Table of Contents**7. EARNINGS PER SHARE (EPS)**

The Company computes earnings per share in accordance with SFAS No. 128, *Earnings Per Share*. SFAS No. 128 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company.

Potential common stock shares consist of shares that may arise from outstanding dilutive common stock warrants (the number of which is computed using the “treasury stock method”) and from outstanding convertible debentures (the number of which is computed using the “if converted method”). Diluted EPS considers the potential dilution that could occur if the Company’s outstanding common stock warrants and convertible debentures were converted into common stock that then shared in the Company’s earnings (as adjusted for interest expense, that would no longer occur if the debentures were converted).

Net earnings applicable to common stock and the weighted - average number of shares used for basic and diluted earnings per share computations are summarized in the table that follows:

GENERAL

We presently conduct our business in two different areas of operation:

We own and operate upscale adult nightclubs serving primarily businessmen and professionals. Our nightclubs offer live adult entertainment, restaurant and bar operations. We own and operate ten adult nightclubs under the name "Rick's Cabaret" and "XTC" in Houston, Austin and San Antonio, Texas; Minneapolis, Minnesota; and New York, New York. We also operate three upscale venues that cater especially to urban professionals, businessmen and professional athletes called "Club Onyx" in Houston, San Antonio, Texas and Charlotte, North Carolina. No sexual contact is permitted at any of our locations.

On November 10, 2006, we purchased a 51% ownership interest of Playmate's Gentlemen's Club LLC, an operator of an adult nightclub in Austin, Texas. The club is located at 8110 Springdale Street, Austin, Texas. The purchase price of \$1,533,750 was paid \$500,000 cash at closing and 125,000 shares of our restricted common stock. The club has been converted to a "Rick's Austin".

2. We have extensive Internet activities.

a) We currently own two adult Internet membership Web sites at www.couplestouch.com and www.xxxpassword.com. We acquire www.xxxpassword.com site content from wholesalers.

b) We operate an online auction site www.naughtybids.com. This site provides our customers with the opportunity to purchase adult products and services in an auction format. We earn revenues by charging fees for each transaction conducted on the automated site.

Table of Contents

Our nightclub revenues are derived from the sale of liquor, beer, wine, food, merchandise, cover charges, membership fees, independent contractors' fees, commissions from vending and ATM machines, valet parking, and other products and services. Our internet revenues are derived from subscriptions to adult content internet websites, traffic/referral revenues, and commissions earned on the sale of products and services through Internet auction sites, and other activities. Our fiscal year end is September 30.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED DECEMBER 31, 2006 AS COMPARED TO THE THREE MONTHS ENDED DECEMBER 31, 2005

For the three months ended December 31, 2006, we had consolidated total revenues of \$7,030,129 compared to consolidated total revenues of \$5,779,735 for the three months ended December 31, 2005, an increase of \$1,250,394 or 21.63%. The increase in total revenues was primarily attributable to the increase in revenues generated by our new clubs in San Antonio and Austin, Texas in the amount of \$731,978; by the increase in revenues generated by our existing clubs in the amount of \$541,456, a 9.72% increase; offset by the decrease in internet operations in the amount of \$23,040, a 10.92% decrease, from a year ago. Total revenues for same-location-same-period of club operations increased to \$6,110,173 for the three months ended December 31, 2006 from \$5,568,717 for same period ended December 31, 2005, a 9.72% increase. The increase was primarily attributable to the overall increase in revenues in our club operations.

The cost of goods sold for the three months ended December 31, 2006 was 12.68% of total revenues compared to 12.27% for the three months ended December 31, 2005. The increases were due primarily to the addition of Rick's clubs which have higher cost of goods and by increase in costs of maintaining our internet operations. The cost of goods sold for the club operations for the three months ended December 31, 2006 was 12.89% compared to 12.58% for the three months ended December 31, 2005. The cost of goods sold from our internet operations for the three months ended December 31, 2006 was 4.97% compared to 4.24% for the three months ended December 31, 2005. The cost of goods sold for same-location-same-period of club operations for the three months ended December 31, 2006 was 11.10%, compared to 12.58% for the same period ended December 31, 2005.

Payroll and related costs for the three months ended December 31, 2006 were \$2,071,137 compared to \$1,669,711 for the three months ended December 31, 2005. The increase was primarily due to addition of the new clubs. Payroll for same-location-same-period of club operations increased to \$1,378,423 for the three months ended December 31, 2006 from \$1,324,248 for the same period ended December 31, 2005. Management currently believes that its labor and management staff levels are appropriate.

Other general and administrative expenses for the three months ended December 31, 2006 were \$3,415,578 compared to \$2,616,677 for the three months ended December 31, 2005. The increase was due primarily to increases in taxes and permits, charge card fees, rent, advertising and marketing, legal and professional, indirect operating expenses, insurance, and utilities from adding new locations in San Antonio and Austin, Texas.

Interest expense for the three months ended December 31, 2006 was \$325,563 compared to \$263,052 for the three months ended December 31, 2005. The increase was attributable to our obtaining new debt to finance the purchase and renovation of the new clubs. As of December 31, 2006, the balance of long-term debt was \$14,000,805 compared to \$13,105,906 a year earlier.

Net income for the three months ended December 31, 2006 was \$352,954 compared to \$525,396 for the three months ended December 31, 2005. The decrease in net income was primarily due to costs in opening new clubs. Net income for same-location-same-period of club operations increased to \$1,401,333 for the three months ended December 31, 2006 from \$1,022,507 for same period ended December 31, 2005, or by 37.05%.

LIQUIDITY AND CAPITAL RESOURCES

At December 31, 2006, we had a working capital deficit of \$1,765,163 compared to a deficit of \$2,264,101 at September 30, 2006. The increase in working capital was primarily due to increases in cash and cash equivalents and prepaid expenses, other current assets, and offset by increases in accounts payable, accrued liabilities, current portion of long term debt as a result of increased cash flow from operations, stock option exercises, and long-term debt borrowings. The value of available-for-sale marketable securities decreased by \$15,572.

Net cash provided by operating activities in the three months ended December 31, 2006 was \$711,820 compared to \$427,548 for the three months ended December 31, 2005. The increase in cash provided by operating activities was primarily due to changes operating assets and liabilities.

We used \$735,454 of cash in investing activities during the three months ended December 31, 2006 compared to \$123,050 during the three months ended December 31, 2005. Cash of \$631,237 was provided by financing activities during the three months ended December 31, 2006 compared to \$223,407 cash used during the three months ended December 31, 2005.

We require capital principally for construction or acquisition of new clubs, renovation of older clubs and investments in technology. We may also utilize capital to repurchase our common stock as part of our share repurchase program.

On November 9, 2006, we entered into convertible debentures with three shareholders for a principal sum of \$600,000. The term is for two years and the interest rate is 12% per annum. At the election of the holders, the holders have the right at any time to convert all or any portion of the principal or interest amount of the debentures into shares of our common stock at a rate of \$7.50 per share, which was higher than the closing price of our stock on November 9, 2006. The debentures provide, absent shareholder approval, that the number of shares of our common stock that may be issued by us or acquired by the holders upon conversion of the debentures shall not exceed 19.99% of the total number of issued and outstanding shares of our common stock. The proceeds of the debentures were used for the acquisition of a 51% ownership interest of Playmates Gentlemen's Club LLC.

We have not established lines of credit or financing other than the above mentioned notes payable and our existing debt. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise.

On September 16, 2003, the Company was authorized by its board of directors to repurchase up to an additional \$500,000 worth of our common stock. No shares have been purchased under this plan.

We believe that the adult entertainment industry standard of treating entertainers as independent contractors provides us with safe harbor protection to preclude payroll tax assessment for prior years. We have prepared plans that we believe will protect our profitability in the event that sexually oriented business industry is required in all states to convert dancers who are now independent contractors into employees.

The sexually oriented business industry is highly competitive with respect to price, service and location, as well as the professionalism of the entertainment. Although management believes that we are well-positioned to compete successfully in the future, there can be no assurance that we will be able to maintain its high level of name recognition and prestige within the marketplace.

IMPACT OF INFLATION

We have not experienced a material overall impact from inflation in our operations during the past several years. To the extent permitted by competition, we have managed to recover increased costs through price increases and may continue to do so. However, there can be no assurance that we will be able to do so in the future.

SEASONALITY

Our nightclub operations are affected by seasonal factors. Historically, we have experienced reduced revenues from April through September with the strongest operating results occurring during October through March. Our experience to date indicates that there does not appear to be a seasonal fluctuation in our Internet activities.

GROWTH STRATEGY

We believe that our nightclub operations can continue to grow organically and through careful entry into markets and demographic segments with high growth potential. Our growth strategy is: (a) to open new clubs after careful market research, (b) to acquire existing clubs in locations that are consistent with our growth and income targets and which appear receptive to the upscale club formula we have developed, as is the case with the acquisition of the New York club and clubs in Charlotte, South Houston, San Antonio and Austin, (c) to form joint ventures or partnerships to reduce start-up and operating costs, with us contributing equity in the form of our brand name and management expertise, (d) to develop new club concepts that are consistent with our management and marketing skills, and/or (e) to acquire real estate in connection with club operations, although some clubs may be in leased premises.

On November 10, 2006, we purchased a 51% ownership interest of a nightclub in Austin, Texas, for \$1,533,750. The acquisition was funded by the issuance of 125,000 shares of our restricted common stock and \$500,000 in cash. Since the date of acquisition through December 31, 2006, the nightclub had total revenues of approximately \$158,000 and net loss of approximately \$165,000.

During fiscal 2006, we acquired three existing nightclub operations for a total cost of \$3,865,000. These acquisitions were funded primarily through indebtedness, \$3,195,000, and cash, \$670,000. For the three months ended December 31, 2006, these nightclub operations had total revenues of approximately \$678,000 and net loss of approximately \$306,000.

During fiscal 2005, we acquired two existing nightclub operations for a total cost of \$8,775,000. These acquisitions were funded primarily through indebtedness, \$8,862,000, and issuance of our restricted common stock, \$675,000. Part of the indebtedness was used for renovation of the nightclubs. During fiscal 2006, \$1,925,000 of the indebtedness was converted into 350,000 shares of our restricted common stock. For the three months ended December 31, 2006, these nightclub operations had total revenues of approximately \$2,362,000, compared to approximately \$1,625,000 for the three months ended December 31, 2005, and net income of approximately \$659,000 compared to a net loss of

approximately \$17,000 for the three months ended December 31, 2005.

We continue to evaluate opportunities to acquire new nightclubs and anticipate acquiring new locations that fit our business model as we have done in the past.

We also expect to continue to grow our Internet profit centers. We plan to focus on high-margin Internet activities that leverage our marketing skills while requiring a low level of start-up cost and ongoing operating costs and refine and tune our Internet sites for better positioning in organic search rankings amongst the major search providers. We will restructure affiliate programs to provide higher incentives to our current affiliates to better promote our Internet sites, while actively seeking new affiliates to send traffic to our Internet sites.

The acquisition of additional clubs and/or Internet operations will require us to obtain additional debt or issuance of our common stock, or both. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise. An inability to obtain such additional financing could have an adverse effect on our growth strategy.

Subsequent Events

In January 2007, 16,000 stock options were exercised by employees of the Company for total proceeds of \$39,840.

Item 3.

Controls and Procedures.

Eric S. Langan, our Chief Executive Officer and Chief Financial Officer, has concluded that our disclosure controls and procedures are appropriate and effective. He has evaluated these controls and procedures as of December 31, 2006. There have been no changes in our internal control over financial reporting during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect our internal control over financial reporting.

SEXUALLY ORIENTED BUSINESS ORDINANCE OF HOUSTON, TEXAS

In January 1997, the City Council of the City of Houston passed a comprehensive new Ordinance regulating the location of and the conduct within Sexually Oriented Businesses (the "Ordinance"). The Ordinance established new minimum distances that Sexually Oriented Businesses may be located from schools, churches, playgrounds and other sexually oriented businesses. There were no provisions in the Ordinance exempting previously permitted sexually oriented businesses from the effect of the new Ordinance.

Table of Contents

The Ordinance provided that a business which was denied a renewal of its operating permit due to changes in distance requirements under the Ordinance would be entitled to continue in operation for a period of time (the “Amortization Period”) if the owner were unable to recoup, by the effective date of the Ordinance, its investment in the business that was incurred through the date of the passage and approval of the Ordinance. Our nightclub in our south Houston location has a valid permit/license that expired in December 2006. The permits for our north Houston location and our Bering Drive location have expired.

In May 1997, the City of Houston agreed to defer implementation of the Ordinance until the constitutionality of the entire Ordinance was decided by court trial. In February 1998, the U.S. District Court for the Southern District of Texas, Houston Division, struck down certain provisions of the Ordinance, including the provision mandating a 1,500 foot distance between a club and schools, churches and other sexually oriented businesses, leaving intact the provision of the 750 foot distance as it existed prior to the Ordinance. The City of Houston appealed the District Court’s rulings with the Fifth Circuit Court of Appeals.

In November 2003, a three judge panel from the Fifth Circuit Court of Appeals published their Opinion which affirmed the Trial Court’s ruling regarding lighting levels, customer and dancer separation distances and licensing of dancers and staff. The Court of Appeals, however, did not follow the Trial Court’s ruling regarding the distance from which a club may be located from a church or school. The Court of Appeals held that a distance measurement of 1,500 feet would be upheld upon a showing by the City of Houston that its claims that there were alternative sites available for relocating clubs could be substantiated. The case was remanded for trial on the issues of the alternative sites.

Under the holding of the Fifth Circuit Court of Appeals, the City of Houston had the burden of proof to show that, under the distance measurements contained in the 1997 ordinance, there are alternate sites available for relocation. The trial commenced on December 4, 2006 and concluded on December 12, 2006. The Trial Court rendered its judgment in favor of the City of Houston on January 31, 2007. The Trial Court found that the City of Houston met its burden that there were sufficient alternate sites available to relocate all of the existing businesses in 1997. The Trial Court found the 1997 ordinance constitutional and enforceable. Post-trial motions are anticipated and discussions are being held with the City of Houston to withhold any enforcement of the ordinance until the Trial Court rules on the motions. An appeal to the Fifth Circuit Court of Appeals will be brought after the conclusion of the post-trial motions. If the post-trial motions are unsuccessful and the City of Houston elects to enforce the judgment, we, as well as every other similarly situated sexually oriented business located within the incorporated area of Houston, Texas, will have to either cease providing nude or semi-nude entertainment or develop alternate methods of operating. In such event, we presently intend to clothe our entertainers in a manner to eliminate the need for licenses and to take such steps as to not be subject to SOB ordinance compliance.

Item 2. **Unregistered Sales of Equity Securities and Use of Proceeds**

During our quarter ended December 31, 2006, we completed the following transactions in reliance upon exemptions from registration under the Securities Act of 1933, as amended (the "Act") as provided in Section 4(2) thereof. All certificates issued in connection with these transactions were endorsed with a restrictive legend confirming that the securities could not be resold without registration under the Act or an applicable exemption from the registration requirements of the Act. None of the transactions involved a public offering, underwriting discounts or sales commissions. We believe that each person was a "qualified" investor within the meaning of the Act and had knowledge and experience in financial and business matters, which allowed them to evaluate the merits and risks of our securities. Each person was knowledgeable about our operations and financial condition.

In October 2006, the seller of the New York club converted \$75,000 of principal from the related promissory note into 10,000 shares of restricted common stock.

In November 2006, as a part of the acquisition of 51% ownership interest in Playmates Gentlemen's Club LLC, we issued 125,000 shares of restricted common stock to the seller. These shares were valued at \$1,033,750.
