Fellow Shareholders,

Before we could get around to writing this letter, the stock market tanked. The discussion of 2015 results below pales by comparison to the New Year's downdraft. As we write this letter, the overall stock market has lost close to 10% of its value.

However, market disruptions are sometimes a good thing. They remind us to keep fundamentals at the top of our minds. We focus on underlying portfolio company metrics, particularly cash earnings, cash flow, return on tangible assets, and return on invested capital. In ebullient stock markets these factors are often overlooked, but they regain their lustre when the stock market is challenged. Our portfolio companies sparkle when investor moods darken.

2015 was a tumultuous year, but ended up pretty much where it started. Our Fund's net asset value basically tracked the overall market performance gaining 1.3% while the S&P 500 (total return) rose 1.4%.

Cash Flow and Cash Dividends

We focus on cash flow from operations when evaluating investments. We harp on the concept of "intrinsic value"---the future cash flows from an investment, discounted back to the current year currency.

Since we strive to invest in companies that are very profitable and generate lots of cash, the issue then becomes whether those companies use that cash wisely. Often the cash is used to grow the business, where possible, and then is used to repurchase shares and pay cash dividends.

Cash dividends are objective and easily valued. Over the years, however, we have learned that information about cash dividends, and related dividend yields, can be spotty and often misleading. This is particularly true with respect to "special" cash dividends. Most reporting services merely show "regular" cash dividends when reporting dividend yield; in some cases these reported numbers dramatically understate a company's true performance. The table below shows the per share "regular" and "special" cash dividends declared for two of our Fund's portfolio companies for the most recent 5-year period:

	Franklin Resources, Inc. (BEN) Regular		T. Rowe Price Group, Inc. (TROW)	
	* Regular	* Special*	Regular	Special
2011	\$0.34	\$ 0.67	\$1.24	
2012	0.37	1.00	1.36	\$ 1.00
2013	0.41		1.52	
2014	0.51	0.50	1.76	
2015	0.63		2.08	2.00
Total	\$2.26	\$ 2.17	\$7.96	\$ 3.00

*Note: BEN had a 3-for-1 stock split in 2013, so these numbers are adjusted to reflect that split.

The "special" cash dividends from BEN during this period approximated the "regular" cash dividends. However, investors relying on traditional reporting services only see the regular dividends. The reported dividend yield for BEN currently is close to 2%, although the true cash yield paid to BEN shareholders during this period was double that.

The reported dividend yield of TROW is 3%, although upon closer analysis the true cash dividend return ("regular" and "special") would be well above 4%.

Investors who fail to take note of special dividends when evaluating a potential investment are missing key information. Special dividends also accomplish something we find quite useful--- highlighting companies which generate so much cash that they cannot reasonably reinvest it. Being “too” profitable is an enviable condition.

Driverless Cars and Other Disruptive Technologies

We strive to keep in mind the Chinese curse: “May you live in interesting times”. We believe that 2016 and the near future will be particularly interesting.

The autonomous (driverless) automobile will be upon us soon, probably sooner than many believe. This development will have huge consequences to a number of industries (e.g. carmakers, insurance, taxis/Uber and the “sharing” economy, etc.) and in many unforeseen ways.

From an investing standpoint, we hope to watch this revolution from the sidelines, even while we are intrigued about the opportunities as consumers. Many companies and industries will falter by refusing to accept the implications of driverless vehicles. Some entities will grasp the consequences, accept them and profit. The swift change will bring fortunes to some and steal fortunes from others. One thing is certain: our goal is to steer clear.

Every industry and every company is at risk of some type of disruptive technology. We try to stick with companies that are less exposed to this type of risk. But no company or industry is immune. And, if any investor thinks that his or her portfolio investments are forever safe and protected, beware. Competition is about adapting to a fluid environment. Like the Heinz example in earlier letters, some industries change more slowly than others; we prefer to stick to those industries rather than constantly trying to pick the winners in rapidly-changing ones.

As always, we love hearing from our shareholders. However, we won’t comment on any undisclosed purchases or sales that the Fund has made or is considering. With that caveat in mind, all other issues are on the table.

would have been no increase in the expense ratio for the year ended December 31, 2015.

Notes to Financial Statements

(1) Organization.

Eagle Capital Growth Fund, Inc., a Maryland corporation (“Fund”), is a diversified closed-end investment company subject to the Investment Company Act of 1940.

(2) Significant Accounting Policies.

The following is a summary of the significant accounting policies followed by the Fund not otherwise set forth in the Notes to the Financial Statements:

Dividends and distributions—Distributions to shareholders from the Fund’s net investment income and realized net long- and short-term capital gains will be declared and distributed at least annually.

Investments— Investments in equity securities are valued at the closing market price (as of the close of regular trading on the New York Stock Exchange) on the applicable valuation date. If no such closing market price is available on the valuation date, the Fund uses the then most recent closing market price.

In the unlikely event that there is no current or recent closing market price for a portfolio security (whether equity or debt) traded in the over-the-counter market, then the Fund uses the most recent closing bid price. If there is no closing bid price for a portfolio security for a period of ten (10) consecutive trading days, then the Fund’s Audit Committee or other appropriate committee shall determine the value of such illiquid security.

Investment security purchases and sales are accounted for on a trade date basis. Interest income is accrued on a daily basis while dividends are included in income on the ex-dividend date.

Use of estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Federal income taxes—The Fund intends to comply with the general qualification requirements of the Internal Revenue Code applicable to regulated investment companies such as the Fund. The Fund plans to distribute annually at least 90% of its taxable income, including net long-term capital gains, to its shareholders. In order to avoid imposition of the excise tax applicable to regulated investment companies, the Fund intends to declare as dividends in each calendar year an amount equal to at least 98% of its net investment income and 98% of its net realized capital gains (including undistributed amounts from previous years).

The following information is based upon the Federal income tax basis of equity portfolio investments as of December 31, 2015:

Gross unrealized appreciation	\$9,950,840
Gross unrealized depreciation	(445,424)
Net unrealized appreciation	\$9,505,416
Federal income tax basis	\$17,308,567

Expenses—The Fund’s service providers bear all of their expenses in connection with the performance of their services. The Fund bears all of its expenses incurred in connection with its operations including, but not limited to, investment

advisory fees (as discussed in Note 3), legal and audit fees, taxes, insurance, shareholder reporting and other related costs. As noted in Note 3, the Fund's investment advisor, as part of its responsibilities under the Investment Advisory Agreement, is required to provide certain internal administrative services to the Fund at such investment advisor's expense. The Investment Advisory Agreement provides that the Fund may not incur annual aggregate expenses in excess of two percent (2%) of the first \$10 million of the Fund's average net assets, one and a half percent (1.5%) of the next \$20 million of the average net assets, and one percent (1%) of the remaining average net assets for any fiscal year. Any excess expenses are the responsibility of the investment advisor.

Fair Value Accounting—Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provides a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access. All of the Fund's investments are classified as Level 1.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

(3) Certain Service Providers Arrangements

Investment advisor—For its services under the Investment Advisory agreement, the investment advisor receives a monthly fee calculated at an annual rate of three-quarters of one percent (0.75%) of the weekly net asset value of the Fund, as long as the weekly net asset value is at least \$3.8 million. The investment advisor is not entitled to any compensation for any week in which the average weekly net asset value falls below \$3.8 million. Pursuant to the Investment Advisory Agreement, the investment advisor is required to provide certain internal administrative services to the Fund at the investment advisor's expense.

Effective June 1, 2007, following shareholder approval of the Investment Advisory Agreement, Sims Capital Management LLC ("SCM") began serving as the Fund's investment advisor. Pursuant to the Investment Advisory Agreement, SCM is responsible for the management of the Fund's portfolio, subject to oversight by the Fund's Board of Directors. Luke E. Sims, a Director, President and Chief Executive Officer of the Fund and owner of more than five percent of the Fund's outstanding shares, owns 50% of SCM. David C. Sims, the Chief Financial Officer, Chief Compliance Officer and Secretary of the Fund and the son of Luke E. Sims, owns the remaining 50% of SCM.

Custodian— Bank of America Corporation serves as the Fund's custodian pursuant to a custodian agreement. As the Fund's custodian, Bank of America receives fees and compensation of expenses for services provided including, but not limited to, an annual account charge, annual security fee, security transaction fee and statement of inventory fee.

Transfer Agent— American Stock Transfer & Trust Company ("AST") serves as the Fund's transfer agent and dividend disbursing agent. AST receives fees for services provided including, but not limited to, account maintenance fees, activity and transaction processing fees and reimbursement for its out-of-pocket expenses. AST also acts as the agent under the Fund's Dividend Reinvestment and Cash Purchase Plan.

(4) Dividend Reinvestment and Cash Purchase Plan.

The Fund has a Dividend Reinvestment and Cash Purchase Plan ("Plan") which allows shareholders to reinvest cash dividends and make cash contributions. Pursuant to the terms of the DRIP, cash dividends may be used by the DRIP agent to either purchase shares from the Fund or in the open market, depending on the most favorable pricing available to DRIP participants. Voluntary cash contributions from DRIP participants are used to purchase Fund shares in the open market. A complete copy of the DRIP is available on the Fund's website (www.eaglecapitalgrowthfund.com) or from AST, the DRIP agent.

(5) Distributions to Shareholders.

On November 9, 2015, a distribution of \$0.50 per share aggregating \$1,562,562 was declared from net investment income and capital gains. The dividend was paid on December 28, 2015, to shareholders of record on November 23, 2015. The tax character of distributions paid during 2014 and 2015 was as follows:

Distributions paid from:	2014	2015
Net investment income and short-term gains:	\$58,857	\$559,846
Long-term gains:	1,097,440	1,002,716

The distribution was paid in shares of the Fund, with the option for shareholders to elect to receive cash. As a result of the distribution, 138,190 shares were issued to shareholders and \$575,887 in cash was paid to shareholders. The Fund issued shares at \$7.14 per share. The issuance price was determined as the arithmetic average market price on December 14th, 15th, and 16th, as detailed in the Notice to Shareholders. Since no shares traded on December 17th, no price was included for that date.

As of December 31, 2015, the components of distributable earnings on a tax basis were as follows:

Overdistributed ordinary income:	\$(19,760)
Net unrealized appreciation:	\$9,505,416

(6) Fund Investment Transactions

Purchases and sales of securities, other than short-term securities, for the year ended December 31, 2015 were \$8,736,890 and \$7,185,337, respectively.

(7) Financial Highlights.

The Financial Highlights present a per share analysis of how the Fund's net asset value has changed during the periods presented. Additional quantitative measures expressed in ratio form analyze important relationships between certain items presented in the financial statements. The total investment return based on market value assumes that shareholders bought into the Fund at the bid price and sold out of the Fund at the bid price. In reality, shareholders buy into the Fund at the asked price and sell out of the Fund at the bid price. Therefore, actual returns may differ from the amounts shown.

EAGLE CAPITAL GROWTH FUND, INC.
DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN
(THE "PLAN")

ADVANTAGES OF THE PLAN

Your increased shareholdings of Eagle Capital Growth Fund, Inc. common stock will generate additional dividend and/or other distribution income.

You may choose to have all of your dividends and/or other cash distributions reinvested in shares of Eagle Capital Growth Fund, Inc. common stock.

You may make additional voluntary cash investments as often as once each month, in an amount of not less than \$50 nor more than \$250,000 per year.

Your cash dividends and/or other cash distributions will go directly to American Stock Transfer & Trust Company (the "Plan Agent"), which will administer the Plan, assuring prompt reinvestment of your dividends and/or other cash distributions. It is intended that such cash dividends and/or other cash distributions, together with any voluntary cash payments, will be fully utilized to purchase shares of Eagle Capital Growth Fund, Inc. common stock.

The Plan Agent does all of the work and, at your option, will accept delivery from you, for safekeeping of, the certificates which you hold in your own name and representing shares of stock of Eagle Capital Growth Fund, Inc. by establishing a "book-entry" account in your name.

The maintenance of your personal records is simplified by the detailed statements which the Plan Agent will mail to you after each investment.

Participation in the Plan is entirely voluntary. You may join at any time, and you may terminate your participation whenever you wish by following the procedures described below.

There are no fees or charges imposed upon you, other than brokerage commissions, and reasonable transaction and termination fees.

PARTICIPATION IN THE PLAN

Any holder of common stock of Eagle Capital Growth Fund, Inc. ("Fund"), may participate in the Plan.

JOINING THE PLAN

To join the Plan, you can either enroll on-line at www.amstock.com or call American Stock Transfer & Trust Company at (800) 937-5449 for more information. The enrollment and authorization form is available at www.eaglecapitalgrowthfund.com/drip.html.

COSTS OF THE PLAN

There are no special fees or charges relating to participation in the Plan, other than reasonable transaction fees and brokerage commissions. The Fund may elect to subsidize transaction fees, at its option. A termination or sale fee may be imposed when you terminate or sell your shares in the Plan and take delivery of accumulated shares. The benefit of any reduced brokerage commissions will be passed on, pro rata, to participants. In addition, if you wish to deposit your certificated shares in your plan account, there may be a transaction fee for this service. Other charges may apply. Please contact the Administrator, American Stock Transfer & Trust Company, for more information about

fees.

DIVIDEND REINVESTMENT

The Fund may pay its distribution in cash. If the Fund has cash distributions, the distributions are paid to the Plan Agent either in cash (which then are used to purchase shares in the open market), or by the delivery of newly-issued Fund shares. The option chosen by the Fund is the one that the Fund determines is the most favorable to participants, as described below under “Additional Terms and Conditions of Participation in the Eagle Capital Growth Fund, Inc. Dividend Reinvestment and Cash Purchase Plan.” In the event the Plan Agent is unable to complete its acquisition of shares to be purchased on the open market by the end of the thirtieth (30th) day following receipt of the cash dividends and/or other cash distributions from the Fund, any remaining funds will be returned to the Participants on a pro rata basis.

The Fund may pay its distribution in Fund shares. If the distribution is paid in shares, the Plan will not be funded by the distribution, with participants receiving shares from the distribution rather than shares from the Plan.

VOLUNTARY CASH PAYMENTS

You may make voluntary monthly cash payments of not less than \$50 (but not more than \$250,000 per year) for the purpose of acquiring additional shares. You may make these voluntary cash payments regularly or from time to time, and you may also vary the amount of each payment so long as the amount of any monthly voluntary cash payment meets the foregoing limitations. Voluntary cash payments must be received by the Plan Agent on or prior to the last day of any month and will be invested beginning on or about the first business day of the following month (an “Investment Date”). Voluntary cash payments will be invested in shares purchased in the open market, (calculated to three decimal places in your account). However, if purchases of shares on the open market with such voluntary cash payments have not been completed by an ex-dividend date, the balance of such cash payments will be returned and credited on a pro rata basis. The Plan Agent will also return all voluntary cash payments it is holding or receives for purchases to be made on the Investment Date immediately following the dividend payment date if purchases are being made with the cash dividends or other cash distributions on or after such Investment Date. In the event the Plan Agent is unable to complete its acquisition of shares to be purchased on the open market by the end of the thirtieth (30th) day following the Investment Date, any remaining funds will be returned to the participants on a pro rata basis. All cash payments received by the Plan Agent in connection with the Plan will be held without earning interest. To avoid unnecessary cash accumulations, and also to allow ample time for receipt and processing by the Plan Agent, participants that wish to make voluntary cash payments should send such payments to the Plan Agent in such a manner that assures that the Plan Agent will receive and collect federal funds by the end of the month. This procedure will avoid unnecessary accumulations of cash and will enable participants to realize lower brokerage commissions and avoid additional transaction charges. If a voluntary cash payment is not received in time to purchase shares for the calendar month indicated, the Plan Agent shall attempt to invest such payment on the next Investment Date. Optional cash payments can also be made on-line at www.amstock.com. You need to know your American Stock Transfer & Trust Company 10 digit account number to access your account.

If an optional cash payment is paid by a check and the check is returned by the bank, a fee may be charged. If the funds have not yet been invested, the Plan Agent will debit the amount of such funds. If the funds have been invested, then the Plan Agent will sell the shares to recover the amount of the returned check. If the cash balance of the sale is not enough to cover the debit of the amount of the returned check, then the Plan Agent reserves the right to sell account shares to pay the balance. The Plan Agent may also sell additional shares to recover the amount of the return fee.

HOLDING OF SHARES

For your convenience, the Plan Agent will hold all shares that you acquire as a result of your participation in the Plan for safekeeping. However, upon your on-line request at www.amstock.com, telephonically at (877) 739-9994 or request by mail, the Plan Agent will send you a certificate representing a specified number of full shares which you

have acquired through the Plan and which are held for your account.

The Plan Agent will also allow you to deposit with it, in safekeeping and in your “book-entry” account for the Plan, any additional stock certificates for the Fund’s shares you might have in your possession. This will enable you to guard against loss, theft or damage.

STATEMENT OF ACCOUNT

A cumulative, detailed statement of your account under the Plan for each current calendar year will be sent to you by the Plan Agent; and you will also receive the customary Form 1099 (Internal Revenue Service) reporting dividend and/or other distribution income.

WITHDRAWAL OF SHARES

You are not committed to remain in the Plan. You may terminate your participation at any time by written notice to the Plan Agent or on line at www.amstock.com. All requests for termination of participation in the Plan must be received at least three business days prior to the next dividend and/or other cash distribution payment date in order for the cash dividend and/or other cash distribution not to be reinvested. A separate written request, however, must be made to obtain the return of any voluntary cash payment. You may obtain the return of any voluntary cash payment if your written request is received by the Plan Agent at least forty-eight (48) hours prior to the time such voluntary cash payment is invested.

Upon terminating participation in the Plan, certificates for full shares held in your account will be issued and sent to you. Any remaining fractional share will be converted to cash, on the basis of the then current market price of the Fund’s common stock, and a check, representing the same, will be issued and sent to you (less service fees). If you desire, you may direct that your full shares be sold in the open market and that the proceeds (less any brokerage commission incurred as a result of such sale) be sent to you.

INCOME TAX CONSIDERATIONS

Dividends (including those declared in shares of stock) and other distributions invested under the Plan are taxable in the same way as dividends and other distributions paid to you in cash.

SHAREHOLDERS’ RIGHTS

Shares held under the Plan have the same rights as all other shares, in terms of stock dividends, stock splits, and preemptive and voting rights. Stock dividends will be fully credited to your account. Transaction processing may either be curtailed or suspended until the completion of any stock dividend, stock split or corporate action.

ADDITIONAL TERMS AND CONDITIONS OF
PARTICIPATION IN THE EAGLE CAPITAL GROWTH
FUND, INC. DIVIDEND REINVESTMENT
AND CASH PURCHASE PLAN

1. By enrolling in the Plan, all of the participant's cash dividends and/or other cash distributions on Fund common stock will be reinvested in additional shares of Fund common stock. All shares in Fund common stock purchased through the Plan, whether by reinvested dividends and/or other cash distributions or optional cash payments, will be held for participants in the Plan and the dividends and/or other cash distributions on those shares will be reinvested automatically.

Dividend payments and/or other cash distributions made by the Fund to participants in the Plan are made in one of two ways. They are paid to the Plan Agent either in cash (which then are used to purchase shares in the open market), or by the delivery of newly-issued Fund shares. The option chosen by the Fund is the one that the Fund determines provides the most favorable price to participants, as described below.

The Fund generally determines the net asset value ("NAV") of each Fund share each Thursday, and publishes that NAV the next day, Friday. The Fund also determines NAV per share as of June 30th and December 31st of each year. On each date fixed for payment of a dividend and/or other cash distribution from the Fund ("Payment Date") and daily thereafter for a 30-day period, the Fund compares the most recently determined NAV per share (provided that such NAV has been determined as of a date not more than five business days prior to such date) with the market price per share. For purposes of the Plan, if Fund shares are then traded on the American Stock Exchange, "market price" is the closing price on the immediately preceding trading day (including estimated brokerage commissions), or if the Fund shares are not then traded on the American Stock Exchange, "market price" is the average of the closing prices over the five immediately preceding trading days on the over-the-counter market (including estimated brokerage commissions).

For cash distributions, if with respect to the Payment Date, the determined NAV per share is lower than the market price per share, then the Fund shall satisfy its obligation to the Plan with respect to any such dividend and/or other cash distribution by issuing additional Fund shares to the participants. The Fund shares are issued at a price per share equal to the greater of the determined NAV per share or 95% of such market price per share.

However if, for a cash distribution, with respect to the Payment Date, the NAV per share is higher than the market price per share, then the Fund shall satisfy its obligation with respect to any such dividend and/or other cash distribution by a cash payment to the Plan Agent for the account of participants. The Plan Agent will receive the total amount of the dividend and/or other cash distribution (a) on shares which are held directly by a participant and (b) on any full and fractional shares held for a participant under the Plan, and the Plan Agent will use these funds to buy shares of the Fund's common stock on the open market (calculated to three decimal places in your account). In the event the Plan Agent is unable to complete its purchase of shares on the open market by the end of the thirtieth (30th) day following the Payment Date, any remaining funds will be distributed to the participants on a pro rata basis. Notwithstanding the above, if within the thirty (30) days following the Payment Date, the Plan Agent has not completed its purchases on the open market, and the Fund's shares start trading at a market price at or above the most recent determined NAV per share, the Fund shall direct the Plan Agent to cease purchasing shares in the open market and to return the remaining cash to the Fund, and the Fund shall issue additional Fund shares to the participants at a price per share equal to the greater of such determined NAV per share or 95% of such market price per share.

In the event of a share distribution, the Plan will allocate the shares at the issue price to Plan participants, based on proportionate ownership.

Participants in the Plan will also have the option of making additional cash payments to the Plan Agent, on a monthly basis, for investment in the Fund's shares. Such payments may be made in any amount from a minimum of \$50 per month (but not more than \$250,000 per year). The Fund may, in its discretion, waive the minimum contribution or maximum annual limit with respect to any participant. Voluntary cash payments must be received by the Plan Agent on or prior to the last day of any month and will be invested beginning on or about the first business day of the following month (the "Investment Date"). At the end of each calendar month, the Plan Agent will determine the amount of monies accumulated. The monies will be used by the Plan Agent to purchase shares of the Fund's common stock on the open market for the account of Plan participants (calculated to three decimal places in the participant's account). However, if purchases of shares on the open market with such voluntary cash payments have not been completed by an ex-dividend date, the balance of such cash payments will be returned and credited on a pro rata basis. The Plan Agent will also return all voluntary cash payments it is holding or receives for purchases to be made on the Investment Date immediately following the dividend payment date if purchases are being made with the cash dividends or other cash distributions on or after such Investment Date. In the event that Plan Agent is unable to complete its acquisition of shares to be purchased on the open market" by the end of the thirtieth (30th) day following the Investment Date, any remaining funds shall be returned to participants on a pro rata basis. Also, if a voluntary cash payment is not received in time to purchase shares for the calendar month indicated, the Plan Agent shall attempt to invest such payment on the next Investment Date. If an optional cash payment is paid by a check and the check is returned by the bank, a fee of \$25 will be charged. If the funds have not yet been invested, the Plan Agent will debit the amount of such funds. If the funds have been invested, then the Plan Agent will sell the shares to recover the amount of the returned check. If the cash balance of the sale is not enough to cover the debit of the amount of the returned check, then the Plan Agent reserves the right to sell account shares to pay the balance. The Plan Agent will also sell additional shares to recover the amount of the return fee. The Plan Agent shall acquire shares to the extent of their current availability on the open market and without regard to, or responsibility for, their market price, from time to time. It is understood that applicable law, unavailability of shares, or the closing of securities market may require the temporary curtailment or the suspension of the purchase of shares on the open market under the Plan. The Plan Agent shall not be accountable for its inability to purchase at such times

A participant may obtain the return of any voluntary cash payment, if the participant makes a written request which is received by the Plan Agent at least forty-eight (48) hours prior to the time such voluntary cash payment is invested.

2. In purchasing shares on the open market, the Plan Agent will commingle participants' cash dividend and/or other cash distribution funds. The price at which the Plan Agent shall be deemed to have acquired shares for participants' accounts shall be the average price (including commissions, taxes and all other like, related costs) for all shares purchased by it, as agent for the participants in the Plan. The Plan Agent shall hold these shares for all participants in its name or in the name of its nominee. The Plan Agent shall acquire shares to the extent of their current availability on the open market and without regard to, or responsibility for, their market price, from time to time. It is understood that applicable law, unavailability of shares, or the closing of securities market may require the temporary curtailment or the suspension of the purchase of shares on the open market under the Plan. The Plan Agent shall not be accountable for its inability to purchase at such times.

3. The automatic investment of dividends and/or other cash distributions under the Plan does not relieve a participant of any tax consequences which may be associated with the "constructive receipt" of dividends and/or other distributions.

4. The Plan Agent will forward to a participant any shares that it holds for such participant in accordance with such participant's direction. With respect to voting on matters presented to shareholders, the Plan Agent will notify participants and request their direction. If a participant does not direct the Plan Agent as to the manner in which such participant wishes to have his vote cast at any annual or special meeting or other vote of shareholders relative to shares held for his account under the Plan, the Plan Agent will not vote such shares.

5. Plan participation may be terminated upon request to the Plan Agent. A participant may terminate on-line or by providing written notice to Plan Agent (the tear-off section at the bottom of participant's statement is available for this purpose). Such written notice (tear-off section) must be signed by all persons who are listed on the Plan account. In order for a termination to be effective, it must be received at least three business days prior to the next dividend Payment Date for the cash dividend and/or other cash distribution not to be reinvested. If request is received less than three days, then the dividend and/or other cash distribution will be reinvested and all subsequent dividends and/or other cash distributions will be paid in cash. All dividends and/or other cash distributions with a record date after the effective date of termination of participation in the Plan will be sent directly to the participant. The Plan Agent will send to a participant who has terminated participation in the Plan a certificate(s) representing the number of full shares held by the Plan Agent in such participant's account under the Plan. However, the foregoing does not apply to voluntary cash payments held for investment under the next Investment Date. Any voluntary cash payments held for investment under the next Investment Date will be invested. A participant may obtain the return of any voluntary cash payment, if the participant makes a separate written request which is received by the Plan Agent at least forty-eight (48) hours prior to the time such voluntary cash payment is invested. If a participant so requests, the Plan Agent will sell such shares and remit the proceeds (less related brokerage commissions and service fees). In case of termination, a participant's interest in a fractional share will be converted to, and remitted in cash, in an amount based upon the then current market value of the share (less service fees). If a participant disposes of all shares which were registered in the name of such participant and which were in the possession of such participant prior to such disposal, the Plan Agent, nevertheless, shall continue to maintain such participant's account under the Plan, until the Plan Agent shall have been notified by such participant of a desire to terminate the same, as previously described.

6. The Plan Agent shall not be liable for any action taken in good faith or for any good faith failure to act, including, without limitation, any claim of liability (a) arising out of failure to terminate the participant's account upon the participant's death, prior to receipt of notice in writing of such death and submission of documentation, by the personal representative of the deceased participant, in form and substance satisfactory to Plan Agent and (b) with respect to the prices at which shares are purchased or sold for a participant's account and the timing of such purchases or sales.

7. The Fund reserves the right to amend or terminate the Plan effective on thirty days' written notice (from the date of mailing) to all participants in the Plan. All transactions concerning the Plan should be directed to American Stock Transfer & Trust Company, P.O. Box 922, Wall Street Station, New York, New York 10269-0560. All inquiries concerning the Plan should be directed to American Stock Transfer & Trust Company, 6201 15th Avenue, Brooklyn, New York 11219.

8. There are no special fees or charges relating to participation in the Plan, other than reasonable transaction fees. The Fund may elect to pay transaction costs, for the benefit of Plan participants. A termination or a sale fee may be imposed when a participant terminates or sells shares in the Plan and takes delivery of accumulated shares. The benefit of any reduced brokerage commission will be passed on, pro rata, to participants. In addition, if a participant wishes to deposit certificated shares in a participant's plan account, there may be a fee for this service.

9. The term and conditions of the Plan shall be governed by, and construed in accordance with, the internal laws of the State of Wisconsin.

NOTE

The Fund's counsel has advised that, under applicable provisions of the Internal Revenue Code, dividends and/or other distributions, whether or not invested under the Plan, are taxable in the year earned.

At its November 30, 2015 Board meeting, the Board of Directors approved the renewal of the Fund's Investment Advisory Agreement with SCM (with Directors Luke E. Sims and David C. Sims abstaining). The Board was pleased that, over SCM's tenure, the Fund had outperformed the S&P 500 Index (total return basis). The Board reviewed other factors in determining to retain SCM as investment advisor including, among other things, the nature, extent and quality of services provided by SCM, the cost of services provided by SCM (and benefits to be realized by SCM as a result of its relationship with the Fund), the economies of scale that may be realized as the Fund grows, whether fee level reflects the economies of scale for the benefit of Fund investors, the investment philosophy of SCM, the Fund's portfolio turnover, best execution and trading costs,

personnel considerations, resources available to SCM, SCM's ability to satisfy compliance obligations and other relevant factors. Overall, the Board remained satisfied with the nature, extent and quality of services provided by SCM.

C. **Record Keeping.** The Company will maintain the following records with respect to proxy voting:

(1) A copy of this proxy voting policy;

(2) A copy of all proxy statements received (the Company may rely on the EDGAR system to satisfy this requirement);

(3) A record of each vote cast on behalf of a client (the Company may rely on a third party to satisfy this requirement);

(4) A copy of any document prepared by the Company that was material to making a voting decision or that memorializes the basis for that decision;

(5) A copy of each written client request for information on how the Company voted proxies on the client's behalf, and a copy of any written response to any (written or oral) client request for information on how the Company voted proxies on behalf of the requesting client.
