Item 1.01. Entry into a Material Definitive Agreement.

On June 20, 2011, Atlantic Power Corporation (Atlantic Power), Capital Power Income L.P. (CPILP), CPI Income Services Ltd., the general partner of CPILP (the GP), and CPI Investments Inc., a unitholder of CPILP that is owned by EPCOR Utilities Inc. and Capital Power Corporation, entered into an arrangement agreement (the Arrangement Agreement) pursuant to which Atlantic Power will acquire, directly and indirectly, all of the issued and outstanding partnership units of CPILP (the Transaction). In connection with the Transaction, CPILP will sell its Roxboro and Southport facilities located in North Carolina to an affiliate of Capital Power Corporation, for approximately CAD\$121 million. Additionally, in connection with the Transaction, the management agreement between Capital Power Corporation and CPILP will be terminated (or assigned to Atlantic Power) in consideration of a payment of CAD\$10 million. Atlantic Power will assume the management of CPILP and enter into a transitional services agreement with Capital Power Corporation that will facilitate the integration of CPILP into Atlantic Power.

Under the terms of the Plan of Arrangement, CPILP unitholders will be permitted to exchange each of their limited partnership units for, at their election, CDN\$19.40 in cash or 1.3 Atlantic Power common shares. All cash elections will be subject to proration if total cash elections exceed approximately CDN\$506.5 million and all share elections will be subject to proration if total share elections exceed approximately 31.4 million Atlantic Power common shares.

The Transaction will be effected by way of a court-approved statutory plan of arrangement pursuant to the Canada Business Corporations Act (the Plan of Arrangement).

The issuance of Atlantic Power shares to CPILP under the terms of the Plan of Arrangement requires the approval of a majority of Atlantic Power shareholders at a special meeting of Atlantic Power shareholders. The Plan of Arrangement will require the approval of (i) at least two-thirds of the votes cast by all unitholders of CPILP, and (ii) a majority of the votes cast by CPILP's unitholders excluding CPI Income Services Ltd., CPI Investments Inc. and their respective associates and affiliates, at a special meeting of CPILP unitholders.

The Arrangement Agreement contains customary representations, warranties and covenants. Among these covenants, Atlantic Power, CPILP and the Corporation have each agreed not to solicit alternative transactions, except that CPILP may do so, pursuant to a limited exception contained in the Arrangement Agreement, in respect of an alternative transaction that constitutes, or would reasonably be expected to lead to, a superior proposal. In addition, CPILP or Atlantic Power may be required to pay a CAD\$35 million break-up fee if the Arrangement Agreement is terminated in certain circumstances.

Following the completion of the Transaction, Atlantic Power intends to maintain its listings on the New York Stock Exchange and Toronto Stock Exchange under the symbols AT and ATP, respectively, and the preferred shares of CPI Preferred Equity Ltd. will remain outstanding and listed on the Toronto Stock Exchange.

The completion of the Transaction is subject to the receipt of all necessary regulatory approvals in Canada and the United States and certain other closing conditions. The Transaction is expected to be completed by the fourth quarter of 2011.

A copy of the Arrangement Agreement is attached hereto as Exhibit 2.1. The summary of the Arrangement Agreement set out herein does not purport to be complete and is qualified in its entirety by to the full text of the Arrangement Agreement.

Item 9.01. Financial Statements and Exhibits.

The agreement included as an exhibit to this report contains representations and warranties by each of the parties to the agreement. These representations and warranties were made solely for the benefit of the other parties to the agreement and (i) were not intended to be treated as categorical statement of fact, but rather as a way of allocating risk to one of the parties if those statements prove to be inaccurate; (ii) may have been qualified in such agreement by disclosures that were made to the other party in connection with the negotiation of the agreement; (iii) may apply contract standards of materiality that are different from materiality under the applicable securities laws; and (iv) were made only as of the date of the agreement or such other date or dates as may be specified in the agreement.
