## Compensation mix

For 2016, 70% of the total compensation approved to our CEO and 61% for our other NEOs was at-risk, variable compensation. Actual amounts realized depend on our annual and long-term performance and our Company’s stock price. Also, equity compensation granted comprised 63% of CEO compensation and 40% of all other NEOs compensation. We believe this compensation design promotes our executives to achieve the Company’s financial results while taking into consideration the impact of their decisions. The compensation mix of our CEO and our other NEOs is illustrated in the charts below, which considers maximum payout of approved performance equity grants and cash compensation.

INFORMATION ABOUT VOTING, SOLICITATION AND THE ANNUAL MEETING

Why am I receiving these materials?	Our Board is providing these materials to you to solicit proxies on its behalf to be voted at the meeting on April 28, 2017 at 9:00 a.m., local time, at the offices of Triple-S Management Corporation, 1441 F.D. Roosevelt Avenue, San Juan, Puerto Rico 00920.
Why did I receive a one-page notice in the mail instead of a full set of proxy materials?	We have elected to deliver our proxy materials over the Internet to all our shareholders under the “notice and access” rules of the SEC. If you are a shareholder of record, we sent you a Notice by mail. You will not receive a printed copy of the proxy materials unless you request one. We encourage you to help us reduce the environmental impact of the meeting, and reduce the cost associated with printing and mailing of proxy materials by accessing the proxy materials over the Internet.
How can I request a printed copy of the proxy materials?	You may request a printed copy of the proxy materials by calling 1-800-579-1639; or accessing <a href="http://www.proxyvote.com">www.proxyvote.com</a> over the Internet; or by sending an email to <a href="mailto:sendmaterial@proxyvote.com">sendmaterial@proxyvote.com</a> . Please make the request on or before April 14, 2017 to facilitate timely delivery.
What should I do if I receive more than one Notice?	You may receive more than one Notice. For example, you may receive a separate Notice if: (i) you hold Class A and Class B shares, or (ii) you hold Class B shares in more than one brokerage account. Please vote all your shares over the Internet, by telephone, or by signing and mailing all proxy cards or voting instruction forms that you receive.
Who can vote?	To be able to vote, you must have been a holder of record of our common stock at the close of business on February 28, 2017. This date is the “record date” for the 2017 Annual Meeting. Shareholders of record on the record date are entitled to receive notice of, attend, and vote on each proposal at the meeting or on any postponement or adjournment of the meeting.
How many votes do I have?	You are entitled to one vote per each share of our common stock that you owned on the record date on each matter that is presented for consideration. All shares of our Class A and Class B common stock will vote together as a single class on all matters brought before the meeting.
Who may be present at the meeting?	Only shareholders of record and beneficial owners with a legal proxy issued in their name by their respective organization holding their shares may be present at the meeting. No other person, including

persons accompanying a shareholder, will be allowed at the meeting. Please bring a valid form of photo identification, such as a driver's license or passport, to corroborate your identity as one of our shareholders. No video or audio recording will be allowed during the meeting. We encourage you to vote your shares in advance even if you plan to attend the meeting.

What constitutes a quorum for the meeting?

At least one-third (1/3) of the shares entitled to vote must be present at the meeting, in person or by proxy, to constitute a quorum. As of the record date, 24,271,867 shares of common stock were issued and outstanding. Shares of common stock represented in person or by proxy, "broker non-votes," as discussed below, and shares that abstain or do not vote with respect to a particular proposal, will be treated as shares that are present to determine if there is a quorum. If a quorum is not present, we may propose to adjourn the meeting to solicit additional proxies.

Table of Content

What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

Shareholder of record. If your shares of common stock are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, and not through a brokerage firm, bank, broker-dealer or other similar organization, you are considered the “shareholder of record” with respect to those shares. We have sent the Notice directly to you.

Beneficial owner of shares held in street name. If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the “beneficial owner” of shares held in “street name,” and a Notice should be sent to you by that organization. You have the right to instruct that organization how to vote your shares.

If you are the shareholder of record, you may vote in one of the following four ways:

- Through the Internet. Vote by following the instructions on the Notice or going to the Internet address stated on your proxy card.
- By telephone. Call the telephone number provided on your proxy card.
- By mail. If you requested and received a printed copy of the proxy materials or downloaded the proxy materials over the Internet, you can complete and sign your proxy card and mail it to the following address:

How do I vote if I am the shareholder of record of my shares?

Triple-S Management Corporation  
c/o Broadridge Financial Solutions, Inc.  
51 Mercedes Way  
Edgewood, New York 11717

- In person. Attend the meeting and vote in person or by submitting your proxy card at the meeting.

Completing and sending the proxy card. Provide your full title when signing a proxy as attorney-in-fact, executor, administrator, trustee, guardian, authorized officer of a corporation, or on behalf of a minor to ensure your proxy card is voted according to your instructions and to avoid delays in ballot taking and counting. If shares are registered in the name of more than one record holder, all record holders must sign the proxy card. If you vote via the Internet or by phone, do not return the proxy card.

Closing of voting facilities. The Internet and telephone voting facilities will close at 11:59 p.m., Eastern time, on April 27, 2017. If you plan to vote by mail, your proxy card must be received no later than 12:00 p.m., Eastern Time, on April 27, 2017.

How do I vote if I am a “beneficial owner”?

If you are a beneficial owner you will receive the Notice from the organization that holds your shares with instructions on how to vote your shares. That organization will allow you to deliver your voting instructions via the Internet and may also permit you to submit your voting instructions by telephone. In addition, you may request paper copies of our proxy statement and proxy card by following the instructions on the Notice provided by the organization.

You can vote in person at the meeting, but you must bring at the meeting a “legal proxy” issued in your name by the organization that holds your shares. The legal proxy authorizes you to vote your shares held in street name at the meeting. Contact the organization that holds your shares for instructions on how to obtain a legal proxy. You must bring a copy of the legal proxy to the meeting and ask for a ballot in order to cast your vote in person. In order for your vote to be counted, you must hand the copy of the legal proxy with your completed ballot when you cast your vote.

Table of Content

Yes. You can change your vote or revoke your proxy at any time before the taking of votes at the meeting by delivering a written notice of revocation to our Secretary at or before the meeting; or by submitting another proxy by mail, telephone or the Internet prior to the applicable cutoff time; or by presenting to our Secretary, before or at the meeting before polls close, a later dated proxy executed by the person who executed the prior proxy; or by voting in person at the meeting. If you elect to revoke your vote by delivering a written notice of revocation or by submitting another proxy by mail to our Secretary, deliver it to the following address:

Can I change or revoke my vote after I have voted?  
Triple-S Management Corporation  
c/o Carlos L. Rodríguez-Ramos, Secretary  
1441 F.D. Roosevelt Avenue, 6th Floor  
San Juan, Puerto Rico 00920

If you provide more than one proxy, the properly signed proxy having the latest date will revoke any earlier proxy. Attending the meeting will not automatically revoke a proxy unless you properly vote at the meeting or specifically request that your prior proxy be revoked.

If you are a beneficial owner, you must contact the organization that holds your shares to change your vote or, if you intend to be present and vote at the meeting, bring the legal proxy issued in your name by such organization to the meeting.

If you are a shareholder of record and you indicated when voting on the Internet or by telephone that you wish to vote as recommended by the Board, or you signed and returned a proxy card without giving specific voting instructions, then the persons named as proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this proxy statement and, as proxy holders, may determine in their discretion with respect to any other matters properly presented for a vote at the meeting and at any postponement or adjournment thereof.

What happens if I do not give specific voting instructions?

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote on “routine” matters but cannot vote on “non-routine” matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.” In order to minimize the number of broker non-votes, the Company encourages you to vote or provide voting instructions with respect to each proposal to the organization that holds your shares by carefully following the instructions provided in the Notice or voting instruction form.

Who will count the votes?

A representative of Broadridge Financial Solutions, Inc., an independent third party, will act as the inspector of the election and tabulate the votes cast by proxy or in person at the meeting.

of Incorporation of the Company (Proposal 5, Proposal 6, Proposal 7), and the approval of the Triple-S Management 2017 Incentive Plan (Proposal 8) are considered non-routine matters under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore broker non-votes may exist in connection with Proposals 1 and Proposal 3 through 8.

The ratification of the selection of D&T as our independent registered public accounting firm for 2017 (Proposal 2) is considered a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore it is likely that no broker non-votes will exist in connection with Proposal 2.

Election of directors (Proposal 1). A nominee must be elected to our Board by the affirmative vote of a majority of votes cast with respect to such nominee by the shares of common stock entitled to vote and present at the meeting or represented by proxy. If shareholders do not elect a nominee who is already serving as a director, Puerto Rico corporation law provides that the director will continue to serve on our Board as a “holdover” director until a successor is elected. An “affirmative vote of a majority of votes cast” on a proposal means that the votes cast “for” the proposal exceed the votes cast “against” such proposal. Abstentions and broker non-votes will not count as a vote “for” or “against” the proposal and thus will have no effect in determining whether the proposal has received the affirmative vote of a majority of the votes cast at the meeting.

Ratification of the selection of the independent registered public accounting firm (Proposal 2). The approval of this proposal requires the affirmative vote of the holders of a majority of the shares of common stock entitled to vote and present at the meeting or represented by proxy. Abstentions will have the same effect as votes “against” this proposal and broker non-votes will have no effect on the proposal.

Approval of the compensation of our named executive officers (Proposal 3). The approval, on an advisory basis, of this proposal requires the affirmative vote of the holders of a majority of the shares of common stock entitled to vote and present at the meeting or represented by proxy. Abstentions will have the same effect as votes “against” this proposal and broker non-votes will have no effect on this proposal.

What is the required vote to approve each proposal?

Advisory vote on the frequency of future advisory votes on the compensation of our named executive officers (Proposal 4). The approval of this proposal requires the affirmative vote of the holders of a majority of the shares of common stock entitled to vote and present at the meeting or represented by proxy. Abstentions will have the same effect as votes “against” this proposal and broker non-votes will have no effect on this proposal. With respect to this proposal, if none of the frequency alternatives receive a majority vote, we will consider the frequency that receives the highest number of votes by shareholders to be the frequency that has been selected by shareholders. However, because this vote is advisory and not binding on us or our Board in any way, our Board may decide that it is in our and our shareholders’ best interests to hold an advisory vote on executive compensation more or less frequently than the alternative approved by our shareholders.

Approval of the Amendments to the Amended and Restated Articles of Incorporation of the Company (Proposal 5, Proposal 6 and Proposal 7). The approval of these proposals require the affirmative vote of a majority of the issued and outstanding shares of common stock, entitled to vote, as of the record date. Abstentions and broker non-votes will have the same effect as votes “against” these proposals. Additionally, the failure to vote will have the same effect as a vote “against” these proposals.

Adoption of the Triple-S Management 2017 Incentive Plan (Proposal 8). The approval of this proposal requires the affirmative vote of the holders of a majority of the shares of common stock entitled to vote and present at the meeting or represented by proxy. Abstentions will have the same effect as votes “against” this proposal and broker non-votes will have no effect on this proposal.

To be eligible for inclusion, we must receive the shareholder’s proposal for our proxy statement for the 2018 annual meeting of shareholders at our principal corporate offices in San Juan, Puerto Rico, at the address below no later than November 16, 2017.

In addition, our bylaws require that we be given advance written notice of director nominations for election to our Board and other matters that shareholders wish to present for action at an annual meeting, other than those to be included in our proxy statement under Rule 14a-8 of the Exchange Act. The Secretary must receive such notice from a shareholder of record at the address noted below not less than 120 days or more than 150 days before the first anniversary of the preceding year’s annual meeting. If you are a beneficial owner, you can contact the organization that holds your shares for information about how to register your shares directly in your name as a shareholder of record.

How and when may I submit a shareholder proposal, including a shareholder nomination for director, for the 2018 annual meeting of shareholders?

Our bylaws also specify requirements relating to the content of the notice that shareholders of record must provide to our Secretary for any matter, including a shareholder proposal or nomination for director, to be properly presented at a shareholder meeting. PROPOSAL 1 — ELECTION OF DIRECTORS

Our Board has nominated Messrs. Jorge L. Fuentes-Benejam and Roberto Santa María-Ros, and Mrs. Cari M. Dominguez to serve as Group 1 directors, each for a three-year term until the 2020 annual meeting or until a successor is elected and qualified.

Recommendation:       Vote FOR each nominee.

Overview

---

Our Board is divided into three groups, with one group being elected each year and members of each group holding office for a three-year term. This classified board structure is required by our articles of incorporation and by the terms of our license agreement with the BlueCross and BlueShield Association (“BCBSA”). Our Board has fixed the number of directors at ten. With the passing of Ms. Adamina Soto-Martínez on March 28, 2016, the Board currently consists of nine members: three Group 1 directors (with terms expiring at the 2017 annual meeting), two Group 2 directors (with terms expiring at the 2018 annual meeting), three Group 3 directors (with terms expiring at the 2019 annual meeting) and our president and chief executive officer, which is an ex-officio member of our Board and is excluded from the three director groups pursuant to the articles of incorporation of the Company. At this annual meeting our shareholders will have the opportunity to vote on an amendment to the articles of incorporation of the Company to eliminate the provision by which the Company’s President and chief executive officer is a member of the Board without shareholder approval (Proposal 6). Ms. Soto-Martínez’s seat on the board remains vacant while the Board considers a candidate for director.

Our articles of incorporation and our license with the BCBSA require our Board to be comprised of three groups as equal in number as possible. Our bylaws authorize the Board to alter the total number of directors serving on our Board, fix the exact number of directors serving in each group, nominate directors for shorter terms of office, and assign nominees to a specific group to ensure that the group size requirement is met. Accordingly, the Board nominated three individuals to serve as Group 1 directors, each for a three-year term. Nominees are current directors. The affirmative vote of a majority of the votes cast by the shares of common stock entitled to vote and present or represented by proxy at the meeting is required to elect each nominee.

The persons named as proxies in the proxy card will vote for each of these nominees unless you instruct otherwise on the proxy card. Nominees have indicated their willingness and ability to serve, if elected. However, if any or all of the nominees should be unable or unwilling to serve, the proxies may be voted for a substitute nominee designated by our Board or our Board may reduce the number of directors. Proxies cannot be voted for a greater number of persons than the number of nominees. We have no knowledge that any nominee will become unavailable for election.

Information about the nominees and directors continuing in office

---

The following candidates for election have been nominated by the Board based on the recommendation of the Corporate Governance and Nominating Committee. Below you will find information about the nominees and directors whose terms in office will continue after the meeting, including their age, positions held, their principal occupation, business experience and directorships (including positions held in our Board’s committees, if any) for at least the past five years. In addition, we have included information regarding each nominee’s and director’s specific experience, qualifications, attributes and skills that led our Board to conclude that the nominees and directors should serve as members of the Board. We believe that all of our nominees and directors have a reputation of integrity, honesty and adherence to high ethical standards. Also, they each have demonstrated business acumen and an ability to exercise

sound judgment, as well as a commitment of service to the Company, which taken as a whole, enable the Board to satisfy its oversight responsibilities in light of our business and structure.

The information presented about each nominee for election and director continuing in office is as of the date of this proxy statement. Information about the number of shares of common stock beneficially owned by each of the nominees and directors appears below under the heading “Security ownership of certain beneficial owners and management.” See also “Other relationships, transactions and events.” There are no family relationships among any of our directors and executive officers. We encourage our shareholders to read the “Corporate Governance Director nominations process” section of this proxy, for further details.

PROPOSAL 2 — RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected D&T as our independent registered public accounting firm for 2017. Our Board considers the selection of the independent registered public accounting firm to be an important matter of shareholder concern and is submitting the selection of D&T for ratification by shareholders.

**Recommendation:** Vote FOR the proposal.

Overview

---

Current law, rules, and regulation, as well as the charter of the Audit Committee, require the Audit Committee to engage, retain, and supervise our independent registered accounting firm. Although ratification by our shareholders is not required by our bylaws or otherwise, the Board believes submitting the selection of D&T is a matter of good corporate governance. If shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain D&T. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and those of our shareholders. Representatives of D&T are expected to attend the meeting and will be given an opportunity to make a statement if so desired and to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares of common stock entitled to vote and present or represented by proxy at the meeting is required to ratify the selection of D&T as the Company's independent registered public accounting firm for 2017.

Independent registered public accounting firm fees and other matters

---

The following is a description of the fees we paid or accrued for the professional services rendered by D&T, our auditors for the years ended December 31, 2016 and 2015:

Audit fees. The audit fees for the year ended December 31, 2016 and 2015 corresponded to professional services rendered by D&T for the integrated audits of our annual consolidated financial statements and system of internal control over financial reporting, reviews of the financial statements included in our quarterly reports on Form 10-Q, and statutory audits required of our subsidiaries. Total fees related to the audit of the financial statements as of and for the years ended December 31, 2016 and 2015 were \$2,902,600 and \$2,707,600, respectively. Included in the 2016 and 2015 audit fees are \$92,600 and \$56,400 corresponding to the sales and use tax in Puerto Rico for certain designated professional services. The sales and use tax incurred in 2015 but billed in 2016 amounts to \$37,400. The audit fees for the year ended December 31, 2015 include \$450,000 of additional fees billed by the accounting firm during 2016 after our submission of last year's proxy statement. Also, for the year ended December 31, 2015, we paid \$130,000, including \$5,000 in expenses in connection with the preparation of certain supplemental schedules to the financial statements required in Puerto Rico. For 2016, the fees related to the preparation of the supplemental schedules to the financial statements are included in the audit fees detailed above.

Audit-related fees. The audit-related fees for professional services rendered by D&T for the years ended December 31, 2016 and 2015 were \$431,860 and \$340,250, respectively. The audit-related fees correspond to procedures performed for SSAE 16 (Statement of Standards for Attestation Engagements-Reporting on Controls at Service Organizations) audits, which amounted to \$306,000 and \$166,000, respectively. Expenses, including the sales and use tax related to the SSAE 16 amounted to \$12,240 and \$9,250 for 2016 and 2015, respectively. Audit Committee's pre-approval policies and procedures

---

The Audit Committee must pre-approve all auditing and non-audit services rendered by our independent registered public accounting firm. Pre-approval, however, is not required for non-audit services if: (1) the aggregate dollar value of such services does not exceed five percent of the total fees paid by the Company to the external auditors during the fiscal year in which the non-audit services are provided; (2) we did not recognize such services as non-audit services at the time of the engagement; and (3) such services are promptly brought to the attention of and approved by the Audit Committee prior to the completion of the audit. In accordance with the foregoing, the Audit Committee pre-approved all audit and non-audit services provided by D&T in 2016.

PROPOSAL 3 — AN ADVISORY RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Our Board believes our executive compensation program was designed appropriately and is working to ensure that management's interests are aligned with our shareholders' interests and support long-term value creation. We are presenting the following resolution, which provides you the opportunity to endorse or not endorse our executive compensation program:

“RESOLVED, that the shareholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed in ‘Compensation Disclosure—Compensation discussion and analysis,’ the compensation tables and the narrative discussion contained in our 2017 proxy statement.”

**Recommendation:** Vote FOR the proposal.

Overview

---

In 2011, our shareholders voted that the compensation of our NEOs be presented to our shareholders on an annual basis. Our Board accepted our shareholders' advisory vote, and in this proxy statement, we are asking our shareholders to provide advisory approval of the compensation of our NEOs, as such compensation is described in the section titled “Compensation Disclosure” of this proxy statement.

Our executive compensation program is designed to enable us to attract, motivate and retain executive talent, which is critical to our success. We seek to accomplish this goal in a way that rewards performance and is aligned with our shareholders' long-term interests. We encourage our shareholders to review the information in “Compensation Disclosure—Compensation discussion and analysis” of this proxy statement, the executive-related compensation tables and the narrative disclosures that accompany the compensation tables for more detailed information on our executive compensation program and the decisions made by the Compensation and Talent Development Committee in 2016.

The following is a summary of some elements of the executive compensation program:

Competitive pay within best practices. Compensation aims to reflect best practices. Total executive compensation is regularly compared by our Compensation and Talent Development Committee with total compensation levels for equivalent positions at companies of similar size and complexity.

Balanced compensation mix. Total compensation—which includes base salary, short and long-term variable pay opportunities, benefits and perquisites—is generally between the 25<sup>th</sup> and 50<sup>th</sup> percentile of the comparable group of companies. A significant percentage of total compensation is delivered in the form of incentive compensation.

Appropriate reward of short-term performance. Cash incentive focuses on the achievement of various financial, management and individual objectives. Maximum payment of NEOs' cash incentive is limited to 150% of their respective target opportunity, based on their base salary.

Equity compensation focused on long-term performance. 75% of the equity award value is granted in the form of performance shares and the remaining 25% in the form of time-based restricted stock. Performance shares vest at the end of a three-year performance period and restricted shares vest in equal proportions over a three-year period.

Annual review of chief executive officer and other executive officers performance. The Compensation and Talent Development Committee has direct responsibility to oversee the performance of the chief executive officer. The

committee also discusses with the chief executive officer the performance of those executives and other personnel under his direct report as part of the committee determinations on executive compensation.

Commitment to good governance. The Compensation and Talent Development Committee has retained an independent compensation consultant and includes compensation analytical tools as part of its annual executive compensation review. The committee also oversees the compliance of compensation-related policies and practices, including our claw-back provisions, stock ownership guidelines, an equity award grant policy, and insider trading, among others. Additionally, the committee reviews on an annual basis all compensation-related risks.

At the Company's 2016 annual meeting of shareholders, 99.1% of our shareholders approved, on an advisory basis, the compensation of our NEOs. Pursuant to that vote, our Board approved an executive compensation program that is similar to the one presented to our shareholders in our 2016 proxy statement.

The affirmative vote of the holders of a majority of the shares of common stock entitled to vote and present or represented by proxy at the meeting is required to approve this proposal.

While our Board intends to carefully consider the vote resulting from the proposal, the vote is advisory in nature and it is not binding on the Company, the Board, or our Compensation and Talent Development Committee, nor will it create or imply any additional fiduciary duty for the Company, the Board, or the Compensation and Talent Development Committee. The shareholders' vote will not overrule any decision made by our Board nor require the Board to take any action. However, the Compensation and Talent Development Committee and the Board value the opinions expressed by our shareholders in their vote on this proposal and will take into account the outcome of the vote when considering future executive compensation decisions regarding our NEOs.

PROPOSAL 4 — AN ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Section 14A of the Exchange Act of 1934 enables our shareholder to indicate how frequently the Company should seek an advisory vote on executive compensation (“Say-On-Pay Vote”). In particular, shareholders may vote on an advisory basis as to whether future Say-On-Pay Votes will occur once every year, every two years, or every three years, or abstain. We are presenting the following resolution, which provides you the opportunity to vote on how frequently the Company will conduct the advisory vote on executive compensation:

“RESOLVED, that the shareholders of the Company determine, on an advisory basis, that the frequency with which they shall have an advisory vote on the compensation of the Company’s Named Executive Officers set forth in the Company’s proxy statement is: (i) 1 year, (ii) 2 years, or (iii) 3 years.”

**Recommendation:** Vote for “1 YEAR” as the frequency for an advisory vote on executive compensation.

Overview

---

The SEC regulations require that the Company’s shareholders have an opportunity, at least once every six years, to vote on the frequency of an advisory vote on executive compensation. The last shareholder vote on the frequency of the Say-On-Pay Vote was in 2011. Accordingly, this year the Company is seeking an advisory determination from our shareholders as to the frequency of future advisory votes on executive compensation. We are providing shareholders the option of selecting a frequency of one, two, or three years. You may also abstain from voting.

Our Board has determined that an advisory vote on executive compensation that occurs every year is the most appropriate, and as such the Board is recommending that shareholders vote in favor of an annual advisory vote on executive compensation. Our Board believes that an advisory vote on executive compensation every year will continue to allow our stockholders to provide us with their direct and timely input on our compensation philosophy, policies and practices. Additionally, an annual advisory vote on executive compensation is consistent with our policy of seeking input from, and engaging in discussions with, our shareholders on corporate governance matters.

In 2011, our shareholders voted that the compensation of our NEOs be presented to our shareholders on an annual basis. Our Board accepted our shareholders’ advisory vote, and since 2011 we have asked our shareholders to provide advisory approval of the compensation of our NEOs on an annual basis. Our next vote on the frequency of the Say-On-Pay vote will be held no later than the 2023 annual meeting.

You may cast your vote on your preferred voting frequency by choosing from the options of 1 year, 2 years, 3 years or abstain from voting. You will not be voting to approve or disapprove the recommendation of our Board. The option of 1 year, 2 years, or 3 years that receives the highest number of votes will be considered our shareholders’ preferred frequency for the advisory vote on executive compensation.

The affirmative vote of the holders of a majority of the shares of common stock entitled to vote and present or represented by proxy at the meeting is required for this proposal.

While our Board intends to carefully consider the vote resulting from the proposal, the vote is advisory in nature and it is not binding on the Company, the Board, or our Compensation and Talent Development Committee, nor will it create or imply any additional fiduciary duty for the Company, the Board, or the Compensation and Talent Development Committee. The shareholders’ vote will not overrule any decision made by our Board nor require the Board to take any action, and as such, the Board may decide that it is in the best interests of our shareholders and the

Company to hold an advisory vote on executive compensation more or less frequently than the option preferred by our shareholders. However, the Compensation and Talent Development Committee and the Board value the opinions expressed by our shareholders in their vote on this proposal and will take into account the outcome of the vote when considering the frequency of the Say-On-Pay Vote.

Amendments to the Amended and Restated Articles of Incorporation of the Company

---

On February 14, 2017, our Board adopted resolutions approving certain amendments to the Amended and Restated Articles of Incorporation of the Company (the “Articles”), and recommended that they be presented for shareholder approval at the annual meeting of shareholders, as required by the Articles. The adoption of the amendments to the Articles would reduce the minimum and maximum amount of directors of the Company, eliminate the provision by which the Company’s President is a member of the Board without shareholder approval and correct certain references to the By-Laws of the Company used in the Articles. For the reasons set forth below, our Board believes that it is in the best interest of the Company and that of its shareholders to adopt the amendments to the Articles (Proposals 5 through Proposal 7).

During the 2017 Annual Meeting of Shareholders, three proposal for adopting certain amendments to our Articles will be presented. Our Board believes that the amendments present changes that are important for the continued improvement of its performance.

**PROPOSAL 5 — AMENDMENT TO ARTICLE TENTH A OF THE ARTICLES OF INCORPORATION**

Proposal 5 is presented by the Board to amend Article TENTH A of our Articles. It would reduce the minimum and maximum amount of members comprising our Board from nine (9) to nineteen (19) members to seven (7) to thirteen (13) members.

“RESOLVED, that Article TENTH A of the Articles of Incorporation shall be amended as follows:

A. The business affairs of the Corporation shall be managed under the direction of a Board of Directors consisting of not less than ~~nine (9)~~ seven (7) Directors, nor more than ~~nineteen (19)~~ thirteen (13) Directors.”

Recommendation: Vote FOR the proposal.

Overview

---

As part of its corporate governance evaluation process, from time to time the Board will evaluate its composition, agility and proper functioning. As such it is possible to evaluate, modify and ensure that the size of the Board of Directors is adequate and provides the necessary agility and flexibility to fulfill its corporate responsibilities. The necessities of a board can be addressed with this type of evaluation which allows more certainty with regard to the board composition, its independence and the corporation’s future plans.

The Puerto Rico General Corporation Act of 2009 (the “Act”), as amended, provides that the board of directors of a corporation shall be composed of one or more members. Pursuant to the provisions of the Act, the number of directors comprising the Board shall be established in the bylaws of the corporation, unless the certificate of incorporation sets the number of directors, in which case, in order to make a change, it is necessary to amend said certificate. Based on good corporate governance practices, the Board understands that a board comprised of at least seven (7), but no more than thirteen (13) directors will allow the Company greater flexibility to manage its fiduciary objectives and endeavors, in compliance with its Articles. Moreover, the Board believes that reducing the range in the number of directors in the Articles provides more certainty to shareholders regarding the possible size of the Board.

At present, the Articles establish that the Board shall be composed of at least nine (9), but no more than nineteen (19) directors. With the interest of implementing more agile corporate practices to provide for the necessities and

objectives of the Company and to make the endeavors of the Board even more manageable, the Board proposes this amendment to the shareholders so that it may be approved and implemented.

The affirmative vote of a majority of the issued and outstanding shares of common stock, entitled to vote as of the record date, is required to approve this proposal.

PROPOSAL 6 — AMENDMENT TO ARTICLE TENTH C OF THE ARTICLES OF INCORPORATION

Proposal 6 is presented by the Board to amend Article TENTH C of our Articles. It eliminates the provision by which the Company's President is a member of the Board without shareholder approval.

“RESOLVED, that Article TENTH C of the Articles of Incorporation shall be amended as follows:

~~The President of the Corporation shall be a member of the Board of Directors and will be excluded from the C. aforementioned groups.~~ Every director will perform his/her duties until his/her successor is duly elected and in possession of his/her position.”

**Recommendation:** Vote FOR the proposal.

Overview

---

Article TENTH C of the Articles provides that the President of the Company shall be a member of the Board of Directors and shall be excluded from the classified groups of the board. As a result, our shareholders do not elect the President as a director of the Board. After careful consideration of the Board's composition and our shareholders' right to elect the members of the Board, our Board believes that the shareholders should have the right to elect all of the members of the Board in order to ensure that their interests are properly represented.

If Proposal 6 is approved by our shareholders, the current seat held on the Board by the President of the Company will be subject to shareholder approval. If Proposal 6 is approved, the Board will vote to appoint Mr. Roberto García-Rodríguez, current President of the Company, to one of the three groups of directors. As provided by Article TENTH C of the Articles, Mr. Roberto García-Rodríguez will continue to be a member of the Board until his successor is duly elected and takes possession as member of the Board. The Board expects to nominate Mr. Roberto García-Rodríguez for reelection or will nominate a successor in the annual meeting of the shareholders following the expiration of his term as a director of the board.

The affirmative vote of a majority of the issued and outstanding shares of common stock, entitled to vote as of the record date, is required to approve this proposal.

PROPOSAL 7 — AMENDMENT TO ARTICLE THIRTEENTH OF THE ARTICLES OF INCORPORATION

Proposal 7 is presented by the Board to amend Article THIRTEENTH of the Articles in order to correct certain references made in the Articles to the By-Laws of the Company.

“RESOLVED, that Article THIRTEENTH of the Articles shall be amended as follows:

The Board of Directors of the Corporation shall have the power to amend the Bylaws of the Corporation by the vote of a majority of the whole Board of Directors of the Corporation. The shareholders of the Corporation shall not have the power to amend the Bylaws of the Corporation unless such amendment shall be approved by the holders of at least a majority of the then issued and outstanding shares of capital stock entitled to vote thereon. Notwithstanding anything contained in these Articles of Incorporation of the Corporation to the contrary, the approval of BCBSA (unless each and every License Agreement with BCBSA to which the Corporation or its subsidiaries shall be subject shall have been terminated) shall be required to amend ~~Section 5-2, Paragraph D of Section 6-2, Paragraph H of Section 7-11 and Sub Section 12 of Section 7-14~~ Section 2.8, the last sentence of Section 3.1, the first sentence of Section 3.4(a), Section 3.13, Section 3.14(b) and the BCBSA approval requirement contained in Section 6.6 of the By-Laws of the

Corporation and the BCBSA approval requirement contained in this Article THIRTEENTH. For purposes of this Section B of Article THIRTEENTH, the term “whole Board of Directors of the Corporation” means the total number of Directors which the Corporation would have as of the date of such determination if the Board of Directors of the Corporation had no vacancies.”

Recommendation: Vote FOR the proposal.

Article THIRTEENTH of the Articles provides the approval(s) required in order to amend the By-Laws of the Company. Article THIRTEENTH makes reference to certain sections of the By-Laws the amendment of which requires approval from the BCBSA since they are requirements imposed by our license with the BCBSA. Although the By-Laws of the Company were restated on June 1, 2010 pursuant to Article THIRTEENTH, the references in the Articles have not been corrected to refer to the proper sections in the restated By-Laws. The proposed amendment is necessary in order to update the Articles to make reference to the corresponding sections of the By-Laws currently in effect. The proposed amendment to Article THIRTEENTH of the Articles will not alter or modify the rights of the Company or the shareholders in any way.

PROPOSAL 8 — ADOPTION OF THE TRIPLE-S MANAGEMENT CORPORATION 2017 INCENTIVE PLAN

Our Board believes the approval of the Triple-S Management 2017 Incentive Plan is in the best interests of our shareholders. We are presenting the following resolution, which provides you the opportunity to endorse or not endorse the Triple-S Management 2017 Incentive Plan:

“RESOLVED, that the shareholders of the Company hereby consent to, approve and adopt the Triple-S Management 2017 Incentive Plan and the termination of the Triple-S Management 2007 Incentive Plan, effective on April 28, 2017, and.”

Recommendation: Vote FOR the proposal.

Overview

---

On April 27, 2008, our shareholders adopted the Triple-S Management Corporation 2007 Incentive Plan (the “2007 Plan”) with the purposes of creating incentives designed to motivate our executive, directors and other employees to significantly contribute toward our growth and profitability, and assist the Company in achieving our long-term corporate objectives, to attract and retain executives and other employees of outstanding competence. The 2007 Plan has a term of ten years, and is set to expire on November 1, 2017. The Board proposes the approval of the Triple-S Management Corporation 2017 Incentive Plan (the “Plan”) to replace the 2007 Plan.

According to the Plan, we may grant incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock and restricted stock units, performance awards, including cash bonus awards, and other stock-based awards, to our officers and key employees, and those of our subsidiaries. In addition, the Plan provides for the grant of equity-based compensation incentives to our directors and to any independent contractors and consultants who by their position, ability and diligence are able to make important contributions to our future growth and profitability. Generally, all classes of our employees are eligible to participate in the Plan.

Shareholder approval will provide shareholders with a complete picture of all aspects of director and executive compensation, and to qualify the Plan with the Department of the Treasury of the Commonwealth of Puerto Rico, which would allow the recipient of a grant of qualified stock options to receive certain tax benefits. The following is a summary of the material provisions of the Plan and is qualified in its entirety by reference to the complete text of the Plan, a copy of which is attached to this proxy statement as Exhibit A.

Effective Date of the Plan. The Plan will become effective on April 28, 2017, subject to its approval by the shareholders of the Company.

Plan Term. The Plan will have a 10-year term, subject to earlier termination by our Board.

Authorized Shares. Subject to adjustment, up to 1,700,000 of the shares of our authorized Class B shares will be available for awards to be granted under the Plan, plus the number of shares that were subject to any awards under the 2007 Plan as of the Effective Date that are thereafter forfeited, cancelled, expire, terminate or otherwise lapse, in whole or in part, without the delivery of shares. All shares remaining available for issuance under the 2007 Plan will be cancelled upon the adoption of the Plan by the shareholders of the Company. No participant in the Plan may receive stock options and stock appreciation rights in any calendar year that relate to more than 600,000 shares of our class B shares, restricted stock and restricted stock units that relate to more than 300,000 shares, performance awards or other stock-based awards that relate to more than 300,000 shares, and the maximum amount that may be paid in a calendar year for an award denominated in cash or value other than shares is \$3,000,000. No director in the Plan may

receive stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards or other stock-based awards with fair market value as of the grant date in excess of \$300,000 or cash retainers or other cash awards in excess of \$300,000. Shares of common stock to be issued under the Plan may be made available from authorized but unissued Class B shares or Class B shares that we acquire. Shares that the Company acquires on the open market shall not be added to the shares available for issuance under the plan.

## Table of Content

If an award (other than a substitute award as defined below) terminates, is forfeited, cancelled or settled for cash, excluding shares tendered or withheld in payment of an exercise price or for withholding taxes, then the shares covered by such award will again be available for issuance under the Plan. Shares of our common stock underlying substitute awards shall not reduce the number of such shares available for delivery under the Plan. A “substitute award” is any award granted in assumption of, or in substitution for, an outstanding award previously granted by a company acquired by us or with which we combine.

Administration. The Compensation Committee will administer the Plan and will have authority to select individuals to whom awards are granted, determine the types of awards and number of shares covered, and determine the terms and conditions of awards, including the applicable vesting schedule, performance conditions, and whether the award will be settled in cash, shares or a combination of the two.

Types of Awards. The Plan will provide for grants of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, deferred shares, performance awards, including cash bonus awards, and other stock-based awards.

Stock options. An option is the right to purchase shares of Class B common stock at a future date at a specified exercise price. The per share exercise price of options will be determined by the Compensation Committee but may not be less than the closing price of a share of our Class B common stock on the date of grant (other than a substitute award). The Compensation Committee determines the date after which options may be exercised in whole or in part, and the expiration date of each option. However, no option award will be exercisable after the expiration of 10 years from the date the option is granted. No grant of options may be accompanied by a tandem award of dividend equivalents or provide for dividends or dividend equivalents to be paid on such options.

Stock appreciation rights. A stock appreciation right is a contractual right granted to the participant to receive, in cash or shares, an amount equal to the appreciation of one share of Class B common stock from the date of grant. Stock appreciation rights may be granted either alone (“freestanding”) or in addition to other awards granted under the Plan (“tandem”) and may, but need not, relate to a specific option granted under the Plan. Any stock appreciation rights will be granted subject to the same terms and conditions applicable to options, as described above.

o Restricted stock/restricted stock units. Shares of restricted stock are shares of our Class B common stock subject to restrictions on transfer and a substantial risk of forfeiture. A restricted stock unit consists of a contractual right denominated in shares of our Class B common stock which represents the right to receive the value of a share of Class B common stock at a future date, subject to certain vesting and other restrictions. Restricted stock and restricted stock units will be subject to restrictions and such other terms and conditions as the Compensation Committee may determine, which restrictions and such other terms and conditions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Compensation Committee may deem appropriate.

o Performance Awards. The Plan will provide that grants of performance awards, including cash-denominated awards and (if determined by the Compensation Committee) restricted stock, restricted stock units or other stock-based awards, will be made based upon, and subject to achieving, certain “performance objectives.” Performance objectives with respect to those awards that are intended to qualify as “performance-based compensation” for purposes of Section 162(m) of the Internal Revenue Code are limited to revenue growth, operating income growth, premiums earned; net sales; revenue or product revenue growth; operating income (before or after taxes); pre- or after-tax income (before or after allocation of corporate overhead and bonus); net earnings; earnings per share, earnings per share growth; net income (before or after taxes); return on equity; total shareholder return; return on assets or net assets; appreciation in and/or maintenance of share price; market share; gross profits; earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes, depreciation and amortization); comparisons with various stock market indices; reductions in costs; cash flow or cash flow per share (before or after dividends); return on

capital (including return on total capital or return on invested capital); cash flow return on investment; improvement in or attainment of expense levels or working capital levels; operating margins, gross margins or cash margin; year-end cash; debt reductions; shareholder equity; regulatory achievements; and implementation, completion or attainment of measurable objectives with respect to research, development, products or projects and recruiting and maintaining personnel, each as determined in accordance with generally accepted accounting principles, where applicable, as consistently applied by the Company. The maximum number of shares of our Class B common stock subject to a performance award in any fiscal year is 300,000 shares and the maximum amount of a long term incentive award denominated in cash shall be \$1.5 million multiplied by the number of years included in any applicable performance period relating to such award.

Table of Content

- o Deferred shares. An award of deferred shares entitles the participant to receive shares of our Class B common stock upon the expiration of a specified deferral period. In addition, deferred shares may be subject to restrictions on transferability, forfeiture and other restrictions as determined by the Compensation Committee.

Other awards. The Compensation Committee is authorized to grant other stock-based awards, either alone or in addition to other awards granted under the Plan. Other awards may be settled in shares, cash, awards granted under the Plan or any other form of property as the Compensation Committee determines.

Eligibility. All our employees and members of our Board will be eligible to participate in the Plan. From time to time, our Board will determine who will be granted awards, the number of shares or performance units subject to such grants, and the terms of awards. Under the Plan, awards may be granted to our employees, our directors and other individuals providing services to us, including but not limited to consultants, advisors and independent contractors. As of December 31, 2016, there were about 3,400 persons who would have been eligible to receive awards under the Plan.

Adjustments. The Compensation Committee shall adjust the terms of any outstanding awards and the number of shares of Class B common stock issuable under the Plan for any change in shares of our common stock resulting from a stock split, reverse stock split, stock dividend, spin-off, combination or reclassification of our Class B common stock, an issuance of shares pursuant to the anti-dilution provisions of the Class B common stock or any other event that affects our capitalization if the Compensation Committee determines an adjustment is equitable or appropriate.

Termination of Service and Change in Control. The Compensation Committee will determine the effect of a termination of employment or service on awards granted under the Plan. Upon a change control (as defined in the Plan), the Compensation Committee will determine whether outstanding options shall be assumed, continued or substituted. Awards assumed, continued or substituted by the acquirer in connection with a change of control will become fully vested if the participant employment is terminated without cause at any time during the 12 month period following the change of control (double trigger). Only to the extent awards will not be assumed, continued or substituted, the Compensation Committee may provide that such awards will become fully vested upon such change in control.

Plan Benefits. Future benefits under the Plan are not currently determinable. However, current benefits granted to our directors, named executive officers and all our other employees would not have been increased if they had been made under the Plan. Grants of performance stock, restricted stock and stock options to our named executive officers are shown in the Grant of Plan-Based Awards table in the proxy statement.

Table of Content

Amendment, Modification and Termination. The Compensation Committee may from time to time suspend, discontinue, revise or amend the Plan and may amend the terms of any award in any respect, provided that no such action will adversely impair or affect the rights of a holder of an outstanding award under the Plan without the holder's consent, and no such action will be taken without shareholder approval, if required by the rules of the stock exchange on which our shares are traded.

Clawback of Awards. Awards granted under the Plan shall be subject to any clawback or recoupment arrangements or policies the Company has in place from time to time.

The affirmative vote of the holders of a majority of the shares of common stock entitled to vote and present or represented by proxy at the meeting is required to approve this proposal.

Independence of directors

---

Our director independence standards conform to those required by the NYSE and BCBSA. Under these standards, a director qualifies as “independent” if our Board affirmatively determines that the director has no material relationship with us other than as a director. In assessing whether a director has a material relationship with us, directly or as a partner, shareholder or officer of an organization that has a relationship with us, the Board uses the criteria outlined in Section 303A.02 of the NYSE Listed Company Manual. For relationships not covered by the NYSE guidelines, the determination of whether a material relationship exists is made by the members of our Board who are independent under said guidelines. Our Board has reviewed the relationships between the Company, including our subsidiaries or affiliates, and each board member, including each such director’s immediate family members.

### Table of Content

The Board has affirmatively determined that all current directors are independent other than Mr. Clavell-Rodríguez, because he receives compensation from Triple-S Salud, Inc. (“TSS”) and Triple-S Advantage, Inc. (“TSA”), subsidiaries of the Company, for services rendered in the ordinary course of business as a healthcare provider, and Mr. García-Rodríguez, because he is our president and chief executive officer. Each of the independent directors has no relationship with us, other than any relationship that is categorically not material under the guidelines indicated above and other than as disclosed in this proxy statement under “Compensation Disclosure—Director compensation” and “Other relationships, transactions and events.” The Board has determined that the relationships described in this proxy statement do not preclude a determination of independence because the relationships will not impair the applicable director’s ability to render an independent judgment.

Pursuant to NYSE and BCBSA requirements, neither non-independent directors nor our officers and employees, including those of our subsidiaries, are members of the Compensation and Talent Development, Audit or Corporate Governance and Nominating committees.

### Board leadership structure

---

The Board believes its current leadership structure best serves the oversight of management, its ability to carry out its roles and responsibilities on behalf of the shareholders, and the Company’s overall corporate governance. We believe that the separate roles of president and chief executive officer and chair of the board reflects the differences between the two roles. The president and chief executive officer is responsible for executing our strategic plan and overseeing the performance of our day-to-day operations, while the chair of the Board provides guidance to the president and chief executive officer, sets the agenda for Board meetings and presides over meetings of the Board and executive sessions of non-management directors.

Each director in our Board is free to call upon any director to provide leadership in a given situation. However, because Mr. Clavell-Rodríguez, our chair, is not independent, on March 7, 2017, our Board appointed the vice chair of our Board, Mrs. Dominguez, as lead independent director. Mrs. Dominguez’ responsibilities as lead independent director include: presiding all meetings of the board at which the chair of the board is not present, serving as liaison between the chair of the board and the independent directors, presiding over the executive sessions of the independent directors and having the authority to call meetings of the independent directors. The Board holds executive sessions with independent directors at least once a year. The Board periodically reviews the leadership structure and may make changes to the current structure in the future.

### Board meetings and committees

---

Our Board met ten times during 2016. Each of the incumbent directors attended 75% or more of the aggregate meetings of the Board and the committees on which they served during the period for which such person has been a director during 2016. Directors are also kept informed of our business through meetings and other communications, including direct communications with our Board’s chair and others regarding matters of interest and concern to us and our shareholders. Mr. García-Rodríguez is the only director who is also an employee of the Company. He does not participate in any discussion or vote in any Board or committee meeting at which his compensation is evaluated.

We encourage our directors to attend our annual meeting of shareholders; however, we have not adopted a formal policy requiring director attendance at the annual meeting of shareholders. All of our then current members of the Board attended our 2016 annual meeting of shareholders.

Non-management directors meet regularly in executive sessions without management. Non-management directors are

all our Board members who are not our officers and include directors, if any, who are not “independent” by virtue of the existence of a material relationship with us. The chair of the Board presides over these executive sessions, which are typically held in conjunction with each regularly scheduled meeting of the Board. Independent directors also meet at least once per year in executive session without management or directors who are not independent. Mrs. Dominguez, the vice chair of the Board and lead independent director, presides over these executive sessions.

Our Board has five standing committees: Audit, Compensation and Talent Development, Corporate Governance and Nominating, Investment and Financing, and Executive. The responsibilities of each committee are set forth in its respective charters, which have been approved by the Board. Committees must review their respective charters and perform a self-evaluation at least annually. Each committee has the authority to engage, retain, and approve the fees and payment of advisors as deemed necessary or appropriate to carry out its responsibilities without further action by the Board. Such independent advisors may be the regular advisors to the Company.

Director nominations process

---

As part of the nominations process, the Corporate Governance and Nominating Committee is responsible for determining the appropriate skills and characteristics required for new Board members in light of the current Board composition and for identifying qualified candidates for Board membership. The process followed by the committee to identify and evaluate candidates includes requests to Board members, senior management and others for recommendations, periodic meetings to evaluate biographical information and background material relating to potential candidates, and interviews of candidates identified by members of the committee and the Board.

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, the Corporate Governance and Nominating Committee applies the criteria set forth in our guidelines of corporate governance and its committee charter. Generally, the committee verifies that the selected individuals possess the following specific qualities or skills: experience or relevant knowledge, time availability and commitment, good reputation, analytical thinking, ability to work as a team, independent judgment, and ability to verbalize and present ideas in a rational and eloquent fashion. The committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. This process also takes into

consideration our strategies, the annual peer and self-evaluations of each director, the fit between candidates' qualifications and our needs, and applicable legal, regulatory and statutory requirements. The goal is to assemble a board that is strong in its collective knowledge and consists of individuals who possess a variety of complementary attributes that serve the Company and its shareholders well. The Board is responsible for the final approval of new director candidates, as well as the nomination of existing directors for reelection.

Shareholders may recommend individuals for the Corporate Governance and Nominating Committee to consider as potential director candidates in the Board's slate of nominees by submitting their names and background to "Triple-S Management Corporation, Corporate Governance and Nominating Committee," at Triple-S Management Corporation, P.O. Box 363628, San Juan, PR 00936-3628. The committee will review the qualifications of recommended candidates if appropriate biographical information and background material are provided on a timely basis. Evaluation of such candidates will follow the same process, and apply the same criteria, as for candidates submitted by Board members, senior management or others. If the Board decides to nominate a shareholder-recommended candidate and recommends his or her election as a director by the shareholders, the name will be included in our proxy card for the shareholders' meeting at which his or her election is recommended.

Table of Content

Shareholders also have the right to directly nominate director candidates, without any action or recommendation on the part of the Corporate Governance and Nominating Committee or the Board, by following the procedures set forth in the Company’s bylaws and described in response to the question “How and when may I submit a shareholder proposal, including a shareholder nomination for director, for the 2018 annual meeting of shareholders?” in the “Information about voting, solicitation and the annual meeting” section of this proxy statement.

## Criteria

In considering whether to recommend any candidate for inclusion in the Board’s slate of recommended nominees, including re-election of directors and candidates recommended by shareholders, the Corporate Governance and Nominating Committee, in accordance with the Board’s diversity policy and the committee charter, will review certain criteria to ensure we benefit from a broad diversity of director experience, thoughts, viewpoints and backgrounds. The committee considers personal characteristics each individual must show in order to be considered as a director and those competencies represented in the Board to promote a balanced composition of knowledge, experience and abilities that will allow the Board to fulfill its responsibilities, as further described below.

Personal attributes	Competencies	Other considerations
• Integrity and good reputation	• Public company service	• Independence
• Independent judgment	• Accounting and finance	• Conflict of interest
• Analytical thinking	• Industry knowledge	• Acceptance of the Company’s ethical norms and responsibilities
• Educational background	• Technology	• Compliance with legal and regulatory requirements
• Professional experience	• International markets	• Other commitments
• Business acumen	• Government and public policy	• Peer-review and evaluation process
• Commitment	• Human resources	
• Diligence	• Legal	
• Ability to serve	• Executive leadership	

The committee recognizes the value of inclusiveness on the Board and carefully considers the Board’s diversity in the director identification and nomination process by taking into consideration the personal attributes, the competencies, and other perspectives of the individuals considered for director. The committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We do not discriminate against nominees on the basis of race, color, gender, religion, national origin, sexual orientation, disability or any other basis prohibited by law.

## Risk oversight

The Board has the primary role, as a whole and through its committees, in overseeing the way in which management identifies and manages risks. Senior management is responsible for identifying significant risks, and developing and implementing the strategies, assessment, prioritization, mitigation and control of the Company’s most important risks. The Company maintains an Executive Risk Committee comprised of senior personnel that, among other things, ensures that the Company is maintaining effective risk management processes to identify, discuss, and communicate significant and emerging risks. Management is also responsible for identifying risk and risk controls related to significant business activities and Company objectives, and developing programs to determine the sufficiency of risk identification, the balance of potential risk to potential reward, the appropriate manner in which to control risk, and the

support of the risk-controlling behaviors and the risks to the Company's strategy.

The Board receives management reports on the potentially significant risks that the Company faces and how the Company is seeking to control risk, where appropriate. The Corporate Governance and Nominating Committee has primary oversight over the Company's enterprise risk management program. Additionally, each Board committee also considers risks within its area of responsibility. For example, the Audit Committee oversees management of financial risks, including issues related to internal control over financial reporting, and our policies with respect to risk assessment and management. The Compensation and Talent Development Committee oversees the management of risks relating to our executive compensation structure. Our Investment and Financing Committee oversees risks related to our investment policy, financial strategies, and corporate acquisitions. While each of these committees is responsible for evaluating and overseeing the management of specific risks, the entire Board is regularly informed about such risks through committee reports. The Board also receives regular reports from members of senior management regarding areas of material risk to us, including operational, financial, legal, regulatory, strategic and reputational risks, and often discusses risk as part of its review of the ongoing business, financial performance, and other activities of the Company. In addition, the Board annually reviews our strategic plan which addresses, among other matters, the risks and opportunities we face. Review of this information enables the Board to understand and assess our risk identification, appetite and tolerance, management, and mitigation strategies.

Communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that the chair of the Board considers to be important for the directors to review. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

We believe that an effective executive compensation program recognizes individual contributions as well as overall business results, rewards executives for achieving our annual and long-term goals, aligns executive and shareholder interests and reflects responsible corporate governance practices to ultimately improve shareholder value. We believe the compensation of our executive officers reflects our results and further promotes the achievement of our goals.

The following table summarizes our compensation program and the decisions made by the Compensation and Talent Development Committee and ratified by our Board in 2016, and the rationale for each decision. These decisions considered the Company’s executive compensation philosophy, the Company’s financial and operating performance for 2015 and 2016, individual executive performance, prevailing compensation trends in our comparable group, which includes companies located in Puerto Rico and the United States, and our industry.

Our compensation philosophy

---

Our executive compensation program is designed to support our vision, our strategic and financial goals, and operating imperatives. It applies to our NEOs and other executive officers of our Company and subsidiaries.

Overarching principles

- Reinforce our values by combining our efforts to deliver superior business results with good governance, socially responsible business practices, and high ethical standards.
- Promote a high performance culture with clear emphasis on accountability and variable pay that is tied to both short and long-term results.
- Ensure compensation is paid based on accurate financial data.
- Attract, motivate and retain top talent in a cost-effective way by offering competitive compensation.
- Require share ownership that increases with executives' scope of responsibilities.
- Emphasize uniformity of design features to reinforce collaboration, limit program complexity, and increase the effectiveness of the entire executive team.
- Align executive and shareholder interests through long-term equity based plans.
- Maintain a clear and understandable framework for evaluating the effectiveness of the program's design.
- Prohibit any activity that hedge employee's economic risk of owning

Targeted pay posture

- Provide a total compensation opportunity targeted around average levels within comparable group.
- High performers, successors to key positions, and individuals in critical assignments may be targeted at a higher level to ensure engagement, motivation, and retention.
- Newly promoted or inexperienced executives may be paid at a lower level of target pay until they become fully-seasoned contributors.

Peer group

- We compare our compensation against companies with whom we compete for talent, capital, and customers using peer references used for competitive pay comparisons, and general industry surveys for which compensation peer group data is not available.
- The Compensation and Talent Development Committee, and management, as applicable, will use judgment when making adjustments to compensation and review executive pay from a holistic perspective, including reference to compensation peer group pay practices, importance of the position to the Company, level of responsibility of the position, individual performance and growth in position, our financial performance and ability to pay, and internal equity considerations.

Company stock.

- Provide a balanced total compensation to ensure that management is not encouraged to take unnecessary and excessive risks that may harm the Company.

#### Description of compensation policies

---

Equity award grant policy. The purpose of the equity award grant policy is to ensure the integrity of the award granting process and avoid the possibility or appearance of timing of equity grants for the personal benefit of executives. Under the changes made to the policy on August 2, 2016, equity awards are made at the Compensation and Talent Development Committee's first regularly scheduled meeting taking place in the month of March. Equity grants to certain newly hired employees or promoted individuals, including executive officers, are made on the last business day prior to the 15<sup>th</sup> day of each month following the date of hire or the last business day of each month, whichever day first follows the date on which the newly-hired individual commences providing acting services to the Company or the promoted individual commences providing active services to the Company at the promoted level. No off-cycle awards may be granted to the Company's executive officers during quarterly and event-specific blackout periods under the Company's insider trading policy. Outstanding stock option awards have an exercise price equal to the closing market price of the Company's common stock on their grant date. Our equity incentive plans prohibit the re-pricing or exchange of equity awards without shareholder's approval.

Recoupment Policy. Our recoupment policy applies to any current or former employee who received incentive compensation based on financial data on which the Company is required to prepare an accounting restatement due to the material noncompliance with any financial reporting requirement under the securities laws. The recoupment policy aligns management's interests with the interests of shareholders and supports good governance practices. The policy provides that the Company may, in the exercise of its discretion (as determined by the Compensation and Talent Development Committee) take action to recoup the amount by which such award exceeded the payment that would have been made based on the restated financial results. Our right of recoupment expires three years following the year for which the inaccurate performance criteria were measured; however, our right of recoupment is not subject to an expiration period in the event of fraud or misconduct.

Insider trading and anti-hedging policy. We prohibit directors, officers, employees and consultants of the Company from trading in the securities of the Company or its affiliates (e.g., customers, suppliers, etc.), directly or through family members or other persons or entities, if they are aware of material nonpublic information relating to the Company or its affiliates. Trading includes purchases and sales of stock, derivative securities such as put and call options and convertible debentures or preferred stock, and debt securities (debentures, bonds and notes). Trading also includes certain transactions under the Company's plans (e.g., sale of underlying stock acquired upon the exercise of stock options, certain transactions associated with the Company's retirement savings plan, and voluntary additional contributions to the Company's dividend reinvestment plan). Our insider trading policy also prohibits our directors, officers and certain other employees from engaging in any hedging or monetization transactions involving Company securities.

Stock ownership guidelines for executive. Our stock ownership guidelines for our executive officers and other key employees aim to align their interests with those of our shareholders. The guidelines require executives and other employees to own Company stock in an amount equal to a multiple of base salary, as follows:

Level	Value of Stock as a Multiple of Base Salary
CEO	5x
CFO and subsidiary presidents	3x
Corporate and subsidiary executives	2x
Other selected employees	1x

Until an executive reaches his or her applicable ownership level, he or she must retain 50% of the equity received from long-term compensation plans (after meeting tax withholding obligations), and once the ownership level is met, he or she may not sell shares if doing so would cause his or her ownership to fall below that level. The Compensation and Talent Development Committee reviews progress toward meeting the ownership guidelines on an annual basis.

The Committee has also approved stock ownership guidelines for non-management directors. See the section entitled “Director compensation—Stock ownership guidelines for non-management directors” of this proxy statement for more information.

#### Compensation consultants

---

The Compensation and Talent Development Committee has sole authority to engage and terminate the services of outside consultants. In 2016, the committee retained Pay Governance to assist the committee on matters related to executive officer and director compensation, including the committee’s review of the comparable group, analysis of the competitiveness of executive compensation, and reporting on trends and issues related to executive compensation.

The Board has determined that Pay Governance is an independent compensation consultant pursuant to Section 10C of the Exchange Act. Pay Governance reports exclusively to the Compensation and Talent Development Committee and does not provide any additional services to the Company.

#### Results of advisory vote on say-on-pay and frequency of the vote

---

Rule 14a-21 of the Exchange Act enables our shareholders to vote to approve, on an advisory basis, the compensation of our NEOs. In 2016, 99.1% of our shareholders voted in favor of the compensation of our NEOs. Also, the rule enables our shareholders to advise the Company on the frequency of their vote on the compensation of our NEOs. In 2011, our shareholders voted that such compensation be presented for shareholder’s advisory approval on an annual basis and the Board accepted the advice of our shareholders. Our executive compensation program presented to our shareholders in this proxy statement is similar to the one presented at last year’s annual meeting.

In accordance with Rule 14a-21 of the Exchange Act, during this annual meeting, the shareholders will have the opportunity to vote on the frequency of the vote on the compensation of our NEOs. After this year’s vote, the next shareholder vote on the frequency of the vote on executive compensation will be held no later than the 2023 annual meeting of shareholders.

#### Determining executive compensation

---

We compare the compensation of the NEOs to that of companies with which we compete or could compete for executive talent, capital and customers. These companies include private or publicly-held companies, stand-alone businesses and/or divisions of larger corporations. Our size and organizational complexity is considered when selecting comparable companies in Puerto Rico and the United States and data analysis methods. Within our general competitive framework, specific comparisons may vary by type of role.

Table of Content

Based on our compensation philosophy, a significant percentage, an average of 70% for our CEO and 61% for all other NEOs in 2016, is delivered through our incentive compensation plans in the form of at-risk variable pay. The Compensation and Talent Development Committee has not adopted a policy or formula to allocate total compensation among its various components. As a general matter, the committee reviews competitive pay information provided by its compensation consultant as well as our current operating goals and environment to determine the appropriate level and mix of incentive compensation. Actual amounts earned from incentive compensation are realized only as a result of individual or Company performance, depending on the type of award, based on a comparison of actual results to pre-established goals.

The Compensation and Talent Development Committee collects relevant market data and alternatives to consider when making executive compensation decisions. In 2016, the committee compared the data with each element of total compensation to a list of 15 comparable companies, including companies in Puerto Rico and direct industry competitors located within the United States (the “comparable group”). Three of these companies have the same six-digit Global Industry Classification Standards (GICS) code as ours, nine are within the “insurance” GICS industry group, and the remainder are Puerto Rico companies in the banking and technology industries. We generally update the comparable group compensation benchmark every other year, or as may be appropriate to reflect changes in our operating environment or business model. We will update this benchmark again during 2018.

The companies comprising the comparable group are:

Alleghany Corporation	FirstBank Corp.	Popular, Inc.
Argo Group International Holdings, LTD.	Infinity Property & Casualty Corp.	Selective Insurance Group, Inc.
Aspen Insurance Holdings, Ltd	Magellan Health, Inc.	State Auto Financial Corporation
Erie Indemnity Company	Molina Healthcare, Inc.	United Fire
EVERTEC, Inc.	OFG Bancorp	Universal American Corp.

For comparison purposes, our annual revenues are around the median of the comparable group. Total compensation—which includes base salary, short and long-term variable pay opportunities, benefits and perquisites—is generally between the 25<sup>th</sup> to 50<sup>th</sup> percentile of the comparable group, on average.

Components of executive compensation

---

Executive compensation is delivered through a combination of base salary, an annual short-term cash incentive, long-term equity incentive compensation, retirement programs and a non-qualified deferred compensation plan.

Base salary. Base salaries are designed to recognize an individual’s contribution to the organization and his or her experience, knowledge and responsibilities. Base salaries also aim to provide competitive compensation, appropriate incentives and financial stability to the NEOs for assuming a significant level of responsibility.

According to our salary adjustment policy, salary determinations are based on a number of factors, including importance of the position, level of responsibility, individual performance, growth in position, market-level relative salary, our financial and operating performance, and the Company’s ability to pay. Also, our policy establishes that base pay adjustments send clear performance messages and make moderate distinctions based on performance. Significant distinctions in performance by executives are recognized through our annual short-term cash incentive plan. In addition, this policy requires that timing for increases, promotions and changes in responsibilities be consistent with market practice and that base salaries for executives be reviewed on an annual basis and adjusted as necessary to ensure pay levels remain competitive.

Short-term annual cash incentive. The short-term annual cash incentive portion of an executive's total compensation opportunity is intended to accomplish a number of objectives, such as reinforcing the optimization of operating results throughout the year, facilitating the achievement of our stated objectives, paying for performance, reinforcing individual accountability, supporting our long-term objective to create shareholder value, and providing market competitive cash compensation when performance objectives for the year are met or exceeded. This incentive compensation can be highly variable from year to year depending on actual performance results.

Table of Content

The Company sets cash incentive target amounts as a percentage of base salary for all eligible executives at the beginning of each year based on job responsibilities, position within the Company, and a review of competitive market data. Actual incentive payouts may range from zero to 150% of the target opportunity depending on the Company's financial results relative to predetermined performance goals and the Compensation and Talent Development Committee's review of each executive's individual performance. The Compensation and Talent Development Committee approves the awards and has discretion to determine any changes to the final amount to be paid.

For 2016, the target short-term annual cash incentive for each of the NEOs as a percentage of salary was as follows:

Executive	Target Bonus Percent
Roberto Garcia-Rodriguez	70%
Juan J. Román-Jimenez	50%
Madeline Hernández-Urquiza	70%
Eva G. Salgado-Micheo	70%
Arturo L. Carrion-Crespo	70%

The Compensation and Talent Development Committee determines short-term annual cash incentives based on two types of performance measures: the Company's financial and operating results and individual criteria. The Company's financial and operating results account for 70% of each NEO evaluation and individual performance criteria account for the remaining 30%.

The weighting of financial results, in turn, is evenly divided between Adjusted Premiums Earned and Adjusted Net Income (each term as defined in the following paragraph). This mix of performance measures focuses executives appropriately on improving both top-line and bottom-line growth, while also emphasizing individual accountability through each executives' individual performance goals.

The Company believes that premiums earned and net income are key drivers of shareholder value and adjusted to exclude non-budgeted items—are the most relevant measures by which to assess the Company's short-term business performance and promote profitable revenue growth. Adjusted Premiums Earned represent the annual premiums earned in the calendar year as presented in the consolidated financial statements in accordance with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), adjusted to include only operations existing at the beginning of the year. Adjusted Net Income is measured as the net income earned in the calendar year, as presented in the consolidated financial statements in accordance with U.S. GAAP, minus realized and unrealized gains/losses in investment (net of the related income tax effect) and other non-budgeted items.

The financial results component of our short-term cash incentive performance goals of the Company's executives, including our chief executive officer and chief financial officer, is solely based on consolidated results. Awards to our business unit executives are split 20% based on our consolidated results and 50% based on the results of the relevant business unit. The remaining 30% considers the individual executive's performance. The Compensation and Talent Development Committee, based on the recommendation of management, determined the individual metrics considered for executive compensation to align individual performance with our Company's strategic transformation. These individual metrics are categorized as follows:

Metrics	Purpose
External stakeholders	Drives behavior to be externally focused, market backed, customer centric, and aligned with our providers.

Innovation	Drives excellence in execution, and efficient and effective ways of doing business.
Collaboration and teaming	Drives agility, accountability and effective working relationships across businesses and functional areas.
People development	Develops a talented, motivated and ownership-minded work force.

Table of Content

We believe these metrics provide the Board, the committee and our chief executive officer, with respect to those executives under his supervision, adequate guidance in evaluating how individual performance is aimed to accomplish our goals. This distribution in weighting is designed to encourage each executive with responsibility for a business unit to focus on his or her individual business while working as a team to achieve the Company's overall success.

For 2016, performance measures of the short-term cash incentive plan were as follows:

Corporate Executives	Performance Measure and Weighting

Annual non-performance cash bonus. We pay an annual non-performance cash bonus each December to active employees, including some executives who may participate in the annual short-term cash incentive plan. Under Puerto Rico law, we are required to pay employees who worked more than 700 hours in the 12-month period commencing October 1 of the previous year and are employees at the date of payment a bonus in an amount which cannot be less than \$600. The amount paid by the Company to active employees under this bonus is approximately 6% or 9% of the employee's base salary, varying among business units, which may be greater than the minimum amount required by law in order to offer a competitive compensation to our employees. NEOs do not participate in the annual non-performance cash bonus program since 2011. During 2016, our NEOs received the minimum amount of the bonus required under Puerto Rico law, as further described in the summary compensation table in this proxy statement.

Long-term incentive awards. We believe that long-term incentives in the form of equity-based compensation are an important and essential component of our total compensation program that ensure our ability to attract, motivate, and retain top talent responsible for our long-term success. Our long-term incentives to key executive employees are

designed to accomplish a number of important objectives, including to align management and shareholder's interests, balance the short-term orientation of other compensation elements, provide a variable portion of total compensation tied to long-term market and financial performance, build executive stock ownership, hold executives accountable for their long-term decisions, reinforce collaboration across the Company, retain key talent over the long term, and share success with those who directly impact our performance results.

Table of Content

The Compensation and Talent Development Committee has an annual equity award program for executives under the Company's incentive plan, based on recommendations from its compensation consultants and the principles contained in the Company's executive compensation philosophy. The program aims to better focus and reward executives for multiple performance objectives that drive long-term value creation and in part to mitigate the possibility of excessive risk-taking. The program's design provides both performance equity grants ("performance shares") that may be earned only if specific measures of operating performance are attained and time-based vesting restricted stock that is earned only if the executive remains employed with the Company over the vesting period. Long-term incentive grants provide for accelerated vesting only upon death, disability, termination without cause, or retirement, provided that the executive releases the Company from liability by the execution of a general release and non-disparagement agreement. We assigned a weighting of 75% of the total equity award value to performance shares consistent with our stated philosophy of promoting a high performance culture with clear emphasis on accountability and variable pay that is tied to long-term results, and 25% of the total equity award value to restricted stock to emphasize the retention of key executives and alignment with shareholders.

Under the current design, performance share awards may be earned if specific goals are attained over a three-year performance period. At the beginning of the performance period, minimum, target and maximum performance levels, along with the associated dollar value of shares that may be earned, are established by the Compensation and Talent Development Committee. The actual value of shares that may be earned may be as high as 150% of the target amount if the maximum level of performance for all metrics is achieved or as low as zero if the minimum level of performance for all metrics is not achieved over the three-year performance period. Determination of performance pay and vesting occur at the end of the third year. A summary of the performance share metrics and rationale for each is presented in the following table.

Performance metric	Weighting	Rationale
3-Year Cumulative Premiums Earned, Net	20%	Premiums earned, net improvement is critical to the continued growth and health of our business. Premiums earned, net is a key contributor to EPS and shareholder value creation.
3-Year Cumulative Operating Income	35%	Operating income improvement emphasizes cost control and is important as we continue to grow our top line. Operating income is also a key contributor to EPS and shareholder value creation.
3-Year Cumulative EPS	45%	EPS sets the expectation of the Company's success for our shareholders. We use EPS as the key accounting measure and evaluation of how the Company is performing.

Restricted stock may be earned only if the executive remains employed with the Company over the vesting period. Restricted stock vests in equal proportions over the three-year vesting period (i.e., one-third per year beginning on the first anniversary of the grant date). The Compensation and Talent Development Committee believes that the three-year performance period associated with performance shares and the three-year vesting period of restricted stock focuses our executives on sustained performance and supports retention objectives.

The Company's policy is to make annual long-term incentive grants to its executives during the first quarter of the year. Also, we may make grants to newly hired senior management employees in connection with their employment. The Compensation and Talent Development Committee carefully considers the impact of the cost of equity awards, as well as dilution, in order to achieve a balance between our costs, competitiveness and the continuity of employee incentives.

Retirement programs. Our qualified and non-qualified employee retirement plans provide a retirement income base to a substantial majority of our employees, including our eligible executive officers. Mrs. Salgado-Micheo participated in

these retirement programs until 2016. Mrs. Hernández-Urquiza also participated in these retirement programs until 2010 and Mr. Juan J. Roman-Jimenez until 2011. Union employees hired after December 19, 2006, as well as non-union employees hired after September 30, 2007, were ineligible to participate. Employees who participate in our qualified plan also participate in our non-qualified plan to the extent their income levels exceed compensation and benefit limits imposed by the United States Internal Revenue Code of 1986, as amended. Effective January 1, 2017, the Company froze the accumulation of benefits under the non-contributory defined-benefit pension plan.

Table of Content

Non-qualified deferred compensation plan. Under our non-qualified deferred compensation plan, senior executives, including our NEOs, who elect to become participants, may defer until a future date a portion of their annual compensation and benefit from the tax advantages related to such deferral.

## Role of executive officers in compensation decisions

The Compensation and Talent Development Committee is responsible for all compensation decisions with respect to NEOs of the Company. In determining the compensation of NEOs other than the chief executive officer, the committee takes into account the recommendations of the chief executive officer. The chief executive officer annually reviews the performance of the other NEOs. The conclusions reached and recommendations based on these reviews, including with respect to base salary adjustments and short-term cash incentive and equity incentive award amounts, are presented to the committee. The committee reviews and approves the compensation of the NEOs, including the chief executive officer.

## Compensation of named executive officers for 2016

During 2016, with the assistance of Pay Governance, the Compensation and Talent Development Committee evaluated the different components of executive compensation to ascertain that total compensation was targeted at adequate levels (that is, within the 25<sup>th</sup> to 50<sup>th</sup> percentile of external pay levels) when compared with companies in the comparable group. The main purpose was to assure that we maintained a competitive compensation program.

Base Salary. In setting base salaries for 2016, the Compensation and Talent Development Committee considered the following factors:

· Company financial and operating results.

The corporate budget, meaning our overall budget for base salaries. The corporate budget was established based on planned performance for 2016. The objective of the budget is to allow salary increases to retain and motivate successful performers while maintaining affordability within our business plan.

· The relative pay differences for different job levels.

· Evaluation of peer group data specific to each executive position, where applicable.

NEO	Previous base salary	2016 Base salary	Percentage	
Roberto García-Rodríguez <sup>(1)</sup>	\$587,800	\$750,000	27.5	%
Madeline Hernández-Urquiza <sup>(2)</sup>	\$475,000	\$525,000	10.5	%
Juan J. Román-Jimenez <sup>(3)</sup>	-	\$500,000	-	
Eva Salgado-Micheo	\$384,100	\$391,782	2	%
Arturo L. Carrion-Crespo	\$324,700	\$324,700	0	%

(1) On January 1, 2016, Mr. Garcia-Rodriguez received a salary increase in connection with his appointment as president and chief executive officer of the Company.

(2) On January 11, 2016, Mrs. Hernandez-Urquiza received a salary increase in connection with her appointment as president of Triple-S Salud, Inc., our managed care subsidiary.

(3) On January 11, 2016, Mr. Roman-Jimenez rejoined the Company and was appointed executive vice president and chief financial officer of the Company.

Salary determinations were based on the aforementioned principles, and were in line with budget and salary determinations for all other employees.

Short-term annual cash incentive. On February 21, 2017, the Compensation and Talent Development Committee determined that NEOs will receive the short-term cash incentive award for 2016 detailed in the Summary Compensation Table. For 2016 the threshold level of the Adjusted Net Income component of the short-term cash incentive performance goals was not achieved on a consolidated level and in the Managed Care segment, decreasing the short-term cash incentive. In addition, the Compensation and Talent Development Committee exercised negative discretion in connection to the individual performance criteria to determine the payout of the short-term annual cash incentives for Mr. García-Rodríguez, Mr. Román-Jimenez, and Ms. Hernández-Urquiza. The Compensation and Talent Development Committee did not exercise negative discretion in the determination of the short-term annual cash incentive for Mr. Carrión-Crespo and Mrs. Salgado-Micheo as their respective business unit achieved the threshold level of the Adjusted Net Income component in 2016.

Table of Content

Long-term incentive awards. Long-term incentives were granted to NEOs in 2016 as described in the Summary Compensation Table. Equity award targets for our NEOs are established based on dollar values and then converted into a specific number of shares based on the closing price of our Class B common stock on the grant date. All long-term incentives granted to NEOs were approved by the Compensation and Talent Development Committee and ratified by our Board. See the section entitled “Components of executive compensation—Long-term incentive awards” of this proxy statement for more detail regarding the operation of performance share awards.

Compensation and Talent Development Committee interlocks and insider participation

---

None of the members of the Compensation and Talent Development Committee is or has been one of our executive officers or employees. None of our executive officers served on the board of directors' compensation committee of any other company for which any of our directors served as an executive officer at any time during 2016. Except as disclosed in "Other relationships, transactions and events" in this proxy statement, none of the members of the Compensation and Talent Development Committee had any relationship with us requiring disclosure under Item 404 of Regulation S-K.

Risk considerations in our executive compensation program

---

In 2016, the Compensation and Talent Development Committee reviewed the Company's risk profile and related risk management processes to determine if any material risks were deemed likely to arise from our compensation policies and programs and whether these risks are reasonably likely to have a material adverse effect on our business. The Compensation and Talent Development Committee determined that the Company's then-current pay plans and policies were not reasonably likely to have a material adverse effect on the Company. The Compensation and Talent Development Committee thereafter reported its findings to the Board. During 2016, the committee reviewed and determined that risk considerations and risk inventory of the compensation programs have remained unchanged. We believe that our compensation programs for our executives do not encourage excessive or unnecessary risk, as they are designed to, among others, reinforce responsible business practices, provide a balanced distribution of compensation elements, tie compensation to short and long-term results, provide for the recovery of compensation in the event of inaccurate financial disclosures, fraud or misconduct, require moderate levels of share ownership and prohibit hedging transactions involving Company securities.

Amounts represent base salary. Some of the NEOs deferred a portion of their salary under the non-qualified (1) deferred compensation plan. The deferred amounts have been included in the Non-Qualified Deferred Compensation Table below.

Payments made for 2014 represents discretionary payments made under the non-equity incentive compensation plan. See “Compensation discussion and analysis—Components of Executive Compensation—Short-term annual cash (2) incentive” for a detailed explanation. Payments made for 2016 represent the minimum amount required under Puerto Rico law. See “Compensation discussion and analysis—Components of executive compensation—“Annual non-performance cash bonus” for a detailed explanation.

The amounts shown reflect the grant date fair value of the stock awards determined in accordance with the (3) provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718. See footnote 20 of the Company’s audited consolidated financial statements.

The amounts represent the actuarial increase in the present value of the NEOs benefits under our pension plan and the Supplemental Benefit Plan, described below under “Non-contributory defined benefit pension plan.” The increase was calculated using the interest rate, discount rate and form of payment assumptions consistent with (4) those used in our financial statements. The calculation assumes benefit commencement at normal retirement age (65), and was calculated without respect to pre-retirement death, termination or disability. Earnings on deferred compensation are not reflected in this column because we do not provide guaranteed returns on non-qualified deferred compensation.

(5) Other annual compensation consists of the following:

	Vehicles Allowance	Sick Leave & Vacation Paid <sup>(a)</sup>	Contributions to Defined Contributions Plan	Total
Roberto García-Rodríguez	\$ 30,000	\$ 0	\$ 7,728	\$37,728

Arturo L. Carrión-Crespo	\$ 28,200	\$ 0	\$ 15,800	\$44,000

(a) Effective January 1, 2017, executive officers of the Company, including our NEOs, accrue twenty-five days during the year that can be used as vacation days and sick leave. Unused accrued days may be carried forward to the next year to accumulate a total of twenty-five days.

(6) Change in pension value for Ms. Hernández-Urquiza during 2015 was -\$5,000.

(1) The Compensation and Talent Development Committee established the performance measures for purposes of determining the amounts payable for the year ended December 31, 2016. The amounts shown under the Threshold column assume the lowest performance level is achieved by the Company or business unit. The amount of the annual non-equity incentive bonus can be zero if the lowest level is not achieved. Awards under this plan, if any, are payable in the first quarter of the following year. Amounts approved with respect to 2016 results are reflected in the “Summary compensation table — Non-Equity Incentive Plan Compensation” column.

(2) Performance awards vest at the end of a three-year period following their grant date, subject to the achievement of performance measures. The minimum threshold payout is determined at 64% when 80% of the target is met and the maximum payout is determined at 150% when 120% of the target is met.

(3) Represents the number of restricted shares awarded on each grant date. Restricted stocks are considered issued and outstanding as of December 31, 2016; however, they have a three year vesting period, and vest in equal installments on each anniversary date. Owners of restricted share have the same right as any other shareholder to receive any dividend declared by the Company on its Class B shares.

(4) The grant date fair value of these awards was determined in accordance with the provisions of FASB Accounting Standards Codification Topic 718. See footnote 20 of the Company’s audited consolidated financial statements.

There is no assurance that the value realized by NEOs, if any, will be at or near the amounts shown in this column.

The Compensation and Talent Development Committee has discontinued the grant of stock options because the Company believes that performance shares better reflect our compensation philosophy. The Company granted stock options to certain executive officers, including some NEOs, in connection with the initial public offering of our Class B shares in 2007. Additionally, the Company granted stock options to Mr. García-Rodríguez and other two employees in 2009 and 2010, respectively, as part of their respective compensation packages. Currently, all stock options that were granted have been exercised.

Pension benefits

---

We sponsor a non-contributory retirement program for certain employees of our Company. The pension plan covers the NEOs annual salary set forth in the Summary Compensation Table. Our supplemental retirement program covers benefits in excess of the United States Internal Revenue Code (“IRC”) limits that apply to the non-contributory retirement program, which is a tax-qualified program under IRC rules. The following is a summary of the provisions of our defined benefit pension plans.

Non-contributory defined-benefit pension plan. Employees age 21 or older with one year of service with a BCBSA organization who were hired by the Company or its subsidiaries on or before December 19, 2006 in the case of union employees (on or before September 30, 2007, in the case of non-union employees) were eligible to participate in our non-contributory defined-benefit pension plan. Union employees hired after December 19, 2006 were not eligible to participate. Non-union employees hired after September 30, 2007 were not eligible to participate. Effective January 1, 2017, the Company froze the accumulation of benefits under the non-contributory defined-benefit pension plan.

The average earning calculated is based on the highest average annual rate of pay from any five consecutive calendar year periods out of the last ten years. Each year’s earnings are limited by IRC Section 401(a)(17) and 415. For 2016, the pension earnings are limited to \$265,000.

Since July 2012, the accrued benefit for single life benefit was calculated using the following formula: 1% of final average earnings multiplied by plan service (defined as full and partial years of employment with the Company or any of its subsidiaries) up to 30 years, minus any benefit accrued under a prior BCBSA plan.

Normal retirement. To be eligible for normal retirement benefits, termination of employment must occur after both (i) the attainment of age 65 and (ii) after five years of participation in the plan. The accrued benefit is payable at the normal retirement date.

Early retirement. To be eligible for early retirement benefits, termination of employment must occur after both (i) the attainment of age 55 and (ii) five years of participation in the plan. The benefit will be the accrued benefit at normal retirement date minus a reduction factor for each year prior to age 62. There is no reduction if retirement occurs on or after age 62.

The plan also has a special early retirement provision. To be eligible, the termination of employment must occur after attaining 30 years of benefit service and election of immediate benefit commencement.

Forms of payment. The standard form of payment for a single participant is a straight life annuity; for a married participant, a reduced qualified joint and survivor annuity begins at the benefit commencement date, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the participant. In lieu of the standard form of payment, a participant may elect, with the proper spousal consent, one of the optional forms of annuity payment or, alternatively, a single lump sum payment.

Supplemental retirement plan. Employees with non-contributory retirement program benefits limited by the IRC maximum compensation and benefit limits are eligible to participate in a supplemental retirement plan. The accrued benefit is calculated by the same formula used in the defined-benefit plan using the amount of salary in excess of the IRC limit.

Normal retirement, early retirement, and special early retirement provisions are the same as provided for the non-contributory defined-benefit plan, described above.

Forms of payment. The standard form of payment for a single participant is a straight life annuity; for a married participant, a reduced qualified joint and survivor annuity begins at the benefit commencement date, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the participant. The lump sum payment is not available in the Supplemental Retirement Plan.

The following table presents pension plan information as of December 31, 2016 for the NEOs under our non-contributory retirement and supplemental retirement plans.

Mr. Román-Jimenez rejoined the Company in 2016 and the number of years of his credited service under the non-contributory defined-benefit and supplemental pension plans is fixed to the years of actual service prior to 2016. Ms. Hernández-Urquiza's rejoined the Company in 2010 and the number of years of her credited service under the non-contributory defined-benefit pension plan is fixed to the years of actual service prior to 2010.

401(k) defined contribution savings plans.

The Company maintains four tax-qualified 401(k) savings plans for employees not eligible for our non-contributory retirement plan or the supplemental retirement plan. For all its business units except two, the Company matches fifty percent of participant's contribution of up to six percent of the participant's pre-tax compensation. Company match for the other two business units is as follows: (i) twenty-five cents of each dollar contributed by the participant up to 4% of the participant's pre-tax compensation and (ii) one-hundred cents of each dollar contributed by the participant up to the first 1% of the participant's compensation and fifty cents of each dollar contributed by the participant up to 3% of the participant's compensation. For participant union employees, Company match is fifty cents of each dollar up to the first 6% of the participant's pre-tax compensation. During 2016, Messrs. García-Rodríguez, Román-Jimenez and Carrión-Crespo and Mrs. Hernández-Urquiza participated in the defined contribution savings plan.

Table of Content

Under our current non-qualified deferred compensation plan, commencing on 2017 participants may elect to defer up to 100% of their gross annual cash compensation. The deferred compensation and accumulated interest will be paid on the occurrence of the following events: termination of employment, retirement, six months of continued disability, death, or an elected fixed date occurring after the 5<sup>th</sup> but not later than the 25<sup>th</sup> anniversary of deferral. Deferred compensation accumulates interest at an annual rate equivalent to the actual annual yield of the fixed income portion of the Company's investment portfolio for the corresponding year.

Description of employment agreements

---

We have no employment agreements with any of our NEOs, except for Mr. Garcia-Rodriguez, our chief executive officer.

On December 31, 2015, we entered into an employment agreement with Mr. García-Rodríguez, our chief executive officer, effective January 1, 2016, which has a three-year term. The agreement provides for a base salary of \$750,000, which may be increased from time to time pursuant to the terms of the contract and our compensation policies. Under the agreement, Mr. García-Rodríguez is eligible to receive an annual short-term cash incentive, contingent upon the achievement of annual performance objectives established in accordance with our policies. Payments and benefits under the employment agreement with our chief executive officer is subject to the Company's recoupment policy.

The agreements of Mr. García-Rodríguez also provides for certain benefits and perquisites, including an automobile allowance, the annual membership fees for a private club, the payment of premiums in connection with long-term disability insurance and life insurance coverage, the payment of premiums in connection with health and medical benefits, including his dependents under our group health insurance plan, and the right to participate in all employee benefit plans and programs, including long-term incentive compensation programs, generally available to senior executives.

Under the terms of the contract with Mr. García-Rodríguez, we would be required to make payments in the event of the expiration of the agreement, termination of the agreement with or without cause, or change in control, as further described below.

Table of Content

In the event the agreement with our chief executive officer terminates for “cause,” or as a result of his death or resignation, he will receive the base salary earned until the date of death or resignation, the liquidation of any applicable fringe benefits and the payment of amounts due under our deferred compensation plan and any vested rights under our incentive plan and pension plan.

For “cause” means:

Termination for cause

- a material breach by the chief executive officer of his obligations and duties as specified in the contract;
- a conviction or allegation of nolo contendere of any felony or the conviction or allegation of nolo contendere of a misdemeanor involving fraud, dishonest or disreputable conduct or moral torpidud;
- insubordination;
- material non-compliance of the contract or the rules, regulations, guidelines, policies or code of ethics of the Company
- improper or disorderly conduct; or
- the existence of a conflict of interest not previously disclosed to the Board.

In the event of termination of the agreement without “cause” (other than for death or disability), we would provide the following severance benefits:

Termination without cause

- the payment of the base salary up to the normal expiration of the contract, or the base salary of one year, whichever is greater.
- the continuation of long term disability insurance, life insurance and health and medical benefits for the chief executive officer and his dependents until the later of one year or the remainder of the term of the contract;
- the payment of any amounts due under our deferred compensation plan and/or related to vested rights under our pension plan; and
- the accelerated vesting of equity grants, provided that the chief executive officer releases the Company from liability with the execution of a general release.

Expiration of employment term

In the event the employment contract terminates as a result of the expiration of the employment term (other than through the chief executive officer’s request and regardless of whether there is any period of at-will employment following the employment term), we would provide the following severance:

- an amount equal to one year’s base salary payable in monthly installments; and

- the continuation of long-term disability insurance, life insurance and health benefits for the chief executive officer and his dependents for a 12-month period following termination.

If upon the event of a change in control, the Company terminates the chief executive officer without cause or he resigns for good reason (“double trigger”), the chief executive officer is entitled to receive the following payment:

Termination upon  
change in control

- an amount equal to twice (1) the highest base salary received by the chief executive officer in any of the three years prior to the date of the change in control and (2) the average annual cash bonus received by the chief executive officer during the prior three years; and
- the continuation of long-term disability insurance, life insurance and health and medical benefits for the chief executive officer and his dependents for 24 months or until the chief executive officer obtains employment with comparable benefits.

“Change in control” is defined as:

the acquisition by any party of ownership of 25% or more of the total votes required for the election of our directors, or of such amount which, based on the cumulative vote, if this were allowed by the articles of incorporation and bylaws, would permit such party to elect 25% or more of our directors;

as a result of a tender offer or exchange offer of the Company’s stock, a consolidation, merger or other business combination, sale of assets or any combination thereof, the persons who were our directors prior to such transaction fail to constitute a majority of the Board;

a sale or transfer of substantially all of the assets of the Company to a non-affiliated corporation.

Table of Content

For purposes of the agreement, “good reason” means:

- a reduction in base salary from that received on the date immediately preceding the change in control;
- a reduction in the ability to participate in the compensation plans, such as bonus, stock options, incentives or other compensation plans, in which the chief executive officer participated on the date immediately preceding the change in control;
- a change in the location of the chief executive officer’s principal place of employment of more than twenty-five miles from the place maintained as work office on the date immediately preceding the change in control; or
- the reasonable determination by the Board to the effect that, as a result of the change in control and a change in the circumstances thereafter affecting the employment position, the chief executive officer is unable to exercise the authority, powers, functions or duties assigned to his position on the date immediately preceding the change in control.

\*Based on base compensation currently paid to Mr. García-Rodríguez under his contract as chief executive officer.

(1) Base Salary and Fringe Benefits are payable in 12 equal monthly installments, provided the chief executive officer did not end negotiations or notify his desire not to renew.

Base Salary and Fringe Benefits payable are equal to the greater of the amount due at the expiration of the (2) agreement or one year. For purposes of this table, we are estimating potential payment for a 22-month period, commencing on March 1, 2016 until December 31, 2018.

(3) Base Salary and Annual Short Term Bonus payable is equal to twice the highest Base Salary paid in any of the prior three fiscal years and twice the average Annual Short Term Bonus for the prior three fiscal years. For

purposes of this table we calculated the annual short-term bonus with the maximum payout allowed under the Non-equity Incentive Plan. The obligations to pay Fringe Benefits expires on the earlier of 24 months after the termination of employment or the date employment with comparable benefits is obtained.

In accordance with Section 229.402(k)(2)(iii) of Regulation S-K, this item considers the aggregate grant date fair (2) value computed in accordance with FASB ASC Topic 718 for the grant given on May 27, 2016 (3,376 shares at \$23.69).

AUDIT COMMITTEE MATTERS

Report of the Audit Committee

---

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the year ended December 31, 2016. The information in this report shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the "Securities Act"), or Exchange Act, or otherwise considered "filed" with the SEC, except to the extent that the Company specifically incorporates this report or a portion of it by reference.

The Audit Committee reports to and acts on behalf of the Board. The committee operates under a written charter adopted by the Board. The committee reviews the charter annually and a copy is available at <http://investors.triplesmanagement.com/govdocs>. The Board has determined that each member of the committee is independent. In making this determination, the Board follows the audit committee independence standards set forth in the NYSE's director independence rules. The members of the committee are not our employees or employees of any of our subsidiaries.

The Audit Committee assists the Board in its oversight of our financial reporting process, internal control over financial reporting, as well as our internal and external audit processes, and the independent registered public accounting firm's qualifications and performance of the internal audit function. The committee is also responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm and the establishment of procedures for handling complaints. The committee appoints or terminates the engagement of the independent registered public accounting firm and reviews the proposed audit scope and approach, including coordination of the audit effort with the Internal Audit Office. The committee does not itself prepare the financial statements or perform audits of the Company's financial statements. The Audit Committee meets regularly with the chief audit executive to review and discuss the internal audit scope, plan and the results of internal audit activities. The committee oversees the appointment, removal, performance, and compensation of the chief audit executive.

In the performance of its oversight function, the Audit Committee has considered and discussed our audited consolidated financial statements for the fiscal year ended December 31, 2016—including critical accounting policies, reasonableness of significant estimates and judgment and financial statements disclosures—with management and D&T, our independent registered public accounting firm.

The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by AU Section 380, Communications with Audit Committee. The committee has also discussed with D&T the matters required by the Public Company Accounting Oversight Board Rule 3526 regarding "Communication with Audit Committee Concerning Independence". In addition, the committee has received the written disclosures and the letter from D&T required by applicable requirements of the Public Accounting Oversight Board regarding the independent registered public accounting firm's communications with the committee concerning independence, and has discussed with D&T its independence. The committee has also considered whether the provision of non-audit services by the independent registered public accounting firm to us is compatible with maintaining the auditors' independence. The committee has evaluated D&T's qualifications, performance and independence, including that of the lead partner. As part of its auditor engagement process, the committee considers whether to rotate the independent audit firm.

Based on the Audit Committee's consideration of the audited consolidated financial statements and the discussions referred to above with management and the independent registered public accounting firm, and subject to the limitations on the role and responsibilities of the committee set forth in the charter and those discussed above, the

committee recommended and the Board approved that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the SEC.

All Shares remaining available for issuance under the Triple-S Management 2007 Incentive Plan will be cancelled upon the adoption of the Plan by the shareholders of the Company. Notwithstanding the foregoing and subject to adjustment as provided in Section 5(e), no Participant may receive under the Plan in any calendar year (i) Options or Stock Appreciation Rights that relate to more than 600,000 Shares; (ii) Restricted Stock and RSUs that relate to more than 300,000 Shares; or (iii) Performance Awards or Other Stock-Based Awards that relate to more than 300,000 Shares; and the maximum amount that may be paid in a calendar year in respect of an annual Award denominated in cash or value other than Shares with respect to any Participant shall be \$3,000,000, and the maximum amount of a long-term incentive Award denominated in a cash shall be \$1,500,000 multiplied by the number of years included in any applicable Performance Period(s) (and any applicable fraction for any Performance Period(s) of less than one year) relating to such Awards.

(b) No Director may receive under the Plan in any calendar year: (i) Options, Stock Appreciation Rights, Restricted Stock, RSUs, Performance Awards and Other Stock-Based Awards with a fair value as of the grant date of more than \$300,000 (as determined in accordance with applicable accounting standards); and (ii) cash retainers and other cash-based awards of more than \$300,000.

(c) Any shares subject to an Award (but not including any Substitute Award), that expires, is cancelled, forfeited, or otherwise terminates without the delivery of Shares, excluding the number of Shares surrendered or withheld in payment of any exercise or other price of an Award or taxes related to an Award, shall again be, or shall become, available for distribution under the Plan. In the event the Company repurchases Shares on the open market, such Shares shall not be added to the Shares available for issuance under the plan.

(e) In the event that the Committee shall determine that any dividend or other distribution (whether in the form of cash, Shares or other securities), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, issuance of Shares pursuant to the anti-dilution provisions of the Shares, or other similar corporate transaction or event affects the Shares such that an adjustment is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall adjust equitably any or all of (i) the number and type of Shares (or other securities) which thereafter may be made the subject of Awards, including the aggregate and individual limits specified in Section 5(a), (ii) the number and type of Shares (or other securities) subject to outstanding Awards, and (iii) the grant, purchase, or exercise price with respect to any Award or, if deemed appropriate, make provision for a cash payment to the holder of an outstanding Award; provided, however, that the number of Shares subject to any Award denominated in Shares shall always be a whole number.

(f) Shares underlying Substitute Awards shall not reduce the number of Shares remaining available for issuance under the Plan.

Section 6. Options.

The Committee is hereby authorized to grant Options to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:

(a) The exercise price per Share under an Option shall be determined by the Committee; provided, however, that, except in the case of Substitute Awards, such exercise price shall not be less than the Fair Market Value of a Share on the date of grant of such Option.

Table of Content

- (b) The term of each Option shall be fixed by the Committee but shall not exceed 10 years from the date of grant thereof.
- (c) The Committee shall determine the time or times at which an Option may be exercised in whole or in part.

- (e) No grant of Options may be accompanied by a tandem award of dividend equivalents or provide for dividends, dividend equivalents or other distributions to be paid on such Options (except as provided under Section 5(e)).
- (f) The terms of any Incentive Stock Option granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code, or any successor provision thereto, and any regulations promulgated thereunder. Incentive Stock Options may be granted only to employees of the Company or of a parent or subsidiary corporation (as defined in Section 424 of the Code).
- (g) The terms of any Qualified Stock Option granted under the Plan shall comply in all respects with the provisions of Section 1040.08 of the PR Code, or any successor provision thereto, and any regulations promulgated thereunder.

Section 7. Stock Appreciation Rights.

- (a) The Committee is hereby authorized to grant Stock Appreciation Rights (“SARs”) to Participants with terms and conditions as the Committee shall determine not inconsistent with the provisions of the Plan.
- (b) SARs may be granted hereunder to Participants either alone (“freestanding”) or in addition to other Awards granted under the Plan (“tandem”) and may, but need not, relate to a specific Option granted under Section 6. No grant of SARs may be accompanied by a tandem award of dividend equivalents or provide for dividends, dividend equivalents or other distributions to be paid on such SARs (except as provided under Section 5(e)).
- (c) Any tandem SAR related to an Option may be granted at the same time such Option is granted or at any time thereafter before exercise or expiration of such Option. In the case of any tandem SAR related to any Option, the SAR or applicable portion thereof shall not be exercisable until the related Option or applicable portion thereof is exercisable and shall terminate and no longer be exercisable upon the termination or exercise of the related Option, except that a SAR granted with respect to less than the full number of Shares covered by a related Option shall not be reduced until the exercise or termination of the related Option exceeds the number of Shares not covered by the SAR. Any Option related to any tandem SAR shall no longer be exercisable to the extent the related SAR has been exercised.
- (d) The exercise or hurdle price per Share under a SAR shall be determined by the Committee; provided, however, that, except in the case of Substitute Awards, such exercise or hurdle price shall not be less than the Fair Market Value of a Share on the date of grant of such SAR.

Table of Content

(e) A freestanding SAR shall not have a term of greater than 10 years or, unless it is a Substitute Award, an exercise price less than 100% of Fair Market Value of the Share on the date of grant.

Section 8. Restricted Stock and Restricted Stock Units.

(a) The Committee is hereby authorized to grant Awards of Restricted Stock and Restricted Stock Units to Participants. The Award Agreement shall specify the vesting schedule and, with respect to Restricted Stock Units, the delivery schedule (which may include deferred delivery later than the vesting date).

(b) Shares of Restricted Stock and Restricted Stock Units shall be subject to such restrictions as the Committee may impose (including, without limitation, any limitation on the right to vote a Share of Restricted Stock or the right to receive any dividend or other right), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate.

(c) Any share of Restricted Stock granted under the Plan may be evidenced in such manner as the Committee may deem appropriate including, without limitation, book-entry registration or issuance of a stock certificate or certificates. In the event any stock certificate is issued in respect of shares of Restricted Stock granted under the Plan, such certificate shall be registered in the name of the Participant and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

(d) The Committee may in its discretion, when it finds that a waiver would be in the best interests of the Company, waive in whole or in part any or all restrictions with respect to Shares of Restricted Stock or Restricted Stock Units.

(e) The Committee may provide in an Award Agreement that an Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under Section 83(b) of the Code. If a Participant makes an election pursuant to Section 83(b) of the Code with respect to an Award of Restricted Stock, the Participant shall be required to file promptly a copy of such election with the Company and the applicable Internal Revenue Service office.

(f) If the Committee intends that an Award under this Section 8 shall constitute or give rise to “qualified performance based compensation” under Section 162(m) of the Code, such Award may be structured in accordance with the requirements of Section 9(c), including without limitation, the performance criteria and the Award limitation set forth therein, and any such Award shall be considered a Performance Award for purposes of the Plan.

Section 9. Performance Awards.

- (a) The Committee is hereby authorized to grant Performance Awards to Participants with terms and conditions as the Committee shall determine not inconsistent with the provisions of the Plan.
- (b) Performance Awards may be denominated as a cash amount, number of Shares, or a combination thereof and are Awards which may be earned upon achievement or satisfaction of performance conditions specified by the Committee. In addition, the Committee may specify that any other Award shall constitute a Performance Award by conditioning the right of a Participant to exercise the Award or have it settled, and the timing thereof, upon achievement or satisfaction of such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions. Subject to the terms of the Plan, the performance goals to be achieved during any Performance Period, the length of any Performance Period, the amount of any Performance Award granted and the amount of any payment or transfer to be made pursuant to any Performance Award shall be determined by the Committee.
- (c) Every Performance Award shall, if the Committee intends that such Award should constitute “qualified performance-based compensation” for purposes of Section 162(m) of the Code, include a pre-established formula, such that payment, retention or vesting of the Award is subject to the achievement during a performance period or periods, as determined by the Committee, of a level or levels of, or increases in, in each case as determined by the Committee, one or more performance measures with respect to the Company, including without limitation the following: revenue growth, operating income growth, premiums earned; net sales; revenue or product revenue growth; operating income (before or after taxes); pre- or after-tax income (before or after allocation of corporate overhead and bonus); net earnings; earnings per share, earnings per share growth; net income (before or after taxes); return on equity; total shareholder return; return on assets or net assets; appreciation in and/or maintenance of share price; market share; gross profits; earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes, depreciation and amortization); comparisons with various stock market indices; reductions in costs; cash flow or cash flow per share (before or after dividends); return on capital (including return on total capital or return on invested capital); cash flow return on investment; improvement in or attainment of expense levels or working capital levels; operating margins, gross margins or cash margin; year-end cash; debt reductions; shareholder equity; regulatory achievements; and implementation, completion or attainment of measurable objectives with respect to research, development, products or projects and recruiting and maintaining personnel, each as determined in accordance with generally accepted accounting principles, where applicable, as consistently applied by the Company. Performance criteria may be measured on an absolute (e.g., plan or budget) or relative basis. Relative performance may be measured against a group of peer companies, a financial market index, or other acceptable objective and quantifiable indices. Except in the case of an award intended to qualify as “performance-based compensation” under Section 162(m) of the Code, if the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company, or the manner in which the Company conducts its business, or other events or circumstances render the performance objectives unsuitable, the Committee may modify the performance objectives or the related minimum acceptable level of achievement, in whole or in part, as the Committee deems appropriate and equitable. Performance measures may vary from Performance Award to Performance Award, respectively, and from Participant to Participant, and may be established on a stand-alone basis, in tandem or in the alternative. The Committee shall have the power to impose such other restrictions on Awards subject to this Section 9(c) as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for “performance-based compensation” within the meaning of Section 162(m)(4)(C) of the Code, or any successor provision thereto. Notwithstanding any provision of the Plan to the contrary, the Committee shall not be authorized to increase the amount payable under any Award to which this Section 9(c) applies upon attainment of such pre established formula.

(d) Settlement of Performance Awards; Other Terms. Settlement of Performance Awards shall be in cash, Shares, other Awards or other property, or a combination thereof, in the discretion of the Committee. Performance Awards will be distributed only after the end of the relevant Performance Period. The Committee may, in its discretion, increase or reduce the amount of a settlement otherwise to be made in connection with such Performance Awards, but may not exercise discretion to increase any such amount payable to a Covered Employee in respect of a Performance Award intended to qualify as “performance-based compensation” for purposes of Section 162(m) of the Code. Any settlement which changes the form of payment from that originally specified shall be implemented in a manner such that the Performance Award and other related Awards do not, solely for that reason, fail to qualify as “performance-based compensation” for purposes of Section 162(m) of the Code. The Committee shall specify the circumstances in which such Performance Awards shall be paid or forfeited in the event of Termination of Employment by the Participant.

Section 10. Other Stock-Based Awards. The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Shares or factors that may influence the value of Shares, including, without limitation, convertible or exchangeable debt securities, other rights convertible or exchangeable into Shares, purchase rights for Shares, Awards with value and payment contingent upon performance of the Company or business units thereof or any other factors designated by the Committee. The Committee shall determine the terms and conditions of such Awards. Shares delivered pursuant to an Award in the nature of a purchase right granted under this Section 10 shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including, without limitation, cash, Shares, other Awards, notes, or other property, as the Committee shall determine. Cash awards, as an element of or supplement to any other Award under the Plan, may also be granted pursuant to this Section 10.

Section 11. Effect of Termination of Employment on Awards. The Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, the circumstances in which Awards shall be exercised, vested, paid or forfeited in the event of a Termination of Employment prior to the end of a performance period or exercise or settlement of such Award.

Section 12. General Provisions Applicable to Awards.

- (a) Awards shall be granted for no cash consideration or for such minimal cash consideration as may be required by applicable law.
- (b) Awards may, in the discretion of the Committee, be granted either alone or in addition to or in tandem with any other Award or any award granted under any other plan of the Company. Awards granted in addition to or in tandem with other Awards, or in addition to or in tandem with awards granted under any other plan of the Company, may be granted either at the same time as or at a different time from the grant of such other Awards or awards.
- (c) Subject to the terms of the Plan, payments or transfers to be made by the Company upon the grant, exercise or payment of an Award may be made in the form of cash, Shares, other securities or other Awards, or any combination thereof, as determined by the Committee in its discretion at the time of grant, and may be made in a single payment or transfer, in installments, or on a deferred basis, in each case in accordance with rules and procedures established by the Committee. Such rules and procedures may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of dividend equivalents in respect of installment or deferred payments.
- (d) Except as may be permitted by the Committee or as specifically provided in an Award Agreement, (i) no Award and no right under any Award shall be assignable, alienable, saleable or transferable by a Participant otherwise than by will or pursuant to Section 12(e) and (ii) each Award, and each right under any Award, shall be exercisable during the Participant's lifetime only by the Participant or, if permissible under applicable law, by the Participant's guardian or legal representative. The provisions of this paragraph shall not apply to any Award which has been fully exercised, earned or paid, as the case may be, and shall not preclude forfeiture of an Award in accordance with the terms thereof.
- (e) A Participant may designate a Beneficiary or change a previous beneficiary designation at such times prescribed by the Committee by using forms and following procedures approved or accepted by the Committee for that purpose. If no Beneficiary designated by the Participant is eligible to receive payments or other benefits or exercise rights that are available under the Plan at the Participant's death, the Beneficiary shall be the Participant's estate.
- (f) All certificates for Shares and/or Shares or other securities delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which such Shares or other securities are then listed, and any applicable Federal, state or other jurisdiction's securities laws, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(g) Upon a Change in Control, the Committee shall determine whether outstanding Options shall be assumed, continued or substituted. All Awards assumed, continued or substituted by the acquiror in connection with a Change in Control will become fully vested only if the Participant's employment is terminated without Cause at any time during the 12-month period following the Change in Control. Only to the extent Awards will not be assumed, continued or substituted, the Committee may provide that such Awards will become fully vested upon such Change in Control.

(h) The Committee may impose restrictions on any Award with respect to non-competition, confidentiality and other restrictive covenants, as it deems necessary in its sole discretion.

Section 13. Amendments and Termination.

(a) Except to the extent prohibited by applicable law and unless otherwise expressly provided in an Award Agreement or in the Plan, the Committee may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; provided, however, that no such amendment, alteration, suspension, discontinuation or termination shall be made without (i) shareholder approval if such approval is required by the listed company rules of the stock exchange, if any, on which the Shares are principally traded or quoted or (ii) the consent of the affected Participant, if such action would adversely affect the rights of such Participant under any outstanding Award, except to the extent any such amendment, alteration, suspension, discontinuance or termination is made to cause the Plan to comply with applicable law, stock exchange rules and regulations or accounting or tax rules and regulations. Notwithstanding anything to the contrary herein, the Committee may amend the Plan in such manner as may be necessary to enable the Plan to achieve its stated purposes in any jurisdiction in a tax efficient manner and in compliance with local rules and regulations.

(b) The Committee may waive any conditions or rights under, amend any terms of, or amend, alter, suspend, discontinue or terminate, any Award theretofore granted, prospectively or retroactively, without the consent of any relevant Participant or holder or Beneficiary of an Award, provided, however, that no such action shall adversely affect the rights of any affected Participant or holder or Beneficiary under any Award theretofore granted under the Plan, except to the extent any such action is made to cause the Plan to comply with applicable law, stock exchange rules and regulations or accounting or tax rules and regulations; and provided further that, except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not be amended to reduce the exercise price of outstanding Options or SARs or cancel outstanding Options or SARs in exchange for cash, other Awards or Options or SARs with an exercise price that is less than the exercise price of the original Options or SARs without stockholder approval; and provided further, that the Committee's authority under this Section 13(b) is limited in the case of Awards subject to Section 9(c), as set forth in Section 9(c).

(c) Except as noted in Section 9(c), the Committee shall be authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of events (including, without limitation, the events described in Section 5(e)) affecting the Company, or the financial statements of the Company, or of changes in applicable laws, regulations or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

(d) Any provision of the Plan or any Award Agreement to the contrary notwithstanding, the Committee may cause any Award granted hereunder to be canceled in consideration of a cash payment or alternative Award made to the holder of such canceled Award equal in value to the Fair Market Value of such canceled Award, except that this Section 13(d) shall not be interpreted to permit any transaction that is prohibited by the second proviso of Section 13(b) relating to the direct or indirect repricing of Awards, including without limitation a buyout or cashout of underwater Options or SARs.

(e) The Committee may correct any defect, supply any omission, or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem desirable to carry the Plan into effect.

Section 14. Miscellaneous.

(a) No officer, employee, Director, Participant or other person shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of officers, employees, Directors, Participants, or holders or beneficiaries of Awards under the Plan. The terms and conditions of Awards need not be the same with respect to each recipient. Any Award granted under the Plan shall be a one-time Award which does not constitute a promise of future grants. The Company, in its sole discretion, maintains the right to make available future grants hereunder.

(b) The Committee shall be authorized to withhold from any Award granted or any payment due or transfer made under any Award or under the Plan or from any compensation or other amount owing to a Participant the amount (in cash, Shares, other securities or other Awards) of required withholding taxes due in respect of an Award, its exercise, or any payment or transfer under such Award or under the Plan and to take such other action (including, without limitation, providing for elective payment of such amounts in cash or Shares by the Participant) as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such taxes.

(c) Nothing contained in the Plan shall prevent the Company from adopting or continuing in effect other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.

(d) The grant of an Award shall not be construed as giving a Participant the right to be retained in the employ of, or to continue to provide services to, the Company or any Affiliate. Further, the Company or the applicable Affiliate may at any time dismiss a Participant, free from any liability, or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Award Agreement or in any other agreement binding the parties. The receipt of any Award under the Plan is not intended to confer any rights on the receiving Participant except as set forth in such Award.

(e) If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction, or as to any person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, person or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.

(f) Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company and a Participant or any other person. To the extent that any person acquires a right to receive payments from the Company pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company.

(g) Awards may be granted to Participants who are employed or providing services outside of the Commonwealth of Puerto Rico, on such terms and conditions different from those applicable to Awards to Participants who are employed or providing services in the Commonwealth of Puerto Rico as may, in the judgment of the Committee, be necessary or desirable to recognize differences in local law, tax policy or custom. The Committee also may impose conditions on the exercise or vesting of Awards in order to minimize the Company's obligation with respect to tax equalization for Participants on assignments outside their home country

(h) No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash or other securities shall be paid or transferred in lieu of any fractional Shares, or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

Section 15. Effective Date of the Plan. The Plan shall be effective as of April 28, 2017, subject to its approval by the shareholders of the Company.

Section 16. Term of the Plan. No Award shall be granted under the Plan after the 10-year anniversary of its adoption. However, unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Award theretofore granted may extend beyond such date, and the authority of the Committee to amend, alter, adjust, suspend, discontinue, or terminate any such Award, or to waive any conditions or rights under any such Award, and the authority of the Committee to amend the Plan, shall extend beyond such date.

Section 17. Cancellation or "Clawback" of Awards. The Committee shall have full authority to implement any policies and procedures necessary to comply with Section 10D of the Act and any rules promulgated thereunder and any other regulatory regimes. Notwithstanding anything to the contrary contained herein, any Awards granted under the Plan (including any amounts or benefits arising from such Awards) shall be subject to any clawback or recoupment arrangements or policies the Company has in place from time to time, and the Committee may, to the extent permitted by applicable law and stock exchange rules or by any applicable Company policy or arrangement, and shall, to the extent required, cancel or require reimbursement of any Awards granted to the Participant or any Shares issued or cash received upon vesting, exercise or settlement of any such Awards or sale of Shares underlying such Awards.

Section 18. Section 409A of the Code. With respect to Awards subject to Section 409A of the Code, the Plan is intended to comply with the requirements of Section 409A, and the provisions hereof shall be interpreted in a manner that satisfies the requirements of Section 409A and the related regulations, and the Plan shall be operated accordingly. If any provision of the Plan or any term or condition of any Award would otherwise frustrate or conflict with this intent, the provision, term or condition will be interpreted and deemed amended so as to avoid this conflict

Section 19. Successors and Assigns. The terms of the Plan shall be binding upon and inure to the benefit of the Company and any successor entity.

Section 20. Data Protection. By participating in the Plan, the Participant consents to the holding and processing of personal information provided by the Participant to the Company or any Affiliate, trustee or third party service provider, for all purposes relating to the operation of the Plan. These include, but are not limited to:

- (a) administering and maintaining Participant records;
- (b) providing information to the Company, any Subsidiary, trustees of any employee benefit trust, registrars, brokers or third party administrators of the Plan;
- (c) providing information to future purchasers or merger partners of the Company or any Affiliate, or the business in which the Participant works; and
- (d) transferring information about the Participant to any country or territory that may not provide the same protection for the information as the Participant's home country.

Section 21. Governing Law. The Plan and each Award Agreement shall be governed by the laws of the Commonwealth of Puerto Rico, without application of the conflicts of law principles thereof.
