PROXY STATEMENT

For the Annual Meeting of Stockholders
To Be Held on June 7, 2007

June 7, 2007

Proxies in the form enclosed with this Proxy Statement are solicited by the Board of Directors of Clayton Holdings, Inc., a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders to be held on Thursday, June 7, 2007, at 9:00 a.m., local time, at the Courtyard Marriott, 780 Bridgeport Avenue, Shelton, Connecticut 06484, or at any adjournments or postponements thereof (the Annual Meeting).

An Annual Report to Stockholders, containing financial statements for the year ended December 31, 2006, is being mailed together with this Proxy Statement to all stockholders entitled to vote at the Annual Meeting. The Annual Report, however, is not a part of the proxy solicitation material. This Proxy Statement and the form of proxy will be mailed to stockholders on or about April 30, 2007.

The purposes of the Annual Meeting are to (i) elect two Class II directors for three-year terms, (ii) ratify the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm and (iii) consider and vote upon such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof. Only stockholders of record at the close of business on April 17, 2007 (the Record Date) will be entitled to receive notice of and to vote at the Annual Meeting. As of that date, 21,066,588 shares of common stock, par value \$.01 per share, of the Company (the Common Stock) were issued and outstanding, and there were seventy-seven stockholders of record. The holders of Common Stock are entitled to one vote per share on any proposal presented at the Annual Meeting. You may vote in one of the following three ways whether or not you plan to attend the Annual Meeting: (1) by completing, signing and dating the accompanying proxy card and returning it in the postage-prepaid envelope enclosed for that purpose; (2) by completing your proxy using the toll-free telephone number listed on the proxy card; or (3) by completing your proxy on the Internet at the address listed on the proxy card. Votes made by phone or on the Internet must be received by 11:59 p.m., local time, on June 6, 2007. If you attend the Annual Meeting, you may vote in person even if you have previously returned your proxy card or completed your proxy by phone or on the Internet.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (a) filing with the Secretary of the Company, before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy, (b) duly completing a later-dated proxy relating to the same shares and delivering it to the Secretary of the Company before the taking of the vote at the Annual Meeting, or (c) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be sent so as to be delivered to Clayton Holdings, Inc., 2 Corporate Drive, Shelton, Connecticut 06484, Attention: Secretary, before the taking of the vote at the Annual Meeting.

The representation in person or by proxy of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business. Votes withheld from any nominee, abstentions and broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum for the Annual Meeting. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal but does

not vote on another proposal because, with respect to such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

For Proposal 1, the election of Class II directors, the nominees receiving the highest number of affirmative votes of the shares present or represented by proxy and entitled to vote on such matter at the Annual Meeting shall be elected as directors. Abstentions and broker non-votes will not be counted as voting with respect to the election of the Class II directors and, therefore, will not have an effect on the election of the Class II directors.

For Proposal 2, the ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for the current year, an affirmative vote of a majority of the shares present or represented by proxy and entitled to vote on such matter at the Annual Meeting is required for approval. Abstentions are included in the number of shares present or represented by proxy and voting on such matter, and will be counted as voting against the ratification of the appointment of the independent registered public accounting firm. Broker non-votes are not considered voted for the particular matter and have the effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated. An automated system administered by the Company's transfer agent tabulates the votes. The vote on each matter submitted to stockholders is tabulated separately.

The persons named as attorneys-in-fact in the proxies, Steven L. Cohen, Frederick C. Herbst and David Keith Johnson, were selected by the Board of Directors and are officers of the Company. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted by such persons at the Annual Meeting. Where a choice has been specified on the proxy with respect to the foregoing matters, the shares represented by the proxy will be voted in accordance with the specifications. If no such specifications are indicated, such proxies will be voted **FOR** election of the director nominees and **FOR** ratification of the appointment of the independent registered public accounting firm.

Aside from the election of directors and ratification of the appointment of the independent registered public accounting firm, the Board of Directors knows of no other matters to be presented at the Annual Meeting. If any other matter should be presented at the Annual Meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as attorneys-in-fact in the proxies.

**PROPOSAL 1
ELECTION OF DIRECTORS**

The Company's Board of Directors currently consists of nine members. The Company's certificate of incorporation divides the Board of Directors into three classes. One class is elected each year for a term of three years. The Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated Messrs. Libman and Sonderby, and recommended that each be elected to the Board of Directors as a Class II director, each to hold office until the Annual Meeting of Stockholders to be held in the year 2010 and until his successor has been duly elected and qualified or until the earlier of his death, resignation or removal. Messrs. Libman and Sonderby are currently Class II directors whose terms expire at this Annual Meeting. Mr. Crockett, our third current Class II director, has declined to stand for reelection and will step down from our Board of Directors at the Annual Meeting.

The current Board of Directors is also composed of (i) three Class I directors (Margaret Sue Allon, Frank P. Filippis and Thomas J. Skelly), whose terms expire upon the election and qualification of directors at the Annual Meeting of Stockholders to be held in 2009 and (ii) three Class III directors (David Gilbert, Roger B. Kafker and Frank L. Raiter), whose terms expire upon the election and qualification of directors at the Annual Meeting of Stockholders to be held in 2008. Mr. Filippis serves as the Chairman of the Board of Directors.

The Board of Directors knows of no reason why any of the nominees would be unable or unwilling to serve, but if any nominee should for any reason be unable or unwilling to serve, the proxies will be voted for the election of such other person for the office of director as the Board of Directors may recommend in the place of such nominee. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below.

Vote Required For Approval

A quorum being present, the nominees receiving the highest number of affirmative votes of the shares present or represented by proxy and entitled to vote on such matter at the Annual Meeting shall be elected as directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINEES LISTED BELOW.

**PROPOSAL 2
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has retained the firm of Grant Thornton LLP, an independent registered public accounting firm, to serve as the Company's independent registered public accounting firm for the year ending December 31, 2007. Grant Thornton LLP has served as the Company's independent registered public accounting firm since the Company's inception in 2005, and had previously served as independent registered public accounting firm to the Company's predecessor. The Audit Committee reviewed and discussed its selection, and the performance, of Grant Thornton LLP for the year ended December 31, 2006. A representative of Grant Thornton LLP will be present at the Annual Meeting, will be given the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions.

Although the Company is not required to submit the ratification of the selection of its independent registered public accounting firm to a vote of stockholders, the Audit Committee believes that it is good corporate governance and sound policy to do so. If the stockholders fail to ratify the appointment of Grant Thornton LLP, the Audit Committee will reconsider whether or not to retain the firm. If the selection of Grant Thornton LLP as our independent registered public accounting firm is ratified, the Audit Committee, in its discretion, may nevertheless select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Vote Required For Approval

A quorum being present, an affirmative vote of a majority of the shares present or represented by proxy and entitled to vote on such matter at the Annual Meeting is required for approval of the ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for 2007.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF GRANT THORNTON LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2007.

(Nasdaq) and the Securities and Exchange Commission (SEC), including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the Exchange Act). In addition, the Board of Directors has determined that each current member of the Audit Committee and Mr. Skelly is financially literate and that Messrs. Raiter and Sonderby each qualify as an audit committee financial expert under the rules of the SEC. Stockholders should understand that this designation is a disclosure requirement of the SEC related to each of their experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Messrs. Raiter or Sonderby any duties, obligations or liability that are greater than are generally imposed on other members of the Audit Committee and the Board of Directors, and designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board of Directors.

The Audit Committee met eleven times during the year ended December 31, 2006. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available at the Corporate Governance section of the Company's website at <http://www.clayton.com>.

As described more fully in its charter, the Audit Committee oversees the Company's accounting and financial reporting processes, internal controls and audit functions. In fulfilling its role, the Audit Committee's responsibilities include, but are not limited to:

Independence of Members of the Board of Directors

The Board of Directors has determined that Messrs. Gilbert, Libman, Raiter, Skelly and Sonderby are independent within the meaning of the director independence standards of both Nasdaq and the SEC, including Rule 10A-3(b)(1) under the Exchange Act. Messrs. Kafker and Crockett are independent within the meaning of the Nasdaq independence standards, but not the SEC standards. The Board of Directors has determined that each of the committees of the Board of Directors is currently independent within the meaning of Nasdaq's and the SEC's director independence standards.

Executive Sessions of Independent Directors

Non-management members of the Board of Directors typically meet without the employee director of the Company following regularly scheduled in-person meetings of the Board of Directors. Executive sessions of the independent directors are held at least one time each year following regularly scheduled in-person meetings of the Board of Directors. These executive sessions include only those directors who meet the independence requirements promulgated by Nasdaq, and Mr. Kafker is responsible for chairing these executive sessions.

Compensation Committee Interlocks and Insider Participation

During 2006, Messrs. Kafker, Libman and Raiter served as members of the Compensation Committee. No member of the Compensation Committee was an employee or former employee of the Company or any of its subsidiaries, or had any relationship with the Company requiring disclosure herein.

During 2006, no executive officer of the Company served as: (i) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the Compensation Committee of the Company; (ii) a director of another entity, one of whose executive officers served on the Compensation Committee of the Company; or (iii) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as a director of the Company.

Policies Governing Director Nominations

Director Qualifications

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for reviewing with the Board of Directors from time to time the appropriate qualities, skills and characteristics desired of members of the Board of Directors in the context of the needs of the business and current make-up of the Board of Directors. The Nominating and Corporate Governance Committee must be satisfied that each committee-recommended nominee shall have the highest personal and professional integrity, shall have demonstrated exceptional ability and judgment, and shall be most effective, in conjunction with the other nominees to the Board of Directors, in collectively serving the long-term interests of the stockholders. In addition to these minimum qualifications, the Nominating and Corporate Governance Committee shall recommend that the Board of Directors select persons for nomination to help ensure that a majority of the Board of Directors shall be independent, in accordance with the standards established by Nasdaq, and that at least one member of the Audit Committee shall have such experience, education and other qualifications necessary to qualify as an audit committee financial expert, as defined by SEC rules. Finally, in addition to any other standards the Nominating and Corporate Governance Committee may deem appropriate from time to time for the overall structure and composition of the Board of Directors, the Nominating and Corporate Governance Committee may consider whether a nominee has direct experience in the industry or in the markets in which we operate and whether the nominee, if elected, will assist in achieving a mix of Board members that represents a diversity of background and experience.

Process for Identifying and Evaluating Director Nominees

The Board of Directors is responsible for selecting its own members. The Board of Directors delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board of Directors, and of management, will be requested to take part in the process as appropriate.

Generally, the Nominating and Corporate Governance Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful to identify candidates. Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means that the Nominating and Corporate Governance Committee deems to be helpful in the evaluation process. The Nominating and Corporate Governance Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board of Directors. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board of Directors' approval as director nominees for election to the Board of Directors. The Nominating and Corporate Governance Committee also recommends candidates to the Board of Directors for appointment to the committees of the Board of Directors.

Procedures for Recommendation of Director Nominees by Stockholders

The Nominating and Corporate Governance Committee will consider director nominee candidates who are recommended by stockholders of the Company. Stockholders, in submitting recommendations to the Nominating and Corporate Governance Committee for director nominee candidates, shall follow the following procedures:

The Nominating and Corporate Governance Committee must receive any such recommendation for nomination not less than 120 calendar days prior to the first anniversary of the date the Company's proxy statement was released to stockholders in connection with the previous year's annual meeting.

All recommendations for nomination must be in writing and include the following:

- The name and address of record of the stockholder.

- The name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the preceding five (5) full fiscal years of the proposed director candidate.
- A description of the qualifications and background of the proposed director candidate which addresses the minimum qualifications and other criteria approved by the Nominating and Corporate Governance Committee from time to time and set forth in Nominating and Corporate Governance Committee charter.
- A description of all arrangements or understandings between the stockholder and the proposed director candidate.
- The consent of the proposed director candidate (i) to be named in the proxy statement relating to the Company's annual meeting of stockholders and (ii) to serve as a director if elected at such annual meeting.
- Any other information regarding the proposed director candidate that is required to be included in a proxy statement filed pursuant to SEC rules.

Nominations must be sent to the attention of the Secretary of the Company by U.S. mail (including courier or expedited delivery service) to:

Clayton Holdings, Inc.
2 Corporate Drive
Shelton, CT 06484
Attn: Secretary of Clayton Holdings, Inc.

The Secretary of the Company will promptly forward any such nominations to the Nominating and Corporate Governance Committee. As a requirement to being considered for nomination to the Company's Board of Directors, a candidate may need to comply with the following minimum procedural requirements:

- A candidate must undergo a comprehensive private investigation background check by a qualified company of the Company's choosing; and
- A candidate must complete a detailed questionnaire regarding his or her experience, background and independence.

Once the Nominating and Corporate Governance Committee receives the nomination of a candidate and the candidate has complied with the minimum procedural requirements above, such candidacy will be evaluated and a recommendation with respect to such candidate will be delivered to the Board of Directors. In addition to these procedures for recommending a director nominee to the Nominating and Corporate Governance Committee, a stockholder may propose an individual for election to the Board of Directors in accordance with the Company's By-Laws, as described in the "Stockholder Proposals" section of this Proxy Statement.

Board of Directors Evaluation Program

In order to maintain the Company's governance standards, the Board of Directors is required to undertake annually a formal evaluation process consisting of an overall Board of Directors evaluation, peer evaluation and self evaluation. As part of the evaluation process, the Board of Directors evaluates a number of competencies, including but not limited to: Board structure; Board roles; Board processes; Board composition, orientation and development; and Board dynamics, effectiveness and involvement. The evaluation process also includes consideration of the appropriate Board size, succession planning and the technical, business and organizational skills required of future Board members.

In accordance with its charter, the Audit Committee conducts an appropriate review of all related party transactions for potential conflict of interest situations on an ongoing basis, and the approval of the Audit Committee is required for all related party transactions.

On March 29, 2006, we paid approximately \$51.4 million to investment funds affiliated with TA Associates, that are collectively significant stockholders, and \$0.9 million to an affiliate of Mr. Libman, a director, to redeem the redeemable preferred stock issued simultaneously with closing of our initial public offering following the conversion of our convertible preferred stock, some of which was held by these stockholders. All such payments were made, and the conversion of our convertible preferred stock occurred, pursuant to the our certificate of incorporation, as then in effect. This certificate of incorporation and the completion of our initial public offering had both been previously approved by our stockholders and Board of Directors.

Harvey Allon, the husband of Margaret Sue Allon, a director, is a Managing Director of Braddock Financial Corporation (Braddock), an investment firm. Clayton Fixed Income Services has provided credit risk management services to Braddock since 1999. All members of our Board of Directors, including the members of our Audit Committee, are aware of this pre-existing relationship. Any services we provide to Braddock are on standard terms and negotiated at arms' length. During 2006, we received approximately \$661,000 in revenue from Braddock for these services. Our provision of services to Braddock in 2006 was ratified by the Audit Committee. In addition, the Audit Committee has approved our ongoing provision of services to Braddock and management will update the Audit Committee regarding any substantial change in the volume or scope of these services.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

We provide what we believe is a competitive total compensation package to our executive management team through a combination of a base salary, an annual bonus opportunity, a long-term incentive opportunity, retirement benefits, perquisites and other benefits.

We place significant emphasis on pay-for-performance based incentive compensation which is designed to reward the achievement of predetermined company and individual goals and the generation of increased stockholder value. This Compensation Discussion and Analysis explains our compensation philosophy, policies and practices with respect to our chief executive officer, chief financial officer, and the other three most highly compensated executive officers, who are collectively referred to as our named executive officers.

The Objectives of our Executive Compensation Program.

Our Compensation Committee is responsible for establishing and administering our policies governing the compensation for our executive officers. The Compensation Committee is composed entirely of independent, non-employee directors. See Management Compensation Committee.

Our executive compensation program is designed to achieve the following objectives:

- Attract and retain talented and experienced executives;
- Motivate and reward executives whose knowledge, skills and performance are critical to our success;
- Align the interests of our executive officers and stockholders by motivating executive officers to increase stockholder value;
- Provide a competitive compensation package which is weighted towards pay-for-performance, and in which total compensation is primarily determined by the company's and the individual's achievement of results and the creation of stockholder value;
- Foster a shared commitment among executives by aligning the company's and their individual goals; and
- Compensate our executives to manage our business to meet our objectives.

The Compensation Committee meets outside the presence of all of our executive officers, including the named executive officers, to consider appropriate compensation for our chief executive officer. For all other named executive officers, the Compensation Committee meets outside the presence of all executive officers except our chief executive officer. The annual performance reviews of our executive officers are considered by the Compensation Committee when making decisions on setting base salary, targets for and payments of annual bonus opportunities and grants of long-term equity incentive awards. When making decisions on executive officers, the Compensation Committee considers competitive compensation data, the importance of the position to us, the past salary history of the executive officer and the contributions we expect the executive officer to make to the success of our business.

To assist management and the Compensation Committee in assessing and determining competitive compensation packages, we engaged compensation consultants Mercer Human Resource Consulting (Mercer).

We use the following principles to guide our decisions regarding executive compensation:

Provide compensation opportunities targeted at market median levels.

To attract and retain executives with the ability and the experience necessary to lead us and deliver strong performance to our stockholders, we strive to provide a total compensation package that is competitive with total compensation provided by other similarly sized business service companies. Our policy is to target total compensation at median levels among this peer group, with leverage provided through the incentive programs such that above target performance yields above average compensation and below target performance yields below average compensation. Because a large portion of total executive compensation is provided in the form of incentives that are contingent on performance, actual compensation of these executives will vary above and below these targeted median levels depending on our companywide and their individual performance. In periods of strong performance, actual compensation will exceed these targeted levels. If a downturn in performance occurs, the Compensation Committee expects actual compensation to be below these targeted levels.

The Compensation Committee periodically reviews data on industry compensation levels and financial performance to assess competitive levels of compensation for our executive officers. In January 2007, the Compensation Committee, with the assistance of Mercer, compared the total compensation of selected named executive officers and the compensation practices of business service companies with similar gross revenue and full time employee equivalents. The process utilized by us and our consultants is as follows:

- Mercer benchmarks the total compensation of our named executive officers relative to these peer companies, providing advice on how to structure cash and equity incentives, and providing guidance on changing regulatory requirements and best practices. Compensation elements, including salary, bonus, total cash compensation, long-term incentives, and total direct compensation, are analyzed from the preceding year's proxy disclosures by these peer companies.
- Mercer provides market analysis reports showing the estimated market value for each job benchmarked. Based on feedback from us, Mercer makes any necessary revisions. Market comparison reports are generated and provided for the Compensation Committee's review.

Require performance goals to be achieved and/or stockholder value to be increased in order to increase compensation.

Our executive compensation program includes pay-for-performance. Performance is measured based on our overall financial performance as well as achievement of company, departmental and individual performance goals, as determined by our Compensation Committee. The goals for our company, departments and individuals are established so that target attainment is not assured. The attainment of payment for performance at or above target levels will require significant effort on the part of our executives.

The compensation package for our executive officers includes both a cash opportunity and equity incentive plans that align each executive's compensation with our short-term and long-term performance goals and objectives. Our Compensation Committee determines an overall available bonus pool to compensate all employees for achieving our annual financial goals at the corporate level. The Compensation Committee then has full discretion to allocate this overall available pool to executive officers to reward these individuals for achieving personal performance objectives.

Offer a comprehensive benefits package to all full-time employees.

Our employees, including our executive officers, are entitled to various employee benefits. These benefits include the following: medical, vision and dental care plans; flexible spending accounts for healthcare and dependent care; life and disability insurance; a 401(k) plan; and paid time off.

Provide fair and equitable compensation.

We provide a total compensation program that we believe will be perceived by both our executive officers and our stockholders as fair and equitable. In addition to conducting analyses of market compensation levels and considering individual circumstances related to each executive officer, we have designed the total compensation programs to be consistent for our executive management team.

Our Executive Compensation Programs

We aim to deliver a substantial portion of total compensation in the form of cash and equity incentives to achieve its objective of holding executives accountable for company performance and offering rewards for successful business results and increased shareholder value. Compensation opportunities for our executive officers, including our named executive officers, are designed to be competitive within our industry. We believe that a substantial portion of each named executive officer's compensation should be performance-based. In 2006, variable incentive compensation ranged from approximately 30% to 42% of total compensation of our named executive officers.

In determining whether to adjust the compensation of our executive officers, including our named executive officers, annually we ask each of them to undertake a self-assessment. Each named executive officer provides the completed self-assessment to our president and our chief executive officer for their review prior to submitting recommendations to the Compensation Committee. The president's and chief executive officer's recommendation to the Compensation Committee consists of each named executive officer's self-assessment and any revisions or comments the president and chief executive officer suggest. The Compensation Committee discusses each recommendation with the president and chief executive officer, except that the president is not present when his or the chief executive officer's compensation is discussed and the chief executive officer is not present when his compensation is discussed. Once the review process is complete, the Compensation Committee establishes the annual base and incentive compensation target for each named executive officer.

Annual Cash Compensation

To attract and retain executives with the ability and the experience necessary to lead us and deliver strong performance to our stockholders, we provide a competitive total compensation package. We target base salaries at median among business service companies with similar gross revenue and full time employee equivalents and take into consideration individual performance and experience to ensure that each executive is appropriately compensated.

Base Salary.

We design base salaries to compensate our executives for their position and level of responsibility. Each of our named executive officers has an employment agreement with the Company. The Compensation Committee reviews base salaries annually and may adjust individual salaries commensurately with performance, business impact, tenure and experience, and changes in job responsibilities and market practice. When establishing the base salary of any executive officer, we also consider business requirements for certain skills, individual experience and contributions, the roles and responsibilities of the executive and other factors. We believe that a competitive base salary is necessary to

attract and retain an executive management team with the appropriate abilities and experience required to lead us.

The base salaries paid to our named executive officers are set forth below in the Summary Compensation Table. See Summary of Compensation. For the fiscal year ended December 31, 2006, the aggregate annual base salary of our named executive officers was approximately \$1,462,000, with our chief executive officer receiving \$512,423 of that amount. We believe that the base salary paid to our executive officers during 2006 achieves our executive compensation objectives, compares favorably to our peer group and is within our target of providing a base salary at the market median.

Annual Cash Bonus Awards.

Target annual incentive opportunities are provided to be able to reward for the achievement of yearly performance objectives, and to provide an element of annual cash compensation that is variable in nature. Target incentive opportunities are designed to provide compensation around the median of the market. The incentive plan is largely discretionary though the funding of the pool through EBITDA targets is not. The Compensation Committee sets an EBITDA target and rate at which the bonus pool is funded for performance on, above and below target. After performance has been determined and the pool has been funded, the Compensation Committee has the discretionary ability to allocate amounts of the bonus pool to an individual based on departmental and individual performance.

With regard to the named executive officers, 2006 annual incentives were subject to the size of the pool and the allocation process described above. The bonus allocation to some of the named executive officers reflects their contribution to the successful completion of our initial public offering.

For 2006, the target bonus awards for our named executive officers as compared to their actual 2006 bonus allocations were as follows:

Named Executive Officer	2006 Target Bonus as % of Base Salary	2006 Actual Bonus	2006 Actual Bonus as % of Base Salary
Frank P. Filippis	100-150 %	\$ 775,500	151 %
Frederick C. Herbst	120 %	\$ 285,000	114 %
David Keith Johnson	100 %	\$ 237,500	100 %
Louis H. Iannaccone	65 %	\$ 140,400	55 %
Steven L. Cohen	60 %	\$ 150,000	73 %

Equity Incentive Compensation

Long-term incentive awards are granted to align our executives with our shareholders by focusing on our stock price performance and other indicators of long-term performance. These awards also contribute to stronger retention rates through the application of multi-year vesting provisions. Our policy is to use both stock options and restricted stock to properly incentivize our executive officers to focus on the long-term success of the Company. In addition to stock options and restricted stock, we have the flexibility to use other long-term equity incentive vehicles.

Except in connection with the hiring of Mr. Johnson, we did not grant stock options to our named executive officers in 2006 as they received grants prior to our initial public offering. In January 2007, we began awarding restricted stock to our executive officers. Our Compensation Committee may continue to make similar awards in the future, but the decision to do so will be revisited annually and on an individual basis taking into consideration individual performance and other factors affecting the creation of shareholder value. In January 2007, each of Frederick C. Herbst, David Keith Johnson and Steven L. Cohen received awards of restricted stock.

Other Benefits Programs

We believe in creating a cooperative environment in which all employees are committed to us and motivated to meet our business objectives. Towards this end, we offer our employees various benefits, including medical, vision and dental care plans, flexible spending accounts for healthcare and dependent care, life and disability insurance, a 401(k) plan and paid time off. Members of senior management are entitled to life insurance, disability and paid time off benefits that are more generous than those provided to other employees.

Employee Equity Compensation Plans**2005 Stock Option and Grant Plan**

Our 2005 Stock Option and Grant Plan, or 2005 Option Plan, was adopted by our Board of Directors and approved by our stockholders on March 31, 2005. In connection with the combination of Clayton Services and CFIS, the outstanding options held by employees and officers of each of Clayton Services and CFIS were converted into options under our 2005 Option Plan. The existing option plans for each of Clayton Services and CFIS were terminated in all respects. We reserved 7,398,236 shares of our common stock for the issuance of awards under the 2005 Option Plan.

The 2005 Option Plan is administered by our Compensation Committee or by our Board of Directors. The administrator of the 2005 Option Plan has full power and authority to select the participants to whom awards will be granted, to make any combination of awards to participants, to accelerate the exercisability or vesting of any award and to determine the specific terms and conditions of each award, subject to the provisions of the 2005 Option Plan.

The 2005 Option Plan permits us to make grants of incentive stock options, non-qualified stock options, restricted stock awards and unrestricted stock awards to officers, employees, directors, consultants and other key persons. Stock options granted under the 2005 Option Plan have a maximum term of ten years from the date of grant and incentive stock options have an exercise price of no less than the fair market value of the common stock on the date of grant.

Upon the completion of our initial public on March 29, 2006, the vesting term for all options granted under the 2005 Option Plan was automatically accelerated by one year. In the event of a merger, sale or dissolution of Clayton, or a similar sale event, all stock options will become fully exercisable and all other awards granted under the 2005 Option Plan will become fully vested and non-forfeitable unless the parties to the transaction, in their discretion, provide for appropriate substitutions or assumptions of outstanding awards. The 2005 Option Plan will automatically terminate upon the consummation of the sale event, unless the parties, in their sole discretion, provide otherwise.

In connection with the adoption of our 2006 Stock Option and Incentive Plan, which is discussed in detail below, our Board of Directors determined not to grant any further awards under the 2005 Option Plan.

2006 Stock Option and Incentive Plan

Our 2006 Stock Option and Incentive Plan, or 2006 Option Plan, was adopted by our Board of Directors and approved by our stockholders in March 2006. The 2006 Option Plan permits us to make grants of incentive stock options, non-qualified stock options, stock appreciation rights, deferred stock awards, restricted stock awards, unrestricted stock awards, and dividend equivalent rights. We reserved 1,814,130 shares of our common stock for the issuance of awards under the 2006 Option Plan. This number is subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization. Generally, shares that are forfeited or canceled from awards under the 2006 Option Plan also will be available for future awards.

The 2006 Option Plan is administered by either a committee of at least two non-employee directors, or by our full Board of Directors. The administrator of the 2006 Option Plan has full power and authority to select the participants to whom awards will be granted, to make any combination of awards to participants, to accelerate the exercisability or vesting of any award and to determine the specific terms and conditions of each award, subject to the provisions of the 2006 Option Plan.

All full-time and part-time officers, employees, non-employee directors and other key persons (including consultants and prospective employees) are eligible to participate in the 2006 Option Plan, subject to the discretion of the administrator. There are certain limits on the number of awards that may be granted under the 2006 Option Plan. For example, no more than 750,000 shares of stock may be granted in the form of stock options or stock appreciation rights to any one individual during any one-calendar-year period.

The exercise price of stock options awarded under the 2006 Option Plan may not be less than the fair market value of the common stock on the date of the option grant and the term of each option may not exceed ten years from the date of grant. The administrator will determine at what time or times each option may be exercised and, subject to the provisions of the 2006 Option Plan, the period of time, if any, after retirement, death, disability or other termination of employment during which options may be exercised.

To qualify as incentive options, stock options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options which first become exercisable in any one calendar year, and a shorter term and higher minimum exercise price in the case of certain large stockholders. No incentive stock option awards may be granted under the 2006 Option Plan after March 2016.

Stock appreciation rights may also be granted under our 2006 Option Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. The administrator determines the terms of stock appreciation rights, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of our common stock, or a combination thereof. The exercise price of stock appreciation rights granted under our 2006 Option Plan may not be less than the fair market value of our common stock on the date of grant.

Restricted stock may also be granted under our 2006 Option Plan. Restricted stock awards are shares of our common stock that vest in accordance with terms and conditions established by the administrator. The administrator will determine the number of shares of restricted stock granted to any recipient. The administrator may impose whatever vesting conditions it determines to be appropriate. For example, the administrator may set restrictions based on the achievement of specific performance goals. Shares of restricted stock that do not vest are subject to our right of repurchase or forfeiture.

Deferred and unrestricted stock awards may also be granted under our 2006 Option Plan. Deferred stock awards are units entitling the recipient to receive shares of stock paid out on a deferred basis, and

subject to such restrictions and conditions, as the administrator shall determine. Certain grantees, including directors, will be permitted to defer their compensation and receive deferred stock awards in lieu of current cash compensation. All deferred compensation will be structured to meet the requirements of Section 409A of the Internal Revenue Code. Our 2006 Option Plan also gives the administrator discretion to grant stock awards free of any restrictions.

Dividend equivalent rights may be granted under our 2006 Option Plan. Dividend equivalent rights are awards entitling the grantee to current or deferred payments equal to dividends on a specified number of shares of stock. Dividend equivalent rights may be settled in cash or shares and subject to other conditions, as the administrator shall determine.

Unless the administrator provides otherwise, our 2006 Option Plan does not allow for the transfer of awards and only the recipient of an award may exercise an award during his or her lifetime.

In the event of a merger, sale or dissolution of Clayton, or a similar sale event, all stock options and stock appreciation rights granted under the 2006 Option Plan will automatically become fully exercisable and all other awards granted under the 2006 Option Plan will become fully vested and non-forfeitable, except that all shares of restricted stock granted to date may be assumed or substituted for similar awards, if the parties to the transaction, in their discretion, so provide. In addition, upon the effective time of any such sale event, the 2006 Option Plan and all awards will terminate unless the parties to the transaction, in their discretion, provide for appropriate substitutions or assumptions of outstanding awards.

Our Board of Directors may amend or discontinue the 2006 Option Plan at any time and the administrator may amend or cancel any outstanding award for the purpose of satisfying changes in law or for any other lawful purpose. No such amendment may adversely affect the rights under any outstanding award without the holder's consent. Other than in the event of a necessary adjustment in connection with a change in the company's stock or a merger or similar transaction, the administrator may not reprice or otherwise reduce the exercise price of outstanding stock options. Further, amendments to the 2006 Option Plan will be subject to approval by our stockholders if the amendment (i) increases the number of shares available for issuance under the 2006 Option Plan, (ii) expands the types of awards available under, the eligibility to participate in, or the duration of, the plan, (iii) materially changes the method of determining fair market value for purposes of the 2006 Option Plan; (iv) is required by the Nasdaq Global Market rules, or (v) is required by the Internal Revenue Code to ensure that incentive options are tax-qualified.

Option Exercises and Stock Vested

No named executive officers exercised any options or had any restricted stock vest in 2006.

Potential Payments Upon Termination or Change of Control

We have entered into certain agreements and maintain certain plans that may require us to make certain payments and/or provide certain benefits to the named executive officers in the event of a termination of their employment or a change of control of Clayton. The following tables and narrative disclosure summarize the potential payments to each named executive officer assuming that one of the events listed in the tables below occurs. The tables assume that the event occurred on December 31, 2006, the last day of our fiscal year, except that, where applicable, we have included amounts that may be realized as a result of the acceleration of restricted stock awards granted in, and the impact of amendments to our employment agreements with Messrs. Herbst, Johnson and Cohen effective as of, January 2007.

Stock Options and Restricted Stock

Stock options and restricted stock held by our named executive officers fully vest upon a change of control, unless, under specific circumstances, provision for their assumption or continuation is made. The following tables assumed that the stock options and restricted stock are not assumed or continued.

Frank P. Filippis. In the case of termination by Mr. Filippis for good reason, or by us without cause, he will receive a lump sum payment equal to 200% of the sum of his annual base salary and target bonus as in effect on the date of termination. Additionally, Mr. Filippis will receive payment of the pro rata portion of his target bonus for the year in which the termination occurs, and the partially employer-subsidized continuation of group health plan benefits for two years. If Mr. Filippis' employment terminates because of his death or disability, he, or his estate, will receive the pro rata portion of his target bonus earned through such termination date. In some circumstances involving a change of control, all outstanding options held by Mr. Filippis will vest and become exercisable. Finally, in the event that any severance payments made to Mr. Filippis would be subject to certain excise taxes by the Internal Revenue Service, we will gross-up the payments such that the net amount received by Mr. Filippis, after any such excise taxes are incurred, is equal to the severance amount payment.

Mr. Filippis also entered into an employee confidentiality and non-competition agreement with us concurrently with the execution of his employment agreement, whereby Mr. Filippis agreed not to compete with us, or solicit or divert our clients for a period ending two years following the termination of his employment with us for any reason. Additionally, Mr. Filippis agreed to refrain from soliciting or hiring any of our employees for a period of one year following the termination of his employment with us for any reason.

Payments and Benefits	Involuntary Termination Without Cause	Voluntary Termination for Good Reason	Change of Control Payments
Cash Severance	\$ 2,585,000	\$ 2,585,000	\$ 2,585,000 (1)

Tax Gross-up(3)			1,479,758
Total	\$ 3,370,979	\$ 3,370,979	\$ 6,505,693

(1) Under the terms of his employment agreement with us, Mr. Filippis may terminate his employment for Good Reason at any time during the one-year period following a change of control. This Change of Control Payment assumes Mr. Filippis invokes this provision of his employment agreement.

(2) Based upon the closing price of our common stock on December 29, 2006.

(3) The estimated Tax Gross-up payment is based, in part, on Mr. Philipps' 2005 compensation, which is disproportionately low, thereby resulting in an estimated Tax Gross-up payment which may be disproportionately high.

Frederick C. Herbst. Mr. Herbst is an employee at-will and his employment agreement may be terminated by either party upon 30 days written notice. Notwithstanding the at-will nature of his employment, if his employment is terminated by us without cause or by Mr. Herbst for good reason, Mr. Herbst is entitled to severance payments equal to one year's salary payable over the twelve months following his termination and continuation of his group health plan benefits so long as he is receiving severance payments. In the event Mr. Herbst's employment is terminated within 18 months after the consummation of a change of control by us without cause or by him for good reason, he will be entitled to receive a lump-sum payment equal to 150% of the his annual base salary and target incentive bonus in effect on the date of termination. In some circumstances involving a change of control, all outstanding options held by Mr. Herbst will vest and become exercisable and all shares of restricted stock will become fully vested and nonforfeitable. For the period of one year following the termination of his employment, regardless of the reason for such termination, Mr. Herbst's employment agreement requires him to refrain from (i) performing services for a competitor in a similar capacity as to the services he provided to us, (ii) owning any interest in a competitor, (iii) soliciting our clients or suppliers and (iv) hiring our employees or soliciting our vendors or suppliers.

(1) Notwithstanding the SEC rules that require this table assume a change of control occurred on December 31, 2006, the information above gives effect to the January 2007 amendment to Mr. Herbst's employment agreement and restricted stock award, each of which are described elsewhere in this proxy statement.

(2) Based upon the closing price of our common stock on December 29, 2006.

David Keith Johnson. In the event that Mr. Johnson's employment is terminated by us without cause or by Mr. Johnson for good reason, then Mr. Johnson is entitled to receive a lump-sum payment equal to his annual base salary and all medical and health benefits for 12 months following the termination date. In the event Mr. Johnson's employment is terminated within 18 months after the consummation of a change of control by us without cause or by him for good reason, he will be entitled to receive a lump-sum payment equal to 200% of his annual base salary and target incentive bonus in effect on the date of termination. In a change of control, all outstanding options held by Mr. Johnson will vest and become exercisable and, in some circumstances, all shares of restricted stock will become fully vested and nonforfeitable.

Mr. Johnson also entered into an employee confidentiality and non-competition agreement with us concurrently with the execution of his employment agreement, whereby Mr. Johnson agreed not to compete with us, or solicit or divert our clients for a period ending one year following the termination of his employment with us for any reason or for two years following a change of control. Additionally, Mr. Johnson agreed to refrain from soliciting or hiring any of our employees for a period of one year

following the termination of his employment with us for any reason or for two years following a change of control.

(2) Notwithstanding the SEC rules that require this table assume a change of control occurred on December 31, 2006, the Restricted Stock information above gives effect to the January 2007 restricted stock award to Mr. Johnson which is described elsewhere in this proxy statement.

Louis H. Iannaccone. Our separation agreement with Mr. Iannaccone superseded the terms of Mr. Iannaccone's employment agreement and does not provide for any additional termination or change of control payments.

Steven L. Cohen. Mr. Cohen is entitled to severance payments equal to one year's salary if his employment is terminated by us without cause or by Mr. Cohen for good reason. In the event Mr. Cohen's employment is terminated within 18 months after the consummation of a change of control by us without cause or by him for good reason, he will be entitled to receive a lump-sum payment equal to 150% of his annual base salary and target incentive bonus in effect on the date of termination. In some circumstances involving a change of control, all outstanding options held by Mr. Cohen will vest and become exercisable and all shares of restricted stock shall become fully vested and nonforfeitable. Mr. Cohen's employment agreement provides customary fringe and retirement benefits, and requires him to refrain from (i) competing with us or soliciting our clients for a period of six months and (ii) hiring our employees or soliciting our vendors or suppliers for a period of one year, following the termination of his employment, regardless of the reason for such termination.

Discussion of Director Compensation

In January 2007, the Board of Directors adopted a Non-Employee Directors' Compensation Plan, under which the Company's non-employee directors will receive cash and equity awards for their service to the Company. Our non-employee directors each receive an annual fee from us of \$30,000. In addition, we pay our non-employee directors a fee of \$1,000 for each in-person board of directors meeting they attend and \$500 for each telephonic board of directors meeting they attend. The chairperson of our Audit Committee receives an additional annual fee of \$10,000, and the chairperson of each of our Compensation Committee and Nominating and Corporate Governance Committee receives an additional annual fee of \$5,000. We also reimburse non-employee directors for reasonable expenses incurred in connection with

attending board of directors and committee meetings. The equity awards under the Non-Employee Directors Compensation Plan will consist of initial award of \$60,000 worth of restricted deferred stock units and subsequent annual awards of \$30,000 worth of restricted deferred stock units, pro rated for years of partial service. All the restricted deferred stock units granted under our Non-Employee Directors Compensation Plan vest generally one year from the award date.

Directors who are also our employees receive no additional compensation for their services as directors. In addition, directors who are affiliated with TA Associates have agreed to forego board and board committee compensation, including the equity compensation described below, for so long as TA Associates, Inc. beneficially owns more than 10% of our common stock.

Presently, each member of the Audit Committee is independent for Audit Committee purposes under the applicable rules of Nasdaq and the SEC. None of the members of the Audit Committee is an officer or employee of the Company. Mr. Raiter and Mr. Sonderby are each an audit committee financial expert as is currently defined under SEC rules. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available at the Corporate Governance section of the Company's website at <http://www.clayton.com>.

The Audit Committee oversees the Company's accounting and financial reporting processes on behalf of the Board of Directors. The Company's management has the primary responsibility for preparing the Company's financial statements, for maintaining effective internal control over financial reporting, and for assessing the effectiveness of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with management the Company's consolidated financial statements for the year ended December 31, 2006, including a discussion of, among other things, the quality of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosures in the Company's financial statements.

The Audit Committee also reviewed with Grant Thornton LLP, the Company's independent registered public accounting firm, the results of their audit and discussed matters required to be discussed by the Statement on Auditing Standards No. 61 (*Communications with Audit and Finance Committees*), as currently in effect, other standards of the Public Company Accounting Oversight Board, rules of the SEC and other applicable regulations. The Audit Committee has reviewed permitted services under rules of the SEC, as currently in effect, and discussed with Grant Thornton LLP their independence from management and the Company, including the matters in the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit and Finance Committees*), as currently in effect, and has considered and discussed the compatibility of non-audit services provided by Grant Thornton LLP with that firm's independence.

The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's

internal control, including internal control over financial reporting, and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the Securities and Exchange Commission.

Respectfully submitted by the Audit Committee,
 Frank L. Raiter (Chairman)
 Brian L. Libman
 Michael M. Sonderby

MATTERS CONCERNING OUR INDEPENDENT AUDITORS

The Audit Committee charter contains procedures for the pre-approval of audit and non-audit services (the Pre-Approval Policy) to ensure that all audit and permitted non-audit services to be provided to the Company have been pre-approved by the Audit Committee. Specifically, the Audit Committee pre-approves the use of Grant Thornton LLP for specific audit and non-audit services, except that pre-approval of non-audit services is not required if the de minimus provisions of Section 10A(i)(1)(B) of the Exchange Act are satisfied. If a proposed service has not been pre-approved pursuant to the Pre-Approval Policy, then it must be specifically pre-approved by the Audit Committee before it may be provided by Grant Thornton LLP. All of the audit-related, tax and all other services provided by Grant Thornton LLP to the Company in 2006 were approved by the Audit Committee by means of specific pre-approvals or pursuant to the Pre-Approval Policy. All non-audit services provided in 2006 were reviewed with the Audit Committee, which concluded that the provision of such services by Grant Thornton LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. For additional information concerning the Audit Committee and its activities with Grant Thornton LLP, see The Board of Directors and its Committees and Report of the Audit Committee of the Board of Directors.

We expect that a representative of Grant Thornton LLP will attend the Annual Meeting, and the representative will have an opportunity to make a statement if he or she so desires. The representative will also be available to respond to appropriate questions from stockholders.
