**Changes to Organizational Structure**

Effective beginning with our third quarter of 2015, we realigned certain of our reportable segments to be consistent with certain changes to our organizational structure and how the Chief Executive Officer will monitor the performance of these segments. As a result, all of our beverage, food and snack businesses in Latin America will be reported together as Latin America and our North American beverage business will be reported separately as North America Beverages. Prior to this change, the PepsiCo Americas Beverages segment included all of our North American and Latin American beverage businesses. In addition, our PepsiCo Europe reportable segment will now also include our businesses in the Sub-Saharan Africa markets that were formerly part of PepsiCo Asia, Middle East and Africa and will be renamed Europe Sub-Saharan Africa (ESSA). PepsiCo Asia, Middle East and Africa will be renamed Asia, Middle East and North Africa (AMENA). These changes do not impact our Frito-Lay North America or Quaker Foods North America reportable segments.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratio of earnings to fixed charges for the periods indicated. "Fixed charges" consist of interest expense, capitalized interest, net amortization of debt premium/discount, and the interest portion of rent expense which is deemed to be representative of the interest factor. The ratio of earnings to fixed charges is calculated as income from continuing operations, before provision for income taxes and cumulative effect of accounting changes, where applicable, less net unconsolidated affiliates' interests, plus fixed charges (excluding capitalized interest), plus amortization of capitalized interest, with the sum divided by fixed charges.

The 2017 floating rate notes will bear interest from July 17, 2015, or from the most recent interest payment date on which we have paid or provided for interest on the 2017 floating rate notes. The 2017 floating rate notes will mature at 100% of their principal amount on July 17, 2017.

The 2017 notes offered hereby will initially be limited to an aggregate principal amount of \$650,000,000, the 2022 notes offered hereby will initially be limited to an aggregate principal amount of \$800,000,000, the 2025 notes offered hereby will initially be limited to an aggregate principal amount of \$700,000,000 and the 2045 notes offered hereby will initially be limited to an aggregate principal amount of \$500,000,000. The fixed rate notes will bear interest from July 17, 2015, payable semi-annually on each January 17 and July 17, beginning on January 17, 2016, to the persons in whose names the fixed rate notes are registered at the close of business on each January 2 and July 2, as the case may be (whether or not a business day), immediately preceding such January 17 and July 17. The 2017 notes will mature on July 17, 2017. The 2022 notes will mature on July 17, 2022. The 2025 notes will mature on July 17, 2025. The 2045 notes will mature on July 17, 2045.

Each series of notes is a single series of debt securities to be issued under an indenture dated May 21, 2007, between us and The Bank of New York Mellon, as trustee. The indenture is more fully described in the accompanying prospectus.

The notes are not subject to any sinking fund.

We may, without the consent of the existing holders of a series of notes, issue additional notes of such series having the same terms (except issue date, date from which interest accrues and, in some cases, the first interest payment date) so that the existing notes and the new notes of such series form a single series under the indenture.

The notes will be issued only in registered form in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The 2017 floating rate notes will not be redeemable. We may redeem some or all of the notes of any series of fixed rate notes at any time and from time to time at the redemption prices for such series described under "Optional Redemption."

**Defeasance**

The notes of each series will be subject to defeasance and discharge (but not with respect to certain covenants) and to defeasance of certain covenants as set forth in the indenture. See "Description of Debt Securities Satisfaction, Discharge and Covenant Defeasance" in the accompanying prospectus.

**Description of Certain Provisions Applicable to the 2017 Floating Rate Notes**

*Calculation Agent*

The Bank of New York Mellon will act as calculation agent for the 2017 floating rate notes under an Amended and Restated Calculation Agency Agreement between the issuer and The Bank of New York Mellon dated as of May 10, 2011.

*Interest Payment Dates*

Interest on the 2017 floating rate notes will be payable quarterly in arrears on January 17, April 17, July 17, and October 17, commencing on October 17, 2015 to the persons in whose names the

Table of Contents

notes are registered at the close of business on each January 2, April 2, July 2 and October 2, as the case may be (whether or not a New York business day (as defined below)). If any interest payment date (other than the maturity date or any earlier repayment date) falls on a day that is not a New York business day, the payment of interest that would otherwise be payable on such date will be postponed to the next succeeding New York business day, except that if such New York business day falls in the next succeeding calendar month, the applicable interest payment date will be the immediately preceding New York business day. If the maturity date or any earlier repayment date of the 2017 floating rate notes falls on a day that is not a New York business day, the payment of principal, premium, if any, and interest, if any, otherwise payable on such date will be postponed to the next succeeding New York business day, and no interest on such payment will accrue from and after the maturity date or earlier repayment date, as applicable.

A "New York business day" is any day other than a Saturday, Sunday or other day on which commercial banks are required or permitted by law, regulation or executive order to be closed in New York City.

***Interest Reset Dates***

The interest rate will be reset quarterly on January 17, April 17, July 17, and October 17, commencing on October 17, 2015. However, if any interest reset date would otherwise be a day that is not a New York business day, such interest reset date will be the next succeeding day that is a New York business day, except that if the next succeeding New York business day falls in the next succeeding calendar month, the applicable interest reset date will be the immediately preceding New York business day.

***Interest Periods and Interest Rate***

The initial interest period will be the period from and including July 17, 2015 to but excluding the first interest reset date. The interest rate in effect during the initial interest period will be equal to LIBOR plus 25 basis points, determined two London business days prior to July 17, 2015. A "London business day" is a day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

After the initial interest period, the interest periods will be the periods from and including an interest reset date to but excluding the immediately succeeding interest reset date, except that the final interest period will be the period from and including the interest reset date immediately preceding the maturity date to but excluding the maturity date. The interest rate per annum for the 2017 floating rate notes in any interest period will be equal to LIBOR plus 25 basis points, as determined by the calculation agent. The interest rate in effect for the 15 calendar days prior to any repayment date earlier than the maturity date will be the interest rate in effect on the fifteenth day preceding such earlier repayment date.

The interest rate on the 2017 floating rate notes will be limited to the maximum rate permitted by New York law, as the same may be modified by United States law of general application.

Upon the request of any holder of 2017 floating rate notes, the calculation agent will provide the interest rate then in effect and, if determined, the interest rate that will become effective on the next interest reset date.

The calculation agent will determine LIBOR for each interest period on the second London business day prior to the first day of such interest period.

LIBOR, with respect to any interest determination date, will be the offered rate for deposits of U.S. dollars having a maturity of three months that appears on "Reuters Page LIBOR 01" at approximately 11:00 a.m., London time, on such interest determination date. If on an interest

Table of Contents

determination date, such rate does not appear on the "Reuters Page LIBOR 01" as of 11:00 a.m., London time, or if "Reuters Page LIBOR 01" is not available on such date, the calculation agent will obtain such rate from Bloomberg L.P.'s page "BBAM."

If no offered rate appears on "Reuters Page LIBOR 01" or Bloomberg L.P. page "BBAM" on an interest determination date, LIBOR will be determined for such interest determination date on the basis of the rates at approximately 11:00 a.m., London time, on such interest determination date at which deposits in U.S. dollars are offered to prime banks in the London inter-bank market by four major banks in such market selected by PepsiCo, for a term of three months commencing on the applicable interest reset date and in a principal amount equal to an amount that in the judgment of the calculation agent is representative for a single transaction in U.S. dollars in such market at such time. The calculation agent will request the principal London office of each of such banks to provide a quotation of its rate. If at least two such quotations are provided, LIBOR for such interest period will be the arithmetic mean of such quotations. If fewer than two such quotations are provided, LIBOR for such interest period will be the arithmetic mean of the rates quoted at approximately 11:00 a.m. in New York City on such interest determination date by three major banks in New York City, selected by PepsiCo, for loans in U.S. dollars to leading European banks, for a term of three months commencing on the applicable interest reset date and in a principal amount equal to an amount that in the judgment of the calculation agent is representative for a single transaction in U.S. dollars in such market at such time; provided, however, that if the banks so selected are not quoting as mentioned above, the then-existing LIBOR rate will remain in effect for such interest period, or, if none, the interest rate will be the initial interest rate.

All percentages resulting from any calculation of any interest rate for the 2017 floating rate notes will be rounded, if necessary, to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upward (e.g., 5.876545% (or .05876545) would be rounded to 5.87655% (or .0587655)), and all U.S. dollar amounts will be rounded to the nearest cent, with one-half cent being rounded upward. Each calculation of the interest rate on the 2017 floating rate notes by the calculation agent will (in the absence of manifest error) be final and binding on the noteholders and PepsiCo.

***Accrued Interest***

Accrued interest on the 2017 floating rate notes will be calculated by multiplying the principal amount of the 2017 floating rate notes by an accrued interest factor. This accrued interest factor will be computed by adding the interest factors calculated for each day in the period for which interest is being paid. The interest factor for each day is computed by dividing the interest rate applicable to that day by 360. For these calculations, the interest rate in effect on any reset date will be the applicable rate as reset on that date. The interest rate applicable to any other day is the interest rate from the immediately preceding reset date or, if none, the initial interest rate.

(ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon (exclusive of interest accrued to the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 10 basis points with respect to the 2017 notes, 15 basis points with respect to the 2022 notes, 20 basis points with respect to the 2025 notes and 25 basis points with respect to the 2045 notes

plus in each case accrued and unpaid interest to the date of redemption.

The 2022 notes, 2025 notes and 2045 notes will be redeemable as a whole or in part, at our option at any time and from time to time on or after May 17, 2022 with respect to the 2022 notes (two months prior to the maturity date of the 2022 notes), April 17, 2025 with respect to the 2025 notes (three months prior to the maturity date of the 2025 notes) and January 17, 2045 with respect to the 2045 notes (six months prior to the maturity date of the 2045 notes) at a redemption price equal to 100% of the principal amount of the notes being redeemed, plus in each case accrued and unpaid interest to the date of redemption.

"Comparable Treasury Issue" means, with respect to any series of fixed rate notes, the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the notes of such series to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a comparable maturity to the remaining term of such notes.

"Comparable Treasury Price" means, with respect to any redemption date for any series of fixed rate notes, (A) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (B) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers appointed by us.

"Reference Treasury Dealer" means each of any four primary U.S. Government securities dealers in the United States of America selected by us.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date for any series of fixed rate notes, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such redemption date.

"Treasury Rate" means, with respect to any redemption date for any series of fixed rate notes, the rate per annum equal to the semiannual equivalent yield to maturity or interpolated (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of any series of fixed rate notes to be redeemed. If fewer than all of a series of notes are to be redeemed, the particular notes of such series to be redeemed shall be selected by the trustee by such method as the trustee shall deem fair and appropriate. If any note is to be redeemed only in part, the notice of redemption that relates to such note shall state the principal amount thereof to be redeemed. A new note in principal amount equal to and in exchange for the unredeemed portion of the principal of the note surrendered will be issued in the name of the holder of the note upon surrender of the original note.

Unless we default in payment of the redemption price, on and after the redemption date interest will cease to accrue on the notes of a series or portions thereof called for redemption.

**Book-Entry System**

The notes of each series will be issued in fully registered form in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"). One or more fully registered certificates will be issued as global notes in the aggregate principal amount of the notes of each series. Such global notes will be deposited with or on behalf of DTC and may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any nominee to a successor of DTC or a nominee of such successor.

So long as DTC, or its nominee, is the registered owner of a global note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such global note for all purposes under the indenture. Except as set forth in the accompanying prospectus, owners of beneficial interests in a global note will not be entitled to have the notes represented by such global note registered in their names, will not receive or be entitled to receive physical delivery of such notes in definitive form and will not be considered the owners or holders thereof under the indenture. Accordingly, each person owning a beneficial interest in a global note must rely on the procedures of DTC for such global note and, if such person is not a participant in DTC (as described below), on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the indenture.

Owners of beneficial interests in a global note may elect to hold their interests in such global note either in the United States through DTC or outside the United States through Clearstream Banking, société anonyme ("Clearstream") or Euroclear Bank, S.A./N.V., or its successor, as operator of the Euroclear System ("Euroclear"), if they are a participant of such system, or indirectly through organizations that are participants in such systems. Interests held through Clearstream and Euroclear will be recorded on DTC's books as being held by the U.S. depository for each of Clearstream and Euroclear, which U.S. depositories will in turn hold interests on behalf of their participants' customers' securities accounts. Citibank, N.A. will act as depository for Clearstream and JPMorgan Chase Bank, N.A. will act as depository for Euroclear (in such capacities, the "U.S. Depositories").

As long as the notes of a series are represented by the global notes, we will pay principal of and interest on those notes to or as directed by DTC as the registered holder of the global notes. Payments to DTC will be in immediately available funds by wire transfer. DTC will credit the relevant accounts of their participants on the applicable date. Neither we nor the trustee will be responsible for making any payments to participants or customers of participants or for maintaining any records relating to the holdings of participants and their customers, and each person owning a beneficial interest will have to rely on the procedures of the depository and its participants.

We have been advised by DTC, Clearstream and Euroclear, respectively, as follows:

***DTC***

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). DTC holds securities deposited with it by its participants and facilitates the settlement of transactions among its participants in such securities through electronic computerized book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. Access to DTC's book-entry

system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. According to DTC, the foregoing information with respect to DTC has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

***Clearstream***

Clearstream advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations ("Clearstream Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream, Luxembourg provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions with respect to interests in the notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

***Euroclear***

Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the "Euroclear Operator"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, or the Euroclear Terms and Conditions, and applicable Belgian law govern securities clearance accounts and cash accounts with the Euroclear Operator. Specifically, these terms and conditions govern:

transfers of securities and cash within Euroclear;

withdrawal of securities and cash from Euroclear; and

receipt of payments with respect to securities in Euroclear.

All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the terms and conditions only

on behalf of Euroclear Participants and has no record of or relationship with persons holding securities through Euroclear Participants.

Distributions with respect to interests in the notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Euroclear Terms and Conditions, to the extent received by the U.S. Depository for the Euroclear Operator.

**Settlement**

Investors in the notes of each series will be required to make their initial payment for the notes of such series in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected in DTC in accordance with DTC rules on behalf of the relevant European international clearing system by the U.S. depository for such clearing system; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (based on European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving notes in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositories.

Because of time-zone differences, credits of notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such notes settled during such processing will be reported to the relevant Clearstream Participants or Euroclear Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of notes by or through a Clearstream Participant or a Euroclear Participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time. See "Forms of Securities" in the accompanying prospectus.

The information in this section concerning DTC, Clearstream, Euroclear and DTC's book-entry system has been obtained from sources that PepsiCo believes to be reliable (including DTC, Clearstream and Euroclear), but PepsiCo takes no responsibility for the accuracy thereof.

Neither PepsiCo, the trustee nor the underwriters will have any responsibility or obligation to participants, or the persons for whom they act as nominees, with respect to the accuracy of the records of DTC, its nominee or any participant with respect to any ownership interest in the notes or payments to, or the providing of notice to participants or beneficial owners.

For other terms of the notes, see "Description of Debt Securities" in the accompanying prospectus.

Table of Contents

**UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS**

The following sets forth the material U.S. federal income tax consequences of ownership and disposition of the notes, but does not purport to be a complete analysis of all potential tax considerations. This summary is based upon the Internal Revenue Code of 1986, as amended (the "Code"), the Treasury Regulations promulgated or proposed thereunder, administrative pronouncements and judicial decisions, all as of the date hereof and all of which are subject to change, possibly on a retroactive basis. This discussion applies only to notes that meet the following conditions:

they are purchased by those initial holders who purchase notes at the "issue price," which will equal the first price to the public (not including bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) at which a substantial amount of the notes is sold for money; and

they are held as capital assets within the meaning of Section 1221 of the Code (generally, for investment).

This discussion does not describe all of the tax consequences that may be relevant to investors in light of their particular circumstances or that are subject to special rules, such as:

tax-exempt organizations;

regulated investment companies;

real estate investment trusts;

dealers or traders subject to a mark-to-market method of tax accounting with respect to the notes;

certain former citizens and long-term residents of the United States;

certain financial institutions;

insurance companies;

persons holding notes as part of a hedge, straddle or other integrated transaction for U.S. federal income tax purposes;

U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;

partnerships or other entities classified as partnerships for U.S. federal income tax purposes; and

persons subject to the alternative minimum tax.

This discussion does not address any aspect of state, local or non-U.S. taxation, any taxes other than income taxes or the potential application of the Medicare contribution tax.

**Persons considering the purchase of notes are urged to consult their tax advisors with regard to the application of the U.S. federal tax laws to their particular situations, as well as any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.**

**Tax Consequences to U.S. Holders**

As used herein, the term "U.S. Holder" means a beneficial owner of a note that is, for U.S. federal income tax purposes:

an individual citizen or resident of the United States;

a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state thereof or the District of Columbia; or

an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

***Payments of interest***

Interest paid on a note will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes.

It is expected, and this discussion assumes, that the notes will be issued without original issue discount for U.S. federal income tax purposes.

***Sale, exchange or other taxable disposition of the notes***

Upon the sale, exchange or other taxable disposition of a note, a U.S. Holder will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or other taxable disposition and the U.S. Holder's adjusted tax basis in the note. For these purposes, the amount realized does not include any amount attributable to accrued interest. Amounts attributable to accrued interest are treated as interest and taxed as described under "Payments of interest" above.

Gain or loss realized on the sale, exchange or other taxable disposition of a note will generally be capital gain or loss and will be long-term capital gain or loss if at the time of the sale, exchange or other taxable disposition the note has been held by the U.S. Holder for more than one year. The deductibility of capital losses is subject to limitations under the Code.

***Backup withholding and information reporting***

Information returns will be filed with the Internal Revenue Service (the "IRS") in connection with payments on the notes and the payment of proceeds from a sale or other disposition of the notes, unless the U.S. Holder is an exempt recipient. A U.S. Holder will be subject to backup withholding, currently at a rate of 28 percent, on these payments if the U.S. Holder fails to provide its taxpayer identification number to the withholding agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

**Tax Consequences to Non-U.S. Holders**

As used herein, the term "Non-U.S. Holder" means a beneficial owner of a note that is, for U.S. federal income tax purposes:

a nonresident alien individual;

a foreign corporation; or

a foreign estate or trust.

"Non-U.S. Holder" does not include a holder who is an individual present in the United States for 183 days or more in the taxable year of disposition of a note. Such a holder is urged to consult his or her tax advisor regarding the U.S. federal income tax consequences of the sale, exchange or other disposition of a note.

Table of Contents

***Payments on the notes***

Subject to the discussions below concerning backup withholding and FATCA, payments of principal and interest on the notes by us or any paying agent to any Non-U.S. Holder will not be subject to U.S. federal withholding tax, provided that, in the case of interest,

the Non-U.S. Holder does not own, actually or constructively, 10 percent or more of the total combined voting power of all classes of our stock entitled to vote, is not a controlled foreign corporation related, directly or indirectly, to us through stock ownership, and is not a bank whose receipt of interest is described in Section 881(c)(3)(A) of the Code; and

the certification requirement described below has been fulfilled with respect to the beneficial owner, as discussed below.

If a Non-U.S. Holder cannot satisfy the requirements described above (and is not exempt from withholding because the interest is effectively connected with a U.S. trade or business, as described below), payments of interest on the notes to such Non-U.S. Holder will be subject to 30 percent U.S. federal withholding tax, unless the Non-U.S. Holder timely provides a properly executed IRS Form W-8 appropriate to the Non-U.S. Holder's circumstances claiming an exemption from or reduction in withholding under an applicable income tax treaty.

***Certification requirement***

Except as provided below in " Income or gain effectively connected with a United States trade or business," interest on a note generally will not be exempt from withholding unless the Non-U.S. Holder properly certifies on an IRS Form W-8 appropriate to the Non-U.S. Holder's circumstances, under penalties of perjury, that it is not a United States person. Special certification rules apply to notes that are held through foreign intermediaries.

***Sale, exchange or other taxable disposition of the notes***

A Non-U.S. Holder of a note will not
