**Explanatory Note**

On June 29, 2018, Lannett Company, Inc. (the Company) filed a Current Report on Form 8-K (the Original 8-K) with the Securities and Exchange Commission reporting that the Company was undertaking a restructuring plan with respect to its wholly-owned subsidiary Cody Laboratories, Inc. in order to streamline operations, improve efficiencies and reduce its cost structure. The Company also reported in the Original 8-K that it was undertaking an analysis with respect to the facility, equipment and other plant-related assets currently utilized by Cody Laboratories, Inc. to determine any potential impairment of such assets. At the time the Original 8-K was filed, the Company was not able in good faith to determine whether there was an impairment or to estimate any amount or range of amounts if there was any impairment. The Company is filing this Amendment No. 1 to amend the Original 8-K to report that there will be an impairment charge with respect to the restructuring plan for Cody Laboratories, Inc. and that there will also be an impairment charge with respect to other corporate initiatives. The disclosure included in the Original 8-K otherwise remains unchanged.

**Item 2.06 Material Impairments**

On August 2, 2018, the Company concluded that it expects to report an impairment charge of approximately \$21.5 million relating to the facility, equipment and other plant-related assets primarily associated to the expansion project at Cody Laboratories, Inc. and an impairment charge of approximately \$3.5 million resulting from the consolidation of the Company's manufacturing activities with respect to plant-related assets located at the Company's Townsend Road facility. The charges will be reported in the Company's results of operations for the three months and year ended June 30, 2018. These non-cash impairment charges are in addition to the restructuring costs referenced in Item 2.05 in the Original 8-K.
