(1)

The information set forth above as to the Amount and Nature of Beneficial Ownership is based upon Schedule 13G statements filed with the Securities and Exchange Commission reflecting beneficial ownership as of December 31, 2002.

(2)

This number includes 1,112,675 shares held in trust as of December 31, 2002, for the benefit of employees in certain of the Company's employee benefit plans, all of which have been allocated to plan participants. The plan trustee votes shares allocated to participant accounts as directed by participants. Shares held by the trustee on behalf of the plans as to which participants have made no timely voting directions are voted by the plan trustee in the same proportions as shares for which directions are received. Shares held by the trustee on behalf of the plans may be disposed of by the plans or the trustee only in accordance with the terms of the plans. For tender decisions, if no instruction is received from a participant, the shares will not be tendered.

(3)

The information set forth above as to the Amount and Nature of Beneficial Ownership is based upon information from a Schedule 13G statement filed by U.S. Bancorp and various affiliated entities, including U.S. Bancorp Asset Management, Inc., with the Securities and Exchange Commission reflecting beneficial ownership as of December 31, 2002, and other information confirmed by the bank. 484,457 of which shares were held in various private trusts and 349,870 of which shares were held in the "unallocated" account of the Tennant Company Profit Sharing and Employee Stock Ownership Plan (the "Tennant Profit Sharing and ESOP Plan"). The bank disclaims that it is the beneficial owner of shares held in the private trusts or the Tennant Profit Sharing and ESOP Plan. The Securities and Exchange Commission has taken the position with respect to ESOP plans that the plan trustee is the beneficial owner of shares held in an unallocated reserve pending allocation to participants' accounts.

(4)

This information is based solely on information contained in a Schedule 13D filed with the Securities and Exchange Commission dated January 10, 2003 reflecting beneficial ownership by Gabelli Funds, LLC, GAMCO Investors, Inc., MJG Associates, Inc., Gabelli Group Capital Partners, Inc., Gabelli Asset Management Inc. and Mario J. DIRECTORS

ELECTION OF DIRECTORS

Pursuant to the Restated Articles of Incorporation of the Company, directors are elected for staggered terms of three years, with approximately one-third of the directors to be elected each year.

At the Annual Meeting, two directors are to be elected, such that the total number of directors is seven. The Board of Directors has designated William I. Miller and Edwin L. Russell as nominees for election to serve three-year terms ending at the time of the Annual Meeting in 2006 and, in each case, until their successors are elected and have qualified. The nominees have indicated a willingness to serve, but in case any of the nominees is not a candidate at the Annual Meeting, it is the intention of the persons named in the enclosed form of Proxy to vote in favor of the other nominees named and to vote for a substitute nominee in their discretion.

The affirmative vote of a majority of the outstanding shares of Common Stock present and entitled to vote in person or by proxy on the election of directors is necessary to elect each nominee. For this purpose, a shareholder voting through a Proxy who abstains with respect to the election of directors is considered to be present and entitled to vote on the election of directors at the meeting, and is in effect a negative vote; but a shareholder (including a broker) who does not give authority to a Proxy to vote, or withholds authority to vote, on the election of directors shall not be considered present or entitled to vote on the election of directors.

COMPENSATION OF DIRECTORS

Non-employee directors are compensated solely with restricted stock and stock options. Pursuant to the Tennant Company Restricted Stock Plan for Non-employee Directors (the "Director Plan"), non-employee directors are entitled to an annual retainer payable in the form of restricted stock issued once every three Board Years (as defined in the Director Plan). The Director Plan provides for the issuance of restricted stock in an amount equal to the designated annual retainer for the Board Year then commencing and the next two succeeding Board Years, based on the then Fair Market Value (as defined in the Director Plan) of such restricted stock. For the three Board Years commencing May 2, 2002, this equated to a retainer of \$94,500, which is \$31,500 per year (the amount of the annual retainer at that time). On May 2, 2002, each non-employee director was issued 2,158 shares of restricted stock, based on a Fair Market Value of \$43.81 per share. Under the Director Plan, non-employee directors who are elected or appointed to the Board on a date other than a regular issue date receive a prorated number of shares of restricted stock.

The Director Plan provides that the restrictions on the restricted stock will lapse only upon the first to occur of (a) the death of the director, (b) the disability of the director preventing continued service on the Board, (c) retirement of the director from the Board in accordance with any policy on retirement of Board members then in effect, (d) the termination of service as a director by reason of resignation at the request of the Board, the director's failure to have been nominated for reelection to the Board or to have been re-elected by the shareholders, or the director's removal by the shareholders, or (e) a change in control of the Company (as defined in the Director Plan). In no event will the restrictions lapse prior to six months after the date of issuance. Upon the occurrence of an event causing the restrictions to lapse, restricted stock issued to the director in payment of the retainer for Board Years commencing following the occurrence of the event is forfeited and returned to the Company.

Pursuant to the Tennant Company Non-Employee Director Stock Option Plan (the "Director Option Plan"), each non-employee director received an option grant for 2,000 shares at Fair Market Value of \$44.00 per share on May 3, 2002. Each non-employee director will receive an option grant for 2,000 shares at Fair Market Value on May 3, 2003. Under the Director Option Plan, non-employee directors who are elected or appointed to the Board on a date other than an annual meeting of shareholders receive a prorated number of stock options.

TENNANT COMPANY AUDIT COMMITTEE REPORT

The Audit Committee of the Company's Board of Directors is composed of four "independent" directors, as that term is defined in the applicable listing standards of the New York Stock Exchange. The Board of Directors has also determined that Ms. Knous meets the requirements of an "audit committee financial expert" as that term is defined under new SEC regulations and is independent of management of the Company. The Audit Committee operates under a written charter adopted by the Board of Directors. The Audit Committee is in the process of reassessing the adequacy of the charter in light of recent legislative and regulatory developments and expects to recommend that the Board of Directors approve amendments to the charter to reflect evolving best practices.

The Committee provides oversight on matters relating to accounting, financial reporting, internal control, auditing and regulatory compliance activities. The Committee is directly responsible for the appointment, compensation, retention and oversight of the Company's independent auditors.

The Committee held five meetings during 2002. The meetings were designed to facilitate and encourage private communication between the Committee and the Company's independent auditors, KPMG LLP. In addition, the Committee complied with its charter responsibilities. The Audit Committee has reviewed and discussed the audited financial statements with management. The Committee discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees).

The Company's independent auditors also provided to the Committee the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent auditors the firm's independence.

Based upon the Committee's discussion with management and the independent auditors and the Committee's review of financial statements and the report of the independent auditors to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, filed with the

EXECUTIVE COMPENSATION

EXECUTIVE COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Overview and Philosophy. The Executive Compensation Committee of the Board of Directors is composed entirely of outside directors and is responsible for reviewing and developing executive compensation plans of the Company. In addition, the Executive Compensation Committee, pursuant to authority delegated by the Board, determines on an annual basis the compensation to be paid to the Chief Executive Officer and each of the other executive officers of the Company.

The objectives of the Company's executive compensation program are to:

Motivate executives to achieve corporate goals by placing a significant portion of pay at risk.

Provide a strong link between the Company's short- and long-term goals and executive compensation.

Provide competitive total compensation in order to attract and retain high-caliber key executives critical to the long-term success of the Company.

Align the executives' interests with those of the shareholders by providing a significant portion of compensation in Company Common Stock.

The executive compensation program is intended to provide an overall level of compensation opportunity that is competitive with other U.S. durable goods manufacturing companies. To determine competitiveness, the Committee annually uses sales volume adjusted data from a top-management compensation survey. This data is verified every three to four years through the use of an outside consultant which compares all aspects of the Company's executive compensation with that of other similar companies. Actual compensation levels may be greater or less than average competitive levels depending on annual and long-term Company performance, individual performance against goals set at the beginning of the year, and scope of responsibilities as compared to a similar position within the surveys. The Executive Compensation Committee uses its discretion to set executive compensation at levels warranted in its judgment by external, internal or individual circumstances.

The Company's policy is to structure its compensation programs, where possible, to qualify for exemptions from the deduction limitations under the Internal Revenue Code Section 162(m). Certain of the Company's compensation plans should qualify for exemption from the deduction limitations under this Section.

Executive Compensation Program. The Company's executive compensation program is comprised of base salary, annual cash incentive compensation and long-term incentive compensation in the form of cash-based awards, stock awards, restricted stock grants, and stock options. The long-term plans have a significant portion of their payout in Company Common Stock. In addition, executives receive various benefits, including medical and retirement plans, generally available to employees of the Company.

Base Salary. Base salary levels for the Company's executives are competitively set relative to the average of other U.S. durable goods manufacturing companies of similar size. In determining salaries, the Executive Compensation Committee also takes into account individual experience, performance, and scope of responsibility, although no particular weight is given to any one factor.

Annual Cash Incentive Compensation. The purpose of the annual cash incentive program is to provide a direct financial incentive in the form of annual cash incentives to executives to achieve their business units' and/or the Company's annual goals. Target incentive awards are set at a level consistent with the averages of other U.S. durable goods manufacturers, after adjusting for sales volume. In fiscal 2002, Company and business unit economic profit improvement was the financial metric used for the annual incentive plan. Economic profit is based on the Company's net operating profit after taxes less a charge for net assets used in the business. Executives can earn incentive compensation based on the level of economic profit improvement year over year.

Stock Incentive Plans. The stock incentive plans are the Company's long-term incentive plans for executive officers and key managers. The objectives of the program are to align executive and shareholder long-term interests by creating a direct link between executive pay and shareholder return, and to enable executives to develop and maintain a significant, long-term ownership position in the Company's Common Stock. In order to better define for executives the minimum amount of stock that should be held, the Executive Compensation Committee established in 1993 executive stock holding guidelines. These guidelines, which were revised late in 1997, identify the amount of stock (restricted and unrestricted) each executive should hold as a multiple of his or her base pay. The current guidelines are: CEO six times base salary and Vice Presidents three times base salary. Each year, the Committee reviews the progress of each executive towards those goals.

The Executive Compensation Committee annually grants a variety of stock-based awards under the Company's stock incentive plans. The amount of the awards increases as a function of higher salary and position in the Company. The award amounts, as a percent of base salary, are reviewed and adjusted, as

necessary, to ensure their competitiveness. The last review, conducted in 2002, showed that the Company's executive pay was competitive.

During 2002, the following types of awards were granted:

Management Incentive Plan

Awards earned under this plan vest over a three-year period from the date of issuance.

Restricted Stock

Edgar Filing: TENNANT CO - Form DEF 14A

These grants vest 100% at the end of the restriction period.

Stock Options

These options permit executives to purchase Company stock during a ten-year period at the price in effect at the beginning of that period.

Short-Term Incentive Plan

These awards will be made in either cash or deferred stock units.

Chief Executive Officer Compensation. Ms. Dolan's fiscal 2002 base salary and incentive award were determined by the Executive Compensation Committee in accordance with the methodology described above.

Base Salary	Ms. Dolan's total base salary for fiscal 2002 was \$397,093. This amount approximates the market average for durable goods manufacturing companies of similar size.
Annual Incentive	Ms. Dolan earned no annual incentive for fiscal 2002.
Long-Term Performance Grants	Ms. Dolan earned no management incentive plan award for fiscal 2002. She received in 2002 a restricted stock grant value of \$25,005. She also received in 2002 a stock option grant for 34,100 shares.

(1) A deferral plan is provided for Tennant executives, which allows them to defer a portion of their salary. Executives may elect to defer up to 25% of their current year salary. The amounts shown in the above table for 2000, 2001, and 2002 include any amounts thus deferred. Payout is made in cash within ten years of termination of employment. Interest is paid on these deferred amounts at a rate set annually by the Executive Compensation Committee. For 2003 the interest rate has been set at 4.85% of the amounts deferred. Of the total 2002 salaries shown in the table, no salary deferral has been made.

(2) The value of the restricted stock awards was determined by multiplying the Fair Market Value of the Company's Common Stock on the date of grant by the number of shares awarded. Using the fair market value of the Company's Common Stock as of December 31, 2002, the number and value of restricted stock awards issued in 2002 were as follows: 674 shares (\$21,972) to Ms. Dolan; 323 shares (\$10,529) to Mr. Carter; 2,000 shares (\$65,200) to Mr. Killingstad; 323 shares (\$10,529) to Mr. Lenders; and 323 shares (\$10,529) to Mr. Brausen. These shares of restricted stock have a two-year vesting period from respective dates of issuance. Dividends are paid on restricted stock awards at the same time and rate as paid to all shareholders.

11

(3) In addition to the Management Incentive Plan payouts described in note 2 above, amounts for 2002 also represent the dollar value of deferred stock units paid out in 2002 as follows: Ms. Dolan, \$97,192; Mr. Lenders, \$1,988; and Mr. Brausen, \$6,520. Deferred stock units were paid in Common Stock on a share-for-share basis with respect to a minimum of 50% of the deferred stock units vested (valued, for this purpose, as of December 31 of the respective years of payment), and the balance was paid in cash.

(4) Amounts represent payments under the Tennant Profit Sharing and ESOP Plan and the Company's Excess Benefit Plan as follows: (a) Profit Sharing Contributions (which, for 2000, were up to 5% of certified earnings, the first 2% of which are contributed to participants' accounts through the allocation of Company Common Stock from the unallocated ESOP reserve, with the remainder (if any) of such contributions paid to the participants in cash, and which, for 2001 and 2002, were equal to 2% of certified earnings) were paid as follows for 2000, 2001 and 2002, respectively: \$8,183.55, \$7,572.69 and \$7,941.86 to Ms. Dolan; \$0, \$3,122.31 and \$4,542.68 to Mr. Brausen; and \$0, \$0 and \$769.23 to Mr. Carter; (b) employer Matching Contributions relating to employee Individual Shelter Contributions (Internal Revenue Code Section 401(k) contributions) were paid as follows for 2000, 2001 and 2002, respectively, through the allocation of Company Common Stock from the unallocated ESOP reserve: \$2,380.00, \$3,825.00 and \$4,500.08 to Ms. Dolan; \$0, \$5,100.00 and \$4,761.95 to Mr. Brausen; \$0, \$0 and \$4,903.99 to Mr. Carter; and \$0, \$0 and \$4,748.08 to Mr. Killingstad; and (c) Excess Benefit Plan awards were made as follows for 2000, 2001 and 2002, respectively: \$12,856.50, \$12,676.95 and \$7,412.70 to Ms. Dolan; \$0, \$1,877.90 and \$2,052.07 to Mr. Brausen; \$0, \$0 and \$3,346.01 to Mr. Carter; and \$0, \$0 and \$1,586.53 to Mr. Killingstad. Mr. Lenders is a resident of Belgium and does not participate in these compensatory programs.

(5) Mr. Carter was first appointed as an executive officer in October 2001.

(6) Mr. Killingstad was first appointed as an executive officer in May 2002.

(7) Mr. Lenders was first appointed as an executive officer in August 2001.

(8) Mr. Brausen was first appointed as an executive officer in March 2000.

Anthony T. Brausen	11,900	4.1	34.90	2/21/12	261,186	661,897

(1) All such options granted under the Plans are nonqualified options, and are exercisable 33% per year, on a cumulative basis, beginning one year after the date of the grant. Such options become immediately exercisable, however, upon (a) death, disability, or retirement of the holder, or (b) a change of control (defined as certain changes in the Company's Board of Directors, certain concentrations of voting power, certain mergers, sales of corporate assets, statutory share exchanges or similar transactions, or liquidation or dissolution of the Company). The holder is permitted to pay the exercise price and withholding taxes due upon exercise with either cash, shares of Common Stock, a reduction in the number of shares delivered to the holder, or a combination of these alternatives.

(2) The exercise price of such options is not less than the Fair Market Value (as defined in the Plans) of a share of Common Stock at the time of grant.

(3) The hypothetical potential appreciation shown in these columns reflects the required calculations at annual rates of 5% and 10% set by the Securities and Exchange Commission, and therefore are not intended to represent either historical appreciation or anticipated future appreciation of the Company's Common Stock price.

Edgar Filing: TENNANT CO - Form DEF 14A

The Company is a party to management agreements (the "Agreements") with certain of the executive officers of the Company. The purpose of each of the Agreements is to encourage the executive to continue to carry out his or her duties in the event of the possibility of a change in control of the Company and to remain in the service of the Company in order to facilitate an orderly transition in the event of an actual change in control of the Company.

Each of the Agreements provides that the executive is entitled to receive his or her stated annual base salary, which is subject to annual review and adjustment by the Board of Directors. Each Agreement provides that the Board of Directors may not decrease the executive's annual base salary by more than 15% of the executive's prior year annual base salary. Each Agreement also provides that the executive will participate in certain of the Company's incentive programs and the Company's general benefits programs. Each Agreement provides that if the executive's employment is terminated by the Company or is terminated by the executive for good reason, as defined in the Agreements, for a period of one year from the termination date, the executive is entitled to continue to receive his or her annual base salary, receive the amount of the incentive award that would have been payable if the performance targets had been met and continue to participate in the Company's general benefit programs.

Under the terms of each of the Agreements, if, between the occurrence of a change in control of the Company and the three-year anniversary date of such occurrence, an executive's employment is involuntarily terminated (for any reason other than death, disability, or for cause), the executive will be entitled to receive severance compensation and continue to participate in the Company's general benefit programs. If an executive resigns after certain changes in the executive's duties, compensation, benefits, work location or travel responsibilities, the executive shall be entitled to the same payments and benefits as if the executive had been involuntarily terminated without cause. Severance compensation is payable also if the termination occurs before the change in control but after steps to change control have been taken, provided that a change in control ultimately occurs. Severance compensation in connection with such changes in control consists of three times the executive's average annual taxable compensation during the executive's five taxable years preceding the change in control, minus \$1.00, plus the continuation of certain insurance benefits, subject to reduction for the amount of any other severance compensation paid by the Company to the executive under any other agreement of the Company providing compensation in the event of involuntary termination and further reduction to the extent necessary to avoid excise taxation to the executive or non-deductibility to the Company under federal income tax laws. If an executive subject to an Agreement voluntarily terminates his or her employment within 30 days after the first anniversary of a change in control and is not entitled to a payment of three times average annual compensation during the five-year period, the executive is nevertheless entitled to payment of one times the five-year average annual compensation, plus incentive payments and the continuation for one year of certain insurance benefits.

Severance payments relating to a change in control are payable in a lump sum upon termination. As of the date of this Proxy Statement, the total severance compensation for Ms. Dolan would be \$1,988,480; Mr. Carter, \$750,798; Mr. Killingstad, \$925,135; Mr. Lenders, \$641,349 and Mr. Brausen, \$706,052. The Company also will reimburse an executive for legal fees and expenses incurred in resolving disputes under the Agreement.

TENNANT COMPANY PENSION PLAN

The Tennant Company Pension Plan provides fixed retirement benefits for certain employees of the Company. Based upon certain assumptions, including continuation of the Pension Plan as of January 1, 2003, without amendment, the following table shows the annual retirement benefits (including the additional retirement benefits described in the second sentence under "Tennant Company Excess Benefit Plan" below) which would be payable as a straight life annuity commencing at age 65 to persons at various salary levels after specified years of service.

Annual Compensation	Years of Service				
	10	15	20	25	30

450,000	60,597	90,896	121,195	151,494	181,792

Edgar Filing: TENNANT CO - Form DEF 14A

	Years of Service				
500,000	67,597	101,596	155,195	188,994	202,792
550,000	74,597	111,896	149,195	186,494	223,792
600,000	81,597	122,396	163,195	203,994	244,792
650,000	88,597	132,896	177,195	221,494	265,792

Under the Pension Plan, benefits are payable based upon a percentage of a participant's final average pay excluding bonus, overtime or other special forms of remuneration. Currently under ERISA, as amended, the maximum annual amount that can be paid during 2003 to any individual is \$160,000. Amounts in excess of that maximum as well as amounts based on compensation that is excluded from the Plan formula by ERISA or the terms of the Plan are covered under the Tennant Company Excess Benefit Plan. The years of credited service under the Pension Plan for the named executive officers are: Ms. Dolan 17 years and Mr. Brausen 3 years. If Ms. Dolan or Mr. Brausen were to retire currently, the final average pay used by the Plan to determine benefits payable pursuant to the above table as of December 31, 2002, would be \$420,174 for Ms. Dolan and \$208,128 for Mr. Brausen. Messrs. Carter, Killingstad and Lenders do not participate in the Pension Plan.

The figures above are not subject to deductions for Social Security or other offset amounts.

TENNANT COMPANY EXCESS BENEFIT PLAN

The Tennant Company Excess Benefit Plan provides additional benefits for highly compensated employees participating in the Tennant Pension Plan or the Tennant Profit Sharing and ESOP Plan. Employees participating in the Excess Benefit Plan who also participate in the Pension Plan receive a supplemental retirement benefit equal to the additional benefit that Tennant would have provided them under the Pension Plan if (a) various limitations imposed by the Internal Revenue Code were not applicable to such benefit, and (b) management bonuses and amounts that the employee elects to defer under the Tennant Company Deferred Compensation Plan were included in the Pension Plan's definition of earnings (upon which the Pension Plan benefits are based). This supplemental retirement benefit is paid to the employees at the same time as the Pension Plan benefits are paid to them.

Employees participating in the Excess Benefit Plan who also participate in the Tennant Profit Sharing and ESOP Plan receive annual cash payments equal to the amount that Tennant would have contributed to the Profit Sharing and ESOP Plan if (a) various limitations imposed by the Internal Revenue Code were not applicable to such contribution, and (b) amounts that the employee elects to defer under the Tennant Company Deferred Compensation Plan were included in the Profit Sharing and ESOP Plan's definition of earnings (upon which Profit Sharing and ESOP Plan contributions are based).

16

Effective January 1, 2003, the Tennant Company Excess Benefit Plan was merged into the Tennant Company Deferred Compensation Plan. In connection with the merger of the two plans, the terms of the Excess Benefit Plan were amended to specify that the amounts previously paid annually in cash to employees who participate in both the Excess Benefit Plan and the Tennant Profit Sharing and ESOP Plan will no longer be paid to them annually, but will instead be accumulated under a bookkeeping account maintained for them under the Deferred Compensation Plan. The account will be credited with interest at the same rate as applicable to amounts that an employee elects to defer under the Deferred Compensation Plan. Distribution of the account will begin at the employee's termination of employment.
