Independent Accountant's Review Report

I have reviewed the accompanying balance sheets of 800America .com, Inc., as of March 31, 2001 and December 31, 2000 and the related statements of income, retained earnings, and cash flows for the three months ended March 31, 2001 and March 31, 2000, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountant. All information included in these financial statements is the representation of the management of 800America . com, Inc.

A review consist principally of inquiries of company personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

Sincerely,

/s/ Jack F. Burke, Jr.

Item 2. Management's Discussion and Analysis or Plan of Operation.

General

The Company owns and operates international e-commerce and technology businesses. The Company's primary business is to bring buyers and sellers together in an efficient and easy format and generate fees based on transactions. 800America's unique approach to customer acquisition and retention

Edgar Filing: 800AMERICA COM INC - Form 10QSB

has provided it a strong following of loyal Internet users. The Company is an innovator in developing proprietary technologies needed for easy navigation and convenience for business-to-business-and business-to-consumer environments. The Company's technologies coupled with its unique customer approach continue to strengthen relationships with its customers. These technologies are providing the foundation needed to scale and grow the e-commerce businesses profitably across geographic regions and multiple product lines.

800America has three primary operating units. The 800America Network, Rothman Closeouts, and Fileshooter.

800Amerca is the home of many Internet shoppers. 800America offers shoppers a convenient way to navigate easily among hundreds of stores. The portal offers incentives to visit continuously the site through promotions and giveaways. The Company funds TV advertising in over 50 cities around the world.

Rothman Closeouts is believed by the Company to be the largest business-to-business marketplace for branded surplus merchandise and the leading site for manufacturers, wholesalers and retailers to sell or buy surplus inventories around the world. The Company believes that Rothman Closeouts has become the number one closeout web site on the fifteen major search engines around the world.

The Company acquired 51% of the software company Fileshooter, Inc., which owns the software called File Shooter. File Shooter is one of the world's best messaging transmission programs. It also can transmit files of any size, with private and secure chat rooms all in one. The technology is unique in that the sender will send a message, file, picture, graphic and music to the recipient by bypassing the intervention of a service provider. File Shooter is a TRUE PEER-to-PEER communication tool. The Company intends to market the product worldwide starting in the latter part of the second quarter.

Recent Developments

In February 2001, the Company acquired Ebiz4biz.com. Ebiz4biz.com offers a proprietary technology in Chinese and English that automates the consumer buying process. The technology provides the 800America.com's customers the ability to gather information. Ebiz4biz.com has offices in Ottawa(Canada) and Beijing(China) and is the infrastructure for international operations for Rothmancloseouts.com as well as other products and services of the Company.

During the quarter the Company also sold the following web sites: 21stAvenueProductions.com, Inde4u.com and Steeplehouse.com.

Results of Operations

Quarter Ended March 31, 2001 Compared to Quarter Ended March 31, 2000.

The Company had revenues of \$4,300,777 for the quarter ended March 31, 2001 compared to revenues of \$2,390,824 for the quarter ended March 31, 2000. Net income for the quarter ended March 31, 2001 was \$1,855,400 compared to net income of \$279,182 for the quarter ended March 31, 2000. Total operating expenses for the quarter ended March 31, 2001 were \$1,434,091 resulting in operating income for the quarter of \$2,866,686. This compares to total operating expenses of \$1,925,797 for the quarter ended March 31, 2000, resulting in operating income of \$465,027. The Company has instituted a policy of not paying rebates as of January 1, 2001 and hence represented none of the total operating expenses. This compared to customer rebates of \$1,303,969 for the quarter ended March 31, 2000 that represented approximately 68% of total operating expenses.

Edgar Filing: 800AMERICA COM INC - Form 10QSB

Management expects that general and administrative expenses will increase with the hiring of additional personnel and the further development of the Company's web sites. Because of the Company's limited operating history with its various web sites, management cannot predict, based upon past performance, whether the above listed cost and expense categories are relatively stable or subject to a substantial degree of volatility.

Liquidity And Capital Resources

Net cash provided by operating activities was \$1,700,024 for the quarter ended March 31, 2001 compared to net cash provided by operating activities of \$362,596 for the quarter ended March 31, 2000. Net cash used in investing activities was \$588,635 for the quarter ended March 31, 2001 compared to \$543,407 for the quarter ended March 31, 2000. There was no cash provided by financing activity for the quarter ended March 31, 2001 compared to net cash provided by financing activities of \$250,000 for the quarter ended March 31, 2000.

The Company's cash and cash equivalents as of March 31, 2001 were \$3,229,135. At March 31, 2001, the Company had current assets of \$5,268,489 and current liabilities of \$1,179,947, resulting in working capital at March 31, 2001 (current assets less current liabilities) of \$4,088,542.

The Company believes that its current capital resources and liquidity are adequate for at least the next twelve months. Other than costs in connection with the further development of its web sites, the Company does not have any plans for significant capital or operating expenditures above its current level unless it determines to develop additional web sites that could result in additional development costs.
