At the annual meeting, stockholders will be asked to vote on the following matters:

the election of two directors to serve until the 2006 annual meeting of stockholders; and

such other business as properly may come before the annual meeting or any adjournments or postponements of the annual meeting.

The above matters are described in the accompanying proxy statement. It is important that your stock be represented at the meeting regardless of the number of shares you hold and whether you plan to attend the meeting. You can submit your proxy voting instructions via the Internet, by touch-tone telephone or by marking and returning the enclosed proxy card. The method by which you vote by proxy now will not limit your right to vote at the meeting if you decide to attend in person. If you do attend and wish to vote in person, you may simply revoke your proxy at the meeting.

If you plan to attend the meeting, please let us know when you vote via the Internet or by touch-tone telephone or when you return your proxy card. If your shares are not registered in your name (i.e., they are held in street name by a bank or brokerage firm) and you would like to attend the meeting, please ask the broker, bank or other nominee holding the shares to provide you with evidence of your share ownership so that you may be admitted to the meeting. Additionally, if you are a street name stockholder who wishes to vote at the meeting, you will need to obtain a proxy form from the institution that holds your shares.

Sincerely,

/s/ SEAN E.

PROXY STATEMENT

FOR THE 2003 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD MAY 19, 2003

The board of directors of Paradyne Networks, Inc., a Delaware corporation, is furnishing this proxy statement to solicit your proxy for the voting of your shares at the 2003 annual meeting of stockholders and at any adjournments or postponements thereof. We will hold the annual meeting on Monday, May 19, 2003 at 10:00 a.m., local time, at our corporate headquarters, 8545 126th Avenue North, Largo, Florida 33773.

We are mailing this proxy statement and the accompanying proxy card to stockholders on or about April 16, 2003.

VOTING

General

The securities that can be voted at the annual meeting consist of common stock, \$.001 par value per share. Each share of common stock entitles its holder to cast one vote on each matter submitted to the stockholders at the annual meeting.

The record date for determining the stockholders who are entitled to receive notice of and to vote at the annual meeting has been fixed by the board of directors as the close of business on March 28, 2003. On the record date, 42,862,443 shares of common stock were outstanding and eligible to be voted at the annual meeting.

Quorum and Vote Required

Edgar Filing: PARADYNE NETWORKS INC - Form DEF 14A

A majority of our shares outstanding and entitled to vote on the record date must be represented, either in person or by proxy, to constitute a quorum at the annual meeting. The proposal to elect two directors to serve until the 2006 annual meeting must be approved by a plurality of the votes represented at the annual meeting and entitled to be cast on the proposal.

As of March 31, 2003, our directors and executive officers and their affiliates beneficially owned approximately 36% of the shares of our common stock outstanding and entitled to vote.

Proxies

All shares of our common stock represented by properly submitted proxies or voting instructions received before or at the annual meeting will, unless the proxies or voting instructions are revoked, be voted in accordance with the instructions indicated on those proxies or voting instructions. If no instructions are indicated on a properly submitted proxy or voting instruction, the shares will be voted FOR the election of the director nominees named in the Proposal and to approve those other matters that may properly come before the annual meeting at the discretion of the persons named in the proxy. You are urged to indicate how to vote your shares by marking the boxes on the proxy card or the voting instruction card or by following the instructions if submitting your proxy or voting instructions by telephone or the Internet.

If a stockholder submits a properly executed proxy or voting instruction and the stockholder has withheld authority from voting on the election of a directors to serve until the 2006 annual meeting, the common stock represented by the proxy or voting instruction will be considered present at the annual meeting for purposes of determining a quorum but will have no effect on the outcome of the nominee election.

If your shares are held in an account at a brokerage firm or bank, you should instruct them on how to vote your shares. New York Stock Exchange rules determine whether proposals presented at stockholder meetings are routine or not routine. If a

Table of Contents

proposal is routine, a broker or other entity holding shares for an owner in street name may vote for the proposal without voting instructions from the owner. If a proposal is not routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on the proposal because the proposal is not routine and the owner does not provide any instructions. The New York Stock Exchange has informed us that the election of a director is a routine item. As to the proposal to elect a director to serve until the 2006 annual meeting, your broker or bank will have discretionary authority to vote on your behalf if you do not provide instructions on how to vote.

Our annual meeting may be adjourned or postponed in order to permit further solicitation of proxies. No proxy that withholds authority with respect to the election of directors to serve until the 2006 annual meeting will be voted in favor of any proposal to adjourn or postpone the annual meeting in order to solicit additional proxies that is submitted to the stockholders for a vote. We do not expect any matter other than approval of the election of directors to serve until the 2006 annual meeting will be brought before the annual meeting. If, however, other matters are properly presented, the persons named as proxies will vote in accordance with their judgment with respect to those matters, unless authority to do so is withheld on the proxy card.

A stockholder may revoke his or her proxy or voting instruction at any time before it is voted by:

notifying in writing the Secretary of Paradyne Networks, Inc. at 8545 126th Avenue North, Largo, Florida 33773, if you are a stockholder of record;

notifying your brokerage firm or bank, if you hold your shares in an account at a brokerage firm or bank;

granting a subsequently dated proxy or voting instructions (by mail, through the Internet or by telephone); or

appearing in person and voting at the annual meeting if you are a holder of record.

Attendance at the annual meeting will not in and of itself constitute revocation of a proxy.

Voting Procedures

Because Delaware, the state in which we are incorporated, permits electronic submission of proxies through the Internet or by telephone, instead of submitting proxies by mail on the enclosed proxy card or voting instruction card, our stockholders will have the option to submit their proxies or voting instructions electronically through the Internet or by telephone. Please note that there are separate arrangements for using the Internet or telephone depending on whether your shares are registered in our stock records in your name or in the name of the brokerage firm or bank. Stockholders should check their proxy card or the voting instruction card forwarded by their broker, bank or other holder of record to see which options are available.

Edgar Filing: PARADYNE NETWORKS INC - Form DEF 14A

The Internet and telephone procedures described below for submitting your proxy or voting instructions are designed to authenticate stockholders' identities, to allow stockholders to have their shares voted and to confirm that their instructions have been properly recorded. Stockholders submitting proxies or voting instructions via the Internet should understand that there may be costs associated with electronic submission, such as usage charges from Internet access providers and telephone companies, that would be borne by the stockholder.

Our holders of record may submit their proxies:

through the Internet by visiting a website established for that purpose at <http://www.eproxy.com/pdyn/> and following the instructions;

by telephone by calling the toll-free number 1-800-240-6326 in the United States or Canada on a touch-tone telephone and following the recorded instructions; or

by completing and mailing the enclosed proxy card.

Stockholders should confirm the website and toll-free number on their proxy card or voting instruction card and use that website or toll-free number if they are different from those listed above.

Table of Contents

You can find the results of the voting on the proposals in our Quarterly Report on Form 10-Q for the quarter ending June 30, 2003, which we will file with the Securities and Exchange Commission in August 2003.

Cost of Proxy Solicitation

We are soliciting your proxy on behalf of the board of directors, and we will bear all of the related costs. We will reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of common stock held in their names. Our employees also may communicate with you to solicit your proxy, but we will not pay them any additional compensation for doing so.

STOCK OWNERSHIP

The following table sets forth information as of March 31, 2003 regarding the beneficial ownership of our voting stock by each person known by us to own more than 5% of any class of our voting securities, each director and nominee for director, each executive officer named in the table under the caption Executive Compensation Summary Compensation, and all directors and executive officers as a group.

Pursuant to Securities and Exchange Commission rules, the number of shares of common stock beneficially owned by a specified person or group includes shares of our common stock subject to options that are presently exercisable or exercisable within 60 days after March 31, 2003. Such shares are deemed to be outstanding for the purpose of computing the percentage of the class beneficially owned by such person or group, but are not deemed to be outstanding for the purpose of computing the percentage of the class beneficially owned by any other person or group.

The persons named in the table gave us the stock ownership information about themselves. Except as explained in the footnotes below, the named persons have sole voting and investment power with regard to the shares shown as beneficially owned by them.

PROPOSAL

ELECTION OF DIRECTORS

Nominees

Pursuant to our amended and restated certificate of incorporation, as amended, and bylaws the number of persons to serve on our board of directors is determined by resolution of our board of directors from time to time. The board is now comprised of five directors and is divided into three classes. The stockholders elect the directors in each class for a term of three years and until each of his successors is elected and qualified. The term of office of one class of directors expires each year at the annual meeting, and the stockholders elect a new class of directors each year at that time.

At the annual meeting, the term of the Class I directors, David Bonderman and Thomas E. Epley, will expire. The board of directors has nominated these individuals for re-election at the annual meeting. The nominees have consented to serve if elected. If re-elected, Messrs. Bonderman and Epley will serve a three-year term that will expire at the 2006 annual meeting. If either should be unavailable to serve for any reason, which is not anticipated, the board of directors may:

designate a substitute nominee, in which case the persons named as proxies will vote the shares represented by all valid proxies for the election of such substitute nominees;

allow the vacancy to remain open until a suitable candidate is located and nominated; or

adopt a resolution to decrease the authorized number of directors.

The board of directors unanimously recommends that you vote FOR the proposal to re-elect David Bonderman and Thomas E. Epley as Class I Directors for a three-year term expiring at the 2006 annual meeting of stockholders and until each of his successors has been duly elected and qualified.

Meetings and Committees of the Board of Directors

The board of directors conducts its business through meetings of the full board and through its two standing committees of the board. These committees are the audit committee and the compensation committee. During 2002, the board of directors held four formal meetings, the audit committee held two formal meetings and the compensation committee did not hold any formal meetings but held several informal meetings to resolve key compensation issues. Each of the current directors attended at least 75% of all meetings of the full board of directors and of the committees on which he served during 2002, except for William R. Stensrud who attended less than 75% of the audit committee meetings during the period in which he so served.

Table of Contents

The audit committee reviews with our independent accountants their audit plan, the scope and results of their audit engagement and the accompanying management letter, if any. Members also consult with the independent accountants and management with regard to our accounting methods and the adequacy of our internal accounting controls, and review the range of the independent accountants' audit and nonaudit fees. The audit committee also reviews our quarterly and annual financial statements with management and the auditors prior to our filing them as part of our quarterly and annual reports to the Securities and Exchange Commission and discusses with the auditors the results of their quarterly reviews and annual audits.

The audit committee also discusses with and receives assurances from the auditors regarding their independence from the Company and management. In addition, each of the audit committee members is financially literate and has the financial management expertise required by the rules of The Nasdaq Stock Market, Inc. Further information regarding the duties of the audit committee is contained in the Audit Committee Charter.

The audit committee is comprised of Thomas E. Epley, Keith B. Geeslin and William R. Stensrud. Peter Van Camp resigned from the audit committee on March 28, 2002 when he resigned from the board of directors. Mr. Van Camp did not resign because of a disagreement with Paradyne's operations, policies or practices. All audit committee members are independent as defined in the applicable listing standards of the NASD.

The compensation committee evaluates and approves the salaries and incentive compensation for our executives and makes recommendations regarding our Amended and Restated 1996 Equity Incentive Plan, 1999 Employee Stock Purchase Plan, 1999 Non-Employee Directors' Stock Option Plan, 2000 Broad-Based Stock Plan and Key Employee Stock Option Plan. Administration of these plans includes, among other things, determining which directors, officers and employees will receive awards under the plan, when the awards will be granted, the type of awards to be granted, the number of shares involved in each award, the time when any options granted will become exercisable and, subject to certain conditions, the price and duration of such options. The compensation committee is comprised of Keith B. Geeslin and William R. Stensrud.

The board of directors as a whole functions as a nominating committee to select management's nominees for election to the board. The board of directors will also consider nominees recommended by stockholders. For a description of requirements regarding stockholder nominations and other proposals, see Stockholders' Proposals For 2004 Annual Meeting.

Director Compensation

Upon the commencement of their service as directors, we grant each of our non-employee directors an option to purchase 10,000 shares of common stock under our 1999 Non-Employee Directors Stock Option Plan. For each year they continue to serve and attend at least 75% of the regularly scheduled meetings of the board of directors and the committees of which they are a member during that year, we grant each director an additional option to purchase 5,000 shares of common stock. Options granted under the 1999 Non-Employee Director Stock Option Plan upon the commencement of service as a director may, at the discretion of the board of directors, be fully vested on the grant date or be vested as to 50% of the shares with the remaining 50% vesting on the first anniversary of the grant date. No option granted under the 1999 Non-Employee Director Stock Option Plan may have a term in excess of ten years from the date on which it was granted. The exercise price of options granted under the 1999 Non-Employee Director Stock Option Plan will equal the fair market value of the common stock on the date of grant.

Edgar Filing: PARADYNE NETWORKS INC - Form DEF 14A

As of March 31, 2003, 115,000 options to purchase common stock had been granted pursuant to the 1999 Non-Employee Director Stock Option Plan, of which options to acquire 55,000 shares were outstanding on such date.

Employment Agreements

Under employment agreements with Messrs. Belanger and Murphy, dated as of December 8, 2000, Mr. Belanger serves as President and Chief Executive Officer, and Mr. Murphy serves as Senior Vice President, Chief Financial Officer, Treasurer and Secretary. Each of the agreements has a term of one year with automatic daily extensions. Under the agreement, each officer is entitled to an annual base salary (currently \$330,000 in the case of Mr. Belanger and \$225,810 in the case of Mr. Murphy) and an annual performance bonus opportunity (currently \$150,000 in the case of Mr. Belanger and \$70,000 in the case of Mr. Murphy). Under a broad-based salary reduction program, these annual salaries were reduced in 2002 to \$278,954 in the case of Mr. Belanger and \$190,502 in the case of Mr. Murphy. Pursuant to the employment agreements, each officer also is entitled to participate in all incentive, savings, retirement and welfare plans provided by Paradyne to its senior executive officers generally. Pursuant to the employment agreements, the executives are granted stock options to acquire shares of Paradyne common stock (1,200,000 shares in the case of Mr. Belanger and 430,000 shares in the case of Mr. Murphy) at an exercise price equal to the fair market value of the underlying shares on the date of grant. The options vest in equal monthly installments over a 36-month period, provided that, upon the earlier occurrence of a change in control, the options will vest immediately as to a portion of the shares (those that would have vested in the next 12 months with respect to Mr. Belanger, and one-half of the unvested options in the case of Mr. Murphy), and as to another portion of the shares if the officer's employment is terminated under certain conditions within one year after the change in control (those that would have vested in the 24 months after the change in control with respect to Mr. Belanger, and the remainder of the unvested shares with respect to Mr. Murphy). In addition, pursuant to the employment agreement, all of the officer's other options that were outstanding on December 8, 2000 were amended to provide that upon the officer's termination of employment due to death, disability or retirement, or termination without cause or voluntary resignation for any reason, such options will remain exercisable for twelve months. We or the officer may terminate the agreement at any time for any reason. If we terminate the officer's employment without cause or if he resigns for good reason, he will receive (i) a prorated target annual bonus for the year of termination, (ii) a severance payment equal to one year's salary, and (iii) reimbursement for the cost of twelve months of continued health insurance coverage under COBRA. Each of the employment agreements provides for a limitation of severance and other benefits to the extent necessary to avoid the imposition of a golden parachute excise tax, but only if such limitation would result in a more favorable after-tax result for the officer. The employment agreements contain covenants against the disclosure of confidential information or the solicitation of Paradyne's customers or employees for a period of six months after the officer's termination of employment.

We entered into an employment agreement with Michael S. Ward on January 17, 2002. Under the agreement, Mr. Ward is entitled to an annual base salary in the amount of \$200,000 and an annual commission target of \$100,000 based on attainment of an annual quota. Mr. Ward will also be entitled to a quarterly bonus of \$12,500 if he meets certain quarterly objectives. He is entitled to participate in all incentive, savings, retirement and welfare plans provided by Paradyne to its senior executive officers generally. Pursuant to his employment agreement, Mr. Ward was granted stock options to acquire 550,000 shares of Paradyne common stock, 400,000 shares of which were granted with a fair market value option price at the date of grant and the remaining 150,000 shares of which were granted at \$1 per share. The options vest over a four year period with the first vesting of 25% of the total occurring one year from the date of grant. Thereafter, options vest on a quarterly basis. Upon the earlier occurrence of a change in control, however, the options will vest immediately as to a portion of the shares (those that would have vested in the next 12 months), and as to another portion of the shares if the officer's employment is terminated under certain conditions within one year after the change in control (those that would have vested in the 24 months after the change in control). Any options exercisable upon the officer's termination of employment due to death, disability or retirement, or termination without cause or voluntary resignation for any reason, will remain exercisable for 6 months. We or Mr. Ward may terminate the agreement at any time for any reason. If we terminate Mr. Ward's employment without cause or if he resigns for good reason and within 90 days after the occurrence of the event giving rise to good reason he will receive (i) a severance payment equal to one year's salary and (ii) reimbursement for the cost of twelve months of continued health insurance coverage under COBRA.

Table of Contents**Option Grants**

The following table provides information with regard to stock option grants to the named executive officers pursuant to the Amended and Restated 1996 Equity Incentive Plan, or the 1996 Plan, and the 2000 Broad-Based Plan, or the Broad-Based Plan, during 2002. With certain exceptions noted below, most options expire ten years from the date of grant and become exercisable at the rate of 25% on the first anniversary of the grant date and 6.25% every three months thereafter, for full vesting after four years.

Amounts reported in the last two columns represent hypothetical amounts that may be realized upon exercise of options immediately prior to the expiration of their term, assuming the specified compounded rates of appreciation of the common stock over the term of the options. The numbers shown in these two columns are calculated based on Securities and Exchange Commission rules and do not reflect our estimate of future stock price growth. Actual gains, if any, on stock option exercises and common stock holdings depend on the timing of such exercises and the future performance of the common stock. We do not guarantee that the rates of appreciation assumed in these two columns can be achieved or that the amounts reflected will be received by the named executive officers. The two columns do not take into account any appreciation of the price of the common stock from the date of grant to the current date.

Option Exercises and Fiscal Year-End Option Values

The following table sets forth information regarding (1) the number of shares of common stock received upon exercise of options by the named executive officers during 2002, (2) the net value realized upon such exercise, (3) the number of unexercised options held at December 31, 2002 and (4) the aggregate dollar value of unexercised options held at December 31, 2002. The net value realized upon exercise is equal to the difference between the option exercise price and the fair market value of our common stock at the date of exercise or at fiscal year end. The closing sale price of our common stock on the Nasdaq National Market on December 31, 2002 was \$1.28 per share.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The audit committee oversees the Company's financial reporting process on behalf of the board of directors. The audit committee operates under a written charter adopted by the board of directors. This report reviews the actions taken by the audit committee with regard to the Company's financial reporting process during 2002 and particularly with regard to the Company's audited consolidated financial statements as of December 31, 2002 and 2001 and for the three years in the period ended December 31, 2002.

The audit committee is comprised of Thomas E. Epley, Keith B. Geeslin and William R. Stensrud. Peter Van Camp served on the audit committee until March 28, 2002 when he resigned from the board of directors. All audit committee members are independent as defined in the applicable listing standards of the NASD. As further required by such rules, each of the committee members is financially literate and has financial management expertise.

The Company's management has the primary responsibility for the Company's financial statements and reporting process, including the systems of internal controls. The Company's independent auditors are responsible for performing an independent audit of the company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The committee's responsibility is to monitor and oversee these processes and to recommend annually to the board of directors the accountants to serve as the Company's independent auditors for the coming year.

The audit committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to fulfill its oversight responsibilities under the audit committee's charter. To carry out its responsibilities, the audit committee met two times during 2002.

In fulfilling its oversight responsibilities, the audit committee reviewed with management the audited financial statements to be included in the Company's Annual Report on Form 10-K for 2002, including a discussion of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The audit committee also reviewed with the Company's independent auditors, PricewaterhouseCoopers LLP, their judgments as to the quality (rather than just the acceptability) of the Company's accounting principles and such other matters as are required to be discussed with the audit committee under Statement on Auditing Standards No. 61, *Communication with Audit Committees*. In addition, the audit committee discussed with PricewaterhouseCoopers LLP their independence from management and the Company, including the matters in the written disclosures required of PricewaterhouseCoopers LLP by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The audit committee also considered whether the provision of services during 2002 by PricewaterhouseCoopers LLP that were unrelated to their audit of the financial statements referred to above and to their reviews of the Company's interim financial statements during 2002 is compatible with maintaining PricewaterhouseCoopers LLP's independence.

Additionally, the audit committee discussed with the Company's independent auditors the overall scope and plan for their audits. The audit committee met with the independent auditors, with and without any management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Table of Contents

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for 2002 for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

Introduction

The compensation committee is responsible for developing the Company's executive compensation policies and advising the board of directors with respect to these policies. This report reviews the compensation committee's policies generally with respect to the compensation of all executive officers as a group for 2002 and specifically reviews the compensation established for Michael Ward, who became Senior Vice President of Worldwide Sales and Services on January 17, 2002.

The members of the compensation committee are Keith B. Geeslin and William R. Stensrud. None of the committee members is or has been an officer or employee of the Company or any of its subsidiaries.

Compensation Policy for Executive Officers

The executive compensation program for 2002 was designed to attract and retain a highly qualified and motivated management team, reward individual performance and link the interests of the senior executives directly with those of the stockholders. The 2002 compensation program, like those in prior years, is comprised of base salary, annual bonuses and long-term incentive pay in the form of stock options. This program applies to all key management personnel, including the Chief Executive Officer. All of the executives also are eligible for other employee benefits, including life, health, disability and dental insurance and the Company's retirement savings plan and employee stock purchase plan.

Base Salary. The compensation committee set the base salaries of top management for 2002 after reviewing salary levels for comparable executive positions in the telecommunications industry. The compensation committee set salaries at levels competitive with the base salaries of similarly situated executives at companies of similar size and revenue levels in the telecommunications industry.

Annual Bonuses. The compensation committee based annual cash bonuses for executive officers in 2002 on the Company's financial performance targets. The compensation committee established the target bonus amounts after reviewing similar information presented in independent surveys. The compensation committee's review ranged from broad-based overviews of the entire telecommunications industry to information regarding entities more similar to the Company in revenues. Based on such comparative information, the compensation committee used median as a guide for setting average and target bonus amounts for the Company's top management positions. The compensation committee generally uses the achievement of equipment revenue and the attainment of earnings targets as its two principal performance measurements. Additionally, the compensation committee may use its discretion to adjust the annual bonus payment based on an executive satisfying key deliverables. During 2002, we continued our close monitoring of expenses and our tight management of cash usage. Bonuses for the 2002 fiscal year were paid out based on attainment of preset revenue and net income goals.

Stock Options. Stock options are granted periodically under the 1996 Plan to the executive officers. Generally, options granted to executive officers, as with all of the Company's employees, have an exercise price equal to the fair market value of the underlying stock on the date of grant, expire ten years from the date of grant and become exercisable at the rate of 25% on the first anniversary of the grant date and 6.25% every three months thereafter, for full vesting after four years. Messrs. Belanger and Murphy received stock option grants in 2002 under the

Edgar Filing: PARADYNE NETWORKS INC - Form DEF 14A

1996 Plan that vest in equal monthly installments over thirty-six months beginning one month from the date of grant. During 2002, along with a grant of stock options at fair market value, Mr. Ward was also granted stock options under the 1996 Plan to acquire shares of Paradyne common stock at an exercise price of \$1 per share. In granting options, the board reviews the amount of options granted to executives at other comparable companies in the telecommunications industry, the awards granted to other employees within the Company, the individual's position at the Company, options granted to the individual in prior years and his role in helping the Company achieve its goals. For more information about the options granted and exercised by the Company's named executive officers in 2002 and year-end stock option values, see Executive Compensation Option Grants and Aggregated Option Exercises in the Last Fiscal Year and Fiscal Year-End Option Values.

Chief Executive Officer's Compensation

Mr. Belanger became the Company's Chief Executive Officer in December 2000. Mr. Belanger received a base salary of \$278,954 in 2002. Based on the Company's financial performance in 2002, Mr. Belanger earned an annual incentive bonus of \$125,400. Due to salary reductions instituted by the Company in 2001, Mr. Belanger received this base salary and annual incentive bonus in 2002, despite the fact that his employment agreement with the Company provides for \$330,000 in annual base salary and \$150,000 in annual performance bonus opportunity. See Employment Agreements under Executive Compensation. Mr. Belanger received 424,739 stock option grants during 2002. Mr. Belanger's total compensation for 2002 is provided in detail in the Summary Compensation Table under Executive Compensation.

Policy With Respect to Deductibility of Compensation Expense

Section 162(m) of the Internal Revenue Code limits the tax deduction that the Company may take with respect to the compensation of certain executive officers, unless the compensation is performance based as defined in the Code. The 1996 Plan is designed to comply with Section 162(m) of the Code so that the grant of options and other awards under the 1996 Plan, including those that are conditioned on performance goals, will be excluded from the calculation of annual compensation and will be fully deductible by the Company. No awards other than stock options have been granted to date under the 1996 Plan that are conditioned on performance goals. The Broad-Based Plan does not comply with Section 162(m) of the Code and, therefore, grants to executive officers under the Broad-Based Plan may not be fully deductible by the Company.

Conclusion

The executive compensation program is designed to closely link pay with performance and the creation of stockholder value. If the Company achieves average financial performance levels, its executives will be compensated at median levels for comparable companies. If the Company's performance is exceptionally higher than the targeted levels, executive compensation will exceed such median levels. The compensation committee believes that the program has been and will continue to be successful in supporting the Company's financial growth and other business objectives.

Each party also granted to the other party a non-exclusive, non-transferable, irrevocable, worldwide, royalty-free license to the granting party's other technical information and intellectual property existing at the time of the divestiture. These licenses give us the right to make, have made, use, sell and import our products within the scope of the license grants as well as the tools used to develop, manufacture, test or repair such products. We were also given the right to convey to any of our customers the right to use and resell such products. Each party also granted to the other party a non-exclusive, non-transferable, irrevocable, world wide, royalty-free license to use particular listed trademarks. All of these licenses have an indefinite duration, subject to the expiration of patent and copyright terms.

Cooperative Development Agreement/Termination Agreement/Supply Agreement. Effective December 1998, GlobeSpan and we terminated a Cooperative Development Agreement pursuant to a termination agreement. In connection with the signing of the termination agreement, we entered into a four-year supply agreement with GlobeSpan which gives us preferential pricing in connection with the purchase of GlobeSpan products. Under the terms of this agreement, GlobeSpan is required to honor our orders for GlobeSpan products in quantities at least consistent with our past ordering practices and must afford us at least the same priority for its orders as GlobeSpan affords other similarly situated highly

preferred customers. We were also granted immunity under GlobeSpan's intellectual property rights for all our customers that purchase our products that incorporate GlobeSpan products. GlobeSpan has been selling products to us pursuant to these terms since July 1998. In 2002, we purchased from GlobeSpan a total of \$2.0 million of products under the supply agreement.

Paradyne Credit Corp. may terminate this agreement upon 60 days notice, and upon 180 days notice.

Additionally, we provided maintenance services to Paradyne Credit Corp. customers for their leased data communications equipment. Paradyne Credit Corp. pays us a monthly amount of \$5,000 plus time and materials for providing these services.

In addition, we have entered into indemnification agreements with Messrs. Belanger, Bonderman, Epley, Geeslin, Andrew May (who resigned as a director on March 6, 2002), Murphy, Stensrud, and Van Camp (who resigned as a director on March 28, 2002). Under the agreements, we agreed to reimburse and indemnify each individual for civil or criminal proceedings or governmental investigations relating to his actions as a director or officer, except if such conduct was committed in bad faith or was a breach of his duty of loyalty to us.

On December 7, 2000, in connection with the class action lawsuits described under Item 3: Legal Proceedings of our Form 10-K, we agreed, consistent with our bylaws, certificate of incorporation and the above-mentioned indemnity agreements, to reimburse Messrs. Epley, May and Murphy, each of whom is a defendant in the lawsuits, for the costs associated with defending themselves against these claims. As of March 31, 2003, we have not made any payments to Messrs. Epley, May and Murphy.

Other Director Or Five Percent Stockholder Relationships

As of March 31, 2003, Texas Pacific Group beneficially owns 25.62% of our common stock and also beneficially owns convertible preferred stock representing ownership of 18% of Zhone Technologies, Inc., a company with whom we have a distribution agreement. This convertible preferred stock is convertible to common stock on a one-to-one exchange ratio at the earlier of an election to convert by the Texas Pacific Group or upon an initial public offering of Zhone. Pursuant to this distribution agreement, we purchase Zhone's IMACS system and have exclusive rights to distribute it under our private label as the Acculink Access Controller. For the year ended December 31, 2002, we made total payments to Zhone for purchases of IMACS of approximately \$5.2 million.

Promissory Notes From Officers and Director

In 1999, three of our then executive officers (Sean Belanger, Patrick Murphy and Andrew May) issued to us promissory notes in connection with the purchase of shares of our common stock. The full recourse notes accrued interest at rates ranging

from 4.72% to 5.15%. The principal balance of the notes and accrued interest was payable at the earlier of termination of employment or five years from the date of the note. The notes were secured by the shares of common stock acquired with the note, which shares were held in escrow by us. The shares purchased vest either on a quarterly basis or 25% vest on the first anniversary of the note with the remainder vesting in equal quarterly installments thereafter. All unvested shares purchased with the notes were subject to repurchase by us if these executive officers terminated their employment prior to becoming fully vested in the shares. In July 2001, Mr. May paid to us the outstanding balance of \$99,000 and in February 2002, Messrs. Belanger and Murphy paid to us the outstanding balances of \$199,800, \$74,925 and \$37,485 (two separate notes from Mr. Murphy), respectively, plus accrued interest. Therefore, all promissory notes with our executive officers and directors and the associated interest have been paid off as of March 31, 2003.

STOCK PERFORMANCE GRAPH

The following stock performance graph and accompanying table compare the stockholders' cumulative return on the common stock from July 16, 1999 to December 31, 2002 with the cumulative total return of the S&P 500 Index (U.S.) and the Nasdaq Telecom Index over the same period. The comparative data assumes that \$100.00 was invested on the date of our initial public offering, July 16, 1999, in the common stock and in each of the indices referred to above and that any dividends were reinvested. The stock price performance shown in the table set forth below is not necessarily indicative of future stock price performance.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than ten-percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms furnished to the Company, or written representations that no Forms 5 were required, we believe that during 2002 all Section 16(a) filing requirements applicable to its officers, directors and greater than ten-percent beneficial owners were complied with, except that one report required by Section 16(a) covering an aggregate of five transactions was filed late by Mr. Epley. Mr. Epley did timely report these transactions in his year-end report on Form 5.
