PROXY STATEMENT

FOR

2014 ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON MAY 2, 2014

---

GENERAL

This proxy statement is provided to the shareholders of Lincoln Educational Services Corporation, a New Jersey corporation (the “Company”), to solicit proxies, in the form enclosed, for use at the Annual Meeting of Shareholders of the Company to be held on May 2, 2014, at Lincoln Culinary Institute, 85 Sigourney Street, Hartford, Connecticut 06105, at 10:00 a.m. local time, and any and all adjournments or postponements thereof. The board of directors knows of no matters to come before the annual meeting other than those described in this proxy statement. This proxy statement and the enclosed form of proxy are first being mailed to shareholders on or about March 28, 2014.

Solicitation

This solicitation is made by mail on behalf of the board of directors of the Company. The Company will pay for the costs of the solicitation. Further solicitation of proxies may be made, including by mail, telephone, fax, in person or other means, by the directors, officers or employees of the Company or its affiliates, none of whom will receive additional compensation for such solicitation. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to their customers or principals who are the beneficial owners of shares of the Company’s common stock, no par value per share.

Voting Procedures

Only those holders of our common stock of record as of the close of business on March 13, 2014, the record date, will be entitled to notice of and to vote at the annual meeting. A total of 23,882,147 shares of the common stock were issued and outstanding as of the record date. Each share of common stock entitles its holder to one vote. Cumulative voting of shares of common stock is not permitted.

Shareholders of record can vote either in person at the annual meeting or by proxy whether or not they attend the meeting. To vote by proxy, a shareholder must either: (a) fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage-paid envelope, or (b) vote by Internet (instructions on Internet voting accompany the proxy card).

The presence in person or by proxy of holders of a majority of the outstanding shares of the common stock entitled to vote will be necessary to constitute a quorum to transact business at the annual meeting. Abstentions and broker non-votes will be treated as present for purposes of determining the existence of a quorum. At the annual meeting, directors will be elected by a plurality of the votes cast and a majority of the votes cast will be required to approve any of the other proposals, except that proposal 2 is advisory and non-binding. Abstentions, however, will not be counted as votes “for” or “against” the election of directors or “for” or “against” any of the other proposals. It is expected that brokers will not have discretionary power to vote on any of the proposals other than the ratification of the appointment of Deloitte and Touche LLP.

Proposals 1 and 2 are not considered to be routine matters, and your broker will not have discretion to vote with respect to these matters unless you specifically instruct your broker to do so by returning your signed voting instruction card. If you do not provide voting instructions to your broker, your shares will not be voted for any proposal on which your broker does not have discretionary authority (resulting in a broker non-vote).

Shares of the common stock represented by properly executed proxies in the form enclosed that are timely received by the Secretary of the Company and not validly revoked will be voted as specified on the proxy. If no specification is made on a properly executed and returned proxy, the shares represented thereby will be voted FOR the election of each of the nine nominees for director named in this proxy statement, FOR the approval of compensation of our named executive officers, and FOR the ratification of the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of the Company. If any other matters properly come before the annual meeting, it is the intention of the persons named in the accompanying proxy to vote such proxies in their discretion. In order to be voted, each proxy must be filed with the Secretary of the Company prior to exercise.

Revocability of Proxies

Shareholders may revoke a proxy at any time before the proxy is exercised. This may be done by filing a notice of revocation of the proxy with the Secretary of the Company, by filing a later-dated proxy with the Secretary of the Company or by voting in person at the annual meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

Shareholders will be asked at the annual meeting to elect nine directors. Our bylaws allow for a minimum of three directors and a maximum of 11 directors. Each elected director will hold office until the next annual meeting of shareholders and until the director's successor is duly elected and qualified. The board of directors knows of no reason why any of the nominees would be unable or unwilling to serve, if elected, but if any nominee should for any reason be unable or unwilling to serve, if so elected, the proxies received by the Company will be voted for the election of such other person for the office of director as the board of directors may recommend in the place of such nominee.

Shareholders may withhold authority to vote their proxies for either (i) the entire slate of nominated directors by checking the box marked WITHHOLD AUTHORITY on the proxy card, or (ii) any one or more of the individual nominees, by following the instructions on the proxy card. Instructions on the accompanying proxy card that withhold authority to vote for one or more of the nominees will cause any such nominee to receive fewer votes.

Upon recommendation of the Nominating and Corporate Governance Committee, the following nine persons have been selected by the board of directors as nominees for election to the board of directors: Alexis P. Michas, Shaun E. McAlmont, James J. Burke, Jr., Peter S. Burgess, Paul E. Glaske, J. Barry Morrow, Celia H. Currin, Charles F. Kalmbach and Alvin O. Austin. All of the nominees are incumbent directors. Additional information about these nominees is provided in the table and biographical information that follow.

Required Vote

A plurality of the votes cast at the annual meeting is required for the election of directors.

The board of directors unanimously recommends a vote FOR each of the named nominees.

The Nominating and Corporate Governance Committee also recommends to the board of directors candidates for nomination for election as directors of the Company and appointments of directors as members of the committees of the board of directors.

The Nominating and Corporate Governance Committee considers candidates for directors suggested by shareholders for elections to be held at an annual meeting of shareholders. Shareholders can suggest qualified candidates for directors by complying with the advance notification and other requirements of the Company’s bylaws regarding director nominations. Director nomination materials submitted in accordance with the Company’s bylaws will be forwarded to the Chairman of the Nominating and Corporate Governance Committee for review and consideration. Director nominees suggested by shareholders will be evaluated in the same manner, and subject to the same criteria, as other nominees evaluated by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee also considers candidates for director suggested by its members, other directors and management and may from time to time retain a third-party executive search firm to identify director candidates for the Nominating and Corporate Governance Committee.

Generally, once the Nominating and Corporate Governance Committee has identified a prospective nominee, it will make an initial determination as to whether to conduct a full evaluation of the candidate based on information provided to it with the recommendation of the candidate, as well as the Nominating and Corporate Governance Committee’s own knowledge of the candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is based primarily on the need for additional directors to fill vacancies or expand the size of the board of directors and the likelihood that the candidate can satisfy the evaluation factors described below. If the Nominating and Corporate Governance Committee determines, in consultation with the Chairman of the board and other directors, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the candidate’s background and experience and to report its findings to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee then evaluates the candidate against the standards and qualifications set out in guidelines for director candidates adopted by the board of directors, including, without limitation, the nominee’s management, leadership and business experience, skill and diversity, such as financial literacy and knowledge of directorial duties, and integrity and professionalism.

The Nominating and Corporate Governance Committee also considers such other relevant factors as it deems appropriate, including the current composition of the board of directors, the balance of management and independent directors, the need for particular expertise (such as audit committee expertise) and the evaluations of other prospective nominees. In connection with this evaluation, the Nominating and Corporate Governance Committee determines whether to interview the prospective nominee, and, if warranted, one or more members of the Nominating and Corporate Governance Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Nominating and Corporate Governance Committee

makes a recommendation to the full board of directors as to the persons who should be nominated by the board of directors and the board of directors determines the nominees after considering the recommendation of the Nominating and Corporate Governance Committee.

#### Compensation Committee

The Compensation Committee consists of directors Morrow (Chairman), Glaske, Burke and Kalmbach. Mr. Burke has served on the Compensation Committee since his appointment on April 30, 2013. The Compensation Committee held three meetings in 2013. Each member of the Compensation Committee meets the independence requirements under the NASDAQ Stock Market listing standards, Section 162(m) of the Internal Revenue Code and Section 16 of the Securities Exchange Act. The Compensation Committee has the authority to develop and maintain a compensation policy and strategy that creates a direct relationship between pay levels and corporate performance and returns to shareholders; recommend compensation, special benefits, perquisites, and incidental benefits to our board for approval; review and approve annual corporate and personal goals and objectives to serve as the basis for the chief executive officer's compensation, evaluate the chief executive officer's performance in light of the goals and, based on such evaluation, determine the chief executive officer's compensation; determine the annual total compensation for our named executive officers; with respect to our equity-based compensation plans, approve the grants of stock options and other equity-based incentives as permitted under our compensation plans; review and recommend compensation for non-employee directors to our board; and review and recommend employment agreements, severance arrangements and change in control plans that provide for benefits upon a change in control, or other provisions for our executive officers and directors, to our board. The Compensation Committee may retain compensation consultants having special competence to assist it in evaluating director and executive compensation and may also retain counsel, accountants or other advisors, in its sole discretion. The Compensation Committee did not retain a compensation consultant in 2013. The Compensation Committee also has the power to delegate its authority and duties to subcommittees or individual members of the committee, as it deems appropriate in accordance with applicable laws and regulations. The charter for the Compensation Committee is published on our website at [www.lincolnedu.com](http://www.lincolnedu.com).

### Director Independence

Our board of directors has a majority of independent directors as is required by the NASDAQ Marketplace Rules. Our board of directors has determined that each of our director nominees other than Shaun E. McAlmont, our Chief Executive Officer, is an “independent director” as such term is defined under the NASDAQ Marketplace Rules. All of the members of the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee are independent directors.

### Board Leadership Structure

Currently, the roles of Chief Executive Officer and Chairman of the board of directors are held by different individuals. In the past, the position of Chief Executive Officer and Chairman were combined when deemed appropriate by the board of directors.

Our board of directors has adopted a flexible policy regarding the issue of whether the positions of Chairman and Chief Executive Officer should be separate or combined. Our board of directors regularly evaluates whether the interest of the Company and its shareholders are best served at any particular time by having the Company’s Chief Executive Officer or another director hold the position of Chairman. Our board of directors believes that no single, one-size fits all, board-leadership model is universally or permanently appropriate. This structure has proven especially useful to facilitate executive leadership training, succession, and orderly transitions. At present, the board of directors believes that its current structure effectively maintains independent oversight of management.

As Non-Executive Chairman of the board of directors, Alexis P. Michas ensures that the board of directors fulfills its oversight and governance responsibilities and directs the activities and meetings of the board of directors. In addition, Mr. Michas is responsible for coordinating the activities of the non-employee directors and leading executive sessions of the non-employee directors, which are generally held in conjunction with each regularly scheduled board of directors meeting.

### Board of Directors’ Role in Risk Oversight

Our board of directors has an active role, as a whole and also at the committee level, in overseeing the risk management of the Company. This is designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full board of directors in setting the Company’s business strategy is a key part of its assessment of management’s appetite for risk and also a

determination of what constitutes an appropriate level of risk for the Company.

Fundamental aspects of the board of directors' risk management oversight activities include:

· understanding the key drivers of success for our business and the associated major risks inherent in our operations and corporate strategy;

overseeing that appropriate risk management and control procedures are implemented by management and developing and maintaining an effective risk dialogue with management; and

crafting the right board of directors for our Company, including ensuring that the board of directors has the right mix of background, skills and experience and an appropriate committee structure to carry out its oversight responsibilities effectively;

While the board of directors has the ultimate oversight responsibility for the risk management process, various committees of the board of directors also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors. The Audit Committee also assists the board of directors in fulfilling its oversight responsibility with respect to legal and compliance issues. The Nominating and Corporate Governance Committee, in addition to making recommendations with respect to corporate governance matters and nominations of directors, manages risks associated with the independence of the board of directors and potential conflicts of interest. The Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business which are appropriately balanced and do not motivate employees to take imprudent risks. All committees report to the full board as appropriate, including when a matter rises to the level of a material or enterprise level risk.

The Company has reviewed its compensation programs and considered the extent to which its compensation policies and practices influence the behaviors of our executives and other employees with respect to taking business risks that could affect the Company. We believe that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company, either individually or in the aggregate.

### Board Diversity

The Nominating and Corporate Governance Committee, in accordance with the board's governance principles, seeks to create a board that as a whole is strong in its collective knowledge and has a diversity of skills and experience with respect to vision and strategy, management and leadership, business operations, business judgment, crisis management, risk assessment, industry knowledge, accounting and finance, corporate governance and markets in general. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the board of directors and the Nominating and Corporate Governance Committee believe that it is essential that the members of our board of directors represent diverse viewpoints. The Nominating and Corporate Governance Committee focuses on diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. In considering candidates for the board of directors, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards.

### Compensation Committee Interlocks and Insider Participation

Messrs. Morrow, Glaske and Kalmbach served on the Compensation Committee during the entire 2013 fiscal year. Mr. Burke has served on our Compensation Committee since his appointment on April 30, 2013. There were no Compensation Committee interlocks or insider (employee) participation during 2013.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides an overview and analysis of our executive officer compensation program and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading “Additional Information Regarding Executive Compensation,” you will find a series of tables containing specific information about the compensation earned or paid in 2013 to the following individuals, whom we refer to as “our named executive officers” or “NEOs.”

In 2013, the Company had four executive officers:

- Shaun E. McAlmont, Chief Executive Officer
- Scott M. Shaw, President and Chief Operating Officer
- Cesar Ribeiro, Executive Vice President, Chief Financial Officer and Treasurer
- Piper P. Jameson, Executive Vice President and Chief Marketing Officer

The discussion below is intended to help you understand the detailed information provided in the tables that follow and put that information into context within our overall compensation program.

Executive Summary

2013 Advisory Vote on Executive Compensation and Shareholder Outreach.

At the 2013 Annual Meeting we held an advisory “say-on-pay” vote on our executive compensation program as set forth in our 2013 proxy statement. Approximately 52% of the votes cast on the say-on-pay proposal voted in favor of the program, which was a decrease from the level of support we received in 2012. We were disappointed in these results. In response to those results and at the direction of the Compensation Committee, we met with our largest institutional investors during 2013 to discuss, among other things, our compensation program. While none of these shareholders expressed specific concerns regarding our pay practices, we were asked to explain why only time-based restricted stock was awarded on December 5, 2012.

We continuously strive to align our compensation with corporate performance and our shareholders’ interests.

Performance-based restricted stock comprises 40% of our equity compensation and vests based upon the attainment of both (i) a threshold operating income margin target and (ii) annual earnings before interest, taxes, depreciation and amortization (“EBITDA”) targets during the four-year performance period. As we did not meet the EBITDA targets in 2011, 2012 or 2013, our NEOs have not received any shares with respect to their performance-based restricted stock grants and have forfeited 50% of the performance-based shares that were issued in 2011. The terms of these awards are described in more detail below under “Long-Term Stock Incentives.”

We maintain an annual performance-based incentive compensation plan, the MIC Plan. Payments under the MIC Plan are based on the attainment of predetermined net income, revenue and company-wide quality focused outcome targets. We did not meet most of the specified target levels of performance in either 2012 or 2013 and as a result payments under the MIC Plan were significantly below the target award opportunity. In 2013, our NEOs received payment of approximately 55% of their MIC Plan target award opportunity and in 2012 the MIC Plan paid out at approximately 57% of the target award opportunity. The terms of these awards are described in more detail below under “2013 Annual Performance-Based Incentive Compensation.

·In 2011, the Compensation Committee implemented a restricted stock program pursuant to which each of the named executive officers received awards of both time-based restricted stock and performance-based restricted stock every

two years. The Compensation Committee believes that a combination of time-based and performance-based restricted stock grants will better align the interests of our named executive officers with those of our shareholders. Consistent with its program, the Compensation Committee approved an award consisting of time-based restricted stock (60% of the total award) and performance-based restricted stock (40% of the total award). The time-based portion of the restricted stock award was granted on December 5, 2012 and the performance-based restricted stock was awarded on April 29, 2013, the date our shareholders approved an amendment to the 2005 Long-Term Incentive Plan to increase the number of shares available for issuance under the plan. Time-based restricted stock was not awarded to our named executive officers in 2013.

The Compensation Committee believes that these practices highlight the close link between pay and performance under our compensation program.

Recent Changes to Compensation Program.

Over the past few years we have implemented a number of important changes to our compensation practices. These changes reflect our continuing commitment to improving our pay-for-performance alignment, while embracing contemporary compensation and governance best practices. The changes include the following:

Effective January 1, 2013, we entered into a new employment agreement with each of our NEOs that provides for “double-trigger” change in control severance benefits. As a result, no severance benefits will be provided to an NEO unless the NEO incurs an involuntary termination during the two-year period following a change in control. The terms of these employment agreements are described in detail below under the heading “Employment Agreements.”

Over the past few years, we made key changes to our annual cash and long-term stock incentive compensation program to enhance our pay-for-performance philosophy to better align with the interests of our executives and shareholders. These included:

eliminating the individual performance component of our annual incentive compensation plan and adding a § component linked to company-wide quality focused outcomes that directly impact the Company’s overall health and viability (placement rates, graduation rates and cash collections);

§ capping the maximum amount payable under the annual incentive compensation plan at 200% of target; and

§ granting performance-based restricted stock that vests upon the attainment of EBITDA targets during each year of the four-year vesting period.

The Compensation Committee continually reviews the executive compensation program and may, from time to time, modify certain aspects of the program to ensure that it remains aligned with the interests of the Company’s shareholders.

Sound Compensation and Corporate Governance Practices.

The Company seeks to implement and maintain sound compensation governance practices to ensure adherence to our pay-for-performance philosophy while appropriately managing risk and aligning our executive compensation program with the financial interests of the Company’s shareholders. Highlights of our practices include:

Double-Trigger Change in Control Severance Benefits. Our executives will only be eligible to receive severance benefits if they experience an involuntary termination of employment within the two-year period following a change in control.

Cap on Annual Incentive Compensation. The aggregate maximum annual incentive award that can be earned by each of our named executive officers is capped at 200% of their target.

No Retirement Programs. We do not maintain enhanced retirement arrangements for our executive officers. Executive officers are eligible to participate in our 401(k) plan in the same manner as all employees.

·No tax gross-ups.

### Compensation Philosophy and Objectives

The Company and the Compensation Committee believe that compensation paid to executive officers should be closely aligned with our performance on both a short-term and long-term basis, and that such compensation should assist us in attracting and retaining key executives that are critical to our long-term success.

Our compensation program is designed to offer executive officers competitive compensation based on our performance, our unique niche, strategy, business model and execution, and on the individual's contribution, performance and leadership. Our compensation policies are intended to motivate, reward and retain highly qualified executives for long-term strategic management and enhancement of shareholder value, to support a performance-oriented environment that rewards achievement of specific internal Company goals, and to attract and retain executives whose abilities are critical to our long-term success and competitiveness. Our compensation goals are further intended to mitigate incentives for our executives who take excessive risks that may be adverse to the Company and our shareholders in the long-term.

The Compensation Committee has reviewed all components of the compensation for the named executive officers, including salary, annual incentives, equity and long-term incentive compensation, accumulated realized and unrealized stock options, the dollar value to the executive and cost to the Company of all perquisites, and the actual projected payout obligations under potential severance and change-in-control scenarios.

### Setting Executive Compensation

We intend to continue our strategy of compensating our executives through programs that emphasize performance-based incentive compensation. We have structured annual cash and long-term equity incentive compensation to both motivate executives to achieve the business goals set by the Company and to reward the executives for achieving such goals. Our executive compensation program is further designed to discourage excessive risk taking by assessing performance across multiple dimensions and metrics, including both regulatory performance and student outcomes.

For the named executive officers, the main components of our compensation program are base salary, an annual performance-based cash incentive and long-term performance-based restricted stock. In allocating compensation among these components, the Compensation Committee believes that the compensation of our senior levels of management, the levels of management having the greatest ability to influence our performance, should be predominately performance-based. Base salary is intended to provide a certain level of income commensurate with an executive's position, responsibilities, and contributions to the Company. Base salary represents approximately 39% of our CEO's 2013 total compensation opportunity and between 45% and 48% of the 2013 total compensation for our other NEOs.

The annual performance-based cash incentive compensation focuses on short-term performance while the performance-based restricted stock is tied to achievement of performance over a longer period of time. This mix of short- and long-term incentives provides sufficient rewards to motivate near-term performance, while at the same time providing significant incentives to keep our executives focused on longer term corporate goals that drive shareholder value. In addition, we believe this balance of short-term and long-term incentive compensation and the mix of varied performance metrics helps mitigate the incentive for executives to take excessive risk that may have the potential to harm the Company in the long-term. Approximately 61% of our CEO's 2013 total compensation opportunity is comprised of annual performance-based cash incentives and performance-based restricted stock. For our other NEOs, the percentages are between 52% and 55%.

Compensation for the Chief Executive Officer is based on the Compensation Committee's independent assessment of his performance during the year. The Chief Executive Officer plays a significant role in setting the compensation for

the other named executive officers by presenting an evaluation of each executive's performance and his recommendation for levels of their compensation. The Compensation Committee makes all final decisions with respect to the total compensation package for each of the named executive officers and has the authority to accept, reject, or modify these recommendations in connection with its determination. The Compensation Committee did not retain a compensation consultant in 2013.

#### Base Salary

Base salaries for our named executive officers are based on job responsibilities and individual contribution with reference to base salary levels of executives at comparable publicly held companies. The Compensation Committee also considers several other factors in setting base salaries, including the executive's experience and tenure, our overall annual budget for merit increases and pre-tax profit, the executive's individual performance, changes in the executive's responsibility and the executive's overall contribution to our success. We review salary levels annually to recognize these factors. We do not target base salary at any particular percentage of total compensation.

Table of Contents2013 Annual Performance-Based Incentive Compensation

Our named executive officers are eligible to participate in the Management Incentive Compensation Plan (the “MIC Plan”). Under the MIC Plan, the Compensation Committee approves the calculation of performance-based cash incentive opportunity for our named executive officers by taking into account certain financial performance targets and as well as company-wide quality focused outcomes. Awards under the MIC Plan reflect the Compensation Committee’s belief that a significant portion of the total annual compensation of each executive officer should be contingent upon the overall financial performance of the Company as well as the attainment corporate initiatives relating to student outcomes and shareholder value. For 2013, the Compensation Committee set the target incentive compensation award levels at 100% of base salary for Mr. McAlmont and 75% of base salary for Messrs. Shaw and Ribeiro and Ms. Jameson. The maximum amount payable to each named executive officer is 200% of his or her target incentive compensation award.

The 2013 performance measures under the MIC Plan, including their relative weightings, are as follows:

Performance Measure	Percentage of Total Incentive Compensation Opportunity 2013
Net Income	35%
Revenue	25%
Company-Wide Quality Focused Outcomes	40%

At the beginning of 2013, the Compensation Committee set target goals for each of the above performance measures. In general, the Compensation Committee sets the net income and revenue performance targets above the performance targets publicly announced for the Company. This is consistent with the Compensation Committee’s philosophy that performance-based annual compensation awards should incent our named executive officers to attain better than average performance.

**Net Income Component.** For 2013, 35% of each named executive officer’s target incentive opportunity was based on the achievement of net income goals. The named executive officers could earn a portion of their target incentive opportunity if our net income was within 10% of our target goal. The percentage of the net income component paid decreases by 10% for each percentage point that actual performance was below our target net income goal. No payments are made with respect to the net income component if actual performance was at or below 90% of our target net income goal. Our named executive officers could earn more than their target net income component if our net income was greater than the target goal. The percentage increases by 8% for each percentage point that actual performance was above the target net income goal.

For 2013, the Compensation Committee set a net income goal of \$0. Actual net income, as adjusted, was \$(6.0) million. As we did not achieve at least 90% of our net income goal in 2013, none of the named executive officers received a payment with respect to the net income component.

**Revenue Component.** For 2013, 25% of each named executive officer’s target incentive opportunity was based on the achievement of revenue goals. The named executive officers could earn a portion of their target incentive opportunity if our revenues were within 10% of our target goal. The percentage of the revenue component paid decreases by 10% for each percentage point that actual performance was below our target revenue goal. No payments are made with respect to the revenue component if actual performance was at or below 90% of our target revenue goal. Our named executive officers could earn more than their target revenue component if our revenues were greater than the target goal. The percentage increases by 8% for each percentage point that actual performance was above the target revenue goal.

For 2013, the Compensation Committee set a revenue goal of \$390.2 million. Actual revenues, as adjusted, were \$345.0 million. As we did not achieve at least 90% of our revenue goal, none of the named executive officers received a payment with respect to the net income component.

Company-Wide Quality Focused Outcomes Component. Each of our named executive officers could earn 40% of their target incentive opportunity for the achievement of company-wide quality focused outcomes. The performance goals related to the achievement of specific aspects of the Company's business strategy and corporate initiatives relating to student outcomes and to shareholder value. These initiatives included graduation rates, placement rates and cash collections and were weighted equally.

No payments are made with respect to each initiative of the company-wide quality focused outcomes component if the specified target for such initiative was not attained. Our named executive officers could earn more than their target incentive opportunity for this component if performance with respect to one or more of the initiatives was greater than the target goal. The percentage increased by 8% for each percentage point that actual performance was above the target goal for the initiative.

For 2013 we targeted (i) graduation rates of 60.0%, (ii) placement rates of 74.0%, and (iii) cash collections of 16.0%. Actual results for these metrics were 64.6%, 75.4% and 24.0%, respectively. As a result, the Company achieved 138.75% of the 40% of their target incentive opportunity attributable to Company-wide quality focused outcomes in 2013 and each of our named executive officers received a corresponding percentage of the company-wide quality focused outcomes component.

Aggregate Incentive Compensation Paid. Based on the above, for 2013, each of our named executive officers received an aggregate incentive award of 55.5% of their respective target incentive opportunities as set forth below:

Named Executive Officer	Target	Total
	2013 MIC Plan Award	2013 MIC Plan Payment
Shaun E. McAlmont	\$500,000	\$227,291
Scott M. Shaw	\$300,000	\$166,375
Cesar Ribeiro	\$273,750	\$151,817
Piper P. Jameson	\$232,500	\$128,940

Long-Term Stock Incentives

Stock incentives focus executives' attention on the Company from the perspective of an owner with an equity stake in the business. The Compensation Committee believes that the Company's long-term performance is achieved through an ownership culture that encourages long-term performance by our named executive officers through grants of stock-based awards. Our shareholder-approved 2005 Long-Term Incentive Plan provides for the grant of stock options, restricted stock, performance stock and other equity-based awards. Equity awards are generally made at the discretion of the Compensation Committee based on a multiplicity of factors, including total compensation at peer companies, the level of equity ownership of the executives, and judgments of individual performance during the year.

In 2011, the Compensation Committee implemented a restricted stock program pursuant to which each of the named executive officers received awards of both time-based restricted stock and performance-based restricted stock. The Compensation Committee believes that a combination of time-based and performance-based restricted stock grants will better align the interests of our named executive officers with those of our shareholders.

Performance-Based Restricted Stock.

2013 Performance Shares. On April 30, 2013, the Compensation Committee granted performance-based restricted stock awards to certain members of our senior management, including each of our named executive officers ("2013 Performance Shares"). The 2013 Performance Shares vest in equal installments over four years based upon the attainment of both (i) a threshold operating income margin of at least 6.5% during any one or more of the fiscal years in the period beginning January 1, 2014 and ending December 31, 2016 and (ii) annual EBITDA targets during each of the four-year performance period.

The EBITDA targets are set by the Compensation Committee at the beginning of each applicable year. Twenty-five percent of the 2013 Performance Shares will vest if the EBITDA target for the applicable year is attained. If the applicable EBITDA target is not attained, the Compensation Committee has the discretion to determine that the 2013 Performance Shares that would have vested had the target been attained will not be forfeited but, instead, will be subject to a catch-up EBITDA target to be set in the subsequent year. A catch-up target is a stretch goal that requires a greater level of performance than the performance goal set for the applicable performance period. In addition, notwithstanding the attainment of the applicable performance targets, the Compensation Committee has the discretion to determine that all or a portion of the 2013 Performance Shares will not vest based on facts and circumstances occurring after the date of grant that the Compensation Committee deems relevant. Provided that the threshold operating income margin is attained, upon a change in control or an executive's termination of employment due to death, disability, by the executive for Good Reason or by the Company without Cause, the 2013 Performance Shares will immediately vest. If the threshold goal is not attained, the Performance Shares will be forfeited upon a change in control or termination of employment for any reason.

The number of 2013 Performance Shares granted to each of our named executive officers is as follows:

	2013 Performance-Based
Named Executive Officer	Shares
Shaun E. McAlmont	97,691
Scott M. Shaw	69,272
Cesar Ribeiro	56,838
Piper P. Jameson	35,524

2011 Performance Shares. On April 29, 2011, the Compensation Committee granted performance-based restricted stock awards to certain executives including each of the named executive officers (“2011 Performance Shares”). The 2011 Performance Shares have substantially the same terms and conditions as the 2013 Performance Shares. In 2011 the Company had an operating margin, as adjusted, of 8.8%, thereby attaining the threshold performance metric applicable to the 2011 Performance Shares.

### Table of Contents

2013 EBITDA Goals. The Compensation Committee set an EBITDA target of \$26.4 million for the 2013 performance period. This target was applicable to both the 2011 and 2013 Performance Shares. Actual EBITDA, as adjusted, for 2013 was \$16.3 million. As the Company did not attain the 2013 EBITDA target, none of the 2011 or 2013 Performance Shares subject to the 2013 goals vested.

In March 2014, the Compensation Committee set a 2014 catch-up EBITDA target applicable to the 2011 Performance Shares and 2013 Performance Shares that would have vested in 2013. This catch up EBITDA target requires a greater level of performance (47%) than the general performance target set for 2014. These targets will be disclosed in our 2015 proxy.

As disclosed in our 2013 proxy, the 2012 EBITDA target applicable to the 2012 vesting tranche of the 2011 Performance Shares was also not satisfied. The Compensation Committee set a 2013 catch-up EBITDA target of \$45 million. This catch up EBITDA target requires a greater level of performance than the general EBITDA target set for 2013. The Company's actual EBITDA for 2013 was \$16.3 million and the Company did not attain this 2013 catch-up target. As a result, none of the 2011 Performance Shares subject to the 2013 catch-up target vested and those shares (25% of the original grant) were forfeited.

To date, None of our named executive officers have received any shares with respect to their performance-based restricted stock grants and each of our named executive officers has forfeited 50% of the performance-based shares that were issued in 2011.

The Company does not currently require our named executive officers to hold shares acquired in connection with equity awards beyond the applicable vesting period.

Time-Based Restricted Stock. The Company did not award any time-based restricted stock to our named executive officers in 2013.

### No Backdating or Spring Loading

The Company does not backdate options or grant options retroactively. In addition, we do not plan to coordinate grants of options, restricted stock or other equity awards so that they are made before announcement of favorable information or after announcement of unfavorable information. Stock options are granted at fair market value on the date the option grants are approved by our Compensation Committee. Fair market value has been consistently determined as the closing price on the NASDAQ Global Select Market on the grant date. All option grants and restricted stock awards require the approval of the Compensation Committee. The Company's general practice is to grant options and restricted stock only on the dates of a regularly scheduled Compensation Committee meeting, although there are occasions when grants have been made on other dates.

### Comparative Data

The Company has not implemented a formal benchmarking process and does not target named executive officer compensation at a specified level of a peer group. In 2013, the Compensation Committee informally reviewed compensation information set forth in public filings with the SEC (including base salaries, annual incentive bonuses and equity-based compensation) for the following companies: American Public Education, Inc., Bridgepoint Education, Inc., Capella Education Co., Career Education Corporation, Corinthian Colleges, Inc., DeVry, Inc., Education Management Corporation, Grand Canyon Education Inc., ITT Educational Services, Inc., Strayer Education, Inc. and Universal Technical Institute, Inc.

The purpose of this review was to determine whether the level of compensation proposed to be paid to the Company's named executive officers during 2013 was outside the range of the compensation paid to the named executive officers

at our peer companies, with the understanding that adjustments would be considered if such proposed compensation proved to be significantly outside the range of our peer groups. After this informal review, the Compensation Committee determined that the compensation proposed to be paid to the Company's named executive officers was within the peer group range and consequently that no adjustments were required at that time.

The Compensation Committee also reviewed general survey data across a broad cross-section of industries for companies with revenues similar to ours.

#### Employment Agreements and Change in Control Benefits

The Company entered into employment agreements with each of our named executive officers that became effective on January 1, 2013, upon the expiration of their prior employment agreements. Each of these agreements will expire on December 31, 2014. The agreements are described below under "Employment Agreements."

In 2011, the Compensation Committee amended the employment agreements with our executive officers to provide for a "double-trigger" change in control severance benefits. Previously, the employment agreements contained a "single-trigger" change in control severance benefit. The amended employment agreements provide for severance benefits only upon an involuntary termination of employment during the two-year period following a change of control. All stock options and restricted stock awards held by our named executive officers will immediately vest upon the occurrence of a change in control. The performance-based restricted stock will vest upon a change in control only if the threshold operating income margin target has been attained.

### Table of Contents

We do not provide our executive officers with tax gross-ups for “excess parachute payments” under Section 280G of the Internal Revenue Code upon a change in control. In the event that any payment or distribution by us to or for the benefit of our named executive officers would be considered a “parachute payment” for purposes of Section 280G, the amount of such payments may be reduced to the largest amount permissible without triggering excise taxes under Section 4999 of the Internal Revenue Code.

### Retirement Plans

The Company maintains a plan qualified under Section 401(k) of the Internal Revenue Code for the benefit of all employees. Our named executive officers are eligible to participate in this plan on the same terms and conditions as all other employees. At the discretion of our board of directors, we may make discretionary matching and/or profit-sharing contributions into our 401(k) plan for eligible employees, which may be subject to vesting requirements. We believe that a 401(k) plan encourages our employees to save for future retirement needs and we encouraged this in 2013 by matching 30% of our employee’s annual contributions, up to 6% of total compensation, subject to a compensation limitation and/or a contributions limitation pursuant to the Internal Revenue Code. With respect to each of the named executive officers, the following matching contributions were made on their behalf under our 401(k) plan for 2013: \$3,000 for Mr. McAlmont; \$5,250 for Mr. Shaw; \$5,250 for Mr. Ribeiro and \$4,495 for Ms. Jameson.

We do not provide any additional retirement benefits for our named executive officers. None of our named executive officers participate in a non-qualified deferred compensation program or pension arrangement.

### Welfare Benefits and Perquisites

Our named executive officers are eligible to participate in our medical and dental health insurance plans, our life insurance plan and our long-term disability insurance plan on the same terms and conditions as all other employees. We also provide our named executive officers with supplemental life insurance. We believe that the benefits we offer are important components of our comprehensive benefit package, which encourages employees to remain with us.

We also provide each of the named executive officers with use of a vehicle for business and personal use and pay for associated costs, including automobile insurance, parking and fuel. The executives are responsible for all taxes related to this benefit.

We do not provide any other perquisites or benefits to our named executive officers and we do not pay any tax gross-ups with respect to any compensation.

### Tax Deductibility of Compensation; Accounting

Section 162(m) of the Internal Revenue Code precludes a public corporation from taking a deduction for compensation in excess of \$1 million with respect to each of the named executive officers (excluding the Chief Financial Officer). Section 162(m) exempts qualifying performance-based compensation from the deduction limit if applicable requirements are met. The Compensation Committee strives to provide our named executive officers with compensation programs that will preserve the tax deductibility of compensation paid by the Company, to the extent reasonably practicable and to the extent consistent with the Company’s other compensation objectives. However, the Compensation Committee believes that shareholder interests are best served if it retains the flexibility to compensate executives in a manner intended to promote varying corporate goals, even if certain amounts that may be payable in excess of \$1 million may not be deductible under Section 162(m).

The Compensation Committee also takes accounting considerations, including the impact of Financial Accounting Standards Board Accounting Standards Codification 718 Compensation – Stock Compensation (FASB Statement

123(R), Share Based Payments), into account in structuring compensation programs and determining the form and amount of compensation awarded.

#### Compensation Committee Report

The Compensation Committee has reviewed and discussed with the Company's management the Compensation Discussion and Analysis included in this proxy statement. Based on that review and discussion, the Compensation Committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

(1) In 2013, the Company had four executive officers. Ms. Jameson became an executive officer on November 1, 2011.

(2) Represents the aggregate grant date fair value of restricted stock grants during each of the years presented. The fair values of these grants were determined in accordance with FASB ASC Topic 718 (excluding the effect of estimated forfeitures). See Note 1 to the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2013, regarding assumptions underlying the valuation of equity awards. Whether, and to what extent, a named executive officer realizes value will depend on our actual operating performance, stock price fluctuations and the named executive officer's continued employment. Amounts reported for these awards may not represent the amounts that the named executive officers will actually realize from the awards.

Pursuant to the Securities and Exchange Commission disclosure rules, the dollar value included in the table with respect to 2013 represents the grant date fair value of 25% of the performance-based restricted stock awards granted in each of 2011 and 2013 ("Performance Shares"). The dollar value included in the table with respect to 2011 and 2012 represents the grant date fair value of (i) the time-based restricted stock granted in the applicable year and (ii) 25% of the performance shares granted in 2011.

Time-based restricted stock awards generally vest ratably over four years with 20% vesting on each of the date of grant and the first through fourth anniversaries of the date of grant. The time-based restricted stock awards granted to each of the NEOs on March 2, 2012 vested in full on March 2, 2013. The Performance Shares vest based upon the attainment of (i) a threshold operating income margin target and (ii) EBITDA targets set by the Compensation Committee each year during the applicable four-year performance period as described in the "Compensation Discussion and Analysis." As none of the 2011, 2012 or 2013 EBITDA targets were attained, to date, the named executive officers have not received any value with respect to the 2011 or 2013 Performance Shares.

The terms and conditions of the time-based restricted stock and the Performance Shares are described in detail above in the “Compensation Discussion and Analysis.” There is no vesting period on the right to vote or the right to receive dividends on the restricted stock awards.

(3) Reflects the value of cash incentive awards paid under our MIC Plan as described in the “Compensation Discussion and Analysis.”

(4) Amounts reflected in this column include 401(k) matching contributions for each named executive officer as well as the costs related to personal use of a company-owned vehicle by the named executive officers and premiums paid on life insurance policies during 2013. With respect to each of the named executive officers, the following matching contributions were made on their behalf under our 401(k) plan for 2013: \$3,000 for Mr. McAlmont; \$5,250 for Mr. Shaw; \$5,250 for Mr. Ribeiro and \$4,495 for Ms. Jameson.

(1) All outstanding stock options, restricted stock and performance shares granted by the Company to the named executive officers will become fully vested and immediately exercisable upon (i) a Change in Control, (ii) an Involuntary Termination or (iii) upon the executive's death or disability. Vesting of the Performance Shares upon a change in control is contingent upon the Company attaining the threshold operating income margin target. This target was satisfied with respect to the 2011 Performance Shares but has not been satisfied with respect to the 2013

Performance Shares.

(2) Includes a cash payment equal to the Company's estimate of the employer portions of the premiums that would be necessary to continue the executive's health care benefits coverage until the first anniversary of the executive's date of termination.

(3) Includes an annual incentive compensation award for the year of termination based upon attainment of target levels.

Employment Agreement with Shaun E. McAlmont

**Employment Period.** The agreement provides that Mr. McAlmont will serve as our Chief Executive Officer through December 31, 2014.

**Compensation and Benefits.** Mr. McAlmont will receive a minimum annual base salary of \$500,000, will be eligible to participate in the MIC Plan and, to the extent eligible, in all of our employee benefit plans, programs and arrangements that are established for, or made available to, our senior executives.

**Involuntary Termination.** In the event of an “Involuntary Termination” (as defined below) of Mr. McAlmont’s employment, we will pay him: (1) two times his base salary, as is then in effect; (2) two times the average of his annual incentive compensation award over the prior two years; and (3) a cash amount equal to the Company’s estimate of the employer portion of the premiums necessary to continue his health care benefits coverage for the earlier of (A) one year and (B) the date on which he is covered under another group health plan. These amounts would be paid by us in a lump-sum 60 days following his termination. In addition, Mr. McAlmont will receive a prorated annual award under the MIC Plan for the year in which the Involuntary Termination occurs based on actual performance, payable at the time that awards are generally paid to employees for the applicable year.

**Death or Disability.** In the event that Mr. McAlmont dies or his employment is terminated as a result of his disability, we will pay him (or his estate, if applicable) his accrued but unpaid base salary and employee benefits earned through the date of his termination, including, without limitation, any MIC Plan award due but not yet paid for a completed calendar year. In addition, (i) Mr. McAlmont will receive a prorated target MIC Plan award for the year of termination and (ii) all of Mr. McAlmont’s outstanding stock options and restricted stock shall become fully vested, and stock options shall become immediately exercisable and remain exercisable for one year (or until the option’s normal expiration date, if earlier).

**Change in Control.** Upon a “Change in Control” (as defined below), we (or our successor) will continue the employment of Mr. McAlmont for a period of two years commencing on the date of the Change in Control and ending on the second anniversary thereof.

In the event that any payment or distribution by us to or for the benefit of Mr. McAlmont pursuant to the terms of the employment agreement or otherwise would be considered a “parachute payment” and the amount of the parachute payment, after deduction of all relevant taxes, including excise taxes imposed by Section 4999 of the Internal Revenue Code, is less than the amount Mr. McAlmont would receive if he was paid three times his average “base amount” less \$1.00, then the aggregate amounts constituting the parachute payment will be reduced (or returned by Mr. McAlmont if already paid to him) to an amount that will equal three times his average “base amount” less \$1.00.

**Noncompetition.** Mr. McAlmont is subject to a noncompetition restrictive covenant during the term of his employment and for two years thereafter, although the covenant will not apply if his employment is terminated due to an Involuntary Termination.

Confidentiality. Mr. McAlmont is subject to a confidentiality restrictive covenant of unlimited duration.

Waiver and Release. Our obligations upon a termination of employment under Mr. McAlmont's employment agreement are subject to Mr. McAlmont executing and delivering a waiver and release of claims against us.

Employment Agreements with Messrs. Shaw and Ribeiro and Ms. Jameson

The terms of the Company's employment agreements for Messrs. Shaw and Ribeiro and Ms. Jameson are identical to those set forth in Mr. McAlmont's employment agreement described above, except that: (a) Mr. Shaw will serve as Executive Vice President and Chief Operating Officer and will receive a minimum annual base salary of \$400,000; (b) Mr. Ribeiro will serve as Executive Vice President, Chief Financial Officer and Treasurer, and will receive a minimum annual base salary of \$364,500; (c) Ms. Jameson will serve as Executive Vice President and Chief Marketing Officer and will receive a minimum salary of \$310,000; and (d) in the event of an Involuntary Termination, each shall be entitled to receive a payment of one and one half times his base salary and average annual incentive compensation award (as opposed to two times).

"Involuntary Termination" generally means the termination of the executive's employment by the executive for Good Reason or by the Company without Cause.

The Audit Committee Chairman received an additional \$15,000 annual retainer and the chairpersons of the Nominating and Corporate Governance Committee and the Compensation Committee each received an additional \$10,000 annual retainer.

Alexis Michas, our Non-Executive Chairman received an additional annual retainer of \$80,000. Fifty percent of this retainer was paid in cash and the remaining 50% was paid in restricted stock. ## Audit Committee Report

The Audit Committee assists the board of directors in fulfilling its oversight responsibilities with respect to the Company's financial reporting process, by monitoring, among other matters, the quality and integrity of the Company's financial statements, the independence and performance of Deloitte & Touche LLP ("D&T"), the Company's independent registered public accounting firm, and the performance of the Company's internal auditors. Management has primary responsibility for preparing the financial statements and for the reporting processes, including the design and maintenance of the Company's system of internal controls. The independent registered public accounting firm is responsible for auditing the Company's consolidated financial statements and opining upon the effectiveness of internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee is solely responsible for the compensation, appointment and oversight of the Company's independent registered public accounting firm.

In this context, the Audit Committee has met and held discussions with management, the independent registered public accounting firm and the internal auditors, separately and together, with and without management present, regarding the Company's audited consolidated financial statements as of December 31, 2013, and for the year then ended and regarding the Company's internal controls. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles in the U.S. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by PCAOB Interim Auditing Standard No. 16 (Communications with Audit Committees). Further, the Audit Committee discussed with the internal auditors the Company's plans for and scope of internal audits, identification of audit risks and results of audit activities.

Table of Contents

The Audit Committee reviewed and discussed with the independent registered public accounting firm the auditor's independence from the Company and its management. As part of that review, the Company's independent registered public accounting firm submitted to the Audit Committee the written disclosures and the letter required by PCAOB Rule 3526 (Independence Discussions with Audit Committees) in which D&T affirmed its independence from the Company. Further, the Audit Committee discussed with D&T the firm's independence and considered whether D&T's provision of non-audit services to the Company was compatible with maintaining D&T's independence. The Audit Committee concluded that D&T is independent from the Company and its management.

Based upon the considerations described above and subject to the limitations upon the role and responsibilities of the Audit Committee as set forth in the Audit Committee's charter, the Audit Committee recommended to the board of directors that the audited consolidated financial statements for the year ended December 31, 2013, be included in the Company's 2013 Annual Report on Form 10-K.

PROPOSAL 2: ADVISORY VOTE ON THE COMPANY'S COMPENSATION OF NAMED EXECUTIVE OFFICERS

Pursuant to the rules of the Securities and Exchange Commission adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are providing shareholders with an advisory "say-on-pay" vote to approve the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis and tabular and narrative disclosures of this proxy statement.

We encourage shareholders to read the Compensation Discussion and Analysis beginning on page 11 of this proxy statement, which describes how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative which provide detailed information on the compensation of our named executive officers. The Compensation Committee and the board of directors believe that the policies and procedures articulated in this proxy statement are effective in achieving our goals.

The board unanimously recommends a vote for the following resolution:

"RESOLVED, that the shareholders hereby approve the compensation of the named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the accompanying compensation disclosure tables and any related narrative disclosure in this proxy statement."

Although the vote on this Proposal 2 is advisory and non-binding, the Compensation Committee and the board will review the voting results on the proposal and will consider shareholder views in connection with our executive compensation program.

Our board of directors unanimously recommends a vote FOR the proposal to approve the compensation of named executive officers described in this proxy statement. Proxies that are executed and returned will be voted FOR that proposal, except to the extent that particular proxies contain instructions to vote against, or to abstain from voting with regard to, that proposal.

PROPOSAL 3: RATIFICATION OF APPOINTMENT OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Deloitte & Touche LLP, which has served as the Company's independent registered public accounting firm since 1999, to be the Company's independent registered public accounting firm for the year ending December 31, 2014. Deloitte & Touche LLP has advised the Company that it does not have any direct or indirect financial interest in the Company. Representatives of Deloitte & Touche LLP are expected to attend the annual meeting and will be given the opportunity to make a statement if they choose to do so. They will also be available to respond to appropriate questions.

Table of Contents

Before appointing Deloitte & Touche LLP, the Audit Committee carefully considered Deloitte & Touche LLP's qualifications, including the firm's performance as independent registered public accounting firm for the Company in prior years and its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee also considered whether Deloitte & Touche LLP's provision of non-audit services to the Company is compatible with its independence from the Company.

Shareholders will be asked at the annual meeting to ratify the appointment of Deloitte & Touche LLP. If the shareholders ratify the appointment, the Audit Committee may still, in its discretion, appoint a different independent registered public accounting firm at any time during the year 2014 if it concludes that such a change would be in the best interests of the Company. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider, but not necessarily rescind, the appointment of Deloitte & Touche LLP.

Fees Billed by Independent Registered Public Accounting Firm

As more fully described below, all services to be provided by Deloitte & Touche LLP are pre-approved by the Audit Committee, including audit services, tax services and certain other services.

The SEC requires disclosure of fees billed by the Company's independent registered public accounting firm for certain services. The following table sets forth the aggregate fees billed by Deloitte & Touche LLP during the years ended December 31, 2013 and 2012:

Fee Category	2013	2012
Audit and Audit Related Fees	772,350	\$856,090
Tax Fees	178,247	173,325
All Other Fees	7,880	7,880
Total Fees	\$958,477	\$1,037,295

Audit and Audit Related Fees consisted principally of audit services of our consolidated financial statements, review of our quarterly financial statements, services that are normally provided by the independent auditors in connection with statutory and regulatory filings and the audit of the effectiveness of our internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002.

Tax Fees consisted principally of professional services rendered by Deloitte & Touche LLP in connection with the Company's tax compliance activities, including technical and tax advice related to the preparation of tax returns.

All Other Fees primarily consisted of professional services rendered in connection with the Company's employee benefit plan.

Audit Committee Pre-Approval Policy

The Audit Committee approves, prior to engagement, all audit and non-audit services provided by Deloitte & Touche LLP and all fees to be paid for such services. All services are considered and approved on an individual basis. In its pre-approval and review of non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditors' independence.

Required Vote

A majority of the votes cast at the annual meeting will be required to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2014.

The board of directors recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2014.

CORPORATE GOVERNANCE GUIDELINES AND CODE OF ETHICS

The board of directors has adopted corporate governance guidelines, which include guidelines for determining director independence, director responsibilities, director access to management and independent advisors, and director stock ownership guidelines.

The board of directors has adopted an Integrity Assurance Program – A Code of Business Ethics and Conduct that applies to all directors, officers and employees and that is intended, among other things, to comply with Section 406 of the Sarbanes-Oxley Act of 2002 and related SEC and NASDAQ Marketplace Rules requiring a code of ethics for a company’s directors, officers and employees. A copy of the Integrity Assurance Program – A Code of Business Ethics and Conduct is posted on our website at [www.lincolnedu.com](http://www.lincolnedu.com). The Audit Committee must approve any requests for amendments to or waivers from the Integrity Assurance Program with respect to directors and executive officers and the Company intends to report such amendments or waivers that are required to be reported pursuant to the rules of the SEC and the NASDAQ Global Select Market on the Company’s website.

Transactions with Related Persons

The Company recognizes that related person transactions present a heightened risk of conflicts of interest. As a general matter, it is the preference of the Company to avoid related person transactions. The term “related person transaction” refers to a transaction required to be disclosed pursuant to Item 404 of Regulation S-K, under the Securities Act of 1933, as amended.

Nevertheless, the Company recognizes that there are situations where related person transactions may be in, or may not be inconsistent with, the best interests of the Company and its shareholders. As a result, pursuant to the Company’s Audit Committee written charter, the Audit Committee is charged with the responsibility to review and approve all related person transactions on an ongoing basis. All such transactions must be approved in advance by the Audit Committee.

In addition, the Company’s Code of Business Ethics and Conduct (the “Code of Conduct”) contains policies and procedures with respect to conflicts of interest and related person transactions. The Code of Conduct requires that all directors, officers, employees and certain other persons subject to the Code of Conduct, adhere to it and prohibits certain arrangements that may be relevant to related person transactions including, but not limited to, prohibitions against: obtaining a substantial interest in any entity which does or seeks to do business with, or is a competitor of, the Company; entering into various arrangements (including family or other relationships) which might dissuade such director, officer, employee or other person from acting in the best interest of the Company; entering into a financial transaction or relationship with a student, prospect, vendor, agent or competitor of the Company; benefiting, or seeking to benefit, (directly or indirectly) from such person’s position with the Company from any sale, purchase or other activity of the Company; using Company property or information for personal gain; obtaining loans or guarantees for personal obligation from the Company; and competing with the Company.

SHAREHOLDER PROPOSALS FOR THE 2015 ANNUAL MEETING OF SHAREHOLDERS

Shareholder proposals that are intended to be presented at the 2015 Annual Meeting of Shareholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, must be received by the Secretary of the Company, in writing, no later than November 28, 2014, in order to be considered for inclusion in the Company’s proxy materials for that annual meeting. Shareholder proposals and shareholder nominations for election to the board of directors must also comply with the current advance notice and other requirements set forth in the Company’s bylaws to be eligible to be presented at an annual meeting. These requirements include, in part, the requirement that any such proposal or nomination must, with certain exceptions if the date of the annual meeting is advanced or delayed more than 30 days from that of the first anniversary of this year’s annual meeting, be submitted to the Secretary of the Company at least

120 and not more than 150 days prior to the first anniversary of the date of mailing of the notice for this year's annual meeting (or between October 29, 2014, and November 28, 2014, based on this year's notice mailing date of March 28, 2014).
