Item 7.01. Regulation FD Disclosure

On Monday, March 16, 2015, Vectren Corporation will host an investor conference in New York City, beginning at 10:00 AM ET. The presentation will be webcast and is expected to last approximately two hours. Members of the management team, including senior management of Vectren's operating companies, will provide an overview of Vectren's utility and nonutility businesses and key strategies for growth.

All interested parties may listen to the live audio-only webcast accompanied by a slide presentation located at www.vectren.com under the Investors link at the top of the webpage. A replay will be made available at the same location approximately two hours following the conclusion of the webcast.

The accompanying slides to be used in this presentation and in discussions with the financial community are also attached as an exhibit to this filing as Exhibits 99.1.

Vectren Corporation (the "Company") is the parent company of Vectren Utility Holdings, Inc. (Utility Holdings) and Vectren Enterprises, Inc. (Enterprises). Utility Holdings is the intermediate holding company of the Company's three operating public utilities, and Enterprises is the holding company for the company's nonutility operations.

Management uses consolidated net income, consolidated earnings per share, and Nonutility Group net income, excluding results from Coal Mining in 2014 and ProLiance in 2013, the years of disposition, to evaluate its results. Coal Mining and ProLiance results that are excluded from the GAAP measures are inclusive of holding company costs (corporate allocations, interest and taxes) incurred to date. Management believes analyzing underlying and ongoing business trends is aided by the removal of Coal Mining and ProLiance results in the respective year of disposition and the rationale for using such non-GAAP measures is that, through the disposition of the Coal Mining segment and through the disposition by ProLiance Holdings of certain ProLiance Energy assets, the Company has now exited the gas marketing business and coal mining business, and it provides the best representation of the overall results of the ongoing operations.

Per share earnings contributions of the Utility Group, Nonutility Group excluding ProLiance results in 2013 and Coal Mining results in 2014, the years of disposition, and Corporate and Other are presented and are non-GAAP measures. Such per share amounts are based on the earnings contribution of each group included in Vectren's consolidated results divided by Vectren's basic average shares outstanding during the period. The earnings per share of the groups do not represent a direct legal interest in the assets and liabilities allocated to the groups, but rather represent a direct equity interest in Vectren Corporation's assets and liabilities as a whole. These non-GAAP measures are used by management to evaluate the performance of individual businesses. In addition, other items giving rise to period over period variances, such as weather, may be presented on an after tax and per share basis. These amounts are calculated at a statutory tax rate divided by Vectren's basic average shares outstanding during the period. Accordingly, management believes these measures are useful to investors in understanding each business' contribution to consolidated earnings per share and in analyzing consolidated period to period changes and the potential for earnings per share contributions in future periods. Reconciliations of the non-GAAP measures to their most closely related GAAP measure of consolidated earnings per share are included throughout this discussion and analysis. The non-GAAP financial measures disclosed by the Company should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP, and the financial results calculated in accordance with GAAP.

In connection with the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, the Company is hereby furnishing cautionary statements identifying important factors that could cause actual results of the Company and its subsidiaries, including Vectren Utility Holdings, Inc., to differ materially from those projected in forward-looking statements of the Company and its subsidiaries made by, or on behalf of, the Company and its

subsidiaries. These cautionary statements are attached as Exhibit 99.2.

The information contained herein and in the attached slides shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended.

A copy of the Press Release announcing Vectren Corporation's investor conference is attached as Exhibit 99.3 to this Current Report on Form 8-K.
