PROXY STATEMENT

Annual Meeting of Shareholders

To be Held April 26, 2005

Date, time, place and purpose of Sterling's Annual Meeting

The 2005 annual meeting of Sterling's Shareholders, including any postponements or adjournments thereof (the Annual Meeting), will be held at 10:00 a.m., local time, on Tuesday, April 26, 2005, at 10:00 a.m. in the Conference Theater of the Agricultural Trade Center (located in the Spokane Convention Center), 334 West Spokane Falls Boulevard, Spokane, Washington. At the meeting, Sterling's Shareholders as of March 4, 2005 (the record date) will be asked to elect the nominees for the Board of Directors and ratify the appointment of BDO Seidman, LLP (BDO) as the independent registered public accounting firm for Sterling for 2005. This Proxy Statement is first being sent to holders of Sterling common stock on or about March 25, 2005, and is accompanied by a proxy that is being solicited by the Sterling Board of Directors for use at the Annual Meeting.

Record date; outstanding shares; shares entitled to vote

Only holders of record of Sterling common stock at the close of business on the record date are entitled to notice of and to vote at the Annual Meeting. Each holder of Sterling common stock is entitled to one vote for each share of Sterling common stock owned as of the record date. As of the record date, there were 23,005,545 shares of Sterling common stock outstanding.

Quorum; vote required

Under Washington law, any Shareholder action at a meeting requires that a quorum exist with respect to that action. A quorum for the actions to be taken at the Annual Meeting will consist of a majority of the outstanding shares of Sterling common stock entitled to vote, present in person or by proxy at the Annual Meeting. Shareholders of record, including brokers holding customers' shares of record, who are present at the Annual Meeting in person or by proxy and who abstain from voting, are considered present and entitled to vote and will count toward the quorum.

If a quorum exists at the Annual Meeting, those nominees for election to the Board of Directors who receive the greatest number of affirmative votes cast for Directors will be elected as Directors. If a quorum exists, the ratification of the appointment of BDO as the independent registered public accounting firm for Sterling for 2005, and all other matters that properly come before the Annual Meeting, will be approved if the number of votes cast in favor of the proposed action exceeds the number of votes cast against it. Abstentions and broker non-votes will have no impact on the election of Directors or other proposals. Proxies and ballots will be received and tabulated by American Stock Transfer & Trust Company, Sterling's transfer agent and inspector of elections for the Annual Meeting.

Voting of proxies

The Board of Directors requests that you complete, date and sign the proxy card accompanying this Proxy Statement and promptly return the card in the enclosed postage-paid envelope. Unless contrary instructions are specified, all properly signed proxies received by Sterling and not revoked before the vote at the Annual Meeting will be voted: 1) FOR the election of the three Directors nominated by the Board of Directors; 2) FOR the ratification of the appointment of BDO as the independent registered public accounting firm for Sterling for 2005; and 3) in accordance with the best judgment of the proxy agents on

any other matters properly brought before the Annual Meeting. If the Annual Meeting is postponed or adjourned, your proxy will still be effective and may be voted at the rescheduled meeting. You will still be able to change or revoke your proxy until it is voted.

If you own your shares in street name, that is, through a brokerage account or in another nominee form, you must provide instructions to the broker or nominee as to how your shares should be voted. Otherwise, your shares may not be voted and will be recorded as broker non-votes. Your broker or nominee will usually provide you with the appropriate instruction forms at the time you receive this Proxy Statement. If you own your shares in this manner, you cannot vote in person at the Annual Meeting unless you receive a proxy to do so from the broker or the nominee and you bring the proxy to the Annual Meeting.

If you are a participant in Sterling's 401(k) Employee Savings and Investment Plan and Trust, your completed proxy will serve as voting instructions to the plan trustee. However, your voting instructions must be received at least five days prior to the Annual Meeting to count. In accordance with the terms of the plan, if you fail to instruct the plan trustee how to vote your plan shares, the trustee will vote your plan shares in accordance with the recommendations of the 401(k) Advisory Committee.

If you are a participant in the Klamath First Federal Employee Stock Ownership Plan (the Klamath ESOP), the proxy card represents a voting instruction to the trustee of the Klamath ESOP as to the number of shares in the participant's plan account. Each participant may direct the trustee as to the manner in which shares of common stock allocated to the participant's plan account are to be voted. Unallocated shares of common stock held by the Klamath ESOP, and allocated shares for which no voting instructions are received from participants, will be voted by the trustee, to the extent not inconsistent with its fiduciary obligations, in the same proportion as shares for which the trustee has received voting instructions.

How to revoke your proxy

You may revoke your proxy at any time by taking any of the following actions before your proxy is voted at the Annual Meeting:

- delivering to Sterling a written notice bearing a date later than the date of the proxy card, stating that you revoke the proxy;
- signing and delivering to Sterling a proxy card relating to the same shares and bearing a later date; or
- attending the meeting and voting in person, although attendance at the meeting will not, by itself, revoke a proxy.

Also, please note that if you have voted through your broker, bank or other nominee and you wish to change your vote, you must follow the instructions received from such entity to change your vote.

Voting electronically via Internet or telephone

A large number of banks and brokerage firms provide Shareholders whose shares are registered in the name of such firms the opportunity to vote via the Internet or by telephone. The voting form sent to a beneficial owner will provide instructions if such options are available.

Expenses of proxy solicitation

The expense of preparing, printing and mailing this Proxy Statement and the proxies solicited hereby will be borne by Sterling. Proxies will be solicited by Sterling by mail and may also be solicited on behalf of Sterling by directors, officers and other employees of Sterling, without additional remuneration, in person

or by telephone or facsimile transmission. Sterling will also request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of Sterling common stock as of the record date and will reimburse such entities for the cost of forwarding the proxy materials in accordance with customary practice.

Recommendation of the Board of Directors

The Board of Directors of Sterling believes the proposals described herein are in the best interests of Sterling and its Shareholders and, accordingly, recommends that the Shareholders vote FOR the proposals identified in the Notice.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board of Directors currently consists of nine Directors who are divided as closely as possible into three classes. The members of each class serve three-year terms, and one class is elected annually. The Board of Directors has nominated current Directors Donald N. Bauhofer, Thomas H. Boone and Harold B. Gilkey for election at this year's Annual Meeting as Directors to serve terms of three years ending at the annual meeting of Shareholders of Sterling in the year 2008, or when their respective successors have been duly elected and qualified.

Each nominee for election as a Director at the Annual Meeting has consented to serve if elected. Sterling has no reason to believe that any of the nominees will be unable to serve. Should any nominee become unable to serve as a Director for any reason, the Board of Directors shall designate a substitute nominee. Unless instructions to the contrary are specified on the proxy card, proxies will be voted in favor of the persons who have been nominated by the Board of Directors.

The Board of Directors recommends that Shareholders
vote FOR the nominees.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed BDO to serve as the independent registered public accounting firm for Sterling and its subsidiaries for the year ending December 31, 2005, and any interim periods. BDO has advised Sterling that it will have in attendance at the Annual Meeting one or more representatives who will be available to respond to appropriate questions presented at the Annual Meeting. Such representatives will have an opportunity to make a statement at the Annual Meeting if they desire to do so. If the required number of votes does not ratify the appointment of BDO, the Board will review its future selection of independent registered public accounting firms.

The Board of Directors unanimously recommends that Shareholders vote FOR
the Proposal to ratify the appointment of BDO as the
independent registered public accounting firm for Sterling for 2005.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM S FEES

Audit Fees: The aggregate fees and expenses billed by BDO for professional services rendered for the audit of Sterling s annual financial statements, the reviews of the financial statements included in Sterling s periodic reports filed with the SEC on Forms 10-Q, SEC registration statement services, and the audits of the financial statements of Sterling s subsidiaries were \$317,384 and \$604,400 for the years ended December 31, 2003 and 2004, respectively. Fees for 2004 include the integrated audit of Sterling s consolidated financial statements and management s assessment of internal controls over financial reporting as required by the Public Company Accounting Oversight Board and the SEC.

Audit Related Fees: The aggregate fees and expenses billed by BDO for audit related services rendered during 2003 and 2004 were \$24,000 and \$29,250, respectively. Types of services in this category were primarily audits of the employee benefit plans and consultation on accounting standards.

Tax Fees: The aggregate fees billed by BDO for tax services rendered during 2003 and 2004 were \$89,220 and \$91,745, respectively. Types of tax services provided by BDO primarily consisted of advice related to preparing Sterling s corporate tax returns and tax consulting projects.

All Other Fees: There were no other services provided by BDO during 2003 and 2004.

PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES

It is the responsibility of Sterling s Audit Committee to pre-approve all audit and non-audit services provided by BDO. The Audit Committee has adopted a policy authorizing certain permissible audit and non-audit services to be performed by BDO with subsequent reporting and oversight required by the Audit Committee. Permissible services, not pre-approved pursuant to this policy, require specific review and approval prior to the engagement by the Audit Committee, or a designated member. Specific pre-approval of such permissible services with estimated fees of \$2,500 or less may be waived via the *de minimis* exception rule. Procedures are in place to ensure the Audit Committee Chairman is notified in the event the *de minimis* rule is used. All services rendered by and fees paid to BDO are reported to and monitored quarterly by the Audit Committee. The Audit Committee considers whether the provision of related audit services are compatible with maintaining the independent registered public accounting firm s independence. To assist the Audit Committee in its oversight responsibilities, the pre-approval policy identifies the three basic principles of independence with respect to services provided by the independent registered public accounting firm, as well as the non-audit services the independent registered public accounting firm is prohibited from providing. One hundred percent of all services provided by BDO in each of the last two fiscal years were pre-approved by the Audit Committee.

CORPORATE GOVERNANCE

Sterling has proactively taken steps to establish a corporate governance framework that affirms our high standards of business conduct, emphasizes the importance of integrity and honesty in the conduct of our business, and ensures the integrity of the controls and procedures implemented by our Directors, officers and employees, including our internal control over financial reporting. Actions we have taken to establish this corporate governance framework include: maintaining a Board composed of a majority of independent directors; adoption of charters for various Directors committees; adoption of a Code of Ethics for all of our Directors, officers and employees; and provision of a procedure for shareholders and employees to communicate with the Board. We believe that the ethical foundations outlined in our corporate governance framework are critical to our ongoing success and the maximization of shareholder value.

Affirmative Determinations Regarding Director Independence and Other Matters

The Board of Directors has determined that each of the following Directors is an independent director as such term is defined by the rules of the National Association of Securities Dealers (NASD) and the Securities Exchange Commission (SEC):

Rodney W. Barnett

Donald N. Bauhofer

Thomas H. Boone

William Ike L. Eisenhart

James P. Fugate

Robert D. Larrabee

The Board of Directors has also determined that each member of the three committees of the Board meets the independence requirements applicable to those committees prescribed by the rules of the NASD and the SEC.

The Board of Directors has adopted a Code of Ethics that applies to all Sterling employees and Directors, including Sterling s senior financial officers. The Code of Ethics is publicly available on Sterling s website at <http://www.sterlingsavingsbank.com>.

Communication with the Board of Directors

Shareholders may send communications to the Board of Directors of Sterling by addressing such correspondence to:

Harold B. Gilkey

Chairman of the Board

Sterling Financial Corporation

111 North Wall Street

Spokane, WA 99201

As Chairman of the Board, Mr. Gilkey monitors Shareholder communications, forwards correspondence to the appropriate committee(s) or Director(s) and facilitates an appropriate response.

Compensation and Attendance of Directors

Directors of Sterling who are not employees of Sterling are paid an annual fee of \$10,000 plus a fee, which is currently \$2,000, for every meeting attended. Directors of Sterling Savings who are not employees are paid an annual fee of \$10,000 plus a fee, which is currently \$2,000, for every meeting attended. Individuals who serve on both Boards receive a fee of \$2,000 for attending Sterling Savings meetings but do not receive an additional fee for attending Sterling meetings. Directors serving on committees of the respective Boards also receive a fee of \$500 for every committee meeting attended unless they serve as the chair of a committee in which case they receive a fee of \$1,000 for every committee meeting attended. Additionally, Directors who also serve as Directors of the subsidiaries of Sterling Savings receive a fee of \$250 for each meeting attended. Directors receive reimbursement for travel and other expenses incurred in connection with Board business.

Nonemployee Directors of Sterling also receive annual grants of non-qualified stock options. Such options have an exercise price equal to the fair market value of the Sterling common stock on the date of grant and generally expire ten years from the date of grant. In the event that a nonemployee Director is removed from office for cause, all options granted to such nonemployee Director pursuant to the automatic grants of non-qualified stock options described above will expire immediately upon such removal.

The Board of Directors of Sterling held 12 meetings during 2004. Each Director attended at least 75% of such meetings and those of the Board committees on which the Director served during the year. It is Sterling's policy that members of the Board of Directors should attend all annual meetings of Shareholders except for absences due to causes beyond the reasonable control of the Directors. At the 2004 annual meeting of Shareholders of Sterling Financial Corporation, all but one of the Directors were in attendance.

Committees of the Board of Directors

The Board of Directors of Sterling has established Audit, Personnel and Nominating Committees.

The primary responsibilities of the Audit Committee are to oversee the integrity of Sterling's financial reporting process, including its financial statements and systems of internal controls, as well as its compliance with legal and regulatory requirements. The Audit Committee reviews the independent registered public accounting firm's qualifications, independence and performance and oversees and monitors the performance of Sterling's internal audit function. The Audit Committee is responsible for the retention, supervision and termination of the independent registered public accounting firm for resolving disagreements between management and the independent registered public accounting firm. The independent registered public accounting firm reports directly to the Audit Committee. The Audit Committee is also responsible for reviewing the adequacy of the authority, responsibilities and functions of Sterling's internal audit department. The Audit Committee is not responsible for conducting reviews of auditing or accounting procedures. Management has primary responsibility for Sterling's financial reporting process and for preparing Sterling's financial statements. Sterling's independent registered public accounting firm is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards. The Audit Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the independent registered public accounting firm on the basis of the information it receives, discussions with the independent registered public accounting firm, and the experience of the Audit Committee's members in business, financial and accounting matters.

The Audit Committee held two meetings during 2004 and currently consists of Messrs. Barnett (Chairman), Boone and Eisenhart, each of whom has been determined by the Board to be independent and financially literate as required by the rules of the NASD and the SEC. Members of the Audit Committee have reviewed and discussed with management and the independent registered public accounting firm the periodic reports of Sterling prior to filing such reports with the SEC. No member of the Audit Committee has participated in the preparation of the financial statements of Sterling or its subsidiaries at any time during the past three years. The Board has determined that Mr. Barnett is an audit committee financial expert as defined by the SEC. The Audit Committee operates under a written charter reviewed and approved annually by Sterling's Board of Directors. Sterling's Audit Committee Charter is publicly available on Sterling's website at www.sterlingsavingsbank.com.

The Personnel Committee reviews and makes recommendations to the Board of Directors with respect to personnel policies that include, but are not limited to, officer and employee salaries and benefits. The Personnel Committee held three meetings during 2004 and currently consists of Messrs. Larrabee (Chairman), Fugate and Bauhofer, each of whom has been determined by the Board to be independent as that term is defined by the rules of the NASD and the SEC.

The Nominating Committee recommends to the Board of Directors a slate of nominees for election by the Shareholders at each annual meeting of Sterling. At the request of the Board, the Nominating Committee recommends for approval by the Board, nominees to fill vacancies or new positions on the Board as they may occur or be created from time to time, all in accordance with Sterling's Bylaws. The Nominating Committee identifies potential nominees from various sources, including recommendations from Directors and officers of Sterling. The Nominating Committee will consider nominees recommended

by Shareholders upon submission in writing to the Chairman of the Board of Directors the names of such nominees, together with their qualifications for service as Directors of Sterling. Individuals recommended by Shareholders are evaluated in the same manner as other potential nominees. The Nominating Committee reviews and discusses recommendations received for Director candidates and evaluates the qualifications of such candidates before selecting a slate of nominees to be recommended to the Board. Qualifications which the Nominating Committee will consider in evaluating Director candidates include contacts within Sterling's market area, skills, experience, time availability and such other criteria as the Nominating Committee shall determine to be relevant. The Nominating Committee held one meeting in 2004, and currently consists of Messrs. Fugate (Chairman), Larrabee and Bauhofer, each of whom has been determined by the Board to be independent as that term is defined by the rules of the NASD and the SEC. The Nominating Committee operates under a written charter approved by Sterling's Board of Directors. Sterling's Nominating Committee Charter is publicly available on Sterling's website at <http://www.sterlingsavingsbank.com>.

PERSONNEL COMMITTEE REPORT ON EXECUTIVE COMPENSATION

During the fiscal year 2004, Messrs. Larrabee, Fugate and Bauhofer served on the Personnel Committee, with Mr. Larrabee serving as Chairman.

Compensation Philosophy

Sterling seeks to promote a strong pay-for-performance culture by aligning compensation with Sterling's performance. Sterling's Board of Directors believes that compensation should:

- relate to the value created for Shareholders by being directly tied to the financial performance and condition of Sterling and each Executive Officer's contribution thereto;
- reward individuals who help Sterling achieve its short-term and long-term objectives and thereby contribute significantly to the success of Sterling;
- help to attract and retain the most qualified individuals available by being competitive in terms of compensation paid to persons having similar responsibilities and duties in other companies in the same and closely-related industries; and
- reflect the qualifications, skills, experience and responsibilities of each Executive Officer.

The Personnel Committee, which is composed of three nonemployee Directors, administers the compensation of the CEO and the other Executive Officers of Sterling and its subsidiaries (the Executive Officers), subject to review and appropriate approval of Sterling's Board of Directors.

In determining executive compensation, Sterling uses peer group comparisons as part of its overall analysis. The Personnel Committee believes that companies operating in the banking and financial services industries are appropriate to include in its compensation analysis. Additionally, the Personnel Committee is advised from time to time by outside compensation consultants on its compensation policies.

Several factors are used to measure the performance of Sterling and its Executive Officers. To measure corporate financial and operating results, the Personnel Committee examines Sterling's return on equity and its earnings per share as compared to the performance of peers. Individual performance measures are designed to be reasonably attainable, under the immediate influence of the executive and related to the success of the individual.

Components of Compensation

At present, the executive compensation program is comprised of base salary, annual cash incentive compensation, long-term compensation in the form of deferred compensation and stock options and benefits typically offered to executives of similar corporations.

Base Salary. In establishing the base salaries of the CEO and the other Executive Officers, the Personnel Committee examines competitive peer group surveys and data to determine whether compensation is competitive with that offered by other companies in the banking and financial services industries. The Personnel Committee looks primarily at companies that are similar in terms of their size and the complexity of their operations. The Personnel Committee also takes into account Sterling's financial and operating performance as compared with the industry as a whole and considers the diverse skills required of its executive management to expand its operations while maintaining good performance. In addition, the Personnel Committee considers the particular executive's performance, responsibilities, qualifications and experience in the banking industry.

Annual Cash Incentive Compensation. Sterling maintains an Annual Cash Incentive Compensation Program. The annual component of this plan is intended to encourage and reward the achievement of (1) growth in Sterling's reported earnings; and (2) targeted returns on equity. These criteria are deemed by

the Personnel Committee to be critical in increasing Shareholder value. The plan also is designed to assist in attracting and retaining qualified employees, to further link the financial interests and objectives of employees with those of Sterling and to foster accountability and teamwork throughout Sterling.

Long-Term Incentive Plans. The Personnel Committee believes that long-term incentive plans, such as the 2003 Long-Term Incentive Plan, provide a competitive incentive that links the achievement of financial goals and individual performance with greater Shareholder value. The purpose of these plans is to encourage the ownership of Sterling common stock, attract and retain qualified employees, develop and maintain strong management and employee loyalty and give suitable recognition to an individual's material contributions to Sterling's success.

Supplemental Executive Retirement Plan. In January 2002, Sterling adopted a Supplemental Executive Retirement Plan (the SERP). The SERP is a non-qualified, unfunded plan that is designed to provide retirement benefits for certain key employees of Sterling. Depending on their classification under the Plan, participants will receive from 40% to 60% of their annual salary amount as of January 1, 2002, for 10 to 15 years, beginning at normal retirement age. Retirement benefits vest at the rate of 10% per year of service. Except for participants who have completed 25 years of service, benefits are reduced for early retirement. The present value of the retirement benefits becomes 100% vested if, within three years of a change in control of Sterling, either the Plan or the participant's employment are terminated.

Deferred Compensation Plan. Sterling maintains a non-qualified Deferred Compensation Plan. As of December 31, 2004, there were eight participants in the Deferred Compensation Plan. All amounts in a participant's account become 100% vested upon a change in control; when the participant attains normal retirement age; when the employment of the participant terminates due to death or disability; or upon termination of the Plan. Prior to such an event, amounts in a participant's account vest at the rate of 10% per year of service, provided that such vesting shall reach 100% when the participant reaches the age of 60. Payment of an account may be in a lump sum or in installments as determined by the Personnel Committee, and the Committee may accelerate installments. Payment must be commenced within one year of the termination of the participant's employment with Sterling. In February 2002, Sterling discontinued additional contributions to the Deferred Compensation Plan.

Klamath Plans. In connection with the Klamath acquisition, Sterling assumed supplemental executive retirement plans (Klamath SERP Agreements) in place with certain former Klamath executives. Under the Klamath SERP Agreements, these executives are entitled to receive a normal retirement benefit at their normal retirement age that provides a continuation of salary for life, with annual increases of two percent. The amount of the normal retirement benefit is based on each executive's projected annual salary at the time of his normal retirement age. The Klamath SERP Agreements provide for full vesting of these normal retirement benefits if the executive's employment is terminated, without cause, within two years following a change in control. If termination occurs prior to the executive reaching his normal retirement age, an executive may elect to receive benefits prior to his normal retirement age, in which case such benefit will be reduced accordingly, based on the number of years that payments commence before normal retirement age.

Sterling also assumed director fee continuation agreements with the former Klamath directors, which entitle each director to retirement benefits upon termination of service, except for cause. Directors who were terminated subsequent to the transaction are initially entitled to normal retirement benefits of \$3,007 per month for directors who were at least age 65 on the effective date of the transaction and \$2,834 per month for directors who were under age 65, with annual increases of two percent. A director retiring before age 65 may elect to receive the retirement benefit prior to age 65, in which case the benefit will be reduced accordingly, based on the number of years that payments commence before normal retirement age. If the director dies before 60 monthly payments have been made, such payments will continue until a

total of 60 monthly payments have been made, or until the death of the director's surviving spouse, whichever occurs earlier.

Sterling also assumed the Klamath ESOP to the extent necessary to maintain the Klamath ESOP until its termination, which is pending approval by the Internal Revenue Service. As of the effective date of the Klamath acquisition, the Klamath ESOP was frozen, such that no further contributions have been made to the Klamath ESOP and no further benefits are accruing to participants thereunder. When the Klamath ESOP was established, Klamath loaned funds to the plan to purchase shares of Klamath common stock, which represented the security for the loan. As Klamath made contributions to the Klamath ESOP each year to fund the benefits thereunder, these monies were used by the Klamath ESOP to pay down the loan and release shares from the collateral suspense account for allocation to participants. The Klamath ESOP provided that shares released from the Klamath ESOP suspense account in accordance with Klamath's annual contributions were allocated among participants on the basis of compensation in the year of allocation. Upon termination of the Klamath ESOP, the remaining unallocated shares that were not required to pay off the Klamath ESOP loan balance will be allocated 50% on the basis of compensation and 50% on the basis of account balances. This allocation is contingent on Internal Revenue Service approval of the Klamath ESOP termination. Upon final termination, all account balances will be distributed to Klamath ESOP participants as soon as administratively practicable.

Compensation of CEO

During 2004, the compensation of Mr. Gilkey, Chairman of the Board and CEO, was based on the general principles of the executive compensation program and on Mr. Gilkey's Employment Agreement. In determining the salary and other forms of compensation for Mr. Gilkey, the Personnel Committee took into consideration Mr. Gilkey's substantial experience and standing in the industry in general and with Sterling in particular. The Personnel Committee also considered the increased responsibilities for Mr. Gilkey as a result of Sterling's diversification and growth in recent years. The Personnel Committee believes that Mr. Gilkey's compensation as CEO appropriately reflects Sterling's performance during 2004 and his contributions to that performance.

Personnel Committee Interlocks and Insider Participation

During 2004, there were no interlocking or cross-board memberships that are required to be disclosed under the rules of the SEC. For a general description of transactions and relationships Directors and Executive Officers and their associates may have had with Sterling and its affiliates during the year, see Interests of Directors and Executive Officers in Certain Transactions.

These assumed rates of growth were selected by the SEC for illustration purposes only and are not intended to predict future stock prices, which will depend upon overall stock market conditions and Sterling's future performance and prospects. Employment and Change in Control Agreements

Sterling has entered into employment agreements (the "Agreements") with Messrs. Gilkey and Zuppe, which provide for annual fixed minimum salaries. The Agreements provide for incentive bonuses, long-term incentive compensation including stock options, certain perquisites, including payment for tax preparation and financial planning, payment for an annual physical examination, club membership fees and payment of an automobile allowance, and rights to participate in other benefit programs offered or maintained by Sterling. The Agreements with Messrs. Gilkey and Zuppe expire on December 31, 2009.

The Agreements provide for the payment of certain severance benefits to Messrs. Gilkey and Zuppe upon termination of their employment by Sterling without cause or following a constructive discharge or their permanent disability. If Messrs. Gilkey or Zuppe are not reelected to the Board of Directors, then they will be considered to have been constructively discharged under the terms of the Agreements. Pursuant to these provisions, Mr. Gilkey and Mr. Zuppe would be entitled to receive their base salary in effect at the time of termination until the later to occur of the expiration of their Agreements or the end of the three-year period following the date of such termination. In the event Messrs. Gilkey or Zuppe were discharged within eighteen months following a change in control of Sterling, they would be entitled to their base salaries and incentive bonuses, at the highest annual rates during their employment, until the later to occur of the expiration of their Agreements or the end of the three-year period following the date of such discharge. In addition, in the event of any of these terminations of employment, earned but unpaid base salary and incentive bonus amounts and amounts held for Messrs. Gilkey and Zuppe in the deferred compensation plan and the supplemental executive retirement plan as of the date of termination would be payable in full. Medical, dental care, life or other insurance, including travel, accident and disability insurance and the perquisites detailed above would continue for the severance period. Stock options granted pursuant to the Agreements would become fully exercisable during the severance period.

The Agreements provide for the survival of certain benefits upon any termination of employment, including retirement, except for a termination for cause. The benefits that survive include medical, dental, disability, travel and accident insurance coverage for Messrs. Gilkey and Zuppe and their spouses, to the extent not offset by Medicare, and the continuation of certain perquisites, specifically tax preparation and financial planning, annual physical and club membership fees.

Sterling is the plaintiff in a lawsuit which is pending in the United States Court of Federal Claims (the Lawsuit). The Lawsuit is an action for damages arising out of the government's breach of its contracts with Sterling in connection with Sterling's past acquisitions of certain troubled thrift associations. In the event that a settlement or judgment amount is received by Sterling as a result of the Lawsuit, Messrs. Gilkey and Zuppe are entitled by the terms of the Agreements to receive three percent and two percent, respectively, of the gross amount received in recognition of their substantial contribution in bringing about the settlement or judgment. This provision is intended to survive the termination of the Agreements.

Sterling has also entered into employment agreements (the Executive Agreements) with each of the other Named Executive Officers, other than Mr. Kirschbaum and Mr. Schlenker. The term of each Executive Agreement continues until either the Board of Directors in its sole discretion or the executive in his or her sole discretion terminates the respective agreement in accordance with its terms.

Under the Executive Agreements, the Chairman and the President of Sterling determine the annual salary of the executive. Upon termination for any reason or resignation for Good Cause upon or within three years after a Change in Control (as Change in Control and Good Cause are defined in the Executive Agreements), certain executives will be paid three times and certain executives will be paid two times annual compensation, including the greater of salary and target bonus for the calendar year in which the termination occurs (if established before the termination) or salary and actual bonus for the prior calendar year (annualized if the executive was not employed by Sterling for the entire calendar year), but excluding the value of grants of stock options or restricted stock. In addition, all of the executive's outstanding, unvested options will immediately vest and become exercisable and, subject to prior approval of the Board, restrictions on all or certain grants of the executive's restricted stock will immediately lapse.

Under the terms of the Agreements and the Executive Agreements, if a Change in Control payment constitutes a parachute payment under Section 280G of the Internal Revenue Code of 1986, as amended (the Code), the executive is entitled to receive payment of an additional amount (the Gross-Up Payment) within a specified period of time. Any Gross-Up Payment would be equal to the amount

necessary to cause the net amount retained by the executive, after subtracting the parachute excise tax imposed by Section 4999 of the Code (the Excise Tax) and any federal, state and local income taxes, FICA tax and excise tax on the Gross-Up Payment, to be equal to the net amount the executive would have retained had no Excise Tax been imposed and no Gross-Up Payments been paid.

Sterling establishes certain compensation arrangements with its executive officers at the time of hire. The arrangements include starting salary, bonus eligibility, initial stock option grants and relocation packages, where appropriate.

SHAREHOLDER RETURN COMPARISON

The following chart sets forth a five-year comparison of total Shareholder return on the common stock of Sterling compared to the NASDAQ Thrift Market Index and the Russell 2000 Index. The chart assumes an investment of \$100 on December 31, 1999, and the reinvestment of all dividends. Sterling has never paid a cash dividend on its common stock. The stock price performance shown on the following chart is provided as of year-end and may not be indicative of current stock price levels or future stock price performance.

INTERESTS OF DIRECTORS, OFFICERS AND OTHERS IN CERTAIN TRANSACTIONS

Certain of the Directors and Executive Officers of Sterling and its subsidiaries were customers of and had transactions with Sterling Savings during 2004. In addition, certain Directors and Executive Officers are officers, Directors or Shareholders of corporations or members of partnerships that were customers of or had transactions with Sterling Savings during 2004. All such transactions were in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than the normal risk of collectibility or present other unfavorable features. Sterling Savings sold commercial real property located in Klamath Falls, Oregon, to Donald N. Bauhofer for approximately \$500,000. Sterling Savings has also entered into a lease for real property in which Mr. Bauhofer has an indirect interest. The value of the lease payments over the term of the lease will total approximately \$200,000. Both of these transactions were approved by a majority of the disinterested members of the Board of Directors. The law firm of Witherspoon, Kelley, Davenport & Toole, P.S., of which Director Ned M. Barnes is a principal, received approximately \$2.2 million during 2004 for legal services rendered to Sterling and its subsidiaries, exclusive of amounts paid by customers.

AUDIT COMMITTEE REPORT

During the fiscal year 2004, Directors Barnett, Boone and Eisenhart served on the Audit Committee, with Director Barnett serving as Chairman. Director Eisenhart was appointed to the Audit Committee in February 2004, following the resignations of Directors Meyers and Wallace from the Board of Directors. As more fully described in the Audit Committee Charter, the Audit Committee is responsible for overseeing Sterling's accounting and financial reporting processes, including the quarterly review and the annual audit of Sterling's consolidated financial statements by BDO, Sterling's independent registered public accounting firm. BDO currently serves as Sterling's independent registered public accounting firm and has conducted the audit of Sterling's financial statements for 2004. The Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation and oversight of the audit work of the independent registered public accounting firm. The Audit Committee has appointed BDO to serve as the independent registered public accounting firm to conduct an audit of Sterling's financial statements for 2005. BDO has advised Sterling that it will have in attendance at the Annual Meeting one or more representatives who will have an opportunity to make a statement if they desire to do so and who will be available to respond to appropriate questions presented to the Secretary of Sterling in advance of the Annual Meeting. As part of fulfilling its responsibilities, the Audit Committee has reviewed and discussed Sterling's audited financial statements with management. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). Finally, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with the independent registered public accounting firm that firm's independence.

Based on its review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements for 2004 be included in Sterling's 2004 Annual Report on Form 10-K filed with the SEC.

Submitted by the Audit Committee of the Board of Directors of Sterling Financial Corporation.

Thomas H. Boone
William Ike L. Eisenhart
