Long-Term Incentive Awards

On March 8, 2016, the Dynegy Inc. ("Dynegy") Compensation and Human Resources Committee of Dynegy's Board of Directors (the "Committee") granted incentive awards for Dynegy's executive officers and other key personnel comprised of 40% performance share units, 35% restricted stock units and 25% stock options. These awards were made subject to the attached form award agreements, which are attached hereto as Exhibits and incorporated herein by reference.

For the performance share units (the "PSUs"), the Committee determined that using Total Shareholder Return ("TSR"), measured over a three-year period relative to a selected group of energy industry peer companies, and Dynegy's free cash flow ("FCF") over the same performance period, was best aligned with the practices within our industry and with the long-term interests of our stockholders. The PSUs will vest only if Dynegy meets pre-determined performance goals over the three-year period. The key characteristics of the PSUs are as follows:

Performance Share Unit Structure

- Three-year performance period (January 1, 2016 through December 31, 2018)
- Payout opportunity of 0-200% of one-half of the target PSUs will be based upon Dynegy's FCF, intended to be settled in shares
- Payout opportunity of 0-200% of one-half of the target PSUs will be based upon Dynegy's TSR, intended to be settled in shares
- Cumulative FCF achievement calculated at end of performance period and applied to the payout scale to determine the number of earned/vested PSUs
- Cumulative TSR percentile ranking calculated at end of performance period and applied to the payout scale to determine the number of earned/vested PSUs
- If absolute TSR is negative, PSU award payouts based upon TSR will be capped at 100% of the target number of PSUs granted, regardless of relative TSR positioning

The foregoing descriptions of the form award agreements may not contain all of the information that is important to you and are qualified in their entirety by reference to the full text of such agreements filed herewith and incorporated herein. The stock options and restricted stock units are consistent with previously disclosed grant agreements as approved by the Committee.
