, 2006, included in the Company's transition report on Form 10-KSB for the period from April 1, 2006 to December 31, 2006.

EMPLOYMENT AGREEMENTS

As part of, and effective upon, the merger with CCS Consolidated in January 2006, the Company entered into employment agreements with each of Chris Paterson, Glen Spence, Roger Chaufournier, Christine St. Andre and Kent Tapper. During June 2006, the Company entered into an employment agreement with Rex Dendinger. In December 2006, in connection with the acquisition of Haelan Corporation, the Company entered into an employment agreement with Julie Meek. The material terms of each of these agreements are described below.

Roger Chaufournier and Christine St. Andre terminated their employment with the Company effective as of December 31, 2006.

Chris Paterson

Under the terms of Dr. Paterson's employment agreement, he is employed in the capacity of president and chief executive officer of the Company. His employment agreement had an initial one-year term, which is automatically renewed for additional one-year periods unless earlier terminated by the Company or Dr. Paterson. Dr. Paterson's base salary under the employment agreement is \$250,000 per year, and Dr. Paterson is eligible for a discretionary calendar year bonus in an amount up to 50% of his base salary, subject to his achievement of mutually agreed upon performance goals. In addition, Dr. Paterson is eligible for any other bonus payments as may be awarded by the Company's board of directors. Dr. Paterson's options to purchase shares of CCS Consolidated common stock were assumed by the Company at the closing of the PATY Merger, and the vesting of such options was partially accelerated so that one quarter of the shares underlying the options were vested as of the closing of the PATY Merger, with the remainder vesting in 36 equal monthly installments over the next three years. Dr. Paterson is also eligible to receive options to purchase shares of the Company's common stock under the Company's stock option plans on the same basis as similarly situated employees. The decision to grant any such options and the terms of such options will be within the discretion of the Company's board of directors.

In the event that Dr. Paterson's employment is terminated by the Company without cause or by Dr. Paterson for good reason (each as defined in his employment agreement), subject to Dr. Paterson's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Dr. Paterson will be entitled to receive: (i) severance payments equal to his then applicable base salary for a period of twelve months; (ii) a pro rated portion of any annual bonus that he would have received had he remained employed through the calendar year for which the bonus is calculated; and (iii) if he timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as he is receiving severance payments under the employment agreement (or until he is eligible for health care coverage under another employer's plan, whichever period is shorter).

Glen Spence

Under the terms of Mr. Spence's employment agreement, he is employed in the capacity of chief financial officer of the Company. His employment agreement had an initial one-year term, which is automatically renewed for additional one-year periods unless earlier terminated by the Company or Mr. Spence. Mr. Spence's base salary under the employment agreement is \$215,000 per year, and Mr. Spence is eligible for a discretionary calendar year bonus in an amount up to 20% of his base salary, subject to his achievement of mutually agreed upon performance goals. In addition, Mr. Spence is eligible for any other bonus payments as may be awarded by the Company's board of directors. Certain of Mr. Spence's options to purchase shares of CCS Consolidated common stock were assumed by the Company at the closing of the PATY Merger, and the vesting of such options was partially accelerated so that one quarter of the shares underlying the options were vested as of the closing of the PATY Merger, with the remainder vesting in 36 equal monthly installments over the next three years. Mr. Spence is also eligible to receive

Edgar Filing: CAREGUIDE INC - Form DEF 14A

options to purchase shares of the Company's common stock under the Company's stock option plans on the same basis as similarly situated employees. The decision to grant any such options and the terms of such options will be within the discretion of the Company's board of directors.

In the event that Mr. Spence's employment is terminated by the Company without cause or by Mr. Spence for good reason (each as defined in his employment agreement), subject to Mr. Spence's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Mr. Spence will be entitled to

receive: (i) severance payments equal to his then applicable base salary for a period of six months; (ii) a pro rated portion of any annual bonus that he would have received had he remained employed through the calendar year for which the bonus is calculated; and (iii) if he timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as he is receiving severance payments under the employment agreement (or until he is eligible for health care coverage under another employer's plan, whichever period is shorter).

Julie Meek

Under the terms of Dr. Meek's employment agreement, she is employed in the capacity of chief science officer of the Company. In April 2007, she assumed the position of Executive Vice President and Chief Operating Officer of the Company. Her employment agreement has an initial one-year term, which automatically renews for additional one-year periods unless earlier terminated by the Registrant or Dr. Meek. Dr. Meek's base salary under the employment agreement was \$200,000 per year as of January 1, 2007 and was increased to \$215,000 in April 2007, and Dr. Meek is eligible for a discretionary calendar year bonus in an amount up to 20% of her base salary, subject to her achievement of mutually agreed upon performance goals to be established within the first 60 days of each calendar year. In addition, Dr. Meek is eligible for any other bonus payments as may be awarded by the Company's board of directors. Dr. Meek is also eligible to receive options to purchase shares of the Company's common stock under the Company's stock option plans on the same basis as similarly situated employees. The decision to grant any such options and the terms of such options will be within the discretion of the Company's board of directors.

In the event that Dr. Meek's employment is terminated by the Company without cause or by Dr. Meek for good reason (each as defined in her employment agreement), subject to Dr. Meek's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Dr. Meek will be entitled to receive: (i) severance payments equal to her then applicable base salary for a period of six months; (ii) a pro rated portion of any annual bonus that she would have received had she remained employed through the calendar year for which the bonus is calculated; and (iii) if she timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as she is receiving severance payments under the employment agreement (or until she is eligible for health care coverage under another employer's plan, whichever period is shorter).

Rex Dendinger III

Under the terms of Mr. Dendinger's employment agreement, he is employed in the capacity of chief information officer and senior vice president of the Company. His employment agreement has an initial one year term, which automatically renews for additional one-year periods unless earlier terminated by the Company or Mr. Dendinger. Mr. Dendinger's base salary under the employment agreement is \$168,000 per year, and Mr. Dendinger is eligible for a discretionary calendar year bonus in an amount up to 20% of his base salary, subject to his achievement of mutually agreed upon performance goals. In addition, Mr. Dendinger is eligible for any other bonus payments as may be awarded by the Company's board of directors. Mr. Dendinger is also eligible to receive options to purchase shares of the Company's common stock under the Company's stock option plans on the same basis as similarly situated employees. The decision to grant any such options and the terms of such options will be within the discretion of the Company's board of directors.

In the event that Mr. Dendinger's employment is terminated by the Company without cause or by Mr. Dendinger for good reason (each as defined in his employment agreement), subject to Mr. Dendinger's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Mr. Dendinger will be entitled to receive: (i) severance payments equal to his then applicable base salary for a period of six months; (ii) a pro rated portion of any annual bonus that he would have received had he remained employed through the calendar year for which the bonus is calculated; and (iii) if he timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as he is receiving severance payments under the employment agreement (or until he is eligible for health care coverage under another employer's plan, whichever period is shorter).

Kent Tapper

Under the terms of Mr. Tapper's employment agreement, he is employed in the capacity of Vice President of Finance, Sarbanes-Oxley and SEC Compliance, reporting to the chief financial officer of the Company. His employment agreement had an initial one year term, which is automatically renewed for additional one-year periods unless earlier terminated by the Company or Mr. Tapper. Mr. Tapper's base salary under the employment agreement is \$175,000 per year, and Mr. Tapper is eligible for any other bonus payments as may be awarded by the Company's board of directors. In addition, Mr. Tapper is eligible to receive options to purchase shares of the Company's common stock under the Company's stock option plans on the same basis as similarly situated employees. The decision to grant any such options and the terms of such options will be within the discretion of the Company's board of directors.

In the event that Mr. Tapper's employment is terminated by the Company without cause or by Mr. Tapper for good reason (each as defined in his employment agreement), subject to Mr. Tapper's entering into and not revoking a separation agreement and release in a form acceptable to the Company, Mr. Tapper will be entitled to receive: (i) severance payments equal to his then applicable base salary for a period of six months; (ii) a pro rated portion of any annual bonus that he would have received had he remained employed through the calendar year for which the bonus is calculated; and (iii) if he timely elects and remains eligible for continued coverage under COBRA, that portion of the COBRA premiums that the Company was paying prior to the date of termination for as long as he is receiving severance payments under the employment agreement (or until he is eligible for health care coverage under another employer's plan, whichever period is shorter).

OUTSTANDING EQUITY AWARDS AT DECEMBER 31, 2006

The following table shows for the fiscal year ended December 31, 2006, certain information regarding outstanding equity awards at fiscal year end for the Named Executive Officers.

(1) Options represent the assumption, in connection with the merger between the Company and CCS Consolidated in January 2006, of an option previously granted to the optionee in April 2005 to purchase common stock of CCS Consolidated. The exercise price of the option at the time of grant was equal to the fair market value of CCS Consolidated's common stock on the date of grant, as determined in good faith by its board of directors. The number of shares was calculated based upon the exchange ratio in the merger. On the merger closing date of January 25, 2006, the closing price of the Company's common stock was \$1.06 per share. Each stock option is immediately exercisable, but any exercise prior to vesting would require the optionee to execute an early exercise stock purchase agreement and subject the unvested portion of any shares received upon exercise to a repurchase right in favor of the Company. Each option was accelerated in connection with the merger in part so that it was 25% vested as of January 25, 2006 and shall vest in 36 equal monthly installments thereafter.

(2) On January 25, 2006, options held by Mr. Chaufournier to purchase up to 433,332 shares of the Company's common stock and options held by Ms. St Andre to purchase up to 200,000 shares of the Company's common stock were each cancelled in exchange for a warrant to purchase the reported number of shares of common stock at an exercise price of \$0.95 per share. The exercise price of each warrant was equal to 90% of the closing price of the Company's common stock on the date of grant, which was \$1.06 per share.

OPTION EXERCISES AND STOCK VESTED

There were no option exercises or vesting of stock awards or similar investments during the period from January 1, 2006 to December 31, 2006 with respect to the Named Executive Officers.

POST-EMPLOYMENT COMPENSATION

The Company does not maintain any plans providing for payment or other benefits at, following, or in connection with retirement other than a 401(k) plan made available to all employees.

The Company does not maintain any non-qualified deferred compensation plans.

DIRECTOR COMPENSATION

The following table below, for the fiscal period from April 1, 2006 to December 31, 2006, sets forth certain information with respect to the compensation of all non-employee directors of the Company. Except with respect to Mr. Stapleton and Dr. Barber, the Company did not pay any fees to directors as retainers or for attendance at board or committee meetings, and the Company does not currently pay any fees for service as chairman of the board or any committee. The Company entered into an individual arrangements with Mr. Stapleton and Dr. Barber under which they are to receive an \$8,000 annual retainer, payable in quarterly installments, for service as a director and, in the case of Mr. Stapleton, chairman of the Audit Committee. The Company does not have any other formal policy with respect to compensation of directors. The Company does, however, reimburse directors for expenses incurred in attending meetings of the board and other events attended on behalf of and at the request of the Company.

During 2006, Dr. Waxman and Messrs. Pacala and Lubin became directors of the Company as a result of the Company's merger with CCS Consolidated. As a result of the merger, each of the funds with which these directors are associated became significant stockholders of the Company, and the board of directors determined that no further compensation for director service was appropriate. Subsequent to the merger, the board appointed each of Mr. Stapleton and Dr. Barber to fill the remaining vacancies on the board. As outside directors, the board of directors awarded each of Mr. Stapleton and Dr. Barber warrants to purchase up to 100,000 shares of the Company's common stock at an exercise price equal to the closing price of the Company's common stock on the Over-the-Counter Bulletin Board on the date of approval of the grant. These warrants each have a 10-year term and vest over four years from the date each director joined the board.

As described elsewhere in this proxy statement, in March 2007, the Company's board of directors approved a 2007 Equity Incentive Plan, subject to approval by the Company's stockholders. If so approved, directors of the Company would be eligible to receive awards under that plan.

Edgar Filing: CAREGUIDE INC - Form DEF 14A

(3) Mr. Stapleton became a director of the Company in August 2006. In connection with his appointment, Mr. Stapleton is entitled to receive an \$8,000 annual retainer. (4) Dr. Barber became a director of the Company in December 2006 in connection with the acquisition of Haelan Corporation. In connection with his appointment, Dr. Barber is entitled to receive an \$8,000 annual retainer. In March 2007 the Company granted Dr. Barber a warrant to purchase 100,000 shares of common stock.

TRANSACTIONS WITH RELATED PERSONS

Investor Guarantees of Company Indebtedness

In connection with the a merger between the Company and CCS Consolidated, Inc., in January 2006, the Company assumed obligations under a line of credit arrangement with Comerica Bank. The satisfaction of the obligations of the Company under the line of credit have been guaranteed by certain of the Company's stockholders. Mark Pacala, Daniel Lubin and Albert Waxman, respectively, are members of the Company's Board of Directors and are managing directors and general partners of entities affiliated with Essex Woodlands Health Ventures, Radius Venture Partners and Psilos Group Partners, respectively, who are among the stockholders who have guaranteed the Company's obligations under the line of credit. Each of these entities also owns in excess of 5% of the Company's outstanding capital stock. Hickory Venture Capital Corporation, an entity that also owns in excess of 5% of the Company's outstanding capital stock, is also a guarantor of the Company's obligations under this arrangement.

In exchange for delivering guarantees to Comerica Bank to satisfy the Company's obligations under the line of credit, these institutional stockholders were issued warrants to purchase shares of the Company's common stock. These warrants had a nominal exercise price and vested through November 2006, based upon the portion of the \$8,000,000 line of credit that had been borrowed and for which each stockholder was responsible under its guarantee. The outstanding balance under the line of credit was the maximum \$8,000,000 during the vesting period of the warrants, and therefore in November 2006 the warrants vested in full. In November 2006, each holder of the warrants exercised its warrant in full by cash payment of the aggregate exercise price. The shares underlying these warrants had been placed into escrow at the closing of the merger transaction, and therefore no new shares were issued upon exercise. Upon exercise of these warrants, Essex Woodlands Health Ventures, Radius Venture Partners, Psilos Group Partners and Hickory Venture Capital Corporation received 1,431,072, 216,710, 646,189 and 858,170 shares, respectively, from the escrow account. Based upon the closing price of the Company's common stock on the Over-the-Counter Bulletin Board on April 26, 2007, these shares had a value of \$429,322, \$65,013, \$193,857 and \$257,451, respectively.

Letter Agreement with Psilos Group Partners

In September 2005, the Company entered into a letter agreement with an entity affiliated with Psilos Group Partners, of which Dr. Waxman is a managing member. Under this letter agreement, a success fee may be payable by the Company to Psilos upon the occurrence of certain events or the passage of time. The letter agreement became effective in January 2006 upon the closing of the merger transaction with CCS Consolidated. A fee would be payable to Psilos upon the earliest to occur of the following:

any consolidation or merger of the Company with or into any other corporation or other entity or person, or any other corporate reorganization, in which the capital stock of the Company immediately prior to such consolidation, merger or reorganization, represents less than 50% of the voting power of the surviving entity (or, if the surviving entity is a wholly owned subsidiary, its parent) immediately after such consolidation, merger or reorganization;

any transaction or series of related transactions to which the Company is a party in which in excess of fifty percent (50%) of the Company's voting power is transferred;

a sale, lease, exclusive license or other disposition of all or substantially all of the assets of the Company; or

Edgar Filing: CAREGUIDE INC - Form DEF 14A

the filing of a registration statement under the Securities Act of 1933, as amended, relating to an underwritten public offering of common stock to be issued by the Company in which Psilos is permitted to participate as a selling stockholder.

In addition, if none of the events described above have occurred by July 25, 2007, the success fee will become payable as of such date.

The amount of the fee, if any, is dependent upon the value of the Company's common stock at the time of determination, multiplied by a pre-determined factor of 65%. In the event that the resulting valuation of the Company, based upon the number of shares of the Company's common stock outstanding at such time, is less than \$35,000,000, no fee will be paid. In the event that such resulting valuation exceeds \$35,000,000, Psilos will be entitled to 10% of such excess, provided that in no event shall the fee exceed \$500,000.

At the closing of the merger with CCS Consolidated, the Company issued 516,796 shares of its common stock into escrow to be used for satisfaction of the fee, if any. The fee, if any, will be payable by releasing a number of these escrowed shares of the Company's common stock with a fair market value equal to the bonus payment. If the valuation of the Company at the time of determination is such that not all of the shares in the escrow account are released to Psilos as payment, any remaining shares will be released pro rata to all of the former stockholders of CCS Consolidated, which would include each of Essex Woodlands Health Ventures, Radius Venture Partners and Psilos Group Partners. Based upon the closing price of the Company's common stock on the Over-the-Counter Bulletin Board on April 26, 2007, the implied valuation of the Company, when multiplied by the 65% factor set forth in the letter agreement, would be less than \$35,000,000. In the event that this remains the case as of July 25, 2007, it is expected that all of the 516,796 shares of the Company's common stock will be released from escrow to all of the former stockholders of CCS Consolidated, based upon their pro rata ownership of CCS Consolidated at the time of the closing of the merger.

Issuance of Convertible Promissory Notes in Acquisition of Haelan Corporation

In connection with the acquisition of Haelan Corporation in December 2006, all outstanding securities of Haelan were exchanged for promissory notes convertible, in certain circumstances, into shares of the Company's common stock. The convertible promissory notes have an aggregate face value of \$6.5 million and are subordinated to the rights of the Company's senior lender under its line of credit facility. As shareholders of Haelan prior to the acquisition, Michael Barber, a director of the Company, and Julie Meek, the Company's Chief Science Officer, received promissory notes in the principal amount of \$848,103 and \$1,021,070, respectively, on the same terms as all of the other securityholders of Haelan. Dr. Barber joined the Company's board of directors upon the closing of the acquisition, and Dr. Meek became an executive officer of the Company upon the closing of the acquisition.

The merger agreement with Haelan also contains an earn-out provision under which the Company will be required to pay additional amounts to the former Haelan securityholders in the event that Haelan's revenues, as the Company's subsidiary, during the year ending December 31, 2007 exceed \$4.38 million. For each dollar of revenue above this target, the Company will pay \$1.875, up to a maximum of \$3.0 million in the aggregate in the event that Haelan's revenues for 2007 equal or exceed \$5.98 million. The \$3.0 million maximum amount will also be payable by the Company in the event of a sale transaction involving the Company that is consummated on or before December 31, 2007. Based upon Dr. Barber's and Dr. Meek's respective ownership of Haelan stock, they could receive additional payments of \$391,432 and \$471,263, respectively, in the event that the maximum earn-out consideration is required to be paid by the Company.

Purchase of Software from HealthEdge Software, Inc.

In November 2006, the Company entered into a three-year agreement with HealthEdge Software, Inc. under which HealthEdge provides its software application to the Company and hosting services relating to the application. The fees paid by the Company to HealthEdge are currently approximately \$72,000 per month, subject to increase over the life of the agreement. Affiliates of Psilos Group Partners, one of the Company's largest stockholders, are controlling stockholders of HealthEdge, and Dr. Waxman, the chairman of the Company's board of directors, is a managing director of Psilos and also serves on HealthEdge's board of directors. Dr. Waxman may be deemed to have an indirect interest in this transaction to the extent of his pecuniary interest in Psilos. The Company's agreement with HealthEdge was approved by the Company's board of directors, with Dr. Waxman recusing himself from the discussion and vote, after disclosure of Dr. Waxman's potential interest to the other directors.

Transactions Involving American CareSource Holdings

As described in the Company's filings with the SEC, in December 2005, the Company effected a spin-off of American CareSource Holdings, Inc., its former subsidiary. Mr. Pappajohn and Dr. Schaffer, two of the

Company's directors, are also directors of and holders of in excess of 5% of the outstanding voting stock of American CareSource Holdings. Principal Life Insurance, a holder of over 5% of the Company's outstanding voting stock, is also a holder of in excess of 5% of the outstanding voting stock of American CareSource Holdings. As part of the merger between the Company and CCS Consolidated, Inc. in January 2006, American CareSource Holdings issued a promissory note to the Company. The principal amount of the promissory note, and all accrued but unpaid interest thereon, were repaid to the Company in February 2007 in the amount of approximately \$300,000.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are CareGuide stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker. Direct your written request to CareGuide, Inc., Attn: Corporate Secretary, 4401 N.W. 124th Avenue, Coral Springs, FL 33065, telephone number (954) 796-3714. Stockholders who currently receive multiple copies of the proxy statement at their addresses and would like to request householding of their communications should contact their brokers.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

1. General.

- (a) **Eligible Award Recipients.** The persons eligible to receive Awards are Employees, Directors and Consultants.
- (b) **Available Awards.** The Plan provides for the grant of the following Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Restricted Stock Awards, (iv) Restricted Stock Unit Awards, (v) Stock Appreciation Rights, (vi) Performance Stock Awards, and (vii) Other Stock Awards.
- (c) **General Purpose.** The Company, by means of the Plan, seeks to secure and retain the services of the group of persons eligible to receive Awards as set forth in Section 1(a), to provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and to provide a means by which such eligible recipients may be given an opportunity to benefit from increases in value of the Common Stock through the granting of Stock Awards.

2. Administration.

- (a) **Administration by Board.** The Board shall administer the Plan unless and until the Board delegates administration of the Plan to a Committee or Committees, as provided in Section 2(c).
- (b) **Powers of Board.** The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:
- (i) To determine from time to time (A) which of the persons eligible under the Plan shall be granted Awards; (B) when and how each Award shall be granted; (C) what type or combination of types of Award shall be granted; (D) the provisions of each Award granted (which need not be identical), including the time or times when a person shall be permitted to receive cash or Common Stock pursuant to a Stock Award; and (E) the number of shares of Common Stock with respect to which a Stock Award shall be granted to each such person.
- (ii) To construe and interpret the Plan and Awards, and to establish, amend and revoke rules and regulations for the Plan's administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Stock Award Agreement in a manner and to the extent it shall deem necessary or expedient to make the Plan or Award fully effective.
- (iii) To settle all controversies regarding the Plan and Awards.
- (iv) To accelerate the time at which a Stock Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest.
- (v) To suspend or terminate the Plan at any time. Suspension or termination of the Plan shall not impair rights and obligations under any Stock Award granted while the Plan is in effect except with the written consent of the affected Participant.
- (vi) To amend the Plan in any respect the Board deems necessary or advisable, including, without limitation, relating to Incentive Stock Options and certain nonqualified deferred compensation under Section 409A of the Code and to bring the Plan and/or Stock Awards into compliance therewith, subject to the

1.

Appendix A

limitations, if any, of applicable law. However, except as provided in Section 9(a) relating to Capitalization Adjustments, stockholder approval shall be required for any amendment of the Plan that either (A) materially increases the number of shares of Common Stock available for issuance under the Plan, (B) materially expands the class of individuals eligible to receive Awards under the Plan, (C) materially increases the benefits accruing to Participants under the Plan or materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, (D) materially extends the term of the Plan, or (E) expands the types of Awards available for issuance under the Plan, but only to the extent required by applicable law or listing requirements. Except as provided above, rights under any Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(vii) To submit any amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of (A) Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to Covered Employees, (B) Section 422 of the Code regarding incentive stock options or (C) Rule 16b-3.

(viii) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided however*, that the Participant's rights under any Award shall not be impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing. Notwithstanding the foregoing, subject to the limitations of applicable law, if any, and without the affected Participant's consent, the Board may amend the terms of any one or more Awards if necessary to maintain the qualified status of the Award as an Incentive Stock Option or to bring the Award into compliance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued or amended after the Effective Date.

(ix) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(x) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States.

(xi) To effect, at any time and from time to time, with the consent of any adversely affected Optionholder, (A) the reduction of the exercise price of any outstanding Option under the Plan; (B) the cancellation of any outstanding Option under the Plan and the grant in substitution therefor of (1) a new Option under the Plan or another equity plan of the Company covering the same or a different number of shares of Common Stock, (2) a Restricted Stock Award (including a stock bonus), (3) a Stock Appreciation Right, (4) Restricted Stock Unit, (5) an Other Stock Award, (6) cash and/or (7) other valuable consideration (as determined by the Board, in its sole discretion); or (C) any other action that is treated as a repricing under generally accepted accounting principles.

(c) Delegation to Committee.

(i) General. The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revert in the Board some or all of the powers previously delegated to the Committee, Committees, subcommittee or subcommittees.

Appendix A

(ii) Section 162(m) and Rule 16b-3 Compliance. In the sole discretion of the Board, the Committee may consist solely of two (2) or more Outside Directors, in accordance with Section 162(m) of the Code, or solely of two (2) or more Non-Employee Directors, in accordance with Rule 16b-3. In addition, the Board or the Committee, in its sole discretion, may (A) delegate to a Committee which need not consist of Outside Directors the authority to grant Awards to eligible persons who are either (1) not then Covered Employees and are not expected to be Covered Employees at the time of recognition of income resulting from such Stock Award, or (2) not persons with respect to whom the Company wishes to comply with Section 162(m) of the Code, or (B) delegate to a Committee which need not consist of Non-Employee Directors the authority to grant Stock Awards to eligible persons who are not then subject to Section 16 of the Exchange Act.

(d) Delegation to an Officer. The Board may delegate to one (1) or more Officers the authority to do one or both of the following (i) designate Employees who are not Officers to be recipients of Options (and, to the extent permitted by applicable law, other Stock Awards) and the terms thereof, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such Employees; *provided, however*, that the Board resolutions regarding such delegation shall specify the total number of shares of Common Stock that may be subject to the Stock Awards granted by such Officer and that such Officer may not grant a Stock Award to himself or herself. Notwithstanding anything to the contrary in this Section 2(d), the Board may not delegate to an Officer authority to determine the Fair Market Value pursuant to Section 13(v)(ii) below.

(e) Effect of Board's Decision. All determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons.

3. Shares Subject to the Plan.

(a) Subject to the provisions of Section 9 relating to adjustments upon changes in stock, the aggregate number of shares of Common Stock of the Company that may be issued pursuant to Stock Awards after the Effective Date shall not exceed seven million (7,000,000) shares. For this purpose, the term **Calculation Date** means December 31 of the immediately preceding fiscal year of the Company. Notwithstanding the foregoing, the Board may act, prior to the first day of any fiscal year of the Company, to increase the share reserve by such number of shares of Common Stock as the Board shall determine, which number shall be less than each of (i) and (ii). For clarity, the limitation in this subsection 3(a) is a limitation in the number of shares of Common Stock that may be issued pursuant to the Plan. Accordingly, this subsection 3(a) does not limit the granting of Stock Awards except as provided in subsection 7(a). Shares may be issued in connection with a merger or acquisition as permitted by NASD Rule 4350(i)(1)(A)(iii) or, if applicable, NYSE Listed Company Manual Section 303A.08, or AMEX Company Guide Section 711 and such issuance shall not reduce the number of shares available for issuance under the Plan. Furthermore, if a Stock Award (i) expires or otherwise terminates without having been exercised in full or (ii) is settled in cash (*i.e.*, the holder of the Stock Award receives cash rather than stock), such expiration, termination or settlement shall not reduce (or otherwise offset) the number of shares Common Stock that may be issued pursuant to the Plan.

(b) If any shares of common stock issued pursuant to a Stock Award are forfeited back to the Company because of the failure to meet a contingency or condition required to vest such shares in the Participant, then the shares which are forfeited shall revert to and again become available for issuance under the Plan. Also, any shares reacquired by the Company pursuant to subsection 8(g) or as consideration for the exercise of an Option shall again become available for issuance under the Plan. Notwithstanding the provisions of this subsection 3(b), any such shares shall not be subsequently issued pursuant to the exercise of Incentive Stock Options.

(c) Incentive Stock Option Limit. Notwithstanding anything to the contrary in this Section 3(d), subject to the provisions of Section 9(a) relating to Capitalization Adjustments the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options shall be seven million (7,000,000) shares of Common Stock.

(d) Section 162(m) Limitation on Annual Grants. Subject to the provisions of Section 9(a) relating to Capitalization Adjustments, at such time as the Company may be subject to the applicable provisions of Section 162(m) of the Code, no Employee shall be eligible to be granted during any calendar year Stock Awards whose

3.

Appendix A

value is determined by reference to an increase over an exercise or strike price of at least one hundred percent (100%) of the Fair Market Value on the date the Stock Award is granted covering more than one million (1,000,000) shares of Common Stock.

(e) **Source of Shares.** The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the market or otherwise.

4. Eligibility.

(a) **Eligibility for Specific Stock Awards.** Incentive Stock Options may be granted only to employees of the Company or a parent corporation or subsidiary corporation (as such terms are defined in Sections 424(e) and (f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants.

(b) **Ten Percent Stockholders.** A Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

(c) **Consultants.** A Consultant shall be eligible for the grant of a Stock Award only if, at the time of grant, a Form S-8 Registration Statement under the Securities Act (*Form S-8*) is available to register either the offer or the sale of the Company's securities to such Consultant because of the nature of the services that the Consultant is providing to the Company, because the Consultant is a natural person, or because of any other rule governing the use of Form S-8.

5. Option Provisions.

Each Option shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates shall be issued for shares of Common Stock purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, then the Option shall be a Nonstatutory Stock Option. The provisions of separate Options need not be identical; *provided, however*, that each Option Agreement shall include (through incorporation of provisions hereof by reference in the Option Agreement or otherwise) the substance of each of the following provisions:

(a) **Term.** Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, no Option shall be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Option Agreement.

(b) **Exercise Price.** Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, the exercise price of each Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Option may be granted with an exercise price lower than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option if such Option is granted pursuant to an assumption of or substitution for another option in a manner consistent with the provisions of Section 424(a) of the Code (whether or not such options are Incentive Stock Options).

(c) **Consideration.** The purchase price of Common Stock acquired pursuant to the exercise of an Option shall be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board shall have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The methods of payment permitted by this Section 6(c) are:

- (i) by cash, check, bank draft or money order payable to the Company;

Appendix A

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;

(iv) by a net exercise arrangement pursuant to which the Company will reduce the number of shares of Common Stock issued upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, that the Company shall accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued; *provided, further*, that shares of Common Stock will no longer be outstanding under an Option and will not be exercisable thereafter to the extent that (A) shares are used to pay the exercise price pursuant to the net exercise, (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board.

(d) **Transferability of Options.** The Board may, in its sole discretion, impose such limitations on the transferability of Options as the Board shall determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options shall apply:

(i) **Restrictions on Transfer.** An Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder; *provided, however*, that the Board may, in its sole discretion, permit transfer of the Option in a manner consistent with applicable tax and securities laws upon the Optionholder's request.

(ii) **Domestic Relations Orders.** Notwithstanding the foregoing, an Option may be transferred pursuant to a domestic relations order, *provided, however*, that an Incentive Stock Option may be deemed to be a Nonqualified Stock Option as a result of such transfer.

(iii) **Beneficiary Designation.** Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form provided by or otherwise satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be the beneficiary of an Option with the right to exercise the Option and receive the Common Stock or other consideration resulting from an Option exercise.

(e) **Vesting Generally.** The total number of shares of Common Stock subject to an Option may vest and therefore become exercisable in periodic installments that may or may not be equal. The Option may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of Performance Goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options may vary. The provisions of this Section 5(e) are subject to any Option provisions governing the minimum number of shares of Common Stock as to which an Option may be exercised.

(f) **Termination of Continuous Service.** Except as otherwise provided in the applicable Option Agreement or other agreement between the Optionholder and the Company, in the event that an Optionholder's Continuous Service terminates (other than for Cause or upon the Optionholder's death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service) but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Optionholder's Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

Appendix A

(g) Extension of Termination Date. An Optionholder's Option Agreement may provide that if the exercise of the Option following the termination of the Optionholder's Continuous Service (other than for Cause or upon the Optionholder's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option shall terminate on the earlier of (i) the expiration of a period of three (3) months after the termination of the Optionholder's Continuous Service during which the exercise of the Option would not be in violation of such registration requirements, or (ii) the expiration of the term of the Option as set forth in the Option Agreement.

(h) Disability of Optionholder. In the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(i) Death of Optionholder. In the event that (i) an Optionholder's Continuous Service terminates as a result of the Optionholder's death, or (ii) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder's Continuous Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated as the beneficiary of the Option upon the Optionholder's death, but only within the period ending on the earlier of (A) the date eighteen (18) months following the date of death (or such longer or shorter period specified in the Option Agreement), or (B) the expiration of the term of such Option as set forth in the Option Agreement. If, after the Optionholder's death, the Option is not exercised within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate. If the Optionholder designates a third party beneficiary of the Option in accordance with Section 5(d)(iii), then upon the death of the Optionholder such designated beneficiary shall have the sole right to exercise the Option and receive the Common Stock or other consideration resulting from an Option exercise.

(j) Termination for Cause. Except as explicitly provided otherwise in an Optionholder's Option Agreement, in the event that an Optionholder's Continuous Service is terminated for Cause, the Option shall terminate upon the termination date of such Optionholder's Continuous Service, and the Optionholder shall be prohibited from exercising his or her Option from and after the time of such termination of Continuous Service.

(k) Non-Exempt Employees. No Option granted to an Employee that is a non-exempt employee for purposes of the Fair Labor Standards Act shall be first exercisable for any shares of Common Stock until at least six (6) months following the date of grant of the Option. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option will be exempt from his or her regular rate of pay.

(l) Early Exercise. The Option may, but need not, include a provision whereby the Optionholder may elect at any time before the Optionholder's Continuous Service terminates to exercise the Option as to any part or all of the shares of Common Stock subject to the Option prior to the full vesting of the Option. Any unvested shares of Common Stock so purchased may be subject to a repurchase option in favor of the Company or to any other restriction the Board determines to be appropriate.

6. Provisions of Stock Awards other than Options.

(a) Restricted Stock Awards. Each Restricted Stock Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. To the extent consistent with the Company's Bylaws, at the Board's election, shares of Common Stock may be (x) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse; or (y) evidenced by a certificate, which certificate shall be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of

6.

Appendix A

separate Restricted Stock Award Agreements need not be identical; *provided, however*, that each Restricted Stock Award Agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Award may be awarded in consideration for (A) past or future services actually or to be rendered to the Company or an Affiliate, or (B) any other form of legal consideration that may be acceptable to the Board in its sole discretion and permissible under applicable law.

(ii) Vesting. Shares of Common Stock awarded under the Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) Termination of Participant's Continuous Service. In the event a Participant's Continuous Service terminates, the Company may receive via a forfeiture condition, any or all of the shares of Common Stock held by the Participant which have not vested as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) Transferability. Rights to acquire shares of Common Stock under the Restricted Stock Award Agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board shall determine in its sole discretion, so long as Common Stock awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical; *provided, however*, that each Restricted Stock Unit Award Agreement shall include (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each share of Common Stock subject to the Restricted Stock Unit Award. The consideration to be paid (if any) by the Participant for each share of Common Stock subject to a Restricted Stock Unit Award may be paid in any form of legal consideration that may be acceptable to the Board in its sole discretion and permissible under applicable law.

(ii) Vesting. At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) Payment. A Restricted Stock Unit Award may be settled by the delivery of shares of Common Stock, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board and contained in the Restricted Stock Unit Award Agreement.

(iv) Additional Restrictions. At the time of the grant of a Restricted Stock Unit Award, the Board, as it deems appropriate, may impose such restrictions or conditions that delay the delivery of the shares of Common Stock (or their cash equivalent) subject to a Restricted Stock Unit Award to a time after the vesting of such Restricted Stock Unit Award.

(v) Dividend Equivalents. Dividend equivalents may be credited in respect of shares of Common Stock covered by a Restricted Stock Unit Award, as determined by the Board and contained in the Restricted Stock Unit Award Agreement. At the sole discretion of the Board, such dividend equivalents may be converted into additional shares of Common Stock covered by the Restricted Stock Unit Award in such manner as determined by the Board. Any additional shares covered by the Restricted Stock Unit Award credited by reason of

Appendix A

such dividend equivalents will be subject to all the terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate.

(vi) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(vii) Compliance with Section 409A of the Code. Notwithstanding anything to the contrary set forth herein, any Restricted Stock Unit Award granted under the Plan that is not exempt from the requirements of Section 409A of the Code shall contain such provisions so that such Restricted Stock Unit Award will comply with the requirements of Section 409A of the Code. Such restrictions, if any, shall be determined by the Board and contained in the Restricted Stock Unit Award Agreement evidencing such Restricted Stock Unit Award. For example, such restrictions may include, without limitation, a requirement that any Common Stock that is to be issued in a year following the year in which the Restricted Stock Unit Award vests must be issued in accordance with a fixed pre-determined schedule.

(c) Stock Appreciation Rights. Each Stock Appreciation Right Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. Stock Appreciation Rights may be granted as stand-alone Stock Awards or in tandem with other Stock Awards. The terms and conditions of Stock Appreciation Right Agreements may change from time to time, and the terms and conditions of separate Stock Appreciation Right Agreements need not be identical; *provided, however*, that each Stock Appreciation Right Agreement shall include (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Term. No Stock Appreciation Right shall be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Stock Appreciation Right Agreement.

(ii) Strike Price. Each Stock Appreciation Right will be denominated in shares of Common Stock equivalents. The strike price of each Stock Appreciation Right shall not be less than one hundred percent (100%) of the Fair Market Value of the Common Stock equivalents subject to the Stock Appreciation Right on the date of grant.

(iii) Calculation of Appreciation. The appreciation distribution payable on the exercise of a Stock Appreciation Right will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the Stock Appreciation Right) of a number of shares of Common Stock equal to the number of Common Stock equivalents in which the Participant is vested under such Stock Appreciation Right, and with respect to which the Participant is exercising the Stock Appreciation Right on such date, over (B) the strike price that will be determined by the Board at the time of grant of the Stock Appreciation Right.

(iv) Vesting. At the time of the grant of a Stock Appreciation Right, the Board may impose such restrictions or conditions to the vesting of such Stock Appreciation Right as it, in its sole discretion, deems appropriate.

(v) Exercise. To exercise any outstanding Stock Appreciation Right, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(vi) Payment. The appreciation distribution in respect to a Stock Appreciation Right may be paid in Common Stock, in cash, in any combination of the two or in any other form of consideration, as determined by the Board and contained in the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(vii) Termination of Continuous Service. In the event that a Participant's Continuous Service terminates (other than for Cause), the Participant may exercise his or her Stock Appreciation Right (to the extent that the Participant was entitled to exercise such Stock Appreciation Right as of the date of termination) but

8.

Appendix A

only within such period of time ending on the earlier of (A) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the Stock Appreciation Right Agreement), or (B) the expiration of the term of the Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement. If, after termination, the Participant does not exercise his or her Stock Appreciation Right within the time specified herein or in the Stock Appreciation Right Agreement (as applicable), the Stock Appreciation Right shall terminate.

(viii) Termination for Cause. Except as explicitly provided otherwise in an Participant's Stock Appreciation Right Agreement, in the event that a Participant's Continuous Service is terminated for Cause, the Stock Appreciation Right shall terminate upon the termination date of such Participant's Continuous Service, and the Participant shall be prohibited from exercising his or her Stock Appreciation Right from and after the time of such termination of Continuous Service.

(ix) Compliance with Section 409A of the Code. Notwithstanding anything to the contrary set forth herein, any Stock Appreciation Rights granted under the Plan that are not exempt from the requirements of Section 409A of the Code shall contain such provisions so that such Stock Appreciation Rights will comply with the requirements of Section 409A of the Code. Such restrictions, if any, shall be determined by the Board and contained in the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right. For example, such restrictions may include, without limitation, a requirement that a Stock Appreciation Right that is to be paid wholly or partly in cash must be exercised and paid in accordance with a fixed pre-determined schedule.

(d) Performance Stock Awards. A Performance Stock Award is a Stock Award that may be granted, may vest, or may be exercised based upon the attainment during a Performance Period of certain Performance Goals. A Performance Stock Award may, but need not, require the completion of a specified period of Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Committee in its sole discretion. The maximum number of shares that may be granted to any Participant in a calendar year attributable to Stock Awards described in this Section 6(d) shall not exceed one million (1,000,000) shares of Common Stock. In addition, to the extent permitted by applicable law and the applicable Award Agreement, the Board may determine that cash may be used in payment of Performance Stock Awards.

(e) Other Stock Awards. Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock may be granted either alone or in addition to Stock Awards provided for under Section 5 and the preceding provisions of this Section 6. Subject to the provisions of the Plan, the Board shall have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

7. Covenants of the Company.

(a) Availability of Shares. During the terms of the Stock Awards, the Company shall keep available at all times the number of shares of Common Stock reasonably required to satisfy such Stock Awards.

(b) Securities Law Compliance. The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however*, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained.

To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued or amended after the Effective Date. Notwithstanding any provision of the Plan to the contrary, in the event that following the Effective Date the Board determines that any Award may be subject to Section 409A of the Code and related Department of Treasury guidance (including such Department of Treasury guidance as may be issued after the Effective Date), the Board may adopt such amendments to the Plan and the applicable Award Agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Board determines are necessary or appropriate to (i) exempt the Award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (ii) comply with the requirements of Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued or amended after the Effective Date.

(iii) Termination of Stock Awards. The Board may provide that all Stock Awards (including vested Awards that are not exercised) shall immediately terminate and be of no further force or effect as of the effective time of the Corporate Transaction.

(iv) Payment for Stock Awards in Lieu of Exercise. The Board may provide that the holder of a Stock Award may not exercise such Stock Award but will receive a payment, in such form as may be determined by the Board, equal in value to the excess, if any, of (A) the value of the property the holder of the Stock Award would have received upon the exercise of the Stock Award (including, at the discretion of the Board, any unvested portion of such Stock Award), over (B) any exercise price payable by such holder in connection with such exercise.

Notwithstanding the foregoing, the conversion of any convertible securities of the Company shall not be treated as a transaction without receipt of consideration by the Company.

(e) **Cause** shall have the meaning set forth in any employment agreement or offer letter between a Participant and the Company or an Affiliate to the extent then effective; provided, however, that if any such employment agreement or offer letter does not contain a definition of Cause, then the term shall mean with respect to a Participant, the occurrence of any of the following events: (i) such Participant's commission of any felony or any crime involving fraud, dishonesty or moral turpitude under the laws of the United States or any state thereof; (ii) such Participant's attempted commission of, or participation in, a fraud or act of dishonesty against the Company; (iii) such Participant's intentional, material violation of any contract or agreement between the Participant and the Company or of any statutory duty owed to the Company; (iv) such Participant's unauthorized use or disclosure of the Company's confidential information or trade secrets; or (v) such Participant's gross misconduct. (i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control shall not be deemed to occur (A) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person from the Company in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities, or (B) solely because the level of Ownership held by any Exchange Act Person (the **Subject Person**) exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding,

Appendix A

provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control shall be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than fifty percent (50%) of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction or (B) more than fifty percent (50%) of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

For the avoidance of doubt, the term Change in Control shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company.

Notwithstanding the foregoing or any other provision of this Plan, the definition of Change in Control (or any analogous term) in an individual written agreement between the Company or any Affiliate and the Participant shall supersede the foregoing definition with respect to Awards subject to such agreement; *provided, however*, that if no definition of Change in Control or any analogous term is set forth in such an individual written agreement, the foregoing definition shall apply.
