Item 3.02. Unregistered Sales of Equity Securities.

On March 8, 2005, we acquired Modem-Art Ltd., a privately held developer of advanced processor technology for 3G/UMTS mobile devices. As part of the acquisition, we issued 70,331,696 shares of Agere Class A common stock and paid \$30.5 million to the Modem-Art stockholders in exchange for all of the outstanding shares of Modem-Art. The Agere shares were issued in a private, directly negotiated transaction not involving a public offering in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933 and, in the case of stockholders of Modem-Art outside the United States, in a transaction involving offers and sales of securities outside the United States in reliance on the exemption from registration provided by Regulation S under the Securities Act of 1933. Our reliance on these exemptions was based in principal part on certain factual representations received from the former Modem-Art stockholders who received the shares.
