Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 7.01 Regulation FD Disclosure

On February 10, 2015, Stoneridge, Inc. (the “Company”) issued a press release announcing its participation in the 30th Annual BB&T Capital Markets Transportation Services Conference with a Company presentation at 7:45 a.m. Eastern Standard Time on Wednesday, February 11, 2015. A copy of the press release is attached as Exhibit 99.1. The presentation material is furnished herewith as Exhibit 99.2 and will be posted to the “Investors/Webcasts & Presentations” section of the Company’s website (www.stoneridge.com) on Tuesday, February 10, 2015.

This information shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

Non-GAAP Financial Measures

The presentation contains certain non-generally accepted accounting principles (GAAP) financial measures, Adjusted EBITDA and free cash flow from continuing operations, which are used in Exhibit 99.2. The Company’s Regulation G information is provided on the “Investors/Regulation G Information” section of the Company’s website.

Management believes that presentation of the non-GAAP financial measures used in the presentation are useful to both management and investors in their analysis of the Company’s financial position, results of operations and expected results of operations. Management believes that Adjusted EBITDA from continuing operations, when viewed with the Company’s results under GAAP and the accompanying reconciliation, provides useful information about operating performance of its continuing operations. However, Adjusted EBITDA from continuing operations is not a measure of financial performance or liquidity under GAAP and, accordingly, should not be considered as an alternative to net income or cash flow from operating activities as indicators of operating performance or liquidity. Management believes that free cash flow from continuing operations is useful in analyzing the Company’s ability to service and repay debt. Management also believes that investors should have available the same information that management uses to assess operating performance. These non-GAAP measures, however, should not be considered in isolation or as a substitute for the most comparable GAAP measures. Investors are cautioned that non-GAAP financial measures utilized by the Company may not be comparable to non-GAAP financial measures used by other companies.
