group with respect to the issuer or securities of the issuer.

The transaction was effected by or on behalf of a fund for which, due to appreciation, the value of investments in securities of the issuer represented approximately 30% of such fund's total investments as of October 31, 2012. The transaction was effected solely for diversification purposes and, more specifically, to reduce the concentration of such fund's investments in securities of a single issuer. The

(4) transaction was effected for reasons specific to such fund and was not effected due to any event, condition, or development specific to the issuer. Although the transaction reduced the concentration of such fund's investments in securities of the issuer, as of the date hereof, the value of such investments still represents a significant portion of such fund's total investments. As of the date hereof, the reporting person continues to believe that the subject class of securities is undervalued and represents an attractive investment opportunity.
