Notes to Condensed Consolidated Financial Statements (unaudited)

1 - GENERAL INFORMATION

The accompanying condensed consolidated financial statements include the accounts of Genco Shipping & Trading Limited (GS&T), its wholly-owned subsidiaries, and its subsidiary, Baltic Trading Limited (collectively, the Company). The Company is engaged in the ocean transportation of drybulk cargoes worldwide through the ownership and operation of drybulk carrier vessels. GS&T is incorporated under the laws of the Marshall Islands and as of June 30, 2014, is the sole owner of all of the outstanding shares of the following subsidiaries: Genco Ship Management LLC; Genco Investments LLC; Genco RE Investments LLC; and the ship-owning subsidiaries as set forth below. As of June 30, 2014, Genco Ship Management LLC is the sole owner of all of the outstanding shares of Genco Management (USA) Limited.

Bankruptcy Filing

On April 21, 2014 (the Petition Date), GS&T and its subsidiaries other than Baltic Trading Limited and its subsidiaries (collectively, the Debtors) filed voluntary petitions for relief (the Chapter 11 Cases) under Chapter 11 of the United States Bankruptcy Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Southern District of New York (the Bankruptcy Court). The Debtors continued to operate their businesses in the ordinary course as debtors-in-possession under the jurisdiction of the Bankruptcy Court in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court. Through the Chapter 11 Cases, the Debtors seek to implement a Prepackaged Plan of Reorganization of the Debtors Pursuant to Chapter 11 of the Bankruptcy Code for which the Company solicited votes from certain classes of its creditors prior to commencement of the Chapter 11 Cases in accordance with the Restructuring Support Agreement that the Debtors entered into with certain of its creditors on April 3, 2014.

The filing of the Chapter 11 Cases constituted an event of default with respect to each of the following agreements or instruments:

- the Credit Agreement, dated as of July 20, 2007 (as amended to date), by and among the Company as borrower, the banks and other financial institutions named therein as lenders, Wilmington Trust, N.A., as successor administrative and collateral agent, and the other parties thereto, relating to approximately \$1,055,912 of principal plus accrued and unpaid interest, fees, costs, and other expenses (the 2007 Credit Facility);
- the Loan Agreement, dated as of August 20, 2010 (as amended to date), by and among the Company as borrower, Genco Aquitaine Limited and the other subsidiaries of the Company named therein as guarantors, the banks and financial institutions named therein as lenders, BNP Paribas, Credit Agricole Corporate and Investment Bank, DVB Bank SE, Deutsche Bank AG Filiale Deutschlandsgeschaft, Skandinaviska

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

Enskilda Banken AB (publ) as mandated lead arrangers, BNP Paribas, Credit Agricole Corporate and Investment Bank, DVB Bank SE, Deutsche Bank AG, Skandinaviska Enskilda Banken AB (publ) as swap providers, and Deutsche Bank Luxembourg S.A. as agent for the lenders and the assignee, relating to approximately \$175,718 of principal and accrued and unpaid interest, fees, costs, and other expenses (the \$253 Million Term Loan Facility);

- the Loan Agreement, dated as of August 12, 2010 (as amended to date), by and among the Company as borrower, Genco Ocean Limited and the other subsidiaries of the Company named therein as guarantors, the banks and financial institutions named therein as lenders, and Credit Agricole Corporate and Investment Bank as agent and security trustee, relating to approximately \$73,561 of principal plus accrued and unpaid interest, fees, costs, and other expenses (the \$100 Million Term Loan Facility);
- the Indenture and First Supplemental Indenture relating to \$125,000 of principal plus accrued and unpaid interest outstanding of the Company's 5.00% Convertible Senior Notes (the 2010 Notes) due August 15, 2015 (the Indenture);
- the outstanding interest rate swap with DnB NOR Bank, relating to a liability position of \$5,622 as of June 30, 2014.

As a result of the filing of the Chapter 11 Cases, all indebtedness outstanding under the 2007 Credit Facility and the Indenture was accelerated and became due and payable, and indebtedness under the other agreements and instruments described above can be accelerated and become due and payable upon notice to the Company, subject to an automatic stay of any action to collect, assert, or recover a claim against the Company or the other Debtors and the application of the applicable provisions of the Bankruptcy Code.

Table of Contents

On July 2, 2014, the Bankruptcy Court entered an order (the Confirmation Order), confirming the First Amended Prepackaged Plan of Reorganization of the Debtors Pursuant to Chapter 11 of the Bankruptcy Code (the Plan). Capitalized terms used but not defined below shall have the meanings given to them in the Plan. On July 9, 2014 (the Effective Date), the Debtors completed their financial restructuring and emerged from Chapter 11 through a series of transactions contemplated by the Plan, and the Plan became effective pursuant to its terms.

Key components of the Plan included:

- The conversion of 100% of the Claims under the 2007 Credit Facility into 81.1% of the New Genco Common Stock (subject to dilution by the warrants issued under the Plan). On the Effective Date, the 2007 Credit Facility was terminated, and the liens and mortgages thereunder were released. Refer to Note 9 Debt for further information.
- The conversion of 100% of the Claims under the 2010 Notes into 8.4% of the New Genco Common Stock (subject to dilution by the warrants issued under the Plan). On the Effective Date, the 2010 Notes and the Indenture were fully satisfied and discharged. Refer to Note 10 Convertible Senior Notes for further information.
- A fully backstopped Rights Offering for approximately 8.7% of the New Genco Common Stock, in which holders of 2007 Credit Facility Claims were entitled to subscribe for up to 80% of the New Genco Common Stock offered, and holders of the 2010 Notes Claims were entitled to subscribe for up to 20% of the New Genco Common Stock being offered under the Rights Offering. Each Right entitled its holder to purchase one share of New Genco Common Stock at a subscription price of \$18.62537, for an aggregate subscription price of \$100,000.
- The amendment and restatement of the \$253 Million Term Loan Facility and the \$100 Million Term Loan Facility as of the Effective Date, with extended maturities, a financial covenant holiday and certain other amendments, as discussed further in Note 9 - Debt.
- The cancellation of the old common stock of Genco as of the Effective Date, with the holders thereof receiving warrants to acquire shares of New Genco Common Stock. Each New Genco Equity Warrant is exercisable for one share of New Genco Common Stock, and holders received an aggregate of 3,938,298 New Genco Equity Warrants for the old common stock of Genco. The New Genco Equity Warrants in the aggregate are exercisable for approximately 6% of New Genco Common Stock (subject to dilution).
- Reinstatement, non-impairment or payment in full in the ordinary course of business during the pendency of the Chapter 11 Cases of all Allowed General Unsecured Claims, including Allowed Claims of trade vendors, suppliers, customers and charterers, per the approval by the Bankruptcy Court.
- The non-impairment of all other General Unsecured Claims under section 1124 of the Bankruptcy Code.

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

- A Management Incentive Program, which provides for the distribution of New Genco MIP Primary Equity in the form of shares representing 1.8% of the New Genco Common Stock and three tiers of New Genco MIP Warrants with staggered strike prices based on increasing equity values to the participating officers, directors, and other management of Reorganized Genco. These awards were made on August 7, 2014.

Registration Rights Agreement

On the Effective Date, Reorganized Genco and the Registration Rights Parties entered into the Registration Rights Agreement. The Registration Rights Agreement provided the Registration Rights Parties who receive 10% or more of New Genco Common Stock under the Plan with demand and piggyback registration rights. All other Registration Rights Parties have piggyback registration rights only.

New Genco Equity Warrant Agreement

On the Effective Date, pursuant to the Plan, the New Genco Equity Warrants were issued pursuant to the terms of the New Genco Equity Warrant Agreement. Each New Genco Equity Warrant has a 7-year term (commencing on the day following the Effective Date) and are exercisable for one share of New Genco Common Stock. The New Genco Equity Warrants are exercisable on a cashless basis at an exercise price of \$20.99 per share. The New Genco Equity Warrant Agreement contains customary anti-dilution adjustments in the event of any stock split, reverse stock split, stock dividend, reclassification, dividend or other distributions (including, but not limited to, cash dividends), or business combination transaction.

Table of Contents

The New Genco Equity Warrants were distributed to holders of the old common stock of the Company, which was cancelled as of the Effective Date. Shares of old common stock of the Company issued to directors, officers and employees of Genco under compensatory plans that were unvested as of the Effective Date were deemed vested automatically on the Effective Date, so that all New Genco Equity Warrants received in exchange therefor were deemed vested.

Accounting Guidance

The Company was required to apply Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 852, *Reorganizations*, effective on April 21, 2014, which is applicable to companies in Chapter 11, which generally does not change the manner in which financial statements are prepared. However, it does require that the financial statements for periods subsequent to the filing of the Chapter 11 Cases distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business. Revenues, expenses, realized gains and losses, and provisions for losses that can be directly associated with the reorganization and restructuring of the business must be reported separately as Reorganization items in the consolidated statements of operations beginning in the quarter ending June 30, 2014. The balance sheet must distinguish pre-petition Liabilities subject to compromise from both those pre-petition liabilities that are not subject to compromise and from post-petition liabilities. The Company has evaluated creditors' claims for other claims that may also have priority over unsecured creditors. Liabilities that may be affected by a plan of reorganization must be reported at the amounts expected to be approved by the Bankruptcy Court, even if they may be settled for lesser amounts as a result of the plan or reorganization. In addition, cash used by reorganization items in the consolidated statements of cash flows are disclosed in Note 4 Cash Flow Information.

In connection with the emergence from the Chapter 11 Cases, the Company believes it qualifies for fresh-start accounting. Upon adoption of fresh-start accounting, the Company's assets and liabilities will be recorded at their value as of the fresh-start reporting date. The fair values of the Company's assets and liabilities as of that date may differ materially from the recorded values of its assets and liabilities as reflected in its historical consolidated financial statements. In addition, the Company's adoptions of fresh-start accounting may materially affect its results of operations following the fresh-start reporting dates, as the Company will have a new basis in its assets and liabilities. Consequently, the Company's historical financial statements may not be reliable indicators of its financial condition and results of operations for any period after it adopts fresh-start accounting. See Note 25 Subsequent Events for a further discussion of fresh-start accounting.

(1) Built dates and dates for vessels being delivered in the future are estimates based on the guidance received from the sellers and the respective shipyards.

The Company provides technical services for drybulk vessels purchased by Maritime Equity Partners LLC (MEP). Peter C. Georgiopoulos, Chairman of the Board of Directors of GS&T, controls and has a minority interest in MEP. These services include oversight of crew management, insurance, drydocking, ship operations and financial statement preparation, but do not include chartering services. The services are provided for a fee of \$750 per ship per day plus reimbursement of out-of-pocket costs and were provided for an initial term of one year. MEP has the right to cancel provision of services on 60 days notice with payment of a one-year termination fee upon a change in control of the Company. The Company may terminate provision of the services at any time on 60 days notice.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of consolidation

The accompanying condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), which include the accounts of GS&T, its wholly-owned subsidiaries and Baltic Trading, a subsidiary in which the Company owns a majority of the voting interests and exercises control. All intercompany accounts and transactions have been eliminated in consolidation.

Basis of presentation

The accompanying condensed consolidated financial statements have been prepared in accordance with U.S. GAAP for interim financial information and the rules and regulations of the Securities and Exchange Commission (the SEC). In the opinion of management of the Company, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and operating results have been included in the statements. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 2013 (the 2013 10-K). The results of operations for the three and six month periods ended June 30, 2014 and 2013 are not necessarily indicative of the operating results for the full year.

Vessels, net

Vessels, net is stated at cost less accumulated depreciation. Included in vessel costs are acquisition costs directly attributable to the acquisition of a vessel and expenditures made to prepare the vessel for its initial voyage. The Company also capitalizes interest costs for a vessel under construction as a cost which is directly attributable to the acquisition of a vessel. Vessels are depreciated on a straight-line basis over their estimated useful lives, determined to be 25 years from the date of initial delivery from the shipyard. Depreciation expense for vessels for the three months ended June 30, 2014 and 2013 was \$34,557 and \$33,102, respectively. Depreciation expense for vessels for the six months ended

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

June 30, 2014 and 2013 was \$68,717 and \$65,841, respectively.

Depreciation expense is calculated based on cost less the estimated residual scrap value. The costs of significant replacements, renewals and betterments are capitalized and depreciated over the shorter of the vessel's remaining estimated useful life or the estimated life of the renewal or betterment. Undepreciated cost of any asset component being replaced that was acquired after the initial vessel purchase is written off as a component of vessel operating expense. Expenditures for routine maintenance and repairs are expensed as incurred. Scrap value is estimated by the Company by taking the estimated scrap value of \$245 per lightweight ton (lwt) times the weight of the ship in lwt's.

Deferred revenue

Deferred revenue primarily relates to cash received from charterers prior to it being earned. These amounts are recognized as income when earned. Additionally, deferred revenue includes estimated customer claims mainly due to time charter performance issues. As of June 30, 2014 and December 31, 2013, the Company had an accrual of \$459 and \$536, respectively, related to these estimated customer claims.

Voyage expense recognition

In time charters, spot market-related time charters and pool agreements, operating costs including crews, maintenance and insurance are typically paid by the owner of the vessel and specified voyage costs such as fuel and port charges are paid by the charterer. There are certain other non-specified voyage expenses, such as commissions, which are typically borne by the Company. At

Table of Contents

the inception of a time charter, the Company records the difference between the cost of bunker fuel delivered by the terminating charterer and the bunker fuel sold to the new charterer as a gain or loss within voyage expenses. These differences in bunkers resulted in net (gains) losses of (\$184) and \$21 during the three months ended June 30, 2014 and 2013, respectively, and (\$249) and (\$343) during the six months ended June 30, 2014 and 2013, respectively. Additionally, voyage expenses include the cost of bunkers consumed during short-term time charters pursuant to the terms of the time charter agreement.

Noncontrolling interest

Net loss attributable to noncontrolling interest during the three and six months ended June 30, 2014 and 2013 reflects the noncontrolling interest's share of the net loss of Baltic Trading, a subsidiary of the Company, which owns and employs drybulk vessels in the spot market, in vessel pools or on spot market-related time charters. The spot market represents immediate chartering of a vessel, usually for single voyages. At June 30, 2014, the noncontrolling interest held an 88.96% economic interest in Baltic Trading while only holding 34.94% of the voting power. At December 31, 2013, the noncontrolling interest held an 88.95% economic interest in Baltic Trading while only holding 34.92% of the voting power.

Income taxes

Pursuant to certain agreements, GS&T technically and commercially manages vessels for Baltic Trading, as well as provides technical management of vessels for MEP in exchange for specified fees for these services provided. These services are performed by Genco Management (USA) Limited (Genco (USA)), which has elected to be taxed as a corporation for United States federal income tax purposes. As such, Genco (USA) is subject to United States federal income tax on its worldwide net income, including the net income derived from providing these services. Genco (USA) has entered into a cost-sharing agreement with the Company and Genco Ship Management LLC, collectively Manco, pursuant to which Genco (USA) agrees to reimburse Manco for the costs incurred by Genco (USA) for the use of Manco's personnel and services in connection with the provision of the services for both Baltic Trading and MEP's vessels.

Total revenue earned for these services during the three months ended June 30, 2014 and 2013 was \$1,841 and \$1,515, respectively, of which \$1,022 and \$696, respectively, eliminated upon consolidation. After allocation of certain expenses, there was taxable income of \$764 associated with these activities for the three months ended June 30, 2014. This resulted in estimated tax expense of \$339 for the three months ended June 30, 2014. After allocation of certain expenses, there was taxable income of \$625 associated with these activities for the three months ended June 30, 2013. This resulted in income tax expense of \$281 for the three months ended June 30, 2013.

Total revenue earned for these services during the six months ended June 30, 2014 and 2013 was \$3,696 and \$3,005, respectively, of which \$2,067 and \$1,376, respectively, were eliminated upon consolidation. After allocation of certain expenses, there was taxable income of \$1,650 associated with these activities for the six months ended June 30, 2014. This resulted in estimated income tax expense of \$740 for the six months ended June 30, 2014. After allocation of certain expenses, there was taxable income of \$1,217 associated with these activities for the six months ended June 30, 2013. This resulted in income tax expense of \$505 for the six months ended June 30, 2013.

Baltic Trading is subject to income tax on its United States source income. During the three months ended June 30, 2014 and 2013, Baltic Trading had United States operations which resulted in United States source income of \$1,245 and \$639, respectively. Baltic Trading's estimated

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

United States income tax expense for the three months ended June 30, 2014 and 2013 was \$25 and \$13, respectively.

During the six months ended June 30, 2014 and 2013, Baltic Trading had United States operations which resulted in United States source income of \$1,813 and \$639, respectively. Baltic Trading's United States income tax expense for the six months ended June 30, 2014 and 2013 was \$37 and \$13, respectively.

3 - SEGMENT INFORMATION

The Company determines its operating segments based on the information utilized by the chief operating decision maker to assess performance. Based on this information, the Company has two reportable operating segments, GS&T and Baltic Trading. Both GS&T and Baltic Trading are engaged in the ocean transportation of drybulk cargoes worldwide through the ownership and operation of drybulk carrier vessels. GS&T seeks to deploy its vessels on time charters, spot market-related time charters or in vessel pools trading in the spot market and Baltic Trading seeks to deploy its vessel charters in the spot market, which represents immediate chartering of a vessel, usually for single voyages, or employing vessels on spot market-related time charters or in vessel pools. Segment results are evaluated based on net (loss) income. The accounting policies applied to the reportable segments are the same as those used in the preparation of the Company's condensed consolidated financial statements.

Trading agreed to purchase two such vessels, to be renamed the Baltic Hornet and Baltic Wasp, and obtained an option to purchase up to two additional such vessels for the same purchase price, which Baltic Trading exercised on January 8, 2014. These vessels are to be renamed the Baltic Mantis and the Baltic Scorpion. The purchases are subject to completion of customary additional documentation and closing conditions. The Baltic Hornet and Baltic Wasp are expected to be delivered to Baltic Trading during the third and fourth quarters of 2014, respectively. The Baltic Scorpion and the Baltic Mantis are expected to be delivered to Baltic Trading during the second and third quarters of 2015, respectively. As of June 30, 2014 and December 31, 2013, deposits on vessels were \$28,634 and \$1,013, respectively. Baltic Trading intends to use a combination of cash on hand, future cash flow from operations as well as debt or equity financing to fully finance the acquisition of these four Ultramax newbuilding drybulk vessels.

Refer to Note 1 General Information for a listing of the vessel delivery dates for the vessels in the Company's fleet and the estimated delivery dates for vessels that Baltic Trading has entered into agreements to purchase.

Below market time charters, including those acquired during previous periods, were amortized as an increase to voyage revenue in the amount of \$18 and \$100 for the three months ended June 30, 2014 and 2013, respectively, and \$67 and \$233 for the six months ended June 30, 2014 and 2013, respectively.

Capitalized interest expense associated with the newbuilding contracts entered into by Baltic Trading for the three months ended June 30, 2014 and 2013 was \$177 and \$0, respectively, and \$276 and \$0 for the six months ended June 30, 2014 and 2013, respectively.

6 - INVESTMENTS

The Company holds an investment in the capital stock of Jinhui Shipping and Transportation Limited (Jinhui) and Korea Line Corporation (KLC). Jinhui is a drybulk shipping owner and operator focused on the Supramax segment of drybulk shipping. KLC is a marine transportation service company which operates a fleet of carriers which includes carriers for iron ore, liquefied natural gas and tankers for oil and petroleum products. These investments are designated as Available For Sale (AFS) and are reported at fair value, with unrealized gains and losses recorded in equity as a component of accumulated other comprehensive income (loss) (AOCI). At June 30, 2014 and December 31, 2013, the Company held 16,335,100 shares of Jinhui capital stock which is recorded at its fair value of \$49,540 and \$77,488, respectively, based on the last closing price during each respective quarter on June 30, 2014 and December 30, 2013, respectively. At June 30, 2014 and December 31, 2013, the Company held 3,355 shares of KLC stock which is recorded at its fair value of \$78 and \$82, respectively, based on the last closing price during each respective quarter on June 30, 2014 and December 30, 2013.

The Company reviews the investment in Jinhui and KLC for impairment on a quarterly basis. There were no impairment charges recognized for the three and six months ended June 30, 2014 and 2013.

The unrealized gain (losses) on the Jinhui capital stock and KLC stock are a component of AOCI since these investments are designated as AFS securities.

Refer to Note 12 Accumulated Other Comprehensive Income (Loss) for a breakdown of the components of AOCI.

7 NET LOSS PER COMMON SHARE

The computation of basic net loss per share is based on the weighted-average number of common shares outstanding during the year. The computation of diluted net loss per share assumes the vesting of nonvested stock awards (refer to Note 22 Nonvested Stock Awards), for which the assumed proceeds upon vesting are deemed to be the amount of compensation cost attributable to future services and are not yet recognized using the treasury stock method, to the extent dilutive. Of the 880,465 nonvested shares outstanding at June 30, 2014 (refer to Note 22 Nonvested Stock Awards), all are anti-dilutive. The Company's diluted net loss per share will also reflect the assumed conversion under the Company's convertible debt if the impact is dilutive under the if converted method. The impact of the shares convertible under the Company's convertible notes is excluded from the computation of diluted earnings per share when interest expense per common share obtainable upon conversion is greater than basic earnings per share.

The components of the denominator for the calculation of basic net loss per share and diluted net loss per share are as follows:

2007 Credit Facility

On July 20, 2007, the Company entered into the 2007 Credit Facility with DnB NOR Bank ASA. The maximum amount that may be borrowed under the 2007 Credit Facility at June 30, 2014 is \$1,055,912. As of June 30, 2014, the Company had utilized its maximum borrowing capacity under the 2007 Credit Facility.

In 2009, the Company obtained a waiver of the collateral maintenance covenant under this facility until the Company can represent that it is in compliance with all of its financial covenants and is otherwise able to pay a dividend and purchase or redeem shares of common stock under the terms of the facility in effect before the waiver. The Company's cash dividends and share repurchases were suspended until the collateral maintenance financial covenant could be satisfied.

The maximum leverage ratio covenant and minimum permitted consolidated interest ratio covenants were waived for the periods ending on and including December 31, 2013 pursuant to the August 1, 2012 agreements to amend or waive certain provisions of the agreements for the 2007 Credit Facility, \$100 Million Term Loan Facility and the \$253 Million Term Loan Facility (as defined below) (the August 2012 Agreements).

The gross interest-bearing debt to total capital covenant ended during the period ending on and including December 31, 2013 pursuant to the August 2012 Agreements. This covenant limited the ratio of the Company's interest-bearing indebtedness to the sum of its interest-bearing indebtedness and its consolidated net worth in accordance with U.S. GAAP to 62.5% on the last day of any fiscal quarter during the waiver period.

Additionally, pursuant to the August 2012 Agreements, the total applicable margin over LIBOR payable on the principal amount of debt outstanding increased from 2.0% to 3.0% per annum. The minimum cash balance required was also increased from \$500 to \$750 per vessel mortgaged under this facility pursuant to the August 2012 Agreements.

Pursuant to the amendment to the 2007 Credit Facility which was entered into on December 21, 2011, the Company was subject to a facility fee of 2.0% per annum on the average daily outstanding principal amount of the loans outstanding, payable quarterly in arrears, which was subject to a reduction to 1.0% if the Company consummated an equity offering resulting in an aggregate amount of \$50,000 of gross proceeds. On February 28, 2012, the Company completed an equity offering of 7,500,000 shares which resulted in gross proceeds of \$53,250. As such, effective February 28, 2012, the facility fee was reduced to 1.0%.

As of June 30, 2014, the Company was not in compliance with certain of the financial covenants under its 2007 Credit Facility, as amended. As a result of the commencement of the Chapter 11 Cases, the debt outstanding under this facility of \$1,055,912 has been classified as Liabilities subject to compromise in the Condensed Consolidated Balance Sheets as of June 30, 2014.

At June 30, 2014, there were no letters of credit issued under the 2007 Credit Facility.

To allow discussions with our creditors concerning our restructuring to continue into April 2014 without the need to file for immediate bankruptcy relief, on March 31, 2014, we entered into agreements with certain of the lenders under our 2007 Credit Facility, our \$100 Million Term Loan Facility, and our \$253 Million Term Loan Facility (our Credit Facilities) to obtain waivers or forbearances with respect to certain potential or actual events of default as of March 31, 2014 as follows (the Relief Agreements):

- not making the scheduled amortization payment on March 31, 2014 under our 2007 Credit Facility;
- not meeting the consolidated interest ratio covenant for the period ended March 31, 2014;
- not meeting the maximum leverage ratio covenant for the period ending March 31, 2014;

Table of Contents

- not meeting the collateral maintenance test under the 2007 Credit Facility;
- not meeting the minimum cash balance covenant under the 2007 Credit Facility;
- not furnishing audited financial statements to the lenders within 90 days after year end for the year ended December 31, 2013;
- a cross-default with respect to our outstanding interest rate swap with respect to the foregoing;
- cross-defaults among our credit facilities with respect to the foregoing; and
- any related defaults or events of default resulting from the failure to give notice with respect to any of the foregoing.

The Relief Agreement for our 2007 Credit Facility provided that the agent and consenting lenders would forbear to exercise their rights and remedies through 11:59 p.m. on April 1, 2014 with respect to the foregoing potential or actual events of default, subject to earlier termination if a subsequent event of default occurs under our credit agreements other than those described above or if we breach the terms of the Relief Agreement. The Relief Agreements for our other two Credit Facilities provided that the agent and lenders waived through 11:59 p.m. on April 1, 2014 the foregoing potential or actual events of default, subject to earlier termination if a subsequent event of default occurs under our credit agreements or if we breach the terms of the Relief Agreements. Notwithstanding such waivers and forbearances, the fact that we did not make the scheduled amortization payment on March 31, 2014 constituted an event of default under our currently outstanding interest rate swap. In addition, under the indenture and supplemental indenture (the "Indenture") governing our 5.0% Convertible Senior Notes issued on July 27, 2010 (the "2010 Notes"), our failure to make such payment would constitute an event of default under the Indenture if we fail to cure such default within 30 days after notice from the trustee under the Indenture.

On April 1, 2014, we entered into new agreements with the other parties to the Relief Agreements that extended the expiration of the forbearances and waivers under the Relief Agreements from 11:59 p.m. on April 1, 2014 to 11:59 p.m. on April 21, 2014. Also, the forbearances and waivers would have terminated if a definitive agreement for our restructuring was not effective by 11:59 p.m. on April 4, 2014. We avoided this termination through our entry into the Support Agreement. Such new agreements are otherwise on substantially the same terms and conditions as the Relief Agreements.

As of July 9, 2014, the Effective Date, the 2007 Credit Facility was terminated and the liens and mortgages related thereto were released as part of the Plan. Refer to the "Bankruptcy Filing" section of Note 1 "General Information" for further information regarding the Chapter 11 Cases.

\$100 Million Term Loan Facility

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

On August 12, 2010, the Company entered into the \$100 Million Term Loan Facility. As of June 30, 2014, the Company had utilized its maximum borrowing capacity of \$100,000. The Company has used the \$100 Million Term Loan Facility to fund or refund the Company a portion of the purchase price of the acquisition of five vessels from companies within the Metrostar group of companies. As of June 30, 2014, there was no availability under the \$100 Million Term Loan Facility.

Pursuant to the amendments to the \$100 Million Term Loan Facility that were entered into on December 21, 2011 and the August 2012 Agreements, the maximum leverage ratio covenant and the minimum permitted consolidated interest ratio covenant were waived for the periods ending on and including December 31, 2013.

As of June 30, 2014, the Company was not in compliance with certain of the financial covenants under the \$100 Million Term Loan Facility, as amended. As such, the debt outstanding under this facility of \$73,561 has been classified as Liabilities subject to compromise in the Condensed Consolidated Balance Sheets as of June 30, 2014.

See above in this note under the heading "2007 Credit Facilities" for a description of the agreement the Company entered into to obtain waivers with respect to certain events of default relating to the \$100 Million Term Loan Facility. See the "Bankruptcy Filing" section under Note 1 General Information for the Company's restructuring plans, including the filing of its Chapter 11 Cases and the Company's subsequent emergence from Chapter 11.

On the Effective Date, Genco entered into the Amended and Restated \$100 Million Term Loan Facility and the Amended and Restated \$253 Million Term Loan Facility. The Amended and Restated Credit Facilities included, among other things:

Table of Contents

- A paydown as of the Effective Date with respect to payments which became due under the prepetition credit facilities between the Petition Date and the Effective Date and were not paid during the pendency of the Chapter 11 Cases (\$1,923 for the \$100 Million Term Loan Facility and \$5,075 for the \$253 Million Term Loan Facility).
- Extension of the maturity dates to August 31, 2019 from August 17, 2017 for the \$100 Million Term Loan Facility and August 15, 2015 for the \$253 Million Term Loan Facility.
- Relief from compliance with financial covenants governing the Company's maximum leverage ratio, minimum consolidated interest coverage ratio and consolidated net worth through and including the quarter ending March 31, 2015 (with quarterly testing commencing June 30, 2015).
- A fleetwide minimum liquidity covenant requiring maintenance of cash of \$750 per vessel for all vessels owned by Genco (excluding those owned by Baltic Trading).
- An increase in the interest rate to LIBOR plus 3.50% per year from 3.00% previously for the \$100 Million Term Loan Facility and the \$253 Million Term Loan Facility.

The obligations under the Amended and Restated \$100 Million Term Loan Facility are secured by a first priority security interest in the vessels and other collateral securing the \$100 Million Term Loan Facility. The Amended and Restated \$100 Million Term Loan Facility requires quarterly repayment installments in accordance with the original terms of the \$100 Million Term Loan Facility.

\$253 Million Term Loan Facility

On August 20, 2010, the Company entered into the \$253 Million Term Loan Facility. As of June 30, 2014, the Company had utilized its maximum borrowing capacity of \$253,000 to fund or refund to the Company a portion of the purchase price of the 13 vessels purchased from Bourbon SA during the third quarter of 2010 and first quarter of 2011. As of June 30, 2014, there was no availability under the \$253 Million Term Loan Facility.

Pursuant to the amendment to the \$253 Million Term Loan Facility that was entered into on December 21, 2011 and the August 2012 Agreements, the maximum leverage ratio covenant and the minimum permitted consolidated interest ratio covenant were waived for the periods ending on and including December 31, 2013.

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

As of June 30, 2014 and December 31, 2013, the Company has deposited \$9,875 and \$9,750, respectively, that has been reflected as restricted cash. Restricted cash will be released only if the underlying collateral is sold or disposed of.

As of June 30, 2014, the Company was not in compliance with certain of the financial covenants under the \$253 Million Term Loan Facility, as amended. As a result of the commencement of the Chapter 11 Cases, the debt outstanding under this facility of \$175,718 has been classified as Liabilities subject to compromise in the Condensed Consolidated Balance Sheets as of June 30, 2014.

See above in this note under the heading "2007 Credit Facility" for a description of the agreement the Company entered into to obtain waivers with respect to certain events of default relating to the \$253 Million Term Loan Facility. See the "Bankruptcy Filing" section under Note 1 "General Information for the Company's restructuring plans, including the filing of its Chapter 11 Cases and the Company's subsequent emergence from Chapter 11.

Refer to the "\$100 Million Term Loan Facility" section above for a description of the Amended and Restated \$253 Million Term Loan Facility that was entered into by the Company on the Effective Date. The obligations under the Amended and Restated \$253 Million Term Loan Facility are secured by a first priority security interest in the vessels and other collateral securing the \$253 Million Term Loan Facility. The Amended and Restated \$253 Million Term Loan Facility requires quarterly repayment installments in accordance with the original terms of the \$253 Million Term Loan Facility.

2010 Baltic Trading Credit Facility

On April 16, 2010, Baltic Trading entered into a \$100,000 senior secured revolving credit facility with Nordea Bank Finland plc, acting through its New York branch (as amended, the "2010 Baltic Trading Credit Facility"). An amendment to the 2010 Baltic Trading Credit Facility was entered into by Baltic Trading effective November 30, 2010. Among other things, this amendment increased the commitment amount of the 2010 Baltic Trading Credit Facility from \$100,000 to \$150,000. An additional amendment to the 2010 Baltic Trading Credit Facility was entered into by Baltic Trading effective August 29, 2013 (the "August 2013 Amendment"). Among other things, the August 2013 Amendment implements the following modifications to the 2010 Baltic Trading Credit Facility:

Table of Contents

- The requirement that certain additional vessels acquired by Baltic Trading be mortgaged as collateral under the 2010 Baltic Trading Credit Facility was eliminated.
- Restrictions on the incurrence of indebtedness by Baltic Trading and its subsidiaries were amended to apply only to those subsidiaries acting as guarantors under the 2010 Baltic Trading Credit Facility.
- The total commitment under this facility was reduced to \$110,000 and will be further reduced in three consecutive semi-annual reductions of \$5,000 commencing on May 30, 2015.
- Borrowings bear interest at an applicable margin over LIBOR of 3.00% per annum if the ratio of the maximum facility amount of the aggregate appraised value of vessels mortgaged under the facility is 55% or less, measured quarterly; otherwise, the applicable margin is 3.35% per annum.
- Financial covenants corresponding to the liquidity and leverage under the Baltic Trading \$22 Million Term Loan Facility (as defined below) have been incorporated into the 2010 Baltic Trading Credit Facility.

As of June 30, 2014, \$7,750 remained available under the 2010 Baltic Trading Credit Facility as the total commitment was reduced to \$110,000 on August 29, 2013. The total available working capital borrowings of \$25,000 are subject to the total remaining availability under the 2010 Baltic Trading Credit Facility, therefore, only \$7,750 is available for working capital purposes as of June 30, 2014.

As of June 30, 2014, the Company believes Baltic Trading is in compliance with all of the financial covenants under the 2010 Baltic Trading Credit Facility.

Baltic Trading \$22 Million Term Loan Facility

On August 30, 2013, Baltic Hare Limited and Baltic Fox Limited, wholly-owned subsidiaries of Baltic Trading, entered into a secured loan agreement with DVB Bank SE for a term loan facility of up to \$22,000 (the "Baltic Trading \$22 Million Term Loan Facility"). Amounts borrowed and repaid under the Baltic Trading \$22 Million Term Loan Facility may not be reborrowed. This facility has a maturity date of the sixth anniversary of the drawdown date for borrowings for the second vessel to be purchased, or September 4, 2019. Borrowings under the Baltic Trading \$22 Million Term Loan Facility bear interest at the three-month LIBOR rate plus an applicable margin of 3.35% per annum. A commitment fee of 1.00% per annum is payable on the unused daily portion of the credit facility, which began accruing on August 30, 2013 and ended on September 4, 2013, the date which the entire \$22,000 was borrowed. Borrowings are to be repaid in 23 quarterly installments of \$375 each commencing three months after the last vessel delivery date, or December 4, 2013, and a final payment of \$13,375 due on the maturity date.

Borrowings under the Baltic Trading \$22 Million Term Loan Facility are secured by liens on Baltic Trading's vessels purchased with borrowings under the facility, namely the Baltic Fox and the Baltic Hare, and other related assets. Under a Guarantee and Indemnity entered into concurrently with the Baltic Trading \$22 Million Term Loan Facility, Baltic Trading agreed to guarantee the obligations of its subsidiaries under the Baltic Trading \$22 Million Term Loan Facility.

On September 4, 2013, Baltic Hare Limited and Baltic Fox Limited made drawdowns of \$10,730 and \$11,270 for the Baltic Hare and the Baltic Fox, respectively. As of June 30, 2014, Baltic Trading has utilized its maximum borrowing capacity of \$22,000 and there was no further availability. At June 30, 2014 and December 31, 2013, the total outstanding debt balance was \$20,875 and \$21,625, respectively, as required repayments began on December 4, 2013.

As of June 30, 2014 the Company believes Baltic Trading is in compliance with all of the financial covenants under the Baltic Trading \$22 Million Term Loan Facility.

Baltic Trading \$44 Million Term Loan Facility

On December 3, 2013, Baltic Tiger Limited and Baltic Lion Limited, wholly-owned subsidiaries of Baltic Trading, entered into a secured loan agreement with DVB Bank SE for a term loan facility of up to \$44,000 (the "Baltic Trading \$44 Million Term Loan Facility"). Amounts borrowed and repaid under the Baltic Trading \$44 Million Term Loan Facility may not be reborrowed. The Baltic Trading \$44 Million Term Loan Facility has a maturity date of the sixth anniversary of the drawdown date for borrowings for the second vessel to be purchased, or December 23, 2019. Borrowings under the Baltic Trading \$44 Million Term Loan Facility bear interest at the three-month LIBOR rate plus an applicable margin of 3.35% per annum. A commitment fee of 0.75% per annum is payable on the unused daily portion of the credit facility, which began accruing on December 3, 2013 and ended on December 23, 2013, the date which the entire \$44,000 was borrowed. Borrowings are to be repaid in 23 quarterly installments of \$688 each commencing three months after the last drawdown date, or March 24, 2014, and a final payment of \$28,188 due on the maturity date.

Table of Contents

Borrowings under the Baltic Trading \$44 Million Term Loan Facility are to be secured by liens on Baltic Trading's vessels to be financed or refinanced with borrowings under the facility, namely the Baltic Tiger and the Baltic Lion, and other related assets. Upon the prepayment of \$18,000 plus any additional amounts necessary to maintain compliance with the collateral maintenance covenant, Baltic Trading may have the lien on the Baltic Tiger released. Under a Guarantee and Indemnity entered into concurrently with the Baltic Trading \$44 Million Term Loan Facility, Baltic Trading agreed to guarantee the obligations of its subsidiaries under the Baltic Trading \$44 Million Term Loan Facility.

On December 23, 2013, Baltic Tiger Limited and Baltic Lion Limited made drawdowns of \$21,400 and \$22,600 for the Baltic Tiger and Baltic Lion, respectively. As of June 30, 2014, Baltic Trading has utilized its maximum borrowing capacity of \$44,000 and there was no further availability. At June 30, 2014 and December 31, 2013, the total outstanding debt balance was \$42,625 and \$44,000, respectively, as required repayments began on March 24, 2014.

As of June 30, 2014, the Company believes Baltic Trading is in compliance with all of the financial covenants under the Baltic Trading \$44 Million Term Loan Facility.

Change of Control

If the Company's ownership in Baltic Trading were to decrease to less than 10% of the aggregate number of shares of common stock and Class B Stock of Baltic Trading, the outstanding Baltic Trading Class B Stock held by the Company would automatically convert into common stock, and the voting power held by the Company in Baltic Trading would likewise decrease to less than 30%. This would result in a change of control as defined under the Baltic Trading 2010 Credit Facility, the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term Loan Facility, and would therefore constitute an event of default. Additionally, a change of control constituting an event of default under Baltic Trading's credit facilities would also occur if any party other than the Company or certain other permitted holders beneficially owns more than 30% of the Company's outstanding voting or economic equity interests, which may occur if a party were deemed to control Genco. Refer to Note 1 General Information for discussion of the Company's current economic status.

Interest payable

As required under the August 2012 Agreements, lenders under the 2007 Credit Facility will receive a fee equal to 1.25% of the principal amount outstanding following such prepayment, or \$13,199, on the earlier date of the maturity date of this facility or the date on which all obligations under this facility have been paid in full. The \$13,199 has been recorded in the Condensed Consolidated Balance Sheets at June 30, 2014 as Liabilities subject to compromise, consistent with the classification of the principal amount of the 2007 Credit Facility. Refer to Note 1 General Information for further information regarding the Chapter 11 Cases.

Interest rates

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

The following tables sets forth the effective interest rate associated with the interest expense for the Company's debt facilities noted above, including the rate differential between the pay fixed, receive variable rate on the interest rate swap agreements that were in effect (refer to Note 11 Interest Rate Swap Agreements), combined, the cost associated with unused commitment fees as well as the 1.0% facility fee for the 2007 Credit Facility as noted above. Additionally, it includes the range of interest rates on the debt, excluding the impact of swaps and unused commitment fees:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2014	2013	2014	2013
Effective Interest Rate	4.31%	4.72%	4.33%	4.73%
Range of Interest Rates (excluding impact of swaps and unused commitment fees)	3.15% to 5.15%	3.19% to 4.31%	3.15% to 5.15%	3.19% to 4.38%

10 CONVERTIBLE SENIOR NOTES

The Company issued \$125,000 of the 2010 Notes on July 27, 2010. The Indenture for the 2010 Notes includes customary agreements and covenants by the Company, including with respect to events of default. As noted in Note 1 General Information, the filing of the Chapter 11 Cases by the Company on April 21, 2014 constituted an event of default with respect to the 2010 Notes. On this date, the Company ceased recording interest expense related to the 2010 Notes. During the three and six months ended June 30 2014, interest expense of \$2,266, including the amortization of the discount of the liability component and the bond coupon interest expense, was not recorded which would have been incurred had the indebtedness not been reclassified as a Liability subject to compromise. On the Effective Date, when the Company emerged from Chapter 11, the 2010 Notes and the Indenture were fully satisfied and discharged.

The following tables provide additional information about the Company's 2010 Notes:

Refer to Note 1 General Information for additional information regarding defaults relating to the 2010 Notes. In accordance with applicable accounting guidance, the liability related to the 2010 Notes was classified as Liabilities subject to compromise in the condensed Consolidated Balance Sheets as of June 30, 2014.

11 - INTEREST RATE SWAP AGREEMENTS

As of December 31, 2013, the Company had four interest swap agreements outstanding with DNB Bank ASA to manage interest costs and the risk associated with variable interest rates related to the Company's 2007 Credit Facility. The total notional principal amount of the swaps at December 31, 2013 was \$306,233 and the swaps had specified rates and durations. Three of the swaps that were outstanding at December 31, 2013 expired during the six months ended June 30, 2014, prior to the Petition Date.

As of March 31, 2014, the Company was in default under covenants of its 2007 Credit Facility due to the default on the scheduled debt amortization payment due on March 31, 2014. Refer to Note 1 General Information for additional information regarding defaults relating to the swap. The default under the 2007 Credit Facility requires the Company to elect interest periods of only one-month, therefore the Company no longer qualified for hedge accounting under the original designation and hedge accounting was terminated effective March 31, 2014. Additionally, the filing of the Chapter 11 Cases by the Company on the Petition Date constituted an event of default with respect to the outstanding interest rate swap with DNB Bank ASA. As a result, DNB Bank ASA terminated all transactions under the remaining swap agreement effective April 30, 2014 and filed a secured claim with the Bankruptcy Court of \$5,622. As such, in accordance with applicable accounting guidance, the liability related to the interest rate swap outstanding as of June 30, 2014 was classified as Liabilities subject to compromise in the Condensed Consolidated Balance Sheets as of June 30, 2014 and is no longer considered a derivative.

The following table summarizes the interest rate swaps designated as cash flow hedges that were in place as of June 30, 2014 and December 31, 2013:

The differentials to be paid or received for these swap agreements are recognized as an adjustment to interest expense as incurred. The Company utilized cash flow hedge accounting for these swaps through March 31, 2014, whereby the effective portion of the change in the value of the swaps is reflected as a component of AOCI. The ineffective portion is recognized as other expense, which is a component of other (expense) income. On March 31, 2014, the cash flow hedge accounting on the remaining swap agreement was discontinued. Once cash flow hedge accounting was discontinued, the changes in the fair value of the interest rate swaps are recorded in the Condensed Consolidated Statement of Operations in interest expense and the remaining amounts included in AOCI are amortized to interest expense over the original term of the hedging relationship.

The following tables present the impact of derivative instruments and their location within the Condensed Consolidated Statement of Operations:

The Company is required to provide collateral in the form of vessel assets to support the interest rate swap agreements, excluding vessel assets of Baltic Trading. At June 30, 2014, the Company's 35 vessels mortgaged under the 2007 Credit Facility served as collateral in the aggregate amount of \$100,000.

Table of Contents13 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair values and carrying values of the Company's financial instruments at June 30, 2014 and December 31, 2013 which are required to be disclosed at fair value, but not recorded at fair value, are noted below.

	June 30, 2014		December 31, 2013	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Cash and cash equivalents	\$ 57,720	\$ 57,720	\$ 122,722	\$ 122,722
Restricted cash	10,275	10,275	10,150	10,150

2010 Notes	117,473	122,500	115,881	63,438

The fair value of the floating rate debt under the \$100 Million Term Loan Facility and \$253 Million Term Loan Facility are based on management's estimate utilizing rates the Company believes it would be able to obtain for these credit facilities. However, a portion of the floating rate debt of the 2007 Credit Facility was traded in a private transaction for an amount that is not determinable by the Company, which Management believes was lower than the debt's current carrying value. The fair value of the 2010 Baltic Trading Credit Facility is based on rates Baltic Trading has recently obtained pursuant to the amendment to the existing 2010 Baltic Trading Credit Facility on August 29, 2013. The fair value of the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term Loan Facility is based on rates that Baltic Trading recently obtained upon the effective dates of these facilities on August 30, 2013 and December 3, 2013, respectively. Additionally, the Company considers its creditworthiness in determining the fair value of floating rate debt under the credit facilities. The carrying value approximates the fair market value for these floating rate loans, except for the 2007 Credit Facility. The fair value of the convertible senior notes payable represents the market value based on recent transactions of the 2010 Notes at June 30, 2014 and December 31, 2013 without bifurcating the value of the conversion option. The fair value of the interest rate swaps is the estimated amount the Company would receive to terminate the swap agreements at the reporting date, taking into account current interest rates and the creditworthiness of both the swap counterparty and the Company. The carrying amounts of the Company's other financial instruments at June 30, 2014 and December 31, 2013 (principally Due from charterers and Accounts payable and accrued expenses), approximate fair values because of the relatively short maturity of these instruments.

ASC Subtopic 820-10, Fair Value Measurements & Disclosures (ASC 820-10), applies to all assets and liabilities that are being measured and reported on a fair value basis. This guidance enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumption (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

- Level 1 Valuations based on quoted prices in active markets for identical instruments that the Company is able to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these instruments does not entail a significant degree of judgment.
- Level 2 Valuations based on quoted prices in active markets for instruments that are similar, or quoted prices in markets that are not active for identical or similar instruments, and model-derived valuations in which all significant inputs and significant value drivers are

observable in active markets.

- Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

As of June 30, 2014 and December 31, 2013, the fair values of the Company's financial assets and liabilities are categorized as follows:

			June 30, 2014 Quoted Market Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)
	Total			
Investments	\$	49,618	\$	49,618
Derivative instruments liability position (Refer to Note 11)		5,622		5,622

Table of Contents

		December 31, 2013		
			Quoted Market Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)

Derivative instruments liability position		6,975		6,975

The Company holds an investment in the capital stock of Jinhui, which is classified as a long-term investment. The stock of Jinhui is publicly traded on the Oslo Stock Exchange and is considered a Level 1 item. The Company also holds an investment in the stock of KLC, which is classified as a long-term investment. The stock of KLC is publicly traded on the Korea Stock Exchange and is considered a Level 1 item. The Company's only interest rate derivative instrument is a pay-fixed, receive-variable interest rate swaps based on LIBOR. The Company has elected to use the income approach to value this derivative, using observable Level 2 market inputs at measurement date and standard valuation techniques to convert future amounts to a single present amount assuming that participants are motivated, but not compelled to transact. Level 2 inputs for the valuations are limited to quoted prices for similar assets or liabilities in active markets (specifically futures contracts on LIBOR for the first two years) and inputs other than quoted prices that are observable for the asset or liability (specifically LIBOR cash and swap rates and credit risk at commonly quoted intervals). Mid-market pricing is used as a practical expedient for fair value measurements. Refer to Note 11 Interest Rate Swap Agreements for further information regarding the Company's interest rate swap agreements. ASC 820-10 states that the fair value measurement of an asset or liability must reflect the nonperformance risk of the entity and the counterparty. Therefore, the impact of the counterparty's creditworthiness when in an asset position and the Company's creditworthiness when in a liability position have also been factored into the fair value measurement of the derivative instruments. This credit valuation adjustment did not have a material impact on the fair value measurement of the derivative instruments. Refer to Note 1 General Information for additional information regarding defaults relating to the swap. Cash and cash equivalents and restricted cash are considered Level 1 items as they represent liquid assets with short-term maturities. Floating rate debt is considered to be a Level 2 item as the Company considers the estimate of rates it could obtain for similar debt or based upon transaction amongst third parties. The 2010 Notes were publicly traded in the over-the-counter market; however, they were not considered to be actively traded. As such, the 2010 Notes are considered to be a Level 2 item. The Company did not have any Level 3 financial assets or liabilities during the six months ended June 30, 2014 and 2013.

14 - PREPAID EXPENSES AND OTHER CURRENT AND NONCURRENT ASSETS

Prepaid expenses and other current assets consist of the following:

18 LIABILITIES SUBJECT TO COMPROMISE

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

As a result of the filing of the Chapter 11 Cases on April 21, 2014, the payment of pre-petition indebtedness is subject to compromise or other treatment under a plan of reorganization. Generally, actions to enforce or otherwise effect payment of pre-bankruptcy filing liabilities are stayed. Although payment of pre-petition claims generally is not permitted, the Bankruptcy Court granted the Company authority to pay certain pre-petition claims in designated categories and subject to certain terms and conditions. This relief generally was designed to preserve the value of the Company's businesses and assets. Among other things, the Bankruptcy Court authorized the Company to pay certain pre-petition claims relating to employee wages and benefits, customers, vendors, and suppliers in the ordinary course of business.

The Company has been paying and intends to continue to pay undisputed post-petition claims in the ordinary course of business. With respect to pre-petition claims, the Company has notified all known claimants of the deadline to file a proof of claim with the Bankruptcy Court. The Company's Liabilities subject to compromise represent the Company's current estimate of claims expected to be allowed by the Bankruptcy Court. As of June 30, 2014, the Company cannot reasonably estimate the value of the claims that will ultimately be allowed by the Bankruptcy Court since the Company's evaluation, investigation and reconciliation of the filed claims has not been completed.

Pre-petition liabilities that are subject to compromise are required to be reported at the amounts expected to be allowed, even if they may be settled for lesser amounts. The amounts currently classified as Liabilities subject to compromise may be subject to future adjustments depending on Bankruptcy Court actions, further developments with respect to disputed claims, determinations of

Table of Contents

the secured status of certain claims, the values of any collateral securing such claims, or other events. Management expects that certain amounts currently classified as Liabilities subject to compromise may in fact be paid in the ordinary course as they come due. Any resulting changes in classification will be reflected in subsequent financial statements.

As of June 30, 2014, Liabilities subject to compromise consist of the following:

	June 30, 2014
2007 Credit Facility	\$ 1,055,912
\$ 100 Million Term Loan Facility	73,561
\$ 253 Million Term Loan Facility	175,718
Interest payable	13,199
Terminated interest rate swap liability	5,622
Convertible senior note payable	117,473
Bond coupon interest payable	1,105
Lease obligation for prior office space	828
Pre-petition accounts payable	157
Total	\$ 1,443,575

19 - REVENUE FROM TIME CHARTERS

Total voyage revenue earned on time charters, including revenue earned in vessel pools and spot market-related time charters, as well as the sale of bunkers consumed during short-term time charters, for the three months ended June 30, 2014 and 2013 was \$51,545 and \$44,941, respectively, and for the six months ended June 30, 2014 and 2013 was \$114,725 and \$84,617, respectively. There was no profit sharing revenue earned during the three and six months ended June 30, 2014 and 2013. Future minimum time charter revenue, based on vessels committed to noncancelable time charter contracts as of August 9, 2014, is expected to be \$7,132 for the remainder of 2014, assuming off-hire due to any scheduled drydocking and that no additional off-hire time is incurred. For drydockings, the Company assumes twenty days of offhire. Future minimum revenue excludes revenue earned for the vessels currently in pool arrangements and vessels that are currently on or will be on spot market-related time charters, as spot rates cannot be estimated, as well as profit sharing revenue.

20 REORGANIZATION ITEMS, NET

Reorganization items, net represent amounts incurred and recovered subsequent to the bankruptcy filing as a direct result

of the filing of the Chapter 11 Cases and are comprised of the following for the three and six months ended June 30, 2014:

	For the Three and Six Months Ended June 30, 2014
Professional fees incurred	\$ 19,855
Trustee fees incurred	251
Total	\$ 20,106

During the three and six months ended June 30, 2014, there were no items netted with the reorganization items.

21 - COMMITMENTS AND CONTINGENCIES

In September 2005, the Company entered into a 15-year lease for office space in New York, New York for which there was a free rental period from September 1, 2005 to July 31, 2006. On January 6, 2012, the Company ceased the use of this space. The Debtors rejected this lease agreement. During the three months ended June 30, 2014 and 2013, net rent expense of (\$28) and \$22, respectively, and (\$28) and \$131 during the six months ended June 30, 2014 and 2013, respectively, was recorded representing the adjustment of the present value of the Company's estimating remaining rent expense for the duration of the lease after taking into account estimated future sublease income based on the sublease agreement entered into effective November 1, 2013. The current and long-term lease obligations related to this lease agreement as of December 31, 2013 of \$176 and \$744, respectively, are recorded in the condensed consolidated balance sheet in Current portion of lease obligations and Long-term lease obligation, respectively. As a result of the Chapter 11 Cases, the current and long-term lease obligations as of June 30, 2014 related to this lease agreement in the amount of \$162 and \$666, respectively, have been recorded as Liabilities subject to compromise. Pursuant to the Plan that was approved by the Bankruptcy Court, the Debtors rejected this lease agreement on the Effective Date.

Prior to the rejection of this lease agreement, future minimum rental payments on the above lease for the next five years and thereafter would be as follows: \$259 for the remainder of 2014, \$518 for 2015, \$529 for 2016, \$550 annually for 2017 and 2018 and a total of \$1,421 for the remaining term of the lease. The rental payments would be offset by the contract sublease income, as follows:

Table of Contents

\$170 for 2014; \$340 annually for 2015 through 2016, \$347 for 2017, \$380 for 2018 and a total of \$983 for the remaining term of the sublease.

Effective April 4, 2011, the Company entered into a seven-year sub-sublease agreement for additional office space in New York, New York. The term of the sub-sublease commenced June 1, 2011, with a free base rental period until October 31, 2011. Following the expiration of the free base rental period, the monthly base rental payments are \$82 per month until May 31, 2015 and thereafter will be \$90 per month until the end of the seven-year term. Pursuant to the sub-sublease agreement, the sublessor was obligated to contribute \$472 toward the cost of the Company's alterations to the sub-subleased office space. The Company has also entered into a direct lease with the over-landlord of such office space that will commence immediately upon the expiration of such sub-sublease agreement, for a term covering the period from May 1, 2018 to September 30, 2025; the direct lease provides for a free base rental period from May 1, 2018 to September 30, 2018. Following the expiration of the free base rental period, the monthly base rental payments will be \$186 per month from October 1, 2018 to April 30, 2023 and \$204 per month from May 1, 2023 to September 30, 2025. For accounting purposes, the sub-sublease agreement and direct lease agreement with the landlord constitutes one lease agreement. As a result of the straight-line rent calculation generated by the free rent period and the tenant work credit, the monthly straight-line rental expense for the term of the entire lease from June 1, 2011 to September 30, 2025 will be \$130. The Company had a long-term lease obligation at June 30, 2014 and December 31, 2013 of \$2,658 and \$2,370, respectively. Rent expense pertaining to this lease for the three months ended June 30, 2014 and 2013 was \$390 during both periods. Rent expense pertaining to this lease for the six months ended June 30, 2014 and 2013 was \$779 during both periods.

Future minimum rental payments on the above lease for the next five years and thereafter are as follows: \$491 for the remainder of 2014, \$1,037 for 2015, \$1,076 annually for 2016 and 2017, \$916 for 2018 and a total of \$15,590 for the remaining term of the lease.

22 - NONVESTED STOCK AWARDS

The table below summarizes the Company's nonvested stock awards for the six months ended June 30, 2014 under the Genco Shipping & Trading Limited 2005 and 2012 Equity Incentive Plans (the "GS&T Plans"):

	Number of Shares	Weighted Average Grant Date Price
Outstanding at January 1, 2014	880,465	\$ 7.77
Granted		
Vested		
Forfeited		
Outstanding at June 30, 2014	880,465	\$ 7.77

The total fair value of shares that vested under the GS&T Plans during the six months ended June 30, 2014 and 2013 was \$0 and \$110, respectively. The total fair value is calculated as the number of shares vested during the period multiplied by the fair value on the vesting date.

For the three and six months ended June 30, 2014 and 2013, the Company recognized nonvested stock amortization expense for the GS&T Plans, which is included in general, administrative and management fees, as follows:

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

	For the Three Months Ended		For the Six Months Ended	
	June 30,		June 30,	
	2014	2013	2014	2013
General, administrative, and management fees	\$ 393	\$ 796	\$ 820	\$ 1,565

The fair value of nonvested stock at the grant date is equal to the closing stock price on that date. The Company is amortizing these grants over the applicable vesting periods, net of anticipated forfeitures. As of June 30, 2014, unrecognized compensation cost of \$1,583 related to nonvested stock will be recognized over a weighted-average period of 1.69 years.

On March 13, 2014, Baltic Trading's Board of Directors approved an amendment to the Baltic Trading Limited 2010 Equity Incentive Plan (the "Baltic Trading Plan") that increased the aggregate number of shares of common stock available for awards from 2,000,000 to 6,000,000 shares. Additionally, on April 9, 2014, at Baltic Trading's 2014 Annual Meeting of Shareholders, Baltic Trading's shareholders approved the amendment to the Baltic Trading Plan.

Table of Contents

The following table presents a summary of Baltic Trading's nonvested stock awards for the six months ended June 30, 2014 under the Baltic Trading Plan:

	Number of Baltic Trading Common Shares	Weighted Average Grant Date Price
Outstanding at January 1, 2014	1,381,429	\$ 6.03
Granted	36,345	6.19
Vested	(176,180)	10.53
Forfeited		
Outstanding at June 30, 2014	1,241,594	\$ 5.39

The total fair value of shares that vested under the Baltic Trading Plan during the six months ended June 30, 2014 and 2013 was \$1,143 and \$643, respectively. The total fair value is calculated as the number of shares vested during the period multiplied by the fair value on the vesting date.

For the three and six months ended June 30, 2014 and 2013, the Company recognized nonvested stock amortization expense for the Baltic Trading Plan, which is included in general, administrative and management fees, as follows:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2014	2013	2014	2013
General, administrative, and management fees	\$ 908	\$ 351	\$ 1,871	\$ 815

The Company is amortizing Baltic Trading's grants over the applicable vesting periods, net of anticipated forfeitures. As of June 30, 2014, unrecognized compensation cost of \$4,288 related to nonvested stock will be recognized over a weighted-average period of 3.01 years.

23 - SHARE REPURCHASE PROGRAM

Since the inception of its share repurchase program through June 30, 2014, the Company has repurchased and retired 278,300 shares of its common stock for \$11,500. Currently, the terms of the 2007 Credit Facility require the Company to suspend all share repurchases until the Company can represent that it is in a position to again satisfy the collateral maintenance covenant. No share repurchases were made during the three and six months ended June 30, 2014 and 2013.

24 - LEGAL PROCEEDINGS

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

Refer to Note 1 General Information for information concerning the Chapter 11 Cases.

On March 28, 2014, the Genco Auvergne was arrested due to a disputed claim with the charterer of one of the Company's other vessels, namely the Genco Ardennes. In order for the Company to release the Genco Auvergne from its arrest, the Company entered into a cash collateralized \$900 bank guarantee with Skandinaviska Enskilda Banken AB (the SEB Bank Guarantee) on April 3, 2014. The vessel has since been released from its arrest and the bank guarantee will remain in an escrow account until the arbitration related to this case is completed. The SEB Bank Guarantee resulted in additional indebtedness by the Company. As the Company is currently in default under the covenants of its 2007 Credit Facility due to the default on a scheduled debt amortization payment due on March 31, 2014, on April 3, 2014 the Company received a consent from the lenders under the 2007 Credit Facility to incur this additional indebtedness. Also, under the \$253 Million Term Loan Facility for which the Genco Auvergne is collateralized, the Company may not incur additional indebtedness related to its collateralized vessels under this facility. The Company also received a consent from the lenders under the \$253 Million Term Loan Facility on April 3, 2014 in order to enter the SEB Bank Guarantee. The \$900 to collateralize the bank guarantee has been recorded as Prepaid expenses and other current assets in the Condensed Consolidated Balance Sheets as of June 30, 2014.

From time to time, the Company may be subject to legal proceedings and claims in the ordinary course of its business, principally personal injury and property casualty claims. Such claims, even if lacking merit, could result in the expenditure of significant financial and managerial resources. The Company is not aware of any legal proceedings or claims that it believes will have, individually or in the aggregate, a material effect on the Company, its financial condition, results of operations or cash flows besides those noted above.

25 - SUBSEQUENT EVENTS

Under ASC 852, *Reorganizations*, fresh-start accounting is required upon emergence from Chapter 11 if (i) the value of the assets of the emerging entity immediately before the date of confirmation is less than the total of all post-petition liabilities and allowed claims; and (ii) holders of existing voting shares immediately before confirmation receive less than 50% of the voting shares of the emerging entity.

The value of the assets of the Company immediately before the date of confirmation were approximately \$1,390, which is expected to be less than the total of all post-petition liabilities and allowed claims. For purposes of this determination, the Company utilized the estimated total of all post-petition liabilities and allowed claims at June 30, 2014 of \$1,538. Although there may be a substantial increase in allowed claims by the Effective Date, it is not expected that any such increase would result in a different determination. Additionally, the holders of the existing voting shares immediately before the Effective Date held less than 50% of the voting shares of the emerging entity.

Accordingly, the Company will adopt fresh-start accounting as of the Effective Date. Adopting fresh-start accounting results in a new reporting entity with no beginning retained earnings or deficit. The cancellation of all existing shares outstanding on the Effective Date and issuance of new shares of the reorganized entity caused a related change of control of the Company under ASC 852. Fresh-start accounting also requires that the reporting entity allocate the reorganization value to its assets and liabilities in relation to their fair values upon emergence from Chapter 11.

On July 29, 2014, Baltic Trading declared a dividend of \$0.01 per share to be paid on or about August 21, 2014 to shareholders of record as of August 14, 2014. The aggregate amount of the dividend is expected to be approximately \$576, of which approximately \$512 will be paid to minority shareholders, which Baltic Trading anticipates will be funded from cash on hand at the time payment is to be made.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report contains forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements use words such as anticipate, estimate, expect, project, intend, plan, believe, and other words of similar meaning in connection with a discussion of potential future events, circumstances or future operating or financial performance. These forward-looking statements are based on management's current expectations and observations. Included among the factors that, in our view, could cause actual results to differ materially from the forward looking statements contained in this report are the following: (i) declines in demand or rates in the drybulk shipping industry; (ii) prolonged weakness in drybulk shipping rates; (iii) changes in the supply of or demand for drybulk products, generally or in particular regions; (iv) changes in the supply of drybulk carriers including newbuilding of vessels or lower than anticipated scrapping of older vessels; (v) changes in rules and regulations applicable to the cargo industry, including, without limitation, legislation adopted by international organizations or by individual countries and actions taken by regulatory authorities; (vi) increases in costs and expenses including but not limited to: crew wages, insurance, provisions, repairs, maintenance and general, administrative and management fee expenses; (vii) whether our insurance arrangements are adequate; (viii) changes in general domestic and international political conditions; (ix) acts of war, terrorism, or piracy; (x) changes in the condition of the our vessels or applicable maintenance or regulatory standards (which may affect, among other things, our anticipated drydocking or maintenance and repair costs) and unanticipated drydock expenditures; (xi) our acquisition or disposition of vessels; (xii) the amount of offhire time needed to complete repairs on vessels and the timing and amount of any

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

reimbursement by our insurance carriers for insurance claims, including offhire days; (xiii) the completion of definitive documentation with respect to time charters; (xiv) charterers' compliance with the terms of their charters in the current market environment; (xv) the Company's ability to obtain modifications or alternatives to its financing arrangements on acceptable terms; (xvi) the fulfillment of the closing conditions under, or the execution of additional documentation for, Baltic Trading's agreements to acquire vessels; (xvii) obtaining, completion of definitive documentation for, and funding of financing for the vessel acquisitions on acceptable terms; (xviii) the extent to which our operating results continue to be affected by weakness in market conditions and charter rates; (xix) our ability to maintain contracts that are critical to our operation, to obtain and maintain acceptable terms with our vendors, customers and service providers and to retain key executives, managers and employees; (xx) the timing and realization of the recoveries of assets and the payments of claims and the amount of expenses required to recognize such recoveries and reconcile such claims; (xxi) our ability to obtain sufficient and acceptable post-restructuring financing; and other factors listed from time to time in our filings with the Securities and Exchange Commission, including, without limitation, our Annual Report on Form 10-K for the year ended December 31, 2013 and subsequent reports on Form 8-K and Form 10-Q.

Table of Contents

The following management's discussion and analysis should be read in conjunction with our historical consolidated financial statements and the related notes included in this Form 10-Q.

General

We are a Marshall Islands company that transports iron ore, coal, grain, steel products and other drybulk cargoes along worldwide shipping routes through the ownership and operation of drybulk carrier vessels. Excluding vessels of Baltic Trading Limited ("Baltic Trading"), our fleet currently consists of nine Capesize, eight Panamax, 17 Supramax, six Handymax and 13 Handysize drybulk carriers, with an aggregate carrying capacity of approximately 3,810,000 dwt, and the average age of our fleet is currently approximately 9.3 years, as compared to the average age for the world fleet of approximately 9 years for the drybulk shipping segments in which we compete. We seek to deploy our vessels on time charters, spot market-related time charters or in vessel pools trading in the spot market, to reputable charterers, including Cargill International S.A., Pacific Basin Chartering Ltd., Swissmarine Services S.A. and Clipper Logger Pool, in which Clipper Group acts as the pool manager. The majority of the vessels in our current fleet are presently engaged under time charter and spot market-related time charter contracts that expire (assuming the option periods in the time charters are not exercised) between August 2014 and November 2015.

In addition, Baltic Trading's fleet currently consists of four Capesize, four Supramax and five Handysize drybulk carriers with an aggregate carrying capacity of approximately 1,095,000 dwt. After the expected delivery of four Ultramax newbuilding vessels that Baltic Trading has agreed to acquire, Baltic Trading will own a fleet of 17 drybulk vessels, consisting of four Capesize, four Ultramax, four Supramax and five Handysize drybulk carriers with a total carrying capacity of approximately 1,350,000 dwt.

See pages 37-41 for a table of all vessels that have been or are expected to be delivered to us, including Baltic Trading's vessels.

Baltic Trading, formerly our wholly-owned subsidiary, completed its initial public offering, or IPO, on March 15, 2010. On May 28, 2013, Baltic Trading closed an equity offering of 6,419,217 shares of common stock at an offering price of \$3.60 per share. Baltic Trading received net proceeds of approximately \$21.6 million after deducting underwriters' fees and expenses. Additionally, on September 25, 2013, Baltic Trading closed an equity offering of 13,800,000 shares of common stock at an offering price of \$4.60 per share. Baltic Trading received net proceeds of approximately \$59.5 million after deducting underwriters' fees and expenses. Lastly, on November 18, 2013, Baltic Trading closed an equity offering of 12,650,000 shares of common stock at an offering price of \$4.60 per share. Baltic Trading received net proceeds of approximately \$55.1 million after deducting underwriters' fees and expenses. As a result of Baltic Trading's equity offerings completed on May 28, 2013, September 25, 2013 and November 18, 2013, we were issued 128,383, 276,000 and 253,000 shares, respectively, of Class B stock, which represents 2% of the number of common shares issued. As of June 30, 2014, our wholly-owned subsidiary Genco Investments LLC owned 6,356,471 shares of Baltic Trading's Class B Stock, which represents an 11.04% ownership interest in Baltic Trading at June 30, 2014 and 65.06% of the aggregate voting power of Baltic Trading's outstanding shares of voting stock. Baltic Trading is consolidated as we control a majority of the voting interest in Baltic Trading. Management's discussion and analysis of our results of operations and financial condition includes the results of Baltic Trading.

We entered into a long-term management agreement (the "Management Agreement") with Baltic Trading pursuant to which we apply our expertise and experience in the drybulk industry to provide Baltic Trading with commercial, technical, administrative and strategic services. The Management Agreement is for an initial term of approximately 15 years and will automatically renew for additional five-year periods unless terminated in accordance with its terms. Baltic Trading will pay us for the services we provide it as well as reimburse us for our costs and expenses incurred in providing certain of these services. Management fee income we earn from the Management Agreement net of any allocated shared expenses, such as salary, office expenses and other general and administrative fees, will be taxable to us. Upon consolidation

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

with Baltic Trading, any management fee income earned is eliminated for financial reporting purposes. Baltic Trading has the right to terminate the Management Agreement upon the occurrence of certain events, including a Manager Change of Control (as defined in the Management Agreement), without making a termination payment. Some of these have occurred as a result of the transactions contemplated by the Plan, including the consummation of any transaction that results in (i) any person (as such term is used in Section 13(d)(3) of the Securities Exchange Act of 1934), other than Peter Georgiopoulos or any of his affiliates, becoming the beneficial owner of 25% of the Company's voting securities or (ii) the Company's stock ceasing to be traded on the New York Stock Exchange or any other internationally recognized stock exchange. Therefore, Baltic Trading may have the right to terminate the Management Agreement, although Baltic Trading may be prevented or delayed from doing so because of the effect of applicable bankruptcy law, including the automatic stay provisions of the United States Bankruptcy Code and the provisions of the Prepack Plan and the Confirmation Order.

On July 2, 2013, Baltic Trading entered into agreements to purchase two Handysize drybulk vessels from subsidiaries of Clipper Group for an aggregate purchase price of \$41.0 million. The Baltic Hare, a 2009-built handysize vessel, was delivered on September 5, 2013 and the Baltic Fox, a 2010-built Handysize vessel, was delivered on September 6, 2013. Baltic Trading funded a portion of the purchase price of the vessels using proceeds from its registered follow-on common stock offering completed on May 28, 2013. For the remainder of the purchase price, Baltic Trading drew down \$22.0 million under its secured loan agreement with DVB

Bank SE (the "Baltic Trading \$22 Million Term Loan Facility"). Refer to Note 9 "Debt" in our condensed consolidated financial statements for further information regarding this credit facility.

On October 31, 2013, Baltic Trading entered into agreements to purchase two Capesize drybulk vessels from affiliates of SK Shipping Co. Ltd. for an aggregate purchase price of \$103.0 million. The Baltic Lion, a 2012-built Capesize drybulk vessel, was delivered on December 27, 2013, and the Baltic Tiger, a 2011-built Capesize vessel, was delivered on November 26, 2013. Baltic Trading funded a portion of the purchase price of the vessels using proceeds from its common stock offering completed on September 25, 2013. For the remainder of the purchase price, Baltic Trading drew down \$44.0 million under its secured loan agreement with DVB Bank SE (the "Baltic Trading \$44 Million Term Loan Facility"). Refer to Note 9 "Debt" in our condensed consolidated financial statements for further information regarding this credit facility.

On November 13, 2013, Baltic Trading entered into agreements to purchase up to four 64,000 dwt Ultramax newbuilding drybulk carriers from Yangfan Group Co., Ltd. for a purchase of \$28.0 million per vessel, or up to \$112.0 million in the aggregate. Baltic Trading has agreed to purchase two such vessels, to be renamed the Baltic Hornet and Baltic Wasp, and obtained an option to purchase up to two additional such vessels for the same purchase price, which Baltic Trading exercised on January 8, 2014. These vessels are to be renamed the Baltic Mantis and the Baltic Scorpion. The purchases are subject to completion of customary additional documentation and closing conditions. The Baltic Hornet and Baltic Wasp are expected to be delivered to Baltic Trading during the third and fourth quarters of 2014, respectively. The Baltic Scorpion and the Baltic Mantis are expected to be delivered to us during the second and third quarters of 2015, respectively. Baltic Trading intends to use a combination of cash on hand and future cash flow from operations as well as debt or equity financing to fully finance the acquisition of these four Ultramax newbuilding drybulk vessels.

Our management team and our other employees are responsible for the commercial and strategic management of our fleet. Commercial management includes the negotiation of charters for vessels, managing the mix of various types of charters, such as time charters, voyage charters and spot market-related time charters, and monitoring the performance of our vessels under their charters. Strategic management includes locating, purchasing, financing and selling vessels. We currently contract with three independent technical managers to provide technical management of our fleet at a lower cost than we believe would be possible in-house. Technical management involves the day-to-day management of vessels, including performing routine maintenance, attending to vessel operations and arranging for crews and supplies. Members of our New York City-based management team oversee the activities of our independent technical managers.

We hold an investment in the capital stock of Jinhui Shipping and Transportation Limited ("Jinhui") and Korea Line Corporation ("KLC"). Jinhui is a drybulk shipping owner and operator focused on the Supramax segment of drybulk shipping. KLC is a marine transportation service company which operates a fleet of carriers which includes carriers for iron ore, liquefied natural gas and tankers for oil and petroleum products.

We provide technical services for drybulk vessels purchased by Maritime Equity Partners LLC ("MEP") under an agency agreement between us and MEP. These services include oversight of crew management, insurance, drydocking, ship operations and financial statement preparation, but do not include chartering services. The services are provided for a fee of \$750 per ship per day plus reimbursement of out-of-pocket costs and will be provided for an initial term of one year. MEP has the right to cancel provision of services on 60 days' notice with payment of a one-year termination fee upon a change of our control. We may terminate provision of the services at any time on 60 days' notice. Peter C. Georgiopoulos, our Chairman of the Board of Directors, controls and has a minority interest in MEP. This arrangement was approved by an independent committee of our Board of Directors.

Factors Affecting Our Results of Operations

We believe that the following table reflects important measures for analyzing trends in our results of operations. The table reflects our ownership days, available days, operating days, fleet utilization, TCE rates and daily vessel operating expenses for the three and six months ended June 30, 2014 and 2013 on a consolidated basis, which includes the operations of Baltic Trading.

Definitions

In order to understand our discussion of our results of operations, it is important to understand the meaning of the following terms used in our analysis and the factors that influence our results of operations.

(1) Ownership days. We define ownership days as the aggregate number of days in a period during which each vessel in our fleet has been owned by us. Ownership days are an indicator of the size of our fleet over a period and affect both the amount of revenues and the amount of expenses that we record during a period.

(2) Available days. We define available days as the number of our ownership days in a period less the aggregate number of days that our vessels are off-hire due to scheduled repairs or repairs under guarantee, vessel upgrades or special surveys and the aggregate amount of time that we spend positioning our vessels between time charters. Companies in the shipping industry generally use available days to measure the number of days in a period during which vessels should be capable of generating revenues.

Table of Contents

(3) Operating days. We define operating days as the number of our available days in a period less the aggregate number of days that our vessels are off-hire due to unforeseen circumstances. The shipping industry uses operating days to measure the aggregate number of days in a period during which vessels actually generate revenues.

(4) Fleet utilization. We calculate fleet utilization by dividing the number of our operating days during a period by the number of our available days during the period. The shipping industry uses fleet utilization to measure a company's efficiency in finding suitable employment for its vessels and minimizing the number of days that its vessels are off-hire for reasons other than scheduled repairs or repairs under guarantee, vessel upgrades, special surveys or vessel positioning.

(5) TCE rates. We define TCE rates as net voyage revenue (voyage revenues less voyage expenses) divided by the number of our available days during the period, which is consistent with industry standards. TCE rate is a common shipping industry performance measure used primarily to compare daily earnings generated by vessels on time charters with daily earnings generated by vessels on voyage charters, because charterhire rates for vessels on voyage charters are generally not expressed in per-day amounts while charterhire rates for vessels on time charters generally are expressed in such amounts.

(6) Daily vessel operating expenses. We define daily vessel operating expenses as vessel operating expenses divided by ownership days for the period. Vessel operating expenses include crew wages and related costs, the cost of insurance, expenses relating to repairs and maintenance (excluding drydocking), the costs of spares and consumable stores, tonnage taxes and other miscellaneous expenses.

(1) EBITDA represents net (loss) income attributable to Genco Shipping & Trading Limited plus net interest expense, taxes and depreciation and amortization. EBITDA is included because it is used by management and certain investors as a measure of operating performance. EBITDA is used by analysts in the shipping industry as a common performance measure to compare results across peers. Our management uses EBITDA as a performance measure in our consolidated internal financial statements, and it is presented for review at our board meetings. We believe that EBITDA is useful to investors as the shipping industry is capital intensive which often results in significant depreciation and cost of financing. EBITDA presents investors with a measure in addition to net income to evaluate our performance prior to these costs. EBITDA is not an item recognized by U.S. GAAP and should not be considered as an alternative to net income, operating income or any other indicator of a company's operating performance required by U.S. GAAP. EBITDA is not a measure of liquidity or cash flows as shown in our consolidated statements of cash flows. The definition of EBITDA used here may not be comparable to that used by other companies. The foregoing definition of EBITDA differs from the definition of Consolidated EBITDA used in the financial covenants of our 2007 Credit Facility, our \$253 Million Term Loan Credit Facility, and our \$100 Million Term Loan Credit Facility. Specifically, Consolidated EBITDA substitutes gross interest expense (which includes amortization of deferred financing costs) for net interest expense used in our definition of EBITDA, includes adjustments for restricted stock amortization and non-cash charges for deferred financing costs related to the

refinancing of other credit facilities or any non-cash losses from

(1) The charter expiration dates presented represent the earliest dates that our charters may be terminated in the ordinary course. Under the terms of each contract, the charterer is entitled to extend the time charter from two to four months in order to complete the vessel's final voyage plus any time the vessel has been off-hire.

(2) Time charter rates presented are the gross daily charterhire rates before third-party brokerage commission generally ranging from 1.25% to 6.25%. In a time charter, the charterer is responsible for voyage expenses such as bunkers, port expenses, agents' fees and canal dues.

(3) We have agreed to an extension with Swissmarine Services S.A. on a spot market-related time charter for 4.5 to 7.5 months based on 104.5% of the Baltic Capesize Index (BCI), published by the Baltic Exchange, as reflected in daily reports. Hire is paid every 15 days in arrears less a 5.00% third-party brokerage commission. Genco maintains the option to convert to a fixed rate based on Capesize FFA values at 104.5%. The vessel is estimated to enter drydocking for scheduled repairs between October 15, 2014 and December 15, 2014. The extension will begin once the drydocking is completed.

(4) We have agreed to an extension with Swissmarine Services S.A. on a spot market-related time charter based on 99% of the BCI, as reflected in daily reports. Hire is paid every 15 days in arrears less a 5.00% third-party brokerage commission. The minimum and maximum expiration dates of the time charter are September 15, 2015 and November 15, 2015, respectively. Genco maintains the option to convert to a fixed rate

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

based on Capesize FFA values at 99%. The extension is expected to begin on or about October 1, 2014.

(5) We have reached an agreement with Navig8 Inc. on a spot market-related time charter for 6.5 to 9.5 months based on 94.5% of the Baltic Panamax Index, published by the Baltic Exchange, as reflected in daily reports. Hire is paid every 15 days in arrears less a 5.00% third-party brokerage commission. Genco maintains the option to convert to a fixed rate based on Panamax FFA values at 94.5%. The vessel delivered to charterers on August 12, 2014 after the completion of drydocking for scheduled repairs.

(6) We have reached an agreement with Caltrek Freight and Trading Ltd. on a spot market-related time charter for 4.5 to 6.5 months based on 91.5% of the Baltic Supramax Index (BSI), published by the Baltic Exchange, as reflected in daily reports, except for the initial 30 days in which the hire rate will be \$4,000 per day. Hire is paid every 15 days in arrears less a 5.00% third-party brokerage commission. Genco maintains the option to convert to a fixed rate based on Supramax FFA values at 91.5%. The vessel delivered to charterers on July 13, 2014. The vessel redelivered to Genco on June 14, 2014. The vessel redelivered without charterers tendering 30-day redelivery notice.

(7) We have reached an agreement to enter this vessel into the Bulkhandling Handymax A/S Pool, a vessel pool trading in the spot market of which Torvald Klaveness acts as the pool manager. The vessel will remain in the pool for a minimum period of four months at which point Genco can withdraw the vessel with three months notice. The vessel is expected to enter the pool on or about August 16, 2014 after the completion of drydocking for scheduled repairs.

(17) This vessel is currently in the LB/IVS Pool whereby Lauritzen Bulkcarriers A/S acts as the pool manager.

(18) The rate for the spot market-related time charter is linked with a floor of \$8,500 and a ceiling of \$13,500 daily with a 50% profit sharing arrangement to apply to any amount above the ceiling. The rate is based on 115% of the average of the daily rates of the Baltic Handysize Index (BHSD), published by the Baltic Exchange, as reflected in daily reports. Hire is paid every 15 days in advance net of a 5.00% third-party brokerage commission. This vessel was acquired with an existing time charter with a below-market rate. For the below-market time charter, Genco allocates the purchase price between the vessel and an intangible liability for the value assigned to the below-market charter-hire. This intangible liability is amortized as an increase to voyage revenues over the minimum remaining terms of the applicable charter, at which point the liability will be amortized to zero and the vessel will begin earning the Cash Daily Rate. For cash flow purposes, Genco will continue to receive the rate presented in the Cash Daily Rate column until the charter expires. Specifically, for the Genco Spirit, the daily amount of amortization associated with the below-market rate is approximately \$200 per day over the actual cash rate earned.

(1) The charter expiration dates presented represent the earliest dates that our charters may be terminated in the ordinary course. Under the terms of each contract, the charterer is entitled to extend the time charters from two to four months in order to complete the vessel's final voyage plus any time the vessel has been off-hire.

(2) The dates for the vessels being delivered in the future are estimates based on guidance received from the sellers.

(3) We have agreed to an extension with Swissmarine Services S.A. on a spot market-related time charter based on 101.5% of the average of the daily rates of the Baltic Capesize Index (BCI), published by the Baltic Exchange, as reflected in daily reports. Hire is paid in arrears net of a 6.25% brokerage commission, which includes the 1.25% commission payable to GS&T. The minimum and maximum expiration dates of the time charter are February 1, 2015 and April 15, 2015, respectively.

(4) We have reached an agreement with Cargill International S.A. on a spot market-related time charter based on 100% of the average of the daily rates of the BCI, as reflected in daily reports. Hire is paid every 15 days in arrears net of a 5.00% brokerage commission, which includes the 1.25% commission payable to GS&T. The duration of the spot market-related time charter is 21.5 to 26.5 months.

(13) We have reached an agreement to enter these vessels into the Clipper Logger Pool, a vessel pool trading in the spot market of which Clipper Group acts as the pool manager. The vessels will remain in the pool for a minimum period of two years.

Three months ended June 30, 2014 compared to the three months ended June 30, 2013

VOYAGE REVENUES-

For the three months ended June 30, 2014, voyage revenues increased 14.7% to \$51.5 million as compared to \$44.9 million for the three months ended June 30, 2013. The increase in voyage revenues was primarily due to higher spot market rates achieved by our Capesize vessels. Included in the increase in voyage revenues was an increase in revenues earned by Baltic Trading's vessels of \$4.3 million due to higher spot market rates achieved by its Capesize vessels, as well as the increase in the size of its fleet.

The average Time Charter Equivalent (TCE) rate of our fleet increased 12.3% to \$8,452 a day for the three months ended June 30, 2014 from \$7,526 a day for the three months ended June 30, 2013. The increase in TCE rates resulted from higher spot market rates achieved by our Capesize vessels during the second quarter of 2014 as compared to the same period last year, as well as the operation of the two additional Capesize vessels delivered to Baltic Trading during the fourth quarter of 2013, namely the Baltic Lion and Baltic Tiger. During the second quarter of 2014, excess vessel supply continued to weigh on the drybulk market, particularly during periods of weaker demand. Lower Brazilian iron ore fixtures than the second half of 2013, a destocking period for coking coal in China, fewer soybean exports out of Argentina and the Indonesian mineral ore ban all contributed towards a softer freight rate environment.

For the three months ended June 30, 2014 and 2013, we had 6,006.0 and 5,642.0 ownership days, respectively. The increase in ownership days is a result of the delivery of four Baltic Trading vessels during the second half of 2013. Fleet utilization decreased to 97.4% during the three months ended June 30, 2014 as compared to 99.5% during the same period during 2013 primarily due to additional offhire of 91 days for the Genco Reliance during the three months ended June 30, 2014. The Genco Reliance was having repairs completed on its rudder after there was damage to the vessel due to a failure of its steering gear. Total estimated offhire for this claim is approximately 104 days and began on March 18, 2014. We expect to receive reimbursement from our insurance carrier under our Loss of Hire policy.

SERVICE REVENUES-

Service revenues consist of revenues earned from providing technical services to MEP pursuant to the agency agreement between us and MEP. These services include oversight of crew management, insurance, drydocking, ship operations and financial statement preparation, but do not include chartering services. The services are provided for a fee of \$750 per ship per day. During the three months ended June 30, 2014 and 2013, total service revenue was \$0.8 million during both periods.

VOYAGE EXPENSES-

In time charters, spot market-related time charters and pool agreements, operating costs including crews, maintenance and insurance are typically paid by the owner of the vessel and specified voyage costs such as fuel and port charges are paid by the charterer. There are certain other non-specified voyage expenses such as commissions which are typically borne by us. Voyage expenses include port and canal charges, fuel (bunker) expenses and brokerage commissions payable to unaffiliated third parties. Port and canal charges and bunker expenses primarily increase in periods during which vessels are employed on voyage charters because these expenses are for the account of the vessel owner. At the inception of a time charter, we record the difference between the cost of bunker fuel delivered by the terminating charterer and the bunker fuel sold to the new charterer as a gain or loss within voyage expenses and the cost of bunkers consumed during short-term time charters pursuant to the terms of the time charter agreement.

Voyage expenses decreased by \$0.9 million from \$2.9 million during the three months ended June 30, 2013 as compared to \$2.0 million during the three months ended June 30, 2014. The decrease in voyage expenses was primarily due to a decrease in bunker consumption during the second quarter of 2014 as there were additional ballast legs of time charters during which we consumed bunkers during the second quarter of 2013. The cost of bunkers consumed during short-term time charters also decreased during the second quarter of 2014 as compared to the same period during 2013. These decreases were partially offset by a \$0.2

Table of Contents

million increase in voyage expenses for Baltic Trading vessels which was due to an increase in third-party broker commissions as a result of the increase in voyage revenue earned during second quarter of 2014 as compared to the second quarter of 2013, as well as an increase in bunkers consumed during drydockings.

VESSEL OPERATING EXPENSES-

Vessel operating expenses increased by \$3.8 million to \$30.5 million for the three months ended June 30, 2014 as compared to \$26.8 million for the three months ended June 30, 2013. This increase was primarily due to the operation of a larger fleet as a result of the delivery of four Baltic Trading vessels during the second half of 2013, as well as higher maintenance related expenses incurred during drydocking for the three months ended June 30, 2014 as compared to the three months ended June 30, 2013.

Daily vessel operating expenses increased to \$5,086 per vessel per day for the three months ended June 30, 2014 from \$4,744 per day for the three months ended June 30, 2013. The increase in daily vessel operating expenses was due to higher maintenance related expenses incurred during drydocking and higher crew costs. We believe daily vessel operating expenses are best measured for comparative purposes over a 12-month period in order to take into account all of the expenses that each vessel in our fleet will incur over a full year of operation. Our actual daily vessel operating expenses per vessel for the three months ended June 30, 2014 were \$204 below the weighted-average budgeted rate of \$5,290 per vessel per day.

Our vessel operating expenses, which generally represent fixed costs for each vessel, will increase if our fleet expands. Other factors beyond our control, some of which may affect the shipping industry in general, including, for instance, developments relating to market prices for crewing, lubes, and insurance, may also cause these expenses to increase.

GENERAL, ADMINISTRATIVE AND MANAGEMENT FEES-

For the three months ended June 30, 2014 and 2013, general, administrative and management fees were \$9.9 million and \$8.5 million, respectively. The increase was primarily due to our pre-petition expenses related to our Chapter 11 Cases incurred during the three months ended June 30, 2014. We incur management fees to third-party technical management companies for the day-to-day management of our vessels, including performing routine maintenance, attending to vessel operations and arranging for crews and supplies. Management fees increased marginally due to the delivery of four Baltic Trading vessels during the second half of 2014.

DEPRECIATION AND AMORTIZATION-

Depreciation and amortization expense increased by \$1.8 million during the three months ended June 30, 2014 as compared to the three months ended June 30, 2013 primarily due to the operation of a larger fleet, including the four Baltic Trading vessels delivered during the second half of 2013, as well as an increase in the amortization of deferred drydocking costs.

OTHER (EXPENSE) INCOME-

NET INTEREST EXPENSE-

For the three months ended June 30, 2014 and 2013, net interest expense was \$18.5 million and \$21.5 million, respectively. Net interest expense during the three months ended June 30, 2014 and 2013 consisted of interest expense under our 2007 Credit Facility, \$100 Million Term Loan Facility, \$253 Million Term Loan Facility, and Baltic Trading's \$150 million senior secured revolving credit facility (the 2010 Baltic Trading Credit Facility), as well as interest expense related to our 5.0% Convertible Senior Notes (the 2010 Notes) recorded up until the Petition Date. Additionally, interest income, unused commitment fees associated with the aforementioned credit facilities as well as the amortization of deferred financing costs related to the aforementioned credit facilities are included in net interest expense during the three months ended June 30, 2014 and 2013. Net interest expense during the three months ended June 30, 2014 also includes interest expense under the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term Loan Facility, which were entered into on August 30, 2013 and December 3, 2013, respectively.

The decrease in net interest expense for the second quarter of 2014 as compared to the second quarter of 2013 was primarily due to a decrease in interest expense associated with the interest rate swap agreements as three interest rate swap agreements expired during the first quarter of 2014, as well as a decrease in interest expense related to the 2010 Notes as we ceased accreting the liability related to the 2010 Notes and accruing for the related coupon payment on the Petition Date of April 21, 2014. Refer to Note 10 Convertible Senior Notes and Note 11 Interest Rate Swap Agreements in our condensed consolidated financial statements. These decreases were partially offset by the interest expense and the amortization of deferred financing costs recorded during the second quarter of 2014 associated with the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term Loan Facility, which were entered into by Baltic Trading effective August 30, 2013 and December 3, 2013, respectively. Refer to Note 9 Debt in our condensed consolidated financial statements and the 2013 10-K for more information regarding the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term Loan Facility.

REORGANIZATION ITEMS, NET-

For the three months ended June 30, 2014, reorganization items were \$20.1 million. These reorganization items include trustee fees and professional fees incurred after the Petition Date in relation to the Chapter 11 Cases. There were no reorganization items during the three months ended June 30, 2013 as the Petition Date was April 21, 2014.

INCOME TAX EXPENSE-

For the three months ended June 30, 2014, income tax expense was \$0.4 million as compared to \$0.3 million during the three months ended June 30, 2013. This income tax expense consists primarily of federal, state and local income taxes on net income earned by Genco Management (USA) Limited (Genco (USA)), one of our wholly-owned subsidiaries. Pursuant to certain agreements, we technically and commercially manage vessels for Baltic Trading, as well as provide technical management of vessels for MEP in exchange for specified fees for these services provided. These services are provided by Genco (USA), which has elected to be taxed as a corporation for United States federal income tax purposes. As such, Genco (USA) is subject to United States federal income tax on its worldwide net income, including the net income derived from providing these services. Refer to the Income taxes section of Note 2 Summary of Significant Accounting Policies included in our condensed consolidated financial statements. Income tax expense increased during the three months ended June 30, 2014 as compared to the same period during the prior year primarily due to higher commercial service revenue due to Genco (USA) from Baltic Trading pursuant to the Management Agreement as a result of higher charter rates achieved by Baltic Trading's fleet, as well as an increase in commercial service revenue and technical management fees earned for the four vessels delivered to Baltic Trading during the second half of 2013.

NET LOSS ATTRIBUTABLE TO NONCONTROLLING INTEREST-

For the three months ended June 30, 2014 and 2013, net loss attributable to noncontrolling interest was \$5.0 million and \$3.6 million, respectively. These amounts represent the net loss attributable to the noncontrolling interest of Baltic Trading.

Six months ended June 30, 2014 compared to the six months ended June 30, 2013

VOYAGE REVENUES-

For the six months ended June 30, 2014, voyage revenues increased 35.6% to \$114.7 million versus \$84.6 million for the six months ended June 30, 2013. Revenues increased by approximately \$30.1 million primarily due to higher charter rates achieved by the majority of our vessels. Included in the increase in voyage revenues was an increase in revenues earned by Baltic Trading's vessels of \$11.4 million due to higher spot market rates achieved by a majority of its vessels, as well as the increase in the size of its fleet.

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

The average TCE rate of our fleet increased 32.3% to \$9,586 a day for the six months ended June 30, 2014 from \$7,247 a day for the six months ended June 30, 2013. The increase in the TCE rate was due to higher charter rates achieved the majority of our vessels as well as the operation of the two additional Capesize vessels delivered to Baltic Trading during the fourth quarter of 2013, namely the Baltic Lion and Baltic Tiger.

For the six months ended June 30, 2014 and 2013, we had 11,946.0 and 11,211.0 ownership days, respectively. The increase in ownership days is a result of the delivery of four Baltic Trading vessels during the second half of 2013. Fleet utilization decreased marginally to 98.4% during the six months ended June 30, 2014 as compared to 99.4% during the same period during 2013.

SERVICE REVENUES-

Service revenues consist of revenues earned from providing technical services to MEP pursuant to the agency agreement between us and MEP. VOYAGE EXPENSES-

For the six months ended June 30, 2014 and 2013, voyage expenses decreased marginally to \$3.9 million from \$4.1 million, respectively.

VESSEL OPERATING EXPENSES-

Vessel operating expenses increased by \$7.9 million to \$61.8 million for the six months ended June 30, 2014 as compared to \$53.9 million for the six months ended June 30, 2013. This increase was primarily due to the operation of a larger fleet as a result of

the delivery of four Baltic Trading vessels during the second half of 2013, as well as higher maintenance related expenses incurred during drydocking for the six months ended June 30, 2014 as compared to the six months ended June 30, 2013.

Daily vessel operating expenses increased to \$5,171 per vessel per day for the six months ended June 30, 2014 from \$4,802 per day for the six months ended June 30, 2013. The increase in daily vessel operating expenses was due to higher maintenance related expenses incurred during drydocking and higher crew costs. We believe daily vessel operating expenses are best measured for comparative purposes over a 12-month period in order to take into account all of the expenses that each vessel in our fleet will incur over a full year of operation. Our actual daily vessel operating expenses per vessel for the six months ended June 30, 2014 were \$119 below the weighted-average budgeted rate of approximately \$5,290 per vessel per day, which includes Baltic Trading's vessels.

GENERAL, ADMINISTRATIVE AND MANAGEMENT FEES-

For the six months ended June 30, 2014 and 2013, general, administrative and management fees increased to \$25.2 million during the six months ended June 30, 2014 as compared to \$16.7 million during the six months ended June 30, 2013. The increase was primarily due to our pre-petition expenses related to our Chapter 11 Cases incurred during the six months ended June 30, 2014. We incur management fees to third-party technical management companies for the day-to-day management of our vessels, including performing routine maintenance, attending to vessel operations and arranging for crews and supplies. Management fees increased marginally due to the delivery of four Baltic Trading vessels during the second half of 2014.

DEPRECIATION AND AMORTIZATION-

Depreciation and amortization expense increased by \$3.6 million during the six months ended June 30, 2014 as compared to the six months ended June 30, 2013 primarily due to the operation of a larger fleet, including the four Baltic Trading vessels delivered during the second half of 2013, as well as an increase in the amortization of deferred drydocking costs.

The decrease in net interest expense for the six months ended June 30, 2014 as compared to the same period during 2013 was primarily due to a decrease in interest expense associated with the interest rate swap agreements as three interest rate swap agreements expired during the first quarter of 2014, as well as a decrease in interest expense related to the 2010 Notes as we ceased accreting the liability related to the 2010 Notes and accruing for the related coupon payment on the Petition Date of April 21, 2014. NET LOSS ATTRIBUTABLE TO NONCONTROLLING INTEREST-

For the six months ended June 30, 2014 and 2013, net loss attributable to noncontrolling interest was \$8.2 million and \$7.4 million, respectively. These amounts represent the net loss attributable to the noncontrolling interest of Baltic Trading.

LIQUIDITY AND CAPITAL RESOURCES

Our principal sources of funds are operating cash flows, equity financings, issuance of long-term debt securities, and long-term bank borrowings. Our principal use of funds is capital expenditures to establish and grow our fleet, maintain the quality of our vessels, comply with international shipping standards and environmental laws and regulations, fund working capital requirements and repayments on outstanding loan facilities. Historically, we had also used funds to pay dividends and to repurchase our common stock from time to time. We have not declared or paid any dividends since the third quarter of 2008 and currently do not plan to resume the payment of dividends. Moreover, pursuant to restrictions under our debt instruments, we are prohibited from paying dividends. Future dividends, if any, will depend on, among other things, our cash flows, cash requirements, financial condition, results of operations, required capital expenditures or reserves, contractual restrictions, provisions of applicable law and other factors that our board of directors may deem relevant. See below for descriptions of our historical dividends.

Our historical practice has been to acquire vessels or newbuilding contracts using a combination of issuances of equity securities, bank debt secured by mortgages on our vessels and shares of the common stock of our shipowning subsidiaries, and long-term debt securities.

Our current liquidity needs arise primarily from drydocking for our vessels, and working capital requirements as may be needed to support our business and payments required under our indebtedness. We expect that our primary sources of liquidity will be cash flow from operations, cash on hand, and the proceeds of the \$100 million rights offering that was consummated in connection with the Chapter 11 cases. We expect that, our liquidity needs will continue to arise primarily from capital expenditures for our vessels, working capital requirements as may be needed to support our business and payments required under our indebtedness..

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

As of June 30, 2014, we had approximately \$40.7 million of cash and cash equivalents on hand (including restricted cash), excluding cash held by Baltic Trading and its subsidiaries. Notwithstanding the impact of the Chapter 11 Cases on our liquidity, including the stay of payments on our obligations, our current and future liquidity will greatly depend upon our operating results. Our ability to continue to meet our liquidity needs is subject to and will be affected by cash utilized in operations, including our ongoing reorganization activities, the economic or business environment in which we operate, weakness in shipping industry conditions, the financial condition of our customers, vendors and service providers, our ability to comply with the financial and other covenants of any post-restructuring indebtedness, our ability to reorganize our capital structure under bankruptcy court supervision in the Chapter 11 Case, and other factors. Furthermore, as a result of the challenging market conditions we continue to face, we anticipate continued net cash used in operating activities after reorganization and capital expenditures. Additionally, the Chapter 11 Case and related matters could negatively impact our financial condition.

We believe that amounts available to us under the Cash Collateral Order plus cash generated from operations will be sufficient to fund anticipated cash requirements in the short term for minimum operating and capital expenditures and for working capital purposes. However, there can be no assurance that cash on hand and other available funds will be sufficient to meet our restructuring or ongoing cash needs. For example, any further decline in charter rates would negatively impact our anticipated revenues, results of operations and cash flows. If we cannot meet our liquidity needs using cash on hand and cash from operations, or if the bankruptcy court or stakeholders in the Chapter 11 Case do not approve the Plan as contemplated by the Restructuring Support Agreement, we may have to take other actions such as vessel sales, the sale of all or a portion of our business, pursuing additional external liquidity generating events, seeking additional financing to the extent available or reducing or delaying capital expenditures. We could also be forced to consider other alternatives to maximize potential recovery for our various creditor constituencies, including a possible sale of the Company or certain of our material assets pursuant to Section 363 of the Bankruptcy Code.

Under the collateral maintenance covenants of our \$253 Million Term Loan Facility, our \$100 Million Term Loan Facility, the 2010 Baltic Trading Credit Facility, the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term

Table of Contents

Loan Facility, the aggregate valuations of our vessels pledged under each facility must at least be a certain percentage of loans outstanding (or, in the case of the 2010 Baltic Trading Credit Facility, the total amount we may borrow), which percentages currently are 135%, 130%, 140%, 130% and 125%, respectively.

On May 28, 2013, Baltic Trading closed on an equity offering of 6,419,217 shares of Baltic Trading common stock at an offering price of \$3.60 per share. Baltic Trading received net proceeds of \$21.6 million after deducting underwriters' fees and expenses. On September 25, 2013, Baltic Trading closed on an equity offering of 13,800,000 shares of Baltic Trading common stock at an offering price of \$4.60 per share. Baltic Trading received net proceeds of \$59.5 million after deducting underwriters' fees and expenses. On November 18, 2013, we closed an equity offering of 12,650,000 shares of common stock at an offering price of \$4.60 per share. We received net proceeds of \$55.1 million after deducting underwriters' fees and expenses. Our wholly-owned subsidiary Genco Investments LLC was issued 128,383, 276,000 and 253,000 shares of Baltic Trading's Class B Stock on May 28, 2013, September 25, 2013 and November 18, 2013, respectively, which represented 2% of the number of common shares issued pursuant to the Subscription Agreement between Genco Investments LLC and Baltic Trading. As of June 30, 2014, Genco Investments LLC owns 6,356,471 shares of Baltic Trading's Class B Stock, which represents an 11.04% ownership interest in Baltic Trading and 65.06% of the aggregate voting power of Baltic Trading's outstanding shares of voting stock.

On April 16, 2010, Baltic Trading entered into the 2010 Baltic Trading Credit Facility with Nordea Bank Finland plc, acting through its New York branch. The 2010 Baltic Trading Credit Facility was subsequently amended effective November 30, 2010 which increased the borrowing capacity from \$100 million to \$150 million. The amended 2010 Baltic Trading Credit Facility matures on November 30, 2016. There was an additional amendment entered into effective August 29, 2013 which reduced the borrowing capacity to \$110 million and allowed Baltic Trading to incur additional indebtedness under new credit facilities. Refer to Note 9 Debt of our condensed consolidated financial statements for a description of this amendment. To remain in compliance with a net worth covenant in the 2010 Baltic Trading Credit Facility, Baltic Trading would need to maintain a net worth of \$300.9 million after the payment of any dividends.

On July 2, 2013, Baltic Trading entered into agreements to purchase two Handysize drybulk vessels from subsidiaries of Clipper Group for an aggregate purchase price of \$41.0 million. The Baltic Hare, a 2009-built Handysize vessel, was delivered on September 5, 2013 and the Baltic Fox, a 2010-built Handysize vessel, was delivered on September 6, 2013. Baltic Trading funded a portion of the purchase price of the vessels using proceeds from its registered follow-on common stock offering completed on May 28, 2013. For the remainder of the purchase price, Baltic Trading drew down \$22.0 million on the Baltic Trading \$22 Million Term Loan Facility on September 4, 2013. The Baltic Trading \$22 Million Term Loan Facility is to be repaid in 23 quarterly repayment installments of approximately \$0.4 million each, the first of which is payable three months after the last drawdown date, or December 4, 2013, and a balloon payment of approximately \$13.4 million payable on September 4, 2019. Interest on borrowings is payable at the three-month LIBOR rate plus a margin of 3.35%. Refer to Note 9 Debt in our condensed consolidated financial statements for further information regarding this credit facility.

On October 31, 2013, Baltic Trading entered into agreements to purchase two Capesize drybulk vessels from affiliates of SK Shipping Co. Ltd. for an aggregate purchase price of \$103.0 million. The Baltic Lion, a 2012-built Capesize vessel, was delivered on December 27, 2013 and the Baltic Tiger, a 2011-built Capesize vessel, was delivered on November 26, 2013. Baltic Trading funded a portion of the purchase price of the vessels using proceeds from its registered follow-on common stock offering completed on September 25, 2013. For the remainder of the purchase price, Baltic Trading drew down \$44.0 million on the Baltic Trading \$44 Million Term Loan Facility on December 23, 2013. The Baltic Trading \$44 Million Term Loan Facility is to be repaid in 23 quarterly repayment installments of approximately \$0.7 million each, the first of which is payable three months after the last drawdown date, or March 24, 2014, and a balloon payment of approximately \$28.2 million payable on December 23, 2019. Interest on borrowings is payable at the three-month LIBOR rate plus a margin of 3.35%. Refer to Note 9 Debt in our condensed consolidated financial statements for further information regarding this credit facility.

On November 13, 2013, Baltic Trading entered into agreements to purchase up to four 64,000 dwt Ultramax newbuilding drybulk vessels from Yangfan Group Co., Ltd. for a purchase price of \$28.0 million per vessel, or up to \$112.0 million in the aggregate. Baltic Trading agreed to purchase two such vessels, to be renamed the Baltic Hornet and Baltic Wasp, and obtained an option to purchase up to two additional such vessels for the same price, which Baltic Trading exercised on January 8, 2014. These vessels are to be renamed the Baltic Mantis and the Baltic Scorpion. The purchases are subject to completion of customary additional documentation and closing conditions. The Baltic Hornet and Baltic Wasp are expected to be delivered to Baltic Trading during the third and fourth quarters of 2014, respectively. The Baltic Scorpion and the Baltic Mantis are expected to be delivered to Baltic Trading during the second and third quarters of 2015, respectively. Baltic Trading intends to use a combination of cash on hand and future cash flow from operations as well as debt or equity financing to fully finance the acquisition of these four Ultramax newbuilding drybulk vessels.

Dividend Policy

Historically, our dividend policy, which commenced in November 2005, has been to declare quarterly distributions to shareholders by each February, May, August and November, substantially equal to our available cash from operations during the previous quarter, less cash expenses for that quarter (principally vessel operating expenses and debt service) and any reserves our

Table of Contents

Board of Directors determines we should maintain. These reserves covered, among other things, drydocking, repairs, claims, liabilities and other obligations, interest expense and debt amortization, acquisitions of additional assets and working capital. In the future, we may incur other expenses or liabilities that would reduce or eliminate the cash available for distribution as dividends. Under the current terms of the 2007 Credit Facility, we were required to suspend the payment of cash dividends until we can represent that we are in a position to satisfy the collateral maintenance covenant. Refer to the 2013 10-K for further information regarding the current terms of the 2007 Credit Facility. As such, a dividend has not been declared during 2009, 2010, 2011, 2012, 2013 or the six months ended March 31, 2014.

As a result of the 2009 Amendment to the 2007 Credit Facility, we suspended the payment of cash dividends effective for the fourth quarter of 2008, and payment of cash dividends will remain suspended until we can meet the collateral maintenance covenant contained in the 2007 Credit Facility. In addition, under the terms of the August 2012 Agreements, we were prohibited from paying dividends through December 31, 2013, and we were in default under the terms of the 2007 Credit Facility as we did not pay the debt amortization payment of \$48.2 million that was due on March 31, 2014 and we were in Chapter 11 as of June 30, 2014. Under the terms of the \$253 Million Term Loan Facility and the \$100 Million Term Loan Facility as amended in connection with the Prepack Plan, we are prohibited from paying dividends through March 31, 2015.

The declaration and payment of any dividend is subject to the discretion of our board of directors and our compliance with the collateral maintenance covenant, which is currently waived. The timing and amount of dividend payments will depend on our earnings, financial condition, cash requirements and availability, fleet renewal and expansion, restrictions in our loan agreements, the provisions of Marshall Islands law affecting the payment of distributions to shareholders and other factors. Our board of directors may review and amend our dividend policy from time to time in light of our plans for future growth and other factors.

We believe that, under current law, our dividend payments from earnings and profits would constitute qualified dividend income. For 2012, the maximum Federal income tax rate on qualified dividends paid to non-corporate shareholders was 15%. For taxable years beginning after December 31, 2012, the maximum Federal income tax rate on qualified dividends paid to non-corporate shareholders is 20%, and all or a portion of dividend income received by shareholders whose modified adjusted gross income exceeds certain thresholds (\$250,000 for married taxpayers filing jointly and \$200,000 for single taxpayers) may be subject to a 3.8% surtax. Distributions in excess of our earnings and profits will be treated first as a non-taxable return of capital to the extent of a U.S. shareholder's tax basis in its common stock on a dollar-for-dollar basis and, thereafter, as capital gain.

Cash Flow

Net cash used in operating activities for the six months ended June 30, 2014 and 2013 was \$23.1 million and \$25.3 million, respectively. The decrease in cash used by operating activities was partially due to a net loss of \$107.8 million for the six months ended June 30, 2014 compared to a net loss of \$100.9 million for the six months ended June 30, 2013, which resulted from reorganization expenses incurred related to our Chapter 11 Cases partially offset by the expansion of our fleet, as well higher charter rates achieved in the first half of 2014 versus the same period in 2013 by the majority of the vessels in our fleet. As a result of the increase in the size of our fleet, depreciation increased by \$3.6 million for the six months ended June 30, 2014 compared to the prior year period. Additionally, there was a \$12.4 million increase in accounts payable and accrued expenses related to restructuring expenses incurred related to our Chapter 11 Cases, as well as the timing of drydocking related expenses, in addition to a \$7.9 million increase in deferred drydocking costs incurred during the first half of 2014 as a total of 15 vessels completed drydockings during the first half of 2014, including six of Baltic Trading's vessels.

Net cash used in investing activities for the six months ended June 30, 2014 and 2013 was \$30.3 million and \$0.2 million, respectively. Net cash used in investing activities for the six months ended June 30, 2014 consisted primarily of \$29.8 million of vessel asset purchases, including

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

deposits. This consisted primarily of deposits made by Baltic Trading for its four newbuilding Ultramax vessels that it has agreed to acquire. Additionally, during the six months ended June 30, 2014, there was \$0.4 million purchases of fixed assets, as well as additional deposits of restricted cash of \$0.1 million. For the six months ended June 30, 2013, cash used in investing activities consisted primarily of the purchase of fixed assets in the amount of \$0.2 million.

Net cash used in financing activities was \$11.6 million during the six months ended June 30, 2014 as compared to \$22.5 million net cash provided by financing activities during the six months ended June 30, 2013. Net cash used in financing activities during the six months ended June 30, 2014 was primarily a result of a \$5.1 million repayment of debt under the \$253 Million Term Loan Facility, a \$1.9 million repayment of debt under the \$100 Million Term Loan Facility, a \$1.4 million repayment of debt under the Baltic Trading \$44 Million Term Loan Facility, a \$0.8 million repayment of debt under the Baltic Trading \$22 Million Term Loan Facility, \$0.1 million for payment of common stock issuance costs by Baltic Trading and \$0.4 million for payments of deferred financing costs. Net cash provided by financing activities during the six months ended June 30, 2013 was primarily a result of \$21.8 million of proceeds from common stock issued by Baltic Trading as well as \$1.0 million of proceeds from the 2010 Baltic Trading Credit Facility. Cash dividends paid by our subsidiary, Baltic Trading, to its outside shareholders were \$2.0 million during the six months ended June 30, 2014 as compared to \$0.3 million during the six months ended June 30, 2013.

Credit Facilities

Refer to the 2013 10-K for a summary and description of our outstanding credit facilities, including the underlying financial and non-financial covenants. On August 29, 2013, Baltic Trading entered into an amendment to the 2010 Baltic Trading Credit Facility. Additionally, on August 30, 2013, wholly-owned subsidiaries of Baltic Trading entered into the Baltic Trading \$22 Million Term Loan Facility to fund a portion of the purchase of the Baltic Fox and Baltic Hare. Lastly, on December 3, 2013, wholly-owned subsidiaries of Baltic Trading entered into the Baltic Trading \$44 Million Term Loan Facility to fund or refund a portion of the purchase of the Baltic Tiger and Baltic Lion. Refer to Note 9 Debt in our condensed consolidated financial statements for further information regarding the terms and fees associated with these agreements.

We did not make the scheduled semi-annual interest payment of approximately \$3.1 million due on February 18, 2014 under our 2010 Notes. However, a failure to pay interest on such payment date did not constitute an event of default (as defined in the indenture and the supplemental indenture governing the 2010 Notes, or the Indenture) unless such failure were to continue for a grace period of 30 days. Despite such grace period, the failure to make the interest payment on such payment date could have constituted a default under the \$100 Million Term Loan Facility. Accordingly, on February 18, 2014, we entered into a Limited Waiver of Default (the "Waiver Agreement") with the lenders party to the Loan Agreement for the \$100 Million Term Loan Facility. Under the terms of the Waiver Agreement, such lenders agreed to waive, subject to certain conditions, an Event of Default under the \$100 Million Term Loan Facility resulting from the Company's failure to make the scheduled semi-annual interest payment under the 2010 Notes. The Company made the scheduled semi-annual interest payment under the 2010 Notes on March 20, 2014, before the expiration of the waiver under the Waiver Agreement.

To allow discussions with our creditors concerning our restructuring to continue into April 2014 without the need to file for immediate bankruptcy relief, on March 31, 2014, we entered into the Relief Agreements to obtain waivers or forbearances with respect to certain potential or actual events of default as of March 31, 2014 as follows:

- not making the scheduled amortization payment on March 31, 2014 under our 2007 Credit Facility;
- not meeting the consolidated interest ratio covenant for the period ended March 31, 2014;
- not meeting the maximum leverage ratio covenant for the period ending March 31, 2014;
- not meeting the collateral maintenance test under the 2007 Credit Facility;
- not meeting the minimum cash balance covenant under the 2007 Credit Facility;
- not furnishing audited financial statements to the lenders within 90 days after year end for the year ended December 31, 2013;
- a cross-default with respect to our outstanding interest rate swap with respect to the foregoing;
- cross-defaults among our credit facilities with respect to the foregoing; and
- any related defaults or events of default resulting from the failure to give notice with respect to any of the foregoing.

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

The Relief Agreements provided that the agent and consenting lenders would waive or forbear through 11:59 p.m. on April 1, 2014 to exercise their rights and remedies with respect to the foregoing potential or actual events of default, subject to earlier termination if a subsequent event of default occurs under our credit agreements other than those described above or if we breach the terms of the Relief Agreements. Under new agreements we entered into with the other parties to the Relief Agreements on April 1, 2014, the foregoing deadline was extended to 11:59 p.m. on April 21, 2014, on which date we filed the Chapter 11 Cases.

As a result of the filing of the Chapter 11 Cases, all indebtedness outstanding under the 2007 Credit Facility and the Indenture was accelerated and became due and payable, and indebtedness under the other agreements and instruments described above can be accelerated and become due and payable upon notice to the Company, subject to an automatic stay of any action to collect, assert, or recover a claim against the Company or the other Debtors and the application of the applicable provisions of the Bankruptcy Code.

On July 2, 2014, the Bankruptcy Court entered the Confirmation Order, confirming the Plan. On July 9, 2014 (the Effective Date), we completed our financial restructuring and emerged from Chapter 11 through a series of transactions contemplated by the Plan, and the Plan became effective pursuant to its terms

Key components of the Plan regarding the credit facilities and 2010 Notes include:

- The conversion of 100% of the Claims under the 2007 Credit Facility into 81.1% of the New Genco Common Stock (subject to dilution by the warrants issued under the Plan). On the Effective Date, the 2007 Credit Facility was terminated, and the liens and mortgages thereunder were released. Refer to Note 9 Debt in our condensed consolidated balance sheet for further information.

Table of Contents

- The conversion of 100% of the Claims under the 2010 Notes into 8.4% of the New Genco Common Stock (subject to dilution by the warrants issued under the Plan). On the Effective Date, the 2010 Notes and the Indenture were fully satisfied and discharged. Refer to Note 10 Convertible Senior Notes in our condensed consolidated financial statements for further information.
- The amendment and restatement of the \$253 Million Term Loan Facility and the \$100 Million Term Loan Facility as of the Effective Date, with extended maturities, a financial covenant holiday and certain other amendments, as discussed further in Note 9 Debt in our condensed consolidated financial statements.

Beginning as of March 31, 2013, we believed that it would be probable that we would not be in compliance with certain covenants at measurement dates within the next twelve months under our 2007 Credit Facility, \$100 Million Term Loan Facility and the \$253 Million Term Loan Facility. As noted above, events of default occurred under these facilities on March 31, 2014 and we were in Chapter 11 as of June 30, 2014. As such, the debt outstanding under these three facilities has been classified as a current liability beginning March 31, 2013 and was classified as Liabilities subject to compromise as of June 30, 2014. The total debt outstanding under these facilities as of June 30, 2014 was \$1,305.2 million.

As of June 30, 2014, we believe we were in compliance with all of the financial covenants under the 2010 Baltic Trading Credit Facility, as amended; the Baltic Trading \$22 Million Term Loan Facility; and the Baltic Trading \$44 Million Term Loan Facility.

Convertible Notes Payable

Refer to Note 10 Convertible Senior Notes of our condensed consolidated financial statements for a summary of the convertible notes payable. On the Effective Date when the Company emerged from Chapter 11, the 2010 Notes and the Indenture were fully satisfied and discharged.

Interest Rate Swap Agreements, Forward Freight Agreements and Currency Swap Agreements

At December 31, 2013, we had four interest rate swap agreements with DnB NOR Bank to manage interest costs and the risk associated with changing interest rates. The total notional principal amount of the swaps was \$306.2 million and the swaps had specified rates and durations. Notwithstanding the forbearances under the Relief Agreements, the fact that we did not make the scheduled amortization payment under our 2007 Credit Facility on March 31, 2014 constituted an event of default under our currently outstanding interest rate swap.

As of March 31, 2014, we were in default under covenants of our 2007 Credit Facility due to the default on the scheduled debt amortization payment due on March 31, 2014. The default under the 2007 Credit Facility required us to elect interest periods of only one month; therefore, we no longer qualified for hedge accounting under the original designation and hedge accounting was terminated effective March 31, 2014. Additionally, the filing of the Chapter 11 Cases on the Petition Date constituted an event of default with respect to the outstanding interest rate swap with DNB Bank ASA. As a result, DNB Bank ASA terminated all transactions under the remaining swap agreement effective April 30, 2014 and issued a secured claim with the Bankruptcy Court of \$5,622. As such, in accordance with applicable accounting guidance, the liability

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

related to the interest rate swap outstanding as of June 30, 2014 was classified as Liabilities subject to compromise in the Condensed Consolidated Balance Sheets as of June 30, 2014. The interest rate swap was settled on the Effective Date upon our emergence from bankruptcy.

Refer to the table in Note 11 Interest Rate Swap Agreements of our condensed consolidated financial statements for further information.

We have considered the creditworthiness of both ourselves and the counterparty in determining the fair value of the interest rate derivatives, and such consideration resulted in an immaterial adjustment to the fair value of derivatives on the balance sheet. Valuations prior to any adjustments for credit risk are validated by comparison with counterparty valuations. Amounts are not and should not be identical due to the different modeling assumptions. Any material differences are investigated.

As part of our business strategy, we may enter into arrangements commonly known as forward freight agreements, or FFAs, to hedge and manage market risks relating to the deployment of our existing fleet of vessels. These arrangements may include future contracts, or commitments to perform in the future a shipping service between ship owners, charterers and traders. Generally, these arrangements would bind us and each counterparty in the arrangement to buy or sell a specified tonnage freighting commitment forward at an agreed time and price and for a particular route. Although FFAs can be entered into for a variety of purposes, including for hedging, as an option, for trading or for arbitrage, if we decided to enter into FFAs, our objective would be to hedge and manage market risks as part of our commercial management. It is not currently our intention to enter into FFAs to generate a stream of income independent of the revenues we derive from the operation of our fleet of vessels. If we determine to enter into FFAs, we may reduce our exposure to any declines in our results from operations due to weak market conditions or downturns, but may also limit our

Table of Contents

ability to benefit economically during periods of strong demand in the market. We have not entered into any FFAs as of June 30, 2014 and December 31, 2013.

Contractual Obligations

The following table sets forth our contractual obligations and their maturity dates as of June 30, 2014. The table incorporates the employment agreement entered into in September 2007 with our Chief Financial Officer, John Wobensmith. The table reflects Baltic Trading's agreements to acquire four newbuilding Ultramax drybulk vessels from Yangfan Group Co., Ltd. for an aggregate purchase price of \$112.0 million. Baltic Trading plans to finance these vessel acquisitions with a combination of cash on hand, future cash flow from operations, as well as debt or equity financing as discussed above under Liquidity and Capital Resources. The interest and borrowing fees and credit agreement payments below reflect the 2010 Baltic Trading Credit Facility, the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term Loan Facility. The following table also incorporates the future lease payments associated with the lease for our current space and excludes the lease from our former space as we have filed a motion to reject the lease for our former space in the bankruptcy proceedings which was accepted on the Effective Date upon our emergence from Chapter 11. Refer to Note 21 Commitments and Contingencies in our condensed consolidated financial statements for further information regarding the terms of our two lease agreements.

(1) Represents the six-month period ending December 31, 2014.

(2) Does not include principal payments, interest, borrowing fees, or other amounts payable under the 2007 Credit Facility, under which there is approximately \$1,055.9 million of principal outstanding as of June 30, 2014; the \$100 Million Term Loan Facility, under which there is approximately \$73.6 million of principal outstanding as of June 30, 2014; the \$253 Million Term Loan Facility, under which there is approximately \$175.7 million of principal outstanding as of June 30, 2014; the 2010 Notes, under which there is \$125 million of principal outstanding as of June 30, 2014 which is due upon the maturity of the 2010 Notes on August 15, 2015; or the outstanding interest rate swap with DnB NOR Bank, relating to a liability position of approximately \$5.6 million as of June 30, 2014. The Company's payment obligations with respect to the foregoing are subject to the automatic stay in the Chapter 11 Cases. These amounts have been recorded as Liabilities subject to compromise in the condensed consolidated balance sheet. Pursuant to the Prepack Plan, it is contemplated that the 2007 Credit Facility will be converted into equity of the reorganized Company and that the \$253 Million Facility and the \$100 Million Facility will be amended to provide for extended maturity dates through August 2019 and other modifications. In addition, it is contemplated under the Plan that claims in respect of the 2010 Notes will be converted into equity of the reorganized Company and that the outstanding interest rate swap will be paid in full in cash. As of June 30, 2014, the Plan was subject to confirmation in the Chapter 11 Cases and the Company could not determine the timing and amounts of its payment obligations with respect to the foregoing. As of the Effective Date on July 9, 2014, the Plan was approved by the Bankruptcy Court. Refer to Note 1 General Information and Note 9 Debt in our condensed consolidated financial statements for further information.

(3) The timing of this obligation is based on the estimated delivery dates for the Baltic Hornet, Baltic Wasp, Baltic Scorpion and Baltic Mantis.

Interest expense has been estimated using 0.1875% plus the applicable bank margin of 3.00% for the 2010 Baltic Trading Credit Facility. For the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term Loan Facility, interest expense has been estimated using 0.25% plus the applicable margin of 3.35%.

Capital Expenditures

We make capital expenditures from time to time in connection with our vessel acquisitions. Excluding Baltic Trading's vessels, our fleet currently consists of nine Capesize drybulk carriers, eight Panamax drybulk carriers, 17 Supramax drybulk carriers, six Handymax drybulk carriers and 13 Handysize drybulk carriers. Baltic Trading's fleet currently consists of four Capesize drybulk carriers, four Supramax drybulk carriers and five Handysize drybulk carriers. After the expected delivery of the four Ultramax vessels that Baltic Trading has agreed to acquire, Baltic Trading's fleet will consist of four Capesize drybulk carriers, four Ultramax drybulk carriers, four Supramax drybulk carriers and five Handysize drybulk carriers. Baltic Trading intends to use a combination of cash on

Table of Contents

hand, future cash flow from operations as well as debt or equity financing to fully finance the acquisition of these four Ultramax newbuilding drybulk vessels.

As previously announced, we have initiated a fuel efficiency upgrade program for certain of our vessels. We believe this program will generate considerable fuel savings going forward and increase the future earnings potential for these vessels. The cost of the upgrades, which will be performed under the planned drydocking schedule, is expected to be approximately \$0.3 million for a Supramax vessel and \$0.5 million for a Capesize vessels and is included in GS&T and Baltic Trading's estimated drydocking costs below. We expect these upgrades to be installed on three of GS&T's Supramax vessels and one of GS&T's Capesize vessels during the remainder of 2014. The upgrades have been successfully installed on five of Baltic Trading's vessels, the Baltic Cougar, the Baltic Panther, the Baltic Leopard, the Baltic Jaguar and the Baltic Wind, which completed their planned drydockings during the first half of 2014.

Genco Shipping & Trading Limited

In addition to acquisitions that we may undertake in future periods, we will incur additional expenditures due to special surveys and drydockings for our fleet. We estimate our drydocking costs, including capitalized costs incurred during drydocking related to vessel assets and vessel equipment, and scheduled off-hire days for our fleet, excluding Baltic Trading's vessels, through 2015 to be:

Year	Estimated Drydocking Cost (U.S. dollars in millions)	Estimated Off-hire Days
2014 (July 1- December 31, 2014)	\$ 7.8	180
2015	\$ 11.7	320

The costs reflected are estimates based on drydocking our vessels in China. Actual costs will vary based on various factors, including where the drydockings are actually performed. We expect to fund these costs with cash from operations. These costs do not include drydock expense items that are reflected in vessel operating expenses.

We estimate that each drydock will result in 20 days of off-hire. Actual length will vary based on the condition of the vessel, yard schedules and other factors.

During the six months ended June 30, 2014 and 2013, we incurred a total of \$5.9 million and \$1.4 million of drydocking costs, respectively.

Nine of our vessels completed their drydockings during the six months ended June 30, 2014, including the Genco Acheron and Genco Loire, which entered the drydocking yard during the fourth quarter of 2013. Additionally, the Genco Reliance was in drydocking during the six months ended June 30, 2014, but did not complete its drydocking until July 3, 2014. We estimate that nine of our vessels will be drydocked during the remainder of 2014 and an additional 16 of our vessels will be drydocked during 2015.

Baltic Trading Limited

In addition to acquisitions that Baltic Trading may undertake in future periods, Baltic Trading will incur additional capital expenditures due to special surveys and drydockings for its fleet. We estimate our drydocking costs, including capitalized costs incurred during drydocking related to vessel assets and vessel equipment, and scheduled off-hire days for Baltic Trading's fleet through 2015 to be:

Year	Estimated Drydocking Cost (U.S. dollars in millions)	Estimated Off-hire Days
2014 (July 1- December 31, 2014)	\$	
2015	\$ 3.6	100

Baltic Trading incurred drydocking costs of \$3.4 million and \$0 during the six months ended June 30, 2014 and 2013.

Six of Baltic Trading's vessels were drydocked during the six months ended June 30, 2014. We estimated that none of our vessels will be drydocked during the remainder of 2014 and five of our vessels will be drydocked during 2015.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

Inflation

Inflation has only a moderate effect on our expenses given current economic conditions. In the event that significant global inflationary pressures appear, these pressures would increase our operating, voyage, general and administrative, and financing costs.

CRITICAL ACCOUNTING POLICIES

There have been no changes or updates to the critical accounting policies as disclosed in the 2013 10-K.

Vessels and Depreciation

We record the value of our vessels at their cost (which includes acquisition costs directly attributable to the vessel and expenditures made to prepare the vessel for its initial voyage) less accumulated depreciation. We depreciate our drybulk vessels on a straight-line basis over their estimated useful lives, estimated to be 25 years from the date of initial delivery from the shipyard. Depreciation is based on cost less the estimated residual scrap value of \$245/lwt. We estimate residual scrap value based on the 15-year average scrap value of steel. An increase in the residual value of the vessels would decrease the annual depreciation charge over the remaining useful life of the vessel. Similarly, an increase in the useful life of a drybulk vessel would also decrease the annual depreciation charge. Comparatively, a decrease in the useful life of a drybulk vessel or in its residual value would have the effect of increasing the annual depreciation charge. However, when regulations place limitations over the ability of a vessel to trade on a worldwide basis, we will adjust the vessel's useful life to end at the date such regulations preclude such vessel's further commercial use.

The carrying value of each of our vessels does not represent the fair market value of such vessel or the amount we could obtain if we were to sell any of our vessels, which could be more or less. Under U.S. GAAP, we would not record a loss if the fair market value of a vessel (excluding its charter) is below our carrying value unless and until we determine to sell that vessel or the vessel is impaired as discussed in the 2013 10-K. Excluding the three Bourbon vessels we resold immediately upon delivery to MEP at our cost, we have sold three of our vessels since our inception and realized a profit in each instance. However, we did determine to cancel an acquisition of six drybulk newbuildings in November 2008, incurring a \$53.8 million loss from the forfeiture of our deposit and related interest.

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form 10-Q

Pursuant to our bank credit facilities, we regularly submit to the lenders valuations of our vessels on an individual charter free basis in order to evidence our compliance with the collateral maintenance covenants under our bank credit facilities. Such a valuation is not necessarily the same as the amount any vessel may bring upon sale, which may be more or less, and should not be relied upon as such. We were in compliance with the collateral maintenance covenants under the 2010 Baltic Trading Credit Facility, the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term Loan Facility at June 30, 2014. As a result of the Chapter 11 Cases, as of June 30, 2014, we were in default under the 2007 Credit Facility, \$100 Million Term Loan Facility and the \$253 Million Term Loan Facility. As such, we did not obtain valuations of the vessels collateralized under these credit facilities. We obtained valuations for all of the vessels in our fleet, included Baltic Trading, as of July 9, 2014, the Effective Date which represented our emergence from bankruptcy. These valuations may be utilized if we adopt fresh-start accounting during the third quarter of 2014. For purposes of comparing the carrying value of our vessels with the vessel valuations, we utilized the July 9, 2014 valuations. In the chart below, we list each of our vessels that represent the collateral for the aforementioned credit facilities, the year it was built, the year we acquired it, and its carrying value at June 30, 2014 and December 31, 2013.

At June 30, 2014, the vessel valuations of all of our vessels as of the Effective Date of July 9, 2014, with the exception of the Baltic Fox, Baltic Hare, Baltic Lion and Baltic Tiger, were lower than their carrying values at June 30, 2014. At December 31, 2013, the vessel valuations of all of our vessels for covenant compliance purposes under our bank credit facilities as of the most recent compliance testing date, with the exception of the Baltic Fox, Baltic Hare and Baltic Lion, were lower than their carrying values at December 31, 2013. For the Genco Ocean, Genco Bay, Genco Avra, Genco Mare and Genco Spirit, the last compliance testing date prior to December 31, 2013 was August 17, 2013 in accordance with the terms of the \$100 Million Term Loan Facility; for all other vessels, the compliance testing date used at December 31, 2013 was December 31, 2013, in accordance with the terms of the applicable credit facility.

The amount by which the carrying value at June 30, 2014 of all of the vessels in our fleet, with the exception of the Baltic Fox, Baltic Hare, Baltic Lion and Baltic Tiger, exceeded the valuation of such vessels as of July 9, 2014, on an individual vessel basis,

from \$1.6 million to \$57.4 million per vessel, and \$1,075.3 million on an aggregate fleet basis. The amount by which the carrying value at December 31, 2013 of all of the vessels in our fleet, with the exception of the Baltic Fox, Baltic Hare and Baltic Lion, exceeded the valuation of such vessels for covenant compliance purposes ranged, on an individual vessel basis, from \$0.3 million to \$64.3 million per vessel, and \$1,171.3 million on an aggregate fleet basis. The average amount by which the carrying value of our vessels exceeded the valuation of such vessels as of July 9, 2014 was \$17.3 million at June 30, 2014 and the average amount by which the carrying value of our vessels exceeded the valuation of such vessels for covenant compliance purposes was \$18.6 million as of December 31, 2013. However, neither such valuation nor the carrying value in the table below reflects the value of long-term time charters related to some of our vessels.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Interest rate risk

We are exposed to the impact of interest rate changes. Our objective is to manage the impact of interest rate changes on our earnings and cash flow in relation to our borrowings. We held four interest rate swap agreements with DnB NOR Bank at December 31, 2013 to manage future interest costs and the risk associated with changing interest rates. The total notional principal amount of the swaps was \$306.2 million and the swaps have specified rates and durations. Three swaps expired during the three months ended March 31, 2014. Refer to the table in Note 11 Interest Rate Swap Agreements of our condensed consolidated financial statements which summarizes the interest rate swaps in place as of December 31, 2013.

As of March 31, 2014, we were in default under covenants of its 2007 Credit Facility due to the default on the scheduled debt amortization payment due on March 31, 2014. The default under the 2007 Credit Facility required us to elect interest periods of only one-month, therefore we no longer qualified for hedge accounting under the original designation and hedge accounting was terminated effective March 31, 2014. Additionally, the filing of the Chapter 11 Cases on the Petition Date constituted an event of default with respect to the outstanding interest rate swap with DNB Bank ASA. As a result, DNB Bank ASA terminated all transactions under the remaining swap agreement effective April 30, 2014 and issued a secured claim with the Bankruptcy Court of \$5,622. As such, in accordance with applicable accounting guidance, the liability related to the interest rate swap outstanding as of June 30, 2014 was classified as Liabilities subject to compromise in the Condensed Consolidated Balance Sheets as of June 30, 2014. The interest rate swap was settled on the Effective Date upon our emergence from bankruptcy. Refer to Note 11 Interest Rate Swap Agreements for additional information.

The swap agreements outstanding as of December 31, 2013 synthetically converted variable rate debt to fixed rate debt at the fixed interest rate of the swap plus the applicable margin of 3.00%.

The total liability associated with the swaps at June 30, 2014 is \$5.6 million and \$7.0 million at December 31, 2013, and is presented as Liabilities subject to compromise and Fair value of derivative instruments, respectively, on the Condensed Consolidated Balance Sheets. As of June 30, 2014 and December 31, 2013, we have accumulated other comprehensive income (loss) (AOCI) of (\$4.7) million and (\$7.0) million, respectively. The remaining interest rate swap outstanding as of June 30, 2014 was not hedged as cash flow hedge accounting was discontinued beginning on March 31, 2013 as a result of the default under the 2007 Credit Facility (see above). Once cash flow hedge accounting was discontinued, the changes in the fair value of the interest rate swaps were recorded in the Condensed Consolidated Statement of Operations in interest expense and the remaining amounts included in AOCI are amortized to interest expense over the original term of the hedging relationship. Hedge ineffectiveness associated with the interest rate swaps resulted in a minimal amount of other income (expense) during the three and six months ended June 30, 2013 and there was no hedge ineffectiveness during the three and six months ended June 30, 2014.

We are subject to market risks relating to changes in LIBOR rates because we have significant amounts of floating rate debt outstanding. We are subject to a facility fee of 1.0% per annum on the average daily outstanding principal amount of the outstanding loan under the 2007 Credit Facility. Additionally, during the six months ended June 30, 2014 and 2013, we paid LIBOR plus 3.00% on the outstanding debt under the 2007 Credit Facility, \$100 Million Term Loan Facility, \$253 Million Term Loan Facility and the 2010 Baltic Trading Credit Facility. During the six months ended June 30, 2014, we also paid three-month LIBOR plus 3.35% on the outstanding debt under the Baltic Trading \$22 Million Term Loan Facility and the Baltic Trading \$44 Million Term Loan Facility. A 1% increase in LIBOR would result in an increase of \$6.7 million in interest expense for the six months ended June 30, 2014, considering the increase would be only on the unhedged portion of the debt. For any

unpaid loan payments due under the \$100 Million Term Facility and the \$253 Million Term Loan Facility during the bankruptcy period, the Company incurred an additional 2.00% default interest only on the unpaid loan amounts due during the bankruptcy period.

Derivative financial instruments

As of December 31, 2013, we held four interest rate swap agreements with DnB NOR Bank to manage interest costs and the risk associated with changing interest rates. The total notional principal amount of the swaps was \$306.2 million and the swaps had specified rates and durations. Three swaps expired during the three months ended March 31, 2014. Refer to the table in Note 11 Interest Rate Swap Agreements of our condensed consolidated financial statements, which summarizes the interest rate swaps in place as of December 31, 2013.

The differential to be paid or received for these swap agreements is recognized as an adjustment to interest expense as incurred. The interest rate differential pertaining to the interest rate swaps for the three months ended June 30, 2014 and 2013 was \$0.4 million and \$2.5 million, respectively. The interest rate differential pertaining to the interest rate swaps for the six months ended June 30, 2014 and 2013 was \$1.8 million and \$4.9 million, respectively. The Company was utilizing cash flow hedge accounting for the swaps whereby the effective portion of the change in value of the swaps is reflected as a component of AOCI until March 31, 2014. The ineffective portion was recognized as other (expense) income, which is a component of other (expense) income. If for any

Table of Contents

period of time we did not designate the swaps for hedge accounting, the change in the value of the swap agreements prior to designation would be recognized as other (expense) income.

As of March 31, 2014, we were in default under covenants of its 2007 Credit Facility due to the default on the scheduled debt amortization payment due on March 31, 2014. The default under the 2007 Credit Facility required us to elect interest periods of only one-month, therefore we no longer qualified for hedge accounting under the original designation and hedge accounting was terminated effective March 31, 2014.

Additionally, the filing of the Chapter 11 Cases on the Petition Date constituted an event of default with respect to the outstanding interest rate swap with DNB Bank ASA. As a result, DNB Bank ASA terminated all transactions under the remaining swap agreement effective April 30, 2014 and issued a secured claim with the Bankruptcy Court of \$5,622. As such, in accordance with applicable accounting guidance, the liability related to the interest rate swap outstanding as of June 30, 2014 was classified as Liabilities subject to compromise in the Condensed Consolidated Balance Sheets as of June 30, 2014. The interest rate swap was settled on the Effective Date upon our emergence from bankruptcy. Refer to Note 11 Interest Rate Swap Agreements for additional information.

Amounts receivable or payable arising at the settlement of hedged interest rate swaps are deferred and amortized as an adjustment to interest expense over the period of interest rate exposure provided the designated liability continues to exist. Amounts receivable or payable arising at the settlement of unhedged interest rate swaps are reflected as other (expense) income and is listed as a component of other (expense) income. Due to the Chapter 11 Cases, the liability related to the outstanding swap agreement was classified as Liabilities subject to compromise in the Condensed Consolidated Balance Sheet.

Refer to Interest rate risk section above for further information regarding the interest rate swap agreements.

Currency and exchange rates risk

The international shipping industry's functional currency is the U.S. Dollar. Virtually all of our revenues and most of our operating costs are in U.S. Dollars. We incur certain operating expenses in currencies other than the U.S. dollar, and the foreign exchange risk associated with these operating expenses is immaterial.

As part of our business strategy, we may enter into short-term forward currency contracts to protect ourselves from the risk arising from the fluctuation in the exchange rate associated with the cost basis of the Jinhui shares.

Investments

At June 30, 2014, we hold investments in Jinhui with a carrying amount of \$49.5 million and investments in KLC with a carrying amount of \$0.1 million, both of which are classified as available for sale (AFS) under Accounting Standards Codification 320-10, Investments Debt and Equity Securities (ASC 320-10). These investments are classified as noncurrent assets based on our intent to hold the investment at each reporting date. The investments that are classified as AFS are subject to risk of changes in market value, which if determined to be impaired (other than temporarily impaired), could result in realized impairment losses. We review the carrying value of such investments on a quarterly

basis to determine if any valuation adjustments are appropriate under ASC 320-10. We will continue to evaluate our investment in Jinhui and KLC on a quarterly basis to determine the likelihood of any significant adverse effects on the fair value and amount of any impairment. For the three and six months ended June 30, 2014 and 2013, we have not deemed our investments to be impaired. In the event we determine that the Jinhui or KLC investment are subject to any impairment, the amount of the impairment would be reclassified from AOCI and recorded as a loss in the Condensed Consolidated Statement of Operations for the amount of the impairment.

ITEM 4. CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including our President and Chief Financial Officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures as defined in Rule 13a-15(e) and 15d-15(e) of the Exchange Act as of the end of the period covered by this report. Based upon that evaluation, our President and Chief Financial Officer have concluded that our disclosure controls and procedures are effective.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There have been no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act) during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II: OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We commenced the Chapter 11 Cases to implement our restructuring. Pursuant to the Bankruptcy Code, the filing of a bankruptcy petition automatically stays certain actions against us, including actions to collect pre-petition indebtedness or to exercise control over the property of our bankruptcy estates. The Plan provided for the treatment of allowed claims against our bankruptcy estates, including pre-petition liabilities. The treatment of such liabilities under the Plan is expected to result in a material adjustment to our financial statements.

On March 28, 2014, the Genco Auvergne was arrested due to a disputed claim with the charterer of one of our other vessels, namely the Genco Ardennes. In order for us to release the Genco Auvergne from its arrest, we entered into a cash collateralized \$0.9 million bank guarantee with Skandinaviska Enskilda Banken AB (the SEB Bank Guarantee) on April 3, 2014. The vessel has since been released from its arrest and the bank guarantee will remain in an escrow account until the arbitration related to this case is completed. The SEB Bank Guarantee resulted in additional indebtedness. As we are currently in default under the covenants of its 2007 Credit Facility due to the default on a scheduled debt amortization payment due on March 31, 2014, on April 3, 2014 we received a consent from the lenders under the 2007 Credit Facility to incur this additional indebtedness. Also, under the \$253 Million Term Loan Facility for which the Genco Auvergne is collateralized, we may not incur additional indebtedness related to its collateralized vessels under this facility. We also received a consent from the lenders under the \$253 Million Term Loan Facility on April 3, 2014 in order to enter the SEB Bank Guarantee.

We have not been involved in any other legal proceedings which we believe are likely to have, or have had a significant effect on our business, financial position, results of operations or cash flows, nor are we aware of any proceedings that are pending or threatened which we believe are likely to have a significant effect on our business, financial position, results of operations or liquidity. From time to time, we may be subject to legal proceedings and claims in the ordinary course of business, principally personal injury and property casualty claims. We expect that these claims would be covered by insurance, subject to customary deductibles. Those claims, even if lacking merit, could result in the expenditure of significant financial and managerial resources.

ITEM 1A. RISK FACTORS

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2013 (the Form 10-K), which could materially affect our business, financial condition or future results. The Form 10-K included a risk factor with the following heading:

We may have to pay U.S. tax on U.S. source income, which would reduce our net income and cash flows.

Below is updated information for such risk factor:

During 2014, our stock traded on the NYSE from January 1 until April 21. Our stock began trading on the OTCBB on July 30, 2014. We believe that the OTCBB should be treated as established securities markets for purposes of Section 883. However, we can provide no assurance that the OTCBB will so qualify or that our stock will continue to trade on the OTCBB. Moreover, the IRS in its discretion may determine that an otherwise qualifying market is not an established securities market for this purpose because such market lacks certain attributes, e.g., adequate listing, financial disclosure, or trading requirements. Furthermore, it is not clear how the rules under Section 883 will apply to a corporation, such as us, that is trading in two different markets in the same taxable year and not trading for a portion thereof.

In addition, based on the ownership of our stock prior to our July 9, 2014 emergence from bankruptcy (as reflected on the holdings of investors reported on Schedules 13D and 13G), we believe that 5% shareholders will not own 50% or more of our stock for more than half the days in 2014. However, 5% shareholders may own 50% or more of our stock following our July 9, 2014 emergence from bankruptcy. If 5% shareholders were to own 50% or more of our stock for more than half the days of any taxable year, we may not be eligible to claim exemption from tax under Section 883. We can provide no assurance that the ownership of our stock by 5% shareholders will not preclude us from qualifying as publicly traded corporation under Section 883 in 2014 or in future years.

As a result of the uncertainty regarding the qualification of the OTCBB as an established securities market, our continued trading on the OTCBB and the amount of stock owned by 5% shareholders, there can be no assurance that our shipping income will qualify for exemption from U.S. federal income tax pursuant to Section 883 in 2014 or in future years.
