PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
October 13, 2004

I. SOLICITATION

This Proxy Statement and the enclosed proxy card were mailed to stockholders on or about August 27, 2004, in connection with the solicitation of proxies by the Board of Directors of the Company to be used at the 2004 Annual Meeting ("Annual Meeting").

If you are a stockholder of record (i.e., you hold your shares in your own name rather than through a broker, bank or other nominee) on August 16, 2004, the Company's record date, you may vote your shares by completing, signing, dating and returning your proxy card in the postage-paid envelope provided, or you may vote in person at the Annual Meeting. You are encouraged to submit your proxy vote either by telephone or the Internet. This will eliminate the need to sign, date and return your proxy card. To submit your proxy by telephone or the Internet enter the control number assigned to you and imprinted on your proxy card accompanying this Proxy Statement. You can vote by telephone and Internet 24 hours a day, seven days a week until the day prior to the Annual Meeting. If you vote by telephone or the Internet, please do not return your proxy card.

To submit your proxy vote by telephone:

-

using a touch-tone phone, call 1-877-PRX-VOTE (1-877-779-8683) toll-free and follow the voice prompts

To submit your proxy vote by Internet:

-

Log onto the Internet website at <http://www.eproxyvote.com/air> and enter your voter control number on your proxy card and mark the appropriate boxes to enter voting instructions

If you are a street-name stockholder (i.e., you hold your shares through a broker, bank or other nominee), you are considered a "beneficial owner" of the stock. To vote those shares, you must give voting instructions to your broker, bank or other intermediary who is the "nominee holder" of your shares. Brokers, banks and other nominee holders have been asked to obtain voting instructions from their beneficial owners. Proxies submitted by nominee holders on behalf of beneficial owners will count toward a quorum and will be voted as instructed by the nominee holder. You will receive additional instructions from your broker, bank or other nominee explaining how you may vote your shares held in street name.

You may revoke your vote at any time before your proxy is exercised, but only by (i) voting in person at the Annual Meeting, (ii) submitting another proxy by telephone or the Internet, or (iii) delivering a later dated, signed proxy to the Secretary of the Company.

Proxies will be voted in accordance with instructions on the proxy. If no instructions are specified, the proxy will be voted FOR the election of the nominees for Class II director designated by the Board and upon any other matter that may properly come before the Annual Meeting in the discretion and best judgment of the named proxy holders. If any director nominee becomes

unavailable for election for any reason prior to the Annual Meeting vote, the Board may reduce the number of directors to be elected or substitute another person as nominee, and the named proxy holders will vote for the substitute nominee.

The cost of soliciting proxies will be paid by the Company. The Company has engaged D. F. King & Co., 77 Water Street, New York, New York, to assist the Company in soliciting proxies at a total estimated cost of \$8,000, plus reasonable out-of-pocket expenses. D. F. King & Co. may solicit proxies by mail, telephone, facsimile, e-mail, or in person. Certain officers, directors and employees of the Company may also solicit proxies.

II. RECORD DATE AND VOTING AT THE ANNUAL MEETING

If you owned common stock of the Company ("Common Stock") outstanding at the close of business on the record date, August 16, 2004, you may vote at the Annual Meeting. On that date, 32,243,311 shares of Common Stock were outstanding. You will have one vote on each matter to be voted on for each share you owned on the record date. You cannot vote your shares unless you are present at the Annual Meeting in person or by proxy. A majority of the outstanding shares of Common Stock entitled to vote, present in person or represented by proxy at the Annual Meeting, will constitute a quorum. All votes cast in person or by proxy will be tabulated by the inspectors of election appointed for the Annual Meeting. The inspectors of election will treat directions to withhold authority, abstentions and broker non-votes (i.e., where a nominee holding shares for a beneficial owner has not received voting instructions from the beneficial owner with respect to a particular matter and such nominee does not possess or choose to exercise his discretionary authority with respect to such matter) as shares that are present and entitled to vote for purposes of determining a quorum. Directions to withhold authority will have no effect on the election of directors, because directors are elected by a plurality of votes cast. Abstentions and broker non-votes will be disregarded for purposes of determining whether a matter has been approved, because they are not considered votes cast. It is not anticipated that there will be any broker non-votes on the election of directors since brokers will have discretion to vote on this proposal.

III. CORPORATE GOVERNANCE INFORMATION

The Company has an ongoing commitment to good governance and business practices. We regularly review our policies and procedures, giving consideration to developments in the area of corporate governance. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon a review of SEC Forms 3, 4 and 5 and upon related written representations furnished to the Company with respect to its most recent fiscal year, each person who, at any time during the fiscal year, was a director, officer or beneficial owner of more than ten percent of the Common Stock of the Company filed on a timely basis all reports required by Section 16(a) of the Securities Exchange Act of 1934, as amended, during the most recent fiscal year.

V. BOARD OF DIRECTORS

The Restated Certificate of Incorporation and By-Laws of the Company provide that the Board shall consist of between three and fifteen directors, with the exact number of directors to be set from time to time by the Board. The number of directors is presently set at nine, to be reduced to eight effective October 13, 2004 when one current director, A. Robert Abboud, will retire as a Class II director. The members of the Board are divided into three classes: Class I (three directors), Class II (three directors) and Class III (three directors). One class is elected each year for a three-year term.

It is the policy of the Board of Directors that a majority of its members be independent directors under the criteria established by the Board in accordance with the NYSE rules. To be independent, a director may not have a direct or indirect material relationship with the Company that would impair or inhibit a director's exercise of independent judgment on behalf of the Company and its stockholders. The Nominating and Governance Committee and the Board of Directors review each director annually and make a determination concerning their independence after consideration of all known facts and circumstances. As permitted by the NYSE rules, the Board has established categorical guidelines and policy to assist it in determining director independence. These categorical guidelines include all of the elements of the SEC rules and the NYSE company listing rules with respect to director independence. Based on these guidelines, the Board, at its meeting in July, 2004, determined whether any director has a material relationship with the Company that would impare the director's independence. Having considered all relevant facts and information available and the recommendations of the Nominating and Governance Committee based on their review, the Board affirmatively determined that all directors, except Ira A. Eichner and David P. Storch, are independent.

Independent directors of the Board meet in executive session without management as part of each regular session and otherwise when circumstances deem it advisable or necessary. The Chairman of the Nominating and Governance Committee, presides at the executive session of independent directors.

Stockholders may communicate with the Board, independent directors as a group, or a particular director by mail addressed to: Independent Directors, Attention: Chairman of the Nominating and Governance Committee or the name of a particular director, C/O Corporate Secretary, AAR CORP., 1100 N. Wood Dale Road, Wood Dale, Illinois 60191.

The Board encourages each member to attend the Company's Annual Meeting of Stockholders, and all attended the Company's 2003 Annual Meeting of Stockholders.

During the fiscal year ended May 31, 2004 ("Fiscal 2004"), the Board held six meetings. All of the incumbent directors attended at least 91% of the aggregate meetings of the Board and of the committees on which they served during Fiscal 2004.

BOARD COMMITTEES

The Board has an Audit Committee, a Compensation Committee, a Nominating and Governance Committee, and an Executive Committee.

Audit Committee

The Audit Committee is comprised entirely of independent directors qualified to serve on the Audit Committee under applicable SEC regulations, NYSE rules and the Company's Categorical Standards and Policy for Determining Director Independence. Its members are A Robert Abboud (Chairman), James G. Brocksmith, Jr., Joel D. Spungin, and James E. Goodwin. Effective October 13, 2004, Mr. Abboud will retire as a Director of the Company and Mr. Goodwin will become Audit Committee Chairman and Marc J. Walfish will become a member of the Audit Committee. The Board of Directors has determined that each member of the Audit Committee is an "audit committee financial expert", as defined by the SEC. The Audit Committee acts pursuant to its written charter adopted by the Board of Directors. The charter was last reviewed and approved by the Audit Committee and the Board of Directors at their April, 2004 meetings. The full text of the Audit Committee charter appears on the Company's web site (www.aarcorp.com) and is attached to this Proxy Statement as Appendix 1. The Audit Committee performs the functions described in its charter and, among other things, approves and engages the independent auditors who audit the Company's consolidated financial statements, pre-approves all non-audit/audit related services furnished by the independent auditors, maintains communication between the Board and the independent auditors, monitors performance of the independent auditors, has oversight of and reviews the Company's financial reporting process and practices, has oversight of and reviews the adequacy of financial accounting controls, disclosure controls and the organization and performance of the Company's internal systems of audit, reviews the scope and results of audits, and meets with the independent auditors and internal auditors without members of management present. The Audit Committee held ten meetings during Fiscal 2004. The Report of the Audit Committee for Fiscal Year 2004 ended May 31, 2004 appears on page 20.

Compensation Committee

The Compensation Committee is comprised entirely of independent directors as defined under applicable NYSE rules and the Company's Categorical Standards and Policy for Determining Director Independence. Its members are James G. Brocksmith, Jr. (Chairman), Ronald R. Fogleman, Joel D. Spungin, and A. Robert Abboud. Effective October 13, 2004, Mr. Abboud will retire as a Director of the Company and Mr. Ronald B. Woodard will become a member of the Compensation Committee. The Compensation Committee performs the functions described in its written charter. The full text of the Compensation Committee charter appears on the Company web site (www.aarcorp.com). Among other things, the Compensation Committee reviews and approves compensation policies and practices for all elected corporate officers, fixes the compensation of the President and Chief Executive Officer, evaluates the Chief Executive Officer's performance, and administers the Chief Executive Officer's long-term incentive program, the annual incentive compensation programs for other officers, and the AAR CORP. Stock Benefit Plan. The Compensation Committee also oversees administration of certain other employee benefit, savings and retirement plans. The Compensation Committee held three meetings during Fiscal 2003. The Compensation Committee Report appears on page 11.

Nominating and Governance Committee

The Nominating and Governance Committee is comprised entirely of independent directors as defined under applicable NYSE rules and the Company's Categorical Standards and Policy for Determining Director Independence. Its members are James E. Goodwin (Chairman), Ronald R. Fogleman and Marc J. Walfish. Effective October 13, 2004, Mr. Fogleman will become the Nominating and Governance Committee Chairman. The Nominating and Governance Committee is responsible for both nominating and governance functions as described in its charter. The full text of the Nominating and Governance Committee charter appears on the Company's web site (www.aarcorp.com). Among other things, the Nominating and Governance Committee oversees the composition, structure and evaluation of the Board and its committees, develops and recommends

corporate governance guidelines for Board approval, monitors and screens directors for independence and recommends to the Board qualified candidates for election as directors and to serve on Board committees. In seeking qualified candidates, the Nominating and Governance Committee obtains referrals from management, other directors and business and community leaders, and may retain the services of a consultant to assist in identifying candidates. As discussed in its charter, the Nominating and Governance Committee seeks candidates that complement the Board as a whole and that collectively are strong and diverse in knowledge, skills, experience, and background. When selecting nominees, including those proposed by stockholders, the Committee looks for candidates who have a high level of integrity and professional and personal ethics and values, and demonstrated business acumen, leadership and policy making experience or special technical skills, irrespective of gender or ethnicity, as well as other factors the Committee deems appropriate. The Company's Director Nominating Process and Selection Guidelines appear on the Company's web site (www.aarcorp.com). The Nominating and Governance Committee will consider director candidates recommended by stockholders. Stockholders may submit a proposed nomination to the Nominating and Governance Committee for consideration with respect to the Annual Meeting of Stockholders for the year 2005 by writing to the Secretary, AAR CORP., One AAR Place, 1100 N. Wood Dale Road, Wood Dale, Illinois 60191. To be considered, proposed nominations must be received prior to April 15, 2005, must state the reasons for the proposed nomination and contain the full name and address of each proposed nominee, as well as a brief biographical history setting forth past and present directorships, employment and occupations, and any other qualifications. Proposed nominations must also include a statement indicating that the proposed nominees have consented to being named in the proxy statement and to serve if elected. The Nominating and Governance Committee held two meetings during Fiscal 2004.

Executive Committee

The Executive Committee is comprised of Ira A. Eichner (Chairman), David P. Storch and A. Robert Abboud. Effective October 13, 2004, Mr. Abboud will retire as a Director of the Company and Mr. James E. Goodwin and Marc J. Walfish will become members of the Executive Committee. Mr. Abboud, Mr. Goodwin and Mr. Walfish are each independent directors as defined by applicable NYSE rules and the Company's Categorical Standards and Policy for Determining Director Independence. The Executive Committee acts pursuant to its written charter adopted by the Board of Directors and is authorized to meet between meetings of the Board of Directors and exercise certain powers of the Board with respect to urgent matters or other matters referred to it by the Board for deliberation or action, subject to limitations imposed by the Committee's charter, the Board, applicable law and the Company's By-Laws. The full text of the Executive Committee charter appears on the Company's web site (www.aarcorp.com). The Executive Committee did not hold any meetings during Fiscal 2004.

DIRECTORS' COMPENSATION

Each director who is not an officer or employee of the Company or any subsidiary ("Eligible Director") receives an annual retainer of \$35,000, a fee of \$2,500 for attendance at each meeting of the Board or of any Board committee attended in person (\$1,250 per meeting for telephonic Board and Committee meetings), plus reimbursement of expenses. The Chairman of the Board and each committee chairman receive an additional \$5,000 annual retainer. Each Eligible Director may elect to defer receipt of the annual retainer and meeting fees pursuant to the Company's Nonemployee Directors' Deferred Compensation Plan. Deferred retainer fees are converted into stock units equivalent to shares of Common Stock, and deferred meeting fees are credited with interest quarterly based on the 10-year United States Treasury Bond rate. Distributions under the plan occur in cash or Common Stock upon termination of service on the Board and on the happening of certain other events, as specified in the plan.

In addition, each Eligible Director, upon being elected a director, receives term life insurance coverage of \$200,000, and is eligible to receive discretionary stock option grants from time to time under the AAR CORP. Stock Benefit Plan, as may be determined by the Board. It is anticipated that grants to directors will be made annually. Typically, such options expire ten years from the date of grant and become exercisable in 25% increments on each anniversary grant date at the closing NYSE price on the date of grant. On July 21, 2003, each director was granted an option for 3,500 shares at an exercise price of \$6.96 per share.

The AAR CORP. Directors' Retirement Plan was terminated effective April 10, 2001. Any Eligible Director who was a director on the plan's effective date of termination or a retired director then receiving benefits under the plan will continue to receive benefits pursuant to the terms of the plan as the plan was in effect and applicable to such participant on the earlier of the date of plan termination or date of retirement. Benefits are paid upon retirement from the Board on or after age 65 if such director has completed at least five years of service as a director. Benefits are paid quarterly in cash in an amount equal to 25% of the annual retainer payable to an active eligible director and are paid for a period equal to the total number of years of service as a director to a maximum of ten years or until death. Continuing liabilities under the plan are unfunded. As of May 31, 2004, five former directors were receiving retirement benefits under the plan.

Directors who are officers or employees of the Company or any subsidiary receive no additional compensation for service on the Board or any of its committees.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. Eichner, a director of the Company and Chairman of the Board, provides consulting services to the Company pursuant to a consulting agreement that expires on May 31, 2006, under which he receives a quarterly consulting fee in the amount of \$25,000. During Fiscal 2004, Mr. Eichner received \$100,000 in consulting fees.

VI. PROPOSAL 1 ELECTION OF DIRECTORS

The Board of Directors is presently divided into three classes, each having three-year terms that expire in successive years. The Board of Directors has nominated two directors to be elected in Class II at the Annual Meeting, each to serve a three-year term expiring at the 2007 Annual Meeting or until the individual is succeeded by another qualified director who has been duly elected.

The nominees for Director in Class II this year are **James E. Goodwin and Marc J. Walfish**.

Information about the nominees, and continuing directors whose terms expire in future years, is set forth in Section VII below beginning on page 10.

Each nominee is currently serving as a director of the Company. The Board expects all nominees to serve if elected as directors. If any of them should become unavailable to serve as a director for any reason prior to the Annual Meeting, the Board may substitute another person as nominee. In such event, the proxy holders, in their discretion, will vote the shares for which they serve as proxy for another person nominated by the Board unless the Board reduces the number of directors to be elected. Under Delaware law and the Company's By-Laws, the nominees for director who individually receive the greatest number of votes shall be elected directors of the Company.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR ALL NOMINEES

VIII. EXECUTIVE COMPENSATION AND OTHER INFORMATION

COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

General

The Company's executive compensation program is structured and administered by the Compensation Committee of the Board of Directors. The Compensation Committee is comprised of the four individuals listed below, all of whom have been determined by the Board of Directors to be independent directors of the Company under applicable NYSE rules and the Company's Categorical Standards and Policy for Determining Director Independence.

The executive compensation program is designed to enable the Company to attract, motivate and retain talented executives capable of achieving strategic business initiatives and to reward them for their achievement. It is designed to complement the Company's short-term and long-term business objectives and to focus executives' efforts on fulfilling these objectives. The program consists of three elements: (i) base salaries which are generally set between the median and third quartile salary level of comparable positions in similar companies, adjusted up or down to reflect individual responsibilities, performance and other relevant factors; (ii) annual variable incentive opportunities paid in cash and stock based on individual contribution and performance; and (iii) long-term incentive opportunities, in the form of stock options and restricted stock awards.

Total compensation opportunities for each executive are intended to be competitive with those offered by other companies competing for talent in the Company's employment market. In designing and administering the individual elements of the executive compensation program for each executive, the Compensation Committee strives to balance short- and long-term incentive objectives and employ prudent judgment in establishing base salary levels and performance criteria, evaluating performance and determining actual incentive payments. To ensure competitiveness and reasonableness of the Compensation Committee's compensation decisions, independent compensation consulting firms are retained periodically to advise the Compensation Committee in connection with both the design and implementation of the various elements of the program and the level of individual executive participation. The Company uses competitive compensation analyses by independent consultants to ensure that the President and Chief Executive Officer's and other executive officers' base salaries and total compensation opportunities (not actual pay) are at an appropriate competitive level relative to compensation for such positions at other companies in the relevant employment market. Generally, as an executive's level of responsibility increases, a greater percentage of total compensation opportunity is based on performance, and the mix of total compensation shifts toward stock, thereby aligning the long-term interest of senior executives with those of stockholders.

Base Salaries

Base salary levels of all elected corporate officers, including the President and Chief Executive Officer, are reviewed annually by the Compensation Committee and may be adjusted depending upon the executive's qualifications, responsibilities, assessed performance contribution, tenure in the Company and in the position held, and competitive salary considerations relative to similar positions at other companies competing for talent in the Company's employment market. In Fiscal 2002, the Company implemented a sliding scale base salary reduction program for all employees, including the named executive officers, as part of a company-wide cost reduction effort. In Fiscal 2003, base salaries were fully reinstated for employees generally, but were only partially reinstated for certain senior executives. The base salaries of the President and Chief Executive Officer and other executive officers named in the Summary Compensation Table received no salary increases in Fiscal 2004, with the exception of one named executive officer who assumed new responsibilities during the period. The base salaries of all employees, including the named executive officers, were

increased effective June 1, 2004 by the greater of three percent or an amount that would restore their respective base salaries to pre-October 1, 2001 salary levels.

Annual Incentive Opportunities

The President and Chief Executive Officer has an annual performance-based incentive bonus opportunity of up to 150% of his base salary under the Company's stockholder-approved AAR CORP. Section 162(m) Performance-Based Annual Cash Bonus Program ("AAR's 162(m) Program"). The percentage incentive bonus opportunity for other executive positions varies depending on their responsibility level.

Under AAR's 162(m) Program, each fiscal year the Compensation Committee establishes specific annual cash bonus performance goals intended to meet the requirements of Section 162(m) of the Internal Revenue Code ("IRC"), for the President and Chief Executive Officer of the Company and certain other executive officers of the Company. These goals focus on two categories: income and balance sheet management. The importance and weighting of these two categories is established each year by the Compensation Committee. Under the category of income, the goals include one or several of the following: pre-tax income, earnings per share and net income. Under the category of balance sheet management, the goals include one or several of the following criteria: shareholder equity, long-term debt to capital ratio, investment rating, debt coverage, cash flow and return on invested capital. The President and Chief Executive Officer is eligible to earn up to 100% of his base salary for meeting target goals and up to an additional 50% of base salary for exceeding target goals. The percentage incentive bonus opportunity for other executive positions varies depending on their responsibility level. The amount actually earned depends on each participant's position, bonus opportunity and actual performance versus the pre-established goals.

Long-Term Incentive Opportunities

The long-term incentive program consists of stock options or restricted stock/performance restricted stock awards, or any combination thereof, granted under the AAR CORP. Stock Benefit Plan, in the discretion of the Compensation Committee. The specific terms of any stock option or RSA grants are determined by the Compensation Committee at the time grants are approved, subject to the provisions of the Plan.

Stock option/performance stock option awards typically expire ten years from the date of grant or earlier upon termination of employment, become exercisable in equal increments over a period of three to five years on successive grant anniversary dates at fair market value based on the NYSE closing stock price on the date of grant or, in some instances, upon meeting certain share price performance criteria, and may be accompanied by reload features. Typically, stock option grants vest in 20% increments ratably on the grant date anniversary (Fiscal Year 2003 option grants had a dual vesting schedule that also provided an opportunity for accelerated vesting based on the Company's rolling 20-day average New York Stock Exchange stock price appreciating above the grant price beyond certain specified threshold values on a sliding scale). Restrictions imposed on restricted stock awards vary and are designed, among other things, to encourage executives to stay with the Company and to maintain a focus on long-term objectives of the Company. Restricted stock grants typically vest over periods of three to ten years from grant date and may be performance-based with vesting to occur over periods of three to six years after being earned. Typically, stock option and restricted stock grants are subject to forfeiture if the employee terminates employment for any reason other than death, retirement or disability or the Company terminates employment for cause, during the grant cycle. During the grant cycle, the participant receives dividends on the restricted shares and also has the right to vote the restricted shares.

When determining stock option and restricted stock awards, the Committee considers the recipient's position and responsibilities in the Company, performance and contributions made during the preceding year, capabilities and potential for future contribution to the Company, the

number of options and awards previously granted to the recipient and, for senior management, their progress toward achieving the Company's guidelines for stock ownership by senior management.

The Board believes that Mr. Storch, as the President and Chief Executive Officer, should have the opportunity, based on performance, to earn shares of Company stock and that the performance measures that govern his opportunities should be both economic and stockholder value related. Such measures should also be related to the Company's industry and investor communities and reflect business objectives of the Company over the coming years.

Under a long-term incentive plan approved by the Board and approved by the stockholders with respect to performance restricted stock grants under this plan, commencing on June 1, 2001 and ending on May 31, 2005, Mr. Storch has the opportunity to receive annually under the AAR CORP. Stock Benefit Plan, at the discretion of the Compensation Committee, (i) options in an amount determined by a fraction, the numerator of which is equal to up to 1.25 times his then current base salary and the denominator of which is equal to the fair market value of the common stock on the date of grant divided by three, and (ii) performance restricted stock in amounts (a) up to .9375 times his then current base salary based on the Company's average return on capital during the performance period as compared to the S&P 500 Composite average return on capital and (b) up to .9375 times his then current base salary based on the Company's common stock share price performance during the period as compared to the common stock share price performance of the Company's peer group as described in the Company's Proxy Statement from time to time.

Mr. Storch and other named executive officers in the Summary Compensation Table below received the stock options and restricted stock grants reflected in the tables below. The number of shares covered by each grant reflects individual contributions and performance and is consistent with competitive industry practices, in the view of the Compensation Committee. The grant levels also continue the Board's emphasis on executive stock ownership and further the Company's objectives of tying incentive compensation to performance and aligning executives' interests with the interests of the Company's stockholders, while balancing these factors against the projected needs of the business, as well as financial considerations, including impact on stockholder dilution.

Chief Executive Officer Compensation

In Fiscal 2002, Mr. Storch's annual base salary was temporarily reduced effective October 1, 2001, as part of a Company-wide cost reduction effort following the events of September 11th. His salary level was partially reinstated to \$661,466 in Fiscal 2003, and remained at that level throughout Fiscal 2004. Effective June 1, 2004, Mr. Storch's salary level was fully reinstated and his annual base salary is presently \$696,280. Pursuant to his Employment Agreement, for Fiscal 2004, Mr. Storch earned an annual incentive cash bonus equal to 93% of his base salary in effect on May 31, 2004, or \$615,163, based on the Company's performance during the period, which exceeded pre-established sales revenue, cash flow from operations and long-term debt to capital ratio goals, and achieved 73% of the net income goal. In addition, under Mr. Storch's leadership during the period, the Company successfully restructured its financing, reduced its net debt and achieved a "stable" Standard & Poor's credit rating, all in a very difficult aviation and aerospace industry business environment. However, in view of the overall Fiscal 2004 net income of the Company and Mr. Storch's desire to drive the Company toward a lower cost operating environment and to allocate more of the Company's Fiscal 2004 available bonus pool to other participants, Mr. Storch requested that his annual incentive bonus for Fiscal 2004 be reduced to 75% of his base salary or \$496,100. The Compensation Committee honored that request.

The tables which follow this report and accompanying footnotes and narrative reflect the decisions covered by the above discussion.

Federal Income Tax Considerations

IRC Section 162(m) generally prevents any public company from claiming a deduction for compensation in excess of \$1 million for the Chief Executive Officer or any of the four highest compensated executive officers. This deduction limitation, however, does not apply to performance-based compensation that satisfies certain requirements under Section 162(m). The Compensation Committee has determined that it is in the best interests of the Company and its stockholders to structure compensation of executive officers so that compensation will not be subject to the deduction limit to the extent that it can reasonably do so in a manner that provides adequate incentives and allows the Company to attract and retain qualified executives. However, the Compensation Committee has previously and may in the future structure compensation arrangements that under certain circumstances may be subject to the deduction limit. None of the compensation paid by the Company in Fiscal 2004 was subject to the deduction limit.

STOCK OPTIONS

Options generally become exercisable 20% each year over a five-year period. Unexercised options expire ten years after the date of grant (Fiscal Year 2003 option grants were subject to a dual vesting schedule that also provided an opportunity for accelerated vesting based on the Company's rolling 20-day average New York Stock Exchange stock price appreciating above the grant price beyond certain specified values on a sliding scale). The stock option exercise price is equal to the fair market value (NYSE closing price) of a share of stock on the date of grant. The options have no value unless the stock price appreciates and the holder satisfies the applicable vesting requirements.

The following table shows certain information with respect to stock options granted in Fiscal 2004 to the named executive officers. It also shows how much the named executive officers potentially may realize under two hypothetical situations: if the stock gains 5% or 10% in value per year compounded over the ten-year life of the options. These are assumed hypothetical rates of appreciation required to be shown by Securities Exchange Commission regulations as an example and are not a forecast of future stock price appreciation.

These are reload options resulting from exercise of original option grants. Under the original grants, reload options result upon surrender of shares then owned by the option holder in payment of the exercise price of the initial option. The reload option is for the number of shares surrendered and expires concurrent with the original option. The reload option exercise price is equal to the fair market value of the underlying stock on the date the original option is exercised. Reload options are included in the percentage total options grant to employees shown on the chart. Values shown in the Potential Realizable Value columns are duplicative of the portion of the value disclosed in such columns in the year of the original option grant and do not represent new value above that of the original grant.

PENSION BENEFITS

Qualified Plan Benefits

The Company provides benefits to all domestic employees, including the named executive officers, under a qualified retirement program that includes defined benefits (The AAR CORP. Retirement Plan, a cash balance type plan) and a 401(k)/profit sharing plan (The AAR CORP. Retirement Savings Plan). The defined benefits are based upon the present value of a participant's benefit as of December 31, 1999 and a formula for benefits earned from and after January 1, 2000 which takes into consideration the participant's age, years of credited service, a percentage of the participant's compensation for the year and certain interest credits. Compensation includes cash compensation shown as income on an employee's Form W-2, reduced by certain items specified in the plans, plus elective pre-tax contributions under the AAR CORP. Retirement Savings Plan. Compensation for purposes of the qualified plans cannot exceed an annual compensation limitation of \$205,000 as adjusted from time to time by the Commissioner of Internal Revenue in accordance with applicable provisions of the IRC.

The aggregate salary and bonus compensation shown for the named executive officers in the Summary Compensation Table above is the compensation currently included for purposes of determining benefits under qualified plans, subject to applicable IRC compensation limits for qualified plans. Profit sharing and 401(k) benefits are based on elective pre-tax contributions by employees with a Company match of up to 1 percentage point of the first 5 percentage points of elective pre-tax contributions to the plan, and a profit sharing contribution by the Company based on the individual employee's elective pre-tax contributions and the economic performance of the individual employee's operating unit. The Company has temporarily suspended its Company matching contribution. The Company's profit sharing contribution can be up to 3% of cash compensation.

Non-Qualified Plan Benefits

The Company provides supplemental retirement benefits to certain executives and key employees under the Supplemental Key Employee Retirement Plan ("SKERP"). All of the named executive

officers are participants in the SKERP. The SKERP is designed to restore the approximate amount of benefits under the Company's qualified retirement savings plan lost as a result of IRC limitations, including those limiting compensation for purposes of benefit calculations. The SKERP also provides for executive participant retirement benefits (including qualified plan benefits) in the aggregate at 60% and 50% of final average compensation (as defined in plan documents), respectively, for the President and Chief Executive Officer, and for two other named executive officers designated by the Board, reduced by certain items specified in plan documents. Three designated key employee participants in the SKERP also receive Supplemental Company Contributions to their SKERP savings account in amounts set by separate agreement between each employee and the Company. SKERP benefits are unfunded and Company contributions and Supplemental Retirement benefits payable by the Company are forfeited if the participant violates a covenant not to compete set forth in the plan document or if employment is terminated for cause (except that a forfeiture will not occur under certain circumstances in the event of a change in control as defined in the plan document).

Table of Pension Benefits

The following table shows the estimated aggregate annual benefits payable upon retirement at normal retirement age (65) and years of service for each of the named executive officers under the AAR CORP. Retirement Plan and SKERP.

EMPLOYMENT AND OTHER AGREEMENTS

David P. Storch

The Company has an employment agreement with Mr. Storch designed to assure his continued services with the Company at a base compensation of \$696,280 per year or such increased amount as the Board may determine. Mr. Storch's term of employment is continuously extended so as to have a remaining term of three years, but shall expire upon death, disability, retirement or other termination of employment.

Mr. Storch's employment agreement also includes: confidentiality and non-compete provisions; participation in the Company's benefit plans; a severance payment equal to two times base salary then in effect upon termination of employment by the Company for other than cause prior to a change in control of the Company; a severance payment equal to three times his average cash compensation (base salary plus cash bonus) for the last two fiscal years of employment upon termination of employment under certain circumstances in the event of a change in control of the Company; an incentive bonus opportunity of up to 150% of base salary subject to annual financial targets approved by the Compensation Committee (20% of any bonus is payable in three-year restricted stock); an annual long-term incentive stock compensation plan consisting of (i) an annual option grant opportunity of an amount determined by a fraction, the numerator of which is equal to up to 1.25 times his base salary and the denominator of which is equal to the fair market value of the stock on the grant date divided by three, and (ii) Performance Restricted Stock in amounts (a) up to .9375 times his then current salary based on the Company's average return on capital during the performance period as compared to the S&P 500 Composite average return on capital

and (b) up to .9375 times his then current base salary based on the Company's common stock share price performance during the period as compared to the common stock share price performance of the Company's peer group as described in the Company's Proxy Statement; a supplemental cash payment to the extent necessary to preserve the level of benefits provided for in the employment agreement in the event of imposition of excise taxes in respect of "excess parachute payments" under the IRC; and, in the event of a change in control of the Company as defined in the employment agreement, accelerated vesting of awards outstanding under the Company's Stock Benefit Plan and continuation of certain other benefits for a period of three years.

Other Agreements

The Company has entered into severance agreements with the named executive officers other than Mr. Storch. The severance agreements are substantially identical to each other, include confidentiality and non-compete covenants, and provide for payment of compensation and certain benefits in the event of termination of employment for other than cause, including a change in control of the Company as defined in the severance agreements. Severance equal to base salary plus any earned incentive cash bonus will be paid upon termination of employment by the Company for other than cause as defined in the severance agreements prior to a change in control of the Company. X. AUDIT INFORMATION

Report of Audit Committee

The Audit Committee carries out its responsibilities pursuant to its written charter. Among other things, the Audit Committee exercises general oversight of the Company's financial reporting process and reviews and makes recommendations to the Board concerning the reliability and integrity of the Company's internal controls, disclosure controls, financial reporting process and legal compliance, and the independence and performance of the Company's internal and independent auditors. The Company's management is primarily responsible for the Company's financial statements and the quality and integrity of the reporting process and systems of internal control. The Company's independent auditors are responsible for auditing the Company's financial statements and for expressing an opinion on the conformity of the financial statements with

accounting principles that are generally accepted in the United States. The Audit Committee has the authority to obtain advice and assistance from outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties with funding from the Company.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed the Company's audited financial statements for the fiscal year ended May 31, 2004, with the Company's management and representatives of the independent auditors, including a discussion of the reasonableness of significant judgments and clarity of disclosures in the financial statements. The Audit Committee also reviewed with management and the independent auditors the preparation of the financial statements and related disclosures contained in the Company's earnings announcements and quarterly reports. Management has represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles that are generally accepted in the United States ("GAAP") and the independent auditors have expressed an opinion based on their audit that the financial statements are in conformance with accounting principles that are generally accepted in the United States. The Audit Committee is not responsible for the determination that the Company's financial statements are complete and accurate and in accordance with GAAP.

The Audit Committee reviewed and discussed with the independent auditors and management the overall scope and plans for the audit and the adequacy of internal controls, and met with the independent auditors without management present to discuss the results of their audits, their evaluation of the Company's internal controls, disclosure controls and the overall quality (not just acceptability) of the Company's accounting policies and financial reporting. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, the independent auditor's independence from the Company and its management, including the matters in the written disclosures and letter furnished to the Audit Committee by the independent auditors and required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and determined that the non-audit services provided to the Company by the independent auditor are compatible with maintaining the auditors' independence.

In reliance on its review of the audited financial statements and the discussions referred to above and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended May 31, 2004, for filing with the Securities and Exchange Commission.
