evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's audit engagement team as required by law; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; reviews the financial statements to be included in the Company's Annual Report on Form 10-K; and discusses with management and the independent auditors the results of the annual audit and the results of the reviews of the Company's quarterly financial statements. The Company is committed to maintaining the highest standards of business conduct and ethics. The Company's Code of Business Conduct and Ethics (the "Code") reflects the values and the business practices and principles of behavior that support this commitment. The Code satisfies SEC rules for a "code of ethics" required by Section 406 of the Sarbanes-Oxley Act of 2002, as well as the Nasdaq listing standards requirement for a "code of conduct." The Code is available on our website at

www.8x8.com under "Investor Relations." The Company will post any amendment to the Code, as well as any waivers that are required to be disclosed by the rules of the SEC or the Nasdaq, on the 8x8 website. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on our review of such reports received or written representations from certain Reporting Persons during the fiscal year ended March 31, 2004, the Company believes that all Reporting Persons complied with all applicable reporting requirements, except that General Hecker filed four late reports covering three transactions for stock purchases and one transaction related to his annual non-discretionary option grant, Mr. Wilson filed one late report covering one transaction for his non-discretionary grant received upon his appointment to the Board, and Mr. Bernd Girod, a former director, filed one late report for one transaction related to his annual non-discretionary option grant.

Option Grants in Fiscal 2004.

The following table provides information with respect to stock option grants to each of the Named Executive Officers during the fiscal year ended March 31, 2004:

1. The options were granted under the Company's 1996 Stock Plan and vest at a rate of 1/48th of the shares at the end of each month, subject to continued service as an employee, consultant or director. The term of each option is ten years. The exercise price of each option granted equaled the fair market value of the common stock of the Company on the date of grant. See information provided under the heading "Employment Contracts and Termination of Employment and Change-In-Control Arrangements" for circumstances that would give rise to an acceleration of vesting for outstanding options held by the Named Executive Officers.

2. The Company granted options representing 2,290,000

shares to employees during fiscal 2004.

- The exercise price for each option may be paid in cash, in shares of common stock valued at fair market value on the exercise date or through a cashless exercise procedure involving a same day sale of the purchased shares.
- Potential gains are net of the exercise price, but before taxes associated with the exercise. The 5% and 10%

assumed annual rates of compounded stock appreciation are mandated by the rules of the Securities and Exchange Commission and do not represent the Company's estimate or projection of the future price of the Company's common stock. Actual gains, if any, on stock option exercises are dependent on the future financial performance of the Company, overall market conditions and the option holders' continued employment through the vesting period. There can be no assurance that the potential realizable values shown in this table will be achieved.

Aggregated Option Exercises and Fiscal Year End Option Values.

The following table provides information with respect to the value of unexercised stock options held as of March 31, 2004, by each of the Named Executive Officers.

Name	Shares Acquired on Exercise (#)	Value Realized (\$)	Number of Securities Underlying Unexercised Options at Fiscal Year End (#)		Value of Unexercised In-the-Money Options at Fiscal Year End (\$)(1)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Bryan R. Martin	-	-	796,824	301,589	946,072	524,622

Former Officer: Christopher Peters	178,858	600,272	-	-	-	-

1. The value of unexercised options is based upon the difference between the exercise price and the closing price on The Nasdaq SmallCap Market on March 31, 2004, of \$3.52, multiplied by the number of shares underlying the option.

Compensation of Directors

Directors who are also employees do not receive any additional compensation for serving as directors.

The Company has historically paid directors a cash fee for attendance of Board of Directors meetings and reimbursed directors for certain expenses in connection with attendance at Board meetings. Through January 2004, directors were paid a \$1,000 fee for attendance of meetings of the Board and did not receive a separate fee for Board committee meetings. In January 2004, the Board of Directors reassessed its compensation policy and approved changes in director compensation, effective February 2004, such that outside directors now receive a fee of \$2,000 for each respective telephonic Board and committee meeting. The fee for attendance of in-person Board of Directors and committee meetings was set at \$5,000 per respective meeting.

Non-employee directors are also eligible for discretionary and non-discretionary grants of stock options under the 1996 Director Option Plan (the "Director Plan") and the 1996 Stock Option Plan (the "1996 Plan"). Under an amendment to the Director Plan approved by the Company's stockholders in August 2000, non-employee directors

receive a non-discretionary option grant of 40,000 shares upon their initial election to the Board of Directors and receive annual grants of 15,000 shares upon their re-election. The vesting terms for the initial non-discretionary grant are twenty five percent of the grant vests at the end of one year and the remainder of the grant vests monthly thereafter. Subsequent non-discretionary grants vest monthly over a period of forty-eight months. Grants are not made upon re-election in cases where the initial term is shorter than six months. In April 2002, the Board of Directors reassessed its compensation policy and determined that another increase in non-discretionary grants to non-employee directors was warranted. As a result of this reevaluation, the Board of Directors increased the amount of the annual non-discretionary option grant for non-employee directors to 25,000 shares. In January 2004, the Board of Directors approved an increase in the annual non-discretionary grant to 100,000 shares.

Under the foregoing policies, upon his re-election to the Board of Directors on August 12, 2003, Major General Hecker received an option to purchase 25,000 shares of the Company's common stock at an exercise price of \$0.92. The exercise price represented the fair market value of the Company's stock on the date of grant. Upon his appointment to the Board of Directors on September 2, 2003, Mr. Wilson received an option to purchase 40,000 shares of the Company's common stock at an exercise price of \$1.42 per share. Mr. McNiffe received an option to purchase 40,000 shares of the Company's common stock at an exercise price of \$4.55 upon his appointment to the Board of Directors on January 29, 2004.

In addition, upon termination of service as a director of the Company or upon a Change in Control (as defined below) of the Company, each of the non-employee directors and their immediate families will be eligible for medical insurance coverage for life, subject to the director reimbursing the cost of such coverage to the Company. However, if an individual commences coverage under another plan, coverage under the Company's medical insurance will be discontinued. In addition, upon a Change in Control of the Company any unvested non-employee director options shall become fully vested. For these purposes, a Change in Control is defined as a transaction or series of transactions, including by merger or consolidation of the Company into or with any other entity or corporation or the merger or consolidation of any other corporation into or with the Company, in which any person, entity or group of persons and/or entities acting in concert acquire(s) shares of the Company's stock representing 50% or more of the outstanding voting power of the Company, including voting shares issued or issuable upon conversion of any convertible security outstanding on the date of such transaction including, without limitation, stock options.

Employment Contracts and Termination of Employment and Change-In-Control Arrangements

Change in Control Arrangements

In the event an individual or corporate entity and any related parties cumulatively acquire at least 35% of the Company's fully diluted stock (a "Change in Control"), all stock options held by officers under any 8x8, Inc. stock option plan shall vest immediately without regard to the term of the option. In addition, in such an event, each officer shall be entitled to one year of severance pay and continuing medical benefits for life after leaving the Company, provided that such medical benefits shall cease should such officer accept employment with a competing company.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its directors and executive officers. Such indemnification agreements will require the Company to indemnify the directors and executive officers to the fullest extent permitted by Delaware law.

Investment Arrangement

In March 2002, the Board of Directors authorized the Company to open securities trading accounts with two brokerage firms and make investments of up to \$1.0 million on behalf of 8x8, Inc. as directed by its then Chairman, Joe Parkinson, Chief Executive Officer, or Chief Financial Officer. Mr. Parkinson, who resigned as a director and

executive officer of the Company in January 2004, agreed to personally reimburse the Company on a quarterly basis for any losses resulting from his trading activities in order to maintain a minimum investment account balance of \$1.0 million. Since the formation of these accounts in 2002, neither the Company's Chief Executive Officer nor Chief Financial Officers made any trades in the investment accounts as these officers had not agreed to reimburse the Company for any losses incurred as a result of their trading activity. As part of the arrangement, the Company's Board of Directors had expressed its intent, but not obligation, to pay Mr. Parkinson a quarterly bonus in an amount equal to 25% of the profits attributable to investments made on the Company's behalf by Mr. Parkinson to the extent such a bonus exceeds his salary for the corresponding period. Mr. Parkinson did not have use of any of the investment account funds for his personal benefit. The funds were always held in investment accounts in the Company's name and all benefits belonged to 8x8. The Company invested in mutual funds, money market funds, and equity and debt securities and options of publicly traded corporations. The investment accounts were not used to trade in the Company's own stock. Under the arrangement, the Company was required to return to Mr. Parkinson the amount representing the increase in value of the investment account over \$1.0 million to the extent required to restore replenishment payments made by Mr. Parkinson in prior quarters. Through March 31, 2003, Mr. Parkinson made cumulative replenishment payments of approximately \$137,000 to offset losses incurred. As of December 31, 2003, the Company had repaid all the replenishment payments received from Mr. Parkinson during fiscal 2003. In January 2004, the arrangement with Mr. Parkinson was terminated and the Company's securities trading accounts were closed. The Company paid Mr. Parkinson a bonus of \$6,233 in January 2004 representing 25% of the profits attributable to investments made on the Company's behalf by Mr. Parkinson as of December 31, 2003.

1. This table is based upon information supplied by officers, directors and principal stockholders and Schedules 13D and 13G filed with the Securities and Exchange Commission (the "SEC"). The number of shares of common stock beneficially owned by each person is determined under rules promulgated by the SEC. Under such rules, beneficial ownership includes any shares as to which the person has sole or shared voting power or investment power, and also includes any shares that the person has the right to acquire within sixty days after March 31, 2004. Applicable percentages are based upon 38,315,769 voting shares issued and outstanding as of March 31, 2004, and treating any shares issuable to any holder within sixty days as outstanding for purposes of computing their percent ownership.

2. Includes the following number of shares subject to options that were exercisable at or within sixty days after March 31, 2004: Mr. Martin, 838,844; Dr. Andrews, 265,848; Mr. Rees, 254,867; Mr. Sullivan 175,173; Major General Hecker, 181,286; and all directors and officers as a group, 1,716,018.

1. The number of shares is subject to adjustment for changes in capitalization for stock splits, stock dividends and similar events.
2. The 1996 Plan incorporates an evergreen formula pursuant to which on each April 1, the aggregate number of shares of common stock reserved for issuance under the 1996 Plan will increase by a number of shares equal to 5% of the outstanding shares on the preceding day (March 31) up to a maximum annual increase of 1,000,000 shares.
3. Issued under the 1999 Plan, which due to the broad-based nature of the plan does not currently require approval of 8x8's stockholders. See a description of the 1999 Plan below.

1999 Plan

The 1999 Plan was adopted in December 1999 by the Company's Board of Directors and provides for the issuance of up to 3,600,000 shares of common stock pursuant to the exercise of options granted under the plan. The 1999 Plan provides for the granting of nonstatutory stock options (NSOs) to full and part-time employees and consultants.

Under the terms of the 1999 Plan, options may not be issued to either officers or directors of the Company, except that options may be granted to an officer in connection with the officer's initial employment by the Company. The exercise price of options granted under the 1999 Plan is determined by the Board of Directors and is generally the fair market value on the date of grant. Payment of the exercise price may be made in cash, by check, promissory note, or other shares of the Company's common stock or through a same day sale program. Options generally vest over four years and expire ten years after grant. If an optionee's employment terminates for any reason, the option remains exercisable for a fixed period of three months or such shorter or longer period as may be fixed by the Board of Directors. In the event that the Company merges with or into another corporation, or substantially all of the Company's assets are sold, the 1999 Plan provides that each outstanding option will be assumed or substituted for by the successor corporation. If such substitution or assumption does not occur, each option will fully vest and become exercisable.

Item 13. Certain Relationships and Related Party Transactions

Agreements with STMicroelectronics

In the quarter ended March 31, 2000, the Company entered into a strategic relationship with STMicroelectronics NV ("STM"). Under various agreements, STM purchased shares of the Company's common stock and was granted certain related rights, licensed certain of the Company's intellectual property and engaged the Company to jointly develop products that enable voice and other multimedia services over internet protocol networks. As part of the arrangement, STM purchased 3.7 million shares of 8x8's common stock for \$27.75 million. STM's share ownership made them the Company's largest stockholder. So long as STM held at least 10% of 8x8's outstanding common stock, the Company was obligated to nominate one qualified nominee selected by STM for election to 8x8's board of directors. Christos Lagomichos, vice president and general manager of the Set- Top Box Division of STM's subsidiary, STMicroelectronics, Inc., was selected as a nominee by STM and served as a director of the Company from June 2000 until his resignation in December 2003. In December 2003, STM began to sell on the open market shares of 8x8 common stock that it was holding. As a result, STM ceased to be a related party of the Company as of December 31, 2003, and as of March 31, 2004, held no shares of 8x8 common stock.
