ITEM 8.01. OTHER EVENTS

On July 13, 2004, Telewest Communications plc ("Telewest"), Telewest Global, Inc. and Telewest UK Limited entered into a transfer agreement (the "Transfer Agreement"). The Transfer Agreement provides for the transfer of substantially all of the assets of Telewest (including the

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

shares in Telewest Communications Networks Limited and its other operating companies, but excluding the shares in Telewest Finance (Jersey) Limited and one share of Telewest Global, Inc's. common stock) to Telewest UK Limited. The asset transfer contemplated by the Transfer Agreement was completed on July 14, 2004. On July 15, 2004, Telewest's financial restructuring (the "Telewest Restructuring") became effective. As a result, all outstanding notes and debentures of Telewest and Telewest Finance (Jersey) Limited have been cancelled. A total of 241,325,000 shares, or 98.5%, of Telewest Global, Inc's. common stock were distributed by an escrow agent to the holders of Telewest's and Telewest Finance (Jersey) Limited's notes and debentures and certain other scheme creditors. The remaining 3,675,000 shares, or 1.5%, of Telewest Global, Inc's. common stock were distributed to Telewest's existing shareholders. As part of the financial restructuring, Telewest Communications Networks Limited, a subsidiary of Telewest until its transfer to Telewest Global, Inc. on July 14, 2004, also completed the amendment of its senior secured credit facility. The amended facility provides for fully committed facilities of Pound Sterling2,030 million.

Telewest's financial statements as of December 31, 2002 and 2001 and for the three years then ended (the "2002 Financial Statements") are included in Liberty Media Corporation's ("Liberty") Annual Report on Form 10-K for the year ended December 31, 2003 pursuant to Rule 3-09 of Regulation S-X as promulgated by the Securities and Exchange Commission, and may be incorporated by reference into certain registration statements filed by Liberty in the future. Accordingly, Telewest is revising its 2002 Financial Statements to include disclosure related to the Telewest Restructuring. The revised financial statements are included herein.

ITEM 9.01. FINANCIAL STATEMENTS AND EXHIBITS

(c) Exhibit
23 Consent of KPMG Audit plc

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, as amended, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

REPORT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
to the board of directors and shareholders of Telewest Communications plc

We have audited the accompanying consolidated balance sheets of Telewest Communications plc and subsidiaries (the Group) as of December 31, 2002 and 2001, and the related consolidated statements of operations, shareholders' equity/(deficit) and comprehensive income and cash flows for each of the years in the three-year period ended December 31, 2002. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards in the United Kingdom and the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements on pages 2 to 39 present fairly, in all material respects, the financial position of Telewest Communications plc and subsidiaries as of December 31, 2002 and 2001, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2002 in conformity with generally accepted accounting principles in the United States of America.

The accompanying financial statements have been prepared assuming that the Group will continue as a going concern. As discussed in note 2 to the financial statements, the Group has suffered recurring losses, has a net shareholders deficit and is undergoing financial restructuring and this raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As discussed in note 3 to the consolidated financial statements, the 2002 consolidated financial statements have been restated.

As discussed in note 4 to the consolidated financial statements, the Group adopted SFAS 141, Business Combinations and SFAS 142, Goodwill and Other Intangible Assets, in 2002.

As discussed in note 4 to the consolidated financial statements, the Group changed its method of accounting for derivative instruments and hedging activities in 2001.

5

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

1 ORGANIZATION AND HISTORY

Telewest Communications plc ("the Company") and its subsidiary undertakings (together "the Group") provide cable television, telephony and internet services to business and residential customers in the United Kingdom ("UK"). The Group derives its cable television revenues from installation fees, monthly basic and premium service fees and advertising charges. The Group derives its telephony revenues from connection charges, monthly line rentals, call charges, special residential service charges and interconnection fees payable by other operators. The Group derives its internet revenues from installation fees and monthly subscriptions to its ISP. The cable television, telephony and internet services account in 2002 for approximately 26%, 61% and 5%, respectively, of the Group's revenue.

The Group is also engaged in broadcast media activities, being the supply of entertainment content, interactive and transactional services to the UK pay-TV broadcasting market. The Content Division accounts in 2002 for approximately 8% of the Group's revenue.

2 BASIS OF PREPARATION

The consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("US GAAP"). The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Group's significant estimates and assumptions include capitalisation of labor and overhead costs; impairment of goodwill and long-lived assets (see note 6); and accounting for debt and financial instruments (see note 5). Actual results could differ from those estimates.

The financial statements are prepared on a going concern basis, which the directors believe to be appropriate for the following reasons:

Following the directors' decision on September 30, 2002 not to pay the interest on certain of the Group's bonds and other hedging instruments, the Group is now in default of its bonds and its Senior Secured Facility.

These liabilities are now due for repayment in full and the Group is negotiating with its bondholder creditors and bank facility creditors to effect a reorganization of the Group's debt. This will involve, among other things, the conversion of bond debt to equity and the renegotiation of existing bank facilities. The directors believe the amended facilities will provide the Group with sufficient liquidity to meet the Group's funding needs after completion of the Financial Restructuring. Further details of the planned Financial Restructuring are included in note 23.

In order for the Financial Restructuring to be effective, the Scheme Creditors need to approve the plans by the relevant statutory majority. In addition, the Group's shareholders need to approve the proposed share capital reorganization.

The directors are of the opinion that the status of negotiations of the financial restructuring will lead to a successful outcome and that this is sufficient grounds for issuing the annual financial statements under the assumption of going concern.

The effect on the financial statements as presented, of the going concern basis of preparation being inappropriate, is principally that the book value of tangible fixed assets and investments would be restated from their present value in use to a net realizable value. Whilst the directors believe that the net realizable values would be lower than the current value in use there is insufficient information available for the directors to quantify the difference.

The Group faces the following significant risks and uncertainties about:

- o its continued ability to raise finance to fund its operations;
- o its successful execution of its long term business plan, which in turn will affect the Group's ability to raise further finance under the Senior Secured Facility (see note 16); and
- o the need to meet financial and other covenants relating to debt instruments which have already been issued.

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

The economic environment and currency in which the Group operates is the United

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

Kingdom and therefore its reporting currency is Pounds Sterling (L). Certain financial information for the year ended December 31, 2002 has been translated into US Dollars (\$), with such US Dollar amounts being unaudited and presented solely for the convenience of the reader, at the rate of \$1.6095 =L1.00, the Noon Buying Rate of the Federal Reserve Bank of New York on December 31, 2002. The presentation of the US Dollar amounts should not be construed as a representation that the Pounds Sterling amounts could be so converted into US Dollars at the rate indicated or at any other rate.

3 RESTATEMENT

Subsequent to the issuance of our consolidated financial statements as of and for the year ended December 31, 2002, we have determined the need to adjust the classification of debt previously reflected as non-current in the consolidated balance sheet at December 31, 2002 and write off deferred financing costs as at December 31, 2002 relating to the restated debt. The adjustment of debt reclassifies L1,792 million from non-current "Debt repayable after more than one year" to "Debt repayable within one year". The write off of deferred financing costs decreases other assets and increases interest expense and net loss as at and for the year ended December 31, 2002 by L11 million. There was no impact on the 2001 Consolidated Financial Statements.

These adjustments have been made because the Company recently determined that the effect of non-payment of a hedge contract of L10.5 million in 2002 triggered a default on an additional L1,792 million of bond debt as at December 31, 2002.

We have also determined the need to accrue additional interest of L2 million relating to additional interest for bonds in default as at December 31, 2002. This adjustment increases net loss, interest expense and other liabilities by L2 million as at and for the year ended December 31, 2002.

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of the Company and those of its majority-owned subsidiaries. All significant inter-company accounts and transactions have been eliminated upon consolidation. All acquisitions have been accounted for under the purchase method of accounting. Under this method, the results of subsidiaries and affiliates acquired in the year are included in the consolidated statement of operations from the date of acquisition.

IMPAIRMENT OF LONG LIVED ASSETS AND GOODWILL

The Group applies Statement of Financial Accounting Standard ("SFAS") No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. The Group adopted, from January 1, 2002 SFAS 144 which requires that long-lived assets and certain identifiable intangibles, including goodwill, to be held and used by an entity, be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Indications of impairment are determined by reviewing undiscounted projected future cash flows. If impairment is indicated, the amount of the impairment is the amount by which the carrying value exceeds the fair value of the assets.

BUSINESS COMBINATIONS AND GOODWILL AND OTHER INTANGIBLE ASSETS

In July 2001, the Financial Accounting Standards Board ("FASB") issued SFAS 141, Business Combinations and SFAS 142, Goodwill and Other Intangible Assets. SFAS 141 requires all business combinations undertaken after June 30, 2001 to be accounted for using the purchase method. Under SFAS 142, goodwill arising from

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

business combinations and intangible assets with indefinite lives are no longer amortized but are subject to annual review for impairment (or more frequently should indications of impairment arise). Goodwill associated with equity-method investments will also no longer be amortized upon adoption of SFAS 142, but will be subject to impairment testing as part of the investment to which it relates in accordance with Accounting Principles Board Opinion No. ("APB") 18, The Equity Method of Accounting for Investments in Common Stock. Separable intangible assets that do not have indefinite lives will continue to be amortized over their estimated useful lives and will be subject to review for impairment in accordance with SFAS 144 (see below). The amortization provisions of SFAS 142 apply to goodwill and intangible assets acquired after June 30, 2001. For goodwill and intangible assets acquired prior to July 1, 2001, the Group was required to adopt SFAS 142 effective January 1, 2002. As of January 1, 2002 the Group had L2,199 million of unamortized goodwill, L1,892 million of which related to business combinations and L307 million of which related to equity-method investments.

Impairment under SFAS 142 is measured using a two-step approach, initially based on a comparison of the reporting unit's fair value to its carrying value; if the fair value is lower, then the second step compares the implied fair value of the goodwill with its carrying value to determine the amount of the impairment. In connection with SFAS 142's transitional goodwill impairment evaluation, the Statement required the Company to perform an assessment of whether there was an indication that goodwill was impaired as of the date of adoption of January 1, 2002. The Company compared the individual carrying value of its two reporting units, Cable and Content, to their respective fair values. The fair values of the respective reporting units were determined from an analysis of discounted cash flows based on the Company's budgets and long-range plan. The discounted cash flow analysis was performed at a reporting unit level. At January 1, 2002 the fair values of both reporting units were greater than their respective carrying values and therefore the adoption of SFAS 142 on January 1, 2002, had no impact on the Company's financial position or results of operations.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include highly liquid investments with original maturities of three months or less that are readily convertible into cash.

DERIVATIVES AND HEDGING

At January 1, 2001 the Company adopted SFAS 133 Accounting for Derivative Instruments and Hedging Activities as amended by SFAS 137 and SFAS 138. SFAS 133 established accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and hedging activities. It requires the recognition at fair value of all derivative

8

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

instruments as assets or liabilities in the Company's balance sheet. The accounting treatment of changes in fair value is dependent upon whether or not a derivative instrument is designated a hedge and if so, the type of hedge and its effectiveness as a hedge.

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

For derivatives, which are not designated as hedges, changes in fair value are recorded immediately in earnings.

For derivatives designated as cash flow hedges, changes in fair value on the effective portion of the hedging instrument are recorded within other comprehensive income ("OCI") until the hedged transaction occurs and are then recorded within earnings. Changes in the ineffective portion of a hedge are recorded in earnings. For derivatives designated as fair value hedges, changes in fair value are recorded in earnings. The Group has not, however, had any fair value hedges since the adoption of SFAS 133.

The Group discontinues hedge accounting for derivative financial instruments when it is determined that the derivative instrument is no longer effective in offsetting changes in the cash flows of the hedged item; the derivative instrument expires or is sold; the derivative instrument is no longer designated as a hedging instrument, because it is unlikely that a forecasted transaction will occur; a hedged firm commitment no longer meets the definition of a firm commitment; or its management determines that designation of the derivative instrument as a hedging instrument is no longer appropriate. The tests for determining the effectiveness of a cash flow hedge compare on a strict basis the amount and timing of cash flows on the underlying economic exposure with the cash flows of the derivative instrument.

Upon discontinuation of cash flow hedge accounting, the net gain or loss attributable to the hedging instrument, which has been reported in OCI to the date of discontinuation, continues to be reported in OCI until the date the hedged transaction impacts earnings. This occurs unless it is probable that the hedged transaction will not occur by the end of the originally specified time period. If the hedged transaction is not expected to occur, the net gain or loss is reclassified from OCI to earnings upon discontinuation.

Prior to adoption of SFAS 133 the Group had the following accounting policies in respect of financial instruments. Foreign currency forward contracts, options and swaps, which were used to reduce the exchange risk on the principal amounts and early call premiums on certain foreign currency borrowings, were recorded on the balance sheet at their fair value. Gains and losses arising from changes in fair value were recorded concurrently within earnings. Such gains and losses were offset by gains and losses arising from retranslating the principal amounts of the foreign currency borrowings.

The Group also used foreign currency forward contracts and cross currency interest rate swaps to reduce its exposure to adverse changes in exchange rates associated with the interest payments on certain foreign currency borrowings. Such foreign currency forward contracts and cross currency interest rate swaps were accounted for using the accruals method.

The Group also used interest rate swap agreements and an interest rate collar to manage interest rate risk on the Group's borrowings. Net income or expense resulting from the differential between exchanging floating and fixed interest payments was recorded within the consolidated statement of operations on an accruals basis from the effective date of the interest rate swap agreements and interest rate collar.

INVESTMENTS

Generally, investments in partnerships, joint ventures and subsidiaries in which the Group's voting interest is 20% to 50%, and others where the Group has significant influence, are accounted for using the equity method. Investments which do not have a readily determinable fair value, in which the Group's voting interest is less than 20%, and in which the Group does not have significant influence, are carried at cost and written down to the extent that there has

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

been an other-than-temporary diminution in value. The Group accounts for certain investments in which the Group's ownership is greater than 50% using the equity method. This method is used for such subsidiaries where the minorities have substantive participating rights such as veto over key operational and financial matters and equal representation on the board of directors.

The Group reviews the carrying values of its investments in affiliates, including any associated goodwill, to ensure that the carrying amount of such investments are stated at no more than their recoverable amounts. The Group assesses the recoverability of its investments by determining whether the carrying value of the investments can be recovered through projected discounted future operating cash flows (excluding interest) of the operations underlying the investments. The assessment of the recoverability of the investments will be impacted if projected future operating cash flows are not achieved. The amount of impairment, if any, is measured based on the projected discounted future operating cash flows using a rate commensurate with the risks associated with the assets.

9

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

ADVERTISING COSTS

Advertising costs are expensed as incurred. The amount of advertising costs expensed was L52 million, L48 million, and L38 million for the years ended December 31, 2002, 2001, and 2000, respectively.

PROPERTY AND EQUIPMENT

Property and equipment is stated at cost. Depreciation is provided to write-off the cost, less estimated residual value, of property and equipment by equal instalments over their estimated useful economic lives as follows:

Freehold and long leasehold buildings	50 years	Other equipment
Cable and ducting	20 years	Office furniture and
Electronic equipment		Motor vehicles
System electronics	8 years	
Switching equipment	8 years	
Subscriber electronics	5 years	
Headend, studio, and playback facilities	5 years	

The Group accounts for costs, expenses and revenues applicable to the construction and operation of its cable systems in accordance with SFAS 51 Financial Reporting by Cable Television Companies. Initial subscriber

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

installation costs are capitalized and depreciated over the life of the network.

DEFERRED FINANCING COSTS

Direct costs incurred in raising debt are deferred and recorded on the consolidated balance sheet in other assets. The costs are amortized to the consolidated statement of operations at a constant rate to the carrying value of the debt over the life of the obligation. Deferred financing costs in respect of bond debt in default are written off immediately to the consolidated statement of operations.

MINORITY INTERESTS

Recognition of the minority interests' share of losses of consolidated subsidiaries is limited to the amount of such minority interests' allocable portion of the equity of those consolidated subsidiaries.

FOREIGN CURRENCIES

Transactions in foreign currencies are recorded using the rate of exchange in effect at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange prevailing at the balance sheet date and the gains or losses on translation are included in the consolidated statement of operations.

REVENUE RECOGNITION

Revenues are recognized as network communication services are provided. Credit risk is managed by disconnecting services to customers who are delinquent. Connection and activation fees relating to cable television, telephony and internet are recognized in the period of connection to the extent that such fees are less than direct selling costs. Any excess connection and activation fees over direct selling costs incurred are deferred and amortized over the expected customer life.

Occasionally the Group sells capacity on its network to other telecommunications providers. Sales of capacity are accounted for as sales-type leases, operating leases, or service agreements depending on the terms of the transaction. If title is not transferred or if the other requirements of sales-type lease accounting are not met, revenues are recognized rateably over the term of the agreement.

10

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

Programming revenues are recognized in accordance with Statement of Position ("SOP") 00 - 2, Accounting by Producers or Distributors of Films. Revenue on transactional and interactive sales is recognized as and when the services are delivered. Advertising sales revenue is recognized at estimated realizable values when the advertising is aired.

RECOGNITION OF CONTRACT COSTS

Certain of the sales of network capacity referred to above involve the Group

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

constructing new capacity. Where the Group retains some of this new capacity, either for subsequent resale or for use within the business, then an element of the construction costs is retained within inventory or equipment, respectively. The allocation of construction cost between costs expensed to the statement of operations and costs capitalized within inventory or equipment is based upon the ratio of capacity to be sold and to be retained.

PENSION COSTS

The Group operates a defined contribution scheme (the Telewest Communications plc Pension Trust) or contributes to third-party schemes on behalf of employees. The amount included in expenses in 2002, 2001 and 2000 of L11 million, L10 million and L8 million, respectively, represents the contributions payable to the selected schemes in respect of the relevant accounting periods.

INCOME TAXES

Under the asset and liability method of SFAS 109 Accounting for Income Taxes, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered.

The Group recognises deferred tax assets only where it is more likely than not that the benefit will be realized through future taxable income. Otherwise a valuation allowance is established to provide against deferred tax assets.

SHARE-BASED COMPENSATION

SFAS 123, Accounting for Stock-Based Compensation, encourages, but does not require, companies to record compensation costs for share-based employee compensation plans at fair value. The Group has chosen to continue to account for share-based compensation using the intrinsic value method prescribed in APB 25, Accounting for Stock Issued to Employees and related interpretations. Accordingly, compensation cost for fixed plan share options is measured as the excess, if any, of the quoted market price of the Company's shares at the date of the grant over the amount an employee must pay to acquire the shares. Compensation cost for variable plan share options is measured each period using the intrinsic value method until the variable or performance features of the plan become fixed. Compensation expense is recognized over the applicable vesting period.

Shares purchased by the trustees in connection with the Telewest Restricted Share Scheme and certain LTIP awards, are valued at cost and are reflected as a reduction of shareholders' equity in the consolidated balance sheet. This equity account is reduced when the shares are issued to employees based on the original cost of the shares to the trustees.

EARNINGS PER SHARE

Basic earnings per share has been computed by dividing net loss available to ordinary shareholders by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is computed by adjusting the weighted average number of ordinary shares outstanding during the year for all dilutive potential ordinary shares outstanding during the year and adjusting the net loss for any changes in income or loss that would result from the conversion of such potential ordinary shares. There is no difference in net loss and number of shares used for basic and diluted net loss per ordinary share, as potential ordinary share equivalents for employee share options and convertible debt are not included in the computation as their effect would be to decrease

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

the loss per share. The number of potential ordinary shares was 393 million, 393 million and 464 million in 2002, 2001 and 2000, respectively.

INVENTORIES

Inventories of equipment, held for use in the maintenance and expansion of the Group's telecommunications systems, are stated at cost, including appropriate overheads, less provision for deterioration and obsolescence. Network capacity and ducting held for resale are stated at the lower of cost and net realizable value.

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

NEW ACCOUNTING STANDARDS APPLICABLE TO THE GROUP

SFAS 143 Accounting for Asset Retirement Obligations

In July 2001, the FASB issued SFAS 143, Accounting for Asset Retirement Obligations. SFAS 143, which is effective for fiscal years beginning after June 15, 2002, requires entities to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred. When the liability is initially recorded, an entity capitalizes a cost by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its present value each period, and the capitalized cost is depreciated over the useful life of the related asset. Upon settlement of the liability, an entity either settles the obligation for its recorded amount or incurs a gain or loss upon settlement.

Telewest has evaluated its legal retirement obligations in relation to all of its tangible long-lived assets and specifically in relation to the buildings that it occupies and its network assets. Buildings, which are held under operating leases, do not specify a fixed refurbishment payment, but instead specify a standard of physical restoration for which Telewest is responsible. Telewest attempts to maintain properties on an ongoing basis to the standard required by the lease and consequently would not expect to have significant additional relevant obligations in respect of its leased properties. Also Telewest believes that it has no legal or constructive retirement obligations in relation to its network assets, all located in the United Kingdom, as there is no legal requirement for Telewest to retire such assets. The Group does not therefore believe the adoption of SFAS 143 will have a material impact on the financial statements.

SFAS 145 Rescission of FASB Statements 4, 44 and 64, Amendment of FASB 13, and Technical Corrections

In April 2002, the FASB issued SFAS 145, "Rescission of FASB Statements 4, 44 and 64, Amendment of FASB 13, and Technical Corrections". SFAS 145 provides for the rescission of several previously issued accounting standards, new accounting guidance for the accounting for certain lease modifications and various technical corrections that are not substantive in nature to existing pronouncements. The Group has adopted this standard from January 1, 2002 and reclassified L15 million from extraordinary items to expense for the year ended

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

December 31, 2001. No material adjustments have been required in 2002.

SFAS 146 Accounting for Costs Associated with Exit or Disposal Activities

In June 2002, the FASB issued SFAS 146, "Accounting for Costs Associated with Exit or Disposal Activities". SFAS 146 is effective for exit or disposal activities that are initiated after December 31, 2002, and nullifies Emerging Issues Task Force ("EITF") Issue No. 94-3 "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)". SFAS 146 applies to costs associated with an exit activity that do not involve an entity newly acquired in a business combination or with a disposal activity covered by SFAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets". The Group does not believe the adoption of this statement will have a material impact on its financial position or results of operations.

SFAS 148 Accounting for Stock Based Compensation--Transition and Disclosure

An amendment of SFAS 123 is effective for the Group for the year ended December 31, 2002. SFAS 148 permits two additional transition methods for entities that adopt the fair value based method of accounting for stock-based employee compensation. The Statement also requires new disclosures about the ramp-up effect of stock-based employee compensation on reported results and that those effects be disclosed more prominently by specifying the form, content, and location of those disclosures. The Group has adopted the disclosure provisions of the Statement in these financial statements. The Group has not adopted the fair value based method of accounting for stock-based employee compensation and still accounts for these in accordance with APB Opinion 25, Accounting for Stock Issued to Employees.

Other new standards

In November 2002, the Emerging Issues Task Force issued its consensus on EITF 00-21, Revenue Arrangements with Multiple Deliverables (EITF 00-21) on an approach to determine whether an entity should divide an arrangement with multiple deliverables into separate units of accounting. According to the EITF, in an arrangement with multiple deliverables, the delivered item(s) should be considered a separate unit of accounting if all of the following criteria are met: (1) the delivered item(s) has value to the customer on a standalone basis, (2) there is objective and reliable evidence of the fair value of the undelivered item(s), and (3) if the arrangement includes a general right of return, delivery or performance of the undelivered item(s) is considered probable and substantially in the

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

control of the vendor. If all the conditions above are met and there is objective and reliable evidence of fair value for all units of accounting in an arrangement, the arrangement consideration should be allocated to the separate units of accounting based on their relative fair values. The guidance in this Issue is effective for revenue arrangements entered into in fiscal years beginning after June 15, 2003. The Group believes that the adoption of EITF

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

00-21 will not have a material impact on the Group's financial statements.

In November 2002, the FASB issued FASB Interpretation 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others ('FIN 45'), which addresses the disclosure to be made by a guarantor in its financial statements about its obligations under guarantees. FIN 45 also requires the recognition of a liability by a guarantor at the inception of certain guarantees. It requires the guarantor to recognize a liability for the non-contingent component of the guarantee, this is the obligation to stand ready to perform in the event that specified triggering events or conditions occur. The initial measurement of this liability is the fair value of the guarantee at inception. The recognition of the liability is required even if it is not probable that payments will be required under the guarantee or if the guarantee was issued with a premium payment or as part of a transaction with multiple elements. The Group has adopted the disclosure requirements and will apply the recognition and measurement provisions for all guarantees entered into or modified after December 31, 2002. To date the Company has not entered into or modified guarantees.

In January 2003, the FASB issued FASB Interpretation 46, Consolidation of Variable Interest Entities (FIN 46) which interprets Accounting Research Bulletin (ARB) 51, Consolidated Financial Statements. FIN 46 clarifies the application of ARB 51 with respect to the consolidation of certain entities (variable interest entities - 'VIEs') to which the usual condition for consolidation described in ARB 51 does not apply because the controlling financial interest in VIEs may be achieved through arrangements that do not involve voting interests. In addition, FIN 46 requires the primary beneficiary of VIEs and the holder of a significant variable interest in VIEs to disclose certain information relating to their involvement with the VIEs. The provisions of FIN 46 apply immediately to VIEs created after January 31, 2003, and to VIEs in which an enterprise obtains an interest after that date. FIN 46 applies in the first fiscal year beginning after June 15, 2003, to VIEs in which an enterprise holds a variable interest that it acquired before February 1, 2003. To comply with the transitional provisions of FIN 46, Telewest has evaluated its existing structures to determine whether it is reasonably likely that it would be required to consolidate or disclose information about a VIE's nature, purpose, size and activities, together with Telewest's maximum exposure to loss. Telewest is also required to disclose the anticipated impact of adoption of FIN 46 on its financial statements.

Telewest has 50% joint venture interests in two affiliates, UKTV, a joint venture with the BBC, and Front Row Television Limited ("Front Row"), a joint venture with NTL, both of which are accounted for under the equity method, and neither of which are considered VIEs. Management believes that both UKTV and Front Row are businesses as defined by EITF 98-3, Determining Whether a Nonmonetary Transaction Involves Receipt of Productive Assets or of a Business, and FIN 46, Consolidation of Variable Interest Entities (Revised December 2003), and, accordingly, does not consider that either consolidation or additional disclosures are required. Telewest does not otherwise make use of traditional VIE structures in its business and does not currently securitize its receivables or other financial assets. The Group does not therefore believe that the impact of the adoption of FIN 46 will have a material effect on its financial statements.

5 FINANCIAL INSTRUMENTS

The Group holds derivative financial instruments solely to hedge specific risks and does not hold such instruments for trading purposes. The derivatives are held to hedge against the variability in cash flows arising from the effect of fluctuations of GBP:USD exchange rate on the Group's US Dollar-denominated debt and from changes in interest rates on its variable rate bank debt.

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

The Group maintains risk management control systems to monitor currency exchange and interest rate risk attributable to forecasted debt principal payments and interest rate exposure.

CASH FLOW HEDGES

Hedges of US Dollar denominated debt

The Group has issued US Dollar denominated debt instruments with a range of maturities. The Group previously hedged the principal amounts of these instruments up to their first call dates or other such dates where the Group may at its option redeem the instrument before maturity.

13

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

The Group has increased its foreign exchange risk since the discontinuation of hedge accounting as described below. The Group continues to monitor this risk until the Financial Restructuring is completed when the US Dollar-denominated debt instruments will be swapped for equity and the foreign exchange risk is minimised.

In the three-month period ended March 31, 2002, the Group determined that it was probable that forecasted future prepayments of principal against outstanding US Dollar-denominated debt would not occur. Accordingly, the cumulative adjustment in OCI of L53 million resulting from marking to market the derivative instruments has been reclassified from OCI to foreign exchange gains in the Statement of Operations. Subsequent adjustments of the carrying value of these instruments to fair value are taken directly to the Statement of Operations as incurred.

In the nine-month period ended September 30, 2002, the Group had the ability to terminate in-the-money derivative contracts that fluctuate in value. Such derivative contracts hedged our exposure to fluctuations in the US Dollar/pound sterling exchange rates on the Group's US Dollar-denominated debt. In March 2002, the Group terminated certain of these derivative contracts with a nominal value of \$999 million (L688 million), netting L74 million cash inflow. In May 2002 the Group terminated further derivative contracts with a nominal value of \$367 million (L253 million) realizing an additional L30 million cash inflow. In the three-month period ended September 30, 2002, the Group terminated arrangements with a nominal value of \$2.3 billion (approximately L1.5 billion). Contracts with a nominal value of \$1 billion were settled in cash resulting in an outflow of L28 million. The remaining contracts with a nominal value of \$1.3 billion have yet to be settled for a total cost of L33 million of which L19 million was due on October 1, 2002, but the Company deferred such payment and is considering the payment in the context of its Financial Restructuring.

During the 12-month period ended December 31, 2002, the Group recorded a net L48 million transfer from cumulative OCI to the Statement of Operations arising from the dedesignation of derivative contracts as ineffective hedges, as described above. In the 12-month period ended December 31, 2001, the Group recorded a L36 million gain in fair value to cumulative OCI, consisting of a loss of L25 million to short-term derivative liabilities and a L61 million gain to long-term

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

derivative assets.

HEDGES OF VARIABLE RATE DEBT

As described in note 16 to the consolidated financial statements, the Group has a Senior Secured Facility with a syndicate of banks and a further amount from an Institutional Tranche ("Institutional Tranche"). Drawdowns under the Senior Secured Facility and the Institutional Tranche bear interest at 0.75% to 2.00% above LIBOR and up to 4% above LIBOR respectively, so the Group is exposed to variable cash flows arising from changes in LIBOR. The Group hedges these variable cash flows by the use of interest rate swaps. The interest rate swaps can be summarised as follows:

EFFECTIVE DATES	MATURITIES	NOTIONAL PRINCIPAL	RECEI
1/2/1997 - 7/1/2002	12/31/2003 - 3/31/2005	L900m	6-month

In June 2002, the Group reviewed the effectiveness as hedges of the derivative instruments hedging our exposure to fluctuations in interest rates on its long-term bank debt. The review concluded that continued designation of these instruments as hedges was no longer appropriate and hedge accounting was discontinued with immediate effect. The dedesignation of these instruments as hedges resulted in a transfer of L7 million from cumulative OCI to interest expense within the Statement of Operations. Any movements in the value of the derivatives after June 2002 are recorded within interest expense.

The Group continues to hedge some of its interest rate risk on its Senior Secured Facility through the use of interest rate swaps. The purpose of the derivative instruments is to provide a measure of stability over the Company's exposure to movements in sterling interest rates on its sterling denominated bank debt.

FAIR VALUE OF FINANCIAL INSTRUMENTS

SFAS 107, Disclosures about Fair Value of Financial Instruments requires disclosure of an estimate of the fair values of financial instruments. SFAS 107 defines the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties other than in a forced sale. Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgement, and therefore cannot be determined precisely. Changes in assumptions could significantly affect the estimates.

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

At December 31, 2002 the Group's significant financial instruments include cash and cash equivalents, trade receivables, interest rate swaps, trade payables and short-term and long-term debt instruments. The following table summarizes the fair value of certain instruments held by and obligations of the Group. The fair value of the other financial instruments held by the Group approximates their recorded carrying amount due to the short maturity of these instruments and these instruments are not presented in the following table:

	AT DECEMBER 31,	
	CARRYING	FAIR VALUE
	AMOUNT	
	L MILLION	L MILLION

FINANCIAL INSTRUMENTS - ASSETS		
Foreign exchange forward contracts	--	-
Foreign currency swaps	--	-

FINANCIAL INSTRUMENTS - LIABILITIES		
Interest rate swap agreements	(34)	(3)
Foreign exchange forward contracts	--	-

DEBT OBLIGATIONS		
Accreting Convertible Notes 2003	282	6
Senior Convertible Notes 2005	311	13
Senior Debentures 2006	186	3
Senior Convertible Notes 2007	300	6
Senior Discount Debentures 2007	955	20
Senior Notes 2008	217	4
Senior Discount Notes 2009	563	10
Senior Notes 2010	394	8
Senior Discount Notes 2010	222	4
Senior Secured Facility	2,000	2,000
Other debt	20	2

The estimated fair values of the financial instruments specified above are based on quotations received from independent, third-party financial institutions and represent the net amounts receivable or payable to terminate the position. The estimated fair values of the Debentures and Notes are also based on quotations from independent third-party financial institutions and are based on discounting the future cash flows to net present values using appropriate market interest

rates prevailing at the year end.

MARKET RISK AND CONCENTRATIONS OF CREDIT RISK

Market risk is the sensitivity of the value of the financial instruments to changes in related currency and interest rates.

As described above, the Group terminated its portfolio of derivative financial instruments which were used to hedge its exposure to fluctuations in the USD: GBP exchange rate. Consequently the Group is exposed to fluctuations in the value of its US Dollar-denominated debt obligations.

15

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

Generally, the Group is not exposed to such market risk arising on its interest rate derivative financial instruments because gains and losses on the underlying assets and liabilities offset gains and losses on the financial instruments.

The Group may be exposed to potential losses due to the credit risk of non-performance by the financial institution counterparties to its portfolio of derivative financial instruments. However such losses are not anticipated as these counterparties are major international financial institutions and the portfolio is spread over a wide range of institutions.

Temporary cash investments also potentially expose the Group to concentrations of credit risk, as defined by SFAS 133. At December 31, 2002 the Group had L160 million on deposit with a major international financial institution. Concentrations of credit risk with respect to trade receivables are limited due to the large number of customers comprising the Group's customer base.

6 IMPAIRMENT OF ASSETS AND GOODWILL

During the year ended December 31, 2002, the Group undertook an impairment review of its network assets, of goodwill arising on recent acquisitions and of its investments in affiliates acquired in recent years. The review covered the Cable and Content reporting units. The principal reasons for the review were: a share price decline indicative of a fall in the values of the underlying assets and a softening of the ad-sales market, declining revenue growth and a lower than expected customer take-up of additional services.

The review found evidence of impairment in the value of goodwill arising on the core Cable and Content reporting units and in the value of the affiliated undertaking UKTV. The carrying amounts of goodwill, fixed assets and the investments in the affiliated undertakings were written down to fair value, resulting in a charge of L1,445 million against goodwill, an impairment of L841 million against fixed assets and a charge of L88 million against the investments in affiliated undertakings. These charges have been included in the statement of operations within impairment of goodwill, impairment of fixed assets and share of net losses of affiliates and impairment, respectively. The estimated fair value of the goodwill and the investment in UKTV was based on projected future cash flows at a post-tax discount rate of 11.5% which the Group believes is commensurate with the risks associated with the assets. The projected future

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

cash flows were determined using the Company's ten-year plan for the business, with a terminal value which takes into account analysts' and other published projections of future trends across pay-TV platforms, including the total television advertising market.

The changes in the carrying amount of goodwill for the years ended December 31, 2002 and 2001 by reporting unit are as follows:

Balance as of January 1, 2001

Addition in year

Amortization in year

Impairment of goodwill

Balance as of January 1, 2002

Impairment of goodwill

Balance as of December 31, 2002

Amortization expense related to goodwill was L183 million (including L27 million related to equity investment goodwill) for the year ended December 31, 2001 (L147 million for the year ended December 31, 2000). The following table reconciles previously reported net income as if the provisions of SFAS 142 were in effect in 2001 and 2000:

7 BUSINESS COMBINATIONS

On May 30, 2001, the Group acquired 51% of the issued share capital of Rapid Travel Solutions Limited ("Rapid Travel") and was granted a series of call options by, and granted a series of put options to, the vendors in respect of the balance of 49%. Assuming that either party exercises these options, the Group will acquire the remainder of the share capital in tranches ending on November 30, 2003 for total consideration of L4 million. The acquisition has been accounted for using the purchase method of accounting. Goodwill arising on the acquisition was L7 million.

If the Group had acquired Rapid Travel at the beginning of 2000 and 2001, the Group's results would not have been materially different from the actual results as disclosed in these financial statements.

On April 19, 2000 the Company acquired the entire issued share capital of Flextech Plc ("Flextech"), a company engaged in broadcast media activities, for a total consideration of L1,978 million. This comprised 601 million shares of 10p each and acquisition costs of L31 million. The value attributed to the shares issued was 323.85 pence per share, being the average share market price for a five day period around December 17, 2000, the day the terms of the acquisition were agreed to and announced. The acquisition was accounted for using the purchase method of accounting. The goodwill arising on acquisition of Flextech was L1,382 million. As described in note 16, the Group has undertaken an impairment review of goodwill. As a result of the review, a charge of L429 million has been made.

On November 1, 2000 the Company acquired the entire issued share capital of Eurobell (Holdings) PLC ("Eurobell"), from Deutsche Telekom ("DT") and agreed to pay initial and deferred consideration to DT, (as discussed below), in the form of 5% Accreting Convertible Notes due 2003. The aggregate principal amount of such Notes, following agreement of the deferred consideration, is L254 million. The terms of the Accreting Convertible Notes are described in note 16 to these financial statements.

Upon completion of the acquisition, the Company issued a L220 million Accreting Convertible Note to DT in consideration for:

- o Eurobell's entire issued share capital, L72 million
- o the assignment of an inter-company loan previously owed by Eurobell to DT, L128 million, and
- o a cash payment remitted to Eurobell by DT shortly after the acquisition, L20 million.

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

Subsequently, on January 15, 2001 DT remitted a further cash payment, L30 million, to Eurobell and the Company issued an additional Accreting Convertible Note to DT for L30 million.

In addition under the terms of the acquisition, the Company was obliged to provide deferred consideration, contingent on Eurobell's turnover for the year ended December 31, 2000 exceeding a certain target. As a result, an additional L3.5 million Accreting Convertible Note, dated April 2, 2001 was issued to DT. This deferred consideration was accrued for at December 31, 2000.

Goodwill of L1 million arose on the acquisition.

If the Company had acquired Flextech and Eurobell on January 1, 2000 the Group's net loss of L755 million and loss per share of L0.28 would have been L820 million and L0.28, respectively.

years ended December 31, 2002, 2001 and 2000

8 SUPPLEMENTAL DISCLOSURES TO CONSOLIDATED STATEMENTS OF CASH FLOWS

Cash paid for interest was L287 million, L335 million and L164 million for the years ended December 31, 2002, 2001 and 2000, respectively.

During 2002 there were no significant non-cash investing activities. The amounts stated for 2001 represent the purchase of Rapid Travel. The amounts stated for 2000 represent the purchase of Flextech and Eurobell. These transactions are described in note 7 to the consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

THE GROUP'S INVESTMENTS IN AFFILIATES ARE COMPRISED AS FOLLOWS:

Goodwill

Loans

Share of net assets

On September 4, 2002 the investment in SMG plc, a listed investment in an associated undertaking, was reclassified as a current asset investment at net realizable value. This resulted in L42 million being written off the carrying value of the investment. The investment in SMG plc was subsequently sold in November 2002 realizing a gain of L1 million.

Senior Discount Notes 2010	USD	450	February 1, 2010

The Debentures and Notes are unsecured liabilities of the Group.

The Senior Convertible Notes 2005 are convertible into 114 million ordinary shares of the Group at a conversion price of 288 pence per ordinary share. Conversion is at the holders' option at any time up to the close of business on June 22, 2005. The Senior Convertible Notes 2007 are convertible into 92 million ordinary shares of the Group at a conversion price of 325 pence per ordinary share. Conversion is at the holders' option at any time up to close of business on February 2, 2007. If Notes are called for redemption prior to maturity, each holder has the right to convert Notes into ordinary shares. The Accreting Convertible Notes 2003 are convertible into 162 million ordinary shares of the Group at an initial conversion price of 156.56 pence per ordinary share. Conversion is at maturity at the holder's option, but the Group can elect to settle in cash at any time, in whole but not in part, at 100% of the accreted value provided that for a certain 10 day period prior to redemption, the price per ordinary share has been at least 130% of the average conversion price in effect on each day during the 10 day period.

On January 15, 2001, DT remitted a cash payment of L30 million to its former subsidiary Eurobell, under the terms of the acquisition of Eurobell by the Company on November 1, 2000. In consideration the Company issued additional Accreting Convertible Notes 2003 for the same amount. In addition, under the terms of the acquisition, the Company was obliged to provide deferred consideration, contingent on Eurobell's turnover for the year ended December 31, 2000 exceeding a certain target. As a result additional L3.5 million Accreting Convertible Notes 2003, dated April 2, 2001, were issued to DT.

The unamortized portion of the discounts on issue of the Senior Discount Notes 2009 and Senior Discount Notes 2010 was L73 million and L58 million respectively. The discount on issue is being amortized up to the first call dates of the bonds, such as to produce a constant rate of return on the carrying amount.

The indentures under which the Debentures and Notes were issued contain various covenants, which among other things, restrict the ability of the Group to incur additional indebtedness, pay dividends, create certain liens, enter into certain transactions with shareholders or affiliates, or sell certain assets. As part of its refinancing, the Group elected not to pay: the interest due on October 1, 2002 on its Senior Debentures 2006 and its Senior Discount Debentures 2007; the interest due on November 1, 2002 on its Senior Notes 2008; and the interest due on January 7, 2003 on its Senior Convertible Notes 2005. The non-payment of interest constitutes a

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

default event under the terms of these four bonds. As a consequence of the non-payment of hedge contracts of L10.5 million, all of the remaining bonds were also in default as at December 31, 2002.

SENIOR SECURED FACILITY

On March 16, 2001 the Group entered into a new senior secured credit facility (the "Senior Secured Facility") with a syndicate of banks for L2 billion, of which L1,855 million was drawn down at December 31, 2002. The Group is also able to raise a further L250m from institutional investors (the "Institutional Tranche") of which L145 million was drawn down at December 31, 2002. The first drawdowns under the Senior Secured Facility were used to repay amounts owed under the old senior secured credit facilities.

Borrowings under the Senior Secured Facility are secured on the assets of the Group including the partnership interests and shares of subsidiaries and bear interest at 0.75% to 2.0% over LIBOR (depending on the ratio of borrowings to quarterly, annualized, consolidated net operating cash flow). Borrowings under the Institutional Tranche bear interest at up to 4% above LIBOR.

The Senior Secured Facility contains cross-default clauses with other debt instruments. As a result of the Group being in default of its Debentures and Notes, it is in default on the Senior Secured Facility. In addition, on March 14, 2003, Telewest notified its Senior Lenders that, as a result of the exceptional items incurred in 2002 and their impact on Telewest's net operating cash flow, it would breach certain financial covenants under its bank facility in respect of the quarter ended December 31, 2002.

The Group is renegotiating its bank facilities and debt financing arrangements. Further details of the Financial Restructuring are included in note 23.

VENDOR FINANCING

The Group has entered into vendor financing arrangements to fund its purchase of equipment from certain suppliers. Under the terms of these arrangements the Group defers payment for periods up to 36 months. Interest is charged on these arrangements at a rate that is fixed for the life of the arrangements. The balance on these arrangements at December 31, 2002 was L11 million.

SMG LOAN

On July 11, 2001, the Group entered into a contract with Toronto Dominion Bank ("TD"), whereby TD provided a loan to the Group, in return for security over 55% of the Group's shareholding in SMG plc. The loan was fully repaid during the year following the sale of the Group's investment in SMG.

BANK LOANS

Bank loans are property loans secured on certain freehold land and buildings held by the Group. The balance at December 31, 2002 was L7 million.

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

MATURITY PROFILE

As a consequence of the defaults referred to above, the Group's long-term debt has been disclosed as repayable within one year. The original Maturity Profile of the Group's long-term debt was as follows:

2003
2004
2005
2006
2007
2008 and thereafter

24

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

17 INCOME TAXES

Loss before income taxes is solely attributable to the United Kingdom.

The provisions for income taxes follow:

Deferred tax benefit

A reconciliation of income taxes determined using the statutory UK rate of 30% (2001: 30%) to the effective rate of income tax is as follows:

Corporate tax at UK statutory rates

Write down of goodwill

Change in valuation allowance

Deferred income tax assets and liabilities at December 31, 2002 and 2001 are summarized as follows:

Deferred tax assets relating to:

Fixed assets

Net operating loss carried forward

Other--investments

Deferred tax asset

Valuation allowance

Investments in affiliates

DEFERRED TAX LIABILITY PER BALANCE SHEET

At December 31, 2002 the Group estimates that it has, subject to Inland Revenue agreement, net operating losses ("NOLs") of L1,647 million available to relieve against future profits. This excludes capital allowances on assets which are available to the Group, but have not been claimed.

A valuation allowance of 100% has been provided due to a history of operating losses and management's belief that the likelihood of realizing the benefit of the deferred tax asset is not more likely than not.

The NOLs have an unlimited carry forward period under UK tax law, but are limited to their use to the type of business which has generated the loss.

18 SHAREHOLDERS' EQUITY

MOVEMENT IN SHARE CAPITAL

On March 31, 2000 the authorized share capital of the Company was increased to L460 million divided into 4,300 million ordinary shares of 10 pence each and 300 million limited voting convertible ordinary shares of 10 pence each.

Between May 5 and July 5, 2000 the Company issued 601 million ordinary shares of 10 pence each in consideration for the entire issued share capital of Flextech. Also in 2000, 4 million ordinary shares of 10 pence each were issued in consideration of L4.6 million on exercise of employee share options.

During 2001 the Company issued 7 million ordinary shares of 10 pence each upon exercise of employee share options. Total consideration received was L6 million. In addition the Company redesignated 20 million ordinary shares of 10 pence each into 20 million limited voting convertible ordinary shares of 10 pence each.

LIMITED VOTING CONVERTIBLE ORDINARY SHARES

The ordinary shares and the limited voting convertible ordinary shares have the same rights, except that the limited voting convertible ordinary shares do not confer the right to vote on resolutions to appoint, reappoint, elect or remove directors of Telewest. No application will be made for the limited voting convertible ordinary shares to be listed or dealt in on any stock exchange. Holders of limited voting convertible ordinary shares are entitled to convert all or some of their limited voting convertible ordinary shares into fully paid ordinary shares, provided that the conversion would not result in a change of control of the Company for the purposes of the indentures governing certain Notes and Debentures. The limited voting convertible ordinary shares are convertible into ordinary shares at the Company's option at any time, subject to certain conditions. The sole holders of the limited voting convertible ordinary shares are Liberty Media and Microsoft.

Members of the Liberty Media Group and/or the Microsoft Group can redesignate all or any of their ordinary shares into limited voting convertible ordinary shares. This is to ensure that, on any future purchase of ordinary shares by members of the Microsoft Group and/or members of the Liberty Media Group, they will, at that time, be able to re-designate such number of their then existing holding of ordinary shares so as to avoid a change of control of the Company for the purposes of the Notes and Debentures.

Future purchases of ordinary shares and/or limited voting convertible ordinary shares by members of the Liberty Media Group and/or the Microsoft Group will, however, be subject to Rule 9 of the UK's City Code on Takeovers and Mergers because both classes of shares are treated as voting shares for that purpose. Under Rule 9, when any person acquires, whether by a series of transactions over a period of time or not, shares which (taken together with shares held or acquired by persons acting in concert with him) carry 30% or more (but less than 50%) of the voting rights of a public company, that person is normally required to make a general offer to shareholders for the entire share capital of the company then in issue. Any person, or group of persons acting in concert, owning shares carrying 50% or more of the voting rights of a public company, subject to their own individual limits, is free to acquire further shares in that public company without giving rise to the requirement to make a general offer for the entire issued share capital of that company.

In May 2001, Liberty Media increased its shareholding in the Company as a result of the purchase of 20 million ordinary shares of 10 pence each. Prior to the increase in shareholding, Liberty Media redesignated 20 million ordinary shares

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

of 10 pence each as limited voting convertible ordinary shares of 10 pence each. As a result Liberty Media and Microsoft's combined shareholdings remained below 50% of the issued ordinary share capital, above which level a change of control for the purposes of the Group's debt securities may occur.

19 SHARE-BASED COMPENSATION PLANS

At December 31, 2002, the Company operated five types of share-based compensation plans: the Executive Share Option Schemes, the Sharesave Schemes, the Telewest Restricted Share Scheme ("RSS"), the Telewest Long Term Incentive Plan ("LTIP") and an Equity Participation Plan ("EPP").

The Company applies APB 25 and related interpretations in accounting for its share-based compensation plans. Compensation cost is recognized over the estimated service period in respect of performance based share option grants to the extent that the market value of

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

the Company's ordinary shares exceeds the exercise price at the earlier of the vesting date or the Balance Sheet date. Compensation cost is recognized for awards over ordinary shares made under the RSS since the awards have no exercise price. Compensation cost is recognized over the estimated service period in respect of the LTIP to the extent that the market value of the Company's ordinary shares exceeds the exercise price at the earlier of the vesting date or the Balance Sheet date.

Compensation cost recognized for share option grants and awards is as follows:

LTIP

Executive Share Option Scheme

EPP

During the year, no options or awards were granted over any ordinary shares of the Company. If compensation costs for share option grants and awards under the RSS, LTIP, Executive Option Schemes and EPP had been determined based on their fair value at the date of grant for 2001 and 2000 consistent with the method prescribed by SFAS 123, the Group's net loss and basic and diluted loss per share would have been adjusted to the pro forma amounts set out below:

Net loss

as reported

pro forma

Basic and diluted loss per share

as reported

pro forma

The fair value of each option grant in all plans was estimated as at the date of grant using a Black-Scholes option-pricing model. The model used a weighted-average, risk-free interest rate of 5.5% and 5.8% for grants in 2001 and 2000 respectively, and an expected volatility of 55% and 30%, respectively. The Group does not expect to pay a dividend on its ordinary shares at any time during the expected life of any outstanding option. The Group expects options to be held until maturity.

PERFORMANCE-BASED SHARE OPTION COMPENSATION PLANS

The Group has two performance-based share option plans: the 1995 (No. 1) Executive Share Option Scheme and the 1995 (No. 2) Executive Share Option Scheme. Under both plans, certain officers and employees are granted options to purchase ordinary shares of the Company. The exercise price of each option generally equals the market price of the Company's ordinary shares on the date of grant. The options are exercisable between three and ten years after the date of the grant with exercise conditional on the Company's shares out-performing by price the FTSE100 Index over any three-year period preceding exercise. The Company may grant options for up to 295 million ordinary shares.

A summary of the status of the Company's performance-based share option plans as of December 31, 2002, 2001, and 2000 and changes during the years ended on those dates are presented below:

FIXED SHARE OPTION COMPENSATION PLANS

The Company also operates the Sharesave Scheme, a fixed share option compensation scheme. Under this plan, the Company grants options to employees to purchase ordinary shares at up to a 20% discount to market price. These options can be exercised only with funds saved by employees over time in a qualified savings account. The options are exercisable between 37 and 66 months after commencement of the savings contracts.

A summary of the status of the Company's fixed share option plan as of December 31, 2002, 2001, and 2000 and the changes during the years ended on those dates are presented below:

	NUMBER OF SHARES	2002 WEIGHTED AVERAGE EXERCISE PRICE	NUMBER OF SHARES

The adjustments during 2000 arose as a result of the transfer in of former Flextech outstanding options.

Share options are forfeited due to employees leaving the Group before their share options become exercisable.

The following table summarizes information about the Company's fixed share options outstanding at December 31, 2002:

RANGE OF EXERCISE PRICES

58.5 - 88.3p
103.9 - 115.9p
128.6 - 161.9p
191.0 - 236.5p

58.5 - 236.5p

TELEWEST RESTRICTED SHARE SCHEME ("RSS")

The Company operates the RSS in conjunction with an employment trust, the Telewest 1994 Employees' Share Ownership Plan Trust (the "Telewest ESOP"), which has been designed to provide incentives to executives of the Company. Under the RSS, executives may be granted awards over ordinary shares of the Company based on a percentage of salary. The awards are made for no monetary consideration. The awards generally vest three years after the date of the award and are exercisable for up to seven years after the date when they vest.

The compensation charge related to each award is based on the share price of the ordinary shares on the date the award was made.

29

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

A summary of the status of the RSS at December 31, 2002, 2001, and 2000 and changes during the years ended on those dates are presented below:

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

 Outstanding at beginning of year

Granted

Exercised

Forfeited

 Outstanding at end of year

 Awards exercisable at year end

 Weighted average fair value of awards granted during the year

Share awards are forfeited due to employees leaving the Group before their awards become exercisable.

At December 31, 2002, the 493,034 awards outstanding and the 214,114 awards exercisable have weighted average remaining contractual lives of 7.4 years and 6.3 years respectively.

Deferred compensation cost relating to RSS is L38,000 (2001: L478,000).

LONG TERM INCENTIVE PLAN ("LTIP")

The LTIP provides for share awards to executive directors and senior executives. Under the LTIP, an executive will be awarded the provisional right to receive, for no payment, a number of Telewest shares with a value equating to a percentage of base salary. The shares will not vest unless certain performance criteria, based on total shareholder return assessed over a three-year period are met. The percentage of salary will be determined by the Remuneration Committee and will be up to 100% of base salary for executive directors.

A summary of the status of the LTIP at December 31, 2002, 2001, and 2000 and changes during the years ended on those dates are presented below:

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 years ended December 31, 2002, 2001 and 2000

 Share awards are forfeited due to employees leaving the Group before their share options become exercisable or due to performance criteria not being met.

Deferred compensation cost relating to the LTIP is Lnil (2001: L189,000).

EQUITY PARTICIPATION PLAN ("EPP")

The Remuneration Committee has provided that, under the EPP, an employee with two years service or at manager level or above, can use up to 100% of the Short Term Incentive Plan ("STIP") bonus payable to the employee to acquire Telewest shares ("bonus shares"). The employee must deposit the bonus shares with the Trustee of the existing Telewest ESOP. In return, the employee is provisionally allocated for no payment a matching number of Telewest shares. Provided the bonus shares are retained for three years and the employee remains employed for three years, the bonus and matching shares would thereafter be released to the employee.

A summary of the status of the Company's EPP at December 31, 2002, 2001, and 2000 and the changes during the years ended on those dates are presented below:

At December 31, 2002, the Group has cash restricted as to use of L12 million which provides security for leasing obligations.

OTHER COMMITMENTS

The amount of capital expenditure authorized by the Group for which no provision has been made in the consolidated financial statements is as follows:

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

Contracted

In addition the Group has contracted to buy L28 million of programming rights for which the license period has not yet started.

CAPITAL AND OPERATING LEASES

The Group leases a number of assets under arrangements accounted for as capital leases, as follows:

ACQUISIT
C
L MIL

At December 31, 2002:

Electronic equipment

Other equipment

At December 31, 2001:

Electronic equipment

Other equipment

Depreciation charged on these assets was L44 million and L45 million for the years ended December 31, 2002 and 2001 respectively.

The Group leases business offices and uses certain equipment under lease arrangements accounted for as operating leases. Minimum rental expense under such arrangements amounted to L21 million, L19 million and L17 million for the years ended December 31, 2002, 2001 and 2000, respectively and is included in depreciation expense detailed in note 11.

Future minimum lease payments under capital and operating leases are summarized as follows as of December 31, 2002:

2003

2004

2005

2006

2007

2008 and thereafter

Imputed interest

32

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

It is expected that, in the normal course of business, expiring leases will be renewed or replaced.

The Group leases capacity on its network to other telecommunications companies. These leases are accounted for as operating leases and revenues received are recognized over the life of the leases as follows:

2003

2004

2005

2006

2007

2008 and thereafter

The assets held under these leases are accounted for as follows:

At December 31, 2002

Cable and ducting

At December 31, 2001

ACQUISIT
CO
L MILL

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

Cable and ducting

Depreciation charged on these assets was L2 million and L2 million for the years ended December 31, 2002 and 2001 respectively.

CONTINGENT LIABILITIES

The Group has provided performance bonds in respect of its national license and to local authorities up to a maximum amount of L6 million (2001: L7 million).

The Group is a party to various other legal proceedings in the ordinary course of business which it does not believe will result, in aggregate, in a material adverse effect on its financial condition or results of operations.

22 RELATED-PARTY TRANSACTIONS

IDENTITY OF RELEVANT RELATED PARTIES

Liberty Media, Inc ("Liberty") and Microsoft are related parties of the Group, in that they control or controlled, directly or indirectly, more than 20% of the voting rights of the Company in 2002, 2001 and 2000.

33

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS years ended December 31, 2002, 2001 and 2000

Flextech up to its acquisition on April 19, 2000 was a related party of the Group as Liberty owned more than 20% of the voting rights of Flextech.

UKTV is a related party of the Group, as the Group owns 50% of the voting rights.

TV Travel Group Limited ("TVT") was a related party of the Group, as the Group owned 37.95% of the voting rights before disposal in 2002.

In 2001 Sit-Up Limited ("Sit-Up ") became a related party when the Group sold its shareholding in Screenshop to Sit-Up in return for a 36.36% shareholding.

NATURE OF TRANSACTIONS

The Group had a L10 million loan facility with Liberty. Interest charged on this loan was Lnil in 2001 and L1 million in 2000. The balance due to Liberty at December 31, 2000 was L17 million including accrued interest and was repaid in 2001.

The Group purchases software and consultancy services from Microsoft, on normal commercial terms. Purchases in the year ended December 31, 2002 amounted to L1 million (2001: L2 million, 2000: L2 million). The balance outstanding in respect of these purchases was Lnil at December 31, 2002, 2001 and 2000.

The Group has billed overheads and costs incurred on their behalf to UKTV, TVT and Sit-Up of L11 million, L1 million and L1 million (2001: L8 million, L3

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

million and L1 million, 2000: L7 million, L10 million and Lnil) respectively. The Group has also made a loan to UKTV. Interest charged on this loan was L12 million (2001: L12 million, 2000: L15 million). Amounts due from UKTV, TVT and Sit-Up at December 31, 2002 were L208 million, L1 million and L4 million respectively (2001: L218 million, L28 million and Lnil and 2000: L229 million, L31 million and Lnil respectively).

In the normal course of its business the Group purchases programming from UKTV on normal commercial terms. Purchases in the year ended December 31, 2002 were L13 million (2001: L9 million, 2000: L7 million). The balance due to UKTV at December 31, 2002 was Lnil (2001: L2 million, 2000: Lnil).

23 SUBSEQUENT EVENTS AND FINANCIAL RESTRUCTURING

The Group is renegotiating its bank facilities and debt financing arrangements. Further details of the proposed Financial Restructuring are as follows:

On September 30, 2002, we announced that we had reached a preliminary agreement relating to a financial restructuring (the "Financial Restructuring") with an ad hoc committee of our bondholders ("the Bondholder Committee"). That agreement provides for the cancellation of all outstanding notes and debentures (the "Notes"), representing approximately L3.4 billion of indebtedness, issued by the Company and Telewest Finance (Jersey) Limited and certain other unsecured foreign exchange hedge contracts (the "Hedge Contracts") of the Company in exchange for New Ordinary Shares ("New Shares") representing 97% of the issued share capital of the Company immediately after the Financial Restructuring. The Company's current ordinary shareholders will receive the remaining 3% of the Company's issued ordinary share capital.

We also announced on September 30, 2002 that we were deferring payment of interest under certain of our Notes and the settlement of the Hedge Contracts. Such non-payment continues and has resulted in defaults under the Group's bank facilities and its bonds. Based on one such default, in respect of non-payment of approximately L10.5 million to a Hedge Contract counter-party, that counter-party has filed a petition for the winding-up of the Company with a UK court. The Company intends to deal with this claim as part of the overall restructuring of its unsecured debt obligations and does not believe that the legal action will delay or significantly impede the Financial Restructuring process. The Company will of course continue to meet its obligations to its suppliers and trade creditors and this legal action is expected to have no impact on customer service.

On January 15, 2003, we announced that we had reached a non-binding agreement with respect to the terms of amended and restated credit facilities with both the steering committee of our senior lenders and the Bondholder Committee. In addition, the terms of these facilities have received credit committee approval, subject to documentation and certain other issues, from all of our senior lenders,

TELEWEST COMMUNICATIONS PLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
years ended December 31, 2002, 2001 and 2000

save for those banks which are also creditors by virtue of the unsecured Hedge Contracts with which we will deal in the overall Financial Restructuring.

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

The terms of the amended and restated bank facilities are as follows:

- o the amended facilities total L2,155 million, comprising term loans of L1,840 million, L190 million of committed overdraft and revolving credit facilities and an uncommitted term facility of L125 million;
- o the amended facilities do not amortise; and the majority of the facilities will mature on December 31, 2005 with the balance maturing on June 30, 2006;
- o financial covenants will be re-set to reflect the Company's new business plan; and
- o the pricing on the facilities will be increased to reflect market sentiment.

These amended facilities will replace the Group's existing bank facilities (the "Senior Secured Facility") and are, as noted above, conditional on various matters, including the satisfactory finalisation of arrangements for dealing with foreign exchange creditors and the completion of our balance sheet restructuring. These amended credit facilities will provide the Company with substantial liquidity, which is expected to be sufficient to see the Company through to cash flow positive after completion of the Financial Restructuring.

Negotiations are continuing with the Bondholder Committee, the Company's senior lenders and certain other major stakeholders with a view to the timely completion of the Financial Restructuring.

These financial statements have been prepared on a going concern basis and do not include any adjustments that would arise as a result of the going concern basis of preparation being inappropriate. The board of directors have confidence in the successful conclusion of a restructuring of the Company's balance sheet (and any required amendments to the Senior Secured Facility) and, together with and on the basis of cash flow information that they have prepared, the directors consider that the Group will continue to operate as a going concern for a period of at least 12 months from the date of issue of these financial statements. Any restructuring will require the approval of our bankers and various stakeholders. Inherently, there can be no certainty in relation to any of these matters.

Finance expenses include foreign exchange gains and losses on the retranslation or valuation of US Dollar-denominated financial instruments using period end exchange rates and market valuations.

25 SEGMENTAL INFORMATION

The Group applies SFAS 131, Disclosures about Segments of an Enterprise and Related Information. SFAS 131 establishes standards for reporting information about operating segments in annual financial statements. It also establishes standards for related disclosures about products and services, and geographic areas. Operating segments are defined as a component of an enterprise that (a) engages in business activities from which it may earn revenues and incur expenses, (b) whose operating results are regularly reviewed by the enterprise's chief operating decision maker to make decisions about resources to be allocated

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 8-K

to the segment and assess its performance, and (c) for which discrete financial information is available. The Group's chief operating decision-maker is its Acting Chief Executive Officer. The Group operates two operating segments; Cable and Content. The chief operating decision-maker receives disaggregated financial and subscriber data for the Cable segment, covering; telephony, television and internet product lines, while support, service and network costs are compiled at the operating segment level. The internet product lines comprise internet sales and until November 2002, when the sales ceased, sales of cable publications. The Content operating segment supplies TV

programming to the UK pay-TV broadcasting market and its operating results, which are naturally separate from the Cable operating segment, are regularly reviewed by the chief operating decision-maker.

The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies. In 2001, the Group changed the structure of its segmental analysis, and certain corresponding information from the previous years has been restated to reflect the change in structure.

years ended December 31, 2002, 2001 and 2000

26 EVENTS (UNAUDITED) SUBSEQUENT TO THE DATE OF THE INDEPENDENT REGISTERED
 PUBLIC ACCOUNTING FIRM'S REPORT

On July 13, 2004, the Company, Telewest Global, Inc. and Telewest UK Limited entered into a transfer agreement (the "Transfer Agreement"). The Transfer Agreement provides for the transfer of substantially all of the assets of the Company (including the shares in Telewest Communications Networks Limited and its other operating companies, but excluding the shares in Telewest Finance (Jersey) Limited and one share of Telewest Global, Inc.'s. common stock) to Telewest UK Limited. The asset transfer contemplated by the Transfer Agreement was completed on July 14, 2004. On July 15, 2004, the Company's financial restructuring became effective. As a result, all outstanding notes and debentures of the Company and Telewest Finance (Jersey) Limited have been cancelled. A total of 241,325,000 shares, or 98.5%, of Telewest Global, Inc.'s. common stock were distributed by an escrow agent to the holders of the Company's and Telewest Finance (Jersey) Limited's notes and debentures and certain other scheme creditors. The remaining 3,675,000 shares, or 1.5%, of Telewest Global, Inc.'s. common stock were distributed to the Company's existing shareholders. As part of the financial restructuring, Telewest Communications Networks Limited, a subsidiary of the Company until its transfer to Telewest Global, Inc. on July 14, 2004, also completed the amendment of its senior secured credit facility. The amended facility provides for fully committed facilities of L2,030 million.
