**FORM OF E-MAIL TO CERTAIN EMPLOYEES WHO MAY HOLD DISCOUNTED STOCK OPTIONS**

Subject: Solution stock option penalty tax

Dear Marvell Execs,

Following discussions with the SEC, we now are able to move forward with a tender offer to Marvell employees affected by misdated stock options. The tender offer will permit the Company to correct §409A United States tax problems and allow the employees affected by this problem to exercise their stock options without incurring a penalty tax. We will be using Marvell stock to correct these misdated options for employees who accept the offer.

The tender offer is scheduled to commence on Tuesday, November 13th, 2007, closing on Wednesday, December 12th, 2007. We will be communicating directly with the affected employees regarding the details of the offer and how to participate in the offer. In addition, we will be scheduling a series of educational sessions that they may attend during the course of the offer. Please encourage your employees to attend one of these sessions.

Because the timing of the tender offer is extremely sensitive, once the tender offer begins, we ask that you communicate this information directly to any of your affected employees who may be on an extended business trip, on vacation, or on a leave of absence during this timeframe. If any of your affected employees are leaving for an extended business trip, vacation or will be on a leave of absence, please ask for his or her contact information. Once the tender offer is closed on December 12th, 2007, we cannot make any exception or grant any extension of time.

During the tender offer, you may be approached by employees with questions and concerns about the offer. Communications between you and the employees are subject to a number of rules and requirements. Oral, face-to-face communication on an individual basis is generally fine (for example, you may communicate that there is a tender offer, the purpose of the tender offer, and the structure of the offer); however, you should not make any recommendation to your employees about whether to accept the offer, even orally. Written and recorded communications have additional rules and requirements. Please do not answer any questions by leaving a voicemail or via email because all recorded communications about the offer must be publicly filed with the SEC. We want to avoid having to make these filings, as they are expensive and, if incorrect information is given to employees (or correct information that no one else has), it will result in a series of complicated corrective steps. If you forget and leave a voicemail or send an e-mail, please tell Blair Walters, in the Legal Department, right away. When in doubt, please refer your employees to the information package on the tender offer, the educational sessions, the supports available (which will be discussed during the educational sessions), or Marvell Stock Administration.

In addition, if you know of any affected employee on your team whose employment may be terminated between November 13th and the end of 2007, please contact Human Resources immediately, as there are potential tax implications for terminated employees.

Upon receiving Marvell Board approval in August, we communicated to the affected employees that Marvell would seek to provide a solution to correct their misdated options. The process to arrive at this point has been a long one but we are pleased that we can now move forward with the proposed structure of using Marvell stock.

I thank you for your support in addressing this difficult but important issue with our employees.

Mike Rashkin

Chief Financial Officer

IMPORTANT INFORMATION
