**Your vote is important. Please complete and return the Proxy Card so your shares can be represented at the Special Meeting, even if you plan to attend in person.**

## **APPROVAL OF INCREASE IN THE NUMBER OF AUTHORIZED SHARES**

### **PROPOSAL**

The Company's Articles of Incorporation currently authorizes the issuance of 10,000,000 shares of Class A common stock and 7,500,000 shares of Class C common stock. As of the record date, there were issued and outstanding 6,297,729 shares of Class A common stock, \$2.00 par value per share, and 7,500,000 shares of Class C common stock, \$.20 par value per share. In addition, between May 14, 1998 and August 8, 2007, the Company granted stock options that are currently outstanding to officers, directors and employees to purchase 736,822 shares of Class A common stock, as adjusted for stock dividends, at exercise prices ranging from \$1.79 per share to \$5.19 per share, and to purchase 624,474 shares of Class C common stock, as adjusted for stock dividends, at exercise prices ranging from \$.28 per share to \$.31 per share.

As a result of the Company's prior stock dividends, financings, acquisitions and efforts to provide incentives to officers, directors and employees, the Board of Directors has determined that it is in the best interest of the Company and its stockholders to amend Article IV of the Company's Articles of Incorporation (the "Amendment") to increase the authorized capital stock of the Company from 27,500,000 shares to 45,000,000 shares, to increase the number of authorized shares of Class A common stock from 10,000,000 shares to 20,000,000 shares, and to increase the number of authorized shares of Class C common stock from 7,500,000 shares to 15,000,000 shares, and hereby solicits stockholders' approval of the Amendment. The text of the proposed Amendment is attached hereto as Exhibit I. If the stockholders approve the Amendment, the Board of Directors intends to file an Amendment to the Company's Articles of Incorporation reflecting the Amendment with the Utah Division of Corporations and Commercial Code of the State of Utah as soon as practicable following such stockholder approval.

The objective of the increase in the number of authorized shares of Class A and Class C common stock is to insure that the Company will have sufficient shares available for future issuances. The Board of Directors believes that it is necessary and prudent to increase the authorized number of shares of Class A and Class C common stock to the proposed levels in order to provide a reserve of shares available for issuance to meet the Company's business needs as they arise. Although the Board of Directors has no immediate plans to issue a significant number of additional shares of Class A or Class C common stock, except for shares issuable upon the exercise of stock options previously granted to the Company's officers and employees, such future business needs may include, without limitation, paying stock dividends, funding future financings and acquisitions, and providing equity incentives to the Company's officers,

directors and employees through stock option and employee stock ownership plans. The Board of Directors has declared 5% stock dividends payable to the holders of shares of Class A and Class C common stock each year since 1992.

### **Possible Effects of Proposed Amendment to Articles of Incorporation**

All authorized but unissued shares of Class A and Class C common stock will be available for issuance from time to time for any proper purpose approved by the Board of Directors. There are currently no arrangements, agreements or understandings for the issuance or use of the additional shares of the authorized Class A or Class C common stock, except for shares issuable upon the exercise of stock options previously granted to the Company's officers and employees under stock option plans. However, inasmuch as the Board of Directors has declared 5% stock dividends payable to the holders of Class A and Class C common stock each year since 1992, it is likely that the Board of Directors will continue this practice in the future even though there are currently no express arrangements, agreements or understandings by the Board to declare any stock dividends in the future.

The Company's Class A and Class C stockholders do not currently have any preemptive or similar rights to subscribe for or purchase any additional shares of Class A or Class C common stock that may be issued in the future. Thus, future issuances of common stock may, depending on the circumstances, have a dilutive effect on the earnings per share, voting power and other interests of the existing Class A and Class C stockholders.

This proposed increase in authorized shares of Class A and Class C common stock is not intended to have any anti-takeover effect and is not part of any series of anti-takeover measures contained in any debt instruments or the Articles of Incorporation or the Bylaws of the Company in effect on the date of this Proxy Statement. However, stockholders should note that the availability of authorized but unissued shares of Class A and Class C common stock could make any attempt to gain control of the Company or the Board more difficult or time consuming and might make it more difficult to remove current management.

Although the Board of Directors currently has no intention of doing so, shares of Class A and Class C common stock could be issued by the Board to dilute the percentage of Class A and Class C common stock owned by a significant stockholder and increase the cost of, or the number of, voting shares necessary to acquire control of the Board or to meet the voting requirements imposed by Utah law with respect to a merger or other business combination involving the Company. The Company is not aware of any proposed attempt to take over the Company or of any attempt to acquire a large block of the Company's Class A or Class C common stock. The Company has no present intention to use the authorized Class A or Class C common stock for anti-takeover purposes.

### **Voted Required and Recommendation of the Board of Directors.**

The affirmative vote of the holders of a majority of the outstanding 6,297,729 shares of Class A common stock and the outstanding 7,500,000 shares of Class C common stock will be required to approve the proposed amendment to the Company's Articles of Incorporation, assuming a quorum is present. Accordingly, a majority of the combined total of 13,797,729 shares of both Class A and Class C common stock, or 6,898,865 shares, will be required for approval of the proposed Amendment.

**The Board of Directors recommends that the Class A and Class C shareholders vote "FOR" approval of the Amendment to the Articles of Incorporation to increase the authorized capital stock of the Company from 27,500,000 shares to 45,000,000 shares, to increase the number of authorized shares of Class A common stock from 10,000,000 shares to 20,000,000 shares, and to increase the number of authorized shares of Class C common stock from 7,500,000 shares to 15,000,000 shares.**

### **OTHER MATTERS**

The Company knows of no other matters to be brought before the Special Meeting, but if other matters properly come before the meeting, it is the intention of the persons named in the enclosed form of Proxy to vote the shares they represent in accordance with their judgment.

**ANNUAL REPORT AND FINANCIAL STATEMENTS**

Stockholders are referred to the Company's Annual Report, including financial statements, for the fiscal year ended December 31, 2006; and the Company's Quarterly Report, including unaudited financial statements, for the period ended March 31, 2007. The Company will provide, without charge to each stockholder upon written request, a copy of the Annual Report on Form 10-K as filed with the Securities and Exchange Commission for the fiscal year ended December 31, 2006, and the Quarterly Report on Form 10-Q as filed with the Securities and Exchange Commission for the period ended March 31, 2007. Such requests should be directed to G. Robert Quist, First Vice President and Secretary, Security National Financial Corporation, at P.O. Box 57250, Salt Lake City, Utah 84157-0250.
