**Annual Meeting of Shareholders to be Held
Wednesday, August 1, 2006**

INTRODUCTION

The enclosed proxy is being solicited by our board of directors for use in connection with our annual meeting of shareholders to be held on Tuesday, August 1, 2006 at the offices of the company, 7500 Flying Cloud Drive, Eden Prairie, Minnesota 55344, at 3:30 p.m., central time, and at any adjournments thereof. The mailing of this proxy statement and our board of directors' form of proxy to shareholders will commence on or about June 30, 2006.

The board of directors requests that you vote on the proposals described in this proxy statement. You are invited to attend the meeting, but you do not need to attend the meeting in order to vote your shares. Instead, you may follow the instructions below to vote your shares over the telephone or on the Internet, or you can complete, sign and return the enclosed proxy card.

What is the purpose of the annual meeting?

At the annual meeting we will ask our shareholders to vote on two matters:

1. to elect a board of directors of six directors, to serve until the next annual meeting of shareholders or until their successors have been duly elected and qualified; and
2. to ratify the appointment of Grant Thornton LLP as our independent auditors for the fiscal year ending March 31, 2007;

as well as to transact other business that may properly be brought before the meeting. Following the formal portion of the meeting, our management will report on our performance and answer questions from our shareholders.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on June 20, 2006 will be entitled to vote at the meeting or adjournments thereof. At the close of business on the record date, we had 29,585,723 shares of our common stock outstanding and entitled to vote. Every share is entitled to one vote on each matter that comes before the meeting.

Who is entitled to attend the meeting?

Subject to space availability, all shareholders as of the record date, or their duly appointed proxies, may attend the meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in street name (that is, through a broker or other nominee), and you wish to vote your shares at the meeting, instead of by proxy, you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

A majority of the shares outstanding on the record date, present in person or represented by proxy, will constitute a quorum for the transaction of business at the meeting. If a quorum is present, the meeting can proceed. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining whether there is a quorum.

How do I vote?

Proxies in the accompanying form that are properly signed and duly returned to us, or if you hold your shares through a broker or bank, voted by telephone or through the Internet in accordance with the voting instructions set forth below, and not revoked, will be voted in the manner specified.

To vote by mail:

- Mark your selections on the proxy card.
- Date and sign your name exactly as it appears on your proxy card.
- Mail the proxy card in the enclosed postage-paid envelope.

If you hold your shares through a broker or bank, to vote by Internet:

- Go to the web site at www.eproxy.com/stel, 24 hours a day, seven days a week.
- You will be prompted to enter information from your proxy card and the last four digits of the U.S. Social Security Number or Tax Identification Number for this account to obtain your records and create an electronic ballot. If you do not have a U.S. Social Security Number or Tax Identification Number, please leave blank.
- Complete the electronic ballot and submit your voting instructions.

If you hold your shares through a broker or bank, to vote by telephone:

- From a touch-tone telephone, call the toll-free number printed on your proxy card or electronic notification, 24 hours a day, seven days a week.
- Enter the control number shown on your proxy card or electronic notification.
- Follow the simple recorded instructions.

If you are a registered shareholder and attend the annual meeting, you may deliver your proxy in person. If you hold your shares in street name, you need to obtain a proxy form from the institution that holds your shares.

May I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with our corporate secretary either a notice of revocation or a duly executed proxy bearing a later date. Alternatively, if you have voted by telephone or through the Internet, you may change your vote by calling the toll-free number again and following the instructions, or by accessing the web site and following the instructions. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What is the recommendation of the board of directors on voting my shares?

Our board of directors recommends a vote *for* the election of the six nominated directors to constitute the board of directors and *for* the ratification of Grant Thornton LLP as our independent auditors. If any other matters come up for a vote at the meeting, the proxy holders will vote in line with the recommendations of the board of directors or, if there is no recommendation, at their own discretion.

What vote is required to approve each item?

Election of Directors. Directors are elected by a plurality of the voting power of the shares of common stock entitled to vote and present in person or represented by proxy at the meeting. For this purpose, a properly executed proxy marked **WITHHELD** with respect to the election of director nominees will be counted for purposes of determining whether there is a quorum, but will have no effect on the outcome of the vote on the election of directors.

Other Items. For all other items that properly come before the meeting, the affirmative vote of a majority of the outstanding shares of common stock entitled to vote and present in person or represented by proxy at the meeting is required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will be counted for purposes of determining whether there is a quorum and will be considered present in person or by proxy and entitled to vote.

What is the effect of abstentions and broker non-votes?

If shareholders indicate on their proxy that they wish to abstain from voting on a particular proposal, including brokers holding their customers shares of record who cause abstentions to be recorded, these shares are considered present and entitled to vote at the meeting. These shares will count toward determining whether or not a quorum is present. However, these shares will not be considered cast with respect to the proposal for which they abstain from voting and will not be taken into account in determining the outcome of any of those proposals. Accordingly, an abstention will have the effect of a **NO** vote.

If a shareholder does not give a broker holding the shareholder's shares instructions as to how to vote the shares, the broker has authority under New York Stock Exchange rules to vote those shares for or against **routine** matters, such as the election of directors and the ratification of Grant Thornton LLP as our independent auditors. Brokers cannot vote on their customers' behalf on **non-routine** proposals. These rules apply to us notwithstanding the fact that shares of our common stock are traded on The Nasdaq National Market. If a broker votes shares that are unvoted by its customers for or against a **routine** proposal, these shares are counted for the purpose of establishing a quorum and also will be counted for the purpose of determining the outcome of the **routine** proposals on which they are cast. Shares held by a broker on behalf of a shareholder will not be considered cast with respect to any **non-routine** proposals and will not be taken into account in determining the outcome of any **non-routine** proposals.

May the meeting be adjourned?

If a quorum is not present to transact business at the meeting or if we do not receive sufficient votes in favor of the proposals by the date of the meeting, the persons named as proxies may propose one or more adjournments of the meeting to permit solicitation of proxies. Any adjournment would require the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting.

Who pays the expenses incurred in connection with the solicitation of proxies?

We will pay the cost of soliciting proxies in the accompanying form. In addition to solicitation by the use of the mail, certain directors, officers and regular employees may solicit proxies by telephone, the Internet, email or personal interview, and may request brokerage firms and custodians, nominees and other record holders to forward soliciting materials to the beneficial owners of our shares. We will reimburse them for their reasonable out-of-pocket expenses in forwarding these materials.

How may I obtain additional copies of the annual report?

Our annual report for our fiscal year ended March 31, 2006, known as fiscal 2006, including financial statements, is enclosed. The annual report is also available online at www.stellent.com. For additional printed copies, which are available without charge, please contact our corporate secretary by mail at Stellent, Inc., c/o Corporate Secretary, 7500 Flying Cloud Drive, Suite 500, Eden Prairie, Minnesota 55344.

What is the deadline for submitting a shareholder proposal for the 2007 annual meeting?

We must receive shareholder proposals intended to be presented at the 2007 annual meeting of shareholders that are requested to be included in the proxy statement for that meeting at our principal executive office no later than March 9, 2007. We must receive any other shareholder proposals intended to be presented at the 2007 annual meeting of shareholders at our principal executive office no later than May 3, 2007. The inclusion of any shareholder proposals in such proxy materials will be subject to the requirements of the proxy rules adopted under the Securities Exchange Act of 1934, including Rule 14a-8. Written copies of all shareholder proposals should be sent to our principal executive offices at Stellent, Inc., c/o Corporate Secretary, 7500 Flying Cloud Drive, Suite 500, Eden Prairie, Minnesota 55344.

Committees of Our Board of Directors

The board has an audit committee, established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, a compensation committee and a corporate governance and nominating committee. Following is a description of the functions performed by these committees.

Audit Committee

In accordance with its charter, our audit committee consists of at least three independent non-employee directors. The audit committee currently consists of Messrs. Tucker, as chairman, Binch and Soran. The board of directors has determined that all members of the audit committee are independent as that term is defined in the applicable listing standards of The Nasdaq Stock Market. In addition, the board of directors has determined that Mr. Tucker has the financial experience required by the applicable Nasdaq listing standards and is an audit committee financial expert as defined by applicable regulations of the Securities and Exchange Commission. The audit committee oversees our financial reporting process

by, among other things, reviewing our accounting and auditing principles and procedures with a view toward providing for adequate internal controls and reliable financial records, reviewing and reassessing the audit committee charter annually, recommending and taking action to oversee the independence of the independent auditors, selecting and appointing the independent auditors and approving all fees of, as well as the provision of any non-audit services by, our independent auditors. The audit committee met seven times during fiscal 2006. The responsibilities of the audit committee are set forth in the audit committee charter, adopted by the board in August 2000, and amended and restated most recently on June 2, 2004. A copy of the audit committee charter was included as an exhibit to the proxy statement for our 2004 annual meeting of shareholders as is available on our website at www.stellent.com.

Compensation Committee

We also maintain a compensation committee to provide recommendations concerning salaries, stock options and incentive compensation for our executive officers and employees. The compensation committee administers all of our equity incentive plans and our employee stock purchase plan. The members of the compensation committee are Messrs. Holec, as chairman, Menkes and Soran. The compensation committee met seven times and took action, by written action in lieu of a meeting, twice during fiscal 2006. A copy of the compensation committee charter is available on our website at www.stellent.com.

Corporate Governance and Nominating Committee

In accordance with its charter, the corporate governance and nominating committee monitors and recommends to the board corporate governance principles and business conduct guidelines, including overseeing the process for selecting director candidates, recommending to the board director nominees and reviewing and recommending as necessary, changes in the size and composition of the board and its committees. The charter of the corporate governance and nominating committee is available on our website at www.stellent.com. The corporate governance and nominating committee members are Messrs. Menkes, as chairman, Binch, Holec, Soran and Tucker. The corporate governance and nominating committee met four times during fiscal 2006.

Director Independence

Our board of directors has determined that all of its members except Mr. Olson are independent, as that term is used in Section 10A of the Securities Exchange Act of 1934, and as that term is defined in Rule 4200(a)(15) of the National Association of Securities Dealers regulations.

Director Qualifications and Director Nominee Selection Policy

The corporate governance and nominating committee is responsible for recommending nominees for election to the board of directors. The corporate governance and nominating committee is responsible for reviewing with the board, on an annual basis, the requisite skills and characteristics of individual board members, as well as the composition of the board as a whole, in the context of our needs. The corporate governance and nominating committee reviews all nominees for director and recommends to the board those nominees whose attributes it believes would be most beneficial to us. This assessment will include such issues as experience, integrity, competence, diversity, age, skills and dedication in the context of the needs of the board.

The corporate governance and nominating committee has established a policy that it will consider persons recommended by shareholders in selecting nominees for election to the board. Shareholders who wish to suggest qualified candidates should write to: Stellent, Inc., 7500 Flying Cloud Drive, Suite 500, Eden Prairie, Minnesota 55344, Attention: Corporate Governance and Nominating Committee, c/o

Corporate Secretary. All recommendations should state in detail the qualifications of such persons for consideration by the corporate governance and nominating committee and should be accompanied by an indication of the person's willingness to serve. If a shareholder wishes to nominate a director other than a person nominated by or on behalf of the board of directors, he or she must comply with certain procedures set out in our bylaws.

Compensation Committee Interlocks and Insider Participation

No executive officer serves as a member of the board of directors or compensation committee of any entity that has any of its executive officers serving as a member of our board of directors or compensation committee.

Certain Transactions

In fiscal 2006, we obtained certain insurance policies through Apollo Insurance Agency (Apollo), for which Apollo received approximately \$73,000 in commissions. John Delinsky, a principal of Apollo, is the brother-in-law of Robert F. Olson.

Director Compensation

Effective April 1, 2006, the board established a director compensation policy under which each member of the board who is not an employee of our company will receive on an annual basis \$40,000 in cash and the grant of 3,800 deferred share units. All deferred share units vest on the earlier of April 1, 2011, or upon a change of control of our company. The chair of the audit committee will receive an additional \$16,000 in cash annually and each chair of each other committee will receive an additional \$8,000 in cash annually.

Attendance at Annual Meeting

All directors are encouraged to attend the annual meeting of shareholders. All directors at the time of the 2005 annual meeting of shareholders attended that meeting.

Procedures for Contacting the Board of Directors

Security holders may communicate with any director in writing by mail addressed to our headquarters to the attention of the director by name, title or to any board member generally. Except for suspicious mail, mail received by us addressed to the attention of a director by name or title will be forwarded, unopened, to that director.

Suspicious mail received by us that is addressed to the attention of a director may be segregated by us and investigated by us or appropriate private or government agencies. Suspicious mail that eventually is determined to be benign and that is addressed to the attention of a director by name or title will be forwarded to that director.

Mail received by us addressed to the attention of any board member generally, without specifying a director by name or title, will be forwarded by us unopened to the Chairman of the Board.

Our board of directors unanimously recommends that you vote FOR the election of each of the six nominees listed above to constitute our board of directors.

**PROPOSAL 2 RATIFICATION OF THE
INDEPENDENT AUDITORS**

Grant Thornton LLP has been our independent auditors since February 1998. Upon recommendation by our audit committee, our board of directors has selected Grant Thornton LLP to serve as our independent auditors for fiscal 2007, subject to ratification by our shareholders. While it is not required to do so, our board of directors is submitting the selection of that firm for ratification in order to ascertain the view of our shareholders. If the selection is not ratified, the board of directors will reconsider its selection. Proxies solicited by our board of directors will, unless otherwise directed, be voted to ratify the appointment of Grant Thornton LLP as our independent auditors for fiscal 2007.

A representative of Grant Thornton LLP will be present at the meeting and will be afforded an opportunity to make a statement if the representative so desires and will be available to respond to appropriate questions during the meeting.

Report of the Audit Committee

The role of the audit committee is one of oversight of our company's management and outside auditors in regard to our company's financial reporting and internal controls with respect to accounting and financial reporting. The audit committee also considers and pre-approves any non-audit services provided by the outside auditors to ensure that no prohibited non-audit services are provided by the outside auditors and that the outside auditors' independence is not compromised. By its charter, the audit committee consists of at least three independent non-employee directors. In performing its oversight function, the audit committee relied upon advice and information received in its discussions with our company's management and independent auditors.

The audit committee has (i) reviewed and discussed our company's audited financial statements as of and for the fiscal year ended March 31, 2006 with our company's management; (ii) discussed with our company's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 regarding communication with audit committees; (iii) received the written disclosures and the letter from our company's independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees); and (iv) discussed with our company's independent auditors their independence from our company and has considered the compatibility of non-audit services with the auditors' independence.

Based on the review and discussions with management and the independent auditors referred to above, the audit committee recommended to the board that the audited financial statements be included in our annual report on Form 10-K for the fiscal year ended March 31, 2006 for filing with the Securities and Exchange Commission.

Board Compensation Committee Report on Executive Compensation

The compensation committee of the board generally has made decisions on compensation of our company’s executives. Each member of the committee is a non-employee director. All decisions by the committee relating to the compensation of our company’s executive officers are reviewed by the full board. Pursuant to rules designed to enhance disclosure of our company’s policies toward executive compensation, set forth below is a report prepared by the committee addressing the compensation policies for our company for the fiscal year ended March 31, 2006 as they affected our company’s executive officers.

The committee’s executive compensation policies are designed to provide competitive levels of compensation that integrate pay with our company’s annual objectives and long-term goals, reward above-average corporate performance, recognize individual achievements, and assist our company in attracting and retaining qualified executives. Executive compensation is set at levels that the committee believes to be consistent with others in our company’s industry.

There are three elements in our company’s executive compensation program, all determined by individual and corporate performance. They are:

- Base salary compensation;
- Annual incentive compensation; and
- Stock options.

Total compensation opportunities are competitive with those offered by employers of comparable size, growth and profitability in our company’s industry.

Base salary compensation is determined by the potential impact the individual has on our company, the skills and experiences required by the job, and the performance and potential of the incumbent in the job.

Annual incentive compensation for executives of our company is based primarily on corporate operating earnings and revenue growth and our company's positioning for future results, but also includes an overall assessment by the committee of executive management's performance, as well as market conditions.

Awards of stock option grants under our company's stock incentive plans are designed to promote the identity of long-term interests between our company's executives and its shareholders and assist in the retention of executives and other key employees. The stock incentive plans also permit the committee to grant stock awards to other key personnel.

The committee surveys employee stock option programs of companies with similar capitalization to our company prior to recommending the grant of options to executives. While the value realizable from exercisable options is dependent upon the extent to which our company's performance is reflected in the market price of the common stock at any particular point in time, the decision as to whether such value will be realized in any particular year is determined by each individual executive and not by the committee. Accordingly, when the committee recommends that an option be granted to an executive, that recommendation does not take into account any gains realized that year by that executive as a result of his or her individual decision to exercise an option granted in a previous year.

The committee believes that our company must offer a competitive benefits program to attract and retain our executive officers. During fiscal 2006 we provided medical and other benefits to our executive officers that are generally available to our other employees.

The committee evaluates the performance and establishes the base salary of the Chief Executive Officer on an annual basis based in part on the compensation criteria discussed above and the committee's assessment of his past performance and its expectation as to his future contributions in leading our company. In addition, the committee considers significant accomplishments made by our company during the prior year and other performance factors, such as the effectiveness of the Chief Executive Officer in establishing our company's strategic direction and growth objectives. Any incentive compensation is entirely dependent on the accomplishment by our company of certain corporate goals approved by the board. Factors considered by the committee in determining the Chief Executive Officer's base salary and cash bonus, if any, are not subject to any specific weighting factor or formula. In determining the Chief Executive Officer's base salary for fiscal 2006, as reported in the Summary Compensation Table, the committee considered the comparative compensation criteria and performance factors discussed above.

Based on Mr. Olson's performance, in fiscal 2006 the committee offered to grant Mr. Olson stock options in connection with his compensation. Mr. Olson refused to accept these stock options, preferring that they be offered as compensation to our company's other employees and directors.

Section 162(m) of the Internal Revenue Code of 1986 generally disallows a tax deduction to public companies for compensation over \$1 million paid to the corporation's chief executive officer or any of the four other most highly compensated executive officers. Compensation is not subject to the deduction limit if certain requirements are met, including that the compensation be performance-based. Our company intends to structure the performance-based portion of the compensation of its executive officers in a manner that complies with the statute to mitigate any disallowance of deductions.

To our knowledge, none of our directors or executive officers failed to file on a timely basis any reports during fiscal 2006.

NOTICE OF PROPOSED SETTLEMENT OF DERIVATIVE ACTION

A hearing will be held before the Honorable Kevin S. Burke, Judge of District Court, on August 1, 2006 at 1:30 p.m., at the Hennepin County Government Center, Courtroom 1059, 300 S. 6th Street, Minneapolis, Minnesota 55487, to determine whether the proposed settlement of the alleged derivative claims brought on behalf of Stellent, Inc. (Stellent) and against certain individual defendants in State of Minnesota District Court, County of Hennepin, No. MC 05-015749, (the Action), should be approved as fair, reasonable, and adequate, and if approved, to determine whether judgment in the Action should be rendered according to the terms of the settlement.

The Action is a shareholders derivative suit brought by shareholders Phillip Arlia and C. Robert Farr (Plaintiffs) derivatively on behalf of nominal defendant Stellent against defendants Robert F. Olson, Gregg A. Waldon, Kenneth H. Holec, Steven C. Waldron, Raymond A. Tucker, Michael W. Ferro, Jr. and Vernon J. Hanzlik. The Action arises out of alleged violations of state law, including breach of fiduciary duties, relating to improper transactions to maintain revenue targets and false and misleading statements pertaining to Stellent s financials and business. Individual Defendants and Stellent vigorously deny any wrongdoing and deny any misstatements. Defendants deny that any violations of applicable state laws, or securities laws, federal or state, have occurred, and believe that at all times they acted in good faith and in a manner that they believed to be in the best interests of Stellent and its shareholders.

Cognizant that sustained, expensive, distracting litigation and the risks associated with such litigation would not be in the best interests of Stellent and its shareholders, the parties entered into good faith negotiations to settle the dispute. The respective parties entered into a written Settlement Agreement and General Release (Agreement) effective June 8, 2006. All of the parties believe that the Agreement represents the best interests of Stellent and its shareholders.

In response to demand letters sent by Stellent shareholders, Plaintiffs Farr and Arlia, in January 2004 and March 2004, respectively, that requested the Company pursue a claim against certain current and former officers and directors for breach of fiduciary duty, on April 29, 2004, Stellent s Board of Directors formed a Special Litigation Committee (SLC) to evaluate the shareholders demand. The SLC consisted of retired Minnesota Supreme Court Justice Edward Stringer and independent board member Phil Soran. The SLC conducted an investigation which included review and analysis of documents and interested party interviews. Plaintiffs counsel who made the demand were also invited to participate and did participate in the SLC process, providing information that they believe would assist the SLC, such as an eleven page legal analysis of Plaintiffs arguments. At a Board meeting held on April 21, 2005, the SLC recommended to the Board that an action not be commenced. The SLC concluded that the pursuit of a shareholder derivative action would not be in the best interests of the Company. The Board accepted the recommendation of the SLC and determined it would not pursue any derivative action against the officers or directors based on the demands.

Following the Board s determination, Plaintiffs re-filed their derivative action on behalf of Stellent in Minnesota state court and alleged that the Board members breached their fiduciary duties. Due to the expense and distraction of the Action the Company has consented to a settlement that the Plaintiffs counsel reached with the Company s insurance carrier. Stellent s insurers have agreed to pay \$250,000 to reimburse the Plaintiffs attorneys fees and costs in bringing this action and in acknowledgement of the benefit provided by Plaintiffs participation in the SLC process, subject to court approval. Stellent has agreed that such an amount (if approved) is fair and reasonable and in the best interests of Stellent and its shareholders.

In return, all of the claims brought in this Action by Plaintiffs, including claims against the Defendants for breach of fiduciary duty, abuse of control, gross mismanagement, waste of corporate assets, unjust enrichment and disgorgement of insider trading profits, are dismissed with prejudice and all shareholders of record are barred from any future litigation asserting those or related claims.
