NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2002

NOTE 1. ORGANIZATION AND BACKGROUND

The accompanying condensed consolidated financial statements include the financial transactions and accounts of Sharps Compliance Corp. and its wholly owned subsidiaries, Sharps Compliance, Inc. of Texas dba Sharps Compliance, Inc., Sharps e-Tools.com, Inc., Sharps Manufacturing Inc., and Sharps Environmental Services, Inc., dba Sharps Environmental Services of Texas, Inc. (collectively, "Sharps" or the "Company"). All significant intercompany accounts and transactions have been eliminated upon consolidation.

NOTE 2. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission and, accordingly, do not include all information and footnotes required under accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, these interim condensed consolidated financial statements contain all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the financial position of the Company as of December 31, 2002, the results of its operations for the three months ended December 31, 2002 and 2001, the results of its operations for the six months ended December 31, 2002 and 2001 and its cash flows for the six months ended December 31, 2002 and 2001. The results of operations for the six months ended December 31, 2002, are not necessarily indicative of the results to be expected for the entire fiscal year ending June 30, 2003. These condensed consolidated financial statements should be read in conjunction with the Company's Annual Report on Form 10-KSB for the year ended June 30, 2002.

For purposes of the Unaudited Condensed Consolidated Statements of Cash Flows, cash equivalents includes all cash and all amounts in short-term investments, all of which have maturities of three months or less.

NOTE 3. REVENUE RECOGNITION

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

On July 1, 2000, Sharps adopted the SEC Staff Accounting Bulletin No. 101, "Revenue Recognition" ("SAB No. 101"), which outlines the Staff's view and provides guidance related to revenue recognition. As a result, the Company has changed its revenue recognition policy relating to the multiple-deliverable revenue arrangements and to clarify and implement the shipping terms on the sales of products as F.O.B. destination. The adoption of SAB No. 101 has been accounted for as a cumulative effect of a change in accounting principle at July 1, 2000. Certain products offered by the Company have revenue producing components that are recognized over multiple delivery points and can consist of up to three separate elements as follows: (1) the sale of the container system, (2) the transportation of the container system and (3) the treatment and disposal (incineration) of the container system. The individual fair value of the transportation and incineration services are determined by the sales price of the service offered by third parties, with the fair value of the container being the residual value. Revenue for the sale of the container is recognized upon delivery to the customer, which is when the customer takes title and assumes risk of ownership. Transportation revenue is recognized when the customer returns the mailback container system and the container has been received at the Company's treatment facility. When returned, the container system is mailed to the incineration facility using the United States Postal Service ("USPS"). Incineration revenue is recognized upon the destruction and certification of destruction having been prepared on the container. Since the transportation element and the incineration elements are undelivered services at the point of initial sale of the container, the revenue is deferred until all the services are performed. However,

7

through regression analysis of historical data, the Company has determined that a certain percentage of all container systems sold may not be returned. Accordingly, a portion of the transportation and incineration elements are recognized at the point of sale.

NOTE 4. CONTINGENCIES

Sharps continues to sole-source transportation, which consists of delivering the Sharps Disposal by Mail System from the end user to the Company's treatment facility. Transportation is currently sole-sourced to the USPS. Management believes the risk of dependence is mitigated by the long-standing business relationship. Although there are no assurances with regard to the continued future business association, management believes that alternative sources would be available, in the event of disruption of service from the USPS.

NOTE 5. LINE OF CREDIT

The Company completed an agreement with a financial institution on August 30, 2002, for a \$1.25 million asset based line of credit. This line of credit is in the form of a factoring arrangement whereby 80% of qualified accounts receivable would be eligible for borrowing. As of December 31, 2002, approximately \$1,000,000 would be available under the factoring arrangement for borrowing.

Management believes that the Company's current resources, including credit under the line of credit, will be sufficient to fund operations through calendar year 2003.

NOTE 6. NOTE RECEIVABLE FROM STOCKHOLDER

On December 31, 2002, the Note Receivable from Stockholder was paid in full. The Company received the principal and interest in the amount of \$358,400.

NOTE 7. SUBSEQUENT RELATED PARTY TRANSACTION

On January 2, 2003, Dr. Burt Kunik (Chief Executive Officer of the Company) sold 356,000 shares of common stock of Sharps Compliance Corp. in a private sale. Purchasers of these shares included New Century Equity Holdings Corp. (200,000 shares), a 9% shareholder in the Company, John Dalton (50,000 shares), a 12.5% holder in the Company and Philip Zerrillo (10,000 shares), a member of the Company's Board of Directors.

NOTE 8. ASSET PURCHASE (PRO-TEC)

On October 1, 2002, Sharps completed a purchase of the Pro-Tec product line assets from Futura Medical Corporation ("Futura") for \$300,000. As consideration for the asset purchase, the Company made a payment of \$50,000 at closing and will make payments of \$83,333 on March 1, 2003, September 1, 2003, and March 1, 2004 to Futura. This asset purchase consists of all inventories, molds, fixtures, supplies, customer list and other fixed assets used in the manufacturing of the Pro-Tec product line. Sharps did not assume any operations, other liabilities, or employees as a part of this purchase.

NOTE 9. ACCOUNTS RECEIVABLE

The accounts receivable balance at December 31, 2002, increased by approximately \$760,000 over the June 30, 2002 balance, as a result of an increase in revenue for the six months ended December 31,

8

2002. Additionally, the receivable balance of \$1,547,748 at December 31, 2002, includes two major accounts totaling \$793,201, of which \$598,870 has been collected since the end of the quarter.

NOTE 10. ADOPTION OF SAB 101 AND RESTATEMENT OF 2001

During fiscal year 2002 and subsequent to the issuance of its 2001 Financial Statements, the Company (utilizing guidance provided by the Securities and Exchange Commission) changed its methodology of revenue recognition under SAB No. 101. The Company's new methodology is explained in detail in Footnote 2 Summary of Significant Accounting Policies: Revenue Recognition.

Below is a reconciliation of the June 30, 2001 restated financial statements to that previously reported. The adjustments consist primarily of the deferral of previously recognized revenue and the reversal of previously accrued costs. Each adjustment is explained in detail in the notes to the tables below.

In addition to the restatement adjustments, the Company also recorded the reclassification of certain operations related to labor costs from "Selling, general & administrative" expense to "Cost of

9

revenue". These adjustments represent the correction of a prior year classification error which has no impact on the reported net losses of the Company.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This quarterly report on Form 10-QSB contains certain forward-looking statements and information relating to Sharps that are based on the beliefs of the Company's management as well as assumptions made by and information currently available to the Company's management. When used in this report, the words "anticipate," "believe," "estimate" and "intend" and words or phrases of similar import, as they relate to Sharps or Company management, are intended to identify forward-looking statements. Such statements reflect the current risks, uncertainties and assumptions related to certain factors including, without limitations, competitive factors, general economic conditions, customer relations, relationships with vendors, governmental regulation and supervision, seasonality, distribution networks, product introductions and acceptance, technological change, changes in industry practices, onetime events and other factors described herein. Based upon changing conditions, should any one or more of these risks or uncertainties materialize, or should any underlying assumptions prove incorrect, actual results may vary materially from those described herein as anticipated, believed, estimated, expected or intended. The Company does not intend to update these forward-looking statements.

GENERAL

Sharps develops cost-effective, logistical solutions for healthcare, hospitality, and residential markets. These solutions include the Sharps Disposal by Mail System, Trip LesSystem, Sharps Pump Return Box, Sharps Enteral Pump Return Box, Sharps SureTemp Tote, Pitch It IV Poles, Sharps e-Tools and Sharps Environmental Services. Sharps products and services are provided primarily to create cost and logistical efficiencies. These products and services facilitate compliance with state and federal regulations by tracking, incinerating and documenting the disposal of medical waste. Additionally, these services facilitate compliance with educational and training requirements of federal, state, and local agencies.

On October 1, 2002, Sharps completed a purchase of the Pro-Tec product line assets from Futura Medical Corporation ("Futura") for \$300,000. As consideration for the asset purchase, the Company made a payment of \$50,000 at closing and will make payments of \$83,333 on March 1, 2003, September 1, 2003, and March 1, 2004 to Futura. This asset purchase consists of all inventories, molds, fixtures, supplies, customer list and other fixed assets used in the manufacturing of the Pro-Tec product line. Sharps did not assume any operations, other liabilities, or employees as a part of this purchase.

The Pro-Tec product line offers medical sharps disposal containers, specialized for safe disposal of biomedical waste. The Pro-Tec product line is a vertical business integration of the sharps disposal by mail products for the Company. The Company should have an opportunity for savings in product cost on its Sharps Disposable by Mail System and sales to third parties of this product.

During the quarter ended December 31, 2002, the Company has begun to sell a new product for enteral patients. This system is a variance of our Trip LesSystem and involves the Pump Return Box and Pitch It IV Poles.

On November 13, 2002, the Company entered into an agreement with the United States Postal Service ("USPS") to have a Detached Mail Unit ("DMU") at the Sharps Environmental Services, Inc.'s leased facility. A DMU is a secure and exclusive space within the Carthage Facility, which is provided to the USPS for the processing of the Carthage Facility's mail. This should create an opportunity for operational efficiencies both for the USPS and Sharps. The DMU is expected to be operational within three months.

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

On December 31, 2002, the Company entered into an agreement to purchase a new integrated accounting system. The system is designed to add operational efficiencies to Sharps and is expected to be operational within six months.

12

RESULTS OF OPERATIONS

The discussion below analyzes changes in the consolidated operating results and financial condition of the Company during the three months and six months ended December 31, 2002 and 2001.

The following table sets forth, for the periods indicated, certain items from the Company's Condensed Consolidated Statements of Operations, expressed as a percentage of revenue:

Product revenues for the quarter ended December 31, 2002, increased 60% as compared to the product revenues for the quarter ended December 31, 2001. This is due to continued penetration of target markets, which resulted in strong revenue growth of 42% for Sharps Disposal by Mail System, 7% for the SureTemp Totes, 7% for Pro-Tec containers and 4% for all other products. A significant portion of the increase in the Sharps Disposal by Mail System is due to the fulfillment of a purchase order from a leading syringe manufacturer who ordered a new version

of the Sharps Disposal by Mail System for residential use. During the quarter ended December 31, 2002, sales of products contributed 85% to total revenue while incineration, transportation and other services contributed 3%, 12%, and 1%, respectively, to total revenue. Product sales in quarter ended December 31, 2001 were 84% to total revenue while incineration and transportation contributed 4% and 12%, respectively, to total revenue. The Company expects that its results of operations will continue to fluctuate between periods based upon the timing and level of sales to distributors.

Cost of Revenue as a percent of revenue for the quarter ended December 31, 2002, decreased by 4% as compared to the Cost of Revenue as a percent of revenue for the quarter ended December 31,

2001. This resulted from price increases to customers on certain products and incineration services, which was partially offset by a lower blended gross profit margin due to the product mix sold during the quarter. The cost of revenue on products contributed 75% to total cost of revenue while incineration and transportation contributed 9% and 16%, respectively, to total cost of revenue during quarter ended December 31, 2002. The cost of revenue on products contributed 69% to total cost of revenue while incineration and transportation contributed 16% and 15%, respectively, to total cost of revenue during quarter ended December 31, 2001.

Selling, general and administrative expenses declined as a percent of revenue to 41% for the quarter ended December 31, 2002 from 53% for the quarter ended December 31, 2001. The decline is due to increased sales and our ability to leverage on the existing cost structure to support new growth. The increased dollar amount is attributed to increased payroll expenses, rent expenses associated with the Company's new office facility, insurance expenses, professional fees and travel expenses.

The net loss from operations decreased in the quarter ended December 31, 2002 as compared to the quarter ended December 31, 2001 by approximately 16% as a percent of revenue. This improvement is substantially due to increased sales leveraging on the Company's cost structure.

SIX MONTHS ENDED DECEMBER 31, 2002, COMPARED TO SIX MONTHS ENDED DECEMBER 31, 2001

The revenues and cost of revenues components for the six months ended December 31, 2002 and 2001 are as follows:

	Six Months Ended December 31,			
	2002		2001 (As Restated)	
	Revenue	Cost of Revenue	Revenue	Cost of Revenue
Products	\$ 3,541,156	\$ 2,111,978	\$ 2,295,896	\$ 1,325,704

	\$ 4,388,677	\$ 2,979,941	\$ 2,964,652	\$ 2,123,130

Product revenues for the six months ended December 31, 2002 increased 54% as compared to the product revenues for the six months ended December 31, 2001. This is due to continued penetration of target markets, which resulted in strong revenue growth of 34% for Sharps Disposal by Mail System, 13% for the SureTemp Totes, 5% for Pro-Tec containers and 2% for all other products. A significant portion of the increase in the Sharps Disposal by Mail System is due to the fulfillment of a purchase order from a leading syringe manufacturer who ordered a new version of the Sharps Disposal by Mail System for residential use. During the six months ended December 31, 2002, sales of products contributed 81% to total revenue while incineration, transportation and other services contributed 7%, 11%, and 1%, respectively, to total revenue. Product sales for the six months ended December 31, 2001 were 77% to total revenue while incineration transportation contributed 11% and 12%, respectively, to total revenue. The Company expects that its results of operations will continue to fluctuate between periods based upon the timing and level of sales to distributors.

Cost of Revenue as a percent of revenue for the six months ended December 31, 2002, decreased by 4% as compared to the Cost of Revenue as a percent of revenue for the six months ended December 31, 2001. This resulted from price increases to customers on certain

products and incineration services, which was partially offset by a lower blended gross profit margin due to the product mix sold during the quarter. The cost of revenue on products contributed 71% to total cost of revenue while incineration and transportation contributed 14% and 15%, respectively, to total cost of

revenue during six months ended December 31, 2002. The cost of revenue on products contributed 62% to total cost of revenue while incineration and transportation contributed 23% and 15%, respectively, to total cost of revenue during six months ended December 31, 2001.

Selling, general and administrative expenses declined as a percent of revenue to 41% for the six months ended December 31, 2002 from 48% for the six months ended December 31, 2001. The decline is due to increased sales and our ability to leverage the existing cost structure to support the new growth. The increased dollar amount is attributed to increased payroll expenses, rent expenses associated with the Company's new office facility, insurance expenses, professional fees and travel expenses.

The net loss from operations decreased in six months ended December 31, 2002 as compared to six months ended December 31, 2001 by approximately 11% as a percent of revenue. This improvement is substantially due to increased sales leveraging on the Company's cost structure.

LIQUIDITY AND CAPITAL RESOURCES

As of December 31, 2002, the Company had \$511,685 in cash and short-term investments and \$1,547,748 accounts receivable. Current assets exceeded current liabilities by approximately \$292,000 at December 31, 2002. On October 12, 2001, the Company completed a private placement of 1,100,000 shares of its common stock for gross proceeds of \$1,210,000 which improved the Company's working capital position.

The accounts receivable balance at December 31, 2002, increased by approximately \$760,000 over the June 30, 2002 balance, as a result of an increase in revenue for the six months ended December 31, 2002. Additionally, the receivable balance of \$1,547,748 at December 31, 2002, includes two major accounts totaling \$793,201, of which \$598,870 has been collected since the end of the quarter.

On December 31, 2002, the Company received the principal and interest on the Note Receivable from Stockholder in the amount of \$358,400.

The Company completed an agreement with a financial institution on August 30, 2002 for a \$1.25 million asset based line of credit. This line of credit is in the form of a factoring arrangement whereby 80% of qualified accounts receivable would be eligible for borrowing. As of December 31, 2002, \$1,000,000 would be available under the factoring arrangement for borrowing.

Management believes that the Company's current resources, including the line of credit, will be sufficient to fund operations through calendar year 2003.

Recently Issued Accounting Standards

In June 2002, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 146, "Accounting for Costs Associated with Exit or Disposal Activities", which requires among other items, that liabilities for the costs associated with exit or disposal activities be recognized when the liabilities are incurred, rather than when an entity commits to an exit plan. SFAS No. 146 is effective for exit or disposal activities initiated after December 31, 2002. The effect of adoption of SFAS No. 146 is dependent on the Company's activities subsequent to adoption.

In November 2002, the FASB issued FASB Interpretation No. 45 ("FIN 45"), "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others", which requires a guarantor to recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee and expands the disclosures required to be made by a guarantor about its obligations under guarantees that it has issued. Initial recognition and measurement provisions of FIN 45 are applicable on a prospective basis

Edgar Filing: SHARPS COMPLIANCE CORP - Form 10QSB/A

to guarantees issued or modified. The disclosure requirements are effective immediately and adopted for this Form 10-Q.

In November 2002, the Emerging Issues Task Force (EITF) reached a consensus on EITF Issue No. 00-21, Revenue Arrangements with Multiple Deliverables (EITF 00-21). EITF 00-21 addresses certain aspects of the accounting by a company for arrangements under which it will perform multiple revenue-generating activities. In applying EITF 00-21, generally, separate contracts with the same customer that are entered into at or near the same time are presumed to have been negotiated as a package and should, therefore, be evaluated as a single contractual arrangement. It also addresses how contract consideration should be measured and allocated to the separate deliverables in the arrangement. This pronouncement is applicable to revenue arrangements entered into beginning in 2004. The Company believes that it is in compliance with the requirements of EITF 00-21 as described in the revenue recognition disclosure in Notes 2 and 11 of the consolidated financial statements as of June 30, 2002 contained in Form 10-KSB.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure", which provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation and amends the disclosure requirements of SFAS 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The transition guidance and annual disclosure requirements are effective for fiscal years ending December 15, 2002. The Company adopted the disclosure provisions for this Form 10-K. As the Company will continue to apply APB Opinion No. 25, "Accounting for Stock Issued to Employees", the accounting for stock-based employee compensation will not change as a result of SFAS No. 148. The new interim disclosure provisions will be effective for the Company beginning with the quarter ended September 30, 2003.

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN 46"), "Consolidation of Variable Interest Entities", which requires that companies that control another entity through interests other than voting interests should consolidate the controlled entity. FIN 46 applies to variable interest entities created after January 31, 2003, and to variable interest entities in which an enterprise obtains an interest after that date. The related disclosure requirements are effective immediately. Management does not believe the adoption of FIN 46 will have any impact on the Company's financial position or results of operations.

ITEM 3. CONTROLS AND PROCEDURES

Prior to the date of this report, the Company carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures and based upon an evaluation, within 90 days of the filing of this report, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in this 10-QSB. There have been no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of the Chief Executive Officer and Chief Financial Officer's most recent evaluation.

16

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Sharps is involved in certain legal actions and claims arising in the normal course of business. While the outcome of these matters cannot be predicted with certainty, management believes these matters will not have a material adverse effect on Sharps' consolidated financial position, results of operations or liquidity.

ITEM 2. CHANGES IN SECURITIES

On October 12, 2001, the Company approved the sale of 1,100,000 shares of common stock, \$0.01 par value per share, in a private placement sale of the securities. This private placement was offered and sold only to individuals or companies who were accredited as defined by Rule 501 of Regulation D. The proceeds from the sale of the securities were \$1,210,000 in cash. The sale of these securities was exempt under Regulation D.

On January 7, 2002, the Company sold 16,667 shares of Common Stock for \$16,667 in cash. This transaction was exempt under Regulation D and Section 4 of the Securities Act of 1933 as a transaction not involving a public offering.

On October 18, 2002, the Company sold 50,000 shares of Common Stock for \$37,750 in cash. This transaction was issued under the Company's 1993 Employee Stock Plan.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

At the Annual Meeting of Stockholders held on October 23, 2002, the following matters were adopted:

- 1) To elect directors Lee Cooke, Parris H. Holmes Jr., Dr. Burt Kunik, Philip C. Zerrillo and Ramsay Gillman to serve until the 2003 Annual Meeting of Stockholders.
- 2) Proposal to 1) increase the number of shares of common stock available under the 1993 stock plan by 2.0 million shares of common stock for a total of 3.0 million shares of common stock and 2) extend the terms of the 1993 stock plan by five (5) years such that the 1993 stock plan will expire on November 12, 2008.
