Item 8.01 Other Events.

On November 17, 2016, we entered into an underwriting agreement with Roth Capital Partners, LLC, as representatives of the several underwriters named therein, relating to the issuance and sale of 5,335,000 shares of our common stock and warrants to purchase up to an aggregate of 5,335,000 shares of common stock in an underwritten public offering. Each share of common stock is being sold together with a warrant to purchase one share of common stock at a combined price to the public of \$0.75 per share and accompanying warrant. The warrants will be immediately exercisable at a price of \$0.75 per share of common stock, subject to adjustment in certain circumstances, and will expire five years from the date of issuance. The shares of common stock and warrants will be issued separately and will be immediately separable upon issuance. The offering is expected to close on or about November 22, 2016, subject to customary closing conditions. We issued a press release announcing the pricing of the offering on November 17, 2016, which is attached hereto as Exhibit 99.1.

The net proceeds to us from the offering are expected to be approximately \$3.8 million, after deducting underwriting discounts and commissions and before deducting other offering expenses payable by us, and excluding any proceeds that may be received upon exercise of the warrants. We anticipate using the net proceeds from the offering for general corporate purposes, including manufacturing expenses, clinical trial expenses, research and development expenses and general and administrative expenses.

A registration statement relating to these securities was declared effective by the Securities and Exchange Commission ("SEC") on November 16, 2016. The offering is being made only by means of a prospectus forming a part of the effective registration statement.

The foregoing description of the warrants is not complete and is qualified in its entirety by reference to the full text of the form of warrant, a copy of which is attached to this report as Exhibit 4.1.

The disclosures in this report and in the attached press release shall not constitute an offer to sell or a solicitation of an offer to buy the securities described herein, nor shall there be any sale of these securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state or other jurisdiction.
