NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2001

(UNAUDITED)

NOTE 1 - BASIS OF PRESENTATION

The unaudited financial statements included herein have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Item 310(b) of Regulation S-B. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended September 30, 2001 are not necessarily indicative of the results that may be expected for the year ended December 31, 2001. These financial statements and the related notes should be read in conjunction with the Company's audited financial statements for the period ended June 30, 2001 included in the Company's registration statement filing on Form SB-2.

NOTE 2 - COMMON STOCK

On June 9, 2001, the Company issued 2,500,000 shares of its common stock to its officers for cash of \$10,000. Since there was no readily available market value at the time of issuance, the value of \$0.004 per share was considered as a reasonable estimate of fair value between the Company and the officers.

NOTE 3 - RELATED PARTY TRANSACTIONS

On June 9, 2001, the Company issued 2,500,000 shares of its common stock to its current officers for cash as described in Note 3.

On August 31, 2001, legal and professional expenses related to the Company's registration statement were paid by its officer in the amount of \$5,967. The payment of the fees was considered an additional contribution to capital by the officer and the Company.

The Company occupies office space provided by its officer. Accordingly, occupancy costs have been allocated to the Company based on the square foot

percentage assumed multiplied by the officer's total monthly costs. These amounts are shown in the accompanying statement of operations for the period June 8, 2001 (inception) through June 30, 2001 and are considered additional contributions of capital by the officer and the Company.

### NOTE 4 - SUBSEQUENT EVENTS

On November 1, 2001, the Company issued 725,000 pursuant to its registration statement on Form SB-2 at \$0.05 per share for a total of \$36,250.

### Item 2. Plan of Operation

-----

This following information specifies certain forward-looking statements of management of the company. Forward-looking statements are statements that estimate the happening of future events and are not based on historical fact. Forward-looking statements may be identified by the use of forward-looking terminology, such as "may", "shall", "will", "could", "expect", "estimate", "anticipate", "predict", "probable", "possible", "should", "continue", or similar terms, variations of those terms or the negative of those terms. The forward-looking statements specified in the following information have been compiled by our management on the basis of assumptions made by management and considered by management to be reasonable. Our future operating results, however, are impossible to predict and no representation, guaranty, or warranty is to be inferred from those forward-looking statements.

The assumptions used for purposes of the forward-looking statements specified in the following information represent estimates of future events and are subject to uncertainty as to possible changes in economic, legislative, industry, and other circumstances. As a result, the identification and interpretation of data and other information and their use in developing and selecting assumptions from and among reasonable alternatives require the exercise of judgment. To the extent that the assumed events do not occur, the outcome may vary substantially from anticipated or projected results, and, accordingly, no opinion is expressed on the achievability of those forward-looking statements. We cannot guaranty that any of the assumptions relating to the forward-looking statements specified in the following information are accurate, and we assume no obligation to update any such forward-looking statements.

We are an Internet solutions company that specializes in website hosting and development services. Website hosting encompasses a broad range of possible services, including basic services, such as simply posting a customer's website on the Internet using the hosting company's computer hardware and software, as well as enhanced services such as enabling financial transactions over the Internet, email, audio and video capabilities. Enhanced services may be developed internally by the web hosting company or purchased from external sources and resold by the web hosting company.

We offer, on a resale basis, a range of basic and enhanced web hosting services

## Edgar Filing: SRM NETWORKS INC - Form 10QSB

to businesses wishing to place their website on the Internet. These businesses often decide to use a web hosting company in order to avoid the financial cost, time and expertise requirements of hosting the website and obtaining enhanced services themselves. We focus on meeting the needs of small and medium-sized businesses and individuals who are establishing a commercial or informational presence on the Internet.

For the period from June 8, 2001, our date of formation, through September 30, 2001.

-----

Liquidity and Capital Resources. We had cash of \$3,467 as at September 30, 2001. Our accounts receivable were approximately \$405 as at September 30, 2001. Despite our limited history, we believe that we will collect those receivables in a timely fashion. Our total current assets are \$3,872. We believe that our available cash is sufficient to pay our day-to-day expenditures.

Results of Operations.

Revenues. From our inception on June 8, 2001 through September 30, 2001, we realized revenues of approximately \$1,793 from providing web hosting and development services. We hope to generate more revenues as we expand our customer base and service menu.

9

Operating Expenses. For the quarter ended September 30, 2001, our total expenses were approximately \$12,773. The majority of those expenses were represented by legal and professional fees of \$9,508. We also had expenses for occupying our offices, in the amount of \$595, and for office supplies in the amount of \$2,670. For the quarter ended September 30, 2001, we experienced a net loss of approximately \$11,700. Additionally, from our inception on June 8, 2001 to September 30, 2001, we experienced a net loss of approximately \$13,835.

Our Plan of Operation for the Next Twelve Months. To effectuate our business plan during the next twelve months, we must increase our current customer base. We must also effectively market our services. We anticipate that we will use the revenues generated to fund marketing activities and for working capital. Our failure to market and promote our services will harm our business and future financial performance.

We had cash of \$3,467 as at September 30, 2001. In the opinion of management, available funds will satisfy our working capital requirements through March 2002. Our forecast for the period for which our financial resources will be adequate to support our operations involves risks and uncertainties and actual results could fail as a result of a number of factors. We anticipate that we may need to raise additional capital to expand our operations, although we have not made any efforts to obtain additional capital. Such additional capital may be raised through public or private financing as well as borrowings and other sources. We cannot guaranty that additional funding will be available on favorable terms, if at all. If adequate funds are not available, then our ability to expand our operations may be adversely affected. If adequate funds are not available, we believe that our officers and directors will contribute funds to pay for our expenses. Our belief that our officers and directors will pay our expenses is based on the fact that our officers and directors collectively own 2,500,000 shares of our common stock, which represents approximately 77.52% of our common stock. We believe that our officers and

## Edgar Filing: SRM NETWORKS INC - Form 10QSB

directors will continue to pay our expenses as long as they maintain their ownership of our common stock. Therefore, we have not contemplated any plan of liquidation in the event that we do not generate revenues. As of September 30, 2001, our officers and directors provided us with our initial capitalization of \$10,000. On September 6, 2001, Mr. Sherman contributed an additional \$5,000 to pay any expenses that we may incur in the next two months. We have not negotiated any specific repayment terms with Mr. Sherman.

We are not currently conducting any research and development activities, other than the development of our website. We do not anticipate conducting such activities in the near future. In the event that we expand our customer base, then we may need to hire additional employees or independent contractors as well as purchase or lease additional equipment.
