Quorum Requirements

In order to constitute a quorum for the conduct of business at the Annual Meeting, a majority of the issued and outstanding shares of the Common Stock entitled to vote at the Annual Meeting must be represented, either in person or by proxy, at the Annual Meeting. Under Delaware law, shares represented by proxies that reflect abstentions or broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Required Vote

For purposes of the election of directors, election of the Class III director nominees will require the affirmative approval of a majority of the votes cast with respect to each director's election. A majority of votes cast with respect to a director's election meant that the number of votes cast "FOR" a director's election exceeds the number of votes cast "AGAINST" that director's election, with abstentions and broker non-votes not counted as a vote cast either "FOR" or "AGAINST" that director's election. Approval of Proposal 2, 3, 4 and 5 will require the affirmative vote of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote. In determining whether Proposals 2, 3, 4 and 5 have received the requisite number of affirmative votes, abstentions will be counted as shares entitled to vote and will have the same effect as votes against the proposals. Broker non-votes, however, will be treated as not entitled to vote for purposes of determining approval of Proposals 2, 3, 4 and 5 and will not be counted as votes for or against Proposal 2, 3, 4 and 5. A "broker non-vote" occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Unless instructed to the contrary, the shares represented by proxies will be voted FOR the election of the Class III director nominees. Properly executed, unrevoked proxies will be voted FOR Proposals 2, 3, 4 and 5 unless a vote against such proposals or abstention is specifically indicated in the proxy. The election of Mr. Barry R. Port as a director in Proposal 1 is contingent on the affirmative approval of Proposal 2 increasing the number of directors to eight from seven. If the requisite vote for Proposal 2 is not approved, Mr. Port's nomination will be void. Mr. Daniels and Dr. Blouin's election are not subject to the approval of any other proposals in this Proxy Statement.

Additional Information Regarding the Internet Availability of Our Proxy Materials

We are pleased to take advantage of SEC rules that allow companies to furnish their proxy materials over the Internet. Accordingly, we sent to the majority of our stockholders an Internet Availability Notice regarding the Internet availability of the proxy materials for this year's annual meeting. Other stockholders were instead sent paper copies of the proxy materials accessible on the Internet. Instructions on how to access the proxy materials over the Internet or to request a paper copy can be found in the Internet Availability Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis by going to www.proxyvote.com and following the instructions. A stockholder's election to receive proxy materials by mail or e-mail will remain in effect until the stockholder terminates it.

Please note that you cannot vote your shares by filling out and returning the Internet Availability Notice. The Internet Availability Notice does, however, include instructions on how to vote your shares.

If your shares are registered directly in your name with our transfer agent, you are considered, with respect to those shares, the “stockholder of record.” In that case, either the Internet Availability Notice or the Notice of Annual Meeting, this proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 have been sent directly to you.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the “beneficial owner” of shares held in street name. In such case, either a notice similar to the Internet Availability Notice or the Notice of Annual Meeting, this proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 should have been provided (or otherwise made available) to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by following their instructions for voting.

PROPOSAL 1: ELECTION OF THREE DIRECTORS

OUR BOARD OF
DIRECTORS
UNANIMOUSLY
RECOMMENDS
THAT THE
STOCKHOLDERS
VOTE "FOR" THE
ELECTION OF
THE CLASS III
DIRECTOR
NOMINEES
LISTED BELOW.

General

Our amended and restated certificate of incorporation provides for a classified Board of Directors consisting of three classes of directors, each serving staggered three-year terms and each class as nearly equal in number as possible as determined by our Board of Directors. As a result, a portion of our Board of Directors will be elected each year. Mr. Lee A. Daniels has been designated a Class III director, and his term expires at this Annual Meeting. Our Board of Directors has nominated Dr. Ann S. Blouin and Mr. Barry R. Port for service on the Board of Directors to serve a three-year term as a class III director with a term that would expire in 2022. Messrs. Roy E. Christensen, Barry M. Smith and Dr. John G. Nackel have been designated Class I directors, and their term expires at the 2020 annual meeting of the stockholders. Messrs. Christopher R. Christensen and Daren J. Shaw have been designated Class II directors, and their term expires at the 2021 annual meeting of the stockholders.

The election of Mr. Barry R. Port as a director in Proposal 1 is contingent on the affirmative approval of Proposal 2 increasing the number of directors to eight from seven. If the requisite vote for Proposal 2 is not approved, Mr. Port's nomination will be void. Mr. Daniels and Dr. Blouin's election are not subject to the approval of any other proposals in this Proxy Statement.

On the recommendation of the nominating and corporate governance committee, our Board of Directors, including its independent directors, selected and approved Mr. Lee A. Daniels, Dr. Ann S. Blouin and Mr. Barry R. Port as nominees for election in Class III, the class being elected at the Annual Meeting, each to serve for a term of three years, expiring at the 2022 annual meeting of the stockholders or until his or her successor is duly appointed or elected and qualified or until his earlier resignation or removal. Mr. Barry R. Port will not qualify as an independent director.

Mr. Lee A. Daniels and Dr. Ann S, Blouin currently serve as members of our Board of Directors, and have agreed to serve if elected. Mr. Barry R. Port currently serves as Chief Operating Officer for Ensign Services, Inc. and has been appointed the Company's Chief Executive Officer effective the date of this Annual Meeting and has agreed to serve on the Board if elected. In the event the nominees named herein are unable to serve or decline to serve at the time of the Annual Meeting, the persons named in the enclosed proxy will exercise discretionary authority to vote for substitutes. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominees. This proxy cannot be voted for a greater number of persons than three.

Prior to forming Ensign, Mr. Christensen served as acting Chief Operating Officer of Covenant Care, Inc., a California-based provider of long-term care. Mr. Christensen has overseen our company and its growth since our inception in 1999. Mr. Christensen served on the Board of Directors of CareTrust REIT from June 2014 to April 2015. We believe that Mr. Christensen's important role in the history and management of our company and its affiliates and his leadership and business skills, support the conclusion that he should serve as one of our directors. Mr. Christensen is the son of our Chairman of the Board, Mr. Roy E. Christensen. On February 19, 2019, the Board appointed Mr. Christensen to serve as Chairman of the Board, effective as of the Annual Meeting.

Daren J. Shaw
Director
Age: 62
Director Since: 2012
Committees: Audit (Chair), Compensation and Special Committee

Mr. Shaw has served as a member of our Board of Directors since March 2012. Mr. Shaw has served for more than 33 years in leadership capacities with several financial services firms. In 2019, he retired as a Managing Director of the Investment Banking Group at D.A. Davidson & Co., a middle-market full-service investment banking firm. While at D.A. Davidson & Co., Mr. Shaw served on the Senior Management Committee and Board of Directors and as the lead investment banker in a wide variety of transactions including public stock offerings, private placements, and mergers and acquisitions. Previously, Mr. Shaw served for 12 years with Pacific Crest Securities, in various roles, including Managing Director. Mr. Shaw also serves as a member of the board of directors of Profire Energy, Inc., a NASDAQ company. His service as our Audit Committee chairman and as a director of investment banking firms provide valuable financial understanding. We believe that Mr. Shaw's extensive experience and leadership in the financial services industry supports the conclusion that he should serve as one of our directors.

Affirmative Determinations Regarding Director and Nominee Independence

The NASDAQ Stock Market Rules require that a majority of the members of a listed company's board of directors qualify as "independent," as affirmatively determined by the Board of Directors. After review of all of the relevant transactions or relationships between each director (and his or her family members) and us, our senior management and our independent registered public accounting firm, our Board of Directors has affirmatively determined that each of Dr. John G. Nackel and Dr. Ann S. Blouin and Messrs. Daren J. Shaw, Lee A. Daniels and Barry M. Smith are "independent" within the meaning of the applicable NASDAQ Stock Market Rules.

Each member of our Board of Directors serving on our Audit, Compensation and Nominating and Corporate Governance committees is "independent" within the meaning of the applicable NASDAQ Stock Market Rules and, as applicable, the Exchange Act.

CORPORATE GOVERNANCE

We are committed to continually enhancing our strong corporate governance practices, which we believe helps us sustain our success and build long-term value for our stockholders. Our Board of Directors sets high standards for our employees, officers and directors. Implicit in this philosophy is the importance of sound corporate governance. It is the duty of the Board of Directors to serve as a prudent fiduciary for shareholders and to oversee the management of

the Company's business. Our governance structure enables independent, experienced and accomplished directors to provide advice, insight, guidance and oversight to advance the interests of the Company and our stockholders.

Corporate Governance Practices

Our Chairman of the Board, Roy E. Christensen, is one of the Company's founders and is the former CEO. The role of the Chairman is to provide governance and leadership to the Board, including helping to organize the Board's work and ensuring that its members have information to effectively carry out their responsibilities.

Effective as of the Annual Meeting, the Board appointed Christopher R. Christensen, currently President and Chief Executive Officer, as Executive Chairman of the Company and Barry R. Port, currently Chief Operating Officer, as Chief Executive Officer. Mr. Roy E. Christensen, currently serving as Chairman, will continue to serve as a director as chairman emeritus and Mr. Christopher Christensen will also serve as Chairman of the Company's Board of Directors. The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company to make that determination based upon the position and direction

of the Company and the membership of the Board. The Board has determined that having the Company's Chief Executive Officer not serve as Chairman is in the best interest of the Company's stockholders at this time. However, the Board has determined that having the Company's former Chief Executive Officer serve as the Chairman makes the best use of the former Chief Executive Officer's extensive knowledge of the Company and its industry, as well as fostering greater communication between the Company's management and the Board.

Below are some highlights of our corporate governance practices:

Each of our Board members is elected at least every three years

Board have majority voting for our director elections

Structure of our Board members are independent, in accordance with NASDAQ corporate governance rules and our Corporate Governance Guidelines

We have adopted a process to enable shareholders to nominate directors in accordance with our bylaws

Our independent directors meet frequently in executive session

Our Board actively oversees the Company's risk and enterprise-wide risk management process in a way that balances managing risks while enhancing the long-term value of the Company for the benefit of the shareholders.

Our Board focuses on effective risk oversight to set the Company's tone and culture towards effective risk management by developing and establishing a mutual understanding with management of the Company's risk philosophy and overall appetite for risk.

Our Board is actively involved with management assessment of existing risk management processes and how risk management identifies, assesses and manages the Company's most significant risk exposures. Our Board expects frequent updates from management about the Company's most significant risks so as to enable it to evaluate whether management is responding appropriately.

Our Board is actively engaged in managing talent and long-term succession planning for executives.

Our Board relies on each of its committees to help oversee the risk management responsibilities relating to the functions performed by such committees. Our audit committee periodically discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. Our compensation committee helps the Board to identify the Company's exposure to any risks potentially created by our compensation programs and practices. For a further discussion of how the compensation committee helps mitigate this risk, see the section titled "Compensation Discussion and Analysis - Compensation Policy and Objectives" below. Our nominating and corporate governance and quality assurance and compliance committees oversee risks relating to the Company's policies and assist the Board and management in promoting an organizational culture that encourages commitment to ethical conduct and a commitment to compliance with the law. Our special committee assesses the Company's performance under the Corporate Integrity Agreement entered into in October 2013. Each of these committees is required to make regular reports of its actions and any recommendations to the Board, including recommendations to assist the Board with its overall risk oversight function.

Committees of the Board of Directors and Related Matters

During fiscal 2018, our board of directors had five standing committees: the Compensation Committee, the Audit Committee, the Nominating and Corporate Governance Committee, the Quality Assurance and Compliance Committee and the Special Committee. The board of directors, upon recommendation of the Nominating/Governance Committee, makes committee and committee chair assignments annually at its meeting immediately preceding the annual meeting of shareholders, although further changes to committee assignments are made from time to time as deemed appropriate by the board. The committees of our

Board, other than the Special Committee, operate pursuant to written charters, copies of which are available on our website at www.ensigngroup.com/corporate-governance.

The current composition of each board committee is set forth below.

Attendance at Board and Committee Meetings, Annual Meeting

During the year ended December 31, 2018, our Board of Directors met five times. Each independent director and Mr. Christopher R. Christensen attended at least 75 percent of the meetings of our Board and the meetings of any of our Board committees on which they served that were held during the term of each director. Our Board of Directors and its committees also acted by way of various unanimous written consents during the year ended December 31, 2018. In addition, the compensation committee, the audit committee and the Board of Directors meet, at times, without management present in executive session.

Although we do not have a formal policy regarding attendance by members of our Board of Directors at our Annual Meeting of Stockholders, we encourage our directors to attend. At the 2018 Annual Meeting, all seven members of the Board of Directors were in attendance and we expect that at least a majority of our Board of Directors will attend the Annual Meeting.

Our Board of Directors has determined that Mr. Shaw qualifies as an "audit committee financial expert" as that term is defined in the rules and regulations established by the Securities and Exchange Commission. This designation is a disclosure requirement of the Securities and Exchange Commission related to Mr. Shaw's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose on Mr. Shaw any duties, obligations or liability that are greater than those generally imposed on him as a member of our audit committee and our Board of Directors, and his designation as an audit committee financial expert pursuant to this Securities and Exchange Commission requirement does not affect the duties, obligations or liability of any other member of our audit committee or Board of Directors.

Daren J. Shaw Integrity Agreement entered into by the Company in October 2013. The Company's five-year Corporate Integrity Agreement with the OIG has been completed and concluded as of March 2019; and

Lee A. Daniels retaining and working with independent legal counsel and other third-party consultants to facilitate its work.

Number of meetings in fiscal 2018: 12 In September 2010, the Board of Directors appointed a special committee consisting solely of "independent directors" as such term is defined in Rule 5605(a)(2) of the NASDAQ Stock Market Rules. The special committee will dissolve at the time the Board of Directors determines that it is no longer necessary.

The Company's Director Nomination Process

As indicated above, our nominating and corporate governance committee oversees the director nomination process. This committee is responsible for assisting the Board of Directors in establishing minimum qualifications for director nominees, including qualities and skills that members of our Board of Directors are expected to possess. Under our nominating and corporate governance committee charter, which is available at our website at www.ensigngroup.net, these criteria include the candidate's personal and professional integrity, the candidate's financial literacy or other

professional or business experience relevant to an understanding of the Company and its business, the candidate's demonstrated ability to think and act independently and with sound judgment, and the candidate's ability to be effective, in conjunction with other members or nominees of the Board of Directors in collectively serving the long-term interests of the Company and its stockholders. Our nominating and corporate governance committee identifies and evaluates individuals qualified to become members of our Board of Directors. Our nominating and corporate governance committee then recommends that our Board of Directors select the director nominees for the election at the next annual meeting of stockholders, or to fill vacancies on our Board of Directors occurring between annual meetings of the stockholders.

We believe it is important to have an appropriate mix of diversity for the optimal functionality of the Board of Directors. Our nominating and corporate governance committee charter requires that the committee consider each candidate's qualities and skills and our nominating and corporate governance committee considers each candidate's background, diversity, ability, judgment, skills and experience in the context of the needs and current make up of the Board of Directors when evaluating director nominees. The Board of Directors believes it is important for each member of the Board of Directors to possess skills and knowledge in the areas of leadership of large, complex organizations, finance, strategic planning, laws and regulations, government relations and relevant industries, especially the healthcare and skilled nursing industries. These considerations help the Board of Directors as

a whole to have the appropriate mix of diversity, characteristics, skills and experiences for the optimal functioning of the Board of Directors in its oversight of our Company. As part of its periodic self-assessment process, the nominating and corporate governance committee reviews and evaluates its performance, including overall composition of the Board of Directors and the criteria that it uses for selecting nominees in light of the specific skills and characteristics necessary for the optimal functioning of the Board of Directors in its oversight of our Company. The nominating and corporate governance committee considers all of the criteria described above, including the candidate's diversity, in identifying and selecting nominees and in the future may establish additional minimum criteria for nominees. The nominating and corporate governance committee will consider nominees for the Board recommended by stockholders who meet the eligibility requirements for submitting stockholder proposals for inclusion in the Company's next proxy statement. If an eligible stockholder wishes to recommend a nominee, he or she should submit such recommendation in writing to the Chair, Nominating and Corporate Governance Committee, care of the Corporate Secretary of the Company, Chad A. Keetch, at The Ensign Group, Inc., 27101 Puerta Real, Suite 450, Mission Viejo, California 92691, by the deadline for stockholder proposals set forth in the Company's last proxy statement, specifying the information set forth in the nominating and corporate governance committee charter. All such recommendations will be brought to the attention of the nominating and corporate governance committee, and the nominating and corporate governance committee shall evaluate such director nominees in accordance with the same criteria applicable to the evaluation of all director nominees.

General Nomination Right of All Stockholders. Any stockholder may nominate one or more persons for election as a director at an annual meeting of stockholders if the stockholder complies with the notice, information and consent provisions contained in our amended and restated bylaws. In order for a stockholder's director nomination to be timely, the stockholder must deliver written notice to our secretary not later than the close of business on the 60th day, nor earlier than the 90th day, prior to the anniversary date of the immediately preceding annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or the annual meeting is called for on a date that is not within 30 days of such anniversary date, notice by the stockholder must be so received no earlier than the close of business on the 90th day prior to such annual meeting and not later than the close of business on the 60th day prior to such annual meeting, or not later than the close of business on the 10th day following the date on which public disclosure of the date of the meeting was made by the corporation, whichever occurs first. Such notification must contain the written consent of each proposed nominee to serve as a director if so elected and all other information required in Section 3.02 of our amended and restated bylaws.

Director Compensation

In fiscal year 2018, our Chairman of the Board received an annual retainer of \$100,000; and each of our non-employee directors received an annual retainer of \$30,000. In addition, each member of the individual committees of the Board of Directors received the following retainers:

	Chair	Member
Committees	Retainer	Retainer
Audit	\$30,000	\$10,000
Quality Assurance and Compliance	30,000	6,000
Special	12,000	4,500
Nominating and Corporate Governance	12,000	2,000
Compensation	15,000	3,000

We do not compensate our non-employee directors other than for their service on our Board of Directors or its committees. Historically, we have compensated our non-employee Board members based upon what we considered to be fair compensation. Compensation for Board and committee service is now partially based upon relevant market data that we obtain by reviewing director compensation by public companies in the skilled nursing industry. To establish board compensation, our compensation committee reviews the published director compensation information of other skilled nursing companies, including National Healthcare Corporation, Encompass Health Corp., Amedisys, Inc., Brookdale Senior Living Inc., LTC Properties, Inc. and Genesis Healthcare, Inc. Based on these reviews, the compensation committee sets its annual retainers for outside directors and the Chairman of the Board and retainers to

the chairpersons of each committee at levels that we believe are comparable to the median cash compensation paid to directors of these companies and the cash compensation payable to the Chairman of our Board is approximately equal to or less than the median cash compensation paid to the chairpersons of the boards of directors of these other companies who receive compensation for their role as chairpersons of the board and who are not also serving as the chief executive officers of such companies. We have employed this methodology to set compensation for our non-employee directors for 2018.

Prior to completing our initial public offering in 2007, we made only two stock option grants to our non-employee directors, which vested immediately upon the grant date. Our 2007 and 2017 Omnibus Incentive Plan contained an automatic stock grant program for our directors. Each non-employee director first elected to a three-year term prior to March 1, 2012 received an automatic stock grant for 1,800 shares of common stock on the 15th day of the month following each quarter end (Automatic Stock Grant Program). Starting in 2015, each non-employee director first elected prior to March 1, 2012 that is elected to a new

three-year term began receiving an automatic stock grant of 1,500 shares on the 15th day of the month in each quarter after their current term expires and such shares vest over a three-year period, beginning with the first anniversary of the grant date.

During the second quarter of 2017, the Company's stockholders approved the 2017 Omnibus Incentive Plan. The Company retired the 2007 Omnibus Incentive Plan as a result of the approval of the 2017 Plan. Under the terms of our 2017 Omnibus Incentive Plan, each non-employee director receives a quarterly restricted stock grant of 1,500 shares on the 15th day of the month subsequent to quarter end and such shares shall vest over a three-year period, beginning with the first anniversary of the grant date. Directors elected to fill less than a three-year term will receive a pro rata stock award.

All unvested restricted stock grants will become fully vested on the date any such non-employee directors ceases serving on the Board unless such director is removed for cause. Pursuant to the Automatic Stock Grant Program, Board members receiving stock grants must maintain ownership of a minimum of thirty-three percent (33%) of the cumulative shares granted to him or her. Our Board of Directors and compensation committee considered the total compensation paid to directors of the companies named above in deciding to award these automatic stock awards. However, our Board of Directors and compensation committee determined the amount of stock awards based upon what they considered to be an appropriate incentive for board service to our company, and they did not attempt to base this number upon the amount awarded to directors of these other companies. Our Board has also determined that it may be necessary to provide additional incentives to prospective directors in order to recruit talented leaders to serve on the Board.

None of our directors or director nominees has any agreement or arrangement with any third party that relates to compensation or other payment in connection with that person's candidacy or service as a director of our company.

The following table sets forth a summary of the compensation earned by our non-employee directors and Chairman in 2018. Our Chief Executive Officer, who currently serves as a director, does not receive any additional compensation for such service.

Name	Fees Earned (\$)	Stock Awards (\$)(1)	All Other Compensation (\$)	Total (\$)

Communications with Directors

Stockholders who would like to send communications to our Board, any committee of our Board or to any individual director may do so by submitting such communications to Chad A. Keetch at The Ensign Group, Inc., 27101 Puerta Real, Suite 450, Mission Viejo, California 92691. We suggest, but do not require, that such submissions include the name and contact information of the stockholder making the submission and a description of the matter that is the subject of the communication. Mr. Keetch will then distribute such information to our Board of Directors for review. Communications received by the Company may be reviewed by Mr. Keetch to ensure appropriate and careful review of the matter.

Code of Conduct and Ethics

We have adopted a code of ethics and business conduct that applies to all employees, including employees of our subsidiaries, as well as each member of our Board of Directors. The code of ethics and business conduct is available at our website at www.ensigngroup.net under the Investor Relations section.

We intend to satisfy any disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of this code of ethics by posting such information on our website, at the address specified above.

SUSTAINABILITY

We are committed to supporting a sustainable future through our business practices. For Ensign, sustainability means caring about environmental and social impacts of our operations.

Environmental Sustainability

We understand the importance of addressing environmental sustainability and have undertaken initiatives to responsibly manage our overall environmental footprint. Most recently, we have focused on three areas to drive improvements: energy consumption, water use and waste.

We have made and will continue to make various capital investments with these initiatives in mind. We continue to implement energy conservation measures throughout our locations such as light-emitting diode (LED) lighting retrofits, heating, ventilation, and air conditioning (HVAC) upgrades, roofing improvements, and changes in community maintenance. In similar ways, our water initiatives, including smart controls, leak detections and repair, and behavioral changes, demonstrate our continued efforts to reduce water use. We are continuing our efforts to divert waste generated in our operations through effective recycling and waste reduction measures. Additionally, we partner with our vendors to purchase products and services that help our operations reduce their impact on the environment.

Social Sustainability

We aim to have an enduring impact on the communities in which we live and work through living our company's core values. Elevate Charities is a non-profit organization that is dedicated to elevating the condition and quality of life for members and participants of the senior healthcare community - employees, caregivers, family members, patients and residents. Elevate Charities has three unique funds; Heritage Fund, Heritage Scholarship Fund and the Emergency Fund.

The Emergency Fund is a way of passing the hat to help those coworkers whose lives are turned down by tragedy. This program is funded for the Company's team members by the team members. All team members can contribute to the fund either by a one-time donation or recurring payroll deduction. When in need of financial help due to financial hardships such as fire, hurricane, illness, accidents or other crisis, team members can apply to receive financial assistance. To date, the Emergency Fund program has distributed over \$5.1 million to co-workers in need.

The Heritage Fund and the Heritage Scholarship Fund engage in a mission to enhance the quality of life for seniors in our communities through caring service, fulfilling essential needs and providing education to caregivers. The financial support provided by the Heritage Fund benefits seniors directly. In addition, through grants, scholarships and training programs provided through the Heritage Scholarship Fund, qualified clinical professionals are gaining the education to advance in the field of long-term care.

While we feel we have a good foundation, we are continuing to work in creating a more impactful approach to our sustainability strategy. We know that a focus on sustainability has a positive effect on our communities.

PROPOSAL 2: APPROVAL OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO INCREASE THE SIZE OF THE BOARD OF DIRECTORS TO EIGHT DIRECTORS

OUR BOARD OF
DIRECTORS
UNANIMOUSLY
RECOMMENDS

STOCKHOLDERS

APPROVAL TO
INCREASE THE
SIZE OF THE
BOARD TO
EIGHT
DIRECTORS

Stockholders are being asked to authorize and approve an amendment, or the Board Size Amendment, to the Amended and Restated Certificate of Incorporation of the Company, as amended, or the Certificate of Incorporation, to permit an increase in the size of our Board of Directors.

The Board believes an increase in its size will provide the opportunity to add a new director with demonstrated experience and expertise relevant to our business, operations, and industry. The Board believes this increase in the size of the Board is in the best interests of the Company and its stockholders.

On February 19, 2019, the Board approved, subject to stockholder approval, the Board Size Amendment to increase the number of directors that shall constitute the whole Board to eight (8) from seven (7). No other changes are being made with respect to the size of the Board. The general description of the Board Size Amendment set forth below is qualified in its entirety by reference to the text of the Board Size Amendment set forth in the form of certificate of amendment, or the Certificate of Amendment, which is attached as Appendix A to this Proxy Statement.

If the Board Size Amendment is approved by stockholders, the Board expects to appoint Mr. Barry R. Port, newly appointed Chief Executive Officer with such appointment to be effective as of the date of the Annual Meeting, to fill the vacancy resulting from the increase in the size of the Board, which would result in five independent directors and three non-independent directors.

If authorized and approved by the stockholders at the Annual Meeting, the Board Size Amendment will be effective upon the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware. The Company intends to make such filing promptly following receipt of such authorization and approval by the stockholders at this Annual Meeting.

Approval of the Board Size Amendment requires the affirmative vote of a majority of the outstanding shares of Common stock present in person or represented by proxy at the Annual Meeting and entitled to vote.

FROM 75,000,000
TO 100,000,000

Stockholders are being asked to approve an amendment to the Company's Certificate of Incorporation, which is attached as Appendix A to this Proxy Statement, to increase the number of authorized shares of the Company's common stock from seventy five million shares (75,000,000) to one hundred million shares (100,000,000). At its meeting held on February 19, 2019, the Board of Directors approved this amendment, subject to shareholder approval, and directed that this amendment be submitted to a vote of the Company's shareholders at this Annual Meeting of Shareholders. The Board has determined that this amendment is in the best interests of the Company and its shareholders and recommends approval by the shareholders.

As of March 31, 2019, there were 55,464,435 shares of Common Stock issued out of the 75,000,000 shares authorized. The Company therefore has a ratio of issued shares to authorized shares of 74%, leaving only 19,535,565 shares available to be issued in the future.

Purpose of Amendment

The Board believes it is in the best interest of our Company to increase the number of authorized shares of common stock in order to give us greater flexibility in considering and planning for future potential business needs.

We have no current plan, commitment, arrangement, understanding or agreement regarding the issuance of the additional shares of common stock resulting from the proposed increase in authorized shares. The additional shares of common stock will be available for issuance by our Board for various purposes, including but not limited to, providing equity incentives, stock splits, stock dividends, options, financings, potential strategic transactions, including mergers, acquisitions, strategic partnerships, joint ventures, divestitures, and business combinations, as well as other general transactions.

Having this additional authorized common stock available for future use will allow us to issue additional shares of common stock without the expense and delay of arranging a special meeting of shareholders.

Potential Adverse Effects of Increase in Authorized Common Stock

If stockholders approve this Proposal Three, the additional authorized shares of Common Stock will have rights identical to the currently outstanding shares of our Common Stock. The proposed amendment will not affect the par value of the Common Stock, which will remain at \$0.001 per share. Approval of this Proposal Three and issuance of the additional authorized shares of Common Stock would not affect the rights of the holders of currently outstanding shares of our Common Stock, except for effects

incidental to increasing the number of shares of our Common Stock outstanding, such as dilution of any earnings per share and voting rights of current holders of Common Stock.

These additional authorized shares of Common Stock could be issued by our Board without further vote of our stockholders except as may be required in particular cases by our Certificate of Incorporation, the Delaware General Corporation Law or other applicable law, regulatory agencies or Nasdaq rules. Stockholders do not have preemptive rights to subscribe to additional securities that we may issue, which means that current stockholders do not have a prior right thereunder to purchase any new issue of Common Stock, or securities that are convertible into Common Stock, in order to maintain their proportionate ownership interests in the Company.

Our stockholders are not entitled to dissenters' or appraisal rights under the Delaware General Corporation Law with respect to the proposed amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock and we will not independently provide the stockholders with any such right if the increase is implemented.

The proposed amendment to our Certificate of Incorporation to increase the number of authorized shares of our Common Stock could, under certain circumstances, have an anti-takeover effect. The additional shares of Common Stock that would become available for issuance if this Proposal Three is approved could also be used by us to oppose a hostile takeover attempt or to delay or prevent changes in control or our management. For example, without further stockholder approval, the Board could adopt a "poison pill" which would, under certain circumstances related to an acquisition of our securities not approved by the Board, give certain holders the right to acquire additional shares of Common Stock at a low price, or the Board could strategically sell shares of Common Stock in a private transaction to purchasers who would oppose a takeover or favor the current Board.

Although this proposal to increase the authorized Common Stock has been prompted by business and financial considerations and not by the threat of any hostile takeover attempt (nor is the Board currently aware of any such attempts directed at us), nevertheless, stockholders should be aware that approval of this Proposal Three could facilitate future efforts by us to deter or prevent changes in control, including transactions in which the stockholders might otherwise receive a premium for their shares over then current market prices.

Approval of an amendment to the Company's Certificate of Incorporation to increase the number of authorized shares of the Company's common stock requires the affirmative vote of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the Annual meeting and entitled to vote.

This proposal will be effective upon its approval by our stockholders at the Annual Meeting and is not conditioned upon the approval by our stockholders of any other proposal. As each proposal will be presented to our stockholders at the Annual Meeting in the order presented herein, if this proposal is approved by our stockholders, it will become effective.

PROPOSAL 4: APPROVAL OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

ü OUR BOARD OF
DIRECTORS
UNANIMOUSLY
RECOMMENDS
THAT THE
STOCKHOLDERS
VOTE "FOR"
RATIFICATION
OF THE
APPOINTMENT
OF DELOITTE &
TOUCHE LLP AS
THE COMPANY'S
INDEPENDENT

REGISTERED
PUBLIC
ACCOUNTING
FIRM FOR THE
YEAR ENDING
DECEMBER 31,
2019.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent external audit firm retained to audit the Company's financial statements. As a matter of good corporate governance, we are asking the stockholders to ratify the selection of Deloitte & Touche LLP (Deloitte) as our independent registered public accounting firm for the year ending December 31, 2019. The affirmative vote of a majority of the common stock having voting power present in person or represented by proxy and entitled to vote will be required to ratify the selection of Deloitte.

Stockholders are not required to ratify the appointment of Deloitte as our independent registered public accounting firm. If stockholders fail to ratify the appointment, the audit committee will consider whether or not to retain Deloitte. Even if the appointment is ratified, the audit committee may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Representatives of Deloitte will be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

The following table presents fees for professional services rendered by Deloitte for the years ended December 31, 2018 and 2017:

	2018	2017
Audit Fees ⁽¹⁾	\$ 1,057,000	\$ 1,060,025
Audit Related Fees	—	—
Tax Fees ⁽²⁾	110,000	—
All Other Fees ⁽³⁾	2,600	2,600
Total	\$ 1,169,600	\$ 1,062,625

(1) Audit Fees consisted principally of fees for the audit of our financial statements and internal controls under the Sarbanes-Oxley Act of 2002, and review of our financial statements included in our Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, as well as fees incurred in connection with the preparation and filing of registration statements with the Securities and Exchange Commission.

(2) Tax fees consisted of work related to the tax reform.

(3) This amount represent subscription fees paid to Deloitte for use of an accounting research tool during the years ended December 31, 2018 and 2017.

Pre-Approval Policies

Our audit committee approved all audit, audit-related, tax and other fees for services performed by our independent registered public accounting firm during the years presented. The audit committee has adopted an Audit and Non-Audit Services Pre-Approval Policy. This policy provides for general pre-approval for a specified range of fees for certain categories of routine services to be provided during a given calendar year. This general pre-approval is automatically renewed at the beginning of each calendar year, unless otherwise determined by the audit committee. If the cost of any proposed service exceeds the amount for which general pre-approval has been established, specific pre-approval by the audit committee is required. Specific pre-approval of services is considered at the regular meetings of the audit committee. The policy delegates authority to the Chairman of the audit committee to grant specific pre-approval between regularly scheduled audit committee meetings for audit and non-audit services not to exceed \$200,000 and other services not to exceed \$100,000. The policy also establishes a list of prohibited non-audit services. In making all of its pre-approval determinations, the audit committee considers, among other things, whether such services are consistent with the rules promulgated by the Public Company Accounting Oversight Board (the PCAOB) and the SEC regarding auditor independence, whether the independent auditor is best positioned to provide the most effective and efficient service, and whether the service might enhance the Company's ability to manage and control risk or improve audit quality. These and other factors are considered as a whole and no one factor is necessarily determinative.

Audit Committee Report

Our audit committee has reviewed and discussed with our management our audited consolidated financial statements and the establishment and maintenance of internal controls over financial reporting and has discussed with our independent registered public accounting firm the matters required to be discussed, as pursuant to Auditing Standard No. 16, "Communications with Audit Committees," as adopted by the PCAOB.

Our audit committee has received the written disclosures and the letter from our independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

Our audit committee has also considered whether the provision of non-audit services provided to us by our independent registered public accounting firm is compatible with maintaining its independence and has discussed with the auditors such auditors' independence.

Based on its review, our audit committee recommended to our Board of Directors that the audited financial statements for the Company's year ended December 31, 2018 be included in our Annual Report on Form 10-K for the year ended December 31, 2018, which was filed on February 6, 2019.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis provides information regarding our executive compensation objectives and principles, procedures, practices and decisions, and is provided to help give perspective to the numbers and narratives that follow in the tables in this section. This discussion will focus on our objectives, principles, practices and decisions with regards to the compensation of Christopher R. Christensen, Suzanne D. Snapper, Barry R. Port, Chad A. Keetch, and Beverly B. Wittekind (Named Executive Officers).

Say on Pay

At our 2018 Annual Meeting of Stockholders, we submitted our executive compensation program to a vote, on an advisory basis, of our stockholders and received the support of approximately 86.1% of the shares of common stock present and eligible to vote. The compensation committee considered the results of this stockholder advisory vote as one of many factors in structuring its compensation practices in 2018. We pay careful attention to any feedback we received from our stockholders regarding our executive compensation, including the say on pay vote. Given the support for the advisory vote on 2017 executive compensation, the compensation committee determined the fundamental characteristics of the program should remain intact for 2018.

In consideration of the stockholder vote at our 2018 Annual Meeting of Stockholders, the Board of Directors has determined that the Company will hold an advisory vote on executive compensation every year in connection with its annual meeting of stockholders.

Compensation Policy and Objectives

We believe that compensation paid to our executive officers should be closely aligned with our performance and the performance of each individual executive officer on both a short-term and a long-term basis, based upon the value each executive officer provides to our company, and designed to assist us in attracting and retaining the best possible executive talent, which we believe is critical to our long-term success. Because we believe that compensation should be structured to ensure that a significant portion of compensation earned by executives will be directly related to factors that directly and indirectly influence stockholder value, the “at risk” compensation of our executive officers generally constitutes a large portion of their total compensation potential. In addition, commensurate with our belief that those of our employees who act like owners should have the opportunity to become owners, many of our executive officers have a significant level of stock ownership, which we believe aligns the incentives of the executive officers with the priorities of our stockholders. To that end, it is the view of our Board of Directors and compensation committee that the total compensation program for executive officers should consist of the following:

• Base salary;

• Annual and other short-term cash bonuses;

• Long-term incentive compensation; and

• Certain other benefits.

The compensation committee believes that our executive compensation program has been appropriately designed to provide a level of incentives that do not encourage our Named Executive Officers to take unnecessary risks in managing their respective functions. As discussed above, a substantial portion of our Named Executive Officers' compensation is performance-based, consistent with our approach to executive compensation. Our annual incentive compensation program is designed to reward annual financial and/or strategic performance in areas considered critical to our short- and long-term success. In addition, we measure performance on a variety of bonus criteria other than our profit to determine an executive's annual incentive compensation award, such as positive survey results, clinical quality standards, positive patient feedback and feedback from other employees regarding such executives' performance. We believe this discourages risk-taking that focuses excessively on short-term profits at the sacrifice of our long-term health. Likewise, our long-term equity incentive awards are directly aligned with long-term stockholder interests through their link to our stock price and multi-year ratable vesting schedules. In combination, the compensation committee believes that the various elements of our executive compensation program sufficiently tie our executives' compensation opportunities to our focus on sustained long-term growth and performance.

The compensation committee's charter enables the compensation committee to retain or obtain the advice of a compensation consultant, legal counsel, or other adviser (Compensation Adviser). The compensation committee is directly responsible for the appointment, compensation, and oversight of any such Compensation Adviser. In

establishing our executive compensation packages, the compensation committee has historically reviewed compensation packages of executives of companies in the skilled nursing and other related industries based on publicly available information. Our compensation committee has the sole authority to retain and terminate the services of a compensation consultant who reports to the compensation committee. Most recently, our compensation committee engaged Willis Towers Watson, a national consulting firm, to assist in the development and validation of our executive compensation and incentive programs for 2016. As part of the study, Willis Towers also conducted a peer group analysis and benchmarking assessment on director and executive compensation. The results of this consultation, in combination with the compensation committee's own research and analysis, were a part of the process the compensation committee undertook in determining the executive compensation and incentive programs for 2016 (including the grants of equity incentive awards for our executives and directors). We used the same guideline validated by Willis Towers to establish our incentive program for 2017 and 2018.

The compensation committee may select, or receive advice from, a Compensation Adviser only after taking into consideration the following factors: (i) the provision of other services to the Company by the person that employs the compensation consultant, legal counsel or other adviser; (ii) the amount of fees received from the Company by the person that employs the compensation consultant, legal counsel or other adviser, as a percentage of the total revenue of the person that employs the compensation consultant, legal counsel or other adviser; (iii) the policies and procedures of the person that employs the compensation consultant,

legal counsel or other adviser that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the compensation consultant, legal counsel or other adviser with a member of the compensation committee; (v) any stock of the Company owned by the compensation consultant, legal counsel or other adviser; and (vi) any business or personal relationship of the compensation consultant, legal counsel, other adviser or the person employing the adviser with an executive officer of the Company. Based on the consideration of the various factors as set forth in the rules promulgated by the SEC, the compensation committee does not believe that its relationship with Willis Towers Watson and the work of Willis Towers Watson on behalf of the compensation committee has raised any conflict of interest.

Principal Economic Elements of Executive Compensation

Base Salary. We believe it is important to pay our executives' salaries within a competitive market range in order to attract and retain highly talented executives. Although historically we have not set executive salaries based upon any particular benchmarks, we may from time to time generally review relevant market data to assist us in our compensation decision process. We have historically validated our compensation decisions by comparing the compensation of executives at other public companies in the skilled nursing industry to the compensation of our executives. Our compensation committee reviewed the published compensation of the named executive officers of National Healthcare Corporation, Kindred Healthcare, Inc., Encompass Health Corp, Amedisys, Inc., Brookdale Senior Living Inc., LTC Properties, Inc. and Genesis Healthcare, Inc. We believe that the base salaries and the total compensation of our executives are on the lower end of base salaries and median total compensation of executives with similar positions at comparable companies. Each of our executive's base salary is generally determined based upon job responsibilities, individual experience and the value the executive provides to our company. The compensation committee considered each of these factors in determining the compensation each executive would be paid in 2018. We may elect to change this practice in future years, and periodically in the past, the compensation committee has elected to employ a compensation consultant to examine our compensation practices. The decision, if any, to materially increase or decrease an executive's base salary in subsequent years will likely be based upon these same factors and others recommended by a compensation consultant, if any. Our compensation committee makes decisions regarding base salary at the time the executive is hired, and makes decisions regarding any changes to base salary on an annual basis.

Annual Cash Bonuses. We establish an executive incentive program each year, pursuant to which certain executives may earn annual bonuses based upon our performance under the criteria set forth in our 2018 Omnibus Incentive Plan. Historically, in the first quarter of each year, our compensation committee identifies the plan's participants for the year and establishes an objective formula by which the amount, if any, of the plan's bonus pool will be determined. The committee also has the discretion to allocate the bonus pool among the individual executives prior to the end of the year and any such early allocation will remain subject to further adjustments upon the final determination of the bonus pool calculations during the first quarter of each year. This formula is based upon adjusted annual income before provision for income taxes. The bonus pool is also adjusted to include certain clinical and governance performance that can increase or decrease the bonus pool based on the achievement of a pre-established target.

The 2018 lowest target increased by 5% from the 2017 lowest target. Our compensation committee established the following formula for the 2018 bonus pool:

Adjusted Annual Income Before Provision for Income Taxes (EBT) in 2018	Bonus Pool
For EBT up to \$27.3 million	\$—
For EBT greater than \$27.3 million, but less than \$32.3 million	EBT between \$27.3 million and \$32.3 million * 2.5%
For EBT greater than \$32.3 million, but less than \$37.3 million	\$0.125 million + (amount of EBT between \$32.3 million and \$37.3 million * 5.0%)

Edgar Filing: ENSIGN GROUP, INC - Form DEF 14A

For EBT greater than \$37.3 million, but less than \$42.3 million	\$0.375 million + (amount of EBT between \$37.3 million and \$42.3 million * 7.5%)
For EBT greater than \$42.3 million, but less than \$52.3 million	\$0.750 million + (amount of EBT between \$42.3 million and \$52.3 million * 10.0%)
For EBT greater than \$52.3 million, but less than \$72.3 million	\$1.750 million + (amount of EBT between \$52.3 million and \$72.3 million * 12.5%)
For EBT greater than \$72.3 million	\$4.250 million + (amount of EBT over \$72.3 million * 15.0%)

Based on the performance, the formula above is adjusted for the following: 1) if performance declines by 10% or less from prior year levels, then the lowest target boundary will increase by 10%; 2) if performance declines by more than 10% from prior year levels, then the lowest target boundary will increase by 20%; and 3) if performance declines by 20% or more, then no incentive will be awarded under the plan.

Historically, in the first quarter of the subsequent year, our compensation committee subjectively allocates the bonus pool among the individual executives based upon the recommendations of our Chief Executive Officer and the compensation committee's perceptions of each participating executive's contribution to our financial, clinical and governance performance during the preceding year, and value to the organization going forward. The financial measure that our compensation committee considers is our adjusted annual income before provision for income taxes. The clinical measures that our compensation committee considers include our success in achieving positive survey results reduce readmission rates and Centers for Medicare Services' five-star performance for both quality metric and survey results. The governance measure that our compensation committee considers includes succession planning, culture of the organization, strategic organizational development and development of leadership team throughout the organization. Our compensation committee also reviews and considers feedback from other employees regarding the executive's performance. Our compensation committee exercises discretion in the allocation of the bonus pool among the individual executives and has, at times, awarded bonuses that, collectively, were less than the bonus pool resulting from the predetermined formula. Based on the adjusted predetermined formula, the bonus pool for 2018 was \$11.6 million. Cash incentive performance bonuses for 2018 were allocated to the Named Executive Officers who participated in the executive incentive program as follows: Christopher Christensen, \$2,667,852, Suzanne Snapper, \$2,059,056, Barry Port, \$2,112,766 and Chad Keetch, \$1,442,086. Beginning in 2011, we implemented a policy for allocating executive bonus compensation between cash and non-cash compensation, such that if the total executive pool is greater than the then-applicable stated amount, for every dollar greater than the stated amount, half of the incentive will be paid in cash and half will be paid in fully vested restricted stock awards. As the bonus pool was greater than the stated amount (which was \$5.0 million for 2018), restricted bonus stock awards were granted to the participating Named Executive Officers as follows: Christopher Christensen, \$1,057,148, Suzanne Snapper, \$815,944, Barry Port, \$837,204 and Chad Keetch, \$571,449. These bonus stock awards are fully vested and subject to one year transfer restriction.

Each year, our compensation committee reviews our financial performance goals and may adjust the bonus pool formula at its discretion to better align the amount available for annual executive bonuses with our objectives. Historically, the compensation committee has increased the amount of adjusted annual income before provision for income taxes that must be achieved in order to create the same bonus pool as the preceding year in order to increase the difficulty of receiving the same bonus. The allocation of this bonus pool to the participating executives remains discretionary based upon the compensation committee's determination of each participating executive's contribution to our annual performance and value to the organization going forward. The 2018 financial performance goals and bonus pool formula have been established by the compensation committee consistent with historical practices and guideline validated by Willis Towers to establish our incentive program for 2018. The 2018 plan includes specific governance performance goals, which include succession planning and establishing a capital market strategy. In addition, the compensation committee has continued the "clawback" policy previously established, which allows our Board to recover performance-based compensation paid to our executives under our executive incentive plan in certain circumstances where there has been a restatement of the Company's financial results or where subsequent events diminish the performance metrics, including clinical results, upon which the prior incentive payments were based. Long-Term Incentive Compensation. We believe that long-term performance is achieved through an ownership culture. Accordingly, we encourage long-term performance by our executives and other key personnel throughout the organization through the use of stock-based awards. We have adopted equity incentive plans that permit the grant of stock, stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards, and other stock-based awards. Historically, we have generally issued stock options and restricted stock under these plans.

In order to preserve the link between the interests of executives and other key personnel and those of stockholders, we generally grant stock options to those executives and others who have performed at a high level and have demonstrated qualities of an ownership culture. Our executives who have significant levels of stock ownership are not permitted to hedge the economic risk of such ownership. We intend to continue to provide long-term awards through the granting of stock based awards. The individuals receiving these awards will be required to hold them for one year from the end of the calendar year for which they are earned. The ownership and restriction on the restricted stock

awards will not terminate upon separation of the individual from the Company.

Except with respect to grants to our directors and other stock grants issued pursuant to the executive incentive plan, the stock options and restricted stock awards that we grant generally vest as to 20% of the shares of common stock underlying the option or restricted stock award on each anniversary of the grant date. If a recipient's employment with us terminates, then the restricted stock that remains unvested as of the date of the termination of the recipient's employment will be forfeited without compensation. Until vested, the restricted stock may not be transferred, and vested shares shall be subject to our insider trading policy. Stock options generally have a maximum term of ten years. The grant dates of our stock options and restricted stock awards are generally the date our Board of Directors or compensation committee meets to approve such stock option grants or restricted stock awards. Our Board of Directors or compensation committee historically has approved stock-based awards at regularly scheduled meetings. Our Board of Directors and compensation committee intend to continue this practice of approving the majority of stock-based awards at regularly scheduled meetings on a quarterly basis, unless earlier approval is required for a new-hire inducement or position change grant; regardless of whether or not our Board of Directors or compensation committee knows material non-public information on such date. The exercise price of our stock options is the fair market value of our common stock on the date of grant as determined by the closing price of our common stock on the NASDAQ Stock Market on the date of grant. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares of common stock underlying the option, including voting rights and the right to receive dividends or dividend equivalents. However, the recipients

of restricted stock will have the right to vote and to receive any dividends or other distributions paid with respect to their shares of restricted stock, whether vested or unvested.

Mr. Christopher Christensen historically has made recommendations to our compensation committee and Board of Directors regarding the amount of stock options and other compensation to grant to our other executives based upon his assessment of their performance, and may continue to do so in the future. Our executive officers, however, do not have any role in determining the timing of our stock option grants.

Although we do not have any formal policy for determining the amount of stock-based awards or the timing of our stock-based awards, we have historically granted stock options or restricted stock to high-performing employees (i) in recognition of their individual achievements and contributions to our company, and (ii) in anticipation of their future service and achievements. We may in the future introduce a more formal plan.

Other Compensation. Our executives are eligible to receive the same benefits that are available to all employees, including the premiums paid to provide life insurance equal to each executive's annual salary and the premiums to provide accidental death and dismemberment insurance. For 2018, Christopher Christensen and Barry Port received automobile allowances of \$15,900 and \$11,000, respectively, and third-party tax service payments of \$12,015 and \$3,385, respectively. Chad Keetch and Beverly Wittekind received third-party tax service payments of \$2,485 and \$1,525, respectively.

Tax Treatment of Compensation

Before 2018, Internal Revenue Code Section 162(m) limited the amount that we may deduct for income tax purposes with respect to annual compensation paid to our principal executive officer and to each of our three most highly compensated officers (other than our principal financial officer) to \$1.0 million per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation. In this regard, among other things, we did intend that stock options granted under our 2017 Omnibus Incentive Plan qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code and therefore are exempt from the \$1.0 million limit. However, the compensation committee believes that in certain circumstances factors other than tax deductibility take precedence when determining the forms and levels of executive compensation most appropriate and in the best interests of us and our stockholders. For example, the compensation committee may approve compensation, such as discretionary cash bonuses or time-vesting restricted stock awards, that will not meet the Section 162(m) requirements in order to, among other things, enable competitive levels of total compensation of our Named Executive Officers.

The tax reform legislation signed into law on December 22, 2017 made the following changes under Internal Revenue Code Section 162(m), which became effective on January 1, 2018: 1) the annual \$1.0 million compensation deduction limit will apply to any individual who served as the chief executive officer (CEO) or chief financial officer (CFO) at any time during the taxable year and the three other most highly compensated officers (other than the CEO and CFO) for the taxable year; 2) once an individual becomes a covered employee subject to Section 162(m) for any taxable year beginning after December 31, 2016, that individual will remain a covered employee for all future years, including after termination of employment or even death; and 3) the exemption under Code Section 162(m) for qualified performance-based compensation and commissions will be eliminated (other than with respect to payments made pursuant to certain "grandfathered" arrangements entered into prior to November 2, 2017), so that all compensation paid to a covered employee in excess of \$1.0 million would be nondeductible, including post-termination and post-death payments, severance, deferred compensation and payments from nonqualified plans.

Due to the income tax law created by the tax reform legislation, and in particular the removal of the Internal Revenue Code Section 162(m) performance-based compensation exemption, compensation that is paid from, bonus plans,

equity compensation awards and other incentive compensation arrangements will now likely count against the Section 162(m) annual \$1.0 million limit and therefore it is likely that compensation paid to covered employees which exceeds \$1.0 million in a given year will not be tax deductible.

Given our changing industry and business, as well as the competitive market for outstanding executives, the compensation committee believes that it is important to retain the flexibility to design compensation programs consistent with its overall executive compensation philosophy even if some executive compensation is not fully deductible. While the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that strongly links pay to performance.

Equity Instrument Denominated in the Shares of a Subsidiary

As an extension of our belief that long-term performance is achieved through an ownership culture, we implemented the 2016 Omnibus Incentive Plan (the “Cornerstone Plan”) for Cornerstone Healthcare, Inc., a subsidiary of The Ensign Group and the holding company of various subsidiaries that own and operate home health and hospice agencies (Cornerstone).

The purpose of the Cornerstone Plan, which was approved by our Board on May 26, 2016, is to promote the interests of the Company and its stockholders by aiding Cornerstone in attracting and retaining officers, employees, consultants and independent contractors capable of assuring the future success of Cornerstone and to attract and retain officers, employees and independent

contractors for its Affiliates, to offer such persons incentives to continue in Cornerstone's or its Affiliates' employ or service, as applicable, and to afford such persons an opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in Cornerstone. The Board intends that the Cornerstone Plan will be primarily used for employees of Cornerstone and its Affiliates.

The Cornerstone Plan provides for the grant of stock options, restricted stock and other stock awards to eligible participants under the plan. The grant dates of these awards are generally the date of our Annual Stockholder Meeting when our Board of Directors or compensation committee meets to approve such stock option grants or restricted stock awards. Such timing is intended so that the Board of Directors or compensation committee intent approves based awards pursuant to the Cornerstone Plan once per year on the date of our Annual Stockholder Meeting, regardless of whether or not our Board of Directors or compensation committee knows material non-public information on such date. The exercise price of Cornerstone stock options is the fair market value of Cornerstone common stock on the date of grant as determined by a third party valuation firm.

The Compensation Committee of the Board of Ensign has full administrative authority under the Cornerstone Plan, which authorizes the issuance of 6,258,709 shares of Cornerstone's common stock under the plan. As of March 31, 2019, a total of 3,819,049 shares of Cornerstone common stock were then subject to outstanding awards under the Cornerstone Plan, and an additional 2,439,660 shares of Cornerstone common stock were then available for new award grants under the Cornerstone Plan.

The stock options and restricted stock awards granted under the Cornerstone Plan generally vest as to 20% of the shares of common stock underlying the option or restricted stock award on each anniversary of the grant date. If a recipient's employment with Cornerstone or its Affiliates terminates, then the restricted stock that remains unvested as of the date of the termination of the recipient's employment will be forfeited without compensation. Because Cornerstone stock is not traded on a public exchange, shares obtained either by grant or by exercising options are subject to unique limitations. For example, recipients of Cornerstone common stock do not have any voting rights, dividend rights, or cash dividend rights and the shares are subject to limitations on transfer or sale. Until vested, the restricted stock may not be transferred and after such shares are vested, they may be subject to further restrictions on transfer, sale or disposition contained in the Cornerstone Plan, a stockholders agreement between the participant and Cornerstone, and the terms and conditions of the respective award, including certain call rights and certain put rights set forth in the award.

On an annual basis, Cornerstone's common stock will be valued by an independent third party valuation firm. Once a final valuation has been received, each recipient will be given written notice of the value of Cornerstone and common stock. In order to provide the Cornerstone participants with liquidity in their Cornerstone common stock, each participant has a put right during a window of time established at the sole discretion of the Board. The Board intends that the put window will occur on an annual basis at around the same time of the Company's annual stockholder meeting. However, the Board reserves the right to determine to change the window opening or to not open in the window. The window will provide a fifteen day period during which the participants in the Cornerstone Plan can sell certain shares of Cornerstone stock back to Cornerstone. Only shares that are vested and that have been held for at least six months may be sold back to Cornerstone. Cornerstone, at its sole discretion, has the right to purchase all or a portion of such Cornerstone shares using cash or exchanging fully vested Ensign shares equal to the value of the Cornerstone shares being exchanged.

In order to preserve the linkage between the interests of the Company and Cornerstone, as well as executives and other key personnel and those of our stockholders, Cornerstone granted certain of our executives restricted stock awards in Cornerstone. Our executives who have significant levels of stock ownership are not permitted to hedge the economic risk of such ownership. These individuals receiving these awards will be required to hold them for one year from the end of the calendar year for which they are earned. The ownership and restriction on the restricted stock awards will

not terminate upon separation of the individual from the Company. For 2016, restricted stock awards in Cornerstone were granted to the participating Named Executive Officers in the following dollar amounts: Christopher Christensen, \$32,880, Suzanne Snapper, \$13,700, Barry Port, \$2,740 and Chad Keetch, \$5,480. These bonus stock awards vest annually over a five year period. The first tranche of vesting for the restricted stock awards in Cornerstone vested on May 26, 2017 to the participating Named Executive Officers in the following dollar amounts: Christopher Christensen, \$7,776, Suzanne Snapper, \$3,240, Barry Port, \$648 and Chad Keetch, \$1,296. The second tranche of vesting for the restricted stock awards in Cornerstone vested on May 26, 2018 to the participating Named Executive Officers in the following dollar amounts: Christopher Christensen, \$10,560, Suzanne Snapper, \$4,400, Barry Port, \$880 and Chad Keetch, \$1,760. There were no restricted stock awards granted in 2017 and 2018 to the Named Executive Officers under the Cornerstone Plan.

Pay Ratio Disclosure

Pursuant to a mandate of the Dodd-Frank Act, the Securities and Exchange Commission adopted a rule requiring U.S. publicly-traded companies to disclose the ratio of the annual total compensation of their principal executive officer (PEO) to that of their median employee. This disclosure is required in this proxy statement and requires that our median employee be selected from all employees, including full-time and part-time.

Because the SEC rules for identifying the median employee and calculating the pay ratio permit companies to use various methodologies and assumptions, apply certain exclusions, and make reasonable estimates that reflect their employee populations and compensation practices, the pay ratio reported by other companies may not be comparable with the pay ratio that we have

reported. While it is common practice in our industries to outsource non-patient functions such as dietary, housekeeping and laundry, it is our company's practice to keep these functions in-house. Approximately 55% of our total employees consists of dietary aids, housekeepers, cooks, nursing assistants and maintenance staffs. In particular, it is important to bear in mind that we employ approximately 30,000 employees in Arizona, California, Colorado, Idaho, Iowa, Kansas, Nebraska, Nevada, Oklahoma, Oregon, South Carolina, Texas, Utah, Washington, Wisconsin and Wyoming as of December 31, 2018, which will impact the comparability of our PEO pay ratio.

While performing our 2018 pay ratio analysis, we determined that our previously identified median employee was no longer employed by us as of December 31, 2018, so we concluded that we should re-identify a new median employee using the calculation set forth below. The calculation uses the same methodologies, material assumptions, adjustments and estimates as we used in our pay ratio disclosure for 2017.

We calculated our pay ratio in accordance with the Dodd-Frank Act and Item 402(u) of the SEC's Regulation S-K, to arrive at a reasonable estimate. Our employee population as of December 31, 2018 was 23,330, which included all full- and part-time employees and excluded leave of absence, on-call workers and workforce at our 2018 acquired operations. Our on-call employees are not regularly scheduled employees, but are only scheduled on a as needed basis. We have approximately 4,300 employees (approximately 14% of our total workforce) that are on-call. We had approximately 1,700 employees at our 2018 acquired operations (approximately 6% of our total workforce).

We identified our median employee by using total 2018 compensation for all individuals, excluding our PEO, who were employed by us on December 31, 2018. In the case of salaried employees, we annualized the salary of those who joined the Company during 2018. For hourly employees that joined the Company in 2018, we annualized the number of weeks worked to determine a 52-week equivalent compensation. We acknowledge that this may not be representative of the actual hours the employees may work during the year and may represent less than or more than the actual wages these individuals may earn during the year. To identify the employee with the median total annual compensation, as well as to determine the annual total compensation of the median employee, we adopted a variety of methodologies, applied certain exclusions, and made estimates based on our payroll and employment records, in a manner consistent with SEC rules. We used taxable wages for the full 2018 calendar year to identify the median employee. Using this methodology, we determined that our median employee was a part-time hourly staff member with total compensation of \$31,829. This total compensation figure reflects employment on a part-time hourly basis, which the number of hours can range between one and 31 hours a week, and does not include the potential bonus eligible to a full-time salaried employee. The figure also is not necessarily representative of the compensation of other post-acute employees or of our overall compensation practices. The wages of part-time employees cannot be translated into a full time salary for the calculation of the CEO Pay Ratio in accordance with SEC's Regulation S-K.

The Company's PEO is our CEO, Mr. Christensen. Based on an annual total compensation of our median employee for 2018 of \$31,829, and annual total compensation for our CEO in 2018 as reported in the "Total" column of our Summary Compensation Table included in this proxy statement of \$5.7 million, the ratio of our CEO's annual total compensation to our median employee's annual total compensation would be computed to be 180 to 1.

The SEC's rules requiring pay ratio disclosure allow companies to exercise a significant amount of flexibility in making a determination as to who is the median employee and does not mandate that each public company use the same method. In addition, our compensation philosophy means fair pay based on a person's role in the Company, a subjective determination of the market value of that person's job and that person's performance in that position. As a result, the annual total compensation of our median employee is unique to that person and is not a good indicator of the annual total compensation of any of our other employees and is not comparable to the annual total compensation of employees at other companies. Similarly, we would not expect that the ratio of the annual total compensation of our CEO to our median employee to be a number that can be compared to the ratio determined by other companies in any meaningful fashion.

COMPENSATION COMMITTEE REPORT

Our compensation committee has reviewed the foregoing Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and discussed the Compensation Discussion and Analysis with our management. Based on such review and discussions with management, the compensation committee recommended to our Board that the foregoing Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

(4) These were stock option awards granted as part of the special bonus related to the Spin-Off.

PROPOSAL 5: ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

OUR BOARD OF
DIRECTORS
UNANIMOUSLY
RECOMMENDS
THAT THE
STOCKHOLDERS
VOTE "FOR" THE
APPROVAL OF
THE
COMPENSATION
OF, ON AN
ADVISORY
BASIS, OUR
NAMED
EXECUTIVE
OFFICERS.

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described in detail under the heading "Compensation Discussion and Analysis," we seek to closely align the interests of our named executive officers with the interests of our stockholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total stockholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

For example:

We discourage excessive risk-taking by our employees by establishing compensation policies and programs that balance short-term incentives with long-term growth.

Annual and short-term cash bonuses are based on multiple performance metrics that are consistent with our long-term goals. In particular, annual bonuses are based on the achievement of certain financial performance goals tied to our overall performance and individual performance goals such as positive survey results, high clinical quality standards, governance, other compliance requirements, positive patient feedback and feedback from other employees. We believe that this balanced approach discourages risk-taking that focuses excessively on short-term profits at the sacrifice of our long-term health.

Management or the compensation committee, as applicable, generally has discretion to adjust annual incentive compensation upward or downward for quality of performance or other factors other than our financial performance.

The compensation committee can award bonuses that were less than the bonus amount resulting from the predetermined formula it establishes as a result of not achieving our goals regarding clinical performance, governance objectives and allocating it to other members of management.

Our long-term equity incentive awards are designed to directly align the interests of our employees, governance initiatives with long-term stockholder interests. We encourage long-term performance by our executives and

employees at every level in the organization through the use of stock-based awards with multi-year vesting schedules. We believe that long-term performance is achieved through an ownership culture and that equity incentive awards reward performance without incentivizing inappropriate risk-taking. Beginning in 2011, we implemented a policy for allocating executive bonus compensation between cash and non-cash compensation. Under this policy, if the total executive pool is greater than the then-applicable stated amount, for every dollar greater than the stated amount, half of the incentive will be paid in cash and half will be paid in fully vested restricted stock awards.

Our compensation committee has adopted a "clawback" policy that allows our Board to recover performance-based compensation paid to our executives and the presidents of our subsidiaries in certain circumstances where there has been a restatement of our financial results or where subsequent events diminish the performance metrics, including clinical results, upon which the prior incentive payments were based.

Our compensation committee adopted specific governance performance goals, which include succession-planning and establishing a team made up of members of the Board of Directors and management with the goal of creating a strategy for the Board of Directors that emulates the culture of the organization.

We periodically benchmark our compensation programs and overall compensation structure to be consistent with companies in the skilled nursing industry.

Our compensation committee oversees our compensation policies and practices and is responsible for reviewing and approving compensation of our executive officers.

The vote is advisory, which means that the vote is not binding on the Company, our Board of Directors or the compensation committee of the Board of Directors.

We are currently conducting this advisory vote, commonly known as a "say-on-pay" vote, every year.

Accordingly, we ask our stockholders to vote on the following resolution at the Annual Meeting:

“RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2019 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2018 Summary Compensation Table and the other related tables and disclosure.”

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our equity securities. Officers, directors, and greater than ten percent stockholders are required to furnish us with copies of all Section 16(a) forms they file. Based on our review of the copies of such forms we have received and written representations from certain reporting persons that they filed all required reports, we believe that all of our officers, directors and greater than 10% shareholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during fiscal year 2018, with the exception of one late Form 3 filing by the company on behalf of our newest independent director who confirmed no prior ownership and whose Form 3 was filed in conjunction with the Form 4 reporting of her first equity compensation grant.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Since January 1, 2018, there has not been, nor is there any proposed transaction in which we were or will be a party or in which we were or will be a participant, involving an amount that exceeded or will exceed \$120,000 and in which any director, executive officer, beneficial owner of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the compensation arrangements and other agreements and transactions which are described in "Executive Compensation" section and the transactions described below.

Family Relationships

Clayton Christensen is the brother of Christopher R. Christensen and the son of Roy E. Christensen. Clayton has served as our Chief Human Capital Officer since September 2016. As Chief Human Capital Officer, Mr. Christensen is responsible for our recruiting and retention programs as well as our training and professional growth program, a key element of our talent-driven management approach. From January 1, 2018 through December 31, 2018, Clayton Christensen earned a total compensation of \$407,131. Total compensation included a bonus of \$200,000, which was earned in 2018. On August 23, 2018, we granted Clayton Christensen 1,200 restricted stock awards with a fair value of \$38.59 per share that vests over a five-year period from the grant date for aggregate stock compensation of \$46,308. Additionally, we granted him 3,000 options on August 23, 2018.

Indemnification Provisions

We have entered into indemnification agreements with each of our directors, officers and certain key employees. These indemnification agreements, along with our amended and restated certificate of incorporation and amended and restated bylaws, require us to indemnify such persons to the fullest extent permitted by Delaware law.

Policies and Procedures for Transactions with Related Persons

We expect our audit committee will review potential conflict of interest situations, on an ongoing basis, any future proposed transaction, or series of transactions, with related persons, and either approve or disapprove each reviewed transaction or series of related transactions with related persons. On August 14, 2007, we adopted a written policy and procedures with respect to related person transactions, which includes specific provisions for the approval of related person transactions. Pursuant to this policy, related person transactions include a transaction, arrangement or relationship or series of similar transactions, arrangements or relationships, in which we and certain enumerated related persons participate, the amount involved exceeds \$120,000 and the related person has a direct or indirect material interest.

In the event that a related person transaction is identified, such transaction must be reviewed and approved or ratified by our audit committee. If it is impracticable for our audit committee to review such transaction, pursuant to the policy, the transaction will be reviewed by the chair of our audit committee, whereupon the chair of our audit committee will report to the audit committee the approval or disapproval of such transaction.

In reviewing and approving related person transactions, pursuant to the policy, the audit committee, or its chair, shall consider all information that the audit committee, or its chair, believes to be relevant and important to a review of the transaction and shall approve only those related person transactions that are determined to be in, or not inconsistent with, our best interests and that of our stockholders, taking into account all available relevant facts and circumstances available to the audit committee or its chair.
