**SECTION 1 REGISTRANT'S BUSINESS AND OPERATIONS**

**ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT**

On March 20, 2008 New Jersey Mining Company (NJMC) entered into a Venture Agreement with Newmont North American Exploration Limited, a subsidiary of Newmont Mining Corporation (NYSE: NEM) under which the parties created a joint venture to explore for gold deposits within a 38 square mile area north of Murray, Idaho. The joint venture, known as the Toboggan Project, covers all of NJMC's mining claims within this area except the Niagara property. Under the terms of the agreement, Newmont can earn a 51% interest in the joint venture by spending \$2,000,000 over three years. Newmont can increase its interest to 70% by spending an additional \$10,000,000 or completing a feasibility study in the years four through seven, whichever comes first.

As part of the terms of the agreement, Newmont retains an option to include the Niagara property into the Toboggan Project which is exercisable starting at the end of year one and extending to the end of year three. If Newmont elects to include the Niagara property, it would be required to spend at least another \$1,000,000 or twice what NJMC spends on exploration of the Niagara, whichever is greater, to earn its 51% interest.

There is no material relationship between NJMC and Newmont other than with respect to this agreement.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
