NOTIFICATION OF LATE FILING

(Check one): Form 10-K Form 20-F Form 11-K Form 10-Q Form N-SAR Form N-CSR

For Period Ended: March 31, 2004

- Transition Report on Form 10-K
 - Transition Report on Form 20-F
 - Transition Report on Form 11-K
 - Transition Report on Form 10-Q
 - Transition Report on Form N-SAR
- For the Transition Period Ended: _____

Nothing in this form shall be construed to imply that the Commission has verified any information contained herein.

If the notification relates to a portion of the filing checked above, identify the Item(s) to which the notification relates:
N/A

PART I REGISTRANT INFORMATION

Telephone and Data Systems, Inc.

Full Name of Registrant

N/A

Former Name if Applicable

30 North LaSalle Street

Address of Principal Executive Office (*Street and Number*)

Chicago, Illinois 60602

City, State and Zip Code

PART II RULES 12b-25(b) AND (c)

If the subject report could not be filed without unreasonable effort or expense and the registrant seeks relief pursuant to Rule 12b-25(b), the following should be completed. (Check box if appropriate)

Edgar Filing: TELEPHONE & DATA SYSTEMS INC /DE/ - Form NT 10-Q

- (a) The reason described in reasonable detail in Part III of this form could not be eliminated without unreasonable effort or expense
- (b) The subject annual report, semi-annual report, transition report on Form 10-K, Form 20-F, Form 11-K, Form N-SAR or Form N-CSR, or portion thereof, will be filed on or before the fifteenth calendar day following the prescribed due date; or the subject quarterly report or transition report on Form 10-Q, or portion thereof, will be filed on or before the fifth calendar day following the prescribed due date; and
- (c) The accountant's statement or other exhibit required by Rule 12b-25(c) has been attached if applicable.

PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

As disclosed on a Current Report on Form 8-K filed on April 19, 2004, Telephone and Data Systems, Inc. ("TDS") issued a news release announcing that it would restate financial statements for the years ended December 31, 2003 and 2002 and for the interim periods for such years. A copy of such news release is attached hereto as Attachment A. It is necessary for TDS to finalize and complete such restatements before TDS can file the Form 10-Q for the quarter ended March 31, 2004 because financial information to be included in such Form 10-Q depends on the results of such restatements of prior periods. Such restatements cannot be completed by May 10, 2004 and, accordingly, the financial information required to be disclosed in such Form 10-Q cannot be timely prepared without unreasonable effort or expense. TDS intends to file the restatements and Form 10-Q on or prior to May 17, 2004.

PART IV OTHER INFORMATION

- (1) Name and telephone number of person to contact in regard to this notification

D. Michael Jack	608	664-8316
(Name)	(Area Code)	(Telephone Number)

- (2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed ? If answer is no, identify report(s).

Yes No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The results of operations expected to be reported in the Quarterly Report on Form 10-Q for the period ended March 31, 2004 and a comparison of such results to March 31, 2003, as they are expected to be restated, are attached hereto as Attachment B. However, until the restatement and the Form 10-Q for the Quarter ended March 31, 2004 is filed, there can be no assurance that the final results will not differ materially from such expected results.

**TDS TO RESTATE 2003 AND 2002 FINANCIAL STATEMENTS FOR NON-CASH ITEMS;
RESCHEDULES DATE OF ANNUAL MEETING OF SHAREHOLDERS**
Notes Strong First Quarter Net Adds and Low Churn for U.S. Cellular

FOR RELEASE: IMMEDIATE

CHICAGO April 19, 2004 Telephone and Data Systems, Inc. [AMEX:TDS] today announced that it will restate its financial statements for the years ended December 31, 2003 and 2002. The company will also restate interim quarterly financial information for those years. The restatement is expected to reflect only a reclassification between goodwill and licenses for wireless operations and the recording of additional deferred taxes, and non-cash expenses related to these items. The adjustments are not expected to have any effect on revenues, cash or cash flows.

The restatement relates to the implementation of Statement of Financial Accounting Standards (SFAS) 141, Business Combinations and SFAS 142, Goodwill and other Intangible Assets as well as the application of deferred taxes under SFAS 109, Accounting for Income Taxes in connection with licenses and goodwill. After a thorough review, the company determined that it would be appropriate to change its accounting for licenses, goodwill and related deferred taxes under these accounting statements. The restatements involve the reclassification of certain amounts from goodwill to licenses as of January 1, 2002, and recording of the non-cash deferred tax effects resulting from this reclassification. These adjustments resulted in higher license values, which required the company to record a non-cash cumulative effect of an accounting change in 2002 and non-cash impairment charges to licenses in 2003.

The restatement is expected to increase licenses by approximately \$230 million, decrease goodwill by approximately \$139 million and increase net deferred income tax liability by approximately \$91 million as a result of implementation of SFAS 142 on January 1, 2002. In 2002, the cumulative effect of an accounting change will increase the previously reported net loss by approximately \$10 million. In 2003, the restatement is expected to decrease the previously reported net income by approximately \$14 million.

As a result of the restatements, the company is rescheduling the date of its 2004 annual meeting of shareholders and anticipates that it will be held on June 29, 2004. The meeting was originally scheduled for May 6, 2004.

The company expects to announce operating results for the first quarter of 2004 on April 28, 2004. The company's wireless operation, U.S. Cellular, had strong net additions from distribution channels in the quarter from all of its major markets with net additions totaling 196,000. The 196,000 net additions do not include 76,000 subscribers transferred to AT&T Wireless Services, Inc. on February 18, 2004, the result of a previously announced sale of wireless properties and customers between U.S. Cellular and AT&T Wireless. The company will revise its full-year guidance on April 28. Additionally, the company recorded post-pay churn in the quarter of 1.3%, which is one of the lowest churn rates for the wireless sector. The company said its wireline operation, TDS Telecom, also performed very well in the quarter. ILEC equivalent access lines increased approximately 9,000 over the comparable quarter a year ago and now total 722,400. CLEC equivalent access lines increased 75,000 over the comparable quarter a year ago and now total 379,000. ILEC and CLEC DSL customers now total 50,000, up 93% from a year ago. The number of ILEC long distance customers grew 32% year-to-year and now total 266,000.

The estimated effects of the restatements are preliminary and subject to review by the company's independent auditors. Although the company is not aware of any circumstances that would cause such amounts to change materially, until the review by its auditors is complete and the restated financial statements are filed with the Securities and Exchange Commission, there can be no assurance that the restated financial statements will not differ materially from these estimates.

As a result of the restatements, previously reported consolidated financial statements for the years ended December 31, 2003 and 2002, including the reports of the independent auditors, and the interim quarterly financial statements for those years, should not be relied upon. The company intends to file an amendment to its 2003 Form 10-K as promptly as possible. It will include restated financial statements and financial information for each of the years ended December 31, 2003 and 2002, including restated interim quarterly financial information for those years.

Telephone and Data Systems, Inc., a FORTUNE 500 company, is a diversified telecommunications corporation founded in 1969. Through its strategic business units, U.S. Cellular and TDS Telecom, TDS operates primarily by providing wireless and wireline service. TDS builds value for its shareholders by providing excellent communications services in growing, closely related segments of the telecommunications industry. As of March 31, 2004, the company employed approximately 10,700 people and served approximately 5.7 million customers/units in 36 states. For more information, visit www.teldta.com.

Safe Harbor Statement Under the Private Securities Litigation Reform Act of 1995: All information set forth in this news release, except historical and factual information, represents forward-looking statements. This includes all statements about the company's plans, beliefs, estimates and expectations. These statements are based on current estimates and projections, which involve certain risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. Important factors that may affect these forward-looking statements include, but are not limited to: changes in circumstances or events that may affect the ability of USM to start up the operations of the licensed areas involved in the AWE transaction completed in August 2003; the ability of USM to successfully manage and grow the operations of the Chicago MTA; changes in the overall economy; changes in competition in the markets in which TDS and USM operate; advances in telecommunications technology; changes brought about by the implementation of local number portability; changes in the telecommunications regulatory environment; changes in the value of investments, including variable prepaid forward contracts; changes in the capital markets that could adversely impact the availability, cost and terms of financing; an adverse change in the ratings afforded TDS and USM debt securities by nationally accredited ratings organizations; pending and future litigation; acquisitions/divestitures of properties and/or licenses; changes in customer growth rates, average service revenue per unit, churn rates, roaming rates and the mix of products and services offered in TDS and USM markets. Investors are encouraged to consider these and other risks and uncertainties that are discussed in documents filed by TDS with the SEC.

Attachment B

As previously announced, TDS and its subsidiaries will hold a joint teleconference April 28, 2004 at 9:00 a.m. Chicago time. Interested parties may listen to the call live over the Internet by accessing the conference call page of the Investor Relations section in www.teldta.com.

FOR RELEASE: IMMEDIATE

TDS REPORTS SOLID FIRST QUARTER RESULTS

FOR RELEASE: IMMEDIATE

Edgar Filing: TELEPHONE & DATA SYSTEMS INC /DE/ - Form NT 10-Q

April 28, 2004 Chicago, Illinois Telephone and Data Systems, Inc. [AMEX:TDS] reported operating revenues of \$870.5 million for the first quarter of 2004, up 7% from \$815.3 million in the comparable period a year ago, as restated. Operating income was \$73.2 million in the first quarter compared to \$35.7 million in the first quarter of 2003, as restated. Net income available to common and diluted earnings per share for the quarter were \$19.6 million and \$0.34 respectively, compared to net loss available to common and diluted loss per share of \$15.9 million and \$0.27 respectively, in the first quarter of 2003, as restated. In the first quarter of 2003, TDS recorded a pre-tax loss of \$21.6 million (\$13.6 million net of income taxes of \$5 million and minority interest of \$3 million), as restated, related to the difference between the fair value and book value of U.S. Cellular's Florida and Georgia assets that were exchanged with AT&T Wireless. Also, the company recorded the cumulative effect of an accounting change, net of tax, related to the implementation of Statement of Financial Accounting Standards (SFAS) 143, Accounting for Asset Retirement Obligations, which reduced net income by \$11.8 million.

President's Comments

We had an excellent start to the year with good performance from our business units. The team at U.S. Cellular, our wireless operation, started off the year with very strong results. Net customer additions from distribution channels totaled 196,000, and service revenues increased 10% during the quarter. Postpay churn was an impressive 1.3%, the lowest in the company's history since we started tracking the number and among the very best in the industry, said LeRoy T. Carlson, Jr., president and chief executive officer.

At TDS Telecom, our wireline operation, total equivalent access lines in our ILEC and CLEC wireline operations increased 83,500 lines, or 8% year to year, and grew by 14,200 lines, or 1.3% from the previous quarter. Additionally, TDS Telecom recorded improved profitability in both its ILEC and CLEC businesses during the quarter.

Our ILEC and CLEC DSL customers now total 50,000 with excellent prospects for continued growth during the year. We also continue to see strong growth in the number of ILEC long-distance lines, which now total 266,000.

Our businesses recorded strong results in the quarter and we look forward to continued progress during the remainder of the year, concluded Carlson.

Other Matters

During the first quarter, TDS repurchased 40,300 shares of stock at an average price of \$69.82 for \$2.8 million.

The tax rate in the first quarter was 46.4%. This includes a tax expense of \$2.5 million related to sale of the South Texas markets to AT&T Wireless.

As previously announced, TDS and its subsidiaries will hold a joint teleconference on April 28, 2004, at 9:00 a.m. Chicago time. Interested parties may listen to the call live over the Internet at: <http://www.firstcallevts.com/service/ajwz405201898gf12.html> or connect by telephone at 888/245-6674 with a pass code of 6960621. The conference call will be archived on the conference call section of our web site at www.teldta.com. Certain financial and statistical information contained in the conference call presentation will be posted to the web site, together with reconciliations to generally accepted accounting principles (GAAP) of any non-GAAP information to be disclosed, prior to the commencement of the call. Investors may access this additional information on the conference call page of the Investor Relations section of the TDS web site.

TDS, a FORTUNE 500 company, is a diversified telecommunications corporation founded in 1969. Through its strategic business units, U.S. Cellular and TDS Telecom, TDS operates primarily by providing wireless and local telephone service. TDS builds value for its shareholders by providing excellent communications services in growing, closely related segments of the telecommunications industry. As of March 31, 2004, the company employed 10,700 people and served 5.6 million customers/units in 36 states.

Safe Harbor Statement Under the Private Securities Litigation Reform Act of 1995: All information set forth in this news release, except historical and factual information, represents forward-looking statements. This includes all statements about the company's plans, beliefs, estimates and expectations. These statements are based on current estimates and projections, which involve certain risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. Important factors that may affect these forward-looking statements include, but are not limited to: changes in circumstances or events that may affect the ability of USM to start up the operations of the licensed areas involved in the AT&T Wireless transaction completed in August 2003; the ability of U.S. Cellular to successfully manage and grow the operations of the Chicago MTA; changes in the overall economy; changes in competition in the markets in which TDS and U.S. Cellular operate; advances in telecommunications technology; changes brought about by the implementation of local number portability; changes in the telecommunications regulatory environment; changes in the value of investments, including variable prepaid forward contracts; changes in the capital markets that could adversely impact the availability, cost and terms of financing; an adverse change in the ratings afforded TDS and U.S. Cellular debt securities by nationally accredited ratings organizations; pending and future litigation; acquisitions/divestitures of properties and/or licenses; changes in customer growth rates, average service revenue per unit, churn rates, roaming rates and the mix of products and services offered in TDS and U.S. Cellular markets. Investors are encouraged to consider these and other risks and uncertainties that are discussed in documents filed by TDS with

the Securities and Exchange Commission.

TELEPHONE AND DATA SYSTEMS, INC. SUMMARY OPERATING DATA

Quarter Ended	3/31/2004	12/31/2003	9/30/2003	6/30/2003	3/31/2003
U.S. Cellular:					
Consolidated Markets:					
Total population (000s) (1)	45,581	46,267	45,817	41,288	41,288
Customer units	4,547,000	4,409,000	4,268,000	4,343,000	4,240,000
Net customer unit activations	196,000	141,000	66,000	103,000	137,000
Market penetration (1)	9.98%	9.53%	9.32%	10.52%	10.27%
Cell sites in service	4,122	4,184	4,082	4,106	3,987
Average monthly revenue per unit (2)	\$ 46.16	\$ 47.80	\$ 49.05	\$ 47.38	\$ 45.05
Retail service revenue per unit (2)	\$ 40.26	\$ 40.64	\$ 40.68	\$ 39.69	\$ 37.68
Inbound roaming revenue per unit (2)	\$ 3.17	\$ 3.90	\$ 4.65	\$ 4.41	\$ 4.36
Long-distance/other revenue per unit (2)	\$ 2.73	\$ 3.26	\$ 3.72	\$ 3.28	\$ 3.01
Minutes of use (MOU) (3)	491	462	435	424	377
Postpay churn rate per month(4)	1.3%	1.4%	1.6%	1.5%	1.6%
Marketing cost per gross customer unit addition (5)	\$ 371	\$ 384	\$ 405	\$ 378	\$ 358
Construction Expenditures (000s)	\$ 100,535	\$ 193,413	\$ 135,111	\$ 163,076	\$ 140,926

(1) Market penetration is calculated using 2003 Claritas population estimates for 3/31/04 and 2002 Claritas estimates for 2003. "Total population" represents the total population of each of U.S. Cellular's consolidated markets, regardless of whether the market has begun marketing operations. The 3/31/04 total population counts include the population of the market added to consolidated operations as of 1/1/04, but exclude the population of the six markets sold to AT&T Wireless in February 2004. The 12/31/03 and 9/30/03 total population counts exclude the population of the 10 markets transferred to AT&T Wireless in August 2003 and include the population of markets acquired from AT&T Wireless in that transaction. The population of markets in which U.S. Cellular has deferred the transfer of licenses from AT&T Wireless are not included in the total population counts for any period.

(2) Per unit revenue measurements are derived from Service Revenues as reported in Financial Highlights for each respective quarter as follows:

Service Revenues per Financial Highlights	\$ 619,382	\$ 620,639	\$ 628,440	\$ 610,109	\$ 564,601
Components:					
Retail service revenue during quarter	\$ 540,228	\$ 527,626	\$ 521,247	\$ 511,106	\$ 472,308
Inbound roaming revenue during quarter	\$ 42,499	\$ 50,653	\$ 59,638	\$ 56,840	\$ 54,606
Long-distance/other revenue during quarter	\$ 36,655	\$ 42,360	\$ 47,555	\$ 42,163	\$ 37,687
Divided by average customers during quarter (000s)	4,473	4,328	4,271	4,292	4,178
Divided by three months in each quarter	3	3	3	3	3
Retail service revenue per unit	\$ 40.26	\$ 40.64	\$ 40.68	\$ 39.69	\$ 37.68
Inbound roaming revenue per unit	\$ 3.17	\$ 3.90	\$ 4.65	\$ 4.41	\$ 4.36
Long-distance/other revenue per unit	\$ 2.73	\$ 3.26	\$ 3.72	\$ 3.28	\$ 3.01
