To the shareholders of the Company

Dear Sir or Madam,

DISCLOSEABLE TRANSACTION

1.

Introduction

As disclosed in the Company's announcement dated 20th July, 2007, the Company entered into the Agreement with Airbus SAS regarding the purchase of the Aircraft.

The Agreement constitutes a discloseable transaction of the Company under the Listing Rules as applied by the Stock Exchange.

LETTER FROM THE BOARD OF DIRECTORS

2. Parties

The Company is principally engaged in the business of civil aviation.

Airbus SAS, to the Directors' knowledge, is principally engaged in the business of manufacturing and selling aircraft.

To the best knowledge, information and belief of the Directors having made all reasonable enquiry, Airbus SAS and its ultimate beneficial owner(s) are third parties independent of the Company and connected persons (as defined in the Listing Rules) of the Company, and are not connected persons of the Company.

3. The Agreement

On 17th July, 2007, the Company entered into the Agreement with Airbus SAS regarding the purchase of ten brand new Airbus A320 series aircraft (with engines) in accordance with the terms and conditions thereof.

Consideration

The aircraft basic price of the Aircraft in aggregate is approximately US\$613 million (RMB4.64 billion) based on the relevant price catalog in 2005. Such aircraft basic price comprises the airframe price (which is subject to price escalation by applying a formula), optional features prices and engine price.

The Agreement was negotiated and entered into in accordance with customary business and industry practice, under which Airbus SAS has granted to the Company significant price concessions with regard to the Aircraft. These will take the form of credit memoranda which may be used by the Company towards the purchase of the Aircraft or spare parts, goods and services or may be used towards the final delivery invoice payment of the Aircraft. Such credit memoranda were determined after arm's length negotiations between the parties and as a result, the actual consideration for the Aircraft is lower than the aircraft basic price of the Aircraft mentioned above.

In respect of the transaction, the Company understands its disclosure obligations normally required under Chapter 14 of the Listing Rules, and has therefore on separate occasions raised the issue with Airbus SAS in order to seek its consent to the Company's disclosing certain otherwise required information (including the relevant consideration involved) in the relevant announcements and circulars. Nonetheless, Airbus SAS, for business reasons and from a commercial perspective, did not accede to the Company's request in this respect, and insisted preservation of the confidentiality carried with such information to the extent possible. The Company has made an application to the Stock Exchange for a waiver from strict compliance with the relevant provisions under the Listing Rules in respect of the disclosure of the actual consideration for the Aircraft.

LETTER FROM THE BOARD OF DIRECTORS

The Company confirms that the extent of the price concessions granted to the Company under the Agreement is comparable with the price concessions that the Company had obtained under its agreement entered into in June 2006 with Airbus SAS regarding the purchase of certain Airbus A320 series aircraft. The Company believes that there is no material impact of the price concessions obtained under the Agreement on the Company's operating costs taken as a whole.

Payment terms and source of funding

The consideration under the Agreement is payable by cash in United States dollars in instalments, and is, as currently contemplated, being funded principally by way of bank loans or other financial arrangements from banking institutions.

Delivery

The Aircraft are expected to be delivered to the Company in stages from March 2011 to June 2012.

Reasons for entering into the transaction and benefits expected to accrue to the Company

The Company expects that the Aircraft will be introduced to satisfy the increasing demand in the domestic short to middle range passenger air-routes. It is also believed that the transaction will enhance the Company's market share and competitiveness in the market segment serving short to middle range passenger air-routes, thereby improving its aviation network coverage and profitability.

Financial impact

As mentioned above, the consideration is being funded principally by way of financial arrangements with banking institutions. The transaction may therefore result in an increase in the Company's debt-to-equity ratio, but is not expected to impact on the Company's cash-flow position or its business operations. It is anticipated that the transaction would result in an increase in the Group's fixed assets, with liabilities to be settled by required financial arrangements with banking or financial institutions. Save as described above, the transaction is not expected to result in any material impact on the earnings and assets and liabilities of the Group.

4. Additional information

Your attention is also drawn to the additional information set out in the appendix to this circular.

Yours faithfully,
For and on behalf of the board of Directors of
China Eastern Airlines Corporation Limited
Li Fenghua
Chairman
