SUMMARY TERM SHEET

The following are answers to some of the questions that you may have about the Put Option. To understand the Put Option fully and for a more complete description of the terms of the Put Option, we urge you to read carefully the remainder of this Put Right Purchase Offer because the information in this summary is not complete. We have included page references to direct you to a more complete description of the topics in this summary.

Who is offering to purchase my securities?

Globalstar, Inc., a Delaware corporation (the "**Globalstar,**" "**Company,**" "**we,**" "**us**" or "**our**"), is obligated, at your option, to purchase your validly surrendered 5.75% Convertible Senior Notes due 2028 (the "**Securities**"). (Page 4)

Why is the Company offering to purchase my Securities?

The right of each holder (the "**Holder**") of the Securities to sell and the obligation of the Company to purchase the Securities pursuant to the Put Option is a term of the Securities and has been a right of Holders from the time the Securities were issued on April 15, 2008. We are required to repurchase the Securities of any Holder exercising the Put Option pursuant to the terms of the Indenture and the Securities. (Page 4)

What Securities are you obligated to purchase?

We are obligated to purchase all of the Securities surrendered, at the option of the Holder. As of February 25, 2013, there were \$71,804,000 aggregate principal amount of Securities outstanding. The Securities were issued under an Indenture and a First Supplemental Indenture, each dated as of April 15, 2008 (as amended, the "**Indenture**"), between the Company, as issuer, and U.S. Bank National Association, as trustee and paying agent (the "**Trustee**" or "**Paying Agent**"). (Pages 4-5)

How much will you pay and what is the form of payment?

Pursuant to the terms of the Indenture and the Securities, we are obligated to pay, in cash, a Put Right Purchase Price of \$1,000 per \$1,000 principal amount of the Securities (the "**Put Right Purchase Price**"), with respect to any and all Securities validly surrendered for purchase and not withdrawn. (Page 5)

How can I determine the market value of the Securities?

There is no established reporting system or market for trading in the Securities. To the extent that the Securities are traded, prices of the Securities may fluctuate widely depending on trading volume, the balance between buy and sell orders, prevailing interest rates, the Company's operating results, the trading price and implied volatility of the Company's common stock and the market for similar securities. To the extent available, Holders are urged to obtain current market quotations for the Securities prior to making any decision with respect to the Put Option. The common stock, \$0.0001 par value per share (the "**Common Stock**"), of the Company into which the Securities are convertible is traded STET on the OTCBB under the symbol "**GSAT**." On February 25, 2013, the closing price of the Common Stock on the OTCBB was \$0.40 per share. (Pages 5-6)

What does the board of directors of the Company think of the Put Option?

The board of directors of the Company has not made any recommendation as to whether you should surrender your Securities for purchase in the Put Option. You must make your own decision whether to surrender your Securities for purchase in the Put Option and, if so, the amount of Securities to surrender. (Page 19)

When does the Put Option expire?

The Put Option expires at 5:00 p.m., New York City time, on Friday, March 29, 2013 (the "**Expiration Date**"), which is the Business Day immediately preceding April 1, 2013 (the "**Repurchase Date**"). We may in our discretion elect to extend the period Holders have to accept the Put Option, and we may be required to do so by the federal securities laws. (Page 4)

What are the conditions to the purchase by the Company of the Securities?

The purchase by the Company of validly surrendered Securities is not subject to any condition other than the purchase being lawful and satisfaction of the procedural requirements described in this Put Right Purchase Offer.

How do I surrender my Securities?

To surrender your Securities for purchase pursuant to the Put Option, you must surrender the Securities through the transmittal procedures of The Depository Trust Company ("**DTC**") no later than 5:00 p.m., New York City time, on the Expiration Date.

Holders whose Securities are held by a broker, dealer, commercial bank, trust company or other nominee must contact such nominee if such Holder desires to surrender such Holder's Securities and instruct such nominee to surrender the Securities on the Holder's behalf through the transmittal procedures of DTC.

- Holders who are DTC participants should surrender their Securities electronically through DTC's Automated Tenders over the Participant Terminal System, subject to the terms and procedures of that

system on or before 5:00 p.m., New York City time, on the Expiration Date.

By surrendering your Securities through the transmittal procedures of DTC, you agree to be bound by the terms of the Put Option set forth in this Put Right Purchase Offer (Pages 6-7)

If I surrender my Securities, when will I receive payment for them?

We will accept for payment all validly surrendered Securities promptly upon expiration of the Put Option. How do I withdraw previously surrendered Securities?

To withdraw previously surrendered Securities, you must comply with the withdrawal procedures of DTC prior to 5:00 p.m., New York City time, on the Expiration Date. (Page 9)

Do I need to do anything if I do not wish to surrender my Securities for purchase?

No. If you do not surrender your Securities before the expiration of the Put Option, we will not purchase your Securities and such Securities will remain outstanding subject to their existing terms.

If I choose to surrender my Securities for purchase, do I have to surrender all of my Securities?

No. You may surrender all of your Securities, a portion of your Securities or none of your Securities for purchase. If you wish to surrender a portion of your Securities for purchase, however, you must surrender your Securities in a principal amount of \$1,000 or an integral multiple thereof. (Page 5)

If I do not surrender my Securities for purchase, will I continue to be able to exercise my conversion rights?

Yes. If you do not surrender your Securities for purchase, your conversion rights will not be affected. You will continue to have the right to convert each \$1,000 principal amount of a Security into shares of Common Stock, subject to the terms, conditions and adjustments specified in the Indenture and the Securities. (Page 5)

If I am a U.S. resident for U.S. federal income tax purposes, will I have to pay taxes if I surrender my Securities for purchase in the Put Option?

The receipt of cash in exchange for Securities pursuant to the Put Option will be a taxable transaction for U.S. federal income tax purposes. You should consult with your tax advisor regarding the actual tax consequences to you. (Pages 13-18)

IMPORTANT INFORMATION CONCERNING THE OPTION

1. **Information Concerning the Company.** Globalstar, Inc., a Delaware corporation (the "**Company**"), is obligated to purchase the Company's 5.75% Convertible Senior Notes due 2028 (the "**Securities**"). The Securities are convertible into shares of the Company's common stock, \$0.0001 par value per share (the "**Common Stock**"), subject to the terms, conditions and adjustments specified in the Indenture and the Securities.

Globalstar is a leading provider of mobile satellite voice and data services. Globalstar offers these services to commercial and recreational users in more than 120 countries around the world. Global customer segments include: oil and gas, government, mining, forestry, commercial fishing, utilities, military, transportation, heavy construction, emergency preparedness, and business continuity as well as individual recreational users. Globalstar data solutions are ideal for various asset and personal tracking, data monitoring and SCADA applications. Note that all SPOT products described in this or any Globalstar press release are the products of Spot LLC, which is not affiliated in any manner with Spot Image of Toulouse, France or Spot Image Corporation of Chantilly, Virginia. SPOT Connect is a trademark of Spot LLC.

2. **Information Concerning the Securities.** The Securities were issued under an Indenture and a First Supplemental Indenture, each dated as of April 15, 2008 (as amended, the "**Indenture**"), between the Company, as issuer, and U.S. Bank National Association, as trustee and paying agent (the "**Trustee**" or "**Paying Agent**"). The Securities mature on April 1, 2028.

2.1 **The Company's Obligation to Purchase the Securities.** Pursuant to the terms of the Securities and the Indenture, the Company is obligated to purchase all Securities validly surrendered for purchase and not withdrawn, at the Holder's option, on April 1, 2013. This Put Option will expire at 5:00 p.m., New York City time, on Friday, March 29, 2013 (the "**Expiration Date**"), which is the business day immediately preceding the Repurchase Date. We may in our discretion elect to extend the period Holders have to accept the Put Option. In addition, if we make any change to this Put Option which we determine constitutes a material change, or if we waive a material condition to this Put Option, we will promptly disclose the change or waiver in a supplement to this Notice that we will distribute to Holders, and we will make a public announcement of the change or waiver promptly afterward by means of a press release. In that event federal securities laws may require us to extend the Repurchase Date for a period of five to ten business days, depending on the significance of the change or waiver, if the Put Option would otherwise expire during the five to ten business day period. If we extend the Repurchase Date, we will make a public announcement of the extension promptly by means of a press release. If we extend the Repurchase Date and do not accept and pay for tendered Securities promptly after the Expiration Date, the failure to pay would be a default under the Indenture. The purchase by the Company of validly surrendered Securities is not subject to any condition other than the purchase being lawful and the procedural requirements described in this Put Right Purchase Offer.

Accrued and unpaid interest on all Securities, whether or not tendered for purchase, will be payable on the Repurchase Date to Holders of record as of March 15, 2013. Unless the Company defaults in making payment of the Put Right Purchase Price for Securities that have been validly surrendered, interest on tendered securities will cease to accrue on and after the Repurchase Date.

If any Securities remain outstanding following the expiration of the Put Option, the Company will be obligated to purchase the Notes, at the option of the Holders, in whole or in part, on each of April 1, 2018 and April 1, 2023, at a purchase price equal to 100% of the principal amount of the Securities.

2.2 Put Right Purchase Price. Pursuant to the Securities, the Put Right Purchase Price to be paid by the Company for the Securities on the Repurchase Date is \$1,000 per \$1,000 principal amount of the Securities (the "**Put Right Purchase Price**"), subject to the terms and conditions of the Indenture. The Put Right Purchase Price is payable in cash with respect to any and all Securities validly surrendered for purchase and not withdrawn prior to 5:00 p.m., New York City time, on the Expiration Date. Securities surrendered for purchase, if less than the entire amount of Securities owned by a person, will be accepted only in principal amounts equal to \$1,000 or integral multiples thereof.

The Put Right Purchase Price is based solely on the requirements of the Indenture and the Securities and bears no relationship to the market price of the Securities or the Common Stock. Thus, the Put Right Purchase Price may be significantly higher or lower than the market price of the Securities on the Put Right Purchase Date. Holders of Securities are urged to obtain the best available information as to potential current market prices of the Securities, to the extent available, and the Common Stock before making a decision whether to surrender their Securities for purchase.

None of the Company or its board of directors or employees are making any recommendation to Holders as to whether to surrender or refrain from surrendering Securities for purchase pursuant to this Put Right Purchase Offer. Each Holder must make its own decision whether to surrender the Holder's Securities for purchase and, if so, the principal amount of Securities to surrender based on the Holder's assessment of current market value of the Securities and the Common Stock and other relevant factors.

2.3 Conversion Rights of the Securities. Holders who do not surrender their Securities for purchase pursuant to the Put Option will maintain the right to convert their Securities into Common Stock, subject to the terms, conditions and adjustments specified in the Indenture and the Securities. The Base Conversion Rate on the date hereof is 166.11296 shares of Common Stock per \$1,000 principal amount of Securities. The Paying Agent also serves as the Conversion Agent for the Securities, and the address of the Paying Agent is the address of the Conversion Agent. Any Securities which are surrendered pursuant to the Put Option may be converted in accordance with the terms of the Indenture and the Securities only if the surrender has been validly withdrawn prior to 5:00 p.m., New York City time, on the Expiration Date, as described in Section 4 below.

2.4 Market for the Securities and the Company's Common Stock. There is no established reporting system or trading market for trading in the Securities. However, we believe the Securities currently are traded over the counter. We believe that there is no practical way to accurately determine the trading history of the Securities. To the extent

that the Securities are traded, prices of the Securities may fluctuate widely depending on trading volume, the balance between buy and sell orders, prevailing interest rates, the Company's operating results, the market price and implied volatility of the Common Stock and the market for similar securities. Following the expiration of the Put Option, we expect that Securities not purchased in the Put Option will continue to be traded over the counter; however, the trading market for the Securities may be even more limited. A debt security with a smaller outstanding principal amount available for trading (a smaller "**float**") may command a lower price and trade with greater volatility than would a comparable debt security with a larger float. Consequently, our purchase of a significant amount of the Securities pursuant to the Put Option will reduce the float and may negatively affect the liquidity, market value and price volatility of the Securities that remain outstanding following the Put Option. We cannot assure you that a market will exist for the Securities following the Put Option. The extent of the public market for the Securities following consummation of the Put Option will depend upon, among other things, the remaining outstanding principal amount of the Securities at such time, the number of holders of Securities remaining at that time and the interest on the part of securities firms in maintaining a market in the Securities. As of February 25, 2013, there were \$71,804,000 aggregate principal amount of Securities outstanding.

The Common Stock into which the Securities are convertible is traded on the OTCBB under the symbol "GSAT." The following table sets forth, for the fiscal quarters indicated, the high and low sales prices of the Common Stock as reported on NASDAQ (prior to December 21, 2012) and the OTCBB (on and after December 21, 2012).

1st Quarter	\$1.49	\$1.01

On February 25, 2013, the closing price of the Common Stock on the OTCBB was \$0.40 per share. As of February 25, 2013, there were approximately 354,531,647 shares of Common Stock outstanding. We urge you to obtain current market information for the Securities, to the extent available, and the Common Stock before making any decision to surrender your Securities pursuant to the Put Option.

2.5 Redemption. Beginning April 1, 2013, the Securities are redeemable for cash at any time at the option of the Company, in whole or in part, at the Redemption Price (as defined in the Indenture).

2.6 Change in Control. A Holder who converts Securities into shares of Common Stock in exercise of such Holder's conversion right may be entitled to a Make-Whole Premium (as defined in the Indenture) consisting of an increase in the Conversion Rate (as defined in the Indenture), if there is a Make-Whole Event (as defined in the Indenture) prior to April 1, 2013.

2.7 Ranking. The Securities are unsecured obligations of the Company and rank equal in right of payment to all of the Company's existing and future unsecured and unsubordinated indebtedness, and are senior to existing and future subordinated indebtedness of the Company.

2.8 **Dividends.** The Holders of Securities are not entitled to dividends. Upon conversion into Common Stock, the Holders will be entitled to dividends, if any, made to holders of Common Stock.

3. **Procedures to be Followed by Holders Electing to Surrender Securities for Purchase.** Holders will not be entitled to receive the Put Right Purchase Price for their Securities unless they validly surrender and do not withdraw the Securities on or before 5:00 p.m., New York City time, on the Expiration Date. Only registered Holders are authorized to surrender their Securities for purchase. Holders may surrender some or all of their Securities; however, any Securities surrendered in part must be in \$1,000 principal amount or an integral multiple thereof. If Holders do not validly surrender their Securities on or before 5:00 p.m., New York City time, on the Expiration Date, their Securities will remain outstanding subject to the existing terms of the Securities.

3.1 **Method of Delivery.** The Trustee has informed the Company that, as of the date of this Put Right Purchase Offer, all custodians and beneficial holders of the Securities hold the Securities through DTC accounts and that there are no certificated Securities in non-global form. Accordingly, all Securities surrendered for purchase hereunder must be delivered through DTC's Automatic Tenders over the Participant Terminal System ("**PTS**"). This Put Right Purchase Offer constitutes the Company Notice (as defined in the Indenture) and valid delivery of Securities via PTS will constitute a Purchase Notice (as defined in the Indenture) satisfying the notice requirements of the Indenture. Delivery of Securities and all other required documents, including delivery and acceptance through PTS, is at the election and risk of the person surrendering such Securities.

3.2 **Agreement to be Bound by the Terms of the Put Option.** By surrendering its Securities through the transmittal procedures of DTC, a Holder acknowledges and agrees as follows:

the Securities shall be purchased as of the Put Right Purchase Date pursuant to the terms and conditions set forth in this Put Right Purchase Offer;

the Holder agrees to all of the terms of this Put Right Purchase Offer;

the Holder has received this Put Right Purchase Offer and acknowledges that this Put Right Purchase Offer provides the notice required pursuant to the Indenture;

upon the terms and subject to the conditions set forth in this Put Right Purchase Offer, the Indenture and the Securities, and effective upon the acceptance for payment thereof, the Holder (i) irrevocably sells, assigns and transfers to the Company, all right, title and interest in and to all the Securities surrendered, (ii) releases and discharges the Company and its directors, officers, employees and affiliates from any and all claims the Holder may have now, or may have in the future arising out of, or related to, the Securities, including, without limitation, any claims that the Holder is entitled to receive additional principal or interest payments with respect to the Securities or to participate in any redemption or defeasance of the Securities and (iii) irrevocably constitutes and appoints the Paying Agent as the true and lawful agent and attorney-in-fact of the Holder with respect to the surrendered Securities, with full power of substitution and resubstitution (the power of attorney being deemed to be an irrevocable power coupled with an interest) to (a) deliver certificates representing the Securities, or transfer ownership of the Securities, on the account books maintained by DTC, together, in any such case, with all accompanying evidences of transfer and authenticity, to the Company, (b) present the Securities for transfer on the relevant security register and (c) receive all benefits or otherwise exercise all rights of beneficial ownership of the Securities (except that the Paying Agent will have no rights to, or control over, funds from the Company, except as agent for the Company, for the Put Right Purchase Price of any surrendered Securities that are purchased by the Company), all in accordance with the terms set forth in this Put Right Purchase Offer;

the Holder represents and warrants that the Holder (i) owns the Securities surrendered and is entitled to surrender such Securities and (ii) has full power and authority to surrender, sell, assign and transfer the Securities surrendered hereby and that when the Securities are accepted for purchase and payment by the Company, the Company will acquire good title thereto, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim or right;

the Holder agrees, upon request from the Company, to execute and deliver any additional documents deemed by the Paying Agent or the Company to be necessary or desirable to complete the sale, assignment and transfer of the Securities surrendered;

the Holder understands that the Company is required to purchase that all Securities properly surrendered for purchase and not withdrawn prior to 5:00 p.m., New York City time, on the Expiration Date at the Put Right Purchase Price, in cash, pursuant to the terms and conditions of the Indenture, the Securities, the Put Right Purchase Offer and related notice materials, as amended and supplemented from time to time;

payment for Securities purchased pursuant to the Put Right Purchase Offer will be made by deposit of the Put Right Purchase Price for the Securities with the Paying Agent, which will act as agent for surrendering Holders for the purpose of receiving payments from the Company and transmitting the payments to such Holders;

surrenders of Securities may be withdrawn by written notice of withdrawal delivered pursuant to the procedures set forth in this Put Right Purchase Offer at any time prior to 5:00 p.m., New York City time, on the Expiration Date;

all authority conferred or agreed to be conferred pursuant to the terms of the Put Option hereby shall survive the death or incapacity of the Holder and every obligation of the Holder and shall be binding upon the Holder's heirs, personal representatives, executors, administrators, successors, assigns, trustees in bankruptcy and other legal representatives;

the delivery and surrender of the Securities is not effective, and the risk of loss of the Securities does not pass to the Paying Agent, until receipt by the Paying Agent of any and all evidences of authority and any other required documents in form satisfactory to the Company; and

all questions as to the validity, form, eligibility (including time of receipt) and acceptance for payment of any surrender of Securities pursuant to the procedures described in this Put Right Purchase Offer and the form and validity (including time of receipt of notices of withdrawal) of all documents will be determined by the Company, in its sole discretion, which determination shall be final and binding on all parties.

3.3 *Delivery of Securities.*

Securities Held Through a Custodian. A Holder who wishes to tender Securities pursuant to this Put Right Purchase Offer and whose Securities are held by a broker, dealer, commercial bank, trust company or other nominee must contact such nominee if such Holder desires to surrender the Holder's Securities and instruct the nominee to surrender the Securities for purchase on the Holder's behalf through the transmittal procedures of DTC as set forth below in "**Securities in Global Form**" on or prior to 5:00 p.m., New York City time, on the Expiration Date. The Company will, upon request, reimburse brokers, dealers, commercial banks, trust companies or other nominees for reasonable and necessary costs and expenses incurred by them in forwarding the enclosed materials to their customers who are beneficial owners of the Securities held by them as a nominee or in a fiduciary capacity.

Securities in Global Form. A Holder who is a DTC participant who wishes to tender Securities pursuant to this Put Right Purchase Offer must surrender to the Company such Holder's beneficial interest in the Securities by:

delivering to the Paying Agent's account at DTC through DTC's book-entry system the Holder's beneficial interest in the Securities on or prior to 5:00 p.m., New York City time, on the Expiration Date; and

electronically transmitting the Holder's acceptance through DTC's PTS, subject to the terms and procedures of that system on or prior to 5:00 p.m., New York City time, on the Expiration Date.

In surrendering through PTS, the electronic instructions sent to DTC by the Holder or by a broker, dealer, commercial bank, trust company or other nominee on such Holder's behalf, and transmitted by DTC to the Paying Agent, will acknowledge, on behalf of DTC and the Holder, receipt by the Holder of and agreement to be bound by the terms of the Put Option, including those set forth above under "—Agreement to be Bound by the Terms of the Put Option."

You bear the risk of untimely surrender of your Securities. You must allow sufficient time for completion of the necessary DTC procedures before 5:00 p.m., New York City time, on the Expiration Date.

4. ***Right of Withdrawal.*** Securities surrendered for purchase may be withdrawn at any time prior to 5:00 p.m., New York City time, on the Expiration Date. In order to withdraw Securities, Holders must comply with the withdrawal procedures of DTC prior to 5:00 p.m., New York City time, on the Expiration Date. Securities withdrawn from the Put Option may be resurrendered by following the surrender procedures described in Section 3 above.

This means a Holder must deliver, or cause to be delivered, a valid withdrawal request through the Automated Tender Offer Program system from the tendering DTC participant before 5:00 p.m., New York City time, on the Expiration Date. The withdrawal notice must:

specify the DTC Voluntary Offer Instruction Number, the name of the participant for whose account the Securities were tendered and the participant's account number at DTC to be credited with the withdrawn Securities;

contain a description of the Securities to be withdrawn (including the principal amount to be withdrawn); and

be submitted through the DTC PTS system by the participant under the same name as the participant's name is listed in the original tender, or be accompanied by evidence satisfactory to the Company that the person withdrawing the tender has succeeded to the beneficial ownership of the Securities.

The Company will determine all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal.

You bear the risk of untimely withdrawal of your Securities. You must allow sufficient time for completion of the necessary DTC procedures before 5:00 p.m., New York City time, on the Expiration Date.

5. *Payment for Surrendered Securities.* The Indenture requires us to forward to the Paying Agent, prior to 11:00 a.m., New York City time, on April 1, 2013, the appropriate amount of cash required to pay the Put Right Purchase Price for the surrendered Securities, and the Paying Agent will promptly thereafter cause the cash to be distributed to each record Holder who has validly delivered its Securities and not validly withdrawn such delivery prior to 5:00 p.m., New York City time, on the Expiration Date.

The total amount of funds required by us to purchase all of the Securities is \$71,804,000 (assuming all of the Securities are validly surrendered for purchase and accepted for payment). If any Securities are surrendered and accepted for payment, we intend to use available cash to purchase the Securities.

However, as we have previously disclosed, we currently have limited liquidity and may not have sufficient available cash to purchase some or all of the Securities. Although we are seeking additional funds or alternative arrangements to fulfill all of our obligations, including those arising under the Indenture, there is no assurance that we will obtain such funds or arrangements prior to the Repurchase Date or at all. Our failure to pay for Securities validly surrendered for purchase in a timely manner would, if not cured in 60 days, permit Holders of 25% or more of the Securities to declare an Event of Default under the Indenture and accelerate the maturity of the Securities, and such failure to pay or acceleration would also constitute a default or an event of default under approximately \$674,817,833 principal amount of our other indebtedness.

Pursuant to the Indentures, we may not purchase the Securities if the principal amount of the Securities has been accelerated (except in the case of an acceleration in connection with an Event of Default resulting from our failure to pay the Put Right Purchase Price with respect to the Securities), and the acceleration has not been rescinded, on or prior to the Purchase Date.

6. *Securities Acquired.* Any Securities purchased by us pursuant to the Put Option will be cancelled by the Trustee, pursuant to the terms of the Indenture.

7. *Agreements Involving the Company's Securities.*

Share Lending Agreement

As previously disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011, concurrently with the offering of the Securities, the Company entered into a share lending agreement (the "Share Lending Agreement") with Merrill Lynch International (the "Borrower"), pursuant to which the Company agreed to lend

up to 36,144,570 shares of common stock (the "Borrowed Shares") to the Borrower, subject to certain adjustments, for a period ending on the earliest of (i) at the Company's option, at any time after the entire principal amount of the Securities ceases to be outstanding, (ii) the written agreement of the Company and the Borrower to terminate, (iii) the occurrence of a Borrower default, at the option of Lender, and (iv) the occurrence of a Lender default, at the option of the Borrower. Pursuant to the Share Lending Agreement, upon the termination of the share loan, the Borrower must return the Borrowed Shares to the Company. Upon the conversion of the Securities (in whole or in part), a number of Borrowed Shares proportional to the conversion rate for such notes must be returned to the Company. At the Company's election, the Borrower may deliver cash equal to the market value of the corresponding Borrowed Shares instead of returning to the Company the Borrowed Shares otherwise required by conversions of the Securities.

Pursuant to and upon the terms of the Share Lending Agreement, the Company will issue and lend the Borrowed Shares to the Borrower as a share loan. Merrill Lynch, Pierce, Fenner & Smith Incorporated (the "Borrowing Agent") is acting as an underwriter with respect to the Borrowed Shares, which are being offered to the public. The Borrowed Shares included approximately 32.0 million shares of common stock initially loaned by the Company to the Borrower on separate occasions, delivered pursuant to the Share Lending Agreement and the Underwriting Agreement, and an additional 4.1 million shares of common stock that, from time to time, may be borrowed from the Company by the Borrower pursuant to the Share Lending Agreement and the Underwriting Agreement and subsequently offered and sold at prevailing market prices at the time of sale or negotiated prices. The Borrowed Shares are free trading shares. At December 31, 2011 and 2010, approximately 17.3 million Borrowed Shares remained outstanding. As of December 31, 2011 and December 31, 2010, the unamortized amount of issuance costs associated with the Share Lending Agreement was \$2.3 million and \$4.0 million, respectively.

The Company did not receive any proceeds from the sale of the Borrowed Shares pursuant to the Share Lending Agreement, and it will not receive any proceeds from any future sale. The Borrower has received all of the proceeds from the sale of Borrowed Shares pursuant to the Share Lending Agreement and will receive all of the proceeds from any future sale. At the Company's election, the Borrower may remit cash equal to the market value of the corresponding Borrowed Shares instead of returning the Borrowed Shares due back to the Company as a result of conversions by Securities holders.

The Borrowed Shares are treated as issued and outstanding for corporate law purposes, and accordingly, the holders of the Borrowed Shares will have all of the rights of a holder of the Company's outstanding shares, including the right to vote the shares on all matters submitted to a vote of the Company's stockholders and the right to receive any dividends or other distributions that the Company may pay or makes on its outstanding shares of common stock. However, under the Share Lending Agreement, the Borrower has agreed:

To pay, within one business day after the relevant payment date, to the Company an amount equal to any cash dividends that the Company pays on the Borrowed Shares; and

To pay or deliver to the Company, upon termination of the loan of Borrowed Shares, any other distribution, in liquidation or otherwise, that the Company makes on the Borrowed Shares.

To the extent the Borrowed Shares the Company initially lent under the share lending agreement and offered in the common stock offering have not been sold or returned to it, the Borrower has agreed that it will not vote any such Borrowed Shares. The Borrower has also agreed under the Share Lending Agreement that it will not transfer or dispose of any Borrowed Shares, other than to its affiliates, unless the transfer or disposition is pursuant to a registration statement that is effective under the Securities Act. However, investors that purchase the shares from the Borrower (and any subsequent transferees of such purchasers) will be entitled to the same voting rights with respect to those shares as any other holder of the Company's common stock.

On December 18, 2008, the Company entered into Amendment No. 1 to the Share Lending Agreement with the Borrower and the Borrowing Agent. Pursuant to Amendment No. 1, the Company has the option to request the Borrower to deliver cash instead of returning Borrowed Shares upon any termination of loans at the Borrower's option, at the termination date of the Share Lending Agreement or when the outstanding loaned shares exceed the maximum number of shares permitted under the Share Lending Agreement. The consent of the Borrower is required for any cash settlement, which consent may not be unreasonably withheld, subject to the Borrower's determination of applicable legal, regulatory or self-regulatory requirements or other internal policies. Any loans settled in shares of Company common stock will be subject to a return fee based on the stock price as agreed by the Company and the Borrower. The return fee will not be less than \$0.005 per share or exceed \$0.05 per share.

Common Stock Purchase Agreement

Further, as previously disclosed in our Current Report on Form 8-K filed on January 2, 2013, we entered into a Common Stock Purchase Agreement dated as of December 28, 2012 (the "Purchase Agreement") with Terrapin Opportunity, L.P. ("Terrapin") pursuant to which we may, subject to certain conditions, require Terrapin to purchase up to \$30.0 million of shares of our voting common stock over the 24-month term following the effectiveness of a resale registration statement. This type of arrangement is sometimes referred to as a committed equity line financing facility. From time to time over the 24-month term, and in our sole discretion, we may present Terrapin with up to 36 draw down notices requiring Terrapin to purchase a specified dollar amount of shares of our voting common stock, based on the price per share per day over 10 consecutive trading days (a "Draw Down Period"). The per share purchase price for these shares equals the daily volume weighted average price of our common stock on each date during the Draw Down Period on which shares are purchased, less a discount ranging from 3.5% to 8.0% based on a minimum price that we solely specify. In addition, in our sole discretion, but subject to certain limitations, we may require Terrapin to purchase a percentage of the daily trading volume of our common stock for each trading day during the Draw Down Period. In addition, we will not sell under the Purchase Agreement a number of shares of voting common stock which, when aggregated with all other shares of voting common stock then beneficially owned by Terrapin and its affiliates, would result in the beneficial ownership by Terrapin or any of its affiliates of more than 9.9% of the then issued and outstanding shares of voting common stock.

8. ***Plans or Proposals of the Company.*** Except as publicly disclosed prior to the date of this Put Right Purchase Offer, the Company currently does not have any plans which would be material to a Holder's decision to surrender Securities for purchase in the Put Option, which relate to or which would result in:

· any extraordinary transaction, such as a merger, reorganization or liquidation, involving the Company or any of its subsidiaries;

· any purchase, sale or transfer of a material amount of assets of the Company or any of its subsidiaries;

· any material change in the present dividend rate or policy, or indebtedness or capitalization of the Company;

· any change in the present board of directors or management of the Company, including, but not limited to, any plans or proposals to change the number or the term of directors or to fill any existing vacancies on the board or to change any material term of the employment contract of any executive officer;

· any other material change in the corporate structure or business of the Company;

any class of equity securities of the Company to be delisted from a national securities exchange or cease to be authorized to be quoted in an automated quotation system operated by a national securities association;

any class of equity securities of the Company becoming eligible for termination of registration under Section 12(g)(4) of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**");

- the suspension of the obligation of the Company to file reports under Section 15(d) of the Exchange Act;
- the acquisition by any person of additional securities of the Company or the disposition of securities of the Company;
or
- any changes in the charter, bylaws or other governing instruments of the Company or other actions that could impede the acquisition of control of the Company.

However, as previously discussed, the Company is seeking additional capital, which may result in the occurrence of one or more of the foregoing.

9. *Interests of Directors, Executive Officers and Affiliates of the Company in the Securities.* Except as otherwise disclosed below, based on a reasonable inquiry by the Company:

· none of the Company or its executive officers, directors, subsidiaries or other affiliates has any beneficial interest in the Securities;

· the Company will not purchase any Securities from such persons; and

· during the 60 days preceding the date of this Put Right Purchase Offer, none of such officers, directors or affiliates has engaged in any transactions in the Securities.

A list of the directors and executive officers of the Company is attached to this Put Right Purchase Offer as Annex A.

10. *Purchases of Securities by the Company and its Affiliates.* Each of the Company and its affiliates, including its executive officers and directors, is prohibited under applicable United States federal securities laws from purchasing Securities (or the right to purchase Securities) other than through the Put Option until at least the tenth business day after the Repurchase Date. Following that time, if any Securities remain outstanding, the Company and its affiliates may purchase Securities in the open market, in private transactions, through a subsequent tender offer, or otherwise, any of which may be consummated at purchase prices higher or lower than the Put Right Purchase Price. We have no plans at this time to make any such purchases. Any decision to purchase Securities after the Put Option, if any, will depend upon many factors, including the market price of the Securities, the amount of Securities surrendered for purchase pursuant to the Put Option, the market price of the Common Stock, the business and financial position of the Company and general economic and market conditions.

11. *Material United States Federal Income Tax Consequences*

The following is a summary of the anticipated material United States federal income tax consequences to Holders of exercising the Put Option and is for general information purposes only. Except when otherwise noted, this summary deals only with the Securities held as capital assets within the meaning of section 1221 of the Internal Revenue Code of 1986, as amended (the "**Code**"). The discussion does not cover all aspects of U.S. federal taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on the disposition of the Securities by particular Holders of the Securities, and does not address state, local, non-U.S. or other tax laws. In particular, this discussion does not address the tax considerations that may be relevant to certain types of Holders of the Securities subject to special treatment under the U.S. federal income tax laws such as banks or other financial institutions, insurance companies, regulated investment companies, trusts, estates, S corporations, partnerships or other pass-through entities or other entities or arrangements treated as partnerships or other pass-through entities for U.S. federal income tax purposes, partners or other owners of partnerships or other pass-through entities, real estate investment trusts, persons liable for the alternative minimum tax, individual retirement accounts and other tax-deferred accounts, tax-exempt organizations, dealers in securities or currencies, a U.S. Holder (as defined below) that has a functional currency other than the United States dollar, persons who will hold the Securities as part of a straddle or hedging, constructive sale, integrated or conversion transaction for U.S. federal income tax purposes, a person who actually or constructively owns more than 10% of the voting stock of the Company, traders in securities who have elected the mark-to-market method of accounting for their securities, foreign corporations that are "controlled-foreign corporations" or "passive foreign investment companies" or individuals who are U.S. expatriates. In addition, this discussion assumes that the Securities are not treated as contingent payment debt instruments for U.S. federal income tax purposes. Furthermore, this discussion is based on the Code, Treasury regulations and administrative and judicial decisions as of the date hereof, any of which is subject to change, possibly retroactively. The Company has not sought any ruling from the Internal Revenue Service ("**IRS**") with respect to the statements made or the conclusions reached in this discussion, and there can be no assurance that the IRS will agree with such statements and conclusions.

As used herein, the term "**U.S. Holder**" means a beneficial owner of the Securities that is, for U.S. federal income tax purposes, an individual citizen or resident of the United States, including an alien individual who is a lawful permanent resident of the United States or who meets the "substantial presence" test under section 7701(b) of the Code, a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or any state thereof or the District of Columbia, an estate the income of which is subject to U.S. federal income tax regardless of its source, or a trust (i) the administration of which is subject to the primary supervision of a court within the U.S. and as to which one or more U.S. persons (within the meaning of the Code) have the authority to control all substantial decisions of the trust or (ii) that has a valid election in place to be treated as a U.S. person. The term "**Non-U.S. Holder**" means any beneficial owner of the Securities that is an individual, corporation (or other entity treated as a corporation for U.S. tax purposes), trust or estate that is not a U.S. Holder.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds the Securities, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partnerships holding the Securities, and partners in a partnership holding the Securities, should consult their tax advisors.

Under the "substantial presence" test referred to above, an individual may, subject to certain exceptions, be deemed to be a resident of the United States by reason of being present in the United States for at least 31 days in the calendar year and for an aggregate of at least 183 days during a three-year period ending on the last day of the current calendar year (counting for such purposes all of the days present in the current year, one-third of the days present in the immediately preceding year and one-sixth of the days present in the second preceding year).

A Holder of the Securities should consult such Holder's own tax advisors concerning the U.S. federal income tax and other tax and tax treaty consequences of exercising the Put Option as well as any consequences arising under the laws of any other taxing jurisdiction.

Consequences to U.S. Holders

Surrender of Securities for Purchase

The receipt of cash by a U.S. Holder in exchange for the Securities pursuant to the exercise of the Put Option will be a taxable transaction for U.S. federal income tax purposes. The U.S. Holder generally will recognize gain or loss in an amount equal to the difference between the amount of cash received by such U.S. Holder in consideration for the surrender of the Securities (excluding amounts received that are attributable to accrued but unpaid interest which will be taxable as described below) and the U.S. Holder's adjusted tax basis in such Securities at the time of the exchange. A U.S. Holder's adjusted tax basis in the Securities generally will be equal to the cost of the Securities to such U.S. holder, decreased by principal prepayments (if any), increased by the amount of any market discount the U.S. Holder includes or has included in gross income with respect to the Securities and decreased by any amortized bond premium. Amortizable bond premium is generally defined as the excess of a U.S. Holder's tax basis in the Securities (reduced by the value of the conversion option) immediately after its acquisition over the sum of all amounts payable on the Securities after the purchase date other than payments of qualified stated interest. Subject to the market discount rules described below, any such gain or loss recognized on the disposition of the Securities will generally be capital gain or loss. Capital gain of non-corporate U.S. Holders recognized on the disposition of the Securities held for more than one year is eligible for a reduced rate of taxation. In general, for non-corporate taxpayers, long term capital gains is taxed at a preferential rate of 15%. However, as of January 1, 2013, pursuant to recently passed legislation that is expected to be signed into law, for individuals with income over \$400,000 (\$450,000 for joint filers), the long-term capital gains rate is 20%. The deductibility of capital losses is subject to limitations.

If a U.S. Holder purchased the Securities at a discount from their principal amount, the gain recognized upon the exercise of the Put Option will be treated as ordinary income, rather than capital gain, to the extent of the market discount not previously included in income by such U.S. Holder and treated as having accrued on such Securities at the time of the purchase pursuant to the Put Option. Subject to a de minimis exception, the market discount on the Securities is the excess, if any, of the stated principal amount of the Securities over the amount the U.S. Holder paid for it. Generally, market discount would be considered to accrue ratably from the date of acquisition to the maturity date of the Securities, unless the U.S. holder elects to accrue market discount on a constant-yield basis.

Unearned Income Medicare Contribution Tax

For taxable years beginning on or after January 1, 2013, certain owners of bonds that are individuals, trusts, or estates are subject to a 3.8% Unearned Income Medicare Contribution Tax on the lesser of (1) the U.S. Holder's "net investment income" for the relevant taxable year and (2) the excess of the U.S. Holder's adjusted gross income (increased by certain amounts of excluded foreign income) for the taxable year over a certain threshold (which will be between \$125,000 and \$250,000, depending on the circumstances). Net investment income generally includes such investor's interest income and net gain from the disposition of bonds, unless such interest income and net gain is derived in the ordinary course of a trade or business (other than a trade or business that consists of certain passive or trading activities). Net investment income may, however, be reduced by properly allocable deductions to such income.

A U.S. Holder is urged to consult his or her own tax advisors regarding the applicability of the Unearned Income Medicare Contribution Tax to his or her income and gains from the disposition of the Securities.

Accrued but Unpaid Interest

The portion of the cash proceeds received on an exchange of the Securities that is attributable to accrued but unpaid interest with respect to the Securities will not be taken into account in computing the U.S. Holder's gain or loss. Instead, that portion of the cash proceeds will be recognized as ordinary interest income to the extent that the U.S. Holder has not previously included such accrued but unpaid interest in its income.

Information Reporting and Backup Withholding

In general, payments made to a U.S. Holder in consideration for the surrender of the Securities for purchase pursuant to the Put Option will generally be subject to information reporting, unless such U.S. Holder is an exempt recipient (such as a corporation). Such payments to a U.S. Holder will also be subject to U.S. federal backup withholding tax at the applicable rate, if the recipient of such payment fails to supply to the Company or the Company's paying agent a correct taxpayer identification number, certified under penalties of perjury, as well as certain other information or otherwise establishes an exemption from backup withholding. This can be performed by completing the IRS Form W-9 (which is included as Exhibit (a)(1)(B) to the Schedule TO of the Company) or a valid alternative form. The U.S. federal backup withholding tax rate is 28% of the amount paid.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a credit against the U.S. Holder's federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

We suggest that you consult your tax advisors concerning the application of information reporting and backup withholding based on your particular circumstances and the availability of, and procedure for, obtaining an exemption from backup withholding under current Treasury regulations.

Consequences to Non-U.S. Holders

Surrender of Securities for Purchase

Subject to the discussion of accrued but unpaid interest and the discussion of backup withholding below, a Non-U.S. Holder that recognizes gain on the surrender of the Securities for purchase pursuant to the Put Option generally will

not be subject to U.S. federal income tax unless (i) the gain is effectively connected with a trade or business in the United States of the Non-U.S. Holder (and, if an applicable income tax treaty applies, the gain is attributable to a U.S. permanent establishment of the Non-U.S. Holder), (ii) in the case of a Non-U.S. Holder who is an individual, that individual is present in the U.S. for 183 days or more in the taxable year of the disposition and certain other conditions are met, or (iii) the Company is or has been a "United States real property holding corporation" (a "**USRPHC**") for U.S. federal income tax purposes during the shorter of the Non-U.S. Holder's holding period or the 5-year period ending on the date of the disposition of the Securities.

A Non-U.S. Holder who is an individual described in (i) above will be subject to tax at regular graduated U.S. federal income tax rates on the gain recognized on the surrender of the Securities for purchase pursuant to the Put Option, generally in the same manner as if such Non-U.S. Holder were a U.S. Holder. Additionally, a foreign corporation that falls under (i) above will be subject to tax on such gain generally in the same manner as if such foreign corporation were a United States person as defined under the Code and, in addition, may be subject to the branch profits tax equal to 30% of its effectively connected earnings and profits, or at such lower rate as may be specified by an applicable income tax treaty. A Non-U.S. Holder described in (ii) above will be subject to a flat 30% tax on the gain recognized on the surrender of the Securities for purchase pursuant to the Put Option (which gain may be offset by U.S. source capital losses), even though such Non-U.S. Holder is not considered a resident of the United States. We believe that the Company is not and the Company does not anticipate becoming a USRPHC for U.S. federal income tax purposes.

Accrued but Unpaid Interest

Pursuant to the "portfolio interest" exemption, no withholding of U.S. federal income tax will be required on amounts treated as the payment of accrued interest on the Securities that are not effectively connected with a Non-U.S. Holder's trade or business within the United States (and, if an applicable income tax treaty applies, the gain is not attributable to a U.S. permanent establishment of the Non-U.S. Holder) to such Non-U.S. Holder, provided that (i) such Non-U.S. Holder does not actually or constructively own 10% or more of the total combined voting power of all classes of the Company's stock entitled to vote within the meaning of section 871(h)(3) of the Code and the Treasury regulations thereunder, (ii) such Non-U.S. Holder is not a controlled foreign corporation that is related to the Company through stock ownership and (iii) such Non-U.S. Holder is not a bank whose receipt of interest on the Securities is described in section 881(c)(3)(A) of the Code, provided, in each case, such Non-U.S. Holder satisfies the certification requirement set forth in section 871(h) or section 881(c) of the Code and the Treasury regulations thereunder (which includes, among other things, providing a properly executed IRS Form W-8BEN (available at www.irs.gov)).

If a Non-U.S. Holder cannot satisfy the requirements of the "portfolio interest" exemption described above, 30% of payments attributable to accrued interest on such Non-U.S. Holder's Securities will be withheld unless such Non-U.S. Holder provides the Company or the Company's paying agent, as the case may be, with a properly executed (i) IRS Form W-8BEN claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (ii) IRS Form W-8ECI (available at www.irs.gov) stating that interest on the Securities is not subject to withholding tax because it is effectively connected with the beneficial owner's conduct of a trade or business in the United States. Alternative documentation may be applicable in certain situations.

Effectively Connected Income

If a Non-U.S. Holder is engaged in a trade or business in the United States and any gain from the sale of the Securities and any accrued but unpaid interest on the Securities is effectively connected with the conduct of that United States trade or business (and, if an applicable income tax treaty applies, the gain is attributable to a U.S. permanent establishment of the Non-U.S. Holder), the Non-U.S. Holder, although exempt from the withholding tax discussed above (provided the certification requirements described above are satisfied), will be subject to U.S. federal income tax on the gain from the sale of the Securities and interest on a net income basis in the same manner as if it were a U.S. Holder. In addition, if the Non-U.S. Holder is a foreign corporation, it generally will be subject to a branch profits tax equal to 30% (or lesser rate under an applicable income tax treaty) of its effectively connected earnings and profits, subject to adjustments.

Information Reporting and Backup Withholding

In general, a Non-U.S. Holder will not be subject to information reporting or backup withholding with respect to payments in consideration for the surrender of the Securities for purchase pursuant to the Put Option, provided that the Non-U.S. Holder provides an IRS Form W-8BEN (or other applicable form) (all IRS Forms W-8 and their instructions are available at www.irs.gov) and the payer does not have actual knowledge or reason to know that the Non-U.S. Holder is a "United States person" within the meaning of the Code. In particular, information reporting and backup withholding may apply if the Non-U.S. Holder uses the United States office of a broker, and information reporting (but generally not backup withholding) may apply if the Non-U.S. Holder uses the foreign office of a broker that has certain connections to the United States. If the Non-U.S. Holder surrenders his or her Securities outside the United States through a non-U.S. office of a non-U.S. broker and the Put Right Purchase Price is paid to the Non-U.S. Holder outside the United States, then information reporting and backup withholding generally will not apply to a payment of the Put Right Purchase Price. Certain payments made to a Non-U.S. Holder may be reported to the IRS and to such Non-U.S. Holder on Form 1042-S.

Backup withholding is not an additional tax. A Non-U.S. Holder subject to the backup withholding rules will be allowed a credit in the amount withheld against the Non-U.S. Holder's U.S. federal income tax liability and, if withholding results in an overpayment of tax, that Non-U.S. Holder may be entitled to a refund, provided that the requisite information is furnished to the IRS in a timely manner. Non-U.S. Holders should consult their own tax advisors regarding the availability of a refund of any U.S. backup withholding tax and the filing of a U.S. tax return.

We suggest that you consult your tax advisors concerning the application of information reporting and backup withholding based on your particular circumstances and the availability of, and procedure for, obtaining an exemption from backup withholding under current Treasury regulations.

NEWS

For Immediate Release

HOLDERS OF GLOBALSTAR 5.75% CONVERTIBLE SENIOR

NOTES HAVE RIGHT TO REQUIRE REPURCHASE

Covington, LA, -- (March 4, 2013) – Globalstar, Inc. (OTCBB:GSAT) today announced that pursuant to the terms of the First Supplemental Indenture dated as of April 15, 2008 (the “Indenture”), holders of Globalstar’s 5.75% Convertible Senior Notes due 2028 (CUSIP Number: 378973 AA 9) (the “Securities”) have the right to surrender their Securities for purchase by Globalstar (the “Put Option”) on April 1, 2013 (the “Purchase Date”). The Put Option expires at 5:00 p.m. on March 29, 2013 (the “Expiration Date”). The purchase is being made on the terms and subject to the conditions set forth in the Put Right Purchase Offer (the “Purchase Offer”) dated March 4, 2013.

The Put Option entitles each holder of the Securities to surrender to Globalstar for purchase all or any part (in increments of \$1,000) of the holder's Securities at a purchase price payable in cash equal to 100% of the principal amount. A holder must surrender the Securities to U.S. Bank National Association (the “Paying Agent”) in order to receive payment of the purchase price. All Securities surrendered for purchase must be delivered through Depository Trust Company’s Automatic Tenders over the Participant Terminal System. Globalstar is required to pay on the Purchase Date for all Securities validly surrendered and delivered.

A Holder who wishes to tender Securities pursuant to the Put Right Purchase Offer and whose Securities are held by a broker, dealer, commercial bank, trust company or other nominee must contact such nominee if such Holder desires to surrender the Holder's Securities and instruct the nominee to surrender the Securities for purchase on the Holder's behalf through the transmittal procedures of DTC on or prior to 5:00 p.m., New York City time, on the Expiration Date.

A Holder who is a DTC participant who wishes to tender Securities pursuant to the Put Right Purchase Offer must surrender to Globalstar such Holder's beneficial interest in the Securities by:

Edgar Filing: Globalstar, Inc. - Form SC TO-I

delivering to the Paying Agent's account at DTC through DTC's book-entry system the Holder's beneficial interest in the Securities on or prior to 5:00 p.m., New York City time, on the Expiration Date; and

electronically transmitting the Holder's acceptance through DTC's PTS, subject to the terms and procedures of that system on or prior to 5:00 p.m., New York City time, on the Expiration Date.

Globalstar is required to pay the purchase price solely in cash. If all outstanding Securities are surrendered for purchase pursuant to the Put Option, the aggregate purchase price will be approximately \$71.8 million. Although Globalstar does not expect all of the holders to surrender their Securities, Globalstar does not have sufficient liquidity to repurchase all of the holders' Securities at a purchase price payable in cash equal to 100% of the outstanding principal amount.

Holders that do not surrender their Securities for purchase pursuant to the Put Option will maintain the right to convert their Securities, subject to the terms, conditions and adjustments applicable to the Securities. The Base Conversion Rate, as defined in the Indenture, is currently 166.11296 shares of Globalstar's common stock per \$1,000 principal amount of Securities.

Also in accordance with the terms of the Securities, each holder of record of the Securities as of March 15, 2013 is entitled to receive payment on April 1, 2013 of the regularly scheduled interest payment for interest accrued up to, but not including, the Purchase Date, whether or not the holder surrenders any Securities pursuant to the Put Offer. Unless the Company defaults in making payment of the Put Right Purchase Price for Securities that have been validly surrendered, interest on tendered securities will cease to accrue on and after the Repurchase Date.

The opportunity to surrender Securities for purchase pursuant to the Put Option will commence on Monday, March 4, 2013, and will terminate at 5:00 p.m., New York City time, on the Expiration Date. Holders may withdraw any Securities previously surrendered for purchase at any time prior to 5:00 p.m., New York City time, on Friday, March 29, 2013. Securities surrendered pursuant to the Put Option may only be converted into shares of Globalstar common stock if they are validly withdrawn before Friday, March 29, 2013.

In order to withdraw surrendered Securities, a Holder must deliver, or cause to be delivered, a valid withdrawal request through the Automated Tender Offer Program system from the tendering DTC participant before 5:00 p.m., New York City time, on March 29, 2013. The withdrawal notice must:

- specify the DTC Voluntary Offer Instruction Number, the name of the participant for whose account the Securities were tendered and the participant's account number at DTC to be credited with the withdrawn Securities;

- contain a description of the Securities to be withdrawn (including the principal amount to be withdrawn); and

- be submitted through the DTC PTS system by the participant under the same name as the participant's name is listed in the original tender, or be accompanied by evidence satisfactory to the Company that the person withdrawing the tender has succeeded to the beneficial ownership of the Securities.

The address of the Paying Agent is 425 Walnut Street, CN-OH-W6CT, Cincinnati, OH 45202. The Paying Agent is also the Conversion Agent.

Globalstar will file a Tender Offer Statement on Schedule TO, which shall include the Purchase Offer related to the Put Option, with the Securities and Exchange Commission (the "SEC") later today. In addition, documents specifying the terms, conditions and procedures for surrendering and withdrawing Securities for purchase will be available through the Paying Agent. Neither Globalstar nor its board of directors or employees have made or are making any representation or recommendation as to whether or not any holder should surrender any Securities.

This press release is for informational purposes only and is not an offer to purchase, or the solicitation of an offer to purchase, the Securities. The offer is being made pursuant to the Tender Offer Statement, including the Purchase Offer, which Globalstar is distributing to holders of the Securities. Holders are strongly advised to read the Tender Offer Statement and Purchase Offer filed by the Company with the SEC because they contain important information. These documents are available at no charge at the SEC's website at <http://www.sec.gov>. The repurchase offer is not being made to holders of the Securities in any jurisdiction in which the making or acceptance thereof would not be in compliance with the securities, blue sky or other laws of such jurisdiction.
