ITEM 8.01 OTHER EVENTS

On November 5, 2008, Heritage Commerce Corp, the parent company of wholly owned Heritage Bank of Commerce, announced that the Company has obtained preliminary approval of its application for the United States Treasury Department to invest approximately \$40 million in the Company's preferred stock and common stock warrants. The investment is expected to occur during the fourth quarter of 2008. The preferred stock will pay a 5% dividend for the first five years, after which the rate will increase to 9% if the preferred shares are not redeemed by the Company.

For bank regulatory purposes, both the consolidated Company and Heritage Bank of Commerce are "well-capitalized" as of September 30, 2008, the latest reporting date. On a pro forma basis, if the issuance of the preferred stock had occurred on September 30, 2008, the Company's consolidated leverage ratio would have increased to 10.72% from 8.27%, the Tier 1 risked-based capital ratio would have increased to 11.70% from 8.83%, and the total risk-based capital ratio would have increased to 12.95% from 10.08%.

The U.S. Treasury introduced the Capital Purchase Program on October 14, 2008, under which the Treasury will make up to \$250 billion in equity capital available to qualifying financial institutions to help restore confidence and stability in the U.S. financial markets. The Treasury's term sheet with additional detail about the Capital Purchase Program is available on the Treasury's website at <http://www.ustreas.gov>.

A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
