Our Company

We were incorporated under the laws of the State of Delaware on March 31, 2004. On August 13, 2007, we changed our name from Stone Mountain Resources, Inc. to Kandi Technologies, Corp. On December 21, 2012, we changed our name from Kandi Technologies, Corp. to Kandi Technologies Group, Inc. to better communicate our current organizational structure to the investment community, our customers and our business partners.

Headquartered in Zhejiang Province, we are one of China's leading producers and manufacturers of electric vehicle (EV) products, all-terrain vehicles (ATVs), go-karts and a variety of other specialty vehicles, including specialized utility vehicles, for the PRC and global markets. In connection with our strategic objective of becoming a world leader in electric vehicles manufacturing and related services, we have increased our focus on fuel-efficient, pure EVs, with a particular focus on expanding our domestic market share in China.

Our Business

Our primary business is designing, developing, manufacturing and commercializing EV products, ATVs, go-karts, specialized automobiles and automobile-related products for the PRC and global markets.

Our products include EVs, off-road vehicles (which include ATVs, utility vehicles (UTVs) and go-karts), motorcycles, refitted cars and automobile parts. According to our market research on consumer demand trends, we have adjusted our production line strategically and continue to develop and manufacture new products in an effort to meet market demands and better serve our customers.

The following table shows our production by product type and revenues for the years ended December 31, 2013 and 2012:

	Year ended December 31,

Total	111,798	\$ 94,536,045	148,048	\$ 64,513,670

Our current business is primarily conducted through our wholly-owned subsidiary, Zhejiang Kandi Vehicles Co., Ltd. (Kandi Vehicles), and the partial and wholly-owned subsidiaries of Kandi Vehicles.

Corporate Structure

Our current corporate structure is set forth in the diagram below:

Pursuant to relevant agreements executed in January 2011, Kandi Vehicles is entitled to 100% of the economic benefits, voting rights and residual interests (100% profits and loss absorption rate) of Jinhua Kandi New Energy Vehicles Co., Ltd. (Kandi New Energy), a company in which Kandi Vehicles has a 50% interest. Kandi New Energy was established in accordance with relevant Chinese government regulations on automobile manufacturing enterprises, which prohibit foreign ownership of greater than 50%. Kandi New Energy currently holds vehicle production rights (license) on manufacturing Kandi brand electric utility vehicles (Special-purpose Vehicles) and production rights (license) on manufacturing battery packs used in Kandi brand EVs. Kandi New Energy supplies battery packs for Kandi brand electrical vehicles (EVs).

Jinhua Three Parties New Energy Vehicles Service Co., Ltd. (Jinhua Service) was formed as a joint venture, by and among our wholly-owned subsidiary, Kandi Vehicles, the State Grid Power Corporation and Tianneng Power International. The Company, indirectly through Kandi Vehicles, has a 30% ownership interest in Jinhua Service. As of June 30, 2014, Jinhua Service ceased its operations and will be dissolved. Jinhua Services was established in order to provide public charging stations for lead-acid batteries for EVs in Jinhua city. Currently, most of EV customers in

Jinhua have the ability to charge their EVs by themselves. Since self-charging is more cost-effective for customers and most of its customers have switched to self-charging, Jinhua Service ceased its operations and will be dissolved.

In April 2012, pursuant to a share exchange agreement, the Company acquired 100% of Yongkang Scrou Electric Co, Ltd. (Yongkang Scrou), a manufacturer of automobile and electric vehicle parts. Yongkang Scrou currently manufactures and sells EV drive motors, EV controllers, air conditioners and other electrical products to the JV Company.

In March 2013, pursuant to a joint venture agreement (the JV Agreement) entered into between Kandi Vehicles and Shanghai Maple Guorun Automobile Co., Ltd. (Shanghai Guorun), a 99%-owned subsidiary of Geely Automobile Holdings Ltd. (Geely), the parties established Zhejiang Kandi Electric Vehicles Co., Ltd. (the JV Company) to develop, manufacture and sell EVs and related auto parts. Each of Kandi Vehicles and Shanghai Guorun has a 50% ownership interest in the JV Company. In March 2014, the JV Company changed its name to Kandi Electric Vehicles Group Co., Ltd. At present, the JV Company is a holding company with products that are manufactured by its subsidiaries.

In March 2013, Kandi Vehicles formed Kandi Electric Vehicles (Changxing) Co., Ltd. (Kandi Changxing) in the Changxing (National) Economic and Technological Development Zone. Kandi Changxing is engaged in the production of EVs. In fourth quarter of 2013, Kandi Vehicles entered into an ownership transfer agreement with JV Company pursuant to which Kandi Vehicles transferred 100% of its ownership in Kandi Changxing to the JV Company. The Company, indirectly through its 50% ownership interest in the JV Company, has a 50% economic interest in Kandi Changxing.

In April 2013, Kandi Electric Vehicles (Wanning) Co., Ltd. (Kandi Wanning) was formed in Wanning City of Hainan Province by Kandi Vehicles and Kandi New Energy. Kandi Vehicles has a 90% ownership in Kandi Wanning, and Kandi New Energy has the remaining 10% interest. However, by contract, Kandi Vehicles is, effectively, entitled to 100% of the economic benefits, voting rights and residual interests (100% profits and losses) of Kandi Wanning. Hainan Province is planned as an international tourism island by the Chinese government and there is a high possibility that all non-EVs will be banned from use within the province. Therefore, the Company believes EV business has a great potential for growth in Hainan province. To capture this opportunity, the Company signed an agreement with Wanning city government and invest a total of RMB 1 billion to develop a factory in Wanning with an annual production of 100,000 EV products. Currently, Kandi Wanning is planning to launch its trial production by 2015. According to the JV Agreement, once it becomes fully operational, the entire equity interests of Kandi Wanning will be transferred to the JV Company.

In July 2013, Zhejiang ZuoZhongYou Electric Vehicle Service Co., Ltd. (the Service Company) was formed. The Service Company is engaged in various pure EV leasing business. The JV Company has a 19% ownership interest in the Service Company. The Company, indirectly through its 50% ownership interest in the JV Company, has a 9.5% economic interest in the Service Company.

In November 2013, Zhejiang Kandi Electric Vehicles Jinhua Co., Ltd. (Kandi Jinhua) was formed by the JV Company. The JV Company has 100% ownership interest in Kandi Jinhua, and the Company, indirectly through its 50% ownership interest in the JV Company, has a 50% economic interest in Kandi Jinhua. According to the terms of the JV Agreement, except the JV Company and its subsidiaries, Kandi Vehicle and its subsidiaries are not allowed to manufacture pure EVs. However, Kandi New Energy holds the production rights (license) on manufacturing of Special-purpose Vehicles. Therefore, it is necessary to establish Kandi Jinhua, which is in charge of the Specialpurpose Vehicle business and entitles to use Kandi New Energy s Special-purpose Vehicle production rights (license).

In November 2013, Zhejiang JiHeKang Electric Vehicle Sales Co., Ltd. (JiHeKang) was formed by the JV Company and is engaged in car sales business. The JV Company has 100% ownership interest in JiHeKang, and the Company, indirectly through its 50% ownership interest in the JV Company, has a 50% economic interest in JiHeKang.

In December 2013, the JV Company entered into an ownership transfer agreement with Shanghai Guorun pursuant to which the JV Company acquired 100% ownership of Kandi Electric Vehicles (Shanghai) Co., Ltd. (Kandi Shanghai). As a result, Kandi Shanghai is a wholly-owned subsidiary of the JV Company, and the Company, indirectly through its 50% ownership interest in the JV Company, has a 50% economic interest in Kandi Shanghai. In January 2014, Zhejiang Kandi Electric Vehicles Jiangsu Co., Ltd. (Kandi Jiangsu) was formed by the JV Company.

The JV Company has 100% ownership interest in Kandi Jiangsu, and the Company, indirectly through its 50% ownership interest in the JV Company, has a 50% economic interest in Kandi Jiangsu.

FORWARD-LOOKING STATEMENTS

Some of the statements contained or incorporated by reference in this prospectus may be forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act) and may involve material risks, assumptions and uncertainties. Forward-looking statements typically are identified by the use of terms such as may, will, should, believe, might, expect, anticipate, intend, plan, estimate, and similar words. Forward-looking statements are expressed differently.

Although we believe that the expectations reflected in such forward-looking statements are reasonable, these statements are not guarantees of future performance and involve certain risks and uncertainties that are difficult to predict and which may cause actual outcomes and results to differ materially from what is expressed or forecasted in such forward-looking statements. These forward-looking statements speak only as of the date of this prospectus. Neither we nor the holders of the Investor Warrants undertake any obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. If we do update or correct one or more forward-looking statements, you should not conclude that we will make additional updates or corrections with respect thereto or with respect to other forward-looking statements. RISK FACTORS

An investment in our common stock involves a high degree of risk. Before making any investment decision, you should carefully consider the risk factors set forth below and the information under the caption "Risk Factors" in our annual report on Form 10-K and our quarterly report on Form 10-Q that are incorporated by reference in this prospectus, as updated by our subsequent filings under the Exchange Act.

These risks could materially affect our business, results of operation or financial condition and affect the value of our common stock. Additional risks and uncertainties that are not yet identified may also materially harm our business, operating results and financial condition and could result in a complete loss of your investment. For more information, see "Where You Can Find More Information."

Risks Related to Our Securities and the Offering

Future sales or other dilution of our equity could depress the market price of our common stock.

Sales of our common stock, preferred stock, warrants, rights or convertible debt securities, or any combination of the foregoing, in the public market, or the perception that such sales could occur, could negatively impact the price of our common stock. We have a number of institutional and individual shareholders that own significant blocks of our common stock. If one or more of these shareholders were to sell large portions of their holdings in a relatively short time, for liquidity or other reasons, the prevailing market price of our common stock could be negatively affected.

In addition, the issuance of additional shares of our common stock upon the cash exercise of Investor Warrants will dilute the ownership interest of our common shareholders and could depress the market price of our common stock and impair our ability to raise capital through the sale of additional equity securities.

We may need to seek additional capital. If this additional financing is obtained through the issuance of equity securities, debt securities convertible into equity or options, warrants or rights to acquire equity securities, our existing shareholders could experience significant dilution upon the issuance, conversion or exercise of such securities.

Our management will have broad discretion over the use of the proceeds we receive from the sale our securities pursuant to this prospectus and might not apply the proceeds in ways that increase the value of your investment.

Our management will have broad discretion to use the net proceeds from the cash exercise of Investor Warrants, and you will be relying on the judgment of our management regarding the application of those proceeds. It is expected that such net proceeds received by us will be added to our general funds and will be used for general corporate purposes. Our management might not apply the net proceeds in ways that increase the value of your investment and might not be able to yield a significant return, if any, on any investment of such net proceeds. You may not have the opportunity to influence our decisions on how to use such proceeds.

USE OF PROCEEDS

All proceeds from the resale of the shares of our common stock offered by this prospectus will belong to the selling stockholders identified in this prospectus under "Selling Stockholders." We will not receive any proceeds from the sale or other disposition by the selling stockholders of the shares of our common stock covered by this prospectus.

However, we will receive proceeds upon any cash exercise of the Investor Warrants, the underlying shares of which are offered by this prospectus. If the Investor Warrants are all exercised for cash, this would result in gross proceeds to us of approximately \$21,440,895. We intend to use any proceeds from any such exercise for working

capital and general corporate purposes, There is no assurance that the Investor Warrants will ever be exercised.

The holders of the Investor Warrants are entitled to exercise the Investor Warrants on a cashless basis if the shares of common stock underlying the Investor Warrants are not registered pursuant to an effective registration statement. In the event that the holders exercise the Investor Warrants on a cashless basis, then we will not receive any proceeds from the exercise of the Investor Warrants.

DESCRIPTION OF PRIVATE PLACEMENT

On January 15, 2014, we entered into warrant subscription agreements (the **Subscription Agreements**) with certain institutional investors as listed in the **Selling Stockholders** section (the **Investors**). Pursuant to the Subscription Agreements, we issued and sold to the Investors, in a private placement transaction consummated in reliance upon exemptions from registration pursuant to Section 4(2) under the Securities Act of 1933, as amended (the **Securities Act**), the Investor Warrants to purchase an aggregate of 1,429,393 shares of our common stock at an exercise price equal to \$15.00 per share. (The exercise price shall be reduced by a credit of \$0.01, which reflects the price per warrant share paid in connection with the issuance of the Investor Warrants. Consequently, the effective exercise price per warrant share shall be \$14.99.) The total purchase price we received from the Investors for the purchase of the Investor Warrants was approximately \$14,294. Neither the Investor Warrants nor the underlying shares of our common stock issuable upon the exercise of the Investor Warrants had been registered under the Securities Act at the time of the sale of the Investor Warrants and neither may be offered or sold in the United States absent registration or an applicable exemption from registration.

We are under no obligation to register the issuance of the Investor Warrants under the Securities Act; however, holders of the Investor Warrants are entitled to a cashless exercise of the Investor Warrants, if, following six months from the issuance date, at the time of the exercise of the Investor Warrants, a registration statement filed with the SEC under the Securities Act is not effective (or the prospectus contained herein is not available for use) for their issuance and resale. The 1,429,393 shares of our common stock issuable upon exercise of the Investor Warrants are covered by this prospectus.

SELLING STOCKHOLDERS

This prospectus covers an aggregate of 1,429,393 shares of our common stock that may be sold or otherwise disposed of by the selling stockholders and their transferees. Such shares are issuable to the selling stockholders upon the exercise of the Investor Warrants in the transactions described under the caption **Description of Private Placement** above.

The following table sets forth certain information with respect to each selling stockholder, including (i) the shares of our common stock beneficially owned by the selling stockholder prior to this offering, (ii) the number of shares being offered by the selling stockholder pursuant to this prospectus and (iii) the selling stockholder's beneficial ownership after completion of this offering, assuming that all of the shares covered hereby (but none of the other shares, if any, held by the selling stockholders) are sold. The registration of the shares of common stock issuable to the selling stockholders upon the exercise of the Investor Warrants does not necessarily mean that the selling stockholders will sell all or any particular portion of such shares.

The table is based on information available to us as of August 7, 2014, with beneficial ownership and percentage ownership determined in accordance with the rules and regulations of the SEC and include voting or investment power with respect to shares of stock. This information does not necessarily indicate beneficial ownership for any other purpose. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to warrants and other convertible securities held by that person that are convertible or exercisable as of August 7, 2014, or convertible or exercisable within 60 days of August 7, 2014, are deemed outstanding. Such shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. The percentage of beneficial ownership after this offering is based on 41,910,287 shares outstanding on August 5, 2014.

The registration of these shares of common stock does not mean that the selling stockholders will sell or otherwise dispose of all or any of those securities. The selling stockholders may sell or otherwise dispose of all, a portion or none of such shares from time to time. We do not know the number of shares, if any, that will be offered for sale or other disposition by any of the selling stockholders under this prospectus. Furthermore, the selling stockholders may have sold, transferred or disposed of the shares of common stock covered hereby in transactions exempt from the registration requirements of the Securities Act since the date on which the Company filed this prospectus.

None of the selling stockholders have, nor within the past three years have any of them had, any position, office or other material relationship with us or any of our predecessors or affiliates.

DESCRIPTION OF INVESTOR WARRANTS

The following is a brief description of the terms of the Investor Warrants. This summary does not purport to be complete in all respects. This description is subject to and qualified in its entirety by reference to the Warrant Subscription Agreement and the Investor Warrants, a form of which have been filed with the SEC, and are also available upon request from us, and the agreements underlying the Private Placement, as reported on that certain Current Report on Form 8-K, filed January 16, 2014, which have also been filed with the SEC and are also available upon request from us.

The Investor Warrants

The Investor Warrants are exercisable at any time on or after the issuance date and on or prior to 5:00 p.m., New York time, on January 30, 2015. The exercise price and the number of shares issuable upon exercise of the Investor Warrants are subject to certain adjustments upon the occurrence of certain events, including, but not limited to, stock splits or dividends, business combinations, sale of assets, similar recapitalization transactions, or other similar transactions and in the event we issue or are deemed to issue shares of our common stock for less than the applicable exercise price of the Investor Warrants.

The exercisability of the Investor Warrants may be limited if, upon exercise, the holder would beneficially own, either individually or together with its affiliates, more than 4.99% (the Maximum Percentage) of the then issued and outstanding shares of our common stock after giving effect to such exercise. Furthermore, by written notice to the Company, any holder of the Investor Warrants may increase or decrease the Maximum Percentage to any other percentage not in excess of 9.99% specified in such notice; provided that (x) any such increase will not be effective until the 61st day after such notice is delivered to the Company, and (y) any such increase or decrease will apply only to the holder sending such notice and not to any other holder of the Investor Warrants.

The holders of the Investor Warrants may exercise the Investor Warrants at any time by delivering to us a written notice of exercise and payment of an amount equal to the effective exercise price (as of the date of exercise) multiplied by the number of shares of common stock as to which the Investor Warrant is being exercised. The exercise price shall be reduced by a credit of \$0.01, which reflects the price per warrant share paid in connection with the issuance of the Investor Warrants. Consequently, the effective exercise price per warrant share shall be \$14.99. Upon receipt of the notice of exercise and payment, we will issue and deliver to the holder the number of shares of our common stock to which the holder is entitled pursuant to the exercise. The Investor Warrants expire on January 30, 2015 and must be exercised prior to such date; thereafter, we will amend the registration statement of which this prospectus is a part to withdraw from registration any shares not issued upon exercise of the Investor Warrants.

Holders of the Investor Warrants are entitled to a cashless exercise of the Investor Warrants if, following six months from the issuance date, at the time of the exercise of the Investor Warrants, a registration statement filed with the SEC under the Securities Act is not effective (or the prospectus contained herein is not available for use) for their issuance and resale.

Holders of the Investor Warrants are entitled to participate in any dividend or other distribution of assets, or rights to acquire assets, we make to holders of our common stock, and the holders are entitled to participation rights in the event we grant, issue or sell any options, convertible securities or rights to purchase common stock, warrants, securities or other property pro rata to the record holders of any class of common stock, to the same extent that each holder would have been entitled to participate if such holder had held the number of shares of common stock issuable upon a full exercise of the outstanding Investor Warrants immediately before the date on which record is taken for such a distribution.

If, at any time the Investor Warrants are outstanding, we consummate a Fundamental Transaction (as such term is defined in the Investor Warrants), which generally includes any consolidation or merger into another

corporation, the consummation of a transaction whereby another entity acquires more than 50% of our outstanding common stock, or the sale of all or substantially all of our assets, the successor entity must assume in writing all of our obligations to the holders of the Investor Warrants. In addition, in the event of a Fundamental Transaction, holders of the Investor Warrants shall have the right to require us, or our successor, to repurchase the Investor Warrants for an amount of cash equal to the Black-Scholes value of the remaining unexercised portion of the Investor Warrants.

Other than as provided herein, holders of the Investor Warrants, solely in their capacities as such, are not entitled to vote or receive dividends or be deemed the holder of any share capital of our company, and holders of Investor Warrants do not have any rights of a stockholder of our company, including any right to vote, give or withhold consent to any corporate action, receive notice of meetings, receive dividends or subscription rights or otherwise prior to the due exercise of the Investor Warrants.

The following is a summary of our capital stock and certain provisions of our certificate of incorporation and bylaws. This summary does not purport to be complete and is qualified in its entirety by the provisions of our certificate of incorporation, as amended, and amended and restated bylaws and applicable provisions of the Delaware General Corporation Law (the "DGCL").

See "Where You Can Find More Information" elsewhere in this prospectus for information on where you can obtain copies of our certificate of incorporation and amended and restated bylaws, which have been filed with and are publicly available from the SEC.

Our authorized capital stock consists of 100,000,000 shares of common stock, par value \$0.001, and 10,000,000 shares of preferred stock, par value \$0.001.

Common Stock

As of August 15, 2014, there were 41,910,287 shares of our common stock outstanding held by approximately 16 stockholders of record.

The holders of our common stock are entitled to one vote per share on all matters submitted to a vote of our stockholders and do not have cumulative voting rights. Accordingly, holders of a majority of the shares of common stock entitled to vote in any election of directors may elect all of the directors standing for election. The holders of outstanding shares of common stock are entitled to receive ratably any dividends declared by our board of directors out of assets legally available. Upon our liquidation, dissolution or winding up, holders of our common stock are entitled to share ratably in all assets remaining after payment of liabilities and the liquidation preference of any then outstanding shares of preferred stock. Holders of common stock have no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions applicable to our common stock. Corporate Stock Transfer is the registrar and transfer agent of our common stock.

All issued and outstanding shares of common stock are fully paid and nonassessable. Shares of our common stock that may be sold, from time to time, under this prospectus will be fully paid and nonassessable.

Our common stock is currently traded on the NASDAQ Global Select Market under the symbol "KNDI".

Preferred Stock

As of August 5, 2014, no shares of preferred stock had been issued or were outstanding.

Our board of directors has the authority to issue up to 10,000,000 shares of preferred stock in one or more series and to determine the rights and preferences of the shares of any such series without stockholder approval. Our board of directors may issue preferred stock in one or more series and has the authority to fix the designation and powers, rights and preferences and the qualifications, limitations, or restrictions with respect to each class or series of such class without further vote or action by the stockholders, unless action is required by applicable law or the rules of any stock exchange on which our securities may be listed. The ability of our board of directors to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of us or

the removal of existing management.

Delaware Anti-Takeover Provisions

We are subject to Section 203 of the DGCL, which prohibits a publicly-held Delaware corporation from engaging in a business combination, except under certain circumstances, with an interested stockholder for a period of three years following the date such person became an interested stockholder unless:

- before such person became an interested stockholder, the board of directors of the corporation approved either the business combination or the transaction that resulted in the interested stockholder becoming an interested stockholder;
- upon the consummation of the transaction that resulted in the interested stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding shares held by directors who also are officers of the corporation and shares held by employee stock plans; or
- at or following the time such person became an interested stockholder, the business combination is approved by the board of directors of the corporation authorized at a meeting of stockholders by the affirmative vote of the holders of $66 \frac{2}{3}$ % of the outstanding voting stock of the corporation ³ which is not owned by the interested stockholder.

The term interested stockholder generally is defined as a person who, together with affiliates and associates, owns, or, within the three years prior to the determination of interested stockholder status, owned, 15% or more of a corporation's outstanding voting stock. The term business combination includes mergers, asset or stock sales and other similar transactions resulting in a financial benefit to an interested stockholder. Section 203 makes it more difficult for an interested stockholder to effect various business combinations with a corporation for a three-year period. The existence of this provision would be expected to have an anti-takeover effect with respect to transactions not approved in advance by our board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders. Presently, we have not opted out of this provision.

PLAN OF DISTRIBUTION

The selling stockholders, which as used herein includes any of their respective pledgees, donees, transferees, assignees and or other successors-in-interest, may, from time to time, sell any or all of their shares of common stock covered hereby on The NASDAQ Global Select Market or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed or negotiated prices. A selling stockholder may use any one or more of the following methods when selling securities:

ordinary brokerage transactions and transactions in which the broker dealer solicits purchasers;

block trades in which the broker dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker dealer as principal and resale by the broker dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;

in transactions through broker dealers that agree with the selling stockholders to sell a specified number of such securities at a stipulated price per security;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

a combination of any such methods of sale; or

any other method permitted pursuant to applicable law.

The selling stockholders may also sell securities under Rule 144 under the Securities Act, if available, rather than under this prospectus.

Broker dealers engaged by the selling stockholders may arrange for other brokers dealers to participate in sales. Broker dealers may receive commissions or discounts from the selling stockholders (or, if any broker dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

In connection with the sale of the securities or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The selling stockholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling stockholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be underwriters within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each selling stockholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities. In no event shall any broker-dealer receive fees, commissions and markups which, in the aggregate, would exceed eight percent (8%).

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the selling stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

Because selling stockholders may be deemed to be underwriters within the meaning of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act including Rule 172 thereunder. In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus. The selling stockholders have advised us that there is no underwriter or coordinating broker acting in connection with the proposed sale of the resale securities by the selling stockholders.

The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold

unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the selling stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of securities of the common stock by the selling stockholders or any other person. We will make copies of this prospectus available to the selling stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).
