Item 1.01 Entry into a Material Definitive Agreement.

Underwriting Agreement

On March 26, 2019, NGL Energy Partners LP (the Partnership) entered into an underwriting agreement (the Underwriting Agreement) with RBC Capital Markets, LLC, Morgan Stanley & Co. LLC and UBS Securities LLC, as representatives of the several underwriters named therein (collectively, the Underwriters), pertaining to an underwritten public offering (the Class C Preferred Unit Offering) of 9.625% Class C Fixed-to-Floating Rate Cumulative Redeemable Perpetual Preferred Units, representing limited partner interests in the Partnership (Class C Preferred Units). Pursuant to the Underwriting Agreement, the Partnership agreed to sell 1,600,000 9.625% Class C Preferred Units (the Firm Units) at a price to the public of \$25.00 per Class C Preferred Unit. Closing of the issuance and sale of the Firm Units is scheduled for April 2, 2019. Pursuant to the Underwriting Agreement, the Partnership granted the Underwriters a 30-day option to purchase up to an additional 240,000 Class C Preferred Units at the same price and on the same terms and conditions as the Firm Units. The initial distribution rate for the Class C Preferred Units from and including the date of original issue to, but not including April 15, 2024, will be 9.625% per annum of the \$25.00 liquidation preference per unit (equal to \$2.40625 per unit per annum). On and after April 15, 2024, distributions on the Class C Preferred Units will accumulate at a percentage of the \$25.00 liquidation preference equal to the applicable three-month LIBOR plus a spread of 738.4 basis points. The Partnership will receive net proceeds from the offering of approximately \$38,240,000 million, after deducting the Underwriters' discount and estimated offering expenses payable by the Partnership, assuming the Underwriters do not exercise their option to purchase any additional Class C Preferred Units. The Partnership expects to use the net proceeds of the Class C Preferred Unit Offering to repay indebtedness under its Amended and Restated Credit Agreement, dated as of February 14, 2017, by and among the Partnership, NGL Energy Operating LLC, as borrowers' agent, the subsidiary borrowers party thereto, the subsidiary guarantors party thereto, the lenders party thereto, Deutsche Bank AG, New York Branch, as technical agent, and Deutsche Bank Trust Company Americas, as administrative agent and as collateral agent (as amended, the Credit Agreement), which it may re-borrow from time to time for general partnership purposes, including to redeem or repurchase all or a portion of its outstanding 10.75% Class A Convertible Preferred Units (the Class A Preferred Units). The Partnership has agreed to redeem approximately \$90 million of the Class A Preferred Units with the net proceeds from the Class C Preferred Unit Offering and borrowings available under the Credit Agreement for a total redemption cost of \$100 million.

The Class C Preferred Unit Offering has been registered under the Securities Act of 1933, as amended (the Securities Act), pursuant to an effective registration statement on Form S-3 (Registration No. 333-216079) of the Partnership, as amended by Post-Effective Amendment No. 1 thereto, and the prospectus supplement dated March 26, 2019, filed with the United States Securities and Exchange Commission pursuant to Rule 424(b) under the Securities Act.

The Underwriting Agreement contains customary representations, warranties and agreements by the Partnership, and customary termination provisions, and it provides that the obligations of the Underwriters to purchase the Class C Preferred Units are subject to customary closing conditions. The Underwriting Agreement also includes customary indemnification provisions pursuant to which the Partnership has agreed to indemnify the Underwriters against certain liabilities and expenses, including liabilities under the Securities Act, or to contribute to payments the Underwriters may be required to make because of any of the those liabilities.

("Highstar"). Pursuant to the Agreement, the Class A Preferred Unitholders agreed to waive their preemptive rights held with respect to the Class C Preferred Unit Offering. Additionally, the Partnership agreed to redeem the maximum amount of Class A Preferred Units that may be redeemed with an amount equal to the sum of net proceeds from the Class C Preferred Unit Offering and borrowings available for that purpose under the Credit Agreement (the "Available Redemption Funds"). Further, pursuant to the Agreement, the Class A Preferred Unitholders have consented to amendments to the Fourth Amended and Restated Agreement of Limited Partnership of the Partnership (the "Partnership Agreement") as are necessary to provide for: (i) a decrease in the amount of the redemption premium that would be payable to the holders of Class A Preferred Units upon a redemption of Class A Preferred Units occurring after on or after April 1,

Pursuant to the Agreement, each of (i) the Registration Rights Agreement, dated as of May 11, 2016, by and among the Partnership, the Class A Preferred Holders and Highstar, (ii) the Amended and Restated Board Representation and Observation Rights Agreement, dated as of June 24, 2016, entered into by and among NGL Energy Holdings LLC, the Partnership, the Class A Preferred Unitholders and Highstar, as amended, and (iii) the 2016 Warrants issued by the Partnership, has been amended to preserve certain rights of the Class A Preferred Unitholders in the event of a partial redemption of the Class A Preferred Units.

The Agreement will terminate and be null and void *ab initio* in its entirety in the event that the first closing of the Class C Preferred Unit Offering does not occur on or prior to April 20, 2019.
