OUR COMPANY

Our business consists primarily of the electric transmission operations of our Regulated Operating Subsidiaries. In 2002, ITC Holdings was incorporated in the State of Michigan for the purpose of acquiring ITC Transmission. ITC Transmission was originally formed in 2001 as a subsidiary of The Detroit Edison Company (currently known as DTE Electric Company), an electric utility subsidiary of DTE Energy Company, and was acquired in 2003 by ITC Holdings. METC was originally formed in 2001 as a subsidiary of Consumers Energy Company, an electric and gas utility subsidiary of CMS Energy Corporation, and was acquired in 2006 by ITC Holdings. ITC Midwest was formed in 2007 by ITC Holdings to acquire the transmission assets of Interstate Power and Light Company in December 2007. ITC Great Plains was formed in 2006 by ITC Holdings and became a Federal Energy Regulatory Commission (FERC)-jurisdictional entity in 2009. We own and operate high-voltage systems in Michigan's Lower Peninsula and portions of Iowa, Minnesota, Illinois, Missouri, Kansas and Oklahoma that transmit electricity from generating stations to local distribution facilities connected to our systems.

Our business strategy is to own, operate, maintain and invest in transmission infrastructure in order to enhance system integrity and reliability, reduce transmission constraints and allow new generating resources to interconnect to our transmission systems. We also are pursuing development projects not within our existing systems, which are also intended to improve overall grid reliability, reduce transmission constraints and facilitate interconnections of new generating resources, as well as enhance competitive wholesale electricity markets.

As electric transmission utilities with rates regulated by the FERC, our Regulated Operating Subsidiaries earn revenues through tariff rates charged for the use of their electric transmission systems by our customers, which include investor-owned utilities, municipalities, cooperatives, power marketers and alternative energy suppliers. As independent transmission companies, our Regulated Operating Subsidiaries are subject to rate regulation only by the FERC. The rates charged by our Regulated Operating Subsidiaries are established using cost-based formula rate templates, as discussed in Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations of our Annual Report on Form 10-K for the year ended December 31, 2015 (the 2015 10-K), which is incorporated by reference herein.

Recent Developments

On February 9, 2016, Fortis Inc. (Fortis), FortisUS Inc. (FortisUS), Element Acquisition Sub, Inc. (Merger Sub) and ITC Holdings entered into an agreement and plan of merger (the Merger Agreement), pursuant to which Merger Sub will merge with and into ITC Holdings, as a result of which ITC Holdings will become a subsidiary of FortisUS (the Merger). Under the current terms of the Merger, and assuming the Merger is consummated, our shareholders will receive \$22.57 in cash and 0.7520 Fortis common shares for each share of common stock of ITC Holdings. For a discussion of various risks relating to the Merger, see Item 1A Risk Factors Risks Related to the Merger of our 2015 10-K, which is incorporated herein by reference. For a further explanation of the Merger, see Note 20 to our audited consolidated financial statements and notes appearing in the 2015 10-K.

FORWARD-LOOKING STATEMENTS

This prospectus includes and incorporates by reference forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and as defined in the U.S. Private Securities Litigation Reform Act of 1995. We intend that those statements be covered by the safe harbors created under those laws. Forward-looking statements include statements concerning future business conditions, our plans and prospects, objectives, goals, strategies, future events, future revenue or performance, capital expenditures, financing needs, plans or intentions relating to acquisitions, business trends, the outlook for our business and the electric transmission industry, expectations with respect to various legal and regulatory proceedings, the proposed Merger with Fortis and other information that is not historical information. When used in this prospectus, the words estimates, expects, anticipates, projects, plans, intends, believes and forecasts or future or conditional verbs, such as will, should and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements, including, without limitation, management's examination of historical operating trends and data, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith and we believe there is a reasonable basis for them. However, we cannot assure you that management's expectations, beliefs and projections will be achieved. There are a number of risks, uncertainties and other important factors that could cause our actual results to differ materially from the forward-looking statements contained in this prospectus. Such risks, uncertainties and other important factors which could cause our actual results to differ materially from those suggested by our forward-looking statements are set forth in our reports incorporated by reference into this prospectus, and include, among others:

- Certain elements of our Regulated Operating Subsidiaries' formula rates can be and have been challenged, which could result in lowered rates and/or refunds of amounts previously collected and thus have an adverse effect on our business, financial condition, results of operations and cash flows.
- Our actual capital investment may be lower than planned, which would cause a lower than anticipated rate base and would therefore result in lower revenues and earnings compared to our current expectations. In addition, we expect to invest in strategic development opportunities to improve the efficiency and reliability of the transmission grid, but we cannot provide assurance that we will be able to initiate or complete any of these investments. In addition, we expect to incur expenses related to the pursuit of development opportunities, which may be higher than forecasted.
- The regulations to which we are subject may limit our ability to raise capital and/or pursue acquisitions, development opportunities or other transactions or may subject us to liabilities.
- Changes in energy laws, regulations or policies could impact our business, financial condition, results of operations and cash flows.
- If amounts billed for transmission service for our Regulated Operating Subsidiaries' transmission systems are lower than expected, or our actual revenue requirements are higher than expected, the timing of collection of our revenues would be delayed.
- Each of our MISO Regulated Operating Subsidiaries depends on its primary customer for a substantial portion of its revenues, and any material failure by those primary customers to make payments for transmission services could have a material adverse effect on our business, financial condition, results of operations and cash flows.
- A significant amount of the land on which our assets are located is subject to easements, mineral rights and other similar encumbrances. As a result, we must comply with the provisions of various easements, mineral rights and

other similar encumbrances, which may adversely impact their ability to complete construction projects in a timely manner.

- We contract with third parties to provide services for certain aspects of our business. If any of these agreements are terminated, we may face a shortage of labor or replacement contractors to provide the services formerly provided by these third parties.
- Hazards associated with high-voltage electricity transmission may result in suspension of our operations or the imposition of civil or criminal penalties.
- We are subject to environmental regulations and to laws that can give rise to substantial liabilities from environmental contamination.

Table of Contents

- We are subject to various regulatory requirements, including reliability standards; contract filing requirements; reporting, recordkeeping and accounting requirements; and transaction approval requirements. Violations of these requirements, whether intentional or unintentional, may result in penalties that, under some circumstances, could have a material adverse effect on our business, financial condition, results of operations and cash flows.
- Acts of war, terrorist attacks, cyber attacks, natural disasters, severe weather and other catastrophic events may have a material adverse effect on our business, financial condition, results of operations and cash flows.
- ITC Holdings is a holding company with no operations, and unless we receive dividends or other payments from our subsidiaries, we may be unable to pay dividends and fulfill our other cash obligations.
- We have a considerable amount of debt and our reliance on debt financing may limit our ability to fulfill our debt obligations and/or to obtain additional financing.
- Certain provisions in our debt instruments limit our financial and operating flexibility.
- Adverse changes in our credit ratings may negatively affect us.
- Provisions in our Articles of Incorporation and bylaws, Michigan corporate law and our debt agreements may impede efforts by our shareholders to change the direction or management of our company.
- Provisions in our Articles of Incorporation restrict market participants from voting or owning 5% or more of the outstanding shares of our capital stock.
- Completion of the Merger is subject to various conditions which, if not satisfied, may cause the Merger not to be completed in a timely manner or at all.
- We will continue to incur substantial transaction-related costs in connection with the Merger.
- The announcement and pendency of the Merger could adversely affect our business, results of operations and financial condition.
- While the Merger Agreement is in effect, we are subject to restrictions on our business activities.
- If the Merger is completed, the combined company may not be able to successfully integrate our business with Fortis and therefore may not be able to realize the anticipated benefits of the Merger.
- We may be the target of securities class action and derivative lawsuits which could result in substantial costs and may delay or prevent the Merger from being completed.
- Other risk factors discussed herein and listed from time to time in our public filings with the Commission.

Because our forward-looking statements are based on estimates and assumptions that are subject to significant business, economic and competitive uncertainties, many of which are beyond our control or are subject to change, actual results could be materially different and any or

Edgar Filing: ITC Holdings Corp. - Form S-3ASR

all of our forward-looking statements may turn out to be wrong. Forward-looking statements speak only as of the date made and can be affected by assumptions we might make or by known or unknown risks and uncertainties. Many factors mentioned in our discussion in this prospectus will be important in determining future results. Consequently, we cannot assure you that our expectations or forecasts expressed in such forward-looking statements will be achieved. Actual future results may vary materially.

Except as required by law, we undertake no obligation to publicly correct or update any of our forward-looking or other statements in this prospectus, in any documents incorporated by reference in this prospectus or in any prospectus supplement hereto or any free writing prospectus, whether as a result of new information, future events, or otherwise.

DESCRIPTION OF OUR DEBT SECURITIES

The following description summarizes the general terms and provisions of the debt securities to which a prospectus supplement may relate. We may from time to time offer and sell debt securities consisting of debentures, notes and/or other unsecured evidences of indebtedness, in one or more series. We will describe the particular terms of a series of debt securities offered by any prospectus supplement and the extent, if any, to which such general provisions may apply to the debt securities so offered, in the prospectus supplement relating to the offered debt securities. If indicated in a prospectus supplement, the terms of any series of debt securities may differ from the terms summarized below.

We will issue the debt securities under an indenture, dated as of April 18, 2013, as amended or supplemented from time to time, which we refer to as the indenture, between us and Wells Fargo Bank, National Association, as trustee, in such capacity, called the Trustee. The following summary of material provisions does not purport to describe every aspect of the debt securities and the indenture. This summary is subject to the detailed provisions of the indenture, including the definition of certain terms used in this prospectus and those terms made a part of the indenture by reference to the Trust Indenture Act. Wherever particular defined terms of the indenture are referred to, those defined terms are incorporated by reference in this prospectus as part of the statement made, and the statement is qualified in its entirety by such reference. We have filed a copy of the indenture as an exhibit to the registration statement of which this prospectus is a part. You can find the definitions of certain terms used in this description under the caption Certain Definitions. In this description, the word Company refers only to ITC Holdings Corp. and does not include any of its subsidiaries. Capitalized terms that are used and not otherwise defined in this prospectus will have the meanings assigned to them in the indenture.

The registered holder of debt securities will be treated as the owner of the debt securities for all purposes. Only registered holders will have rights under the indenture.

General

The indenture provides for the issuance from time to time of debt securities by us in an unlimited amount pursuant to a board resolution or by or pursuant to a supplemental indenture.

Under the indenture, we may issue debt securities in one or more series with the same or various maturities, at par, at a premium or with original issue discount. The applicable prospectus supplement relating to a particular series of debt securities will describe the specific terms of the debt securities we may offer, including:

- (a) the title of the debt securities of that series (which will distinguish the debt securities of that series from all other series of debt securities);
- (b) any limit upon the aggregate principal amount of the debt securities of that series which may be authenticated and delivered under the indenture (except for debt securities authenticated and delivered upon registration of transfer

of, or in exchange for, or in lieu of, other debt securities of that series and except for any debt securities which are deemed never to have been authenticated and delivered hereunder);

(c) the Person to whom any interest on a debt security of that series will be payable, if other than the Person in whose name the debt security (or one or more predecessor debt securities) is registered at the close of business on the regular record date for such interest;

(f) the obligation, if any, of the Company to redeem, repay or purchase any debt securities of that series pursuant to any sinking fund or analogous provisions or at the option of a Holder thereof, and the period or periods

within which, the price or prices at which and the terms and conditions upon which any debt securities of that series will be redeemed, repaid or purchased, in whole or in part, pursuant to such obligation;

(g) whether the debt securities of that series will be convertible into shares of our common stock and/or exchangeable for other securities, whether or not issued by us, property or cash, or a combination of any of the foregoing, and, if so, the terms and conditions of such conversion or exchange, either mandatory, at the option of the holder, or at our option, and any deletions from or modifications or additions to the indenture to allow the issuance of such convertible or exchangeable debt securities;

(h) if other than denominations of \$1,000 and any integral multiple thereof, the denominations in which any debt securities of that series will be issuable;

(n) if the principal amount payable at the stated maturity of any debt securities of that series will not be determinable as of any one or more dates prior to the stated maturity, the amount which will be deemed to be the principal amount of such debt securities as of any such date for any purpose thereunder or under the indenture, including the principal amount thereof which will be due and payable upon any maturity other than the stated maturity or which will be deemed to be Outstanding as of any date prior to the stated maturity (or, in any such case, the manner in which such amount deemed to be the principal amount will be determined);

(o) if applicable, that the debt securities of that series, in whole or any specified part, will not be defeasible and, if other than by a company order, the manner in which any election by the Company to defease such debt securities will be evidenced;

(q) any additions to, deletions from or changes in the covenants set forth in the indenture which apply to the debt securities of that series;

(r) providing collateral to the Trustee to secure payment of the principal of (and premium, if any) and interest on the debt securities of any series, and provisions for the release of any such collateral; and

Table of Contents

(s) any other terms of that series (which terms will not be inconsistent with the provisions of the indenture), including, without limitation, any terms required or appropriate to establish one or more series of debt securities issued in a periodic offering.

The indenture does not contain any restriction on the payment of dividends, incurrence of unsecured debt or any financial covenants. The indenture does not contain provisions which would afford you protection in the event of a decline in our credit quality resulting from highly leveraged or other similar transactions involving us.

Our directors, officers, employees or shareholders will not have liability for any of our obligations under the debt securities or the indenture or for any claim based on, in respect of or by reason of such obligations or their creation. By accepting a debt security each holder shall waive and release all such liability. Such waiver and release shall be part of the consideration for the issue of the debt securities.

The debt securities of any series will be a single, distinct series of debt securities. We may from time to time, without the consent of existing holders of the debt securities, create and issue an additional principal amount of debt securities of that series having the same terms and conditions and the same CUSIP number as the debt securities being offered in all respects, except for issue date, issue price and, if applicable, the first payment of interest thereon. Additional debt securities issued in this manner will be consolidated with and will form a single series with the previous series of outstanding debt securities. The indenture does not require that we issue future issues of debt securities under the indenture. We will be free to employ other indentures or documentation containing provisions different from those included in the indenture or applicable to one or more series of debt securities, in connection with future issues of other debt securities.

Ranking

Because we are a holding company and conduct all of our operations through our subsidiaries, our ability to meet our obligations under the debt securities is dependent on the earnings and cash flows of those subsidiaries and the ability of those subsidiaries to pay dividends or to advance or repay funds to us. Consequently, the debt securities will be structurally subordinated to the debt and other liabilities of our subsidiaries, including trade creditors, debtholders, secured creditors and taxing authorities.

Unless otherwise indicated in a prospectus supplement, the debt securities shall be our direct, senior unsecured (unless one or more series of debt securities is secured pursuant to the provision of a supplement to the indenture) obligations and will rank without preference or priority among themselves and pari passu with all of our existing and future unsecured senior indebtedness, including amounts outstanding under our 5.875% Senior Notes due September 30, 2016, 6.23% Senior Notes, Series B, due September 20, 2017, 6.050% Senior Notes due January 31, 2018, 5.500% Senior Notes due January 15, 2020, 4.05% Senior Notes due July 1, 2023, 3.65% Senior Notes due June 15, 2024, 6.375% Senior Notes due September 30, 2036, 5.30% Senior Notes due July 1, 2043, Term Loan Credit Agreement, dated as of December 20, 2013 and the Revolving Credit Agreement, dated as of March 28, 2014, as well as any of our commercial paper outstanding from time to time issued under our commercial paper program dated June 8, 2015. Because none of our subsidiaries are guaranteeing the debt securities, the debt securities will be structurally subordinated to all existing and future indebtedness and other obligations of our subsidiaries, including trade payables and (i) ITCTransmission's 6.125% First Mortgage Bonds, Series C, due March 31, 2036, 5.75% First Mortgage Bonds, Series D, due April 1, 2018, 4.625% First Mortgage Bonds, Series E, due August 15, 2043, 4.27% First Mortgage Bonds, Series F, due June 10, 2044, and Revolving Credit Agreement, dated as of March 28, 2014; (ii) METC's 5.64% Senior Secured Notes due May 6, 2040, 3.98% Senior Secured Notes due October 26, 2042, 4.19% Senior Secured Notes due December 15, 2044, 3.90% Senior Secured Notes due April 26, 2046, and Revolving Credit Agreement, dated as of March 28, 2014; (iii) ITC Midwest's 6.15% First Mortgage Bonds, Series A, due January 31, 2038, 7.12% First Mortgage

Conversion or Redemption

No debt security will be subject to conversion, amortization or redemption, unless otherwise provided in the applicable prospectus supplement. Any provisions relating to the conversion or redemption of debt securities will be set forth in the applicable prospectus supplement or other offering materials, including whether conversion is mandatory or at our option. If no redemption date or redemption price is indicated with respect to a debt security, we may not redeem the debt security prior to its stated maturity. Debt securities subject to redemption by us will be subject to the following terms:

- redeemable on and after the applicable redemption dates;

The indenture provides that notwithstanding the foregoing limitations, we or our Subsidiaries may incur, issue, assume, guarantee or permit to exist indebtedness secured by Liens without equally and ratably securing the debt securities of each series then Outstanding, provided, that at the time of such incurrence, issuance, assumption or guarantee of indebtedness, after giving effect thereto and to the retirement of any of our indebtedness or indebtedness of any Subsidiary which is concurrently being retired, the sum of (i) the aggregate amount of all outstanding indebtedness of us and all of our Subsidiaries secured by Liens which we or a Subsidiary could not have incurred, issued, assumed or guaranteed without equally or ratably securing the debt securities of each series then Outstanding, except for the provisions of this paragraph, plus (ii) the Attributable Value of Sale and Leaseback Transactions entered into pursuant to Restrictions on Sale and Lease-Back Transactions, does not at such time exceed the greater of 10% of Net Tangible Assets or 10% of our Consolidated Capitalization.

Restrictions on Sale and Lease-Back Transactions

The indenture provides that, so long as any debt securities are Outstanding, neither we nor any Subsidiary will enter into any arrangement under which we or a Subsidiary would lease, for a period, including renewals, in excess of three years, any Property which it has sold or transferred or is going to sell or transfer (a Sale and Leaseback Transaction) unless either: (a) we or the Subsidiary would, when entering into such arrangement, be entitled, without equally and ratably securing the debt securities of each series of debt securities then Outstanding, to incur, issue, assume or guarantee indebtedness secured by a Lien on such property pursuant to paragraphs (a) to (o), (q) and (r) (except in respect of an extension, renewal or replacement of a Lien referred to in paragraph (p)), inclusive, under Restrictions on Liens; or (b) we, within 180 days after such sale or transfer, apply to the retirement of our Funded indebtedness an amount equal to the greater of (i) the net proceeds of the sale of Property sold and leased back pursuant to such arrangement or (ii) the fair market value of the Property so sold and leased back at the time of entering into such arrangement (as determined by us in good faith); provided, that the amount to be applied to the retirement of our Funded Indebtedness shall be reduced by (i) the principal amount of any debt securities delivered within 180 days after such sale to the Trustee for retirement and cancellation and (ii) the principal amount of Funded Indebtedness, other than debt securities, voluntarily retired by us within 180 days after such sale. Notwithstanding the foregoing, we and our Subsidiaries, or any of us, may enter into a Sale and Leaseback Transaction which would otherwise be prohibited; provided, that at the time of such transaction, after giving effect thereto, the sum of (i) the aggregate amount of the Attributable Value in respect of all Sale and Leaseback Transactions existing at such time which could not have been entered into except for the provisions of this paragraph plus (ii) the aggregate amount of outstanding indebtedness secured by Liens in reliance on the last paragraph under Restrictions on Liens of the indenture does not at the time exceed the greater of 10% of Net Tangible Assets or 10% of our Consolidated Capitalization. A Sale and Leaseback Transaction shall not be deemed to result in the creation of a Lien.

Table of Contents

(b) file with the Trustee and the SEC, in accordance with rules and regulations prescribed from time to time by the SEC, such additional information, documents and reports with respect to compliance by us with the conditions and covenants provided for in the indenture, as may be required from time to time by such rules and regulations; and

(c) transmit to the holders of debt securities within 30 days after the filing thereof with the Trustee such summaries of any information, documents and reports required to be filed by us pursuant to the provisions of paragraphs (a) and (b) of this Section as may be required by rules and regulations prescribed from time to time by the SEC;

provided, that any such information, documents or reports filed electronically with the SEC pursuant to Section 13 or 15(d) of the Exchange Act shall be deemed filed with, and delivered to, the Trustee and the holders of the debt securities; *provided, further*, that we will notify the Trustee if we fail to so file any such information, documents or reports with the SEC.

We will also deliver to the Trustee, no later than May 15 of each year, a brief certificate from the principal executive officer, principal financial officer or principal accounting officer as to his or her knowledge of our compliance with all conditions and covenants under the indenture through such year or, if there has been a default (without regard to any period of grace or requirement of notice provided under the indenture), specifying all such defaults and the nature and status thereof of which he may have knowledge.

Duties of Trustee; Resignation or Removal of Trustee

The Trustee will have, and will be subject to, all the duties and responsibilities specified with respect to an indenture trustee under the Trust Indenture Act. Subject to such provisions, the Trustee will be under no obligation to exercise any of the powers vested in it by the indenture at the request of any holder of debt securities, unless offered indemnity by such holder reasonably satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred thereby. The Trustee will not be required to expend or risk its own funds or otherwise incur financial liability in the performance of its duties if the Trustee reasonably believes that repayment or adequate indemnity is not reasonably assured to it.

The Trustee may resign at any time with respect to any series of debt securities by giving us written notice thereof. The Trustee may be removed at any time with respect to any series of debt securities by the holders of a majority in aggregate principal amount of the Outstanding debt securities of that series, delivered to the Trustee and to us. No resignation or removal of the Trustee and no appointment of a successor trustee will become effective until the acceptance of appointment by a successor trustee in accordance with the requirements of the indenture. So long as no Event of Default or event which, after notice or lapse of time, or both, would become an Event of Default has occurred and is continuing, if we have delivered to the Trustee a resolution of our board of directors appointing a successor trustee and such successor has accepted such appointment in accordance with the terms of the indenture, the Trustee will be deemed to have resigned and the successor will be deemed to have been appointed as trustee in accordance with the indenture.

Edgar Filing: ITC Holdings Corp. - Form S-3ASR

We will give notice of each resignation and each removal of the Trustee with respect to the debt securities of any series and each appointment of a successor Trustee with respect to the debt securities of any series by mailing written notice of such event by first-class mail, postage prepaid, to the holders of debt securities of that series as their names and addresses appear in the Security Register. Each notice shall include the name of the successor Trustee with respect to the debt securities of such series and the address of its Corporate Trust Office.

Concerning the Trustee

Wells Fargo Bank, National Association is the Trustee under the indenture.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an event of default with respect to the debt securities of any series will be any of the following:

Table of Contents

- (a) our default in the payment of any principal (or premium, if any) of any debt security of that series when due and payable, whether at its maturity or otherwise;

- (b) our default in the payment of any interest upon any debt security of that series when it becomes due and payable, and the continuance of such default for a period of 30 consecutive days;

- (c) our default in the deposit of any sinking fund payment, when and as due by the terms of any debt security of that series;

- (d) our default in the performance, or breach, of any of our covenants in the indenture (other than certain covenants) and our continuance of such default in the performance or breach of any covenants in the indenture for a period of 60 consecutive days after due notice;

- (e) certain events of our bankruptcy, insolvency or reorganization; and

- (f) any other Event of Default provided with respect to any debt securities of that series.

The indenture provides that if an Event of Default (other than certain bankruptcy Events of Default) with respect to debt securities of any series at the time Outstanding occurs and is continuing, either the Trustee or the holders of not less than 25% in aggregate principal amount of the Outstanding debt securities of that series may, by notice as provided in the indenture, declare the aggregate principal amount of all debt securities of that series to be due and payable immediately, by a notice in writing to us (and to the Trustee if given by holders). Upon the occurrence of certain bankruptcy Events of Default, such principal and interest shall become immediately payable without any such declaration. Upon certain conditions, however, the holders of a majority in aggregate principal amount of the Outstanding debt securities of that series, by written notice to us and the Trustee, may rescind and annul such declaration and its consequences.

The indenture provides that the Trustee will, within 90 days after the Trustee has received written notice of a default with respect to debt securities of any series at the time Outstanding, give to the holders of the Outstanding debt securities of such series, notice of such default known to it if uncured or not waived, provided that, except in the case of default in the payment of principal of (or premium, if any) or interest on any such debt securities, the Trustee will be protected in the withholding of such notice if the Trustee in good faith determines that the withholding of such notice is in the interest of the Holders of the Outstanding debt securities of such series; and, provided further, that such notice shall not be given until 30 days after the occurrence of a default specified in clause (d) under Events of Default. The term default for the purpose of this provision only means any event that is, or after notice or lapse of time or both would become, an Event of Default.

Edgar Filing: ITC Holdings Corp. - Form S-3ASR

The holders of a majority in aggregate principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the debt securities of such series; provided that (a) the Trustee will have the right to decline to follow any such direction if the Trustee, being advised by counsel, determines that the action so directed may not lawfully be taken or would conflict with the indenture; and (b) the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

The indenture includes a covenant that we will file at least annually with the Trustee a certificate of no default, or specifying any default that exists.

Discharge; Defeasance

The indenture provides that we, at our option (to the extent provided):

- will be discharged from our obligations with respect to the debt securities (except for certain obligations, including registering the transfer or exchange of the debt securities, replacing stolen, lost or mutilated debt securities, maintaining paying agencies and holding monies for payment in trust); or

Table of Contents

- need not comply with certain restrictive covenants of the indenture (and the occurrence of certain Events of Default with respect to such restrictive covenants),

if we irrevocably deposit with the Trustee (and in the case of a defeasance, 91 days after such deposit), in trust, money, or U.S. Government Obligations, or a combination thereof, which through the scheduled payment of interest thereon and principal thereof in accordance with their terms will provide money in an amount sufficient to pay all the principal of and interest on the debt securities on the date such payments are due in accordance with the terms of the debt securities to their stated maturities or the applicable redemption dates as specified in the applicable prospectus supplement, as the case may be, and any mandatory sinking fund payments applicable to the debt securities on the day on which such payments are due and payable in accordance with the indenture and such debt securities. To exercise any such option, we are required to meet certain conditions, including delivering to the Trustee an opinion of counsel to the effect that, subject to customary assumptions and exclusions, the deposit and related defeasance would not cause the Holders of the debt securities to recognize income, gain or loss for federal income tax purposes as a result of such deposit and defeasance, and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit and defeasance were not to occur (which opinion, in the event of legal defeasance, shall state that (1) we have received from, or there has been published by, the Internal Revenue Service a ruling or (2) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case, to such effect).

Modification of the Indenture

The indenture permits us and the Trustee to execute supplemental indentures that add, clarify, change or eliminate provisions of the indenture or modify the rights of the holders of Outstanding debt securities. We may execute a supplemental indenture without the consent of the holders of the debt securities in some cases and in others with the consent of the holders of at least a majority in aggregate principal amount of Outstanding debt securities of all series of debt securities affected by the supplemental indenture (voting together as a class). No such supplemental indenture, however, may, without the consent of the holder of each Outstanding debt security of each series affected thereby:

- change the stated maturity of any debt security;
- reduce the principal amount of, the rate of interest on or any premium payable upon redemption of, any debt security;
- change the place or currency of payment on any debt security;
- impair the right to institute suit for the enforcement of any payment on or after the maturity or stated maturity of any debt security;

- reduce the stated percentage of Outstanding debt securities necessary to modify or amend the indenture or related documents; or

- reduce the percentage of aggregate principal amount of Outstanding debt securities necessary to waive compliance with certain provisions of the indenture or modify certain provisions related to waiver of covenants and defaults.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment under the indenture becomes effective, we are required to mail to the holders a notice briefly describing such amendment. However, the failure to give such notice to all the holders, or any defect therein, will not impair or affect the validity of the amendment.

Outstanding Debt Securities

The indenture provides that debt securities of any series that we or any of our affiliates own shall not be deemed to be Outstanding when determining whether the holders of the requisite principal amount of Outstanding debt securities have given any request, demand, authorization, direction, notice, consent or waiver under the indenture.

Table of Contents

- the successor is a Person organized and validly existing under the laws of the United States, any state thereof or the District of Columbia;

- immediately after giving effect to the transaction, no Event of Default, and no event which, after notice or lapse of time, or both, would become an Event of Default, shall have occurred and be continuing;
- as a result of any such transaction, our assets would become subject to a Lien not permitted by the indenture, the debt securities are secured equally and ratably with (or prior to) all indebtedness secured thereby; and
- we have delivered to the Trustee an Officers Certificate and an Opinion of Counsel each stating that such consolidation, merger, conveyance, transfer, sale or lease and such supplemental indenture comply with the indenture and that all conditions precedent therein provided for relating to such transaction have been complied with.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the law of the State of New York.

Book-Entry Securities

The Depository Trust Company, or DTC, which we refer to along with its successors in this capacity as the depository, will act as securities depository for the debt securities. The debt securities will be represented by one or more global debt securities in fully registered form without coupons (the Global Securities) that will be deposited with and registered in the name of DTC or its nominee. Beneficial interests in the Global Securities will be exchanged for debt securities in certificated form only under the limited circumstances described under Certificated Securities. Each Global Security will be issued to DTC, which will keep a computerized record of its participants whose clients have purchased the Global Securities. Each participant will then keep a record of its own clients. Unless it is exchanged in whole or in part for a certificated security, a Global Security may not be transferred. DTC, its nominees and their successors may, however, transfer a Global Security as a whole to one another, and these transfers are required to be recorded on our records or on a register to be maintained by the Trustee.

Beneficial interests in a Global Security will be shown on, and transfers of beneficial interests in a Global Security will be made through, records maintained by DTC and its participants including through accounts maintained at Clearstream Banking, *société anonyme*, Luxembourg, commonly known as Clearstream, or the Euroclear System, commonly known as Euroclear. In this case, links will be established among DTC, Clearstream and Euroclear to facilitate the issuance of the Global Securities and cross-market transfers of the Global Securities associated with secondary market trading. DTC is linked indirectly to Clearstream and Euroclear through the depository accounts of their respective U.S. depositories.

Edgar Filing: ITC Holdings Corp. - Form S-3ASR

Portions of the following information concerning DTC and DTC's book-entry only system, have been obtained from sources, including DTC, that we believe to be reliable. We make no representation as to the accuracy of such information.

DTC advises that it is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments that DTC's participants (Direct Participants) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions, including transfers and pledges, in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation,

all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (Indirect Participants). The DTC Rules applicable to its Participants are on file with the SEC.

Purchases of global securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the global securities on DTC's records. The ownership interest of each actual purchaser of each security (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the global securities except in the event that use of the book-entry system for the global securities is discontinued.

To facilitate subsequent transfers, all global securities deposited by Direct Participants with DTC will be registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of global securities with DTC and their registration in the name of Cede & Co. or such other nominee will effect no change in beneficial ownership. DTC will have no knowledge of the actual Beneficial Owners of the global securities; DTC's records will reflect only the identity of the Direct Participants to whose accounts such securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners may wish to take certain steps to augment transmission to them of notices of significant events with respect to the global securities, such as redemptions, tenders, defaults and proposed amendments to the indenture. Beneficial Owners may wish to ascertain that the nominee holding the global securities for their benefit has agreed to obtain and transmit notices to the Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Any redemption notices will be sent to DTC. If less than all of a series of global securities are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to debt securities unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to us as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the debt securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments, distributions and dividend payments, and redemption proceeds, if any, on the global securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the trustee or agent on the payment date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in

Edgar Filing: ITC Holdings Corp. - Form S-3ASR

street-name, and will be the responsibility of such Participants and not of DTC, the trustee or agent for such debt securities or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, interest, distributions and dividend payments and redemption proceeds, if any, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the appropriate trustee or agent and us, disbursement of such

payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the debt securities at any time by giving reasonable notice to us or the trustee. Under such circumstances, in the event that a successor securities depository is not obtained, certificates representing the debt securities are required to be printed and delivered. See [Certificated Securities](#).

We may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository), subject to the procedures of DTC. In that event, certificates representing the debt securities will be printed and delivered to DTC.

The underwriters, dealers or agents of any of the debt securities may be Direct Participants of DTC.

Clearstream

Clearstream has advised that it is incorporated under the laws of Luxembourg and licensed as a bank and professional depository. Clearstream holds securities for its participating organizations, known as Clearstream participants, and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in the accounts of Clearstream participants, eliminating the need for physical movement of certificates. Clearstream provides to Clearstream participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (*Commission de Surveillance du Secteur Financier*). Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream participant either directly or indirectly. Distributions with respect to Global Securities held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Euroclear

Euroclear has advised that it was created in 1968 to hold securities for its participants, known as Euroclear participants, and to clear and settle transactions between Euroclear participants and between Euroclear participants and participants of certain other securities intermediaries through simultaneous electronic book-entry delivery against payment, eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear is owned by Euroclear Clearance System Public Limited Company and is operated through a license agreement by Euroclear Bank S.A./N.V., known as the Euroclear operator. All operations are conducted by the Euroclear operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear operator. The Euroclear operator provides Euroclear participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and

borrowing and related services. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters.

Indirect access to Euroclear is also available to others that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly. The Euroclear operator is regulated and examined by the Belgian Banking and Finance Commission.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, collectively referred to as the terms and conditions. The terms and conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the

Table of Contents

terms and conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding through Euroclear participants.

Distributions with respect to Global Securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the terms and conditions, to the extent received by the U.S. depository for Euroclear.

Global Clearance and Settlement Procedures

Initial settlement for the Global Securities will be made in same-day funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC's rules and will be settled in same-day funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream participants and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in same-day funds.

Cross-market transfers between persons holding directly or indirectly through DTC participants, on the one hand, and directly or indirectly through Clearstream or Euroclear participants, on the other, will be effected in DTC in accordance with DTC's rules on behalf of the European international clearing system by its U.S. depository; however, these cross-market transactions will require delivery of instructions to the European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). The European international clearing system will, if a transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving Global Securities in DTC, and making or receiving payment in accordance with normal procedures for settlement in DTC. Clearstream participants and Euroclear participants may not deliver instructions directly to their respective U.S. depository.

Because of time-zone differences, credits of Global Securities received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. The credits or any transactions in the Global Securities settled during this processing will be reported to the Clearstream or Euroclear participants on the same business day. Cash received in Clearstream or Euroclear as a result of sales of the Global Securities by or through a Clearstream participant or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear are expected to follow these procedures in order to facilitate transfers of the Global Securities among participants of DTC, Clearstream and Euroclear, they will be under no obligation to perform or continue to perform these procedures and these procedures may be changed or discontinued at any time.

Certificated Securities

Edgar Filing: ITC Holdings Corp. - Form S-3ASR

If DTC is at any time unwilling or unable to continue as depository and we do not appoint a successor depository within 90 days, and after the occurrence and during the continuance of an Event of Default, owners of beneficial interest in a Global Security with a principal amount aggregating not less than a majority of the outstanding principal amount of the Global Security advise the Trustee, the Company and DTC through agent members in writing that the continuation of a book-entry system is no longer in their best interests, then we will issue certificated debt securities in fully registered form (Certificated Securities) in exchange for the Global Securities representing the debt securities. In addition, we may at any time and in our sole discretion determine not to have any debt securities in registered form represented by one or more Global Securities and, in such event, will issue Certificated Securities in exchange for the Global Securities representing the debt securities. In any such instance, an owner of a beneficial interest in the Global Securities will be entitled to physical delivery of Certificated Securities represented by the Global Securities equal in principal amount to such beneficial interest and to have such Certificated Securities registered in its name.

Table of Contents

Neither we nor the Trustee will be liable for any delay by the Global Security holder or DTC in identifying the beneficial owners of the debt securities and we, the Trustee, any Paying Agent and the Registrar of the debt securities may conclusively rely on, and will be protected in relying on, instructions from the Global Security holder or DTC for all purposes.

PLAN OF DISTRIBUTION

We may sell securities from time to time in any of the following ways:

- through underwriters or dealers;
- directly to a limited number of purchasers or to a single purchaser; or
- through agents.

The prospectus supplement will set forth the terms of the offering of such securities, including:

- the name or names of any underwriters, dealers or agents and the amounts of such securities underwritten or purchased by each of them; and
- the public offering price of the securities and the proceeds to us and any discounts, commissions or concessions allowed or reallocated or paid to dealers.

Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

We may affect the distribution of the securities from time to time in one or more transactions either:

- at a fixed price or at prices that may be changed;
- at market prices prevailing at the time of the sale;

- at prices relating to such prevailing market prices;
- at varying prices determined at the time of sale; or
- at negotiated prices.

Transactions through dealers may include block trades in which dealers will attempt to sell the securities as agent but may position and resell the block as principal to facilitate the transaction. The securities may be sold through dealers or agents or to dealers acting as market makers.

If underwriters are used in the sale of any securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Generally, the underwriters' obligations to purchase the securities will be subject to certain conditions precedent. The underwriters will be obligated to purchase all of the securities if they purchase any of the securities (other than any securities purchased upon exercise of any over-allotment option, if any).

We may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of the securities and any commissions paid to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment. Any underwriters, broker-dealers and agents that participate in the distribution of the securities may be deemed to be underwriters as defined in Section 2(a)(11) of the Securities Act. Any commissions paid or any discounts, commissions or concessions allowed to any such persons, and any profits they receive on resale of the securities, may be deemed to be underwriting discounts and commissions under the Securities Act. We will identify any underwriters or agents and describe their compensation in the applicable prospectus supplement.

The securities may be sold on any national securities exchange on which the securities may be listed at the time of sale, in the over-the-counter market or in transactions other than on such exchanges or in the over-the-counter market or in transactions that include special offerings and exchange distributions pursuant to and in accordance with the rules of such exchanges.

Table of Contents

Underwriters or agents may purchase and sell the securities in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of securities than they are required to purchase in the offering. The underwriters must close out any short position by purchasing notes in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the securities in the open market after pricing that could adversely affect investors who purchase in the offering. Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the securities or preventing or retarding a decline in the market price of the securities. As a result of these activities, the price of the securities may be higher than the price that might otherwise exist in the open market. These activities, if begun, may be discontinued at any time.

Agents and underwriters may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents or underwriters may be required to make in respect thereof. Agents and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business. The specific terms of the lock-up provisions in respect of any given offering will be described in the prospectus supplement.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution.

The actual and estimated expenses in connection with offerings under this registration statement, all of which will be borne by ITC Holdings Corp., a Michigan corporation (the Registrant), are as follows:

Commission registration fee	(1)
FINRA filing fee	(2)
Printing and engraving expenses	(2)
Legal fees	(2)
Accounting fees	(2)
Trustee's Fees	(2)
Miscellaneous	(2)
Total	(2)

(1) Deferred in reliance on Rule 456(b) and Rule 457(r).

(2) The amount of these expenses is not presently known and will be reflected in the applicable prospectus supplement.

Item 15. Indemnification of Directors and Officers

As permitted by the Michigan Business Corporation Act, or MBCA, the Amended and Restated Articles of Incorporation of the Registrant generally limit the personal liability of its directors to the Registrant and its shareholders for breach of their fiduciary duty. The Articles of Incorporation, however, do not eliminate or limit the liability of a director for any of the following: (1) the amount of a financial benefit received by a director to which he or she is not entitled; (2) intentional infliction of harm on the Registrant or its shareholders; (3) a violation of the MBCA provision relating to unlawful distributions or loans; and (4) an intentional criminal act.

Sections 561 through 571 of the MBCA authorize indemnification of directors and officers of Michigan corporations. The Registrant's Articles of Incorporation and bylaws require the Registrant to indemnify directors and officers to the fullest extent permitted by the MBCA. Specifically, the Registrant's bylaws require it to indemnify directors and officers against expenses (including actual and reasonable attorneys' fees), judgments (other than in an action by or in the right of the Registrant), penalties, fines and amounts paid in settlement actually and reasonably incurred in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative, or investigative and whether formal or informal, including any appeal, brought against a director or officer by reason of the fact that the person is or was a director or officer of the Registrant or, while serving as a director or officer, is or was serving at the request of the Registrant as a director, officer, member,

Edgar Filing: ITC Holdings Corp. - Form S-3ASR

partner, trustee, employee, fiduciary or agent of another enterprise to the maximum extent permitted by, and in accordance with the procedures and requirements specified in, the MBCA. The bylaws further require the Registrant to indemnify officers and directors whose defense on the merits or otherwise has been successful.

Although the Registrant's bylaws require indemnification in the situations described above, each request by an officer or director for indemnification (except where the officer's or director's defense has been successful) must be individually authorized upon a determination that indemnification is proper in the circumstances because the person has met the applicable standard of conduct provided in the MBCA. The determination may be made in any one of the following ways: (1) by a majority of a quorum of the board consisting of directors who are not parties or threatened to be made parties to the action, suit or proceeding; (2) if the quorum in (1) is not obtainable, then by majority vote of a committee of at least two directors who are not at the time parties or threatened to be made parties to the action, suit or proceeding; (3) by independent legal counsel in a written opinion; (4) the Registrant's shareholders, other than directors, officers, employees or agents who are parties or threatened to be made parties to the action, suit or proceeding; or (5) by all directors meeting the MBCA definition of independent director who are not parties or threatened to be made parties to the action, suit or proceeding. However, because the Registrant's Articles of Incorporation contain a provision limiting monetary liability of directors, the Registrant may indemnify a director without a determination that the applicable standard of conduct has been met unless the director received a

Table of Contents

financial benefit to which he or she was not entitled, intentionally inflicted harm on the Registrant or its shareholders, violated the MBCA provision relating to unlawful distributions or loans or intentionally violated criminal law. The authorization of payment may be made in any one of the following ways: (1) if there are two or more directors who are not parties or threatened to be made parties to the action, suit or proceeding, by a majority of all such directors or by majority vote of a committee of at least two such directors; (2) by a majority vote of any directors of the Registrant meeting the MBCA definition of independent director who are not parties or threatened to be made parties to the action, suit or proceeding; (3) if there are no independent directors and fewer than two directors who are not parties or threatened to be made parties to the action, suit or proceeding, by majority vote of the board; or (4) the Registrant's shareholders, other than directors, officers, employees or agents who are parties or threatened to be made parties to the action, suit or proceeding. The bylaws also provide that indemnification is a contractual right between the Registrant and the officer or director, who may not be adversely affected by a repeal of the indemnification provisions of the Registrant's bylaws.

Section 567 of the MBCA and the Registrant's bylaws authorize the Registrant to purchase and maintain insurance from a third party insurer on behalf of a person who is or was a director, officer, employee or agent of the Registrant or who is or was serving at the request of the Registrant as a director, officer, partner, trustee, employee or agent of another enterprise, whether or not the Registrant would have the power to indemnify him or her under the bylaws or the laws of the State of Michigan. The Registrant maintains directors' and officers' insurance policies. The policies insure directors and officers against unindemnified losses from certain wrongful acts in their capacities as directors and officers of the Registrant, or in a similar capacity for another entity at the request of the Registrant, and insure the Registrant for those losses for which it has lawfully indemnified the directors and officers and losses arising from certain claims against the Registrant.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to officers and directors pursuant to the foregoing provisions, the Registrant has been informed that, in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Item 16. Exhibits.

See Index to Exhibits.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in this registration statement;

Provided, however, that paragraphs (i), (ii) and (iii) of this section do not apply if this registration statement is on Form S-3 or Form F-3 and the information required to be included in the post-effective

Table of Contents

amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of this registration statement as of the date the filed prospectus was deemed part of and included in this registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in this registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in this registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of this registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of this registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in this registration statement or prospectus that was part of this registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of securities:

Edgar Filing: ITC Holdings Corp. - Form S-3ASR

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

Table of Contents

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
