Item 2.01 Completion of an Acquisition or Disposition of Assets.

On June 30, 2005, Teton Energy Corporation (“we” or the “company”), pursuant to a purchase and sale agreement previously executed with ATEC Energy Ventures, LLC and Apollo Energy, LLC (“ATEC/Apollo”), purchased leasehold interests (together with the oil and gas wells and wellbores located on the properties) covering approximately 17,364 acres in the Eastern Denver Julesburg Basin. The properties purchased by us in this transaction carry a net revenue interest of approximately 82.3%. This is the third and final tranche of the transaction with previous closings that occurred on April 14, 2005, and May 27, 2005, respectively.

As previously reported, the Agreement also establishes an Area of Mutual Interest (“AMI”) for certain properties surrounding the acquired properties. If additional leases are acquired in the AMI, ATEC/Apollo will be permitted to reserve or will be granted a certain overriding royalty interest in such additional leases.

The purchase price for the third block of acreage was approximately \$277,818 in cash, the issuance of 39,688 unregistered shares of our common stock, and the issuance of warrants to purchase 19,844 shares of our common stock, exercisable for a period of three years at an exercise price of \$1.75 per share. As a result, the aggregate amount of acreage in the Eastern DJ Basin that we have acquired in the three closings is approximately 180,671.50 acres, for which the Company has paid a total of approximately \$2,890,744 and has issued a total of 412,963 unregistered shares of common stock and warrants to purchase 206,482 shares of common stock.

In connection with the issuances of the additional shares and warrants in connection with this closing, we also entered into a registration rights agreement with ATEC/Apollo whereby we granted ATEC/Apollo certain registration rights in connection with the shares of our common stock and shares underlying the warrants issued as part of the purchase price.

Item 3.02 Unregistered Sales of Equity Securities.

As part of the consideration for the purchase of 17,364 acres, on June 30, 2005, we issued to ATEC/Apollo 39,688 unregistered shares of our common stock and warrants to purchase an additional 19,844 shares of common stock at an exercise price of \$1.75 per share, exercisable for a period of three years. This transaction was not registered under the Securities Act of 1933, as amended (the “Act”) in reliance on an exemption from registration under Section 4(2) of the Act based on the limited number of purchasers, their sophistication in financial matters, and their access to information concerning the company.

Item 9.01 Financial Statements and Exhibits.
