Employment Agreements with Named Executives

Michael D. Becker

Chief Executive Officer and President

On November 11, 2007 we entered into an employment agreement (the “Becker Agreement”) with Michael D. Becker, our President and Chief Executive Officer. Pursuant to the agreement, Mr. Becker’s employment with the Company is for a four year term, commencing on November 21, 2007. Mr. Becker is entitled to receive an annual base salary of \$358,400. Additionally, the agreement provides that Mr. Becker is eligible for one-time milestone-based cash bonus payments, as follows: (i) \$150,000 in the event that the Company receives gross proceeds equal to or in excess of \$10 million as a result of the sale of its securities in one or a series of related transactions; (ii) \$125,000 upon such time that our market capitalization exceeds \$125 million for a period of fifteen consecutive trading days, and the average trading volume of the Company’s common stock is at least 100,000 shares per trading day; (iii) \$500,000 upon such time that our market capitalization exceeds \$250 million for a period of fifteen consecutive trading days, and the average trading volume of the Company’s common stock is at least 200,000 shares per trading day; (iv) \$1,000,000 upon such time that our market capitalization exceeds \$500 million for a period of fifteen consecutive trading days, and the average trading volume of the Company’s common stock is at least 300,000 shares per trading day; and (v) \$2,000,000 upon such time that our market capitalization exceeds \$1 billion for a period of fifteen consecutive trading days, and the average trading volume of the Company’s common stock is at least 400,000 shares per trading day.

Pursuant to the Becker Agreement, the Company also issued to Mr. Becker a ten-year option under our 2003 Stock Option Plan, to purchase 5,013,343 shares of our common stock at an exercise price of \$0.30 per share. The options vests in four equal annual installments commencing on November 21, 2008. Additionally, pursuant to Mr. Becker’s employment agreement, the Company issued 856,400 additional stock options (referred to as the “Merger Option”) on November 21, 2007, at an exercise of \$0.30 per share. The merger options vest in four equal annual installments commencing on November 21, 2008, however in addition to such vesting, the Merger Option is only exercisable to the extent the Company’s shares which are held in escrow in connection with its acquisition of Greenwich Therapeutics, Inc. in October 2005, are released. On December 4, 2007, 35% of the escrowed shares were released. Therefore, 299,740 shares, representing 35% of the Merger Option, vest and are exercisable as follows: 214,100 shares vest and are exercisable on November 21, 2008, and 85,640 shares vest and are exercisable on November 21, 2009.

Notwithstanding the 4-year term of the Becker Agreement, either party has the right to terminate the agreement and Mr. Becker's employment sooner. In the event the Company terminates his employment upon a "change of control" or for a reason other than for "cause" or Mr. Becker's death or disability, or if Mr. Becker terminates his employment for "good reason," then the Company will continue pay to Mr. Becker his base salary and will provide health insurance coverage for a period of 12 months. In addition, the unvested portions of the Stock Options that are scheduled to vest on the next anniversary date of Mr. Becker's employment shall accelerate and be deemed vested as of the termination date and shall remain exercisable for a period of 90 days. However, to the extent any portion of the Merger Option has not become exercisable because all or a portion of the Greenwich escrowed shares have not been released from escrow, then the Merger Option, or any such portion, will be forfeited. Notwithstanding the foregoing, if Mr. Becker's employment is terminated by the Company in connection with specified change of control transactions, then all Stock Options shall accelerate and be deemed vested as of such termination date. If the Company terminates Mr. Becker's employment for "cause" or if Mr. Becker terminates his employment for a reason other than "good reason," then the Company is only obligated to pay to Mr. Becker his accrued and unpaid base salary through the date of termination. If Mr. Becker's employment is terminated as a result of his death or disability, then the Company will also pay to Mr. Becker or his estate his annualized base salary for a period of 6 months and will provide health insurance for a period of 12 months from such termination.

The term "cause" under the Becker Agreement means the following conduct or actions taken by Mr. Becker:

- his willful and repeated failure or refusal to perform his material duties or obligations;
- any willful, intentional or grossly negligent act having the effect of injuring, in a material way (whether financial or otherwise), the Company's business or reputation;
 - willful misconduct by in respect of his material duties or obligations;
 - his indictment of any felony involving a crime of moral turpitude;
- the determination by the Company that Mr. Becker engaged in material harassment or discrimination prohibited by law;
 - any misappropriation or embezzlement of the Company's property;
- a breach of the non-solicitation, non-competition, invention assignment and confidentiality provisions of the Becker Agreement; or
- a material breach of any other material provision of the Becker Agreement that is not cured within 30 days after written notice thereof is given by the Company.

The term "change of control" under the Becker Agreement means any of the following: (A) the direct or indirect acquisition by a person in one or a series of related transactions of Company securities representing more than 50% of its combined voting power; (B) a merger, consolidation, reorganization or share exchange involving the Company, or the sale of all or substantially all of the Company's assets, unless the beneficial owners of the Company's securities immediately prior to such transaction continue to hold more than 50% of the combined voting power of the then-outstanding securities.

The term "good reason" means:

- a material reduction by the Company of Mr. Becker's compensation or benefits;
- a material reduction or change in Mr. Becker's duties, responsibilities or position;
- a material breach by the Company of any material term of the Becker Agreement; or
- a relocation of the principal place of employment by more than 50 miles without Mr. Becker's consent.

The Becker Agreement also provides for customary covenants that preclude Mr. Becker from disclosing the Company's confidential information, require him to assign certain inventions to the Company, restrict his ability to compete with the Company during his employment and for a 12-month period thereafter, and prohibit Mr. Becker from soliciting Company employees to leave the Company's employ during the 12-month period following his employment termination.

Edward C. Bradley
Former Chief Scientific and Medical Officer

On February 1, 2007 the Company entered into an employment agreement with Edward C. Bradley, M.D., as its Chief Scientific and Medical Officer. The agreement was for an indefinite term beginning on February 1, 2007 and provided for an initial base salary of \$330,000, plus an annual target bonus of up to 20% of base salary based upon his personal performance and an additional amount of up to 10% of base salary based upon Company performance. Pursuant to the employment agreement, Dr. Bradley received stock options to purchase 700,000 shares of the Company's common stock. The options vest in three equal annual installments, commencing in February 2008 and will be exercisable at a price per share equal to \$0.55. The employment agreement also entitled Dr. Bradley to certain severance benefits. In the event that the Company terminated Dr. Bradley's employment without cause, then Dr. Bradley was entitled to receive his then annualized base salary for a period of six months. If Dr. Bradley's employment was terminated without cause, and within a year of a change of control, then Dr. Bradley was entitled to receive his then annualized base salary for a period of one year, and he was entitled to receive any bonuses he has earned at the time of his termination. For the fiscal year ended December 31, 2007, Mr. Bradley was not entitled to receive any bonus payout.

On March 20, 2008, Dr. Bradley entered into an agreement with the Company to reduce his base salary from \$330,000 to \$165,000. In addition, the agreement reduced Dr. Bradley's required number of hours of service to the Company. On April 11, 2008, Dr. Bradley resigned from his part-time position with the Company. Pursuant to the terms of his employment agreement, stock options representing 233,333 shares of the Company's common stock vested on February 1, 2008, and the balance of the stock options were forfeited. However, on April 15, 2008, the Company agreed to immediately vest an additional 233,333 shares subject to Dr. Bradley's stock options, so that as of April 15, 2008, Dr. Bradley's right to purchase an aggregate of 466,666 shares subject to his stock option is vested and exercisable. The Company also extended the exercise period with respect to Dr. Bradley's options until December 31, 2008. The Company has no other obligations to pay Dr. Bradley any further compensation.

Brian Lenz
Chief Financial Officer and Treasurer

Base Compensation. We do not have a formal employment agreement with Mr. Lenz, other than the severance benefits agreement described below. However, Mr. Lenz's current compensation arrangement currently provides that he receives an annual base salary of \$185,000, plus an annual target bonus of up to 20% of base salary based upon his personal performance and an additional amount of up to 10% of base salary based upon Company performance, and he is eligible to receive health care benefits. For the fiscal year 2006, Mr. Lenz received an automobile allowance of \$3,600, which was discontinued in 2007.

Bonus Compensation. Mr. Lenz is also eligible to receive an annual cash bonus upon achievement of certain performance criteria established by our Board each year. The following table describes the criteria, the maximum amount for which Mr. Lenz was eligible to receive for 2007 for fully satisfying each criterion, and the amount he was paid for each such criterion for 2007:

2007 Criteria	Eligible Amount	Amount Awarded
Completion of financings resulting in gross proceeds of a targeted amount	\$ 11,100	\$ 0
Listing of common stock on a national securities exchange	\$ 16,650	\$ 0
Company's initiation of 5 Phase II corporate sponsored clinical trials	\$ 5,550	\$ 0
Chiral Quest sale process completion	\$ 16,650	\$ 16,650
Qualitative factors relating to leadership, teamwork, peer interaction, initiative and communication	\$ 5,550	\$ 0
Total	\$ 55,500	\$ 16,650

In addition, in March 2007, we entered into a letter agreement with Mr. Lenz that provided for additional compensation upon the event we sell our Chiral Quest subsidiary. Specifically, we paid Mr. Lenz a cash payment equal to 1.1667% or \$19,833 of the gross proceeds received by us in connection with a sale of Chiral Quest.

In addition to cash bonus compensation, Mr. Lenz also received a stock option grant in May 2007 relating to 100,000 shares of our common stock at an exercise price of \$0.55 per share. This option, which was issued under our 2003 Stock Option Plan, vests in 3 annual installments commencing May 2008.

Severance, Change of Control and Termination Provisions. We entered into a severance benefits agreement with Mr. Lenz in August 2006. The agreement provides that, in the event we terminate Mr. Lenz's employment within one year following a "change of control" and such termination is either without "cause," or is a "constructive termination," then (i) Mr. Lenz shall be entitled to receive 12 months of his then annual base compensation, payable in semi-monthly installments, (ii) any and all outstanding options to purchase shares of our common stock granted to Mr. Lenz shall immediately vest and become immediately exercisable (whether granted before or after the date of the severance benefits agreement), and (iii) Mr. Lenz shall be entitled to participate in our health care and insurance benefits program for a period of 12 months thereafter. If Mr. Lenz's employment is terminated at a time other than a one-year period following a change of control and is without cause, then Mr. Lenz shall be entitled to receive (A) one-half of his then annual compensation, payable in semi-monthly installments over a period of six months and (B) our health care and insurance benefits program over a period of six months thereafter.

Under the severance benefits agreement, "change of control" has the meaning given that term in our 2003 Stock Option Plan, where it is defined as the occurrence of one of the following events:

- the sale, lease, exchange or other transfer, directly or indirectly, of substantially all of the assets of the Company (in one transaction or in a series of related transactions) to a person or entity that is not controlled by the Company;

- the approval by our shareholders of any plan or proposal for the liquidation or dissolution of the Company;
- any person becomes after the effective date of the Plan the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of (i) 20% or more, but not 50% or more, of the combined voting power of our outstanding securities ordinarily having the right to vote at elections of directors, unless the transaction resulting in such ownership has been approved in advance by the board members who continue as directors, or (ii) 50% or more of the combined voting power of our outstanding securities ordinarily having the right to vote at elections of directors (regardless of any approval by the continuing directors); provided that a traditional institution or venture capital financing transaction shall be excluded from this definition;

General

In June 2003, the Board approved and adopted the 2003 Plan. The shareholders approved an amendment to the 2003 Plan in May 2006 to increase the number of shares of Common Stock authorized for issuance to a total of 6,500,000 shares of Common Stock for issuance and another amendment in May 2007 to increase the number of Common Stock authorized for issuance to a total of 7,500,000. On November 16, 2007, the Board approved an amendment to the 2003 Plan to increase to 15,000,000 the number of shares of Common Stock authorized for issuance under the Plan. As of the date of this report, stock options relating to an aggregate of 10,133,390 shares of Common Stock had been granted at exercise prices ranging from \$0.54 to \$11.20. Of those stock options, 7,500,000 were issued under the Plan as approved by the shareholders and 2,633,390 were issued under the Plan as amended by the Board.

The purpose of the Plan is to increase shareholder value and to advance the interests of the Company by furnishing a variety of economic incentives, or Incentives, designed to attract, retain and motivate employees of and consultants to the Company.

The Plan provides that a committee, or the Committee, composed of at least two disinterested members of the board of directors of the Company may grant Incentives in the following forms: (a) stock options; (b) stock appreciation rights, or SARs; (c) stock awards; (d) restricted stock; (e) performance shares; and (f) cash awards. Incentives may be granted to participants who are employees of or consultants to the Company (including officers and directors of the Company who are also employees of or consultants to the Company) selected from time to time by the Committee. In

the event there is no Committee, then the entire Board shall have responsibility for administering the 2003 Plan.

Types of Incentives

Stock Options

Under the 2003 Plan, the Committee may grant non-qualified and incentive stock options to eligible participants to purchase shares of Common Stock from the Company. The 2003 Plan confers on the Committee discretion, with respect to any such stock option, to determine the number and purchase price of the shares subject to the option, the term of each option and the time or times during its term when the option becomes exercisable. The purchase price for incentive stock options may not be less than the fair market value of the shares subject to the option on the date of grant. The number of shares subject to an option will be reduced proportionately to the extent that the optionee exercises a related SAR. The term of a non-qualified option may not exceed 10 years from the date of grant and the term of an incentive stock option may not exceed 10 years from the date of grant. Any option shall become immediately exercisable in the event of specified changes in corporate ownership or control. The Committee may accelerate the exercisability of any option. The Committee may approve the purchase by the Company of an unexercised stock option for the difference between the exercise price and the fair market value of the shares covered by such option.

The option price may be paid in cash, check, bank draft or by delivery of shares of Common Stock valued at their fair market value at the time of purchase or by withholding from the shares issuable upon exercise of the option shares of Common Stock valued at their fair market value or as otherwise authorized by the Committee.

In the event that an optionee ceases to be an employee of or consultant to the Company for any reason, including death, any stock option or unexercised portion thereof which was otherwise exercisable on the date of termination of employment shall expire at the time or times established by the Committee.

Stock Appreciation Rights

A stock appreciation right, or a SAR, is a right to receive, without payment to the Company, a number of shares, cash or any reverse stock split thereof, the amount of which is determined pursuant to the formula described below. A SAR may be granted with respect to any stock option granted under the Plan, or alone, without reference to any stock option. A SAR granted with respect to any stock option may be granted concurrently with the grant of such option or at such later time as determined by the Committee and as to all or any portion of the shares subject to the option.

The 2003 Plan confers on the Committee discretion to determine the number of shares as to which a SAR will relate as well as the duration and exercisability of a SAR. In the case of a SAR granted with respect to a stock option, the number of shares of Common Stock to which the SAR pertains will be reduced in the same proportion that the holder exercises the related option. The term of a SAR may not exceed ten years and one day from the date of grant. Unless otherwise provided by the Committee, a SAR will be exercisable for the same time period as the stock option to which it relates is exercisable. Any SAR shall become immediately exercisable in the event of specified changes in corporate ownership or control. The Committee may accelerate the exercisability of any SAR.

Upon exercise of a SAR, the holder is entitled to receive an amount which is equal to the aggregate amount of the appreciation in the shares of Common Stock as to which the SAR is exercised. For this purpose, the "appreciation" in the shares consists of the amount by which the fair market value of the shares of Common Stock on the exercise date exceeds (a) in the case of a SAR related to a stock option, the purchase price of the shares under the option or (b) in the case of a SAR granted alone, without reference to a related stock option, an amount determined by the Committee at the time of grant. The Committee may pay the amount of this appreciation to the holder of the SAR by the delivery of Common Stock, cash, or any reverse stock split of Common Stock and cash.

Restricted Stock

Restricted stock consists of the sale or transfer by the Company to an eligible participant of one or more shares of Common Stock which are subject to restrictions on their sale or other transfer by the employee. The price at which restricted stock will be sold will be determined by the Committee, and it may vary from time to time and among employees and may be less than the fair market value of the shares at the date of sale. All shares of restricted stock will be subject to such restrictions as the Committee may determine. Subject to these restrictions and the other requirements of the 2003 Plan, a participant receiving restricted stock shall have all of the rights of a shareholder as to those shares, including, for example, the right to vote such shares.

Stock Awards

Stock awards consist of the transfer by the Company to an eligible participant of shares of Common Stock, without payment, as additional compensation for services to the Company. The number of shares transferred pursuant to any stock award will be determined by the Committee.

Performance Shares

Performance shares consist of the grant by the Company to an eligible participant of a contingent right to receive cash or payment of shares of Common Stock. The performance shares shall be paid in shares of Common Stock to the extent performance objectives set forth in the grant are achieved. The number of shares granted and the performance criteria will be determined by the Committee.

Non-Transferability of Most Incentives

No stock option, SAR, performance share or restricted stock granted under the Plan is transferable by its holder, except in the event of the holder's death, by will or the laws of descent and distribution. During an employee's lifetime, an Incentive may be exercised only by him or her or by his or her guardian or legal representative.

Amendment to the Plan

The Board of Directors may amend or discontinue the 2003 Plan at any time. However, no such amendment or discontinuance may, subject to adjustment in the event of a merger, recapitalization, or other corporate restructuring, (a) change or impair, without the consent of the recipient thereof, an Incentive previously granted, (b) materially increase the maximum number of shares of Common Stock which may be issued to all participants under the 2003 Plan, (c) materially change or expand the types of Incentives that may be granted under the 2003 Plan, (d) materially modify the requirements as to eligibility for participation in the 2003 Plan, or (e) materially increase the benefits accruing to participants. Certain 2003 Plan amendments require shareholder approval, including amendments which would materially increase benefits accruing to participants, increase the number of securities issuable under the 2003 Plan, or change the requirements for eligibility under the 2003 Plan.

Federal Income Tax Consequences

The following discussion sets forth certain United States income tax considerations concerning the ownership of Common Stock. These tax considerations are stated in general terms and are based on the Internal Revenue Code of 1986, as amended, regulations thereunder and judicial and administrative interpretations thereof. This discussion does not address state or local tax considerations with respect to the ownership of Common Stock. Moreover, the tax considerations relevant to ownership of Common Stock may vary depending on a holder's particular status.

Long-term capital gains currently are generally subject to lower tax rates than ordinary income or short-term capital gains. The maximum long-term capital gains rate for federal income tax purposes is currently 15 percent while the maximum ordinary income rate and short-term capital gains rate is effectively 35 percent.

Incentive Stock Options. Incentive stock options under the 2003 Plan are intended to be eligible for the favorable federal income tax treatment accorded “incentive stock options” under the Code.

There generally are no federal income tax consequences to the option holder or the Company by reason of the grant or exercise of an incentive stock option. However, the exercise of an incentive stock option may increase the option holder’s alternative minimum tax liability, if any.

If an option holder holds stock acquired through exercise of an incentive stock option for at least two years from the date on which the option is granted and at least one year from the date on which the shares are transferred to the option holder upon exercise of the option, any gain or loss on a disposition of such stock will be a long-term capital gain or loss.

Generally, if the option holder disposes of the stock before the expiration of either of these holding periods (a “disqualifying disposition”), then at the time of disposition the option holder will realize taxable ordinary income equal to the lesser of (i) the excess of the stock’s fair market value on the date of exercise over the exercise price, or (ii) the option holder’s actual gain, if any, on the purchase and sale. The option holder’s additional gain or any loss upon the disqualifying disposition will be a capital gain or loss, which will be long-term or short-term depending on whether the stock was held for more than one year.

To the extent the option holder recognizes ordinary income by reason of a disqualifying disposition, the Company will generally be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to a corresponding business expense deduction in the tax year in which the disqualifying disposition occurs.

Non-statutory Stock Options. Non-statutory stock options granted under the 2003 Plan generally have the following federal income tax consequences:

There are no tax consequences to the option holder or the Company by reason of the grant of a non-statutory stock option. Upon exercise of a non-statutory stock option, the option holder normally will recognize taxable ordinary income equal to the excess, if any, of the stock’s fair market value on the date of exercise over the option exercise price. However, to the extent the stock is subject to certain types of vesting restrictions, the taxable event will be delayed until the vesting restrictions lapse unless the participant elects to be taxed on receipt of the stock. With respect to employees, the Company is generally required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, the Company will generally be entitled to a business expense deduction equal to the taxable ordinary income realized by the option holder.

Upon disposition of the stock, the option holder will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon exercise of the option (or vesting of the stock). Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

Potential Limitation on Company Deductions. Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain “covered employees” in a taxable year to the extent that compensation to such covered employee exceeds \$1 million. It is possible that compensation attributable to stock options, when combined with all other types of compensation received by a covered employee from the Company, may cause this limitation to be exceeded in any particular year.

Certain kinds of compensation, including qualified “performance-based compensation,” are disregarded for purposes of the deduction limitation. In accordance with Department of Treasury regulations issued under Section 162(m), compensation attributable to stock options will qualify as performance-based compensation if the option is granted by a compensation committee comprised solely of “outside directors” and either (i) the plan contains a per-employee limitation on the number of shares for which options may be granted during a specified period, the per-employee limitation is approved by the shareholders, and the exercise price of the option is no less than the fair market value of the stock on the date of grant, or (ii) the option is granted (or exercisable) only upon the achievement (as certified in writing by the compensation committee) of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, and the option is approved by shareholders. The 2003 Plan limits the number of shares relating to stock option grants awarded to an individual in any year to 900,000.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

Related Transactions

The Company has engaged Paramount BioCapital, Inc., (“Paramount”) as our placement agent during our 2007 and 2008 financing. Lindsay A. Rosenwald, M.D., is the Chairman, CEO and sole stockholder and substantial stockholder of the Company. The Company paid commissions of \$119,700 and issued 450,000 warrants to Paramount in connection with the 2007 financing, and paid commissions of \$207,200 and issued 4,932,500 warrants to Paramount in connection with the 2008 financing.

Director Independence

In determining whether the members of our Board and its committees are independent, we have elected to use the definition of “independence” set forth by the Marketplace Rule 4200(a)(15) of The Nasdaq Stock Market and the standards for independence established by The Nasdaq Stock Market, whereby a majority of the members of a listed company’s board of directors must qualify as “independent” as determined by the board. Our Board of Directors consults with our legal counsel to ensure that the Board’s determinations are consistent with all relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in the applicable listing standards of The Nasdaq Stock Market. Consistent with these considerations, and after review of all relevant transactions or relationships between each director, or any of his family members, and VioQuest Pharmaceuticals, Inc., its senior management and its independent registered public accounting firm, the Board has determined that Mr. Stephen C. Rocamboli, Dr. Johnson Y.N. Lau, and Dr. Michael Weiser, are independent directors within the meaning of the applicable listing standard of The Nasdaq Stock Market.
