To Be Held On January 7, 2009

Dear Shareholder:

You are cordially invited to attend the 2008 Annual Meeting of Shareholders of Lifevantage Corporation, a Colorado corporation (the Company). The meeting will be held on January 7, 2009 at 9:00 a.m. local time in Denver, Colorado for the following purposes:

1. To elect six (6) directors to hold office for a one-year term expiring at the 2009 Annual Meeting of Shareholders and until their respective successors are elected and qualified.
2. To ratify the appointment of Ehrhardt Keefe Steiner & Hottman PC as independent auditors of the Company for its fiscal year ending June 30, 2009.
3. To conduct any other business properly brought before the meeting.

These items of business are more fully described in the Proxy Statement accompanying this Notice.

Our Board of Directors has fixed November 20, 2008 as the record date for determining the shareholders entitled to receive notice of and to vote at the Annual Meeting. Only shareholders of record at the close of business on that date may vote at the meeting or any adjournment or postponement thereof.

You are cordially invited to attend the meeting in person. Whether or not you expect to attend the meeting, please complete, date, sign and return the enclosed proxy as promptly as possible in order to ensure your representation at the meeting. PROXY STATEMENT
FOR THE 2008 ANNUAL MEETING OF SHAREHOLDERS
November 20, 2008

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of Lifevantage Corporation (sometimes referred to as the Company or LifeVantage) is soliciting your proxy to vote at the 2008 Annual Meeting of Shareholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

We intend to mail this proxy statement and accompanying proxy card on or about November 20, 2008 to all our shareholders of record as of the record date entitled to vote at the annual meeting.

Where and when is the Annual Meeting?

The annual meeting will take place January 7, 2009 at 9:00 a.m. local time at Plaza Tower One, First-floor Conference Center, 6400 S. Fiddler s Green Circle, Greenwood Village, Colorado 80111.

What am I voting on?

There are two matters scheduled to be voted on by shareholders at the annual meeting:
Election of six (6) directors to our Board of Directors; and

Approval of a proposal to ratify the appointment of Ehrhardt Keefe Steiner & Hottman PC as independent auditors of the Company for its fiscal year ending June 30, 2009.

Who can vote at the annual meeting?

Only shareholders of record at the close of business on November 20, 2008 will be entitled to vote at the annual meeting. As of October 27, 2008, there were 24,766,117 shares of common stock outstanding and entitled to vote.

Shareholders of Record: Shares Registered in Your Name

If on November 20, 2008 your shares were registered directly in your name with our transfer agent, Computershare Trust Co., Inc., then you are a shareholder of record. As a shareholder of record, you may vote by proxy or vote in person at the meeting. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on November 20, 2008 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the shareholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting provided that you bring with you proof of your beneficial ownership of shares, such as a brokerage account statement. However, if you are not the shareholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

Table of Contents

How do I vote?

You may either vote For all the nominees to our Board of Directors or you may Withhold your vote for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Shareholder of Record: Shares Registered in Your Name

If you are a shareholder of record, you may vote by proxy using the enclosed proxy card or in person at the annual meeting. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

Voting Your Proxy By Mail. To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

Vote in Person. To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from LifeVantage. Simply complete and mail the proxy card to ensure that your vote is counted.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of November 20, 2008.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Withhold and, with respect to proposals other than the election of directors, Against votes, abstentions and broker non-votes.

Because the approval of each proposal (other than the election of directors) requires the affirmative vote of a majority of the outstanding shares of common stock, abstentions will be counted towards the vote total for each proposal and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are broker non-votes?

When a broker indicates on its proxy that it does not have authority to vote certain shares held in street name on particular proposals, the shares not voted are called broker non-votes. Broker non-votes occur when brokers do not have discretionary voting authority on certain non-routine proposals under the rules of the New York Stock Exchange (NYSE) and the beneficial owner has not instructed the broker how to vote on these proposals. Both the election of directors and ratification of the selection of our independent registered public accounting firm are considered routine matters under the rules and interpretations of the NYSE.

Table of Contents

How many votes are needed to approve each proposal?

For the election of directors, the six (6) nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected. Only votes For or Withheld will affect the outcome.

The ratification of the selection of Ehrhardt Keefe Steiner & Hottman PC as our independent auditor for the fiscal year ended June 30, 2009 will be approved if a majority of the outstanding shares vote For such ratification. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date;

You may send a written notice that you are revoking your proxy to LifeVantage's Secretary at 11545 W. Bernardo Court, Suite 301, San Diego, California 92127; or

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank to change your vote.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of all six (6) nominees for director and For the selection of Ehrhardt Keefe Steiner & Hottman PC as our independent auditor for our fiscal year ending June 30, 2009. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

What is the quorum requirement?

A quorum of shareholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by shareholders present at the meeting or by proxy. As of October 27, 2008, there were 24,766,117 shares of common stock outstanding and entitled to vote. Thus, 12,383,059 shares of common stock must be represented by shareholders present at the meeting in person or by proxy to constitute a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of our shareholders entitled to vote at the meeting, present in person or by proxy, shall have the power to adjourn the meeting to another date.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We will also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

Table of Contents

When are shareholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by July 23, 2009 to LifeVantage's Secretary at 11545 W. Bernardo Court, Suite 301, San Diego, California 92127. If you wish to submit a proposal that is not to be included in next year's proxy materials or nominate a director, you must do so by no earlier than July 23, 2009 and no later than August 22, 2009. You are also advised to review the Company's Bylaws, which contain additional requirements about advance notice of shareholder proposals and director nominations.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for the second quarter of fiscal year 2009, which we expect to file on or before February 16, 2009. You can obtain a copy of the Form 10-Q, once it is filed, on our website at www.lifevantage.com, by calling the Securities and Exchange Commission at (800) SEC-0330 for the location of the nearest public reference room, or through the EDGAR system at www.sec.gov. Our website does not constitute part of this proxy statement.

IT IS THE INTENTION OF THE AGENTS DESIGNATED IN THE ENCLOSED PROXY CARD TO VOTE FOR THE ELECTION OF EACH NOMINEE FOR DIRECTOR IDENTIFIED BELOW (UNLESS AUTHORITY IS WITHHELD BY THE SHAREHOLDER GRANTING THE PROXY) AND FOR PROPOSAL 2 BELOW. IF ANY NOMINEE BECOMES UNAVAILABLE TO SERVE FOR ANY REASON, THE PROXY WILL BE VOTED FOR A SUBSTITUTE NOMINEE OR NOMINEES TO BE SELECTED BY THE COMPANY'S BOARD OF DIRECTORS, UNLESS THE SHAREHOLDER WITHHOLDS AUTHORITY TO VOTE FOR THE ELECTION OF DIRECTORS.

Table of Contents**PROPOSAL 1 ELECTION OF DIRECTORS**

We encourage nominees for directors to attend the annual meeting. All of the nominees for election as a director at the Company's 2007 Annual Meeting of Shareholders attended the 2007 Annual Meeting of Shareholders. Shares represented by properly executed proxies will be voted, if authority to do so is not withheld, for the election of the six (6) nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted to fill any vacancy so arising in accordance with the discretionary authority of the persons named in the proxy, unless contrary instructions are given. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

Board Recommendation

Our Board of Directors recommends the shareholders vote FOR each named director nominee.

Table of Contents**Independence of Board of Directors and Committees**

Even though we are not a listed issuer and our shares are not traded on an exchange, in order to determine whether the members of our Board of Directors are independent, the Securities and Exchange Commission (SEC) rules require that we use the definition of independence of a national securities exchange (such as the New York Stock Exchange or the Nasdaq Stock Market) or national securities association when making this determination. In determining the independence of the members of our Board of Directors, our Board of Directors elected to use the definition of independence contained in Nasdaq Stock Market (Nasdaq) listing requirements. As required under Nasdaq listing standards, a majority of the members of a listed company s Board of Directors must qualify as independent, as affirmatively determined by the Board of Directors. The Board of Directors consults with the Company s counsel to ensure that its determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the Nasdaq as in effect time to time. Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, our Board of Directors affirmatively has determined that Dr. Crapo, Mr. Thompson, Mr. Dautre Jones and Mr. Mauro are independent directors within the meaning of the applicable Nasdaq listing standards. Mr. Brown, the Company s current President and Chief Executive Officer, and Dr. McCord, are not independent directors.

Meetings of the Board of Directors and Committees

During the last fiscal year, our Board of Directors held thirteen (13) meetings. Each of our incumbent directors attended at least 75% of the aggregate of (1) the total number of meetings of our Board of Directors (held during the period for which he has been a director) and (2) the total number of meetings held by all committees of our Board of Directors on which he served (held during the periods that he served).

Committees of the Board of Directors

Our Board of Directors has (1) an audit committee, (2) a nominating committee, (3) a compensation committee, (4) a science committee and (5) a finance committee. Below is a description of each committee of our Board of Directors.

Audit Committee

The audit committee was established by our Board of Directors in accordance with Section 3(a)(58)(A) of the Exchange Act. The current members of our audit committee are Mr. Jack R. Thompson and Dr. James D. Crapo, with Mr. Thompson serving as chairman. Our Board of Directors has determined that each member of the audit committee qualifies as independent. Our Board of Directors has also determined that Mr. Thompson qualifies as an audit committee financial expert, as that term is defined in applicable SEC regulations. Our Board of Directors made a qualitative assessment of Mr. Thompson's level of knowledge and experience based on a number of factors, including his formal education, experience as an executive officer for public reporting companies and his experience as an audit committee chairman for other publicly traded companies. In addition to serving on our audit committee, Mr. Thompson also serves as chairman of the audit committee of Sparx Asia Funds. Our Board of Directors has determined that such simultaneous service does not impair Mr. Thompson's ability to effectively serve as chairman of our audit committee.

The audit committee oversees (1) the integrity of our financial statements, (2) our compliance with legal and regulatory requirements; (3) the engagement of our independent auditor and its qualifications and independence; (4) the performance of our internal auditors and independent auditor; and (5) compliance with our code of ethics and code of business conduct and ethics for our personnel. For this purpose, the audit committee performs several functions. The audit committee evaluates the performance of and assesses the qualifications and independence of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the audit engagement team as required by law; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; reviews and approves all related-party transactions; prepares an audit committee report as required by the SEC to be included in the annual proxy statement; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and meets to review our annual audited financial statements and quarterly financial statements with

management and the independent auditor, including reviewing disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations. The audit committee operates under a written charter adopted by our Board of Directors that is available on the Company's website at www.lifevantage.com.

The audit committee met two (2) times in during our last fiscal year.

Audit Committee Report¹

The audit committee is responsible for overseeing (i) the integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) our independent registered public accounting firm's qualifications and independence, (iv) the performance of our independent registered public accounting firm and (v) compliance with our Code of Ethics and Code of Business Conduct and Ethics. Management is responsible for the financial reporting process, including the system of internal controls, for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. Ehrhardt Keefe Steiner & Hottman PC, our independent registered public accounting firm, is responsible for auditing our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

Nominating Committee

The current members of our Board of Directors nominating committee are Dr. McCord, Dr. Crapo, Mr. Jack Thompson, Mr. David Brown, Mr. Richard Doutré Jones and Mr. Gary Mauro, with Dr. McCord serving as Chairman. Our Board has determined that all members of the nominating committee except Mr. Brown and Dr. McCord qualify as independent. The nominating committee of our Board of Directors is responsible for (1) identifying, reviewing and evaluating candidates to serve as directors of the Company (consistent with criteria set forth below under the section titled Director Nomination Procedures, approved by our Board of Directors), (2) reviewing and evaluating incumbent directors, (3) recommending to our Board of Directors candidates for election to the Board of Directors, (4) considering questions of independence of members of the Board of Directors, and (5) assessing the performance of our Board of Directors. Our Board of Directors has not yet adopted a written charter for the nominating committee.

Director Nomination Procedures

Our Board of Directors has established a nominating committee and assigned certain responsibilities to the committee, but we have not yet adopted a written nominating committee charter. Although we are not a listed issuer and we are not currently required to have a nominating committee charter, our Board of Directors is nonetheless considering the proposed scope of the nominating committee's responsibilities to be reflected in a written charter. Currently, the nominating committee evaluates and reviews director nominee candidates and our Board of Directors is responsible for proposing a slate of nominees to the shareholders for election to the board, using information provided by the committee. Each of Mr. Thompson, Dr. Crapo, Dr. McCord, Mr. Brown, Mr. Doutré Jones and Mr. Mauro were recommended by our Board of Directors for election at the 2008 Annual Meeting of Shareholders.

Our members of the nominating committee, and other members of our Board of Directors are the primary sources for the identification of prospective nominees. The nominating committee may also retain third-party search firms to identify director candidates, and the committee may consider proposed nominees that are identified by shareholders in the manner prescribed by our bylaws. In order for a shareholder to recommend a prospective nominee for election to our Board of Directors at a shareholder meeting, our bylaws require that the shareholder (i) be entitled to vote at the meeting, (ii) provide written advance notice regarding such nomination to our corporate Secretary in accordance with the procedures set forth in our bylaws and (iii) be a shareholder of record at the time of giving the notice.

While the nominating committee currently has no formal written process for evaluating proposed nominees, the members of the committee generally will review the resume of a proposed nominee and consult the proposed nominee's personal references. The nominating committee conducts any other appropriate and necessary background checks of possible candidates. The committee may also personally interview (and suggest that other members of our Board of Directors interview) the proposed nominee, if the committee considers the proposed nominee sufficiently suitable.

The nominating committee evaluates the prospective nominee in order to determine whether the nominee has experience and expertise in our industry, the ability to offer sound advice and guidance to management, sufficient time to devote to the affairs of the Company, and has demonstrated excellence in his or her field and the ability to exercise sound business judgment. Candidates for director nominees are reviewed in the context of the current composition of our Board of Directors, the operating requirements of the Company and its long-term best interests. In conducting this assessment, the nominating committee considers diversity, age, skills, and such other factors as it deems appropriate given the current needs of our Board of Directors and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the nominating committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. The nominating committee may modify these qualifications from time to time and is currently considering whether to establish a set of corporate governance practices and policies with additional standards and qualifications.

After its evaluation of a candidate's qualifications, the nominating committee then selects a nominee for recommendation to our Board of Directors by majority vote. The board determines the nominees after considering the recommendation and report of the nominating committee.

Edgar Filing: Lifevantage Corp - Form DEF 14A

To date, the nominating committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates and the nominating committee has not rejected a timely director nominee from a shareholder or shareholders holding more

than 5% of our voting stock. The members of the nominating committee recommended Mr. David Brown, Mr. Richard Dautre Jones and Mr. Gary Mauro as a nominee for the Board of Directors.

Other Committees

In addition to the audit committee, compensation committee and nominating committee, our Board of Directors also has formed a science committee and a finance committee.

The current members of the science committee are Dr. Crapo and Dr. McCord, with Dr. McCord serving as chairman. This committee meets on an ad hoc basis as our Board of Directors deems necessary to review and advise the Board of Directors with respect to matters assigned by the board from time to time. The science committee has a written mission statement.

The current members of the finance committee are Mr. Thompson, Mr. Dautre Jones, Mr. Mauro and Mr. Brown, with Mr. Thompson serving as chairman. This committee meets on an ad hoc basis as our Board of Directors deems necessary to review financial and fundraising matters.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis provides information regarding the compensation that may be awarded to, earned by or paid to the named executive officers. It includes information regarding the objectives of our compensation program, our compensation processes and procedures, each element of compensation that we provide, why we choose these elements, and how we determine the amount of each component to pay. This compensation discussion and analysis should be read in conjunction with the tables and related discussion beginning on page 22 of this Proxy Statement.

Compensation Program Objectives

Our executive compensation program is designed to attract, retain and motivate talented executives capable of providing the leadership, vision and execution necessary to achieve our business objectives and create long-term shareholder value. We actively seek to foster a pay-for-performance environment that aligns the interests of our executive officers with the creation of shareholder value. To this end, our compensation program is strongly linked to the delivery of long-term returns to our shareholders, the achievement of short- and long-term strategic business objectives, individual performance, and the demonstration of competencies that are aligned with our culture and values and that will contribute to our long-term success.

Compensation Program Components and Procedures

Our compensation committee is responsible for overseeing our compensation policies, plans and programs, and reviewing and determining the salary, bonuses, equity incentives, perquisites, severance arrangements and other related benefits paid to our directors and executive officers. Our compensation committee has implemented a performance based compensation program, which ties a substantial portion of our executives' overall compensation to the achievement of measurable corporate and individual performance objectives and the creation of shareholder value. As described in more detail below, our executive compensation program consists of one or more of the following key components: base salary, performance-based bonuses, long-term equity incentives and severance and change-in-control benefits. The compensation committee has not established any formal policies or guidelines for allocating compensation between cash and non-cash compensation except that due to cash constraints of the Company, performance based compensation in fiscal 2008 has been in the form of non-cash equity compensation. However, commensurate with the Company's philosophy of establishing a link between compensation and corporate performance, the compensation committee believes that a significant portion of each executive's total compensation should be performance-based, reflecting both upside potential and down-side risk.

The compensation committee's executive compensation procedure comprises two related elements: the establishment of performance objectives and the determination of executive compensation levels. At the beginning of each fiscal year, the compensation committee approves annual performance objectives for the corporation as a whole and for each individual executive officer. The corporate objectives generally target the achievement of specific product development, corporate development, financial and operational milestones. The individual objectives focus on contributions that are consistent with and support the corporate objectives or are otherwise intended to contribute to the success of the Company. The annual corporate and individual performance objectives are proposed by management and reviewed and approved by the compensation committee. The corporate objectives are also subject to review and approval by the full Board.

At the conclusion of each fiscal year, the Chief Executive Officer conducts a performance appraisal for each executive officer (other than himself) for the year. The Chief Executive Officer also evaluates the degree of achievement of the annual corporate and individual performance objectives and submits his recommendations to the compensation committee for any base salary increases, bonuses and/or stock option awards for each executive officer (other than himself). The Chief Executive Officer's recommendations and compensation committee's determinations are generally based upon a number of factors, including: the executive's individual performance for the year, the degree of achievement of annual corporate and individual performance objectives, comparisons with market data for compensation paid to comparable executives of other nutraceutical companies, with a particular focus on companies of comparable sizes and stages of development, the executive's compensation relative to other executive officers at the Company, and the importance of the executive's continued service with the Company.

In the case of the Chief Executive Officer, his individual performance appraisal is conducted by the compensation committee, which determines his compensation adjustments and awards, if any, based on these same factors. The Chief Executive Officer may not

Table of Contents

participate in or be present during any deliberations or determinations of the compensation committee regarding his compensation. To the extent approved, any base salary increases, bonuses and/or stock option awards for the executives, including the Chief Executive Officer, are implemented during the first fiscal quarter of the year when possible.

Compensation Elements

Our executive compensation program consists of the following key components: base salary, performance-based bonuses, long-term equity incentives and severance and change in control benefits.

Our compensation committee believes that these four components are the most effective combination in motivating and retaining talented executive officers at this stage in our development. The compensation committee does not have any specific targets for the percentage of compensation represented by each component, although a significant percentage of total compensation is allocated to long-term equity incentives as a result of the compensation philosophy discussed above. As a general matter, subject only to limited exceptions relating to the relocation of executive officers, we do not provide perquisites or benefits for our named executive officers on a basis that is different from other eligible employees.

Base Salary

Base salary is the primary fixed component of our executive compensation program. We use base salary to compensate executives for services rendered during the fiscal year, and to ensure that we remain competitive in attracting and retaining executive talent. Base salaries are generally set within a range of salaries paid to industry peers with comparable qualifications, experience, responsibilities and performance at similar companies.

For newly hired executives, the compensation committee determines base salary on a case-by-case basis by evaluating a number of factors, including the executive's qualifications and experience, the competitive recruiting environment for his or her services, the executive's anticipated role and responsibilities with the Company, the executive's past compensation history, and comparisons to market data regarding compensation levels for comparable executives of other nutraceutical companies of similar sizes and stages of development.

For continuing executives, the compensation committee reviews base salaries annually as part of the Company's performance review and appraisal process. Base salary increases, if any, are based primarily on each executive's job performance for the prior year, as well as a review of competitive market data, the executive's compensation relative to other executive officers, and the importance of the executive's continued service with the Company.

Performance-Based Bonuses

Our performance-based bonuses are designed to promote the interests of the Company and its shareholders by providing executive officers with the opportunity to earn bonuses based upon the achievement of pre-specified corporate and individual performance objectives, and to assist the Company in attracting and retaining executive talent. During fiscal 2008, the Company has granted bonuses in the form of stock grants under the 2007 Long-Term Incentive Plan as a method of rewarding employees and executive officers for meeting certain performance objectives.

At the conclusion of each year, the Chief Executive Officer evaluates the degree of achievement of the annual corporate and individual performance objectives, and submits his bonus recommendations to the compensation committee, which determines the final bonus amount, if any, for each executive officer. The compensation committee may determine to grant a bonus even though certain corporate or individual performance objectives are not met. If the compensation committee determines that corporate or individual performance for the year exceeded objectives or was excellent in view of prevailing conditions, the compensation committee may approve corporate or individual performance multipliers. The compensation committee also retains the authority, in its

Table of Contents

discretion, to identify any unplanned achievements that have been accomplished and to approve adjustments to an executive officer's bonus award. Bonuses, if any, are generally paid in January of each year for services rendered during the prior fiscal year.

Long-Term Equity Incentives

Long-term equity incentives represent the largest at-risk component of our executive and employee compensation program. Our long-term equity incentives are designed to align the interests of our executive officers and employees with those of our shareholders by creating an incentive for our executive officers and employees to maximize long-term shareholder value. The equity compensation program is also designed to encourage our executive officers and employees to remain employed with us.

Historically, we have granted stock options to newly-hired executive officers and employees when they commence employment with us. We have also granted stock options to continuing executive officers once a year as part of our annual performance review and appraisal process. The annual stock options are granted as a reward for past individual and corporate performance and as an incentive for future performance. All stock options are granted with a 10-year term and an exercise price equal to or greater than 100% of the fair market value of our common stock on the date of grant. The stock options generally vest over a three-year period, with one sixth of the options vesting three months after the date of grant, and the remaining five sixths of the options vesting in equal monthly installments thereafter over the remaining term, subject to the executive's or employee's continued employment with us through such vesting dates.

The compensation committee approves all equity grants to our executive officers. Grants approved during scheduled meetings become effective and are priced as of the date of approval or a predetermined future date (for example, new hire grants are effective as of the later of the date of approval or the newly-hired executive's start date). Grants approved by unanimous written consent become effective and are priced as of the date the last signature is obtained or as of predetermined future date. The compensation committee has not granted, nor does it intend to grant, equity compensation awards to executive officers or employees in anticipation of the release of material nonpublic information that is likely to result in changes to the price of our common stock, such as a significant positive or negative clinical trial result. Similarly, the compensation committee has not timed, nor does it intend in the future to time, the release of material nonpublic information based on equity award grant dates. Also, because equity compensation awards typically vest over a three-year period (with a 3 month cliff followed by monthly vesting thereafter), the value to recipients of any immediate increase in the price of our common stock following a grant will be attenuated. Our Chief Executive Officer's stock options are subject to vesting procedures different from those described above and are described in further detail beginning on page 26 of this Proxy Statement under the heading *Employment Agreement with David W. Brown*.

The compensation committee determines the number of stock options to award to a newly-hired executive officer using the same factors described above that are considered in determining the base salaries of newly-hired executive officers. The compensation committee determines the number of stock options to be awarded to continuing executives based on a variety of factors, including its review of competitive market data, its assessment of each executive officer's individual performance and expected future contribution, a review of each executive's existing equity incentive awards, and the importance of the executive's continued service with the Company.

Severance and Change-in-Control Benefits

We enter into employment agreements with our executives in select cases, generally when it is necessary to secure the services of a newly hired executive. We have entered into an employment agreement with Mr. Brown in connection with his commencement of employment with the Company. The terms of such employment agreement, including the severance compensation payable thereunder, are described in more detail beginning on page 26 of this Proxy Statement under the heading *Certain Related-Party Transactions*.

Perquisites

Perquisites and other personal benefits are not factored into our executive compensation program. We prefer to compensate executive officers using a mix of current, short- and long-term compensation with an emphasis on performance and do not believe that providing an executive perquisite program is consistent with our overall compensation philosophy. We typically provide perquisites and other personal benefits to executive officers on an

exception-only basis, and they are generally limited to executive relocation assistance and temporary commuting and living expenses.

Other Benefits

We maintain health, dental and vision insurance plans for the benefit of all eligible employees, including our executive officers. Basic coverage under each of these benefit plans is paid by the Company and any premium in excess of the basic coverage is paid by the employee or executive. These benefits are offered on the same basis to all employees including our executive officers. We also

Table of Contents

maintain a 401(k) retirement savings plan that is available to all eligible employees. Currently, the 401(k) retirement plan is not matched by the Company. Executives are eligible to participate in the 401(k) plan up to ERISA limits. No supplementary participation is available to executives or employees. Life, accidental death and dismemberment, short- and long-term disability insurance coverage, and wellness programs are also offered to all eligible employees and basic premiums are paid in full by the Company. Other voluntary benefits, such as supplemental long-term disability insurance coverage, are also made available and paid for by the employees. The above benefits are available to our executive officers on the same basis as all other eligible employees.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related-Party Transactions Policies and Procedures

Related-party transactions have the potential to create actual or perceived conflicts of interest between the Company and its directors and executive officers or their immediate family members. Under its charter, our audit committee is charged with the responsibility of reviewing and approving all related-party transactions. To assist in identifying such transactions for our fiscal year ended June 30, 2008, the Company distributed questionnaires to directors, officers and beneficial owners of more than 5% of any class of the Company's common stock.

Current SEC rules define a related-party transaction to include any transaction, arrangement or relationship in which the Company is a participant and in which any of the following persons has or will have a direct or indirect interest:

any executive officer, director or director nominee of the Company;

any person who is an immediate family member (as defined under Item 404 of Regulation S-K) of an executive officer, director or director nominee or beneficial owner of more than 5% of the Company's common stock;

any person who is known to be the beneficial owner of more than 5% of the Company's common stock;
or

any firm, corporation or other entity in which any of the foregoing persons is employed or is a partner or principal or in a similar position or in which such person, together with any of the foregoing persons, has a 5% or greater beneficial ownership interest.

Although the Company does not have a formal policy with regard to related-party transactions, our audit committee may consider the following factors when deciding whether to approve a related-party transaction: the nature of the related party's interest in the transaction; the material terms of the transaction, including, without limitation, the amount and type of the transaction; the importance of the transaction to the related party; whether the transaction would impair the judgment of a director or executive officer to act in the best interests of the Company; and any other matters deemed appropriate by our audit committee.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers, and persons who own more than ten percent of our common stock to report their ownership of the common stock and any changes in that ownership to the Securities and Exchange Commission. The Securities and Exchange Commission has established specific due dates for these reports, and we are required to report in this proxy statement any failure to file by these dates. To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended June 30, 2008, we believe that all such reports were filed on a timely basis except that an initial report of ownership on Form 3 for Mr. Mauro was filed late.

Table of Contents**PROPOSAL 2 RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

Gordon, Hughes & Banks, LLP audited the Company's consolidated financial statements from December 22, 2004 until January 30, 2008. On January 30, 2008, after careful consideration, the audit committee dismissed Gordon, Hughes & Banks, LLP as the Company's independent registered public accounting firm. On the same date, the audit committee unanimously approved the engagement of Ehrhardt Keefe Steiner & Hottman PC as the independent registered public accounting firm of the Company for the remainder of the fiscal year ended June 30, 2008.

The audit committee of our Board of Directors has selected Ehrhardt Keefe Steiner & Hottman PC as the Company's independent auditors for the fiscal year ending June 30, 2009 and has further directed that management submit the selection of independent auditors for ratification by the shareholders at the Annual Meeting. Representatives of Ehrhardt Keefe Steiner & Hottman PC are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require shareholder ratification of the selection of Ehrhardt Keefe Steiner & Hottman PC as our independent auditors. However, the audit committee is submitting the selection of Ehrhardt Keefe Steiner & Hottman PC to the shareholders for ratification as a matter of good corporate governance. If the shareholders fail to ratify the selection, the audit committee will review its future selection of independent auditors. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and our shareholders.

The affirmative vote of the holders of a majority of the outstanding shares of common stock will be required to ratify the selection of Ehrhardt Keefe Steiner & Hottman PC. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the shareholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

attest services that are approved by the audit committee prior to completion of the audit. All of the items identified under Audit-Related Fees , Tax Fees and All Other Fees above were approved by the audit committee. Alternatively, the engagement of our independent auditor may be entered into pursuant to pre-approved policies and procedures that our audit committee may establish, so long as these policies and procedures are detailed as to particular services and the audit committee is informed of each service. In making these determinations, the audit committee will consider whether the services provided are compatible with maintaining our auditor's independence. We are prohibited by applicable law from obtaining certain non-audit services from our independent auditor and, in that event, we would obtain these non-audit services from other providers.

The audit committee has determined that the rendering of the services other than audit services by Ehrhardt Keefe Steiner & Hottman PC is compatible with maintaining the principal accountant's independence.

On January 30, 2008, the Company dismissed Gordon, Hughes & Banks, LLP as the Company's independent registered public accounting firm. The Company appointed Ehrhardt, Keefe, Steiner & Hottman PC on January 30, 2008 as its independent registered public accounting firm beginning for the three months ended December 31, 2007. The decision to change accountants was recommended and approved by the Company's Board of Directors and its Audit Committee on January 30, 2008.

Neither Gordon, Hughes & Banks, LLP's audit report dated October 10, 2007 on the Company's consolidated financial statements as of and for the year ended June 30, 2007, included in its Form 10-KSB filed October 12, 2007, nor Gordon, Hughes & Banks, LLP's audit report dated August 15, 2006 and updated on November 28, 2006 on the Company's consolidated financial statements as of and for the year ended June 30, 2006, included in its Form 10-KSB and amended Form 10-KSB/A filed September 28, 2006 and November 30, 2006 respectively, contained an adverse opinion or a disclaimer of opinion or was qualified or modified as to uncertainty, audit scope, or accounting principles.

In connection with the audits of the Company's financial statements for the fiscal years ended June 30, 2007 and 2006 and in the subsequent interim period through January 30, 2008, the date of the dismissal of the former accountant, there were no disagreements with Gordon, Hughes & Banks, LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to the satisfaction of Gordon, Hughes & Banks, LLP, would have caused Gordon, Hughes & Banks, LLP to make reference to the subject matter of the disagreement in connection with its report. During the years ended June 30, 2007 and 2006, and the subsequent interim period through January 30, 2008, Gordon, Hughes & Banks, LLP did not advise the Company of any reportable events as described in Item 304(a)(1)(iv)(B) of Regulation S-K. Gordon, Hughes & Banks, LLP's letter to the SEC stating its agreement with the statements in this paragraph is filed as an exhibit to the Company's Current Report on Form 8-K dated February 8, 2008.

The Company engaged Ehrhardt, Keefe, Steiner & Hottman PC as its independent registered public accounting firm for the fiscal year ending June 30, 2008. The Company has not consulted with Ehrhardt, Keefe, Steiner & Hottman PC during its two most recent fiscal years or during any subsequent interim period prior to the appointment of Ehrhardt, Keefe, Steiner & Hottman PC as the Company's independent registered public accounting firm regarding any matters described in Item 304(a)(2)(i) or Item 304(a)(2)(ii) of Regulation S-K.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially means extra convenience for shareholders and cost savings for companies.

This year, a number of brokers with account holders who are Lifestage Corporation shareholders will be householding our proxy materials. A single proxy statement will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to Lifestage Corporation, Bradford K. Amman, Secretary, 11545 W. Bernardo Court, Suite 301, San Diego, California 92127. Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.
