What is the temporary recording of the Deposited Securities on the Company's Register of Shareholders and why is it required?

As mentioned above, only shareholders registered on the Register of Shareholders of the Company on the Finnish Record Date of March 28, 2005, may vote at the Meeting. Is it possible to receive proxy materials over the Internet?

Yes. Nokia is capable of providing you with all mailings of Nokia shareholder documents (such as disclosure documents, proxy material, etc.) in a timely manner as well as, convenient and cost-effective over the Internet. Please see the enclosed leaflet "Delivery of Shareholder Documents via the Internet" with respect to instructions on receiving the documents over the Internet.

Householding of shareholder documents

In December 2000, the Securities and Exchange Commission (SEC) adopted a rule allowing companies to send a single set of shareholder documents, such as proxy materials, information statements or other disclosure documents to any household at which two or more ADR Holders reside. This process is commonly referred to as "householding". The shareholder documents that are affected by the SEC rule are: Annual Reports, proxy materials, information statements or other disclosure documents. The rule does not apply to the proxy card. Each registered ADR holder will continue to receive a separate proxy card.

Householding will not only reduce the volume of duplicate information received at your household, but it will also help Nokia to reduce its operating expenses. For these reasons, Nokia is taking advantage of the rule.

A number of custodians, brokers and other agents with account holders who are Nokia ADR Holders will be "householding", i.e. sending a single set of proxy materials to multiple ADR Holders sharing an address, unless contrary

instructions have been received from an affected ADR Holder. Once you have received notice from your custodian, broker, other agent or the Company that they will be householding shareholder documents, householding will continue until you are notified otherwise or until you revoke your consent.

This year, Nokia will be householding, i.e. sending a single set of proxy materials to multiple ADR Holders sharing an address who held Nokia ADRs on February 2, 2005, unless contrary instructions have been received from an affected ADR Holder. If you did not respond to last year's notice of Nokia's intention to household shareholder documents, householding will continue until you are notified otherwise or until you revoke your consent.

Registered ADR Holder

If you are a registered ADR Holder, i.e. you do not hold your ADSs through a custodian, broker or other agent, and wish to receive a single set of shareholder documents at your household, you must do the following:

A. If you have the same last or family name as the other ADR holder(s) at your address, you do not need to take any sort of action. Unless you notify us by April 7, 2005, your household will begin receiving a single set of our shareholder documents.

B. If you have a different last or family name from the other ADR holder(s) at your address, you and the other ADR holder(s) must provide written consent to receive a single set of materials. Your consent can be provided by completing the enclosed form and returning it with your proxy material to Citibank, N.A. Shareholder Services, P.O. Box 8963, Edison, NJ 08818-9303 or by faxing the completed form to 201-222-4593.

If you prefer to continue to receive your own set of our shareholder documents, please contact Citibank, N. A., on or before April 7, 2005 by calling its toll-free number, 1-877-NOKIA-ADR (1-877-665-4223), and informing them of your request.

Please be aware that your consent will remain in effect until you revoke it. You can revoke your consent at any time by contacting Citibank, N. A. and informing them of your request. This can be done by calling to the toll-free number, 1-877-NOKIA-ADR (1-877-665-4223) or by directing your written request to Citibank, N.A., Shareholder Services, P.O. Box 8963, Edison, NJ 08818-9303, 201-222-4593. Your request to begin receiving your own set of shareholder documents will be effective within 30 days of your request.

Your request to receive your own set of shareholder documents will be effective within 30 days of your request.

How can my household receive a single set of proxy materials in the future?

Registered ADR Holder

If you are a registered ADR Holder, i.e. you do not hold your ADSs through a custodian, broker or other agent, and have not already received a single set of proxy materials or other shareholder documents as described above, please call 1-877-NOKIA-ADR (1-877-665-4223) or direct your written request to Citibank, NA., Shareholder Services, P.O. Box 8963, Edison, NJ 08818-9303, 201-222-4593. Your request to begin receiving your own set of shareholder documents will be effective within 30 days of your request.

Collins, Georg Ehrnrooth, Bengt Holmström, Per Karlsson, Jorma Ollila, Marjorie Scardino, Vesa Vainio and Arne Wessberg - be re-elected until the closing of the following Annual General Meeting. In addition, the Committee will propose that Dan Hesse and Edouard Michelin be elected as new members of the Board for the same one-year term. Hesse is a member of the Terabeam Wireless board of directors. Michelin is the CEO of Michelin Group.

8. Auditor remuneration

The Board's Audit Committee will propose for the General Meeting's approval that the external auditor that will be elected, be reimbursed according to the auditor's invoice, and in compliance with the purchase policy approved by the Board's Audit Committee.

9. Election of the Auditor

The external Auditor is elected by the shareholders at the Annual General Meeting, for one fiscal year at a time. The Audit Committee of the Board has evaluated the performance and the independence of the current auditor of Nokia, PricewaterhouseCoopers Oy, for the fiscal year 2004.

The Audit Committee recommends the re-election of PricewaterhouseCoopers Oy for the fiscal year 2005.

10. Proposal by the Board of Directors to grant stock options to selected personnel of Nokia

The Board of Directors proposes that as a part of Nokia's equity-based incentive program 2005 selected personnel of Nokia Group and a fully owned subsidiary of Nokia Corporation be granted a maximum of 25 000 000 stock options, which entitle to subscribe for a maximum of 25 000 000 new Nokia shares. The intention is to grant stock options under the plan during the next two years.

The share subscription price (i.e. exercise price) applicable upon exercise of the stock option will be regularly determined for the stock options to be subsequently granted on a quarterly basis and, subject to the resolution by the Board, on a monthly basis. According to the determination of the exercise price either quarterly or monthly, the stock options will also be divided into subcategories.

The share subscription price for each subcategory of stock options will equal the trade volume weighted average price of Nokia shares on the Helsinki Exchanges for the first whole week of the second month of the calendar quarter (i.e. February, May, August or November) or for the monthly priced stock options, the first whole week of such calendar month, respectively.

Edgar Filing: NOKIA CORP - Form 6-K

Share subscription period (i.e. exercise period) will commence no earlier than July 1, 2006, and terminate no later than December 31, 2011 in accordance with the Board's resolution to be taken at a later time.

The Company's plan for its Equity program 2005 is available on the Company's website at www.nokia.com/agm.

11. Proposal by the Board of Directors to reduce the share capital through cancellation of shares

The Board of Directors proposes that the share capital be reduced by a minimum of EUR 10 560 000 and a maximum of EUR 13 800 000 through cancellation of a minimum of 176 000 000 and a maximum of 230 000 000 Nokia shares held by the Company prior to the Annual General Meeting.

The Board proposes that the share capital be reduced by transfer of the aggregate par value of the shares to be cancelled from the share capital to the share premium capital.

The cancellation comprises solely Nokia shares held by the Company and will have no effect on the relative holdings of the other shareholders of the Company and on the voting powers among them.

12. Proposal by the Board of Directors to authorize the Board of Directors to resolve to increase the share capital

The Board of Directors proposes that the Annual General Meeting authorize the Board to resolve to increase the share capital of the Company with a maximum of EUR 53 160 000. As a result of share issuance an aggregate maximum of 886 000 000 new shares may be issued, at a subscription price and on the terms and conditions as decided by the Board.

The Board proposes that it be authorized to disapply the shareholders' pre-emptive rights to the Company's shares provided that from the Company's perspective important financial grounds exist. It is proposed that the Board be authorized to determine that a share subscription may be made against payment in kind or otherwise on certain terms.

The authorization is proposed to be effective until April 7, 2006.

13. Proposal by the Board of Directors to authorize the Board of Directors to resolve to repurchase Nokia shares

The Board of Directors proposes that the Annual General Meeting authorize the Board to resolve to repurchase a maximum of 443 200 000 Nokia shares by using funds available for distribution of profits. The proposed amount corresponds to nearly 10 percent of the share capital of the Company and the total voting rights. The proposal is based on the assumption that the amendment of the Finnish Companies Act will be passed by the Parliament prior to or during the validity of the proposed authorization.

In the event that the proposed amendment does not enter into force, the authorization for the Board shall amount to a maximum of 221 600 000 Nokia shares. The amount corresponds to a maximum of 5 percent of the Company's share capital or total voting rights as permitted by the current law.

The shares can be repurchased either

- a) through a tender offer made to all the shareholders on equal terms and for an equal price determined by the Board;
or

- b) through public trading in which case the shares will be repurchased in another proportion than that of holdings of the current shareholders. The Company may enter into derivative, share lending or other arrangements within applicable regulatory limits, whereby the repurchase price is based on the market price of the Nokia share in public trading.

The shares may be repurchased in order to develop the capital structure of the Company, to finance or carry out acquisitions or related arrangements, to settle the Company's equity-based incentive plans, to be transferred for other purposes, or to be cancelled. Repurchases will reduce the Company's distributable retained earnings.

The authorization is proposed to be effective until April 7, 2006.

14. Proposal by the Board of Directors to authorize the Board of Directors to resolve to dispose Nokia shares held by the Company

The Board of Directors proposes that the Annual General Meeting authorize the Board to resolve to dispose a maximum of 443 200 000 Nokia shares. However, the authorization is not proposed to exceed the authorization to be approved for repurchases of the Company's own shares.

The authorization includes that the Board has the right to resolve to whom, under which terms and conditions and how many shares are disposed. The shares may be disposed at a price determined by the Board, also for consideration in kind. The authorization also allows the Board to resolve to dispose the shares in another proportion than that of the shareholders' pre-emptive rights to the Company's shares, provided that from the Company's perspective important financial grounds exist.

The authorization is proposed to be effective until April 7, 2006.

Annual Accounts 2004 and the proposals by the Board of Directors

The proposals by the Board presented under items 10 through 14 above are available at Nokia's Internet pages at www.nokia.com/agm no later than as of February 9, 2005. Paper copies of these documents with enclosures and the Annual Accounts of the Company are on display at the Head Office of the Company at Nokia House, Keilalahdentie 4, Espoo, Finland, as from March 31, 2005. BOARD OF DIRECTORS

Questions and Answers on the Notice and Agenda of the Annual General Meeting

The Company has provided Citibank with the following information with respect to the Agenda of the Meeting as numbered in the Voting Instruction. Nokia encourages its shareholders to exercise their right to vote. Approximately 25% of Nokia's ownership is represented by ADR Holders, and although the majority of those shareholders outside Finland will not attend Nokia's Annual General Meeting in person, their voices can be heard via their vote.

What does the presentation of the Annual Accounts under item 1 mean?

The Annual Accounts comprise an income statement, balance sheet and the notes thereto, the report by the Board of Directors as well as the consolidated annual accounts. The presentation of the Annual Accounts is a non-votable item, but an ADR Holder may cast a vote for or against the approval of the Income Statements and Balance Sheets under item 2, or abstain.

What is the dividend amount proposed by the Board of Directors of Nokia?

Nokia's Board of Directors proposes, under item 3, a dividend of EUR 0.33 per share to be distributed for the financial year 2004. In addition to the cash dividend, Nokia's Board of Directors also projects share repurchases in 2005 with up to EUR 5 billion. Under item 13, Nokia's Board of Directors proposes an authorization to repurchase Nokia shares.

When will I receive the dividend?

The dividend will be paid to the Depository on April 22, 2005, and will then be distributed to all shareholders shortly thereafter either directly to you or through your broker. The dividend pay date in the United States is estimated to be on or about April 29, 2005.

What does discharging of the Chairman, the members of the Board of Directors and the President from liability under item 4 mean?

This is one of the standard matters voted at during Nokia's shareholder's meetings, which according to Finnish mandatory law must be discussed and resolved at each Annual General Meeting for the preceding financial year. In principle, the resolution provides a release from liability towards the company for the Chairman and the members of the Board and the President, for matters occurred in the financial year 2004. This release from liability will only cover matters that are within the knowledge of Nokia and the shareholders when the resolution is taken, and are valid only provided that the resolution of the meeting is made legally in proper order.

Is it possible to vote on the nomination of members to the Board of Directors?

Yes. An ADR Holder may either cast a vote of support for the Corporate Governance and Nomination Committee's proposal of the number of members under 6 and membership under 7, or abstain. It is also possible to withhold votes from individual candidates proposed by the Corporate Governance and Nomination Committee.

ADR Holders cannot vote against the Corporate Governance and Nomination Committee's proposal, as it is only possible to make counter proposals and also cast a vote of support for such counter proposals at the actual Meeting. The Corporate Governance and Nomination Committee's proposal under item 7 is on page 13 of this proxy booklet.

Why is it not possible to vote on the remuneration to be paid to the members of the Board of Directors?

At the time when the proxy material is distributed, the proposal under the agenda item 5, remuneration proposed to be paid to the members of the Board is not yet available. Under Finnish law, proposals and counterproposals may be made with respect to this agenda item up to and during the Meeting, and a vote of support for such proposals can be cast only at the actual Meeting. Therefore, ADR holders cannot vote on this agenda item.

Historical information about the remuneration paid to the members of the Board of Directors for years 2002-2004 is included in our Annual Accounts for 2004, and our Form 20-F Annual Report for 2004, when filed.

What does the proposal regarding auditor remuneration mean?

The Board's Audit Committee oversees the qualifications and independence of the company's external auditor. This includes the adoption of the pre-approval policy for the purchase of audit and non-audit services from the external auditor, as well as overseeing the compliance with such policy.

In addition to the proposal on the election of auditor under item 9, the Audit Committee will also propose, under item 8, for the General Meeting's approval that the external auditor would be reimbursed according to the auditor's invoice to the company, and in accordance with the purchase policy approved by the Audit Committee.

The total audit and audit-related fees paid by Nokia Group to the external auditor for the fiscal period 2003 amounted to EUR 5.5 million and in 2004 to EUR 6.8 million. The Audit Committee does not expect the amount of fees payable to the external auditor during the current fiscal period to change materially from the 2004 level.

What does the statement of the Audit Committee of the Board mean in respect of election of the Auditor?

Under Finnish law, shareholders of the Company elect the external Auditor at the Annual General Meeting for one fiscal year at a time. The role of Nokia's Audit Committee is, among other things, to confirm the independence of the external Auditor and oversee the overall performance of the Auditor subject to the requirements of Finnish law. The Audit Committee has evaluated the performance and the independence of the current auditor of Nokia, PricewaterhouseCoopers Oy, for the fiscal year 2004. Based on its evaluation, the Audit Committee recommends the re-election of PricewaterhouseCoopers Oy for the fiscal year 2005.

Why does the Board of Directors propose granting stock options to selected personnel of Nokia under item 10?

Equity-based incentives are a part of Nokia's compensation program. The compensation program includes performance related and discretionary elements, the purpose of which is to reward achievement, and retain talented and critical employees in the company.

Nokia competes for the talented people on a global basis, and for this purpose needs incentive programs that are competitive. The combined use of Performance Shares, which are the main element in Nokia's equity-based compensation program, and stock options builds a well-balanced combination of share-based compensation elements for Nokia's award model. The program aligns the potential value received by participants directly with the performance of the company, and in line with shareholders' interests.

A resolution under item 10 requires a qualified majority of the votes cast, as well as of the shares represented at the meeting. ADR Holders form a significant number of Nokia shares represented at the Meeting. Therefore, in order for the Board to receive the approval proposed, the Company encourages ADR Holders to vote for the Board's proposal under this item. Please see the complete proposal by the Board of Directors, as well as related press releases on the internet at <http://www.citibank.com/adr> and <http://www.nokia.com/agm>.

Why does the Board of Directors propose to cancel shares and reduce the share capital under item 11?

The Board of Directors has by December 31, 2004 used part of the authorization by the Annual General Meeting held on March 25, 2004 to repurchase Nokia shares through public trading. As a result of the repurchases, the Company held a total of 176 000 000 Nokia shares as of December 31, 2004, having spent EUR 2 012 million for repurchases. The authorization is still valid until March 25, 2005, for 54 000 000 shares.

The Board proposes that the share capital be reduced through cancellation of these Nokia shares held by the Company as well as any shares possibly repurchased until the Annual General Meeting 2005. The reduction of the share capital will have no effect on the relative holdings of other shareholders of the Company or on the voting powers among them.

Under current Finnish law, repurchase of shares may not result in Nokia Group holding more than 5 percent of the registered share capital or the total voting rights of the company at any time. Therefore, if shares previously acquired by Nokia through repurchases are not cancelled, these shares will limit planned repurchases in the future. The Board has on January 27, 2005 announced its projection for a share purchase plan also during 2005.

What do the authorizations under items 12 - 14 mean?

As a Finnish company Nokia may not, pursuant to mandatory Finnish law, issue new shares, repurchase Nokia shares or dispose them without shareholders' approval, or a shareholders' authorization to the Board for these actions. The Nokia Board proposes an extension of the authorizations it presently holds to issue new shares, as well as repurchase and/or dispose Nokia shares. Such authorizations are only valid for the year following the approval.

Related to the proposed authorization to repurchase shares under item 13, the Board has on January 27, 2005 announced its projection for a stock repurchase plan with up to EUR 5 billion as a means to develop Nokia's capital structure. A share repurchase plan has also been carried out during 2003 and 2004. In addition, pursuant to the Board's proposal, the authorization to repurchase shares may be used to carry out financing or other arrangements.

The proposed amount of authorization corresponds to nearly 10 percent of the share capital of the Company and the total voting rights. The proposal is based on the assumption that the amendment of the Finnish Companies Act will be passed by the Parliament

prior to or during the validity of the proposed one-year authorization. In the event that the proposed amendment does enter into force, but this is later than as of April 7, 2005, the authorization for the Board shall amount to the proposed 443 200 000 shares only from such date, and until then, to a maximum of 5 percent of the Company's share capital or total voting rights as permitted by the current law.

A resolution under items 12-14 requires a qualified majority of the votes cast, as well as of the shares represented at the meeting. ADR Holders form a significant number of Nokia shares represented at the Meeting. Therefore, in order for the Board to receive the authorizations proposed, the Company encourages ADR Holders to vote under these items. Please see the complete proposals by the Board of Directors on Internet, as well as related press releases <http://www.citibank.com/adr> and <http://www.nokia.com/agm>.

Why is an item 15, which pertains to other matters at the Annual General Meeting, on the agenda?

Under Finnish law, Nokia's Notice of Annual General Meeting must include an agenda setting out the matters to be brought before the meeting. The agenda must include those matters, which, pursuant to Nokia's Articles of Association and mandatory Finnish law, must be resolved at the Annual General Meeting.

In order for other matters to be included in the Notice of the Annual General Meeting and related agenda, the Board of Directors must be given sufficient notice of said items. As of the date on which this proxy material went to press, the Board of Directors was not aware of any matters to be voted upon at the Meeting other than those included in the Notice of the Annual General Meeting.

Various matters of order may require a vote at the actual Meeting. The other matters referred to in the voting card may include, but are not limited to, the election of the chairman of the meeting and persons to scrutinize the minutes. The voting instructions under item 15 relate to procedural matters only.

What does it mean if I mark the box to give a discretionary proxy regarding item of the Annual General Meeting?

If you have marked the relevant box and other matters are properly brought before the Meeting, the nominated representative of the Company will have a discretionary proxy to vote your ADSs with respect to those other matters. The nominated representatives are Nokia's legal counsels.

What does it mean if I do not mark the box to give a discretionary proxy regarding item of the Annual General Meeting?

If you have not marked the relevant box and other matters are properly brought before the Meeting, your ADSs will not be voted with respect to those other matters. A resolution on those other matters will then be made only by the votes cast at the actual meeting.

Are the proposals on the Agenda available in their entirety?

The proposals by the Nokia Board are available in their entirety on the Internet through <http://www.citibank.com/adr> and <http://www.nokia.com/agm>. The Company's Annual Accounts (prepared under IAS) for 2004 will also be made available on Nokia's internet pages when completed, and Nokia's Form 20-F Annual Report for 2004, when filed.
