**Item 5.02** **Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

**(d) Election of Directors**

On July 11, 2016, the Board of Directors (the "Board") of Boston Scientific Corporation (the "Company"), upon the recommendation of the Nominating and Governance Committee, increased the number of directors comprising the Board from ten to eleven and appointed Yoshiaki Fujimori to be a director of the Company, filling the vacancy, to hold office until the next annual meeting of stockholders, in each case, effective July 13, 2016. Additionally, the Board appointed Mr. Fujimori to serve as a member of the Nominating and Governance Committee and the Finance Committee, also effective July 13, 2016.

Under the Company's non-employee director compensation program (the "Program"), Mr. Fujimori will receive standard non-employee director compensation, prorated for the time period from the effective date of his appointment to the date of the Company's 2017 annual meeting of stockholders (the "2017 Annual Meeting"), which includes (i) a cash retainer of \$73,019 (representing the prorated amount of the Program's annual cash retainer of \$90,000) and (ii) an equity award valued at \$150,094 (representing the prorated amount of the Program's annual grant of equity having a value of \$185,000) vesting at the end of his term. The actual number of shares to be granted to Mr. Fujimori will be determined on the date of grant, August 1, 2016, which is the first business day of the month following the month in which he will be appointed.

In connection with his appointment to the Board, the Company intends to enter into an indemnification agreement with Mr. Fujimori in substantially the same form as the Company has entered into with each of the Company's existing directors and as previously filed with the Securities and Exchange Commission.

A copy of our press release announcing the appointment of Mr. Fujimori is filed herewith as Exhibit 99.1 and is incorporated herein by reference.
