Report of Independent Registered Public Accounting Firm

The Employee Benefits Administration Committee
Ameriprise Financial, Inc.

We have audited the accompanying statements of net assets available for benefits of the Ameriprise Financial 401(k) Plan (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2009 and 2008, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2009, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Ameriprise Financial 401(k) Plan

Notes to Financial Statements

December 31, 2009

1. Description of the Plan

General

The Ameriprise Financial 401(k) Plan (the Plan), which became effective October 1, 2005, is a defined contribution pension plan. Under the terms of the Plan, regular full-time and part-time employees of Ameriprise Financial, Inc. and its participating subsidiaries (the Company) can make contributions to the Plan and are eligible to receive Company contributions on the first full pay period after completing 60 days of service.

In late 2008, the Company completed its acquisitions of J. & W. Seligman & Co., Incorporated (Seligman) and H&R Block Financial Advisors, Inc. (HRBFA) (subsequently renamed Ameriprise Advisor Services, Inc. (AASI)). Employees of Seligman and HRBFA who were employed by the Company as of a specified date following the acquisitions generally received credit for their service with Seligman and HRBFA for purposes of participation and vesting under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following is not a comprehensive description of the Plan, and therefore, does not include all situations and limitations covered by the Plan.

Administration of Plan Assets

The Plan's trustee and recordkeeper is Wachovia Bank, N.A. Subsequent to the 2009 plan year, Wachovia Bank, N.A. became part of Wells Fargo Bank, N.A. The Plan is administered by the Company's Employee Benefits Administration Committee (EBAC). The Company's 401(k) Investment Committee selects the investment options offered to participants under the Plan. Members of the EBAC and 401(k) Investment Committee are determined based upon job title as specified in the Plan.

Plan Fees and Expenses

Fees, commissions, and other charges and expenses that are attributable to administering the Plan are paid from the related trust (the Trust), unless paid by the Company. The Company currently pays a portion of the cost of administering the Plan, including fees of the auditors, counsel, certain investment managers and investment consulting.

The majority of the cost of administering the Plan, including fees of the trustee, recordkeeper, and investment managers, are paid from the fees associated with the investment options offered under the Plan. In addition, expenses related to investment of the Plan funds, for example, brokerage commissions, stock transfer or other taxes and charges incurred for the purchase or sale of the funds' investments, are generally paid out of the applicable fund. Fees paid out of a fund reduce the return of that fund. The participant pays for fees and expenses of the Self-Managed Brokerage Account (SMBA) and administrative loan origination fees.

Table of Contents

Ameriprise Financial 401(k) Plan

Notes to Financial Statements (continued)

December 31, 2009

1. Description of the Plan (continued)

Contributions

As of December 31, 2009, the Plan provided for the following contributions:

Elective Contributions

Each pay period, eligible participants may make pretax and/or Roth 401(k) contributions (up to 80% of eligible compensation), and after-tax contributions (up to 10% of eligible compensation) or a combination of any of the three, not to exceed 80% of their eligible compensation to the Plan through payroll deductions. The Internal Revenue Code of 1986, as amended (the Code), imposes a limitation on participants' pretax and Roth 401(k) contributions to plans, which are qualified under Code Section 401(k), and other specified tax favored plans. This limit per the Code was \$16,500 and \$15,500 for employees under age 50 and \$22,000 and \$20,500 for employees age 50 and older for 2009 and 2008, respectively. The Plan complied with nondiscrimination requirements under the Code for both 2009 and 2008.

Fixed Match Contributions

The Company matches the participant's pretax and/or Roth 401(k) contributions biweekly on a dollar for dollar basis up to 3% of eligible compensation that the employee contributes. Total Fixed Match contributions for the plan years ended December 31, 2009 and 2008 were \$17,993,998 and \$15,130,053, respectively.

Variable Match Contributions

The Company may make an annual discretionary Variable Match contribution of 0% to 200% of participants' Fixed Match contributions. Variable Match contributions for any plan year are based primarily on Company performance. Eligible participants must be employed on the last business day of the plan year (or deceased, retired or disabled and have received Fixed Match contributions for the plan year) to be eligible for

Edgar Filing: AMERIPRISE FINANCIAL INC - Form 11-K

any Variable Match contribution. The Variable Match contribution for any plan year is determined at the sole discretion of the Board of Directors of the Company. There is no assurance that Variable Match contributions will be made to the Plan for any particular plan year. In February 2010 and 2009, the Company made total Variable Match contributions of \$210,908 and \$5,534,233, respectively, net of forfeitures of \$1,638,528 and \$1,544,671, respectively, for the plan years ended 2009 and 2008.

For 2009, the Variable Match contribution was limited to former HRBFA employees, at the rate of 66% of Fixed Match contributions received, based on contractual agreement.

Company Stock Contributions

The Company contributes 1% of biweekly eligible compensation, regardless of whether the eligible employee contributes to the Plan. This contribution is invested in the Ameriprise Financial Stock Fund. However, participants are allowed to immediately transfer their balance among the other investment options. Total Company Stock contributions for the plan years ended December 31, 2009 and 2008 were \$2,518,190 and \$5,590,737, respectively. In May 2009, the Company suspended the Company Stock contributions.

Table of Contents

Ameriprise Financial 401(k) Plan

**Notes to Financial Statements (continued)
December 31, 2009**

1. Description of the Plan (continued)

Limit on Contributions

For purposes of the Plan, eligible compensation is a participant's regular cash compensation up to \$245,000 and \$230,000 in 2009 and 2008, respectively, before tax deductions and certain other withholdings. The definition of eligible compensation for former HRBFA employees includes performance related cash bonuses, overtime, commissions and certain other amounts. Eligible compensation for all other employees is base pay.

Rollover Contributions

A rollover is a transfer to the Plan of a qualified distribution in accordance with the provisions of the Plan. Rollovers into the Plan are not eligible for any Company contributions. Seligman and former HRBFA employees were given the option to rollover their account balances and outstanding loans directly to the Plan in 2009.

Transfer of Account Balances

Participants may transfer existing account balances on any day the New York Stock Exchange is open. The initial transfer into the SMBA must be at least \$3,000 with subsequent transfers in increments of at least \$500.

Vesting

Participants are immediately vested in their pretax, Roth 401(k), after-tax, and rollover contributions and income and appreciation on the foregoing. Company contributions are vested on a five-year graded schedule of 20% per year of service with the Company or if the participant retires at or after age 65, becomes disabled or dies. Profit Sharing contributions, which were replaced with Variable Match contributions effective January 1, 2007, and income and appreciation thereon, are fully vested after five years of service, upon retiring at or after attaining age 65, upon becoming disabled or at death. Company contributions not vested at the time of termination of employment are forfeited and used to

reduce future Company contributions. Forfeitures for the plan years ended December 31, 2009 and 2008 were \$1,658,567 and \$1,664,897, respectively.

Tax Deferrals

As long as the Plan remains qualified and the Trust remains tax exempt, amounts invested in the Plan through participant and Company contributions and rollovers, as well as the income and appreciation on such amounts, are not subject to federal income tax until distributed to the participant.

Distributions and Withdrawals

If employment ends, participants are eligible to receive a distribution of their vested account balance. Participants (or their beneficiaries) may elect to receive their accounts as a single lump-sum distribution in cash, whole shares of Ameriprise Financial, Inc. common shares, mutual funds shares held under the SMBA, or a combination of cash and shares. A participant may request a withdrawal of all or a portion of their vested account balance subject to limitations under the terms of the Plan and certain tax penalties imposed by the Code.

Table of Contents

Ameriprise Financial 401(k) Plan

**Notes to Financial Statements (continued)
December 31, 2009**

1. Description of the Plan (continued)

Loan Program

The EBAC has the power to establish, interpret and administer a uniform and nondiscriminatory loan program which the trustee must observe in making loans, if any, to active participants. Such individuals shall be eligible for loans pursuant to such uniform and nondiscriminatory loan program. Such loan program shall be evidenced by a written document separate from the Plan and Trust.

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50 percent of their account balance. The administrative loan origination fee of \$75 per loan is paid by the participant and is deducted from the proceeds of the loan. Loan terms range from up to 59 months or up to 359 months if the loan is used towards the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a fixed interest rate of the prime rate as reported in the Wall Street Journal on the first business day of the month before the date the loan is originated. Principal and interest payments will be deducted automatically from the participant's pay each period. If the participant's service with the Company ends for any reason, the entire principal and interest of any outstanding loan will be due and payable within 45 days. A loan will be considered in default if payments are not received by the Plan within 90 days following the date payment is due under the note. Loans not repaid within that timeframe will be reported as taxable distributions.

2. Significant Accounting Policies

Valuation of Investments

Investments are reported at fair value. See Note 6 for information on the Plan's accounting policies related to valuation of investments. Defined contribution plans are required to report fully benefit-responsive investment contracts at contract value and also report fair value; therefore, a reconciliation of fair value to contract value is presented on the Statements of Net Assets Available for Benefits.

Plan Termination

Edgar Filing: AMERIPRISE FINANCIAL INC - Form 11-K

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Other

Purchases and sales of securities are reflected on a trade-date basis. The cost of securities sold is determined using the average cost method. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded on the accrual basis. As required by the Plan, all dividend and interest income is reinvested into the same investment funds in which the dividends and interest arose.

The accompanying financial statements have been prepared on the accrual basis of accounting and include the use of management estimates in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

Table of Contents

Ameriprise Financial 401(k) Plan

**Notes to Financial Statements (continued)
December 31, 2009**

3. Recent Accounting Pronouncements

Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)

In September 2009, the Financial Accounting Standards Board (FASB) updated the accounting standards to allow for net asset value (NAV) to be used as a practical expedient in estimating the fair value of alternative investments without readily determinable fair values. The standard also requires additional disclosure by major category of investment related to restrictions on the investor's ability to redeem the investment as of the measurement date, unfunded commitments and the investment strategies of the investees. The disclosures are required for all investments within the scope of the standard regardless of whether the fair value of the investment is measured using the NAV or another method. The standard is effective for interim and annual periods ending after December 15, 2009, with early adoption permitted. The Plan adopted the standard in the fourth quarter of 2009, which did not have a material effect on the Statements of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits. The Plan does not have any alternative investments with unfunded commitments or redemption restrictions. See Note 4 for information regarding the investment strategies of the investees.

Fair Value

In January 2010, the FASB updated the accounting standards related to disclosures on fair value measurements. The standard expands the current disclosure requirements to include additional detail about significant transfers between Levels 1 and 2 within the fair value hierarchy and to present activity in the rollforward of Level 3 activity on a gross basis. The standard also clarifies existing disclosure requirements related to the level of disaggregation to be used for assets and liabilities as well as disclosures on the inputs and valuation techniques used to measure fair value. The standard is effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosure requirements related to the Level 3 rollforward, which are effective for interim and annual periods beginning after December 15, 2010. The Plan will adopt the standard in 2010, except for the additional disclosures related to the Level 3 rollforward, which the Plan will adopt in 2011. The adoption is not expected to have a material effect on the Statements of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits.

4. Investments

Investment Elections

Edgar Filing: AMERIPRISE FINANCIAL INC - Form 11-K

A participant may currently elect to invest contributions in any combination of investment funds in increments of 1% and change investment elections for future contributions. Future contributions cannot be made directly to the SMBA.

**Notes to Financial Statements (continued)
December 31, 2009**

4. Investments (continued)

Investment Options

A summary of investment options at December 31, 2009 is set forth below:

Mutual Funds RiverSource® Funds RiverSource Diversified Bond Fund, RiverSource Balanced Fund, RiverSource Retirement Plus 2010 Fund, RiverSource Retirement Plus 2015 Fund, RiverSource Retirement Plus 2020 Fund, RiverSource Retirement Plus 2025 Fund, RiverSource Retirement Plus 2030 Fund, RiverSource Retirement Plus 2035 Fund, RiverSource Retirement Plus 2040 Fund, RiverSource Retirement Plus 2045 Fund, RiverSource Mid Cap Value Fund, RiverSource Diversified Equity Income Fund and RiverSource Disciplined Equity Fund are mutual funds offered to the general public. Each of the RiverSource Funds is managed by RiverSource Investments, LLC, a wholly-owned subsidiary of the Company. James Small Cap Fund is managed by James Investment Research. Alger Small Cap Growth Institutional Fund is managed by Alger Group.

Collective Investment Funds RiverSource Trust Equity Index Fund III is a collective fund, managed by Ameriprise Trust Company. Wellington Trust Mid Cap Growth Portfolio and Wellington Trust Large Cap Growth Portfolio are managed by Wellington Management Company LLP. AllianceBernstein International Style Blend Collective Fund is managed by AllianceBernstein LP.

Ameriprise Financial Stock Fund The Ameriprise Financial Stock Fund is an Employee Stock Ownership Plan (ESOP) that invests primarily in the Company's common stock, purchased in either the open market or directly from the Company, and in cash or short-term cash equivalents.

Self-Managed Brokerage Account (Mutual Funds only) The SMBA gives participants the freedom to invest in a wide variety of mutual funds in addition to the other aforementioned investment options. Participants are provided over 800 mutual funds from which to choose.

Income Fund Invests primarily in various book value wrap contracts, directly or indirectly, offered by insurance companies and banks, backed by fixed income securities issued by the U.S. government and its agencies. See Note 5 for a more comprehensive discussion of book value wrap contracts. Ameriprise Trust Company is the investment manager for the Income Fund. The Income Fund also invests in the RiverSource Trust U.S. Government Securities Fund I (which invests primarily in short-term debt instruments issued by the U.S. government and its agencies), the RiverSource Trust Government Income Fund (which invests primarily in U.S. Treasury, agency and mortgage backed securities) and the

Edgar Filing: AMERIPRISE FINANCIAL INC - Form 11-K

RiverSource Trust Stable Capital Fund I (which invests primarily in a diversified pool of U.S. Treasury, agency and mortgage backed securities together with book value wrap contracts of varying maturity, sizes and yields). The goal of these funds is to maximize current income consistent with the preservation of principal.

5. Book Value Wrap Contracts

Book value wrap contracts are fully benefit-responsive and comprised of both an investment and a contractual component. The investment component consists of collective investment funds and a pooled portfolio of actively managed fixed income securities owned by the Income Fund, referred to as the Covered Assets. The Income Fund enters into wrapper agreements (the contractual component) with third-parties, generally insurance companies or banks, to protect the Covered Assets from adverse interest rate movements. Under the agreements, the third-party is obligated to provide sufficient funds to cover participant benefit withdrawals and investment transfers regardless of the market value of the Covered Assets. While the agreements protect the Income Fund against interest rate risk, the Income Fund is still exposed to default risk if issuers of Covered Assets default on payment of interest or principal.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the book value wrap contracts as well as the adjustment of the book value wrap contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Contract value represents the face amount of the contract plus accrued interest at the contract rate.

Table of Contents

Ameriprise Financial 401(k) Plan

**Notes to Financial Statements (continued)
December 31, 2009**

5. Book Value Wrap Contracts (continued)

Certain events may limit the ability of the Income Fund to transact at contract value with the contract issuers for participant benefit payments or investment transfers. One possible event would be a request by the Company to terminate or partially terminate the Plan. Another possible event would be a request by the trustee to terminate a contract at market value. Neither of these events is probable.

Certain events may allow the issuer to terminate a book value wrap contract and settle at an amount different from contract value. Such events are not probable but may include the termination of the Plan or the Trust holding the Income Fund assets, the replacement of the trustee of the Income Fund without the consent of the wrapper provider, a breach of the contract terms by a counterparty, or a legal or regulatory event such as an adverse ruling by a regulatory agency.

The crediting rate of a book value wrap contract is the rate at which the Income Fund will recognize income on Covered Assets. The rate is tied to the performance and duration of the Covered Assets and is generally reset quarterly. The weighted average crediting rates on book value wrap contracts were 3.94% and 4.80% at December 31, 2009, and 2008, respectively. The average yield on book value wrap contracts was 4.89% and 7.06% for 2009 and 2008, respectively.

6. Fair Values of Assets

Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; that is, an exit price. The exit price assumes the asset or liability is not exchanged subject to a forced liquidation or distressed sale.

Valuation Hierarchy

The Plan categorizes its fair value measurements according to a three-level hierarchy. The hierarchy prioritizes the inputs used by the Plan's valuation techniques. A level is assigned to each fair value measurement based on the lowest level input that is significant to the fair value measurement in its entirety. The three levels of the fair value hierarchy are defined as follows:

Edgar Filing: AMERIPRISE FINANCIAL INC - Form 11-K

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date.
- Level 2 Prices or valuations based on observable inputs other than quoted prices in active markets for identical assets and liabilities.
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Table of Contents

Ameriprise Financial 401(k) Plan

**Notes to Financial Statements (continued)
December 31, 2009**

6. Fair Values of Assets (continued)

Determination of Fair Value

The Plan uses valuation techniques consistent with the market and income approaches to measure the fair value of its assets. The Plan's market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets. The Plan's income approach uses valuation techniques to convert future projected cash flows to a single discounted present value amount. When applying either approach, the Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs.

The following is a description of the valuation techniques used to measure fair value and the general classification of these instruments pursuant to the fair value hierarchy.

Assets

Mutual Funds

The fair value of mutual funds is determined by the NAV which represents the exit price. Mutual funds are classified as Level 1 as they are traded in active markets and quoted prices are available.

Collective Investment Funds

The fair value of collective investment funds is determined by the NAV which represents the exit price. Collective investment funds are classified as Level 2 as they are traded in principal-to-principal markets with little publicly released pricing information.

Ameriprise Financial Stock Fund

The fair value of the Ameriprise Financial Stock Fund is determined using quoted prices in active markets for Ameriprise Financial, Inc. common shares and is classified as Level 1. Actively traded money market funds are measured at their NAV and classified as Level 1.

Self-Managed Brokerage Account

The fair value of common stock is determined using quoted prices in active markets and is classified as Level 1. The fair value of mutual funds is determined by the NAV which represents the exit price. Mutual funds are classified as Level 1 as they are traded in active markets and quoted prices are available.

Income Fund

The fair value of fixed income securities is obtained from nationally-recognized pricing services, broker quotes, or other model-based valuation techniques such as the present value of cash flows. Fixed income securities classified as Level 1 include U.S. Treasuries and those classified as Level 2 include agency mortgage backed securities, commercial mortgage backed securities, and U.S. government and agency securities. The fair value of mutual funds is based on the NAV. Mutual funds are classified as Level 1 as they are traded in active markets and quoted prices are available. The fair value of wrapper agreements is based on the present value of future fee payments attributable to each wrapper. Wrapper agreements are classified as Level 3 as there are significant unobservable inputs.

Table of Contents**Ameriprise Financial 401(k) Plan****Notes to Financial Statements (continued)
December 31, 2009****6. Fair Values of Assets (continued)***Participant Loans*

Participant loans are measured at cost, which is a reasonable estimate of fair value due to restrictions on the transfers of these loans. Participant loans are classified as Level 3 as the inputs are unobservable.

The following tables present the balances of assets measured at fair value on a recurring basis:

	December 31, 2009

Table of Contents**Ameriprise Financial 401(k) Plan****Notes to Financial Statements (continued)
December 31, 2009****6. Fair Values of Assets (continued)**

The following tables provide a summary of changes in Level 3 assets measured at fair value on a recurring basis:

	Participant Loans		Wrapper Contracts
Balance, January 1, 2009	\$ 19,143,155	\$	179,850
Total gains included in:			
Total investment income	1,282,556		100,071
Purchases, sales, issuances and settlements, net	1,402,248		
Balance, December 31, 2009	\$ 21,827,959	\$	279,921
Change in unrealized gains included in total investment income relating to assets held at December 31, 2009	\$	\$	100,071(1)

(1) Included in net realized/unrealized appreciation in the Statements of Changes in Net Assets Available for Benefits.

	Participant Loans		Wrapper Contracts
Balance, January 1, 2008	\$ 19,594,095	\$	162,507
Total gains included in:			
Total investment loss	1,340,789		17,343
Purchases, sales, issuances and settlements, net	(1,791,729)		
Balance, December 31, 2008	\$ 19,143,155	\$	179,850
Change in unrealized gains included in total investment loss relating to assets held at December 31, 2008	\$	\$	17,343(1)

(1) Included in net realized/unrealized depreciation in the Statements of Changes in Net Assets Available for Benefits.

7. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service dated December 11, 2007 to the effect the Plan is qualified under the Code and the Trust established under the Plan is tax exempt and the Plan satisfies the requirement of Code Section 4975(e)(7) as an ESOP. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes the Plan is operated in compliance with the applicable requirements of the Code, and therefore believes the Plan is qualified and the Trust is tax exempt and the Plan satisfies the requirements of Code Section 4975(e)(7).

Table of Contents**Ameriprise Financial 401(k) Plan****Notes to Financial Statements (continued)
December 31, 2009****9. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of amounts reported in the financial statements to amounts reported on Form 5500:

	December 31,	
	2009	2008
Net assets available for benefits per the financial statements	\$ 809,233,000	\$ 604,227,047
Deemed distributions of participant loans	(238,435)	(208,577)
Difference between contract value and fair value of fully benefit-responsive investment contracts	2,913,270	2,315,060
Net assets available for benefits per Form 5500	\$ 811,907,835	\$ 606,333,530

	December 31,	
	2009	2008
Net increase (decrease) in net assets available for benefits per the financial statements	\$ 205,005,953	\$ (306,474,030)
Change in deemed distributions of participant loans	(29,858)	16,125
Change in difference between contract value and fair value of fully benefit-responsive investment contracts	598,210	1,560,520
Net income (loss) per Form 5500	\$ 205,574,305	\$ (304,897,385)

10. Subsequent Events

The Company evaluated events or transactions that may have occurred after the balance sheet date for potential recognition or disclosure through the date the financial statements were issued.

Various amendments to the Plan became effective on March 1, 2010. The Fixed Match contribution was increased from the first 3% to the first 5% of the eligible compensation an employee contributes on a pretax or Roth 401(k) basis for each annual period. In addition, an annual Fixed Match True-Up will now be completed to ensure employees receive the full amount of Fixed Match contributions for which they are eligible. Further, both the Variable Match and Stock contributions have been eliminated. Finally, the definition of eligible compensation was expanded to include performance related cash incentives, bonus, commissions, overtime and certain other amounts.

Edgar Filing: AMERIPRISE FINANCIAL INC - Form 11-K

On April 30, 2010, the Company completed its acquisition of the long-term asset management business of Columbia Management from Bank of America. Employees of Columbia Management that joined the Company in connection with the transaction generally received credit for their service with Columbia Management for purposes of participation and vesting under the Plan.
