MIND CTI Announces Improved Cash Liquidity

Steps Towards Dividend Distribution

Yoqneam, Israel, December 6, 2006 - MIND CTI Ltd. (NasdaqNM:MNDO), a leading provider of convergent end-to-end billing and customer care product based solutions for tier 2 and tier 3 carriers worldwide, today announced that on November 20, 2006 all of the Company's funds became liquid and are now invested in risk-free bank deposits and AAA bonds.

In June 2006, we announced a change in our cash management policy and that we have withdrawn two deposits of \$10 M each and converted them into highly liquid bank deposits. The remaining \$10 million deposit was placed in November 2004, for a period of up to ten-years, callable by the bank every six months, with interest dependant on LIBOR daily values. Due to the increase in the six-month LIBOR, since May 20, 2005 this deposit has not earned any interest. On November 20, 2006 the last \$10 million deposit was called and no financial expense was incurred. In accordance with our existing cash management policy all of our funds are invested in risk-free bank deposits and AAA bonds bearing interest.

"We intend to increase our marketing and sales activities in 2007, as we see more opportunities in the Americas and Europe. Our strong cash position and our positive operating cash flow enable us to increase the investment required to support the long-term expected internal growth. At the same time we believe that our dividend policy enhances shareholders value," stated Monica Eisinger, Chairperson and CEO.

In July 2003, the Board of Directors had adopted our dividend policy. We have since distributed cash dividends four times and we intend to continue to distribute dividends based on factors that include our cash position and our activities.

On October 30, 2006 the Board of Directors resolved that the Company should seek the court approval formally required in order to enable a distribution for the year 2006, in an amount similar to previous years. Under Israeli law, a company with insufficient retained earnings is required to obtain approval from the court for such a distribution in order to ensure that the Company's creditors are not harmed by the action. The Company filed an application to approve future distributions of up to \$ 8 million and we expect to obtain such court approval within six to eight weeks, although there is no guarantee that such approval will not be delayed or denied. Prior to paying any dividend, which is still subject to specific Board approval, the Company will issue a press release announcing the exact dividend amount, record date and distribution date.
