Director Independence

The Board of Directors has determined that Haig S. Bagerdjian, Louise C. Forlenza, Stewart R. Massey, Todd H. Solomon and Anthea C. Stratigos are independent directors. The independent directors comprise a majority of the Board. The only director who is not independent is Jack S. Abuhoff, the Company's Chairman, President and Chief Executive Officer ("CEO"). The Company defines independence as meeting the requirements to be considered as an independent director as set forth in the Nasdaq Marketplace Rule 5605(a)(2). To assist in determining director independence, the Board of Directors also considers any business relationship with any independent director, including any business entity with which any independent director is affiliated, to determine if there is any material relationship that would impair a director's independence. In making its determination, the Board of Directors reviewed information provided by each of the directors and information gathered by the Company.

Board Leadership Structure

Chairman of the Board and Chief Executive Officer Positions

The Board of Directors believes that having a combined Chairman of the Board/Chief Executive Officer, independent directors with strong leadership and management experience, an independent director serving as the lead director and Board of Directors committees being comprised solely of independent directors, provides an effective and efficient leadership structure that is appropriate for the Company at the present time. The Chairman/CEO has primary responsibility for managing the business. Combining the leadership role avoids duplication of efforts while strengthening the Chairman/CEO's ability to provide insight and direction on important strategic initiatives to both management and the independent directors.

Lead Independent Director

Todd H. Solomon currently serves as the Company's Lead Independent Director. The principal responsibilities of the Lead Independent Director are to:

- Schedule and preside over executive sessions of the independent directors;
- Preside over Board of Directors meetings in the absence of the Chairman;
- Provide input to the Chairman in the preparation of agendas for Board of Directors meetings; and
- Enhance the effective functioning of the independent directors by facilitating communications and collaboration between and among them.

The Board's Role in Risk Oversight

The Board of Directors believes that the goal of risk oversight is to identify and assess risks which may affect the Company's ability to fulfill its business objectives, and to formulate plans to mitigate potential effects. The Board of Directors administers its oversight function directly, through both its Audit and Compensation Committees, and through executive management of the Company, as follows:

- Through Board of Directors discussion on general business strategy and risks that could drive tactical and strategic decisions in the near and long term;
- Through the Audit Committee with respect to financial risks and risks that may affect the financial situation of the Company;
- Through the Compensation Committee with respect to risks associated with executive compensation plans and arrangements;
- Through executive management of the Company with respect to risks which may arise in the ordinary course of business, such as operational, managerial, business, legal, regulatory and reputational risks; and
- Through the CEO, in the CEO's combined role as Chairman, via updates to the Board of Directors during Board of Directors meetings with respect to potential material risks identified by executive management, as is deemed appropriate based on the circumstances.

The Board of Directors believes the various roles of the board committees and executive management in risk oversight described above complement the Board of Directors' leadership structure described above, including the combination of the Chairman of the Board and Chief Executive Officer positions.

Meetings of the Board of Directors

The Board of Directors meets throughout the year on a set schedule. The Board of Directors also holds special meetings and acts by unanimous written consent from time to time as appropriate. The Board of Directors held eight meetings during the year ended December 31, 2010. Each director attended at least (i) 75% of all of the meetings of the Board of Directors held during the period they served as Director; and (ii) 75% of the meetings of all committees on which he or she served. The Company does not have a policy requiring incumbent directors and director nominees to attend the Company's annual meeting of stockholders. Two directors attended last year's annual meeting.

The Board of Directors meets in executive sessions without management, as needed, during or immediately following its regularly scheduled meetings. The Board of Directors also schedules executive sessions during the year for the independent directors only.

Committees of the Board of Directors

Audit Committee

The Company has a separately designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee operates under a written charter adopted by the Board of Directors. A copy of the charter is available on our website at www.innodata-isogen.com. Serving on the Committee are Ms. Forlenza and Messrs. Bagerdjian and Solomon. The Board of Directors has determined that it has an audit committee financial expert serving on the audit committee: Ms. Forlenza. The functions of the Audit Committee are, among other things, to make recommendations concerning the selection each year of independent auditors of the Company, to assist the Board of Directors in fulfilling its oversight responsibilities relating to the quality and integrity of the Company's financial reports and financial reporting processes and systems of internal controls, to consider whether the Company's principal accountant's provision of non-audit services is compatible with maintaining the principal accountant's independence and to determine through discussions with the independent auditors whether any

instructions or limitations have been placed upon them in connection with the scope of their audit. To carry out its responsibilities, the Audit Committee met six times during fiscal 2010. The Company defines independence as meeting the standards to be considered as an independent director as set forth in the Nasdaq Marketplace Rule 5605(a)(2), and the Board of Directors has determined that all the members of the Audit Committee are "independent" as defined in the Nasdaq Marketplace Rule 5605(c)(2)(A).

Compensation Committee

The Compensation Committee operates under a written charter adopted by the Board of Directors. A copy of the charter is available on our website at www.innodata-isogen.com. The function of the Compensation Committee is to discharge the responsibilities of the Board of Directors regarding executive and director compensation, including determining and approving the compensation packages of the Company's executive officers, including its Chief Executive Officer. The Compensation Committee also reviews and approves stock option grants to non-executive officer employees. The Chief Executive Officer recommends to the Compensation Committee proposed compensation for the executive officers other than the Chief Executive Officer. The Compensation Committee engages the services of an independent compensation consultant on an as-needed basis to provide market data and advice regarding executive compensation and proposed compensation programs and amounts. To carry out its responsibilities, the Compensation Committee met four times during fiscal 2010. The Company defines independence as meeting the standards to be considered as an independent director as set forth in the Nasdaq Marketplace Rule 5605(a)(2), and the Board of Directors has determined that all the members of the Compensation Committee are "independent" as defined in the Nasdaq Marketplace Rule 5605(a)(2).

Compensation Committee Interlocks and Insider Participation. The Compensation Committee is currently comprised of Messrs. Massey and Solomon and Ms. Forlenza. Mr. Solomon was formerly an officer of the Company serving as its President and Chief Executive Officer until September 1997.

Nominating Committee

The Company has a standing Nominating Committee comprised of Messrs. Solomon and Bagerdjian, and Ms. Forlenza. The Company does not have a Nominating Committee charter. The primary responsibilities of the Nominating Committee include assisting the Board of Directors in identifying and evaluating qualified candidates to serve as directors; recommending to the Board of Directors candidates for election or re-election to the Board of Directors or to fill vacancies on the Board of Directors; and assisting in attracting qualified candidates to serve on the Board of Directors. Director nominees are selected by Board of Director resolution. All of the nominees recommended for election to the Board of Directors at the Meetings are directors standing for re-election. Although the Nominating Committee does not have a formal policy with respect to the consideration of diversity, when considering director candidates the Nominating Committee seeks individuals with backgrounds and qualities that, when combined with those of the Company's existing directors, provide a blend of skills and experience that will further enhance the Board of Directors' effectiveness at the time the consideration is made. When considering potential director candidates, the Nominating Committee considers the candidate's character, judgment, diversity, skills, including financial literacy, and experience in the context of the needs of the Company and the Board of Directors. The Nominating Committee has not established any minimum qualifications for director candidates. To carry out its responsibilities, the Nominating Committee met one time during fiscal 2010. The Company defines independence as meeting the standards to be considered as an independent director as set forth in the Nasdaq Marketplace Rule 5605(a)(2), and the Board of Directors has determined that all the members of the Nominating Committee are "independent" as defined in the Nasdaq Marketplace Rule 5605(a)(2). In 2010 the Company did not pay any fees to any third party to assist in identifying or evaluating potential nominees.

The Company's by-laws include a procedure whereby its stockholders can nominate director candidates, as more fully described below under "Stockholder Proposals for the 2012 Annual Meeting." The Board of Directors will consider director candidates recommended by the Company's stockholders in a similar manner as those recommended by members of management or other directors, provided the stockholder submitting such nomination has complied with the procedures set forth in the Company's by-laws. To date, the Company has not received any recommended nominees from any non-management stockholder or group of stockholders that beneficially owns five percent or more of its voting stock.

The Company retains independent auditors who are responsible for conducting independent audits of the Company's financial statements and internal control over financial reporting, in accordance with standards of the Public Company Accounting Oversight Board (United States), and issuing reports thereon.

The Audit Committee has reviewed and discussed the Company's consolidated audited financial statements as of and for the year ended December 31, 2010 with management and the independent auditors. The Audit Committee

has concluded that the independent auditors are independent from the Company and its management.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

This compensation discussion and analysis describes and analyzes the material elements of compensation awarded, earned by, or paid to each of our Executive Officers who served as Named Executive Officers during the last completed fiscal year. This compensation discussion and analysis focuses on the information contained in the following tables and related footnotes and narrative for primarily the last completed fiscal year, but we also describe compensation actions taken before or after the last completed fiscal year to the extent it enhances the understanding of our executive compensation disclosure.

Executive Compensation Objectives and Philosophy

The Compensation Committee of the Board of Directors is responsible for overseeing and administering our executive compensation program and for establishing our executive compensation philosophy. The objectives of our compensation program are to:

- Attract, motivate and retain qualified, talented and dedicated executives
- Motivate executives to achieve business and financial objectives that will enhance stockholder value
- Align the interests of our executives with the long term interests of stockholders through stock-based incentives
- Maintain a strong link between pay and performance by placing a portion of the executive’s total pay at risk

The Committee applies these objectives in selecting the specific elements of compensation. The Committee also reviews and considers:

- Company performance, both separately and in relation to similar companies
- The individual executive’s performance, experience and scope of responsibilities
- Historical compensation levels and stock option awards at the Company
 - Competitive market and peer company data
 - Internal equity among executive officers
 - The recommendations of management

Executive Officer Compensation Processes

The Committee uses the following processes, procedures and resources to help it perform its responsibilities:

- Executive sessions without management present to discuss various compensation matters, including the compensation of our CEO
 - The services of an independent compensation consultant, who advises the Committee on an as-needed basis
- A periodic review of all executive compensation and benefit programs for reasonableness and cost effectiveness
 - The recommendations of the CEO on compensation for the other executive officers

Competitive Benchmarking / Peer Group Analysis

Although the Company has no policy regarding the retention of independent consultants to conduct competitive benchmarking and/or a peer group analysis, it has, from time to time, engaged such consultants to assist the Committee in the review and determination of various executive compensation matters. No compensation consultants were engaged by the Company in calendar year 2010.

Components of the Executive Compensation Program

The primary elements of the Company’s Executive Compensation Program are:

- Base salary
- Performance-based cash incentives
- Stock-based incentives
- Benefits and perquisites
- Severance and change-of-control compensation

The Committee does not use a pre-set formula to allocate a percentage of total compensation to each compensation component, and the percentage of total compensation allocated to each compensation component varies among the executive officers. Instead, the Committee relies on the processes and factors described in this discussion and analysis and takes into account the current and historical compensation components, and amount of each component, for each executive officer.

Base Salary

The base salaries of our executive officers are designed to attract and retain a high performing and dedicated leadership team. The Committee reviews the performance evaluations and salary recommendations provided to the Committee by the CEO for each executive officer other than himself. Increases to the CEO's base salary are determined by the Committee without a recommendation by Company management. Adjustments to base salaries are determined based on the individual's responsibility levels, performance, contribution and length of service, after considering competitive market data and the Company's financial performance, as well as any requirements set forth in the executive officer's employment agreement for those executive officers with an employment agreement. No executive officer received a base salary increase in calendar year 2010, and Mr. Abuhoff waived his contractual right to a minimum annual base salary increase based on the annual percentage change in the Consumer Price Index.

Performance-Based Cash Incentives

Performance-based cash incentives provide the Company with a means of rewarding performance based upon the attainment of corporate financial goals, individual goals, and individual accomplishments and contributions to the Company. The Committee reviews Company financial performance, individual performance, accomplishments and contributions, as well as recommendations provided to the Committee by the CEO for each executive officer other than the CEO. Cash incentives may be paid pursuant to an incentive compensation plan or as cash bonuses. Based on the Company's financial performance in 2010 against goals set by management for 2010, including the percent achievement of level of revenues, bookings, gross margins and earnings before interest and taxes, each executive officer's individual accomplishments and contributions to the Company in 2010 and the CEO's recommendation to the Committee with respect to each executive officer other than the CEO, the Committee awarded a cash bonus for 2010 to each named executive officer as follows: \$81,034 to Mr. Abuhoff, \$48,024 to Mr. Mishra, and \$35,904 to Mr. Nalavadi.

Stock-Based Incentives

The Company uses stock option grants as the primary vehicle for employee stock-based incentives. The Company also uses restricted share grants as a form of stock-based incentives. The Committee believes stock-based incentives align the executive officers' interests with those of stockholders in building shareholder value, offer executive officers an incentive for the achievement of superior performance over time, and foster the retention of key management personnel. The number of stock options or restricted shares the Committee awards each executive officer is based on his relative position, responsibilities and performance, including anticipated future performance, potential and responsibilities, and performance over the previous fiscal year, to the extent applicable. The Committee also reviews and considers prior stock-based grants to each executive officer. The size of stock-based grants is not directly related to the Company's performance. The Committee also uses data on stock-based grants granted by companies that are comparable by industry and revenue. In March 2010 Mr. Nalavadi received a restricted share grant of 40,000 shares and a stock option grant of 100,000 shares, which grants were made pursuant to the terms of Mr. Nalavadi's employment agreement with the Company, as well as an additional stock option grant of 50,000 shares.

Benefits and Perquisites

The Company offers retirement, health, life, and disability benefits, as well as medical and dependent care reimbursement plans to all full-time employees. These plans do not discriminate in scope, terms or operation in favor of executive officers. In addition, in calendar year 2010, the Company reimbursed Mr. Abuhoff \$24,085 for the cost of life and disability insurance premiums and related taxes pursuant to his employment agreement. The Company also provided Mr. Mishra, in connection with his foreign assignment, benefits totaling \$36,418 for an apartment rental, utilities, security, spousal travel and related fringe benefit taxes, and provided Mr. Nalavadi, in connection with his relocation to New Jersey, benefits totaling \$34,440 for an apartment rental, utilities, lease of a Company car and travel.

Severance and Change-of-Control

The Company uses severance and change-of-control agreements to attract and retain qualified, talented and dedicated executives and to help it remain competitive in the marketplace.

The Agreement provides for: annual base salary compensation of \$424,350 subject to cost of living adjustments and annual discretionary increases as determined by the Company's Board of Directors; additional cash incentive or bonus compensation for each calendar year determined by the Compensation Committee of the Board of Directors in its discretion and conditioned on the attainment of certain quantitative objectives to be established by the Compensation Committee with a target bonus of not less than 60% of Mr. Abuhoff's base salary for the year; and stock options and/or other equity-based and/or non-equity-based awards and incentives as determined by the Compensation Committee in its sole and absolute discretion. The Agreement also provides for indemnification, insurance and other fringe benefits, and contains confidentiality, non-compete and non-interference provisions.

In the event Mr. Abuhoff is terminated by the Company other than for cause (as defined), death or disability, or Mr. Abuhoff resigns his employment with the Company for good reason (as defined), Mr. Abuhoff is entitled to receive an amount equal to (i) 200% of his (A) base salary and (B) the greater of his most recently declared bonus (as defined) or the average of his three most recently declared bonuses to be paid in substantially equal payments over a period of 24 months; (ii) the continuation of his medical, dental, life, and disability insurance until the earlier of the end of the maximum applicable COBRA coverage period or for the 24 month period immediately following Mr. Abuhoff's termination (and if the COBRA period is shorter than the applicable 24 month period, pay Mr. Abuhoff an amount equal to the monthly cost charged by the Company for COBRA coverage during the period beginning upon the expiration of the maximum COBRA coverage period and the end of the 24 month continuation period); and (iii) the removal of any vesting, transfer, lock-up, performance or other restrictions or requirements on his stock options and other equity-based and non-equity-based awards and incentives. In the event Mr. Abuhoff is terminated by the Company coincident with or following a change-of-control (as defined), Mr. Abuhoff is entitled to receive an amount equal to (i) 300% of his (A) base salary and (B) the greater of his most recently declared bonus (as defined) or the average of his three most recently declared bonuses to be paid in a lump sum payout within 30 days of the date of his termination; (ii) the continuation of his medical, dental, life, and disability insurance until the earlier of the end of the maximum applicable COBRA coverage period or for the 36 month period immediately following Mr. Abuhoff's termination (and if the COBRA period is shorter than the applicable 36 month period, pay Mr. Abuhoff an amount equal to the monthly cost charged by the Company for COBRA coverage during the period beginning upon the expiration of the maximum COBRA coverage period and the end of the 36 month continuation period); and (iii) the removal of any vesting, transfer, lock-up, performance or other restrictions or requirements on his stock options and other equity and non-equity-based awards and incentives.

The amount payable on such date shall include all amounts that would have been payable to Mr. Abuhoff prior to that date but for the application of Section 409A and the remaining payments shall be made in substantially equal installments until fully paid. The agreement provides for annual base compensation of \$175,000 per annum, subject to annual reviews

for discretionary annual increases; incentive compensation pursuant to an incentive compensation plan; and a signing bonus of \$30,000. In the event Mr. Nalavadi is terminated by the Company coincident with or within 12 months following the occurrence of a change-of-control (as defined), Mr. Nalavadi is entitled to receive an amount equal to (i) 200% of his (A) base salary and (B) Earned Bonus (as defined) to be paid in substantially equal payments for the 24 month period immediately following the date of termination; (ii) the continuation of his medical and dental insurance until the earlier of the end of the maximum applicable COBRA coverage period or for the 24 month period immediately following Mr. Nalavadi's termination (and if the COBRA period is shorter than the applicable 24 month period, pay Mr. Nalavadi an amount equal to the monthly cost charged by the Company for COBRA coverage during the period beginning upon the expiration of the maximum COBRA coverage period and the end of the 24 month continuation period; and (iii) the removal of any vesting, transfer, lock-up, performance requirements or other restrictions or contingencies on his stock options and other equity and non-equity-based compensation awards, rights or entitlements.

If the agreement is terminated due to Mr. Mishra’s death, his estate will receive payment of his base salary through the date of termination, any earned but unpaid incentive compensation, and payment for up to six weeks’ accrued but unused vacation. If the agreement is terminated due to Mr. Mishra’s disability he will receive payment of his base salary for a 90 day period following the date of termination, any earned but unpaid incentive compensation, and payment for up to six weeks’ accrued but unused vacation. If this agreement is terminated for cause, Mr. Mishra will receive his base salary through the date of termination, and payment for up to six weeks’ accrued but unused vacation. In return for the benefits described above, Mr. Mishra is required to sign a separation agreement and general release, and agreed not to compete with the Company for a 12 month period following termination of his employment, and not to solicit the customers of the Company or to solicit or employ the services of an employee of the Company for a 24 month period following termination of employment.

Pursuant to Mr. Nalavadi’s employment agreement, if Mr. Nalavadi’s employment is terminated by the Company other than for cause, death or disability, or Mr. Nalavadi resigns his employment for good reason (including the Company’s breach of its material obligations under the Agreement, the Company assigning duties to Mr. Nalavadi which represent a material diminution of his authorities, duties or responsibilities, or requiring him to report to any person or entity other than the CEO, or the Company no longer permitting Mr. Nalavadi to work from El Dorado Hills, CA approximately one week per calendar month, and the Company does not reasonably cure any such action or event within 30 days of the date of notice from Mr. Nalavadi and Mr. Nalavadi resigns his employment within 30 days thereafter) Mr. Nalavadi will be entitled to (i) an amount equal to his (A) Base Salary (as defined) and (B) any amount of Earned Bonus (as defined), to be paid in substantially equal payments over a period of 12 months; and (ii) the continuation of his and his dependents’ medical and dental insurance until the earlier of the end of the maximum applicable COBRA coverage period or for the 12 month period immediately following Mr. Nalavadi’s termination (and if the COBRA period is shorter than the applicable 12 month period, pay Mr. Nalavadi an amount equal to the monthly cost charged by the Company for COBRA coverage during the period beginning upon the expiration of the maximum COBRA coverage period and the end of the 12 month continuation period); (iii) payment of up to six weeks’ accrued but unused vacation and (iv) have 25% of all Company stock options and all other Company equity-based and non-equity based awards and incentives and related compensation rights, or entitlements, but exclusive of any Bonus, to become vested (to the extent that 25% have not yet vested), and to the extent applicable, exercisable, regardless of the otherwise applicable vesting/exercise schedules in connection therewith, and be relieved to such extent of otherwise applicable transfer restrictions, lock-up or performance requirements and other restrictions and/or contingencies of any kind. If Mr. Nalavadi’s employment is terminated for death, his estate will receive payment of his

base salary, any Earned Bonus (as defined), and reimbursement of all his incurred but unreimbursed reasonable business expenses, in each case through the date of termination, and payment of up to six weeks' accrued but unused vacation. If Mr. Nalavadi's employment is terminated for disability he will receive payment of his base salary for a 90 day period following the date of termination, a pro-rated bonus based on active duty with the Company and conditioned on attainment of quantitative objectives, reimbursement of all his incurred but unreimbursed reasonable business expenses and payment of up to six weeks' accrued but unused vacation. If Mr. Nalavadi's employment is terminated for cause, Mr. Nalavadi will receive his base salary through the date of termination, reimbursement of all his incurred but unreimbursed reasonable business expenses and payment of up to six weeks' accrued but unused vacation. In return for the benefits described above, Mr. Nalavadi is required to sign a separation agreement and general release, and agreed, for a 12 month period following termination of his employment, not to compete or interfere with the Company, and not to employ or retain the services of an employee of the Company.

In the event Mr. Nalavadi is a "specified employee" as defined in Section 409A of the Code at the time of his termination of employment, the payments referenced above (for both change-of-control and other than upon change-of-control) shall be delayed until the date that is six months and one day following his termination of employment (or, if earlier, the earliest other date as is permitted under Section 409A of the Code). The amount payable on such date shall include all amounts that would have been payable to Mr. Nalavadi prior to that date but for the application of Section 409A and the remaining payments shall be made in substantially equal installments until fully paid. Notwithstanding the foregoing, the six month delay shall not apply to any such payments made (A) during the short term deferral period set forth in Treasury Regulation Section 1.409A-1(b)(4), or (B) after said short term deferral period, payable solely on account of an involuntary separation from service (as defined in Section 409A of the Code) and in an amount less than the Section 409A Severance Exemption Amount.

PROPOSAL 2. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Subject to approval by the stockholders, the Board of Directors has appointed J.H. Cohn LLP as the independent auditors to audit the financial statements of the Company for the fiscal year ending December 31, 2011. J.H. Cohn LLP has served as the Company's auditors since September 2008. A representative of J.H. Cohn LLP is expected to be present at the Meeting and will have the opportunity to make a statement if he desires to do so. A representative of J.H. Cohn LLP is also expected to be available to respond to appropriate questions at the meeting.

In the event that the stockholders fail to ratify this appointment, other independent auditors will be considered upon recommendation of the Audit Committee. Even if this appointment is ratified, our Board of Directors, in its discretion, may direct the appointment of a new independent accounting firm at any time during the year, if the Board believes that such a change would be in the best interest of the Company and its stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF J.H. COHN LLP AS INDEPENDENT AUDITORS.

PROPOSAL 3. ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") enables stockholders to vote to approve, on an advisory and non-binding basis, the compensation of the Company's Named Executive Officers. Accordingly, you may vote on the following resolution at the 2011 annual meeting:

"Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this Proxy Statement."

As described more fully in the Compensation Discussion and Analysis section of this Proxy Statement, the Company's executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive the Company's strategic direction and achieve annual and long-term performance goals necessary to create stockholder value.

Although this vote is non-binding, the Board of Directors and the Compensation Committee value the opinion of the stockholders and will consider the outcome of the vote when making future compensation decisions.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS, THE ACCOMPANYING COMPENSATION TABLES, AND THE RELATED NARRATIVE DISCLOSURE.

PROPOSAL 4. ADVISORY VOTE ON THE FREQUENCY OF HOLDING FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

The Dodd-Frank Act also enables the Company's stockholders to vote, on an advisory and non-binding basis, on how frequently they would like to cast an advisory vote on the compensation of the Company's Named Executive Officers. By voting on this proposal, stockholders may indicate whether the advisory vote on executive compensation should be held every one, two or three years.

The Board of Directors believes that a frequency of "every year" for the advisory vote on executive compensation is the optimal interval for conducting and responding to a vote on executive compensation. This enables stockholders to provide feedback concerning the Company's executive compensation philosophy, policies and practices for evaluation by the Compensation Committee of the Board of Directors on an annual basis, fostering dialogue between the Company and its stockholders.

The proxy card provides shareholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the recommendation of the Board of Directors.

Although this vote is non-binding, the Board of Directors and the Compensation Committee value the opinion of the stockholders and will consider the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE OPTION OF "EVERY YEAR" FOR FUTURE ADVISORY VOTES ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

PROPOSAL 5. APPROVAL OF THE INNODATA ISOGEN INC. 2009 STOCK PLAN, AS AMENDED AND RESTATED

On April 14, 2011 the Company's Board of Directors approved the adoption of the Innodata Isogen, Inc. 2009 Stock Plan, as amended and restated (the "Amended Plan"), subject to the approval of the Company's stockholders at the Annual Meeting. The Amended Plan will be effective as of June 7, 2011 if approved by the Company's stockholders. If the Amended Plan is not approved by the Company's stockholders, the Amended Plan will not go into effect. The Innodata Isogen, Inc. 2009 Stock Plan (the "2009 Plan") is the Company's sole plan for providing equity compensation to its employees and directors.

The primary purpose of the amendment and restatement is to add 1,000,000 shares to the total number of shares available for issuance under the 2009 Plan. As of March 31, 2011 1,270,118 shares were available for issuance under the 2009 Plan. If the Amended Plan is approved by the Company's stockholders, 2,270,118 shares will be available for awards made after March 31, 2011. The Amended Plan will only be applicable to awards granted on or after the Amended Plan is approved by the Company's stockholders. If the Amended Plan is not approved by the Company's stockholders, awards will continue to be made under the 2009 Plan.

Other principal amendments to the 2009 Plan include:

- Shares subject to awards after March 31, 2011, other than stock options and stock appreciation rights ("SARs"), reduce the shares available for awards by two shares for each share subject to the award; awards of stock options and SARs, continue to reduce the shares available for awards by one share for each share subject to the award.
- Shares subject to awards (or portions thereof) under the 2009 Plan or the Amended Plan that, after March 31, 2011, expire or terminate unexercised, become unexercisable, are forfeited, or are otherwise terminated, surrendered or cancelled without the delivery of shares will be added back to the shares available for awards under the Plan as two shares for each share other than stock options and SARs that expires or terminates unexercised, becomes unexercisable, is forfeited, or is otherwise terminated, surrendered or cancelled without the delivery of shares.
- Deletion of the limit of 1,000,000 shares that may be subject to restricted stock awards and stock unit awards.
- Clarification that the Amended Plan will be administered by the Compensation Committee unless otherwise designated by the Board.
- Awards to non-employee directors must be made by the Compensation Committee or by members of the Board who are not employees of the Company or a related company.
- Limitation on transfers of stock options and SARs to the spouse, children and grandchildren of participants, trusts for the benefit of the participant and such persons, partnerships and other legal entities in which the participant and such persons are the only equity holders, and for charitable donations, as well as the requirement that such transfers must be made without consideration.
- Change in the maximum number of shares subject to restricted stock awards and stock units that may have a time-based vesting period of less than three years to 113,505.
- Addition of a participant's retirement to death and disability and change in control of the Company as a permissible event for shortening the time-based vesting period for restricted stock awards and stock units.
- Dividends and other distributions on restricted stock and dividend equivalents on stock units must be subject to the same vesting restrictions as the restricted stock or stock units to which they relate; cash dividends and dividend equivalents will be reinvested or credited as additional shares of restricted stock or additional stock units.
- Addition of a provision permitting the Compensation Committee, in the event of a participant's retirement, death and disability and change in control of the Company, to pay a performance grant without regard to the attainment of performance goals.

The Board of Directors recommends that the stockholders approve the Amended Plan. The Board of Directors believes that stock based incentives align the interests of the Company's employees with those of stockholders in building shareholder value, offer employees incentives for the achievement of superior performance over time, and fosters the retention of employees.

Additional Information Concerning the Plan

A summary of the material terms of the Amended Plan is provided below, but is qualified in its entirety by reference to the full text of the Amended Plan that is included as Annex A to this Proxy Statement.

Shares Available. The number of shares of stock that may be delivered, purchased or used for reference purposes (with respect to SARs or Stock Units) with respect to awards granted under the Amended Plan after March 31, 2011 is 2,270,118 shares of Common Stock of Innodata Isogen ("Stock"), less one share for every one share that was subject to an option or SAR granted after March 31, 2011 and two shares for every one share that was subject to an award other than an option or SAR granted after March 31, 2011. If after March 31, 2011 (i) any shares subject to an award or portion of any award under the Company's 2001 and 2002 Stock Option Plans (collectively, the "Prior Plans") that expires or terminates unexercised, becomes unexercisable or is forfeited or is otherwise terminated, surrendered or canceled as to any shares without the delivery of shares of Stock or (ii) shares subject to any award or portion of an award under the 2009 Plan or the Amended Plan that expires or terminates unexercised, becomes unexercisable or is forfeited or is otherwise terminated, surrendered or canceled as to any shares without the delivery of shares of Stock, the applicable shares subject to such award under the Prior Plans or the 2009 Plan or the Amended Plan shall thereafter be available for further awards under the Plan as provided in the next sentence. Shares that become available for awards pursuant to the preceding sentence shall be added back as (i) one share for each such share subject to an option under the Prior Plans or an Option or SAR under the 2009 Plan or the Amended Plan, and (ii) as two shares for each such share subject to awards other than Options or Stock Appreciation Rights under the 2009 Plan or the Amended Plan. Some awards under the Amended Plan may link future payments to the awardee to the future value of a specified number of shares of common stock. The number of shares used for reference purposes in connection with these awards will be considered "delivered" for purposes of computing the maximum number of shares that may be delivered under the Amended Plan.

No further grants may be made under the 2009 Plan on or after the date on which the Amended Plan is approved by the stockholders of the Company.

Plan Limits. The maximum number of shares of Stock that may be subject to awards of any combination that may be granted during any fiscal year of the Company to any one individual is 1,000,000 shares, subject to adjustment for certain specified changes to the Company's capital structure. The maximum amount of cash that may be paid under the Amended Plan to any one individual during any one fiscal year of the Company is \$2,000,000.

Share Counting. Any shares of Stock tendered or exchanged by a participant as full or partial payment to the Company of the exercise price under an option and any shares retained or withheld in satisfaction of a participant's tax withholding obligations with respect to any award shall not be available for issuance, subjected to new awards or otherwise used to increase the number of shares of Stock available for awards under the Amended Plan. The cash proceeds from option exercises shall not be used to repurchase shares of Stock on the open market for reuse under the Amended Plan. SARs issued under the Amended Plan that may be settled in shares of Stock shall reduce the number of shares available for Awards under the Amended Plan by the number of shares of Stock equal to the number of such SARs that are issued. Awards under the Amended Plan that may only be settled in cash shall not reduce the number of shares available for awards under the Amended Plan.

Eligibility. All directors, officers and other employees and other persons who provide services to the Company or any Related Company (as defined in Section 2.21 of the Amended Plan) are eligible to participate in the Amended Plan.

Administration. The administrator of the Amended Plan will be the compensation committee of the Company's board of directors unless otherwise designated by the board. The compensation committee serving as administrator (the "Committee") will, among other things, have the authority to: construe the Amended Plan and any award under the Amended Plan; select the directors and officers and others who provide services to the Company to whom awards may be granted and the time or times at which awards will be granted; determine the number of shares of common stock to be covered by or used for reference purposes for any award; determine and modify from time to time the terms, conditions, and restrictions of any award; approve the form of written instrument evidencing any award; accelerate or otherwise change the time or times at which an award becomes vested or when an award may be

exercised or becomes payable; waive, or accelerate the lapse, in whole or in part, any restriction or condition with respect to any award; impose limitations on awards; modify, extend or renew outstanding awards, or accept the surrender of outstanding awards and substitute new awards (subject to the restrictions below); delegate, to the extent permitted by applicable law, any portion of its authority under the Amended Plan to any officer or director of the Company, subject to any conditions the Committee may establish; and make all other determinations deemed necessary or advisable for the administration of the Amended Plan.

Repricing Prohibited. Without prior shareholder approval, the administrator of the Amended Plan is expressly prohibited from (i) lowering the exercise price of any option or SAR after the date of grant; (ii) taking any other action that is treated as a repricing under generally accepted accounting principles; or (iii) cancelling an option or SAR at a time when its exercise price (or, with respect to an SAR, the fair market value of the Stock covered by the SAR on the grant date) exceeds the fair market value of the underlying Stock in exchange for any other award, unless the cancellation and exchange occurs in connection with a corporate transaction (as described in Section 10.1 of the Amended Plan).

The Committee has not yet made any awards under the Amended Plan. Because the granting of awards is in the sole discretion of the Committee, the nature and magnitude of future awards under the Amended Plan cannot currently be determined.

Types of Awards. The types of awards that may be made under the Amended Plan are stock options, stock appreciation rights, restricted stock awards, stock units and performance grants. The Committee will fix the terms of each award, including, to the extent relevant, the following: (1) exercise price for options, base price for stock appreciation rights, purchase price, if any, for restricted stock awards, and performance goals for performance grants, (2) vesting requirements and other conditions to exercise, (3) term and termination, (4) effect, if any, of change of control and (5) method of exercise and of any required payment by the recipient. Additional information concerning the types of awards that may be made is set forth below.

Stock Options. The Committee may grant options that are qualified as "incentive stock options" under Section 422 of the Internal Revenue Code ("ISOs") and options that are not so qualified ("non-qualified options"). ISOs are subject to certain special limitations, including the following: (1) the exercise price per share may not be less than 100% of the fair market value per share of our common stock on the grant date (110% of such fair market value, if the recipient owns more than 10% of the total combined voting power of all classes of our outstanding shares), (2) the term may not exceed 10 years (5 years, if the recipient owns more than 10% of the total combined voting power of all classes of our outstanding shares), and (3) the recipient must be an employee of our Company. The term for non-qualified options may not exceed 10 years.

Stock Appreciation Rights. A stock appreciation right gives the holder the opportunity to benefit from the appreciation of our common stock over a specified base price determined by the Committee. The base price may not be less than 100% of the fair market value of the Stock covered by the SAR on the date of grant. Upon exercise of a stock appreciation right, the holder has the right to receive in respect of each share subject thereto a payment equal to the excess, if any, of: (1) the fair market value of a share of our common stock as of the exercise date over (2) the specified base price. At the discretion of the Committee, any required payment may be made in cash, shares of our common stock, or both. The term of any SAR may not exceed 10 years.

Restricted Stock Awards. A restricted stock award entitles the recipient to acquire shares of our common stock for no consideration or for the consideration specified by the Committee. The shares will be subject to such vesting periods and other restrictions and conditions as the Committee determines.

Stock Units. A stock unit is a bookkeeping account to which there is credited the fair market value of a share of our common stock. The value of the account is subsequently adjusted to reflect changes in the fair market value. Upon exercise of a stock unit, the holder is entitled to receive the value of the account.

Performance Grants. A performance grant is an award based on the achievement of performance goals set forth with respect to certain performance criteria. For each performance grant the Committee will establish the amount of cash or shares of our common stock payable at specified levels of performance, based on the performance goals for each performance criterion. Any performance grant will be made not later than 90 days after the start of the performance period to which such award relates and will be made prior to the completion of 25% of the performance period. Except as set forth in the next sentence, the Committee may increase, but not decrease, the level of performance needed to achieve any performance goal during the performance period. The administrator may provide, in its discretion, for a performance grant to be payable without regard to the attainment of the performance goals established with respect to the award only in the event of a participant's retirement, death or disability, or the occurrence of a Change of Control (as defined in Section 2.5 of the Amended Plan).

Performance Criterion. Performance goals may be based on any one or more of the following performance criteria: cash flow; cash flow from operations; earnings (including, but not limited to, earnings before interest, taxes, depreciation and amortization); earnings per share, diluted or basic; earnings per share from continuing operations; net asset turnover; inventory turnover; capital expenditures; debt; debt reduction; working capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; productivity; delivery performance; safety record; stock price; return on equity; total stockholder return; return on capital; return on assets or net assets; revenue; income or net income; operating income or net operating income; operating profit or net operating profit; gross margin, operating margin or profit margin; and completion of acquisitions, business expansion, product diversification, new or expanded market penetration and other non-financial operating and management performance objectives.

Code Section 162(m). With respect to any restricted stock awards or stock units intended to qualify as "performance-based compensation" under Code Section 162(m), the terms and conditions of such award shall be implemented by the Committee in a manner designed to preserve such awards as "performance-based compensation."

Modifications. No modification (within the meaning of U.S. Treasury Regulations Section 1.409A-1(b)(5)(v)(B)) may be made with respect to any option or SAR if the modification would result in the Option or SAR constituting a deferral of compensation, and no extension (within the meaning of U.S. Treasury Regulations Section 1.409A-1(b)(5)(v)(C)) may be made with respect to any Option or SAR if the extension would result in the Option or SAR having an additional deferral feature from the date of grant, in each case without the participant's consent.

Certain Corporate Transactions. If certain corporate transactions specified in the Amended Plan occur, the Committee shall proportionately adjust the Amended Plan and awards as it deems necessary or appropriate to prevent enlargement or dilution of rights, including, without limitation, (1) the number of shares of stock that can be granted or used for reference purposes pursuant to the Amended Plan and any other limits under the Amended Plan; (2) the number and kind of shares or other securities subject to any then outstanding awards under the Amended Plan; and (3) the exercise price, base price, or purchase price applicable to outstanding awards under the Amended Plan. The Committee may cancel outstanding awards, but not outstanding stock or restricted stock awards, in connection with any merger or consolidation of our Company or any sale or transfer of all or part of our assets or business, or any similar event. The Committee may determine to pay no compensation whatsoever for any canceled awards that are not in-the-money (as defined below) or for any canceled awards to the extent not vested. The Company is required to provide payment in cash or other property for the in-the-money value of the vested portion of awards that are in-the-money and that are canceled as aforesaid. Awards are in-the-money only to the extent of their then realizable market value, without taking into account the potential future increase in the value of the award (whether under Black-Scholes-type formulas or otherwise).

Any adjustment of ISOs shall be made only to the extent not constituting a "modification" within the meaning of Code Section 424(h)(3). Further, with respect to Awards intended to qualify as "performance-based compensation" under Code Section 162(m), such adjustments shall be made only to the extent that the Administrator determines that such adjustments may be made without causing the Company to be denied a tax deduction on account of Code Section 162(m). No adjustments of NSOs and SARs shall be made, without the recipient's consent, to the extent such adjustment would result in the NSO or SAR constituting a deferral of compensation (within the meaning of U.S. Treasury Regulations Section 1.409A-1(b)(5)(v)(B) or(C)).

Amendment. The Board of Directors may amend, alter, suspend, discontinue, or terminate the Amended Plan or any portion thereof at any time; provided that no such amendment, alteration, suspension, discontinuation or termination shall be made without shareholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to the Amended Plan (including as necessary to prevent the Corporation from being denied a tax deduction on account of Code Section 162(m)); and provided further that any such amendment, alteration, suspension, discontinuance or termination that would impair the rights of any participant or any holder or beneficiary of any award theretofore granted shall not to that extent be effective without the consent of the affected participant, holder or beneficiary. Notwithstanding the foregoing, the Board may unilaterally amend the Amended Plan and outstanding Awards without participant consent as it deems necessary or appropriate to ensure compliance with applicable securities laws and provisions of the Code.

Term of Plan. No award may be granted under the Amended Plan after the close of business on the day immediately preceding the tenth anniversary of the effective date of the 2009 Plan. However, all awards made prior to such time will remain in effect in accordance with their terms.

Section 409A Compliance.

Separation from Service. With respect to any award that provides for a deferral of compensation for purposes of Code Section 409A and that is payable under its terms on a participant's termination of employment (including a participant's termination of employment on account of retirement, if applicable), (i) any references in the Amended Plan and in the participant's grant agreement to the participant's termination of employment or date of termination of employment shall refer to the participant's Separation from Service or date of Separation from Service, as the case may be; and (ii) notwithstanding any provision herein or in the participant's Grant Agreement to the contrary, if at the time of payment under such an award, the participant is a "specified employee" (as defined below), no such payment shall occur prior to the earlier of (A) the expiration of the six (6)-month period measured from the date of the participant's Separation from Service, or (B) the date of the participant's death. Upon the expiration of the six (6)-month deferral period referred to in the preceding sentence or the participant's death, all amounts that would otherwise have been paid during such period but for these provisions shall be paid and any amounts that remain to be paid under the award shall be paid in accordance with the terms hereof and of the grant agreement. The term "specified employee" shall have the same meaning as assigned to that term under Code Section 409A(a)(2)(B)(i) and whether a participant is a specified employee shall be determined in accordance with written guidelines adopted by the Company for such purposes (or, in the absence of such guidelines, in accordance with the default provisions of Code Section 409A).

Qualifying Change of Control. With respect to any award that provides for a deferral of compensation for purposes of Code Section 409A and that is payable under its terms upon a Change of Control, or under which the time or form of payment of the award varies depending on whether a Change of Control has occurred, any references herein and in the Participant's grant agreement to a Change of Control or date of the Change of Control shall refer to a Qualifying Change of Control or the date of a Qualifying Change of Control, as the case may be. A "Qualifying Change of Control" for this purpose is an event which meets all the requirements for a Change of Control and which, in addition, constitutes a change in ownership of the Affected Corporation (as defined in Section 2.2 of the Amended Plan), a change in effective control of the Affected Corporation, or a change in ownership of substantially all of the Affected Corporation's assets, each as defined in U.S. Treasury Regulations Section 1.409A-3(i)(5).

Summary of Federal Income Tax Consequences.

Generally, a participant in the Amended Plan will not incur any federal income tax when he receives an award, unless a participant who receives a restricted stock award makes a valid Section 83(b) election with respect to the award. If the participant makes a valid Section 83(b) election, the participant will recognize ordinary income equal to the fair market value of the restricted shares on the date of grant, and generally will not recognize any additional ordinary income at the time the restrictions with respect to the shares lapse.

Upon exercise of a nonstatutory stock option, a participant generally will recognize ordinary income equal to the difference between the fair market value of the stock acquired on the date of the exercise and the exercise price. A participant generally will not recognize any ordinary income upon exercise of an incentive stock option unless the participant is subject to the alternative minimum tax. If the participant holds the stock purchased upon exercise of an incentive stock option until the later of two years after the date of grant or one year after exercise, then any profit or loss realized on the later sale or exchange of the stock relative to the exercise price will be capital gain or loss. If the participant sells or exchanges the stock prior to expiration of the holding period, the participant generally will recognize ordinary income equal to the difference between the fair market value of the shares at the time of exercise (or, if less, the amount realized upon the sale or exchange) and the exercise price, and any additional profit will be capital gain. If the amount realized upon the sale or exchange of the shares is less than the exercise price paid, then the participant will generally be entitled to a capital loss.

Unless the participant has made a valid Section 83(b) election, upon vesting of restricted stock, a participant will generally recognize ordinary income equal to the fair market value of the shares, determined at the time of vesting. A participant will generally recognize ordinary income upon payment of stock appreciation rights, restricted stock units and performance grants equal to the cash received or the fair market value of the shares paid under the award determined at the time of payment.

If the participant is an employee then ordinary income recognized by the participant in connection with an award as described above is generally subject to applicable tax withholding by us. We generally are not required to withhold taxes in connection with the exercise or disposition of an incentive stock option.

Assuming that a participant's compensation is otherwise reasonable and that the statutory limitations on compensation deductions (including the limitations under Internal Revenue Code Sections 162(m) and 280G) do not apply, we usually will be entitled to a business expense deduction when and for the amount which a participant recognizes as ordinary income in connection with an incentive award, as described above. We generally do not receive a deduction in connection with the exercise of an incentive stock option unless there is a disqualifying disposition of the shares acquired under the option.

Internal Revenue Code Section 162(m) imposes a \$1,000,000 limit on the amount of the annual compensation deduction allowable to a publicly-held company with respect to its chief executive officer and up to four other most highly compensated officers whose compensation is required to be reported to shareholders under the Securities Exchange Act of 1934. An exception to this limit is provided for performance-based compensation if certain requirements are met. The Plan permits awards under the Plan to be granted in a manner that will qualify for this exception from the deduction limit.

The discussion above is subject to the general federal tax doctrines of constructive receipt and economic benefit and to the applicable provisions of Code section 409A. If at any time a participant is in constructive receipt or receives the economic benefit of an award, the participant may incur federal tax liabilities with respect to the award earlier than the times described above. In addition if at any time the Amended Plan, any award under the Amended Plan or any arrangement required to be aggregated with the Amended Plan or any award under the Plan fails to comply with the applicable requirements of Code section 409A, all amounts (including earnings) deferred under the Amended Plan or such award for the taxable year and all preceding taxable years by any participant with respect to whom the failure relates are includible in such participant's gross income for the taxable year to the extent not subject to a substantial risk of forfeiture and not previously included in the participant's gross income. These amounts are also subject to an additional income tax equal to 20 percent of the amount required to be included in gross income and interest equal to the underpayment rate specified by the Internal Revenue Service plus one percentage point, imposed on the underpayments that would have occurred had the compensation been includible in income for the taxable year when first deferred, or if later, when not subject to a substantial risk of forfeiture.

INNODATA ISOGEN, INC. 2009 STOCK PLAN

(As Amended and Restated Effective as of June 7, 2011)

ARTICLE I

General

1.1. Purpose. The purpose of the Innodata Isogen, Inc. 2009 Stock Plan, as amended and restated effective as of June 7, 2011 (the “Plan”), is to provide additional incentive to officers, directors, employees and others who render services to Innodata Isogen, Inc. (the “Corporation”) and any Related Company. It is intended that Awards granted under the Plan strengthen the desire of such persons to join and remain in the employ of the Corporation, or otherwise render services to the Corporation, and stimulate their efforts on behalf of the Corporation.

1.2. Term. No Award shall be granted under the Plan after the close of business on the day immediately preceding the 10-year anniversary of the Effective Date of the Plan. Subject to other applicable provisions of the Plan, all Awards made under the Plan prior to such termination of the Plan shall remain in effect until such Awards have been satisfied or terminated in accordance with the Plan and the terms of such Awards.

1.3. Shares Subject to the Plan. Subject to adjustments as provided in Article X, the number of shares of Stock that may be delivered, purchased or used for reference purposes (with respect to SARs or Stock Units) with respect to Awards granted under the Plan after March 31, 2011 shall be two million two hundred seventy thousand one hundred eighteen (2,270,118) shares of Common Stock of Innodata Isogen (“Stock”), less one (1) share for every one (1) share that was subject to an Option or SAR granted after March 31, 2011 and two (2) shares for every one (1) share that was subject to an Award other than an Option or SAR granted after March 31, 2011. If after March 31, 2011 (i) any shares subject to an award or portion of any award under the 2001 and 2002 Stock Option Plans (collectively, the “Prior Plans”) that expires or terminates unexercised, becomes unexercisable or is forfeited or is otherwise terminated, surrendered or canceled as to any shares without the delivery of shares of Stock or (ii) shares subject to any Award or portion of an Award under the Plan that expires or terminates unexercised, becomes unexercisable or is forfeited or is otherwise terminated, surrendered or canceled as to any shares without the delivery of shares of Stock, the applicable shares subject to such award under the Prior Plans or the Award shall thereafter be available for further Awards under the Plan as provided in the next sentence. Shares that become available for Awards pursuant to the preceding sentence shall be added back as (i) one (1) share for each such share subject to an option under the Prior Plans or an Option or SAR under the Plan, and (ii) as two (2) shares for each such share subject to awards other than Options or Stock Appreciation Rights under the Plan.

1.4 Share Counting. Any shares of Stock tendered or exchanged by a Participant as full or partial payment to the Corporation of the exercise price under an Option (or an option under the Prior Plan) and any shares retained or withheld in satisfaction of a Participant’s tax withholding obligations with respect to any Award (or an award under the Prior Plans) shall not be available for issuance, subjected to new Awards or otherwise used to increase the number of shares of Stock available for Awards under the Plan. The cash proceeds from Option exercises (or exercises of options under the Prior Plans) shall not be used to repurchase shares of Stock on the open market for reuse under the Plan. SARs issued under the Plan that may be settled in shares of Stock shall reduce the number of shares available for Awards under the Plan by the number of shares of Stock equal to the number of such SARs that are issued. Awards under the Plan (or under the Prior Plans) that may only be settled in cash shall not reduce the number of shares available for Awards under the Plan.

1.5. Plan Limits. All of the shares of Stock that may be issued under this Plan may be issued upon the exercise of Options that qualify as ISOs. Subject to adjustments as provided in Article X, the maximum number of shares of Stock subject to Awards of any combination that may be granted during any one (1) fiscal year of the Corporation to any one (1) individual shall be limited to one million (1,000,000) shares; provided that such number shall be adjusted pursuant to Article X, and shares otherwise counted against such number, only in a manner which will not cause Awards granted under the Plan to fail to qualify as "performance-based compensation" under Code Section 162(m). The maximum amount of cash that may be paid under the Plan to any one (1) individual during any one (1) fiscal year of the Corporation shall be limited to two million dollars (\$2,000,000).

ARTICLE II

Definitions

For purposes of the Plan, the following terms shall be defined as set forth below.

2.1. Administrator means, unless otherwise designated by the Board, the Compensation Committee, provided that, if any member of the body constituting the Administrator at any given time does not qualify as (i) an outside director for purposes of Code Section 162(m), (ii) a non-employee director for purposes of Rule 16b-3 under the Exchange Act, and (iii) an independent director for purposes of the rules of the exchange on which the Stock is traded, the remaining members of the body constituting the Administrator (but not less than two members) shall be constituted as a subcommittee to act as the Administrator for purposes of the Plan.

2.2. Affected Corporation means the corporation (either the Corporation or a Related Company) that employs the Participant or for which the Participant performs services at the time of a change of control event (the "Employer Corporation"), and any other corporation in a chain of corporations in which each corporation owns more than 50 percent of the total fair market value and total voting power of another corporation in the chain, ending with the Employer Corporation.

2.3. Award means any Options (including ISOs and NSOs), SARs (including free-standing and tandem SARs), Restricted Stock Awards, Stock Units, Performance Grants, or any combination of the foregoing granted pursuant to the Plan, except, however, when the term is being used under the Plan with respect to a particular category of grant in which case it shall only refer to that particular category of grant.

2.4. Board means the Board of Directors of the Corporation.

2.5. Change of Control means any of the following events:

(i) The Corporation merges, consolidates, exchanges shares or engages in a similar transaction with any other entities other than a transaction which results in the Corporation's voting stock immediately prior to the consummation of such transaction continuing to represent (either by remaining outstanding or by being converted into voting stock of the surviving entity) at least fifty percent (50%) of the combined voting power of the Corporation's or such surviving entity's outstanding voting stock immediately after such transaction; or

(ii) The liquidation or dissolution of the Corporation or the sale or disposition by the Corporation (in one (1) transaction or a series of transactions) of all or substantially all of the Corporation's assets; or

(iii) The acquisition by any person (other than the Corporation, any Related Company or any employee benefit plan of the Corporation or of any Related Company) (a "Person"), together with all "affiliates" and "associates" (within the meanings of such terms under Rule 12b-2 of the Exchange Act) of such Person, of more than fifty percent (50%) of

the Corporation's then outstanding voting stock.

2.6 Code means the Internal Revenue Code of 1986, as amended.

2.7. Exchange Act means the Securities Exchange Act of 1934, as amended.

2.8. ARTICLE III

Administration

- 3.1. General. The Plan shall be administered by the Administrator. The Administrator’s determinations under the Plan (including without limitation determinations of the persons to receive Awards, the form, amount and timing of such Awards, the terms and provisions of such Awards and the agreements evidencing same) need not be uniform and may be made by the Administrator selectively among persons who receive, or are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated.

A-4

3.2. Duties. The Administrator shall have full power and authority to administer and interpret the Plan and to adopt such rules, regulations, agreements, guidelines and instruments for the administration of the Plan and for the conduct of its business as the Administrator deems necessary or advisable, all within the Administrator's sole and absolute discretion. The Administrator shall have full power and authority to take all other actions necessary to carry out the purpose and intent of the Plan, including, but not limited to, the authority to:

- (i) Construe the Plan and any Award under the Plan;
- (ii) Subject to Section 4.1, select the persons to whom Awards may be granted and the time or times at which Awards shall be granted;
- (iii) Determine the number of shares of Stock to be covered by or used for reference purposes for any Award;
- (iv) Determine and modify from time to time the terms and conditions, including restrictions, of any Award (including provisions that would allow for cashless exercise of Awards) and to approve the form of written instrument evidencing Awards;
- (v) Accelerate the time or times at which an Award becomes vested or when an Award may be exercised or becomes payable and to waive or accelerate the lapse, in whole or in part, of any restriction or condition with respect to such Award, including, but not limited to, any restriction or condition with respect to the vesting or exercisability of an Award following a Participant's termination of employment or death;
- (vi) Impose limitations on Awards, including limitations on transfer and repurchase provisions;
- (vii) Modify, extend or renew outstanding Awards, or accept the surrender of outstanding Awards and substitute new Awards, provided that, without prior shareholder approval, the Administrator is expressly prohibited from repricing an Option or SAR if the exercise price of the new Option or SAR would be less than the exercise price of the Option or SAR under the existing Award surrendered for cancellation;
- (viii) Delegate, to the extent permitted by applicable law, any portion of its authority under the Plan to any officer or officers of the Corporation, including without limitation the ability to grant Awards under the Plan, subject to any conditions that the Committee may establish (including but not limited to conditions on such officer's or officers' ability to grant Awards to "executive officers" within the meaning of Section 16 of the Exchange Act or to "covered employees" within the meaning of Code Section 162(m)(3)); and
- (ix) Make all other determinations deemed necessary or advisable for the administration of the Plan, including without limitation whether a Participant has experienced a Disability for purposes of any Award.

3.3 Repricing Prohibited. Without prior shareholder approval, the Administrator is expressly prohibited from (i) lowering the exercise price of any Option or SAR after the Date of Grant; (ii) taking any other action that is treated as a repricing under generally accepted accounting principles; or (iii) cancelling an Option or SAR at a time when its exercise price (or, with respect to an SAR, the Fair Market Value of the Stock covered by the SAR on the Grant Date) exceeds the Fair Market Value of the underlying Stock in exchange for any other Award or cash, unless the cancellation and exchange occurs in connection with a Corporate Transaction (as described in Article X below). Adjusting the number of shares or exercise price with respect to an Award as provided in Section 10.1.1 due to a stock split, stock dividend, extraordinary cash dividend, or other similar change in capitalization shall not be deemed a repricing for purposes of the Plan.

3.4 Non-Employee Director Awards. All determinations with respect to Awards made to non-employee directors of the Corporation, including without limitation the determination of whether or not to make the Award and all terms and conditions thereof, shall be made either by the Administrator or, to the extent reserved by the Board, by those members of the Board who are not employees of the Company or any of its Related Companies.

A-5

ARTICLE IV

Eligibility and Participation

4.1. Eligibility. The persons eligible to participate in the Plan are officers, directors, and employees of the Corporation or its Related Companies and other natural persons who render bona fide services to the Corporation or its Related Companies.

ARTICLE V

Stock Options

5.1. General. Subject to the other applicable provisions of the Plan, the Administrator may from time to time grant to eligible Participants Awards of ISOs or NSOs. The ISO or NSO Awards granted shall be subject to the following terms and conditions.

5.2. Grant of Option. The grant of an Option shall be evidenced by a Grant Agreement, executed by the Corporation and the Participant, describing the number of shares of Stock subject to the Option, whether the Option is an ISO or NSO, the Exercise Price of the Option, the vesting period for the Option and such other terms and conditions that the Administrator deems, in its sole discretion, to be appropriate, provided that such terms and conditions are not inconsistent with the Plan. Reload options are expressly prohibited.

5.3. Exercise Price. The price per share payable upon the exercise of each Option (the "Exercise Price") shall be determined by the Administrator and set forth in the Grant Agreement; provided, however, that the Exercise Price of each Option shall not be less than one hundred percent (100%) of the Fair Market Value of the shares on the Grant Date. Notwithstanding the immediately preceding sentence, the Exercise Price of any ISO granted to a Participant who owns, within the meaning of Code Section 422(b)(6), after application of the attribution rules in Code Section 424(d), more than ten percent (10%) of the total combined voting power of all classes of shares of the Corporation or any Related Company shall not be less than 110% of the Fair Market Value of the Stock on the Grant Date.

5.4 Payment for Shares of Stock upon Exercise of Option. Options may be exercised in whole or in part by payment of the Exercise Price of the shares to be acquired. The full payment of the Exercise Price shall be made:

- (i) In cash; or
- (ii) With the consent of the Administrator and to the extent permitted by it:
 - (A) With Stock of the Corporation valued at Fair Market Value on date of exercise;
 - (B) To the extent permitted by law, with a full recourse interest bearing promissory note of the Participant secured by a pledge of the shares of Stock received upon exercise of such Options, and having such other terms and conditions as determined by the Administrator;
 - (C) By delivering a properly executed exercise notice together with irrevocable instructions to a broker to sell shares acquired upon exercise of the Option and promptly deliver to the Corporation a portion of the proceeds thereof equal to the Exercise Price; or
 - (D) Any combination of any of the foregoing.

5.5. Terms of Options. The term during which each Option may be exercised shall be determined by the Administrator; provided, however, that in no event shall any Option be exercisable more than ten years from the date it is granted.

5.6. Restrictions on ISOs. ISO Awards granted under the Plan shall comply in all respects with Code Section 422 and, as such, shall meet the following additional requirements:

5.6.1. Grant Date. An ISO must be granted within ten (10) years of the earlier of the Plan's adoption by the Board of Directors or approval by the Corporation's shareholders but will be an NSO and not an ISO if the Plan is not approved by shareholders within twelve months from the grant of the option.

A-6

5.6.2. Term. The term of an ISO shall not exceed ten (10) years. Notwithstanding the immediately preceding sentence, the term of any ISO granted to a Participant who owns, within the meaning of Code Section 422(b)(6), after application of the attribution rules in Code Section 424(d), more than ten percent (10%) of the total combined voting power of all classes of shares of the Corporation or Related Company shall not exceed five (5) years.

5.6.3. Maximum Grant. The aggregate Fair Market Value (determined as of the Grant Date) of shares of Stock with respect to which all ISOs first become exercisable by any Participant in any calendar year under this or any other plan of the Corporation and any Related Company may not exceed one hundred thousand dollars (\$100,000) or such other amount as may be permitted from time to time under Code Section 422. To the extent that such aggregate Fair Market Value shall exceed one hundred thousand dollars (\$100,000), or other applicable amount, such Options shall be treated as NSOs. In such case, the Corporation may designate the shares of Stock that are to be treated as stock acquired pursuant to the exercise of an ISO by issuing a separate certificate for such shares and identifying the certificate as ISO shares in the stock transfer records of the Corporation.

5.6.4. Participant. ISOs shall only be issued to employees of the Corporation or any Related Company.

5.6.5. Tandem Options Prohibited. An ISO may not be granted in tandem with a NSO in such a manner that the exercise of one affects a Participant's right to exercise the other.

5.6.6. Designation. No option shall be an ISO unless so designated by the Administrator at the time of grant or in the Grant Agreement evidencing such Option.

5.6.7. Period of Exercise. Any Option which is an ISO shall in all events lapse unless exercised by the Participant:

(i) Prior to the eighty-ninth (89th) day after the date on which employment terminated, if termination was other than by reason of death or Disability; and

(ii) Within a twelve (12)-month period next succeeding the death of the Participant if termination is by reason of death or Disability.

5.7. Exercisability. Options shall be exercisable as provided in the Grant Agreement.

5.8. Transferability. ISOs shall be non-transferable except by will or by the laws of descent and distribution and shall be exercisable during the Participant's lifetime solely by the Participant. Except as provided in the next sentence, NSOs shall not be assignable or transferable by the Participant, except by will, or by the laws of descent and distribution. To the extent provided in the Grant Agreement, NQOs may be transferred without consideration (i) to the Participant's spouse, children or grandchildren (including any adopted and step children or grandchildren), parents, grandparents or siblings, (ii) to a trust for the benefit of one or more of the Participant or the persons referred to in clause (i), (iii) to a partnership, limited liability company or corporation in which the Participant or the persons referred to in clause (i) are the only partners, members or shareholders or (iv) for charitable donations.

5.9. Modifications. No modification (within the meaning of U.S. Treasury Regulations Section 1.409A-1(b)(5)(v)(B)) shall be made with respect to any Option if the modification would result in the Option constituting a deferral of compensation, and no extension (within the meaning of U.S. Treasury Regulations Section 1.409A-1(b)(5)(v)(C)) shall be made with respect to any Option if the extension would result in the Option having an additional deferral feature from the Grant Date, in each case without the Participant's consent.

ARTICLE VI

Stock Appreciation Rights

6.1. Award of SARs. Subject to the other applicable provisions of the Plan, the Administrator may at any time and from time to time grant SARs to eligible Participants, either on a free-standing basis (without regard to or in addition to the grant of an Option) or on a tandem basis (related to the grant of an underlying Option). The term of any SAR shall not exceed ten (10) years from Grant Date.

A-7

6.2. Restrictions on Tandem SARs. Options may not be surrendered in connection with the exercise of a tandem SAR unless the Fair Market Value of the Stock subject to the Option is not less than the Exercise Price for such Option. SARs granted in tandem with Options shall be exercisable only to the same extent and subject to the same conditions as the related Options are exercisable. The Administrator may, in its discretion, prescribe additional conditions to the exercise of any such tandem SAR. A tandem SAR must have the same Grant Date as the Option to which the tandem SAR relates.

6.3 Base Price. The base price per share of each SAR (the “Base Price”) shall be determined by the Administrator and set forth in the Grant Agreement. The Base Price shall not be less than 100% of the Fair Market Value of the Stock covered by the SAR on the Grant Date.

6.3. Amount of Payment Upon Exercise of SARs. A SAR shall entitle the Participant to receive, subject to the provisions of the Plan and the Grant Agreement, a payment having an aggregate value equal to the product of (i) the excess of (A) the Fair Market Value on the exercise date of one (1) share of Stock over (B) the Base Price per share specified in the Grant Agreement, times (ii) the number of shares specified by the SAR, or portion thereof, which is exercised. In the case of exercise of a tandem SAR, such payment shall be made in exchange for the surrender of the unexercised related Option (or any portions thereof which the Participant from time to time determines to surrender for this purpose).

6.4. Form of Payment Upon Exercise of SARs. Payment by the Corporation of the amount receivable upon any exercise of a SAR may be made by the delivery of Stock or cash, or any combination of Stock and cash, as provided in the Grant Agreement, or the Administrator may reserve the right in the Grant Agreement to determine the method of payment in its sole discretion at the time of exercise.

6.5. Transferability. Except as provided in the next sentence, SARs shall not be assignable or transferable and shall be exercisable during the Participant’s lifetime solely by the Participant. To the extent provided in the Grant Agreement, SARs may be transferred without consideration (i) to the Participant’s spouse, children or grandchildren (including any adopted and step children or grandchildren), parents, grandparents or siblings, (ii) to a trust for the benefit of one or more of the Participant or the persons referred to in clause (i), (iii) to a partnership, limited liability company or corporation in which the Participant or the persons referred to in clause (i) are the only partners, members or shareholders or (iv) for charitable donations.

6.6 Modifications. No modification (within the meaning of U.S. Treasury Regulations Section 1.409A-1(b)(5)(v)(B)) shall be made with respect to any SAR if the modification would result in the SAR constituting a deferral of compensation, and no extension (within the meaning of U.S. Treasury Regulations Section 1.409A-1(b)(5)(v)(C)) shall be made with respect to any SAR if the extension would result in the SAR having an additional deferral feature from the Grant Date, in each case without the Participant’s consent.

ARTICLE VII

Restricted Stock and Stock Units

7.1. Grants. Subject to the other applicable provisions of the Plan, the Administrator may grant Restricted Stock or Stock Units to Participants in such amounts and for such consideration as may be required by law, as it determines. Such Awards shall be made pursuant to a Grant Agreement.

7.2. Terms and Conditions. A Restricted Stock Award entitles the recipient to acquire shares of Stock and a Stock Unit Award entitles the recipient to be paid the Fair Market Value of the Stock on the settlement date. Stock Units may be settled in Stock, cash or a combination thereof, as determined by the Administrator. Restricted Stock Awards

and Stock Unit Awards are subject to vesting periods and other restrictions and conditions as the Administrator may include in the Grant Agreement.

A-8

7.3. Restricted Stock.

7.3.1. The Grant Agreement for each Restricted Stock Award shall specify the applicable restrictions on such shares of Stock, the duration of such restrictions, and the times and/or Performance Goals upon which such restrictions shall lapse with respect to all or a specified number of shares of Stock that are part of the Award. Restrictions conditioned on employment and the passage of time shall not fully expire less than three years from the Grant Date of the Restricted Stock Award except that up to one hundred thirteen thousand five hundred and five (113,505) shares of Stock may be granted with a restriction of no less than one (1) year. Restrictions conditioned on the achievement of Performance Goals or other performance conditions shall not expire less than one (1) year from the Grant Date. Notwithstanding the foregoing, the Administrator may reduce or shorten the duration of any restriction applicable to any shares of Stock awarded to any Participant under the Plan, upon the Participant's retirement, death or Disability or the occurrence of a Change of Control.

7.3.2. Share certificates with respect to restricted shares of Stock may be issued at the time of grant of the Restricted Stock Award, subject to forfeiture if the restrictions do not lapse, or upon lapse of the restrictions. If share certificates are issued at the time of grant of the Restricted Stock Award, the certificates shall bear an appropriate legend with respect to the restrictions applicable to such Restricted Stock Award (as described in Section 13.1) or, alternatively, the Participant may be required to deposit the certificates with the Corporation during the period of any restriction thereon and to execute a blank stock power or other instrument of transfer. Shares of restricted Stock may also be issued in book entry or uncertificated form with appropriate instructions to the Corporation's transfer agent.

7.3.3. Upon the acceptance by a Participant of a Restricted Stock Award, the Participant shall, subject to the restrictions set forth in the Grant Agreement, have all the rights of a shareholder with respect to the shares of Stock, including, but not limited to, the right to vote the shares of Stock and the right to receive all dividends and other distributions paid thereon. Unless otherwise provided in the Grant Agreement with respect to Restricted Stock that vest only based on employment and the passage of time, dividends or other distributions payable to the Participant with respect to his or her Restricted Stock Award (i) in shares of Stock shall be subject to the same restrictions as apply to the underlying Restricted Stock, and (ii) in cash shall automatically be reinvested in additional shares of Restricted Stock (based on the Fair Market Value of the Stock on the date on which the cash dividend is paid), subject to the same restrictions as apply to the underlying Restricted Stock..

7.4. Stock Units.

7.4.1. The grant of Stock Units shall be evidenced by a Grant Agreement that states the number of Stock Units evidenced thereby and the terms and conditions of such Stock Units, including, but not limited to, any Performance Goals, if any, that must be satisfied before a Participant earns such Stock Units. Any such grant shall either comply with the requirements of Code Section 409A or the exemptions to Code Section 409A.

7.4.2. Stock Units shall be settled at such times and upon such conditions as are described in the Grant Agreement. The Grant Agreement for each Award of Stock Units shall specify the applicable vesting conditions with respect to such Stock Units, which may include vesting based on continued employment and the passage of time and/or Performance Goals or other performance measures. Vesting conditions based on employment and the passage of time shall not fully expire less than three (3) years from the Grant Date of the Stock Unit Award except that up to one hundred thirteen thousand five hundred and five (113,505) Stock Units may be granted with a vesting period of no less than one (1) year. Vesting conditions based on the achievement of Performance Goals or other performance conditions shall not end less than one (1) year from the Grant Date. Notwithstanding the foregoing, the Administrator may reduce or shorten the vesting period applicable to any Stock Units awarded to any Participant under the Plan upon the Participant's retirement, death or Disability or the occurrence of a Change of Control.

7.4.3. A Participant who receives Stock Units payable in shares of Stock shall have no rights as a shareholder until the Stock is issued pursuant to the terms of the Grant Agreement and all requirements with respect to the issuance of such shares have been satisfied. The Administrator may, in its discretion, provide in the Grant Agreement that a Participant shall be entitled to receive dividend equivalents on outstanding Stock Units. Unless otherwise provided in the Grant Agreement with respect to Stock Units that vest only based on employment and the passage of time, dividend equivalents shall be credited to the Participant as additional Stock Units, subject to the same vesting conditions as the underlying Stock Units with respect to which the dividend equivalents have been credited. In the case of a cash dividend, the number of additional Stock Units shall be determined by dividing the amount of the dividend equivalent by the Fair Market Value of a share of Stock on the date the dividend is paid.

A-9

7.5. Transferability. Unvested Restricted Stock Awards or Stock Units may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided in the Grant Agreement.

7.6. Code Section 162(m). With respect to any Restricted Stock Awards or Stock Units intended to qualify as “performance-based compensation” under Code Section 162(m), the terms and conditions of such Award shall be designed and implemented by the Administrator in accordance with the provisions of Article VIII.

Article VIII

Performance Grants

8.1. Grant. Subject to the other applicable provisions of the Plan, the Administrator may at any time and from time to time grant Performance Grants to eligible Participants. The terms of the Performance Grant may be set forth in a Grant Agreement or an annual or long-term bonus plan or other similar document and shall contain the Performance Goals for the Award, the target and maximum amounts payable and any other terms and conditions as are applicable to the Award. Each Performance Grant shall be granted and administered to comply with the requirements of Code Section 162(m).

8.2. Performance Goals. The Administrator shall establish the Performance Goals for Performance Grants. The Administrator shall determine the extent to which any Performance Criteria shall be used and weighted in determining Performance Grants. The Administrator may vary the Performance Criteria, Performance Goals, and weightings from Participant to Participant, Performance Grant to Performance Grant and performance year to performance year. The Administrator may increase, but not decrease, the level of performance needed to achieve any Performance Goal during a performance period.

8.3. Terms and Conditions. The Administrator shall establish for each Performance Grant the amount of cash or Stock payable at specified levels of performance, based on the Performance Goals for each Performance Criterion. Any Performance Grant shall be made not later than 90 days after the start of the performance period to which such Award relates and shall be made prior to the completion of 25% of the period. All determinations regarding the achievement of any Performance Goals will be made by the Administrator. The Administrator may not increase during an applicable performance period the amount of cash or Stock that would otherwise be payable upon achievement of the Performance Goal or Goals but may reduce or eliminate the payments as provided in the Performance Grant. The Administrator may provide, in its discretion, for a Performance Grant to be payable without regard to the attainment of the Performance Goals established with respect to the Award only in the event of a Participant’s retirement, death or Disability, or the occurrence of a Change of Control.

8.4. Payment. The actual payments to a Participant under a Performance Grant will be calculated by applying the achievement of a Performance Criterion to the Performance Goal as established in the Performance Grant. All calculations of actual payments shall be made by the Administrator and the Administrator shall certify in writing the extent, if any, to which the Performance Goals have been met. Performance Grants will be paid in cash, Stock or both, at the time or times as are provided in the Performance Grant. A Participant who receives a Performance Grant payable in Stock shall have no rights as a shareholder until the Stock is issued pursuant to the terms of the Performance Grant.

8.5. Transferability. A Participant’s interest in a Performance Grant may not be sold, assigned, transferred, pledged, hypothecated, or otherwise encumbered.

ARTICLE IX

Tax Withholding

9.1. General. Subject to subparagraph 9.2., as a condition to taking any action otherwise required under the Plan or any Grant Agreement, the Corporation shall have the right to require assurance that the Participant will remit to the Corporation when required an amount sufficient to satisfy federal, state and local tax withholding requirements. The Administrator may permit such withholding obligations to be satisfied through cash payment by the Participant, through the surrender of shares of Stock which the Participant already owns or through the surrender of shares of Stock to which the Participant is otherwise entitled under the Plan or through any other method determined by the Administrator.

A-10

9.2. ISO. If a Participant makes a disposition of shares of Stock acquired upon the exercise of an ISO within either two (2) years after the Option was granted or one (1) year after its exercise by the Participant, the Participant shall promptly notify the Corporation or respond to an inquiry by the Corporation concerning a disposition.

ARTICLE X

Corporate Transactions

10.1. Adjustments Due to Special Circumstances.

10.1.1. In the event of any change in the capital structure or business of the Corporation by reason of any stock dividend or extraordinary dividend, stock split or reverse stock split, recapitalization, reorganization, merger, consolidation, split-up, combination or exchange of shares, non-cash distributions with respect to its outstanding Stock, reclassification of the Corporation's capital stock, any sale or transfer of all or part of the Corporation's assets or business, or any similar change affecting the Corporation's capital structure or business or the capital structure of any business of any subsidiary, as determined by the Administrator, the Administrator shall proportionately adjust the Plan and Awards as it deems necessary or appropriate to prevent enlargement or dilution of rights, including, without limitation, in: (i) the number of shares of Stock that can be granted or used for reference purposes pursuant to the Plan and any other limits under the Plan; (ii) the number and kind of shares or other securities subject to any then outstanding Awards under the Plan; and (iii) the exercise price, base price, or purchase price applicable to outstanding Awards under the Plan. The adjustment by the Administrator shall be final, binding and conclusive.

10.1.2. The Administrator may cancel outstanding Awards, but not outstanding Stock or Restricted Stock Awards, in connection with any merger, consolidation of the Corporation, or any sale or transfer of all or part of the Corporation's assets or business, or any similar event. The Administrator may determine to pay no compensation whatsoever for any canceled Awards that are not in-the-money (as hereinafter defined) or for any canceled Awards to the extent not vested. The Corporation shall provide payment in cash or other property for the in-the-money value of the vested portion of Awards that are in-the-money and that are canceled as aforesaid. Awards are "in-the-money" only to the extent of their then realizable market value, without taking into account the potential future increase in the value of the Award (whether under Black-Scholes-type formulas or otherwise). The opinion by the Administrator of the in-the-money value of any Award shall be final, binding and conclusive.

10.1.3. Any adjustment of ISOs under this Section 10.1 shall be made only to the extent not constituting a "modification" within the meaning of Code Section 424(h)(3). Further, with respect to Awards intended to qualify as "performance-based compensation" under Code Section 162(m), such adjustments shall be made only to the extent that the Administrator determines that such adjustments may be made without causing the Corporation to be denied a tax deduction on account of Code Section 162(m). Any adjustment of NSOs and SARs shall be subject to Sections 5.9 and 6.6 above.

10.2. Substitution of Options. In the event that, by reason of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Board shall authorize the issuance or assumption of a stock option or stock options in a transaction to which Code Section 424(a) applies, then, notwithstanding any other provision of the Plan, the Administrator may grant options upon such terms and conditions as it may deem appropriate for the purpose of assumption of the old option, or substitution of a new option for the old option, in conformity with the provisions of Code Section 424(a) and the rules and regulations thereunder, as they may be amended from time to time.

ARTICLE XI

Amendment and Termination

11.1 Amendment and Termination. The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; provided that no such amendment, alteration, suspension, discontinuation or termination shall be made without shareholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to the Plan (including as necessary to prevent the Corporation from being denied a tax deduction on account of Code Section 162(m)); and provided further that any such amendment, alteration, suspension, discontinuance or termination that would impair the rights of any Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary. Notwithstanding the foregoing, the Board may unilaterally amend the Plan and outstanding Awards without Participant consent pursuant to Article X or as it deems necessary or appropriate to ensure compliance with applicable securities laws and provisions of the Code.

ARTICLE XII

Section 409A Compliance

12.1 Separation from Service. With respect to any Award that provides for a deferral of compensation for purposes of Code Section 409A and that is payable under its terms on a Participant's termination of employment (including a Participant's termination of employment on account of retirement, if applicable), (i) any references herein and in the Participant's Grant Agreement to the Participant's termination of employment or date of termination of employment shall refer to the Participant's Separation from Service or date of Separation from Service, as the case may be; and (ii) notwithstanding any provision herein or in the Participant's Grant Agreement to the contrary, if at the time of payment under such an Award, the Participant is a "specified employee" (as defined below), no such payment shall occur prior to the earlier of (A) the expiration of the six (6)-month period measured from the date of the Participant's Separation from Service, or (B) the date of the Participant's death. Upon the expiration of the six (6)-month deferral period referred to in the preceding sentence or the Participant's death, all amounts that would otherwise have been paid during such period but for this Section 12.1 shall be paid and any amounts that remain to be paid under the Award shall be paid in accordance with the terms hereof and of the Grant Agreement. The term "specified employee" shall have the same meaning as assigned to that term under Code Section 409A(a)(2)(B)(i) and whether a Participant is a specified employee shall be determined in accordance with written guidelines adopted by the Corporation for such purposes (or, in the absence of such guidelines, in accordance with the default provisions of Code Section 409A).

12.2 Qualifying Change of Control. With respect to any Award that provides for a deferral of compensation for purposes of Code Section 409A and that is payable under its terms upon a Change of Control, or under which the time or form of payment of the Award varies depending on whether a Change of Control has occurred, any references herein and in the Participant's Grant Agreement to a Change of Control or date of the Change of Control shall refer to a Qualifying Change of Control or the date of a Qualifying Change of Control, as the case may be. A "Qualifying Change of Control" for this purpose is an event which meets all the requirements for a Change of Control and which, in addition, constitutes a change in ownership of the Affected Corporation, a change in effective control of the Affected Corporation, or a change in ownership of substantially all of the Affected Corporation's assets, each as defined in U.S. Treasury Regulations Section 1.409A-3(i)(5).

ARTICLE XIII

Miscellaneous

13.1. Restrictive Legends. The Corporation may at any time place legends referencing any restrictions described in the Grant Agreement and any applicable federal or state securities law restrictions on all certificates representing shares of Stock underlying an Award.

A-12

13.2. Compliance with Governmental Regulations. Notwithstanding any provision of the Plan or the terms of any Grant Agreement entered into pursuant to the Plan, the Corporation shall not be required to issue any shares hereunder prior to registration of the shares subject to the Plan under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, if such registration shall be necessary, or before compliance by the Corporation or any Participant with any other provisions of either of those acts or of regulations or rulings of the Securities and Exchange Commission thereunder, or before compliance with other federal and state laws and regulations and rulings thereunder, including the rules of any applicable securities exchange or quotation system.

13.3. No Guarantee of Employment. Participation in this Plan shall not be construed to confer upon any Participant the legal right to be retained in the employ of the Corporation or give any person any right to any payment whatsoever, except to the extent of the benefits provided for hereunder.

13.4. Governing Law. The provisions of this Plan shall be governed by, construed and administered in accordance with applicable federal law; provided, however, that to the extent not in conflict with federal law, this Plan shall be governed by, construed and administered under the laws of Delaware, other than its laws respecting choice of law.

13.5. Severability. If any provision of the Plan shall be held invalid, the remainder of this Plan shall not be affected thereby and the remainder of the Plan shall continue in force.

13.6. Beneficiary Designations. Each Participant may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his or her death before he or she receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Corporation, and will be effective only when filed by the Participant in writing with the Corporation during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate. Any payment made to a beneficiary under this Plan in good faith shall fully discharge the Corporation from all further obligations with respect to that payment.

13.7. Effective Date. The Plan was originally approved by the Board on March 23, 2009 and became effective upon approval of the Corporation's shareholders on June 12, 2009. This amendment and restatement of the Plan was approved by the Board on April 14, 2011 and shall become effective as of the date on which it is approved by the shareholders of the Corporation.
